- M. **Capital Outlay:** If Contractor purchases capital outlay (furniture and/or equipment) to accomplish the Contract Project, title will remain with Contractor for the period of the Contract. This provision applies to any and all furniture and/or equipment regardless of unit price and how the item is classified in Contractor's accounting record. This provision is applicable when federal funds are utilized for the Contract.

Contractor authorizes the TEA to submit any information contained in the Contract, provided under the Contract, or otherwise requested to be disclosed, including information Contractor has labeled as confidential proprietary information, to the Office of the Attorney General for a determination as to whether any such information may be exempt from public disclosure under the Act. If the TEA does not have a good faith belief that information may be subject to an exception to disclosure, the TEA is not obligating itself by this Contract to submit the information to the Attorney General. It shall be the responsibility of the Contractor to make any legal argument to the Attorney General or appropriate court of law regarding the exception of the information in question from disclosure. This protest procedure shall be the exclusive method by which anyone may make a challenge to any aspect of the Agency's contracting process. The Agency will not be required to consider the merits of any protest unless the written protest is submitted within ten (10) working days after such aggrieved person knows, or reasonably should have known, of the occurrence of the action which is protested. The protest document must meet with all requirements in applicable law and Agency's rules (Title 19 of the Texas Administrative Code, at § 30.2002) <http://ritter.tea.state.tx.us/rules/tac/index.html>.
- If the protest procedure results in a final determination by the Agency that a violation of law has occurred in its contracting process in a case in which a contract has been awarded, then the Agency may declare the contract void at inception. In that event, the party who had been awarded the contract shall have no rights under the contract and no remedies under the law against the Agency.

- II. **Felony Criminal Convictions:** Contractor represents and warrants that Contractor has not and Contractor's employees assigned to TEA projects have not been convicted of a felony criminal offense, or that, if such a conviction has occurred, Contractor has fully advised TEA as to the facts and circumstances surrounding the conviction.

This requirement applies to all individuals who currently serve or will serve in Agency assignments that have the possibility of direct contact with students. Assignments are contingent upon meeting Agency eligibility standards. Contractor and/or any staff member of Contractor who may perform services under this contract must complete this criminal history review before the beginning of an assignment. If said individuals have not completed this requirement or the review results in a determination that Contractor is not eligible for assignment, this contract will be terminated effective immediately or the date of notice of non-eligibility, whichever is earliest.
- KK. **Assignment of Contract:** This Contract may not be assigned, sold, or transferred without the express written consent of the TEA Purchasing and Contracts Division. An attempted assignment after Contract award without the TEA approval will constitute a material breach of contract.
- LL. **Buy Texas:** In accordance with Government Code, Section 2155.444, the State of Texas requires that during the performance of a contract for services, Contractor shall purchase products and materials produced in the State of Texas when available at a price and time comparable to products and materials produced outside the state. This provision does not apply if Contractor receives any federal funds under this Contract.
- MM. **Excluded Parties List System:** The Texas Education Agency and the contractor must adhere to the directions provided in the President's Executive Order (EO) 13224, Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism. That Executive Order prohibits any transaction or dealing by United States persons, including but not limited to the making or receiving of any contribution of funds, goods, or services to or for the benefit of those persons listed in the General Services Administration's Excluded Parties List System (EPLS) which may be viewed on the System for Award Management (SAM) site at <http://www.Sam.gov>.

NN. Suspension and Debarment: Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntary excluded from participation in this transaction by any federal, state or local government entity and that Contractor is in compliance with the State of Texas statutes and rules relating to procurement. If Contractor is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this contract.

OO. Electronic and Information Resources Accessibility Standards: Effective September 1, 2006, state agencies and institutions of higher education shall procure products which comply with the State of Texas Accessibility requirements for Electronic Information Resources specified in 1TAC Chapter 213 when such products are available in the commercial marketplace or when such products are developed in response to a procurement solicitation.

Section 508 of the US Rehabilitation Act of 1973 is in the final stages of revision and most likely will be adopted sometime in FY 2014. Therefore, all current and potential Contractors are hereby notified of the requirement. The current technical requirements for accessibility contained within this regulation form the basis for our Texas TAC rules on EIR Accessibility. Website: www.section508.gov/

This refresh of 508 will be using the [WCAG 2.0 AA Accessibility Guidelines](#) (also ISO/IEC standard 40500) as the new technical standard that Federal agencies will be required to meet when procuring products and services. Once the 508 refresh is adopted, DIR will be modifying the TAC rules to synchronize with it.

