

The State Board of Education (SBOE) proposes the repeal of §§115.1-115.7, 115.21-115.23, and 115.31-115.33, concerning Texas Essential Knowledge and Skills (TEKS) for health education. The proposed repeals would remove the TEKS for Kindergarten-Grade 12 health education and related implementation language that will be superseded by 19 TAC §§115.11-115.17, 115.25-115.28, and 115.37-115.40 beginning with the 2022-2023 school year.

BACKGROUND INFORMATION AND JUSTIFICATION: In accordance with statutory requirements that the SBOE by rule identify the essential knowledge and skills of each subject in the required curriculum, the SBOE follows a board-approved cycle to review and revise the essential knowledge and skills for each subject.

At the November 2020 SBOE meeting, the board approved for second reading and final adoption proposed new §§115.11-115.17, 115.25-115.28, and 115.37-115.40 to be implemented beginning in the 2022-2023 school year.

The proposed repeals would remove sections that will be superseded by §§115.11-115.17, 115.25-115.28, and 115.37-115.40 effective August 1, 2022.

The SBOE approved the proposed repeals for first reading and filing authorization at its April 8, 2022 meeting.

FISCAL IMPACT: Monica Martinez, associate commissioner for standards and programs, has determined that for the first five years the proposal is in effect, there are no additional costs to state or local government required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis specified in Texas Government Code, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

GOVERNMENT GROWTH IMPACT: Texas Education Agency (TEA) staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would repeal existing regulations by removing health education TEKS that will be superseded by a newly adopted set of TEKS.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand or limit an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: Ms. Martinez has determined that for each year of the first five years the proposal is in effect, the public benefit anticipated as a result of enforcing the proposal would be removing the TEKS for Kindergarten-Grade 12 health education and related implementation language that will be superseded by §§115.11-115.17, 115.25-115.28, and 115.37-115.40 beginning with the 2022-2023 school year. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.
