**Introduction** .................................................................................................................................................................................. 1

**HB 3** ................................................................................................................................................................................................................. 2
Relating to public school finance and public education.

**HB 18** ........................................................................................................................................................................................................... 9
Relating to consideration of the mental health of public school students in training requirements for certain school employees, curriculum requirements, counseling programs, educational programs.

**HB 19** ....................................................................................................................................................................................................... 16
Relating to mental health and substance use resources for certain school districts.

**HB 41** ........................................................................................................................................................................................................ 18
Relating to paid leave for a state employee who is a search and rescue volunteer.

**HB 65** ........................................................................................................................................................................................................ 19
Relating to reporting information regarding public school disciplinary actions.

**HB 76** ....................................................................................................................................................................................................... 20
Relating to cardiac assessments of high school participants in extracurricular athletic activities sponsored or sanctioned by the University Interscholastic League.

**HB 111** .................................................................................................................................................................................................... 22
Relating to training for employees of school districts and open-enrollment charter schools on the prevention of sexual abuse, sex trafficking, and other maltreatment of certain children.

**HB 114** ..................................................................................................................................................................................................... 23
Relating to providing public high school students information regarding the availability of college credit awarded for military experience, education, and training obtained during military service.

**HB 165** ..................................................................................................................................................................................................... 24
Relating to providing for endorsements for public high school students enrolled in special education programs.

**HB 293** ..................................................................................................................................................................................................... 25
Relating to investment training requirements for school district and municipal financial officers.

**HB 305** ..................................................................................................................................................................................................... 26
Relating to the requirement that a state agency or political subdivision with authority to impose a tax post certain information on an Internet website.

**HB 330** ..................................................................................................................................................................................................... 27
Relating to excluding certain students from the computation of dropout and completion rates for purposes of public school accountability.

**HB 391** ..................................................................................................................................................................................................... 28
Relating to student access to public school instructional materials and technology.

**HB 396** ..................................................................................................................................................................................................... 29
Relating to acceptable uses of the instructional materials and technology fund and the instructional materials and technology allotment.

**HB 403** ..................................................................................................................................................................................................... 30
Relating to training requirements for a member of the board of trustees and the superintendent of an independent school district regarding sexual abuse, human trafficking, and other maltreatment of children.

**HB 440** ..................................................................................................................................................................................................... 31
Relating to general obligation bonds issued by political subdivisions.
HB 446 Relating to the criminal consequences of engaging in certain conduct with respect to certain instruments designed, made, or adapted for use in striking a person. 33

HB 477 Relating to the notice required before the issuance of certain debt obligations by political subdivisions. 34

HB 496 Relating to traumatic injury response protocol and the use of bleeding control stations in public schools. 36

HB 548 Relating to reporting certain truancy information through the Public Education Information Management System. 39

HB 638 Relating to the issuance of posthumous high school diplomas to certain students. 42

HB 674 Relating to soliciting from school districts served by a regional education service center certain information in conjunction with the annual evaluation of the center. 43

HB 678 Relating to the public high school graduation credit requirements for a language other than English. 44

HB 680 Relating to the evaluation of and improvements to the quality of the Texas Workforce Commission's subsidized childcare program. 45

HB 684 Relating to training requirements for public school nurses and certain other school personnel regarding seizure recognition and related first aid. 49

HB 692 Relating to the suspension of a student who is homeless from public school. 51

HB 706 Relating to the eligibility of certain children with hearing impairments for audiology services under the school health and related services program. 52

HB 793 Relating to certain government contracts with companies that boycott Israel. 53

HB 811 Relating to determining appropriate disciplinary action to be taken against a public school student who is in foster care or who is homeless. 54

HB 906 Relating to the establishment of a collaborative task force to study certain public school mental health services. 55

HB 961 Relating to the membership and training course requirements of school district and open-enrollment charter school concussion oversight teams. 58

HB 963 Relating to the career and technology education and technology applications allotment and the essential knowledge and skills of the career and technology education and technology applications curriculums. 59

HB 965 Relating to updating references to certain former health services state agencies and certain terms used to describe persons with intellectual or developmental disabilities in the Education Code. 60
HB 982
Relating to the administration of "pay for success" contracts for state agencies.

HB 1026
Relating to instruction in positive character traits in public schools.

HB 1051
Relating to an adult education program provided under an adult high school diploma and industry certification charter school program, eligibility of certain students for Foundation School Program benefits.

HB 1064
Relating to designating May 4 as Texas Firefighters Day.

HB 1143
Relating to the transportation or storage of a handgun or other firearm or ammunition by a handgun license holder in a school parking area.

HB 1244
Relating to including a civics test in the graduation requirements for public high school students and to eliminating the United States history end-of-course assessment instrument.

HB 1387
Relating to the number of school marshals that may be appointed to serve on a public school campus or at a private school.

HB 1597
Relating to establishing residency for purposes of admission into public schools.

HB 1702
Relating to services provided for students at public institutions of higher education who are or were in foster care.

HB 1709
Relating to the appointment of a surrogate parent for certain children in the conservatorship of the Department of Family and Protective Services.

HB 1734
Relating to litigation involving certain defects in school district facilities and enforcement of certain duties following that litigation.

HB 1891
Relating to an exemption from the assessment requirements of the Texas Success Initiative for students who achieve certain scores on certain high school equivalency examinations.

HB 1949
Relating to the criteria for awarding adult education and literacy program performance incentive funds.

HB 2184
Relating to a public school student's transition from an alternative education program to a regular classroom.

HB 2190
Relating to admission of certain students to an open-enrollment charter school in certain counties.

HB 2195
Relating to an active shooter emergency policy for school districts.

HB 2210
Relating to the consideration for public school accountability purposes of certain students receiving residential services in state hospitals.

HB 2243
Relating to the use of prescription asthma medicine on public and private school campuses.
HB 2325. Relating to information and communication of governmental and other entities regarding disasters and health and human services. ..........................................................84

HB 2424. Relating to the creation of a micro-credential certification program for public school educator continuing education. ..........................................................85

HB 2526. Relating to criteria for admission of certain students into public schools. ..........................................................86

HB 2617. Relating to the fiscal year of certain political subdivisions. ..........................................................87

HB 2633. Relating to the consumption, possession, or sale of an alcoholic beverage at a performing arts facility leased to a nonprofit organization by a school district. ..........................................................88

HB 2706. Relating to local government public investment of funds ..........................................................89

HB 2778. Relating to the allocation of expenses of a joint election to certain school districts. ..........................................................90

HB 2783. Relating to the establishment of the Pediatric Acute-Onset Neuropsychiatric Syndrome Advisory Council. ..........................................................91

HB 2813. Relating to the statewide behavioral health coordinating council. ..........................................................92

HB 2840. Relating to the right of a member of the public to address the governing body of a political subdivision at an open meeting of the body. ..........................................................93

HB 2984. Relating to the essential knowledge and skills of the technology applications curriculum. ..........................................................94

HB 3007. Relating to requiring the Texas Education Agency to provide to a school district certain information used in determining academic accountability ratings for the district. ..........................................................96

HB 3011. Relating to requiring the Texas Higher Education Coordinating Board to provide to a school district certain information used in determining academic accountability ratings for the district. ..........................................................97

HB 3012. Relating to requiring the provision of instruction to public school students subject to in-school or out-of-school suspension. ..........................................................98

HB 3145. Relating to the right of a parent appointed as a conservator of a child to attend school activities ..........................................................99

HB 3217. Relating to certain eligibility requirements for issuance of a teaching certificate. ..........................................................100

HB 3435. Relating to establishing and celebrating Texas Girls in STEM Day. ..........................................................101

HB 3630. Relating to prohibiting the use of certain behavioral interventions on students enrolled in public school who receive special education services. ..........................................................102
HB 3650. Relating to an agreement between a school district and public institution of higher education to provide a dual credit program to high school students enrolled in the district.

HB 3834. Relating to the requirement that certain state and local government employees and state contractors complete a cybersecurity training program certified by the state cybersecurity coordinator.

HB 3875. Relating to cloud compatibility of certain state agency information technology purchases.

HB 3884. Relating to dissemination of bacterial meningitis information by school districts.

HB 3906. Relating to the adoption and administration of assessment instruments used to assess the performance of public school students.

HB 4170. Relating to nonsubstantive additions to, revisions of, and corrections in enacted codes, to the nonsubstantive codification or disposition of various laws.

HB 4205. Relating to the conditions under which a closed campus may be repurposed to serve students at that campus location.

HB 4258. Relating to approval by the attorney general of certain bonds financing an educational facility for certain charter schools.

HB 4310. Relating to teacher instructional time.

HB 4342. Relating to the composition of the board of directors of the Texas School Safety Center.

HB 4388. Relating to the management of the permanent school fund by the School Land Board and the State Board of Education.

HB 4611. Relating to certain distributions to the available school fund.

HCR 59. Designating the second week of November as School Psychologist Appreciation Week for a 10-year period beginning in 2019.

HJR 151. Proposing a constitutional amendment allowing increased distributions to the available school fund.

SB 2. Relating to ad valorem taxation.

SB 11. Relating to policies, procedures, and measures for school safety and mental health promotion in public schools.

SB 25. Relating to measures to facilitate the transfer, academic progress, and timely graduation of students in public higher education.

SB 30. Relating to ballot language requirements for a proposition seeking voter approval for the issuance of bonds.
SB 37. Relating to the abolition of student loan default or breach of a student loan repayment or scholarship contract as a ground for nonrenewal of professional license.

SB 38. Relating to the offense of hazing.

SB 54. Relating to the consideration for public school accountability purposes of certain students participating in regional day school programs for the deaf.

SB 64. Relating to cybersecurity for information resources.

SB 65. Relating to state contracting and procurement.

SB 139. Relating to a notice of educational rights and recovery by school districts and open-enrollment charter schools of costs for certain student evaluations.

SB 213. Relating to the use of individual graduation committees and other alternative methods to satisfy certain public high school graduation requirements.

SB 232. Relating to parental notification by a school district regarding high school graduation requirements.

SB 241. Relating to certain required reports received or prepared by state agencies and other governmental entities.

SB 285. Relating to information and outreach regarding hurricane preparedness and mitigation.

SB 372. Relating to the authority of an open-enrollment charter school to employ security personnel, commission peace officers, and have school resource officers.

SB 435. Relating to recommendations by local school health advisory councils regarding opioid addiction and abuse education in public schools.

SB 500. Relating to making supplemental appropriations and reductions in appropriations and prescribing limitations regarding appropriations.

SB 504. Relating to the inclusion of certain information in postsecondary education and career counseling academies developed for certain school counselors and other postsecondary advisors employed by a school district.

SB 522. Relating to the development of an individualized education program for a public school student with a visual impairment.

SB 608. Relating to the continuation and functions of the School Land Board.

SB 619. Relating to the sunset review process and certain governmental entities subject to that process.
SB 668
Relating to data collection, reporting, and notice requirements for certain educational entities.

SB 712
Relating to prohibiting the use of certain behavioral interventions on students enrolled in public school who receive special education services.

SB 781
Relating to the regulation of residential treatment centers.

SB 819
Relating to state agency electronic information and processes.

SB 820
Relating to a requirement that a school district develop and maintain a cybersecurity framework.