Given this coming change, all Texas agencies and institutions of higher education should begin using or specifying WCAG 2.0 AA guidelines for the design of new websites or web applications. The rationale is twofold:

- 1 It could be technically difficult and expensive to bring these websites / applications to WCAG 2.0 AA later.
2. WG 2.0 AA is a superior, more flexible standard and is in use all over the world. If a website is compliant with WCAG 2.0 AA, it will, by default comply with our current TAC rules on EIR Accessibility.

Web development vendors should already be familiar with designing to this standard, and their ability to meet these standards should be a strong consideration in the selection process.

The free online resources listed below are available to assist developers and content producers in transitioning to these guidelines.

Any such investigations shall be at the sole discretion of TEA, and any negative findings, as determined by TEA, may result in non-award to the Respondent.

Termination is not an exclusive remedy, but will be in addition to any other rights and remedies provided in equity, by law or under the Contract.

TEA may exercise any other right, remedy or privilege which may be available to it under applicable law of the state and any other applicable law or may proceed by appropriate court action to enforce the provisions of the Contract, or to recover damages for the breach of any agreement being derived from the Contract. The exercise of any of the foregoing remedies will not constitute a termination of the Contract unless TEA notifies the Contractor in writing prior to the exercise of such remedy.

The Contractor shall remain liable for all covenants and indemnities under the Contract. The Contractor shall be liable for all costs and expenses, including court costs, incurred by TEA with respect to the enforcement of any of the remedies listed herein.

1. Payment for service(s) described in this Contract is contingent upon satisfactory completion of the **Deliverables and Services Review and Acceptance Process**. The contractor must submit final deliverables to TEA for review and approval prior to invoicing. These include test items developed under the contract. "Final" deliverable means a deliverable that, in the belief and testimony of the contractor, is in final completed form and in compliance with all required specifications as defined by project documentation and this

contract. TEA will review each deliverable, including test items, submitted by the contractor for quality and alignment to the deliverable definition agreed to under the "Deliverables and Services Definition Process". TEA will have 15 working days to approve a deliverable or request revisions to the deliverable. TEA must review and approve any deliverable before it may be invoiced by the contractor. If TEA finds a submitted deliverable to be substandard or not in compliance with the deliverable definition agreed to under the "Deliverables and Services Definition Process", the contractor will have 10 working days to address the quality or other compliance requirement and resubmit the deliverable. Additional costs incurred by the contractor that result from repeated submissions and revising of substandard deliverables will be borne solely by the contractor and not charged against the contract or to TEA. This process will apply to all deliverables and requirements of the contract, including test items developed. This does not preclude an arrangement that allows the contractor to bill against a deliverable as progress is made toward completing that deliverable, so long as documentation of such progress in a form and nature satisfactory to TEA is provided and is approved by TEA. It is up to the contractor to request incremental billing based on progress towards a deliverable, and such a request must be approved by TEA prior to submission of any invoice by the contractor. TEA reserves the right to reject and not provide payment for deliverables found to be substandard or not in compliance with the deliverable definition agreed to under the "Deliverables and Services Definition Process", including test items developed under the contract. The contractor is strongly encouraged to collaborate with TEA on draft versions of any deliverables or services and request review(s) of such draft versions before submitting a final version.

Include the contract number, purchase order number, and the Texas Comptroller of Public Accounts Texas Identification Number (TIN) on all invoices/expenditure reports. The cost categories provided in the expenditure report/invoice must coincide with the cost categories detailed in the approved budget. The final expenditure report/invoice is due within forty-five days after the end of the Contract. Payment on the final expenditure report is contingent upon receipt of all reports/products required by this Contract.
4. An encumbrance, accounts payable, and expenditure, as with all other contract accounting terms, will be as defined in the *Financial Accounting and Reporting Module of the TEA Financial Accountability System Resource Guide*. All goods must have been received and all services rendered by the ending date of this Contract in order for Contractor to include these costs as either expenditures or as accounts payable and, thereby, recover funds due. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures.
5. Contractor who is indebted or owes delinquent taxes to the state will have any payments under the contract applied toward the debt or delinquent taxes owed the state until the amount is paid in full, regardless of when the debt or delinquency was incurred. TEA shall determine whether a payment law prohibits the Comptroller from issuing a warrant or initiating an electronic funds transfer to a person before TEA enters into a written contract with that person.
