

# TRAIN AND PREPARE STUDENTS TO BECOME CUTTING-EDGE SCIENTISTS

## CHEMISTRY TEACHER

### What does a chemistry teacher do?

- Helps students develop problem-solving and critical-thinking skills
- Designs and supervises hands-on laboratory activities
- Uses expert scientific knowledge to guide students to mastery
- Shows patience, compassion, and respect for diversity

### Interested? Here are the next steps:

- Interview your campus chemistry teacher to learn more about a career in education.
- Talk to your counselor about signing up for Education and Training classes.
- Get hands-on experience in real classrooms with real students.
- Find out if this is the right career path for you.
