

The Texas Education Agency (TEA) withdraws new §§103.1401, 103.1403, 103.1405, 103.1407, and 103.1409, concerning the safe and supportive school program (SSSP) and trauma-informed care policy and training. The new rules were published as proposed in the September 11, 2020 issue of the *Texas Register* (45 TexReg 6305). The proposed new subchapter would have implemented Senate Bill (SB) 11, 86th Texas Legislature, 2019, by establishing rules for an SSSP and trauma-informed care.

In seeking to better align the SSSP and trauma-informed care policy and training rules with other agency strategic priorities, TEA is withdrawing the current version of the rules and will repropose them at a future date.
