Introduction

This Handbook is intended to assist LEAs in completing the 2022-2023 Random Validation process for the **USCO Policy**.

Although this document has been prepared for use by those LEAs that are selected to participate in the 2022-2023 Random Validation, LEAs that are not selected may still find the Handbooks useful as tools for conducting a self-check, to ascertain their own compliance status and to determine where improvements may be made.

The Handbooks are available on the Federal Program Compliance Division's web page under "Division Resources."

Unsafe School Choice Option (USCO) Random Validation Selected Requirement

ESSA Statutory	USCO Policy		
Requirement			
ESSA Statutory Citation and Language	(Section 8532) Each State receiving funds under this Act shall establish and implement a statewide policy requiring that a student attending a persistently dangerous public elementary school, as determined by the State in consultation with a representative sample of local educational agencies, or who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary school or secondary school that the student attends, be allowed to attend a safe public elementary school or secondary school within the local educational agency, including a public charter school.		
ESSA Program-Specific Provisions & Assurances	ESSA Provisions and Assurance, Item R The local educational agency certifies that it shall establish and implement a policy requiring that a student attending a persistently dangerous public elementary school or secondary school, as determined by TEA, or who becomes a victim of a violent criminal offense, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school [Section 8532].		
Compliance Report Program Compliance Self-Check Item	Program Coordination/Integration (1) The LEA, as a condition of receiving funds under the Every Student Succeeds Act, established and implements a policy requiring that: • a student attending a persistently dangerous public elementary school or secondary school (as determined by the Texas Education Agency), or;		

 a student who becomes a victim of a violent criminal offense, while in or on the grounds of a public elementary or secondary school that the student attends,

is offered and allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school.

Program Coordination/Integration (2)

The LEA notifies parents that their student(s) may transfer and attend a safe public elementary or secondary school within the local educational agency, including a public charter school, for:

- Students who are enrolled in a persistently dangerous school (Notification is made within 14 calendar days of the start of the school year.)
- Students who are victims of a violent criminal act (Notification is made within 14 calendar days of the incident.) [Section 8532]

If not applicable, the LEA assures that the following reason applies: The LEA had no campuses identified as Persistently Dangerous schools and the LEA had no students who were victims of a violent crime.

Documenting overall compliance for a program requirement may require several forms of documentation to be maintained locally and available upon request by TEA and/or an auditor. To ensure overall compliance with program requirements, LEAs should refer to the Program Guide and/or other program-related resources that reference the multiple forms of documentation required to be maintained locally. The documentation requested for submission during the random validation process may not include all forms of documentation that are required to be maintained locally.

Please include the following selected documentation referenced in the table below in order to demonstrate compliance with the program requirement described above. TEA will utilize the following table to determine if the LEA submitted sufficient documentation to support LEA compliance. LEAs that submit sufficient documentation to support LEA compliance will be assigned a "Met Requirement" status for the requirement. LEAs that submit insufficient documentation will be assigned an "Improvement Needed" status for the requirement. LEAs with an "Improvement Needed" status will be provided technical assistance by their regional education service center (ESC). These LEAs will be required to resubmit documentation for the 2023–2024 school year by September 29, 2023, to ensure the program requirements are implemented correctly.