SB 869
Relating to guidelines for policies of school districts and open-enrollment charter schools for the care of certain students at risk for anaphylaxis.

SB 944
Relating to the public information law.

SB 1017
Relating to the creation of the advisory council on postsecondary education for persons with intellectual and developmental disabilities.

SB 1055
Relating to the administration by the Texas Workforce Commission of a workforce diploma pilot program.

SB 1200
Relating to the authority of certain military spouses to engage in a business or occupation in this state.

SB 1230
Relating to the reporting of private school educator misconduct.

SB 1231
Relating to providing certain public and private school administrators with information regarding certain child abuse and neglect investigations and allegations.

SB 1276
Relating to an agreement between a school district and public institution of higher education to provide a dual credit program to high school students enrolled in the district.

SB 1306
Relating to requiring a school district to post on the district's Internet website the name and contact information of each school administrator primarily responsible for student discipline at a district campus.

SB 1324
Relating to the filing of a degree plan by students at public institutions of higher education.

SB 1374
Relating to the sequencing of certain required mathematics courses in public schools.

SB 1376
Relating to eliminating certain requirements imposed on school districts and other educational entities.

SB 1451
Relating to the ability of public school teachers to maintain student discipline without being subjected to adverse employment consequences.
SB 1454
Relating to the ownership, sale, lease, and disposition of property and management of assets of an open-enrollment charter school.

SB 1476
Relating to the requirement for certain administrators of certain educational entities to report certain educator misconduct to the State Board for Educator Certification.

SB 1557
Relating to military-connected students, including providing a designation for certain school district campuses that take actions to assist those students.

SB 1679
Relating to eligibility of certain children for free prekindergarten programs in public schools.

SB 1707
Relating to the duties of school district peace officers, school resource officers, and security personnel.

SB 1746
Relating to the inclusion of certain students as students at risk of dropping out of school.

SB 1828
Relating to Holocaust Remembrance Week in public schools.

SB 2018
Relating to abolishing a dissolution committee established to abolish certain county boards of education or boards of county school trustees and appointing commissioners courts to assume the duties of the dissolution committee.

SB 2073
Relating to a reduction in required days of service for educators in public schools under certain circumstances.

SB 2075
Relating to public school compliance with dyslexia screening and testing requirements.

SB 2117
Relating to state funding and accountability provisions applicable to school district campuses and programs operated under school district and charter partnerships.

SB 2135
Relating to information a law enforcement agency is required to share with a school district about a person who may be a student.

SB 2151
Relating to the Texas Diabetes Council and the state plan for diabetes and obesity treatment and education.

SB 2283
Relating to the eligibility of persons convicted of certain offenses to serve as a member of a board of trustees of a school district.

SB 2293
Relating to the applicability of certain laws to open-enrollment charter schools.

SB 2432
Relating to the mandatory removal of a public school student from the classroom following certain conduct.

Introduction

At the beginning of the 86th Legislative Session, Governor Greg Abbott named school finance reform, property tax relief, and school safety among his emergency items. This declaration set the stage and focus of the 86th Session on public education. Over 1,100 bills were filed affecting school districts, open-enrollment charter schools, and the Texas Education Agency (TEA), including many directly addressing the Governor’s public education priorities.

Among the enacted legislation is House Bill 3 (HB 3), a sweeping and historic school finance bill. The bill provides more money for Texas classrooms, increases teacher compensation, reduces recapture and cuts local property taxes for Texas taxpayers. HB 3 is one of the most transformative Texas education bills in recent history. The bill is the result of months of work beginning with the Texas Commission on Public School Finance and culminating in bipartisan work between the members of the Texas House and Senate.

The Texas Legislature (Legislature) also took action to address the Governor’s priorities by increasing safety and mental health supports in Texas schools through the passage of Senate Bill 11 (SB 11). SB 11 focuses on expanding mental health initiatives, strengthens safety and emergency protocols, and provides funding to districts to increase safety and security on campuses. TEA will work closely with the Texas School Safety Center in implementing SB 11, as well as with other statewide entities, including the regional education service centers (ESCs) and the Health and Human Services Commission.

Though not an emergency item, state assessment reform became a top priority for members of the Legislature leading up to and throughout the 86th Session. With the passage of House Bill 3906 (HB 3906), TEA is now authorized to take important steps to address issues such as test anxiety and long wait times for test results. HB 3906 requires TEA and the State Board of Education to establish a transition plan to implement electronic test administration beginning in 2021 and establishes an integrated formative assessment pilot program. To ensure a strong, continuous feedback loop as these changes are made, HB 3906 establishes an educator advisory committee to support agency implementation.

Including HB 3, SB 11, and HB 3906, TEA has identified 138 bills that were passed by the Legislature and signed by Governor Abbott to include in the Briefing Book on Public Education Legislation (Briefing Book). The Briefing Book includes section-by-section summaries of bills that affect school districts, open-enrollment charter schools, TEA, and the State Board of Education and details relevant amendments made to the Texas Education Code (TEC) and other Texas laws. For questions related to the bills included in the Briefing Book, please contact TEA’s Office of Governmental Relations at govrel@tea.texas.gov or 512-463-9628.
HB 3
Author: Huberty, Dan
Sponsor: Taylor, Larry

Bill Summary: House Bill 3, a sweeping and historic school finance bill, was passed by the 86th Texas Legislature in 2019 and signed by Governor Greg Abbott. The bill can be broken down into four major policy areas:

1. Supports Teachers and Rewards Teacher Excellence
2. Focuses on Learning and Improving Outcomes
3. Increases Funding and Equity
4. Reduces and Reforms Property Taxes and Recapture

The brief summary below highlights the key changes that resulted from the passage of HB 3. For more information and to view TEA’s House Bill 3 in 30 web series, please visit the House Bill 3 Webpage.

SUPPORTS TEACHERS AND REWARDS TEACHER EXCELLENCE

- Basic Allotment (BA) is increased from $5,140 to $6,160, which increases the minimum salary schedule (MSS) between $5,500 - $9,000 per creditable year of service (CYS) (HB 3 Section 1.021, 1A.005)\(^1\)

- Any year the BA is increased, districts must allocate 30% of their year-over-year budget increase toward full-time employee compensation increases - 75% for teachers, counselors, nurses, and librarians (1.021, 1A.005)

  - Districts must report to the Legislature on salary and wage increases for the 2019-2020 school year (5.008) by December 1, 2020

- The increased MSS means the state will pay more for Teachers Retirement System (TRS) contributions for teachers, so districts pay less out of their own budgets.

  - Amends language to specifically require Districts of Innovation (DOI) and charters to pay the TRS state contribution on the amount above MSS (1.062)

- Establishes a Teacher Incentive Allotment with a stated goal of a six-figure salary for teachers and to prioritize high needs areas and rural district campuses (1.031)

  - Districts designate Master, Exemplary, or Recognized teachers for a five-year period if they meet established criteria (2.008)

    - Designations based on T-TESS or alternative local appraisal, given standards adopted by TEA and overseen by Texas Tech University (2.008, 2.007)

    - Automatic designation as Recognized if a teacher is Nationally Board Certified. (2.008)

    - Master Teacher = $12,000 to $32,000; Exemplary Teacher = $6,000 to $18,000; and Recognized Teacher = $3K to $9K—all based on a teacher’s placement in a campus that is rural or that has a higher compensatory education weight. (1.031)

    - Prior Master Teacher certificates have been repealed (2.006; 4.001)

\(^1\) The parenthetical citations indicate the relevant HB 3 bill sections where these amendments are found. Unless otherwise noted, all changes resulting from HB 3 apply for the 2019-2020 school year.
Establishes a Teacher Mentorship program to fund stipends to mentors and other costs associated with mentoring teachers in their first two years (1.031)

- Districts must meet certain quality requirements when implementing their mentoring programs, including training mentors, and the areas of focus for the mentor/mentees including data driven instruction (DDI) practices (2.009)

Further protects students and the integrity of the teaching profession by creating a Do-Not-Hire Registry that ensures non-certified personnel will not work at schools if they have abused a child or had an inappropriate relationship with a minor. This applies to districts, charters, and DOIs (2.001; Article 2A)

FOCUSES ON LEARNING AND IMPROVING STUDENT OUTCOMES

Prioritizing Early Literacy, Including Pre-K

- Requires Boards of Trustees to develop and post early childhood literacy and mathematics proficiency plans that set specific annual goals (2.003, 2.035)

- Requires full day Pre-K for 4-year-olds and the programs to comply with High-Quality measures in statute, with waivers allowed and new reporting requirements (2.019 – 2.030, 4.001)
  - Requires districts to consider partnerships with high-quality providers prior to building or leasing new facilities for Pre-K (2.019, 2.029)
  - Requires TEA to make available up to two diagnostic tools to determine early literacy readiness at the beginning of Kindergarten and allow optional diagnostic of mathematics and other school readiness domains. TEA must also publish Kindergarten readiness data in new ways (2.012) 2020–2021 School Year

- Establishes an Early Education Allotment for students in grades K-3 who are educationally disadvantaged (i.e. eligible for free and reduced lunch) or limited English proficiency funded at 0.1 per Average Daily Attendance (ADA). (1.031)
  - Eligible uses of funds include programs and services designed to improve performance in Pre-K through 3rd grade reading and math (1.031)

- Establishes a new Dyslexia Allotment of 0.1 per ADA (1.027)

- Adds an extra 0.05 weight for dual language immersion/one-way or two-way programs for non-English speakers (0.05 for an English speaker in a two-way) (1.030)
  - Requires TEA to develop tools to assist districts and charters in bilingual education (2.016)

- Requires several reading practice improvements (2.013)
  - Requires all districts and charters provide for the use of a phonics curriculum that uses systematic direct instruction in K-3 (2.013)
  - Requires all K-3 teachers and principals to go through reading academies (ESCs offer this training) (2.013)
  - Requires districts to prioritize the placement of highly effective teachers in K-2 (2.013)
Requires districts to integrate reading diagnostics in Pre-K-3 (2.013)
Requires Commissioner to create an early reading advisory committee (2.013)

Requires State Board for Educator Certification to adopt rules that require all new Pre-K-6 teachers to pass a science of teaching reading exam (2.005) January 1, 2021

**Improving College, Career, and Military Readiness**

- Requires Boards of Trustees to develop and post CCMR plans that set specific annual goals (2.003, 2.035)
- Establishes a CCMR Outcomes Bonus with funding paid for each annual graduate above a certain threshold percentage. (1.031) The amounts and likely threshold percentages are:
  - Educationally disadvantaged - $5,000 each above the first 13% of CCMR graduates
  - Non-educationally disadvantaged - $3,000 each above the first 25% of CCMR graduates
  - Special Education - $2,000 for each CCMR graduate
  - Commissioner shall conduct a study on alternative career readiness measures for small and rural districts for the bonus (1.031)
- Reimburses districts to ensure students are given at least one college preparation assessment (TSIA, SAT, ACT) and at least one industry certification exam by graduation (1.035, 1.036, 2.031; 2.034)
- Expands CTE funding from grades 9-12 to grades 7-12 and adds technology application courses (like computer science) for funding (1.030)
- Districts receive an extra $50 per student in P-TECH and New Tech High School models (1.030)
- Requires completion of a FAFSA prior to graduation (2.014, 2.015) 2021–2022 School Year
  - Allows for a parental, counselor or self (over 18) opt out (2.015)
  - Commissioner must establish an advisory committee (2.015)
- The High School Allotment has been repealed, with funding available for these other CCMR investments (4.001)

