| August - September | - Superintendent identifies District Coordinator of School Improvement (DCSI)  
- DCSI and Principal establish Campus Leadership Team (CLT)  
- DCSI holds public meeting(s) at the campus to discuss campus performance and campus performance objectives  
- DCSI and Principal may attend Effective Schools Framework (ESF) Overview training at ESC but not required  
- **DCSI and relevant stakeholders engage in planning activities and develop ESF-aligned Targeted Improvement Plan (TIP)**  
- DCSI holds public meeting to solicit input on TIP for 2019-2020 school year  
- **DCSI, Principal and CLT oversee optional STAAR interim assessment at campus (assessment window opportunity 1: August through March, optimal November)**  
- DCSI and relevant stakeholders engage in planning activities and develop ESF-aligned Targeted Improvement Plan (TIP)  
- DCSI holds public meeting to solicit input on TIP for 2019-2020 school year  
- DCSI, Principal and CLT oversee optional STAAR interim assessment at campus (assessment window opportunity 1: August through March, optimal November) | - Superintendent uploads DCSI name and attestation statement in ISAM by August 30                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| October        | - DCSI and CLT collect evidence of fidelity of implementation and progress                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                 |
| November       | - **DCSI and CLT collect evidence of fidelity of implementation and progress and update TIP**  
- DCSI takes TIP to School Board for approval  
- **DCSI, Principal and CLT oversee optional STAAR interim assessment at campus (assessment window opportunity 2: November through March, optimal February)**  
- DCSI and CLT collect evidence of fidelity of implementation and progress  
- DCSI, Principal and CLT oversee optional STAAR interim assessment at campus (assessment window opportunity 2: November through March, optimal February) | - TEA may request submission (random sampling)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| December - January | - DCSI and CLT collect evidence of fidelity of implementation and progress                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                 |
| February       | - **DCSI and CLT collect evidence of fidelity of implementation and progress and update TIP**  
- DCSI and Principal collect evidence of fidelity of implementation and progress                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | - TEA may request submission (random sampling)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| March - April  | - DCSI and Principal collect evidence of fidelity of implementation and progress                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                                                                                 |
| May - June     | - **DCSI and CLT collect evidence of fidelity of implementation and progress and update TIP**  
- DCSI and Principal collect evidence of fidelity of implementation and progress                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | - TEA may request submission (random sampling)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

* Campuses that are also identified in the Federal Accountability rating as Comprehensive Support, must also engage in an ESF Diagnostic. The DCSI will need to contact the Education Service Center for additional information.
