

The Texas Education Agency (TEA) proposes amendments to §§150.1012, 150.1013, and 150.1014, concerning teacher appraisal. The proposed amendments would update the requirements for a district's local designation system, establish fees and requirements for a district's local designation system renewal, and update the teacher designation performance standards.

BACKGROUND INFORMATION AND JUSTIFICATION: Texas Education Code (TEC), §21.3521, establishes a local optional teacher designation system, and TEC, §48.112, establishes a teacher incentive allotment. Section 150.1012 implements the statutes by establishing the requirements for school districts and charter schools to implement local teacher designation systems. Section 150.1013 implements the statutes by establishing designation requirements for National Board teachers. Section 150.1014 implements the statutes by specifying performance standards for teacher designations.

Following is a description of the proposed amendment to §150.1012.

The proposed amendment to §150.1012(a)(2)(B) would establish the fee required for district local designation system renewal. This change would provide clarity to districts on the fee associated with local designation system renewal.

The proposed amendment to §150.1012(b)(1)(D) would remove a canceled certificate as a reason a teacher cannot be designated under an approved local optional teacher designation system and would add permanent surrender as a reason a teacher cannot be designated. This change would align with the other sanctions in rule that invalidate a certification based on disciplinary action.

The proposed new figure in §150.1012(c)(1)(C) would describe the referenced statutorily based framework. This change would clarify what is required for approval each year.

The proposed amendment to §150.1012(e) would replace program evaluation with program submission. This change would align language with the expectations of local designation systems.

Proposed new language in §150.1012(f)(1) would establish the requirements for local designation system renewal approval. This change would clarify when a renewal application is required, the process to be used, and how many applications must be submitted for entities with multiples systems.

The proposed amendment to §150.1012(f)(2)(B) would replace program evaluation with program submission. This change would align language with the expectations of local designation systems.

The proposed amendment to §150.1012(f)(3)(D) would remove a canceled certificate as a reason a teacher cannot be designated and adds permanent surrender as a reason a teacher cannot be designated. This change would align with the other sanctions in rule that invalidate a certification based on disciplinary action.

The proposed amendment to §150.1012(g)(2) would clarify that reimbursed fees pursuant to §150.1012(a)(2) shall be paid in full from the district to the charter partner. This change would ensure that fees are reimbursed in full.

Following is a description of the proposed amendment to §150.1013.

The proposed amendment to §150.1013(b)(1)(C) would remove a canceled certificate as a reason a teacher cannot be designated and would add permanent surrender as a reason a teacher cannot be designated. This change would align with the other sanctions in rule that invalidate a certification based on disciplinary action.

Following is a description of the proposed amendment to §150.1014.

The proposed amendment to §150.1014(b) would clarify performance standards to be used through the 2022-2023 school year. This change would clarify the performance standards that can be used to guide districts in submitting designations.

Proposed new §150.1014(c) would establish the performance standards to be used starting with the 2023-2024 school year. This change would clarify the performance standards that can be used to guide districts in submitting designations.

FISCAL IMPACT: Andrew Hodge, associate commissioner for system innovation, has determined there are no additional costs to state or local government, including school districts and open-enrollment charter schools, required to comply with the proposal beyond what the authorizing statute allows. As permitted by TEC, §21.3521, proposed new §150.1012(a)(2)(B) would establish a fee for a school district requesting renewal of its local optional teacher designation system.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis, specified in Texas Government Code, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: Proposed new §150.1012(a)(2) would impose fees on a school district requesting renewal of its local optional teacher designation system. However, in accordance with TEC, §21.3521(i), the proposed fees are not subject to Texas Government Code, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

GOVERNMENT GROWTH IMPACT: TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would expand existing regulations by implementing the statutory requirements of TEC, §21.3521 and §48.112, regarding local optional teacher designation systems. In addition, the proposed amendment to §150.1012 would establish fees for a school district requesting renewal of a local optional teacher designation system. However, in accordance with TEC, §21.3521(i), the proposed fees are not subject to Texas Government Code, §2001.0221.

The proposed rulemaking would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not limit or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: Mr. Hodge has determined that for each year of the first five years the proposal is in effect, the public benefit anticipated as a result of enforcing the proposal would be to ensure that rule language is based on current law and provide school districts and open-enrollment charter schools with clear processes and requirements to implement a local optional teacher designation system. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no data and reporting impact.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins December 16, 2022, and ends January 23, 2023. A request for a public hearing on the proposal submitted under the Administrative Procedure Act must be received by the commissioner of education not more than 14 calendar days after notice of the proposal has been published in the Texas Register on December 16, 2022. A form for submitting public comments is available on the TEA website at [https://tea.texas.gov/About_TEA/Laws_and_Rules/Commissioner_Rules_\(TAC\)/Proposed_Commissioner_of_Education_Rules/](https://tea.texas.gov/About_TEA/Laws_and_Rules/Commissioner_Rules_(TAC)/Proposed_Commissioner_of_Education_Rules/).

STATUTORY AUTHORITY. The amendments are proposed under Texas Education Code (TEC), §21.3521, as amended by House Bill (HB) 1525, 87th Texas Legislature, Regular Session, 2021, which specifies that the commissioner of education (1) shall ensure that local optional teacher designation systems meet the statutory requirements for the system; (2) shall prioritize high needs campuses; (3) shall enter into a memorandum of understanding with Texas Tech University regarding the assessment of local iterations of the local optional teacher designation system; (4) shall periodically conduct evaluations of the effectiveness of the local optional teacher designation system; (5) may adopt fees, which are exempted from the requirements of Texas Government Code, §2001.0045 and §2001.0221, to implement the local optional teacher designation system; and (6) may adopt rules to implement the local optional teacher designation system; and TEC, §48.112, as amended by HB 1525, 87th Texas Legislature, Regular Session, 2021, which requires the commissioner (1) to designate rural campuses and annually make available to the public a list of campuses with projected allotment amounts per teacher designation at each campus; and (2) assign an average point value to a student enrolled in the Texas School for the Deaf and the Texas School for the Blind and Visually Impaired.

CROSS REFERENCE TO STATUTE. The amendments implement Texas Education Code, §21.3521 and §48.112, as amended by House Bill 1525, 87th Texas Legislature, Regular Session, 2021.
