You will need to complete the following activities:

1. Register for the MyNAEP website (now).

MyNAEP provides you with all of the information your school needs to participate in NAEP, including information about what to expect at each stage. Multiple school staff members may register to access the site, but only school coordinators and principals will have full access. Register at www.mynaep.com by entering your school’s assigned registration ID. For detailed instructions on how to register, see page 3.

2. Complete and submit school information (August–September).

Go to the Provide School Information section to enter and submit your school’s contact information and characteristics, including your school’s name, address, and the number of students enrolled in the selected age group. Providing up-to-date information about your school ensures that materials can be accurately prepared for the assessment.

3. Prepare and submit a student list (if requested, September, November, or January).

NAEP requires a complete list of students in the selected age group. NAEP uses the list to draw a random sample of students who will participate in the assessment and to collect demographic information. The Submit Student List section will appear for schools that need to prepare and upload this list in the fall. Individual student names, responses, and scores on NAEP are never reported. All of the information provided by participants may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151).

4. Complete the tasks listed within the Prepare for Assessment menu (one to three months before the assessment).

The NAEP representative responsible for administering NAEP in your school will contact you to schedule a preassessment review call and discuss how to complete the following tasks listed under the Prepare for Assessment menu:

Review student information and prepare for the assessment of students with disabilities and English language learners (SD/ELL).

Visit the Review and Verify List of Students Selected for NAEP section to review the student sample and identify any students who cannot take the assessment. You will also need to review demographic information and provide updates in case any information is missing or inaccurate. To ensure that NAEP reflects the educational progress of all students, you will need to submit information in the Complete SD/ELL Student Information section about how SD/ELL students will participate in the assessment and the accommodations they will receive.

Inform parents/guardians of student participation.

By law, parents/guardians of students selected to participate in NAEP must be notified in writing of their child’s selection prior to the administration of the assessment. An electronic copy of the Parent/Guardian Notification Letter is available in the Notify Parents section to download, print, and distribute.

Plan assessment day logistics.

Assessment day details, including the location(s) and start time(s) of the assessment, and how students and teachers will be notified, need to be entered via the Plan for Assessment Day section.

Promote the importance of NAEP with school staff and students.

Teachers are essential for motivating students to do their best on NAEP. Students selected to take NAEP represent hundreds of students across the country, so it is vital that they participate and do their best. Online resources, short videos, and strategies for promoting NAEP are all available in the Encourage Participation section.

The NAEP representative will contact you for the preassessment review call to confirm information entered into MyNAEP. Be sure to finish all Prepare for Assessment menu tasks before the call to prevent multiple calls or rescheduling.

5. Support Assessment Activities (one week before the assessment).

Prior to the assessment day, you need to remind teachers and students about the assessment and ensure that students attend their session. Appointment cards can be created and printed from the Support Assessment Activities section. You and the teachers of selected students are encouraged to remain in the room during the assessment. If attendance of sampled students is less than 90 percent, a makeup session will be necessary, and the NAEP representative will schedule another date to administer the assessment to the students who were absent.

6. Wrap Up (after the assessment).

Please safeguard all materials until the date noted on the NAEP storage envelope. On that date, please confirm that all materials have been shredded.
How to Register and Access MyNAEP