**Increasing Support for Special Education**

- Increases Mainstream Special Education weight from 1.1 to 1.15 (1.025)
- Requires the Commissioner to establish the Special Education Allotment Advisory Committee and provide a report with assistance from the Legislative Budget Board, Governor’s Office, and the Legislature (1.026) by May 2020
- Encourages districts and charters to provide an incentive for teachers who complete training on Autism provided by a regional Education Service Center (2.010)
Expanding Learning Opportunities

- Establishes an extended-year incentive for districts that provides funding on a half-day basis for up to 30 additional instructional days over 180 days in grades PK-5 (1.014, 1.003) 2020–2021 School Year
  - Optional for districts and students; Requires TEA to provide technical assistance (2.011)

- Allows the Commissioner to establish a grant program with a private entity for summer programs offering CTE courses (2.032)

- Establishes a blended learning grant program, including through Math Innovation Zones, with priority for a program for high populations of educationally disadvantaged students (2.033)

- Sets up a high school equivalency reimbursement program in coordination with the Texas Workforce Commission (1.046)

INCREASES FUNDING AND EQUITY

- Increases compensatory education weight from 0.2 to one of five values from 0.225 - 0.275 based upon the census tier for educationally disadvantaged students (1.028)
  - Students’ census block groups are determined from their home address. Census block groups are put into one of 5 tiers based on the severity of poverty using four factors: poverty measured by median household income, average educational attainment of population, percentage of single parent households, and the rate of home-ownership
  - These same census tiers are used for the Teacher Incentive Allotment
  - Requires Commissioner to establish an advisory committee on compensatory education (1.029)

- Adds a new allotment of $275 per student in ADA in a Residential Placement Facility or Dropout Recovery School (1.034)

- Eliminates the Cost of Education Index, so districts no longer receive funding based on a decades-old metric (4.001), with funding redirected to the basic allotment
  - Requires TEA to study geographic variations in resource costs and costs of education including transportation (1.019)

- Amends statute from previous year to current year property values (1.040), with funding redirected to the basic allotment
  - This has the effect of funding all districts in Tier One the same based on formulas regardless of property wealth
Gifted & Talented (GT) funding is no longer provided based on identification, and instead all districts receive this funding through the basic allotment (2.017, 2.018)

- Requires each district to adopt a policy regarding use of funds for GT programs & certify compliance (2.017, 2.018)
- Requires Commissioner to reduce funds to any district in non-compliance by an amount equal to the prior GT allotment (2.018)

Transportation Allotment is now given to all districts (including recapture ISDs)

- Funding is provided as a per-mile reimbursement rather than a linear density calculation as well as funding for transit to colleges for dual credit and workplaces for work-based learning (1.033)

The Available School Fund now equally funds all schools (including non-recapture ISDs) (1.041)

Establishes the Fast Growth Schools Allotment for districts in the top 25% of enrollment growth at a 0.04 weight per ADA (1.031)

Increases the cap allowed annually for New Instructional Facility Allotment (NIFA) from $25M to $100M (1.033)

1992/93 Hold Harmless provision is phased out 20% per year over five years (Equalized Wealth Transition Grants) (1.043)

Amends statute so that disaster aid, when appropriated, applies equally to recapture and non-recapture districts. (Recapture offset is no longer a funding source) (1.015, 1.042, 4.001)

- Disaster aid for facility repair now includes vehicles and computer equipment (1.042)

The Small District Allotment factor increase for sub-300 square mile districts was accelerated to take effect immediately (1.024; 4.001)

A new Small District Allotment factor for districts which are the only district in a county and have fewer than 300 students is created (1.024)

The Small/Mid-Sized District Allotment has been amended so that it doesn’t multiply other student factors, except for special education (1.024; 1.025; 4.001)

Charter schools are now funded on a weighted average funding amount for the Small and Mid-sized Allotment, as opposed to a simple state average (1.002)

Recapture calculations have been amended to ensure no district has funds recaptured below their formula entitlement (1.041, 1.018, 1.049)

- Early Agreement Credit was repealed (4.001), with funding redirected to the basic allotment
- Staffing Allotment has been repealed (4.001), with funding redirected to the basic allotment.

- A transition provision to the new HB 3 formulas ensures that all districts get at least 3% more funding than they would have under prior law, or for those districts who had been funded way above average, they remain funded at least at 128% of state average per ADA (1.043).

**REDUCES AND REFORMS PROPERTY TAXES AND RECAPTURE**

- Converts first two Copper Pennies to Golden Pennies, meaning there will be eight Golden Pennies and nine Copper Pennies, and “re-orders” pennies so that Tier One is used first, then Golden Pennies, then Copper Pennies (1.009; 1.038).

- Shifts one penny of taxation below the Tax Ratification Elections (TRE) limit, allowing boards to access up to five Golden Pennies without a TRE (1.063).
  - Requires unanimous board consent for M&O tax hike in 2021 (1.063).

- Sets the Golden Penny yield at 160% of the basic allotment, with a floor of the 96th percentile of wealth, as opposed to Austin ISD’s wealth level (1.038).

- Increases the Copper Penny yield by almost half, and as a result, cuts the number of Copper Pennies districts already accessed by roughly half (1.038).

- Compresses Tier One tax rates, multiplying by a factor of 93% (1.040; 1.063; 5.002) Tax Year 2019
  - Requires home mortgage escrow accounts to be adjusted to account for the lower tax rate (1.064).

- Limits the amount of increased property tax collections to 2.5% per year, by automatically lowering M&O Tier One tax rates statewide for all districts given statewide property value growth above 2.5%, and locally for each district given local value growth above 2.5% (Article 1A) Tax Year 2020.
  - No district Tier One M&O can be compressed more than 10% lower than the highest Tier One M&O rate (1A.007) Tax Year 2020.
  - Requires LBB to study this 2.5% property tax growth limitation (1A.007) Tax Year 2020.
  - Sets up a mechanism to allow higher rates of local taxation in the event the basic allotment is reduced (1A.007) Tax Year 2020.

- Prohibits districts from raising Maintenance and Operation (M&O) taxes for tax year 2019 unless already planning to do so by January 1, 2019 or are under $0.93 for Tier One. (1.008)

- Requires TREs to be conducted on uniform election dates (1.063).
■ Requires Boards of Trustees to conduct an efficiency audit prior to going out for a TRE (1.001) January 1, 2020

■ Adds ballot language stating “THIS IS A PROPERTY TAX INCREASE” for bond elections (1.008)

■ Reinforces prior law so that M&O / Interest & Sinking (I&S) tax swaps are illegal (1.006; 1.007)

■ Reimburses districts the interest included on a refund for FY 2018 and FY 2019 (1.042)

■ Creates Tax Reduction & Excellence in Education Fund for certain dedicated state funding sources, including Wayfair sales tax collections (1.010) January 1, 2020

■ Eliminates M&O hold harmless for the 2015 homestead exemption (4.001)

OTHER CHANGES

■ Requires the Commissioner to enter into an MOU with an institution of higher education to conduct a study on the state assessment to determine whether reading passages are at the appropriate reading level (2.036) By December 1, 2019

■ Applies whistleblower protections at charter schools (2.004)

■ Standardizes allotment spending requirements for Special Education, Compensatory Education, Bilingual, CTE, and CCMR Outcomes at 55% of funding from the allotment, with certain reporting requirements established (1.025, 1.028, 1.030, 1.031)

■ Requires tracking of pregnancy as a reason for drop-out (1.017)

■ Commissioner may modify entitlement amounts and/or dates for tax rates with Legislative Budget Board and the Governor’s Office approval to implement HB 3 (1.019)

■ The Commissioner continues to have waiver authority when necessary to support districts with respect to requirements to maintain minimum minutes of instruction (1.013)

■ Clarifies Commissioner data sharing authority (2.002)

■ Makes a number of conforming changes (Article 3, and list below), including moving chapter 41 & 42 to 48 and 49 and certain specific changes supporting transfer students, annexation/consolidation, and Texas School for the Blind and Visually Impaired/Texas School for the Deaf (TSBVI/TSD) (1.003, 1.005, 1.022, 1.035, 1.050 - 1.056, 1A.001, 1A.002)

  ▪ (1.011, 1.012, 1.016, 1.020, 1.023, 1.032, 1.037, 1.039, 1.044, 1.045, 1.047, 1.048, 1.057 – 1.060, 1.065)
**Bill Summary:** House Bill 18 requires training regarding mental health of public school students for certain school employees; adjusts curriculum requirements; amends requirements for counseling programs; adjusts requirements for coordinated school health programs, state and regional programs and services, and health care services for students and mental health first aid program training; and adjusts reporting regarding local mental health authority and school district personnel.

**Section-by-Section Analysis:**

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.01</td>
<td>Amends TEC §5.001(5-a)</td>
<td>The definition of “mental health condition” is changed to mean a persistent or recurrent pattern of thoughts, feelings, or behaviors that constitutes a mental illness, disease, or disorder, other than or in addition to epilepsy, substance abuse, or an intellectual disability or impairs a person’s social, emotional, or educational functioning and increases the risk of developing a condition. The definition of “substance abuse” is changed to mean a patterned use of a substance, including a controlled substance, as defined by Health and Safety Code Chapter 481, and alcohol, in which the person consumes the substance in amounts or with methods that are harmful to the person’s self or to others.</td>
</tr>
</tbody>
</table>
| 1.02         | Amends TEC §11.252(a)    | This section establishes that a district improvement plan must include provisions for improvement of student performance that include the following:  
- Evidence-based practices that address the needs of students for special programs, including suicide prevention programs, in accordance with Chapter 38 Subchapter G, which include a parental or guardian notification procedure;  
- Positive behavior interventions and support, including interventions and support that integrate best practices on grief-informed and trauma-informed care rather than discipline management; and  
- Implementation of a comprehensive school counseling program under TEC §33.005.  
Current law requires that a district improvement plan include strategies for providing to middle school, junior high school, and high school students, those students’ teachers and school counselors, and those students’ parents information about higher education admissions and financial aid opportunities. This section requires that information also be provided to elementary school students, teachers, parents and counselors and that the information for all levels include information about state financial aid opportunities. |
| 1.03         | Amends TEC §21.044       | The type of entities permitted to provide required instruction regarding mental health, substance abuse, and youth suicide to is expanded to include courses offered by accredited institutions of higher education as part of a degree program in addition to the current providers. The section also includes conforming changes. |
| 1.04         | Amends TEC §21.054       | At least 25 percent of the training required every five years for teachers, counselors, and principles must include instruction regarding educating diverse student populations. The changes add specific training requirements related to educating students eligible to receive special education services, students eligible to receive services under Section 504, Rehabilitation Act of 1973, students with mental health conditions, students who engage in substance abuse, or students with intellectual or developmental disabilities. |
Specific instruction regarding grief and trauma are added to the list of required continuing education hours that must be based on best practice-based programs and research-based practices and approved by the Commissioner in consultation with the Health and Human Services Commission (HHSC).

This section allows an educator participating in an evidence-based mental health first aid training program or evidence-based trauma-informed and grief-informed care program to receive up to 16 hours of continuing education for completing that training. Additional training would be required of school counselors in counseling students on mental health and substance abuse and in implementing a comprehensive school counseling program.

Continuing education requirements for a classroom teacher would be required to also include how mental health conditions, including grief and trauma, affect student learning and behavior and how evidence-based, grief-informed, and trauma-informed strategies support the academic success of students affected by grief and trauma.

| 1.05 | Amends TEC §21.451(d) | New law allows staff development in providing positive behavior intervention and support. The changes also require specific staff development regarding suicide prevention, mental health, substance abuse, positive relationships among students, how grief and trauma affect learning and behavior, and bullying to be provided on an annual basis for all new employees and to all educators on a schedule adopted by rule. The additional training would be required to use a program recommended by HHSC in coordination with TEA. |
| 1.06 | Amends TEC §21.462 | “Or Substance Abuse Conditions” is added to the title of the section, which now reads “Resources Regarding Students with Mental Health or Substance Abuse Conditions” and adds a reference to students who engage in substance abuse. |
| 1.07 | Amends TEC §§28.002(a) and 28.002(r) | Health education must include an emphasis on physical health and mental health, including instruction about mental health conditions, substance abuse, skills to manage emotions, establishing and maintaining positive relationships, and responsible decision-making.

The State Board of Education must adopt essential knowledge and skills that address the science, risk factors, causes, dangers, consequences, signs, symptoms, and treatment of substance abuse, including the use of illegal drugs, abuse of prescription drugs, abuse of alcohol such as by binge drinking or other excessive drinking resulting in alcohol poisoning, inhaling solvents, and other forms of substance abuse. |
| 1.08 | Amends TEC §§28.004(c) and 28.004(k) | A local school health advisory council’s duties must include recommending:
• the number of hours of instruction to be provided in health education in kindergarten through grade eight, and, if the school district requires health education for high school graduation, health education, including physical health education and mental health education, in grades 9 through 12;
• policies procedures, strategies, and curriculum appropriate for specific grade levels designed to prevent physical health concerns through the coordination of health education, which must address physical health concerns and mental health concerns to ensure the integration of physical health education and mental health education. 

Recommendations regarding health education are required to address physical health concerns and mental health concerns to ensure the integration of physical health education and mental health education.
This section requires that local school health advisory council recommendations include school health services, including physical health services and mental health services, if provided at a campus by the district or by a third party under a contract with the district and would change a reference from counseling and guidance services to a comprehensive school counseling program under TEC §33.005.

In addition to information that a school district is currently required to publish in the student handbook and post on the district’s website, if the district has a website, districts must now include a statement of the policies and procedures adopted to promote the physical health and mental health of students, the physical health and mental health resources available at each campus, contact information for the nearest providers of essential public health services under Health and Safety Code, Chapter 121, and the contact information for the nearest local mental health authority and for each campus in the district, a statement of whether the campus has a full-time nurse or full-time school counselor.

Existing law required the development of a list of recommended best practice-based programs and research-based practices including programs and practices in several.
This section amends the list to remove mental health promotion; substance abuse intervention; trauma-informed practices; and building skills related to managing emotions, establishing and maintaining positive relationships, responsible decision-making, positive behavior interventions and supports, suicide prevention-intervention-postventions, and a safe, supportive, and positive school climate.

This section removes the requirement that TEA, the Department of State Health Services, and regional education service centers make the list easily available on their websites.

This section establishes that suicide prevention the list must include components that provide for training to recognize students at risk of attempting suicide rather than at risk of committing suicide. This section also requires suicide program programs on the lists to assist students in returning to school following treatment of a mental health concern or suicide attempt.

Districts were permitted under existing law to develop practices and procedures concerning each area on the list of recommended best practice-based programs and research-based practices. New law now requires districts to develop practices and procedures. The practices and procedures are now permitted to address multiple areas together.

TEA is required to develop and make available to school districts guiding principles on the coordination of programs and practices in areas on the list. TEA, Health and Human Services Commission, and each regional education service center are permitted to accept donations for purposes of this section from sources without a conflict of interest but are not be permitted to accept donations from an anonymous source.

Texas Health and Safety Code §1001.205 requires, not later than September 30 of each year, a local mental health authority to provide to the department the number of employees and contractors of the authority who were trained as mental health first aid trainers under Section 1001.202 during the preceding fiscal year. This section adds a requirement that a local mental health authority report the number of trainers who left the program for any reason during the preceding fiscal year, and the number of active trainers. A local mental health authority must report the number of university employees, school district employees, and school resource officers who completed a mental health first aid training program offered by the authority under Section 1001.203 during the preceding fiscal year. HB 18 requires that this information be categorized by local mental health authority region, university or school district, as applicable, and category of personnel.

The Department of State Health Services is required to compile the additional information and would be required to include a detailed accounting of expenditures of money appropriated for the purpose of implementing this subchapter when it reports to the legislature.

The Department of State Health Services is required to develop and provide to local mental health authorities form to be used for the reporting of information required under Subsection (a), including the reporting of each category of personnel described by that subsection.

</table>
Health and Safety Code §1001.205(b), as amended by this Act, applies only to a report due under that subsection after March 1, 2020. A report due under that subsection before that date is governed by the law in effect immediately before the effective date of this Act, and that law is continued in effect for that purpose.

Not later than May 1, 2020, the Health and Human Services Commission is required to prescribe a form for the report required of a local mental health authority under Health and Safety Code §1001.205(a), as amended by this Act, that includes categories of personnel to be reported.

This section requires that, not later than March 1, 2020, the Health and Human Services Commission and TEA update their websites to include the information required by Health and Safety Code §1001.207, as added by this Act.

**Effective Date:** December 1, 2019

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**

The State Board of Education is required to amend rules for the Health Education Texas Essential Knowledge and Skills. The State Board of Educator Certification must amend rule-text in Title 19, Texas Administrative Code (TAC), Chapter 228 "Requirements for Educator Preparation" and 19 TAC Chapter 232, "General Certification Provisions." Provisions in Chapter 232 must be amended based on the amended text in TEC Chapter 21 not later than May 1, 2020. Commissioner rules will be amended related to required training by districts in TAC Chapter 153.

**Summary of IT and Data Implications:**

Local education agencies (LEAs) will report through the Texas Student Data System (TSDS) the number of times during the preceding year the district's school health advisory council has met, whether the district has adopted and enforces policies to ensure that district campuses comply with agency vending machine and food service guidelines for restricting student access to vending machines, and whether the district has adopted and enforces policies and procedures that prescribe penalties for the use of e-cigarettes, as defined by TEC §38.006, and tobacco products by students and others on school campuses or at school-sponsored or school-related activities. Additionally, new service IDs will be added to enable LEAs to report any new courses developed under the new health curriculum requirements and to report staff duties for non-teaching staff. Service IDs may need to be removed for courses that are no longer offered. New Role IDs will be added to the ROLE-ID code table. These IT changes will be incorporated in the 2020-2021 school year.
Bill Summary: House Bill 19 describes how regional education service centers (ESCs) and local mental health authorities are intended to collaborate for provision of mental health services.

<tbody>
<tr>
<td>1</td>
<td>Amends Chapter 8, TEC by adding Subchapter F: §§8.151-8.158</td>
<td>“Local mental health authority” (LMHA) and “non-physician mental health professional” are defined.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>This section requires LMHAs to employ a non-physician mental health professional to serve as a mental health and substance use resource for school districts located within the region it serves. The professional will serve school districts out of the ESC located within the LMHA service region. In making hiring decisions, the LMHA must consult with other LMHAs providing services in that region and consult with the ESC.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Each ESC must provide a professional space for the non-physician mental health professional to carry out their duties. The LMHA must pay the ESC a reasonable, negotiated cost-recovery fee for providing the administrative support for the professional. This cost-recovery fee may not exceed $15,000 per year unless the ESC and the LMHA agree to a higher amount in their memorandum of understanding (MOU). The LMHA must supervise the professional and consult with other LMHAs in the region and the ESC for input on supervising the professional.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>The professional must work collaboratively with the ESC to act as a resource for school district personnel by helping personnel gain awareness and understanding of mental health and co-occurring mental health and substance use disorders; assist personnel to implement mental health or substance use initiatives required under state law, agency rule, interagency MOUs, and related programs; ensure that personnel are aware of best practices; and ensure personnel are aware of public and private mental health and substance use prevention, treatment, and recovery programs provided by the LMHA, private mental health providers, or the Health and Human Services Commission (HHSC). The ESC and professional must facilitate monthly mental health first aid training, facilitate monthly training regarding the effects of grief and trauma and providing support to children with intellectual or developmental disabilities who suffer from grief or trauma, and facilitate monthly trainings on prevention and intervention programs for substance use.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>The non-physician mental health professional may not treat or provide counseling to a student or provide specific advice to school district personnel regarding a student.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>A school district is not required to participate in any trainings provided under this subchapter.</td>
</tr>
</tbody>
</table>
The state agency to which money is appropriated to carry out this subchapter must ensure funds are distributed equally among LMHAs.

Each LMHA must submit a report to HHSC regarding the outcomes for school districts and students resulting from services they provide. HHSC must compile the information from LMHAs and submit a report to the lieutenant governor, speaker, standing committees with jurisdiction over mental health and standing committees with jurisdiction over public education, and to TEA. TEA must be provided a reasonable opportunity to review and provide input on the contents of the report.

Summary of IT and Data Implications:
The bill requires a new data element in the PEIMS collection to determine when placement inconsistencies occur with the local student code of conduct guidelines for all out-of-school suspensions.
Bill Summary: House Bill 76 requires school districts to provide a student who is required under University Interscholastic League (UIL) rule or policy to receive a physical examination before being allowed to participate in a UIL-sponsored or sanctioned athletic activity information about sudden cardiac arrest and electrocardiogram testing and notification of the option of the student to request the administration of an electrocardiogram, in addition to the physical examination.

Section-by-Section Analysis:

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Analysis</th>
</tr>
</thead>
</table>
| 1            | Adds TEC §33.096         | This bill creates TEC §33.096, “Cardiac Assessment of High School Participants in Extracurricular Athletic Activities,” to require that school districts provide a student, who is required under UIL rule or policy to receive a physical examination before being allowed to participate in a UIL-sponsored or sanctioned athletic activity the following:  
• Information about sudden cardiac arrest and electrocardiogram testing; and  
• Notification of the option of the student to request the administration of an electrocardiogram, in addition to the physical examination.  

A student is permitted to request an electrocardiogram from any appropriately licensed health care professional whose scope of practice includes the administration and review of electrocardiograms, including the student’s patient-centered medical home, a health care professional provided through a school district program, or another health care professional chosen by the parent or person standing in parental relation to the student.  

UIL is required to adopt rules to administer this legislation, which must include the following:  
• Criteria under which a district may request an exemption from the requirements;  
• Variances that allow for a delay of the implementation of the requirement to notify students to the option to receive an electrocardiogram;  
• Procedures to ensure students receiving the required annual physical examination are notified of the option to receive an electrocardiogram; and  
• Provisions to ensure that the requirements are minimum standards that provide a school district with the option to implement a program that exceeds the standards required by this section.  

This section of the legislation does not create a cause of action or liability or a standard of care, obligation, or duty that provides a basis for a cause of action or liability.  |
| 2            | N/A                      | Section 2 establishes that this act applies beginning with the 2019-2020 school year.  |

**Bill Summary:** House Bill 165 permits a student who is enrolled in a special education program to qualify for and earn an endorsement under the Foundation High School Program if the student meets existing requirements for an endorsement either with or without modification of the curriculum.

**Section-by-Section Analysis:**

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
</table>
| 1            | Adds TEC §28.025         | Under existing law, a student was permitted to earn an endorsement by successfully completing the curriculum requirements for the Foundation High School Program, earning one additional credit each in math and science and two additional elective credits, and successfully completing the curriculum requirements identified by the SBOE for one of five endorsements. Commissioner's rules in 19 Texas Administrative Code (TAC) §89.1070(c) established that a student in the Foundation High School Program who receives special education services may earn an endorsement if the student—  
  • satisfactorily completes the requirements for the Foundation High School Program as well as the additional credit requirements in math, science, and elective courses with or without modification of the curriculum,  
  • satisfactorily completes the curriculum requirements for an endorsement without modification of the curriculum,  
  • performs satisfactorily on the required state assessments.  
  This bill permits a student enrolled in a special education program to earn an endorsement if the student successfully completes, with or without modifications, the curriculum requirements for the Foundation High School Program and the additional mathematics, science, and elective courses required for an endorsement. A student must successfully complete the curriculum requirements for an endorsement either without modification of the curriculum or with modification if the courses are part of a coherent sequence of coursework that is sufficiently rigorous as determined by the student's admission, review, and dismissal (ARD) committee. A student's ARD committee must determine whether a student is required to achieve satisfactory performance on the state end-of-course assessments in order to earn an endorsement. |
| 2            | N/A                      | Section 2 establishes that the legislation applies beginning with the 2019-2020 school year. |

<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Amends TEC §45.1105</td>
<td>School districts are limited to spend any unspent proceeds of general obligation bonds to: 1) the specific purposes that authorized the bonds; 2) retire the bonds; and 3) for other purposes, upon approval of a school district board during a public meeting, if the bond purposes are accomplished or abandoned.</td>
</tr>
<tr>
<td>2</td>
<td>Amends Election Code §4.003(f)(3)</td>
<td>Section 2 requires political subdivisions that call for a debt obligation election (relating to public securities that are secured by ad valorem taxes) to publish a sample ballot on their website for at least 21 days prior to the election. This is in addition to an existing obligation to publish the notice of the election, and the contents of the proposition that must be posted on their website in the same manner.</td>
</tr>
<tr>
<td>3</td>
<td>Adds Government Code Chapter 1253</td>
<td>This Chapter includes new §1253.001 of the Government Code which defines political subdivision for purposes of the new chapter. The definition includes a school district. This Chapter also includes new §1253.002 that would limit the authority to issue new general obligation bonds to purchase, improve, or construct improvements or to purchase personal property or to do both, if the weighted average maturity of the issue of bonds exceeds 120 percent of the reasonably expected weighted average economic life of the improvements or personal property financed with the issue of bonds. This section also defines improvement and personal property by referring to definitions in the Tax Code. The new Government Code §1253.003 limits the use of unspent proceeds by a political subdivision, other than a school district, from a bond issuance for either the purpose specified for the initial issuance of the bonds, to retire the bonds, or to use for another purpose, but only if that other purpose is approved by the voters in an election held by the political subdivision where the new purpose is stated in the election order and notice and the election is conducted in the same manner as the election to make an original issuance.</td>
</tr>
<tr>

**Bill Summary:** House Bill 477 provides for notice and ballot requirements related to school district bonds secured by and payable from ad valorem taxes.

**Section-by-Section Analysis:**

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Amends Election Code §3.009</td>
<td>Section 1 of the bill amends Election Code (EC) §3.009(a) to change the definition of “debt obligation” (i.e., a bond) to mean bonds secured by and payable from ad valorem taxes. The definition now excludes bonds that are fiscally self-supporting. §3.009(b) is also amended to reflect new bond election order requirements, as follows: 1) the inclusion of statements that taxes will be sufficient to pay principal and interest of bonds as a whole, rather than on an annual basis; 2) the maximum bond maturity date is changed from 40 years to the maximum authorized by law; 3) noting the outstanding principal and interest on all bonds issued by a political subdivision as of the date the bond election is ordered, rather than the fiscal year; and 4) for aggregate outstanding bond interest, the amount must be based on expectations relative to variable rate debt obligations.</td>
</tr>
<tr>
<td>2</td>
<td>Amends TEC §52.072</td>
<td>The bill amends §52.072(e) to streamline the notice requirements to apply to tax propositions, rather than just bond propositions. §52.072 (f) is added to refer to bond notice requirements in the new Subchapter B of Government Chapter 1251.</td>
</tr>
<tr>
<td>4</td>
<td>Adds Government Code Chapter 1251, Subchapter B</td>
<td>Chapter 1251, Subchapter B defines “debt obligation&quot; as a public security, as defined by Government Code, Section 1201.002, secured by and payable from ad valorem taxes. The term does not include public securities that are designated as self-supporting by the political subdivision issuing the securities. &quot;Debt obligation election order&quot; is defined as the order, ordinance, or resolution ordering an election to authorize the issuance of debt obligations, and “political subdivision” is defined as a municipality, county, school district, or special taxing district. §1251.052(a) provides that the ballot for a measure seeking voter approval of the issuance of debt obligations by a political subdivision must state: (1) a general description of the purposes for which the debt obligations are to be authorized; (2) the total principal amount of the debt obligations to be authorized; (3) that taxes sufficient to pay the principal of and interest on the debt obligations will be imposed; and 4) the annual maximum homestead tax increase. §1251.052(b) requires that a political subdivision must prepare and post a vote information document for bond elections. §1251.052(c) requires that the governing body of a political subdivision must identify in the debt obligation election order the major assumptions made in connection with the statement required by Subsection (b), including: (1) the amortization of the political subdivision's debt obligations, including outstanding debt obligations and the proposed debt obligations; (2) changes in estimated future appraised values within the political subdivision; and (3) the assumed interest rate on the proposed debt obligations.</td>
</tr>
</tbody>
</table>
§1251.052(d) provides that a political subdivision that maintains a website must provide the information described by Subsection (b) on its website in an easily accessible manner beginning not later than the 21st day before election day and ending on the day after the date of the debt obligation election.

§1251.052(e) states that §1251.052 provides the ballot proposition language for an election to authorize the issuance of debt obligations by a political subdivision and, to the extent of a conflict between this section and another law, the section controls.

| 5 | Amends Local Government Code §271.049 | Section 5 amends Local Government Code §271.049(a) to increase the certificate of obligation issuance newspaper notices from 30 to 45 days and requires posting of such notices on a website, if a website is maintained by a political subdivision.

§271.049(b) is amended to require the following in certificate of obligation notices: 1) the then-current principal of all outstanding debt obligations of the issuer; 2) the then-current combined principal and interest required to pay all outstanding debt obligations of the issuer on time and in full, which may be based on the issuer's expectations relative to the interest due on any variable rate debt obligations; 3) the maximum principal amount of the certificates to be authorized; and 4) the estimated combined principal and interest required to pay the certificates to be authorized on time and in full; (5) the estimated interest rate for the certificates to be authorized or that the maximum interest rate for the certificates may not exceed the maximum legal interest rate; (6) the maximum maturity date of the certificates to be authorized; and 7) the purpose, rather than also the maximum amount, of the certificates.

§271.049(e) is added to define “debt obligation” as it is defined in Government Code §1201.002 and provides that fiscally self-supporting bonds are not included in the definition.

| 6 | Repeals Government Code §1251.002 | The section regarding bond proposition content is repealed.

| 7 | N/A | Section 7 of the bill states that the bill applies 1) to election ballots ordered on or after the effective date of the bill; and 2) to certificates of obligation issued on or after the effective date of the bill.

Bill Summary: House Bill 496 requires school districts and open-enrollment charter schools to develop, and annually make available, a protocol for school employees and volunteers to follow in the event of traumatic injury.

Section-by-Section Analysis:

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Adds TEC §38.030</td>
<td>This legislation adds new TEC §38.030 requiring school districts and open-enrollment charter schools to develop and annually make available a protocol for school employees and volunteers to follow in the event of traumatic injury.</td>
</tr>
</tbody>
</table>

The protocol must

- provide for a school district or open-enrollment charter school to maintain and make available to school employees and volunteers bleeding control stations for use in the event of a traumatic injury involving blood loss;
- ensure that bleeding control stations are stored in easily accessible areas of the campus that are selected by the district’s school safety and security committee or the charter school’s governing body;
- require that agency-approved training on the use of a bleeding control station in the event of an injury to another person be provided to:
  - each commissioned school district peace officer or school security personnel who provides security services at the campus;
  - each school resource officer who provides law enforcement at the campus; and
  - all other district or school personnel who may be reasonably expected to use a bleeding control station; and
- require the district or charter school to annually offer instruction on the use of a bleeding control station from a school resource officer or other appropriate district or school personnel who has received the training to students enrolled at the campus in grade seven or higher.

A district’s school safety and security committee or charter school governing body may select, as easily accessible areas of the campus at which bleeding control stations may be stored, areas of the campus where automated external defibrillators are stored.

A bleeding control station must include the following supplies in the quantities determined by the superintendent or director:

- tourniquets approved for use in battlefield trauma care by the armed forces of the United States
- chest seals
- compression bandages
- bleeding control bandages
- space emergency blankets
- latex-free gloves
- markers
- scissors
• instructional documents developed by the American College of Surgeons or the U.S. Department of Homeland Security detailing methods to prevent blood loss following a traumatic event.

In addition to the required items, a school district or open-enrollment charter school may also include in a bleeding control station any medical material or equipment that may be readily stored in a bleeding control station, may be used to adequately treat an injury involving traumatic blood loss, and is approved by local law enforcement or emergency medical services personal.

To satisfy the training requirement, the agency shall approve a course of instruction that has been developed or endorsed by the American College of Surgeons or a similar organization or the emergency medicine department of a health-related institution of higher education or a hospital. The course of instruction may not be provided as an online course and would be required to use nationally recognized, evidence-based guidelines for bleeding control. The course of instruction must also incorporate instruction on the psychomotor skills necessary to use a bleeding control station in the event of an injury to another person, including instruction on proper chest seal placement. The course of instruction may be provided by emergency medical technicians, paramedics, law enforcement officers, firefighters, representatives of the organization or institution that developed or endorsed the training, educators, other public school employees, or other similarly qualified individuals. A course of instruction would not be required to provide for certification in bleeding control. If the course of instruction does provide for certification in bleeding control, the instructor must be authorized to provide the instruction for the purpose of certification by the organization or institution that developed or endorsed the course of instruction.

A school district or open-enrollment charter school and the employees of the district or school are immune from civil liability from damages or injuries resulting from the good faith use of a bleeding control station by an employee of the district or school to control the bleeding of an injured person, provided that the employee received the required training and did not act with gross negligence in the use of the bleeding control station.

The good faith use of a bleeding control station by a school district or open-enrollment charter school employee to control the bleeding of an injured person is incident to or within the scope of the duties of the employee’s position of employment and involves the exercise of judgment or discretion on the part of the employee, and a school district or open-enrollment charter school and the employees of the district or school are immune from civil liability, from damages or injuries resulting from that good faith use of a bleeding control station. A school district or open-enrollment charter school volunteer is immune from civil liability from damages or injuries resulting from the good faith use of a bleeding control station to the same extent as a professional employee of the district or school.

Nothing in this section limits the immunity from liability of a school district, open-enrollment charter school, or district or school employee or volunteer under:
(1) TEC §22.0511 and §22.053;
(2) Civil Practice and Remedies Code §101.051; or
(3) any other applicable law.
This section does not create a cause of action against a school district or open-enrollment charter school or the employees or volunteers of the district or school.

HB 548
Author: Canales, Terry
Sponsor: Lucio, Jr., Eddie

Bill Summary: House Bill 548 requires data gathering on language acquisition of deaf and hard of hearing students from ages 0-8. TEA, the Health and Human Services Commission’s Division of Early Childhood Intervention (HHSC/ECI), and the Educational Resource Center on Deafness (ERCOD) will jointly identify language assessment protocols used by teachers of the deaf and hard of hearing to collect student level data which would be reported on TEA’s, the division’s, and the center’s respective internet sites. The data gathered will be monitored annually to determine if there is a language delay and enable the use of timely interventions that support age-appropriate language skills.

</table>
considered valid and reliable for assessing language acquisition of children ages 0-8 who are deaf or hard of hearing.

**1(e)** Adds TEC §29.316(e) TEA must use existing collected data and data transferred from HHSC as agreed upon in an MOU for the required report.

**1(f)** Adds TEC §29.316(f) TEA and HHSC must jointly adopt rules necessary for implementing §29.316, including rules for:
- assigning a unique identification number for reporting purposes for each child 0-8 who is deaf and hard of hearing; and
- implementation of this section.

**2** Adds TEC §42.006(a-6) This section requires local education agencies to report through the Public Education Information Management System (PEIMS) at a campus and grade level, the:
- number of children who are required to attend school under Section 25.085, are not exempted under Section 25.086 and fail to attend without excuse for 10 or more days or parts of days within a six-month period of the same school year,
- number of students for whom the district initiates a truancy prevention measure under TEC 25.0915 (a-4)
- number of parents of students against whom an attendance officer or other school official has filed a complaint under TEC 25.093 (PARENT CONTRIBUTING TO NONATTENDANCE).

**3** N/A The Commissioner, the executive commissioner of HHSC and the Educational Resource Center on Deafness (the Center) jointly shall determine the tools and assessments that are valid and reliable for use in assessing the language acquisition of children eight years of age or younger who are deaf or hard of hearing by December 1, 2019.

TEA, HHSC and the Center shall prepare and post the initial report on their respective websites by December 1, 2020.

**4** N/A This section states that TEA and HHSC are required to implement newly add TEC §29.316 only if the legislature appropriates funds specifically for that purpose.

**5** N/A Not later than January 1, 2020, the Commissioner shall adopt rules required by Section 42.006(a-6), Education Code, as added by this Act.

**Effective Date:** September 1, 2019

**Does this Affect Charters:** Yes

**Summary of implementation requirements (rules, study, contract, pilot program, etc.):**
TEA and HHSC must jointly adopt rules in accordance with TEC §29.316(f). The rules must include assigning a unique identification number for reporting purposes for each child 0-8 who is deaf and hard of hearing. Furthermore, the Commissioner or education must adopt rules to implement TEC §42.006(a-6) no later than January 1, 2020.

TEA will jointly work with HHSC ECI and ERCOD to include various stakeholders to determine the types of assessments and milestones for deaf and hard of hearing students ages 0-8 to be assessed on language acquisition which may closely resemble and advisory panel.

Local districts will be impacted by additional data reporting requirements; training on any newly determined assessment or tool deemed appropriate under section (b); and additional documentation for reporting requirements regarding the specific language acquisition services provided to the child and related components included in section (c)(2)(B)-(E).
Summary of IT and Data Implications:
This bill adds new data reporting requirements. New data elements will be created for local education agencies to report the following:

- The number of children who are required to attend school, are not exempt, and do not attend without excuse for 10 or more days or parts of days within a six-month period of a school year but fail to do so;
- The number of students for whom the district initiates a truancy prevention measure under TEC §25.0915(a-4); and
- The number of parents of students against whom an attendance officer or other school official has filed a complaint under TEC §25.093.
Bill Summary: House Bill 638 requires school districts, at the request of the student's parent, to issue a posthumous high school diploma to any student who has died while enrolled in the school district.

Summary of implementation requirements (rules, study, contract, pilot program, etc.):
The ESC client satisfaction survey will be updated to include question that reflect the requirements of this legislation.

Summary of IT and Data Implications:
None
**Bill Summary:** House Bill 678 allows elementary school students to earn one high school credit toward the languages other than English graduation requirement by successfully completing a course in American Sign Language (ASL).

**Section-by-Section Analysis:**

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Amends TEC §28.025(b-21)</td>
<td>Existing statute allows students to earn one high school credit toward the languages other than English graduation requirement by successfully completing a dual language immersion program in elementary school. This bill expands the opportunity to allow students to earn credit by successfully completing an ASL course while in elementary school.</td>
</tr>
</tbody>
</table>

**Effective Date:** Immediately

**Does this Affect Charters:** Yes

**Summary of implementation requirements (rules, study, contract, pilot program, etc.):**

The bill specifically states that the State Board of Education (SBOE) should adopt criteria to allow a student to comply with the curriculum requirement for one credit under Subsection (b-1)(5) by successfully completing at an elementary school either a dual language immersion program under Section 28.0051 or a course in ASL. The SBOE will need to amend Title 19, Texas Administrative Code (TAC) Chapter 74 relating to high school graduation requirements to align with this legislation.

Under current SBOE rules, school districts and charter schools are already allowed to offer high school courses and award credit to students at any grade level deemed appropriate by the district. This explicitly applies in languages other than English courses, such as ASL, where the Texas Essential Knowledge and Skills stipulate that the high school courses may be offered in elementary and middle school. Districts will need to transcript course completion and award credit for elementary students who do not yet have a transcript.

**Summary of IT and Data Implications:**

This bill requires an update to the Texas Records Exchange (TREx) DUAL-LANGUAGE-IMMERSION-LANGUAGE-CODE code table to add ASL. Adding a code for ASL will enable local education agencies to report dual language immersion program participation for students who are learning ASL. These changes are expected for the 2020-2021 school year.
HB 680
Author: Deshotel, Joe
Sponsor: Watson, Kirk

Bill Summary: House Bill 680 adds data collection elements to information the Texas Workforce Commission (TWC) must gather when assessing formulas used by TWC to distribute federal childcare development funds to local workforce development boards. The legislation also requires additional coordination with TEA, allows relevant child care data to be reported in the Public Education Information Management System (PEIMS) by assigning unique identifiers to children younger than six, and expands the methods for obtaining input regarding improving coordination between subsidized child-care subsidy programs and prekindergarten programs and increasing the quality of and access to the subsidized child care program. The legislation also requires certain eligibility and reporting information for childcare provider contract agreements.

Section-by-Section Analysis:

<tbody>
<tr>
<td>1</td>
<td>Adds Texas Labor Code §2308.317(e)</td>
<td>This section adds new Texas Labor Code, §2308.317(e) to require that each board, to the extent practicable, ensure that any professional development for child care providers, directors, and employees funded under Subsection (a), can be used toward requirements for a credential, certification, or degree program, and meets the professional development requirements of the Texas Rising Star Program.</td>
</tr>
</tbody>
</table>
| 2            | Amends Texas Labor Code §302.0042 | This section amends Texas Labor Code, §302.0042 to expand the evaluation of quality of the Texas Workforce Commission's (TWC) subsidized childcare programs. (This section has no impact on TEA.) 

The evaluation must assess the number of places that are reserved for participants in the child care subsidy program out of the total number of children enrolled with a provider on a full-time basis categorized by age of the child for each provider in each local workforce development area that is certified as a 2-star, 3-star, or 4-star provider in the Texas Rising Star Program or that does not participate in the Texas Rising Star Program rather than the former requirement to evaluate the number of vacant slots available for child care placement.

The bill requires assessment of the following new criteria:

- The average monthly price charged by childcare providers for full-day childcare in each local workforce development area as stated in the market rate survey conducted under 45 C.F.R. Section 98.45(c)
- The average monthly price charged by quality childcare providers for full-day childcare in each local workforce development area.
- The total number of childcare providers participating in the Texas Rising Star Program and the number of 2-star, 3-star, and 4-star rated childcare providers in each local workforce development area
- The number of childcare providers participating in the Texas Rising Star Program in each local workforce development area as a percentage of the total number of both subsidized childcare providers and all childcare providers in the local workforce development area
- The number of 2-star, 3-star, and 4-star rated childcare providers in the local workforce development area as a percentage of the total number of both subsidized childcare providers and all childcare providers in the local workforce development area
• The total number of children enrolled in subsidized childcare providers participating in the Texas Rising Star Program in each local workforce development area and the number of subsidized children enrolled in 2-star, 3-star, and 4-star rated childcare providers in the local workforce development area

• The number of subsidized children enrolled in child care providers participating in the Texas Rising Star Program in each local workforce development area as a percentage of the total number of subsidized children enrolled in child care providers in the local workforce development area and the number of subsidized children enrolled in 2-star, 3-star, and 4-star rated child care providers in the local workforce development area as a percentage of the total number of subsidized children enrolled in child care providers in the local workforce development area

This section requires, for the purposes of evaluation, that TWC annually update the information required in the assessment of formulas used by TWC to distribute federal childcare development funds to local workforce development boards.

This section also defines “quality childcare provider.”

| 3 | Amends Texas Labor Code §302.0043 | This section requires coordination efforts between the TWC and TEA.

New Texas Labor Code §302.0043(c-1) requires TWC to measure and evaluate the progress of the childcare program regarding:
(1) coordination with TEA to assign a PEIMS number (unique identifier) to children younger than six years of age enrolled in the TWC childcare program;
(2) coordination with TEA, school districts, and open-enrollment charter schools on any prekindergarten quality improvement efforts;
(3) efforts to increase coordination among participating providers in the TWC childcare program, school districts, and open-enrollment charter schools;
(4) facilitation of childcare provider enrollment in the Texas Rising Star Program and progression of providers to the highest rating level in the program; and
(5) development and implementation of rates and payments, as determined by local workforce development boards to allow participating providers to provide high-quality childcare and ensure that TWC meets performance measures established by the legislature for the average number of children served by the TWC childcare program per day.

This section also requires TWC to make collected information available to school districts, open-enrollment charter schools, and the public in addition to the current requirement to make the information available to local workforce development boards.

TWC must include information added by this legislation to its report to the legislature that is due January 15 of each odd-numbered year.

This section impacts TEA’s Information Technology Division and statewide data collection to implement legislation. Under current law, there are no formal agreements in place for TEA to assign unique IDs to students younger than six to the TWC childcare programs. However, childcare providers may apply for the unique IDs independently.
| 4 | Amends Texas Labor Code §302.00435 | This section requires TWC to include in its policy for obtaining input from interested parties regarding its subsidized childcare program and using that input in administering the program, methods for obtaining input from TEA, school districts, open-enrollment charter schools, subsidized childcare providers, relevant businesses, and the public, regarding:

1. improving coordination between the subsidized childcare program and prekindergarten programs;
2. increasing the quality of and access to the subsidized childcare program;
3. existing health and safety rules and regulations that could be more efficient or less costly without reducing health and safety outcomes; and
4. the burdens relating to complying with existing regulations that could be mitigated, reduced, or eliminated while maintaining the intent, objective, or purpose of the underlying regulation. |

| 5 | Adds Texas Labor Code §302.0461(a)-(d) | New Labor Code §302.0461(a), permits a local workforce development board to contract with childcare providers operating in the board’s area to provide subsidized childcare services. The local workforce development board must determine the number of places that the board reserve in the contract with a childcare provider participating in WC’s subsidized childcare program. (This section has no impact on TEA.)

New Labor Code §302.0461(b) establishes that to be eligible for a contract under Subsection (a), a childcare provider must be a Texas Rising Star Program provider with a three-star rating or higher; and meet one of the following priorities of the TWC:

1. be located in an area where the number of children younger than six years of age who have working parents is at least three times greater than the capacity of licensed childcare providers in the area; or an area determined by TWC to be underserved with respect to childcare providers;
2. have a partnership with a school district to provide a prekindergarten program;
3. have a partnership with the Early Head Start or Head Start Program;
4. increase the number of places reserved for infants and toddlers by high-quality childcare providers; or
5. satisfy a requirement in the local workforce development board’s strategic plan.

New Labor Code §302.0461(c), establishes that not later than six months after a local workforce development board enters into a contract, the board must submit a report to TWC evaluating the contract to determine its effect on:

1. the financial stability of the childcare provider participating in the contract;
2. the availability of high-quality childcare options for participants in the TWC’s subsidized childcare program in the workforce development area; |
3. the number of high-quality childcare providers in any part of the workforce development area with a high concentration of families with a need for childcare; and
4. the percentage of children participating in TWC’s subsidized childcare program at each Texas Rising Star Program provider in the local workforce development area.

New Labor Code §302.0461(d), requires TWC to determine the information that must be included in the report required by Subsection (c). A local workforce development board must update the report every six months from the date the board submits its initial report to TWC.

**Effective Date:** September 1, 2019

**Does this Affect Charters:** Yes

**Summary of implementation requirements (rules, study, contract, pilot program, etc.):**
None

**Summary of IT and Data Implications:**
The requirement of the bill is to assign Unique IDs to children younger than six years of age in the childcare program. This will require the childcare program to apply for a Business Partner Directory (BPD) organization number and use the Texas Student Data System (TSDS) unique ID system.
Bill Summary: House Bill 684 allows the parent or guardian of a student with a seizure disorder to seek care for the student’s seizures while the student is at school or participating in a school activity by submitting to the school district a copy of a seizure management and treatment plan developed by the student’s parent or guardian and the physician responsible for the student’s seizure treatment. The bill requires school district employees to complete online training related to seizure recognition and related first aid.

<td>Adds TEC §38.032</td>
<td>This bill establishes new TEC §38.032, Seizure Management and Treatment Plan, to permit the parent or guardian of a student with a seizure disorder to seek care for the student’s seizures while the student is at school or participating in a school activity by submitting to the school district a copy of a seizure management and treatment plan developed by the student’s parent or guardian and the physician responsible for the student’s seizure treatment. The bill outlines when plans must be submitted and what plans must include.</td>
</tr>
</tbody>
</table>

The care of a student with a seizure disorder by a district employee under a seizure management plan is incident to or within the scope of the duties of the employee’s position of employment and involves the exercise of judgment or discretion on the part of the employee. The immunity from liability provided by TEC §22.0511 applies to an action or failure to act by a district employee in administering a medication, assisting with self-administration, or otherwise providing for the care of a student under a seizure management plan submitted for the student.

A school nurse must complete a TEA-approved online course of instruction for school nurses regarding managing students with seizure disorders that includes information about seizure recognition and related first aid.

A school district employee, other than a school nurse, whose duties include regular contact with students must complete a TEA-approved online course of instruction regarding awareness of students with seizure disorders that includes information about seizure recognition and related first aid.

TEA may approve an online course of instruction provided by a nonprofit national foundation that supports the welfare of individuals with epilepsy and seizure disorders to satisfy the required training. An online course of instruction approved by the agency that is provided to a school district must be provided by the nonprofit entity free of charge.

TEA is required to adopt rules as necessary to administer the new requirements.

| 3            | N/A                      | This section establishes that TEA must approve online courses of instruction to satisfy the training requirement not later than December 1, 2019. |

HB 906
Author: Thompson, Senfronia
Sponsor: Powell, Beverly

Bill Summary: House Bill 906 creates a collaborative task force on public mental health services to study and evaluate mental health services and training provided at school districts and open-enrollment charter schools that are funded by state competitive grants. This bill requires extensive data collection across the state with the purpose of analyzing the effectiveness of mental health services and staff training within the state’s local education agencies. The task force will not be administratively supported by TEA but will be supported by institutions of higher education selected by the commissioner of education (Commissioner), except that TEA will maintain data collected by the task force. The bill permits the Commissioner to utilize no more than 10 percent of any funds appropriated for student mental health programs to support the task force.

<td>1</td>
<td>Amends Chapter 38, TEC, by adding Subchapter F</td>
<td>Section 1 of the bill amends Chapter 38 of the Texas Education Code by adding Subchapter F (TEC §§38.301-38.311). §38.301 is added to define “institution of higher education” as having the meaning assigned by TEC §61.003 and defining “task force” as the Collaborative Task Force on Public Mental Health Services. §38.302 establishes that the purpose of the task force is to study and evaluate: 1) mental health services that are funded by competitive state grants and provided at a school district, or open-enrollment charter school, directly to a student, a parent or family member of or person standing in parental relation to a student enrolled at the district or school, or an employee of the district or school; 2) training provided to an educator employed by the district or school to provide these mental health services; and (3) the impact of mental health services on various students. §38.303 establishes that the task force membership is composed of the Commissioner, or the Commissioner’s designee, and additional members whom the Commissioner shall appoint without regard to race, color, disability, sex, religion, age or national origin of the appointee. The task force is not subject to Government Code, Chapter 2110. §38.304 designates the Commissioner as the interim presiding officer at the initial task force meeting. The task force during the initial meeting shall select from the members a presiding officer and may select an assistant presiding officer and secretary. §38.305 prohibits compensation or reimbursement of a member of the task force for service on the task force. §38.306 requires the task force, after the initial meeting, to meet at least twice a year at a time and place determined by the presiding officer and may also meet at other appropriate times. Meetings may be held on the presiding officers’ own motion and by teleconference.</td>
</tr>
</tbody>
</table>
§38.307 requires the Commissioner to designate one institution of higher education with experience in evaluating mental health services to serve as the lead institution providing faculty, staff and administrative support as determined necessary by the task force to administer this subchapter. This section requires that TEA maintain data collected by the task force under TEA’s information security plan and under TEA’s record retention schedule. The Commissioner is also required to designate two additional institutions to assist the task force and the lead institution. In making a designation under this section, the Commissioner shall give preference to at least one predominantly black institution, as defined by 20 U.S.C. Section 1067q(c)(9). The agency, school districts and charter schools are required to provide information or other assistance to the task force when requested.

§38.308 requires the task force to: gather data on: 1) the number of students referred to inpatient or outpatient mental health providers; 2) the number of students transported from schools for emergency detentions; and 3) race, ethnicity, gender, special education status and geographic location of individuals who are provided services described in Sec. 38.302 or who fall within the first two categories of data collection. The task force is further required to study, evaluate and make recommendations regarding mental health services described by §38.302, including addressing: (1) the outcomes and effectiveness of services and training provided, including the outcomes and effectiveness of the service and training providers and the programs under which services and training are provided, in: improving student academic achievement and attendance, reducing student discipline, providing early mental health prevention and intervention, building skills relating to managing emotions, establishing and maintaining positive relationships and making responsible decisions, preventing substance abuse, preventing suicide, adhering to the purpose of the program services or training, promoting trauma-informed practices, and promoting a positive school climate, including improving safety in the district or school; (2) best practices for districts and schools in providing services or training; and (3) disparities in the race, ethnicity, gender, special education status, and geographical location of individuals receiving the services. The task force may also evaluate mental health services funded from a source other than a competitive grant.

§38.309 provides that the task force must maintain the confidentiality of student medical and educational information under federal (HIPAA—42 U.S.C. Sec. 1320d et seq.—and FERPA—20 U.S.C. Sec. 1232g) and state privacy laws.

§38.309 requires the first report from the task force no later than November 1, 2020, and a second report due no later than November 1, 2022, containing the results of the task force’s activities conducted under §38.308 and recommendations for legislative or other action. The report is to be submitted to the Governor, Lieutenant Governor and Speaker of the House.

§38.310 allows the task force to accept gifts or grants from a private individual, foundation or federal government. The task force is prohibited from spending more than 10 percent of any money appropriated to it for the administration of the task force. The section also permits the Commissioner to utilize no more than 10 percent of any funds appropriated for student mental health programs to support the task force.
§38.311 provides for the abolishment of the task force and expiration of this subchapter on December 1, 2022.

| 2 | N/A | Section 2 requires, not later than October 1, 2019, the Commissioner to appoint the members of the task force and designate the institutions of higher education to provide support services, as required by TEC §38.303 and §38.307, as added by this bill.

Effective Date: Immediately

Does this Affect Charters: Yes

Summary of implementation requirements (rules, study, contract, pilot program, etc.):
The bill requires the creation of a collaborative task force on public school mental health services.

Development of accurate measures for consistent mental health outcome reporting requirements by the task force for use by Texas public schools will be required. These measures will be utilized by each local education agency (LEA) for data collection and reporting to the task force for analysis in order to determine effectiveness and overall outcomes. LEAs will need to consistently measure results and report data to the task force for proper evaluation.

This bill requires the first report from the task force no later than November 1, 2020, and a second report due no later than November 1, 2022, containing the results of the task forces activities conducted under §38.308 and recommendations for legislative or other action. The report is to be submitted to the Governor, Lieutenant Governor and Speaker of the House.

Summary of IT and Data Implications:
This bill requires TEA maintain data collected by the task force under TEA’s information security plan and under TEA’s record retention schedule.
**HB 961**

**Bill Summary:** House Bill 961 allows a school nurse to be a member of the required district or charter school concussion oversight team.

**Section-by-Section Analysis:**

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
</table>
| 1            | Amends TEC §38.154       | Existing statute requires school districts and open-enrollment charter schools to have a concussion oversight team. Membership of the team must include at least one physician and, to the greatest extent practicable, an athletic trainer, advanced practice nurse, neuropsychologist, and physician assistant. 
This legislation permits, if a district or charter school employs a school nurse, a school nurse to be a member of the concussion oversight team if requested by the school nurse. |
| 2            | Amends TEC §38.156       | A student must be removed from an interscholastic athletics practice or competition immediately if a coach, physician, licensed health care professional, person licensed under Texas Occupations Code, Chapter 201, or the student’s parent or guardian believes the student might have sustained a concussion during the practice or competition. A school nurse has been added to the list of individuals who are required to remove a student from practice or competition if the student is suspected of having sustained a concussion. 
Existing law requires members of the concussion oversight team to receive training from an authorized training provider at least every two years. The training must address concussions, including evaluation, prevention, symptoms, risks, and long-term effects of concussions. 
This legislation requires a school nurse who serves as a member of a concussion oversight team to complete the required training course. The bill also establishes that a school nurse who is not in compliance with the concussion training requirements may not serve as a member of the concussion oversight team in any capacity. |

**Effective Date:** Immediately

**Does this Affect Charters:** Yes

**Summary of implementation requirements (rules, study, contract, pilot program, etc.):**  
Local education agencies must ensure that nurses who serve on a concussion oversight team complete the required training every two years.

**Summary of IT and Data Implications:**  
None
Bill Summary: House Bill 963 requires that each school district that maintains a website must post on the website the name, e-mail address, and term of office, including the date the term began and the date the term expires, of each member of the district’s board of trustees.

Not later than March 1, 2020, the State Board of Education (SBOE) must review the TEKS for career and technical education (CTE) and technology applications and amend the board’s rules to consolidate the technology applications courses for grades 9-12 with the CTE courses and eliminate duplicative courses while ensuring certifications are aligned with the rigor of each individual course.

</tr>
<tr>
<td>2</td>
<td>Amends TEC §29.906</td>
<td>Previously, TEC §29.906 permitted school districts to provide a character education program that includes a variety of positive character traits. This bill identifies positive character traits and adds gratitude to the list of positive character traits. The SBOE is required to integrate the traits into the Texas essential knowledge and skills (TEKS) adopted for kindergarten through grade 12, as appropriate. Each school district and open-enrollment charter must adopt a character education program that includes the required positive character traits. The SBOE is permitted to adopt rules as necessary to implement the requirements of this legislation.</td>
</tr>
<tr>
<td>3</td>
<td>N/A</td>
<td>This section of the bill establishes that the Act applies beginning with the 2019-2020 school year. The SBOE will be unable to complete the rulemaking process including the statutorily required public comment period and adopt the rules necessary to implement this legislation before the beginning of the 2019-2020 school year.</td>
</tr>
</tbody>
</table>

**Effective Date:** Immediately

**Does this Affect Charters:** Yes

**Summary of implementation requirements (rules, study, contract, pilot program, etc.):**
The SBOE is permitted, but not required, to adopt rules as necessary to implement this legislation.

School districts and charter schools that do not already have a character education program that aligns with the requirements of this legislation will need time to adopt a program to implement the statutory requirements.

**Summary of IT and Data Implications:**
The agency is required to collect data on character education programs from districts and charter schools.
Bill Summary: House Bill 1051 changes the adult high school diploma and industry certification charter school program from a pilot to a permanent program. The bill allows individuals who have received certificates of high school equivalency to qualify for the program and would eliminate limitations on the ages of individuals who could qualify for the program. The bill also changes the funding mechanism from being partially funded through a general revenue rider appropriation to being fully funded through the Foundation School Program (FSP). This new information will be reported through the Public Education Information Management System (PEIMS).

</thead>
<tbody>
<tr>
<td>1</td>
<td>Amends TEC §12.137(a)</td>
<td>This section removes the “pilot” designation and now refers to the adult high school diploma and industry certification charter school program.</td>
</tr>
<tr>
<td>2</td>
<td>Adds TEC §29.081 (d) (2)</td>
<td>The definition of “at risk of dropping out of school” is expanded to include students, regardless of age, who participate in an adult education program provided under a high school diploma and industry certification program under TEC §29.259.</td>
</tr>
<tr>
<td>3</td>
<td>Amends TEC §29.259</td>
<td>The heading for this section is amended by removing the term “pilot.” The new heading reads “Adult High School Diploma and Industry Certification Charter School.”</td>
</tr>
</tbody>
</table>
| 4            | Amends TEC §29.259        | References to the previous pilot program are removed. Additionally, this section changes the beginning age of eligibility for the program from 19 to 18 years of age and allows the participation of a student who earned a certificate of high school equivalency but would require that priority be given to a person that has not earned a high school equivalency certificate. Program requirements were added that require the non-profit entity to:  
|              |                          | • use an instructional model where at least 75 percent of instruction be delivered by a teacher in an in-person interactive classroom setting; and  
|              |                          | • provide support services to students including no-cost childcare, life-coaching services, mental health counseling, and instructional support services for students with disabilities or impairments.  
|              |                          | If money is appropriated for expansion of this program for a state fiscal year, the entity must submit any expansion amendment request not later than June 30th. The expansion is considered approved if the Commissioner does not provide written notice to nonprofit entity of the disapproval on or before August 1st.  
|              |                          | The nonprofit would be entitled to funding for all students through the FSP equal to the amount of funding for students at an open-enrollment charter school. |
| 5            | Amends TEC §29.259 (d)    | This section removes “pilot” from the statute language. |
| 6            | Adds TEC §39.053(g-4)     | This section requires the Commissioner, for purposes of the computation of dropout and completion rates such as high school graduation rates, to exclude a student who was reported as having dropped out of school under TEC §42.006(a-9), and the student could not be considered to have dropped out from the school district or campus in which the student was last enrolled. |
| 7            | Amends TEC §42.003(a)     | References to the pilot are removed. Additionally, the beginning age eligibility for the program is changed from 19 to 18 years of age for eligibility for FSP funding. |

64
|   | Adds new §42.006(a-8) | This section requires the Commissioner, by rule, to require each school district and open-enrollment charter school to annually report through PEIMS information regarding the number of students who are enrolled in a high school equivalency program, a dropout recovery school, or an adult education program provided under a high school diploma and industry certification charter school program provided by the district or school and who are at least 19 years of age and under 26 years of age; have not previously been reported to the agency as dropouts; and enroll in the program at the district or school after not attending school for a period of at least nine months.

This section would also add new §42.006(a-9) to require a student reported under Subsection (a-8) as having enrolled in a high school equivalency program, a dropout recovery school, or an adult education program provided under a high school diploma and industry certification charter school program to be reported through PEIMS as having previously dropped out of school.

|   | N/A | This act applies beginning with the 2019-2020 school year.

|   | N/A | To ensure accurate funding; and accurate collection, analysis, and reporting of information; the Commissioner shall update PEIMS as necessary to accommodate reporting regarding students at least 26 years old and not more than 50 years old enrolled in these programs.

**Effective Date:** Immediately

**Does this Affect Charters:** Yes

**Summary of implementation requirements (rules, study, contract, pilot program, etc.):**
The Commissioner must adopt a rule imposing annual PEIMS-reporting requirements for each school district and charter school. The Commissioner will also amend charter school rules in Title 19 of the Texas Administrative Code, Chapter 100 related to expansion.

**Summary of IT and Data Implications:**
Each school district and open-enrollment charter school must annually report through PEIMS information regarding the number of students who are enrolled in a high school equivalency program, a dropout recovery school, or an adult education program provided under a high school diploma and industry certification charter school program provided by the district or school and who are at least 19 years of age and under 26 years of age, have not previously been reported to the agency as dropouts, and enroll in the program at the district or school after not attending school for a period of at least nine months.

TEA will add a new indicator for school districts and charter schools to report whether or not the student has attended school in the last nine months: ATTEND-SCHOOL-PREV-NINE-MONTHS-INDICATOR. Additionally, TEA will create a report that school districts and charter schools could reference to determine if a student has previously been reported as a dropout in Texas. TEA anticipates these changes will be implemented in the 2020-2021 school year.

School districts and open-enrollment charter schools will have to change their rules with regards to what sort of documentation they will accept for residency with this bill.

**Summary of IT and Data Implications:**
None
Bill Summary: House Bill 1702 expands the duties of an institution of higher education’s liaison officer for current or incoming students who are or were in foster care. Liaison officers must identify students who are or were formerly in the conservatorship of the Department of Family and Protective Services from information provided to the institution in admission or financial aid applications or other available resources. This bill creates cross-system collaboration opportunities between high school counselors, school districts, and institutions of higher education as students in foster care transition from high school into higher education.

<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Amends TEC §25.007</td>
<td>Seven events are listed in §25.007(b)(10) that may significantly impact the education of a child in foster care in which school districts and charter schools are required to notify the child’s educational decision-maker and caseworker, including referrals for evaluation of special education or Section 504, ARD committee meetings, reports of restraint and seclusion and use of corporal punishment.</td>
</tr>
<tr>
<td>2</td>
<td>Amends TEC §29.0151</td>
<td>This section adds the appointment of a surrogate parent for the child under §29.0151 to the list of events requiring notice. Current law states a surrogate parent appointed by a school district may not be an employee of the state, but this is amended to state that a surrogate parent may not be an employee of TEA (rather than the state). Section 2 adds §29.0151(e-1) requiring that a school district provide written notice to the child’s educational decision-maker and caseworker of the appointment of a surrogate parent, as soon as practicable after the appointment. Current law states that if a court appoints a surrogate parent for a child with a disability in foster care and the school district determines the surrogate parent is not properly performing the required duties, then the school district must consult the Department of Family Protective Services (DFPS) and appoint another person to serve as the surrogate parent. HB 1709 amends §29.0151(c)(1) to require the school district to consult with DFPS regarding whether another person should be appointed to serve as the surrogate parent. Amends §29.0151(g) and requires that DFPS, upon notice from the school district that the court-appointed surrogate parent is unable or unwilling to properly perform the required duties, if DFPS agrees with the district, to notify the court of the agreement, and requires the court to review the appointment and enter an order to ensure the child has a surrogate parent who performed the required duties.</td>

<td>Adds TEC §44.151, transferred from TEC Chapter 46 and renumbered</td>
<td>This section transfers TEC §46.0111 to TEC Chapter 44, renumbers it as §44.151, and amends the title to read: Actions Brought for Defective Design, Construction, Renovation, or Improvement of School District Facility. A reference for the definition of instructional facility is added. This section makes the following changes to renumbered TEC §44.151: In Subsection (a)(1), instructional facility has the meaning assigned by Section 46.001; In Subsection(a)(3), state assistance now refers to Subchapter A, Chapter 46. In Subsection (b), a district shall provide the written notice of a structural defect action, including the petition to the commissioner of education (Commissioner) by registered or certified mail with return receipt requested not later than the 30th day after the action is filed. If the district does not notify the Commissioner, then the action is dismissed without prejudice. The dismissal of an action under this subsection extends the statute of limitations on the action for a period of 90 days. In new Subsection (b-1), the notice required under Subsection (b) must include: (2) an itemized list of the defects in the design, construction, renovation, or improvement for which the district is seeking damages under the action. Under Subsection (c), the Commissioner may join, on behalf of the state, in an action brought under Subsection (b) involving a facility financed by bonds in which a district received state assistance under Subchapter A, TEC, Chapter 46. Under Subsection (d), a district that brings an action under Subsection (b) shall use the net proceeds from the action for: (1) the repair of the defective design, construction, renovation or improvement of the impacted facility, including the repair of any ancillary damage to furniture and fixtures; (2) the replacement of the impacted facility; (3) the reimbursement of the district for a repair or replacement made under Subdivision (1) or (2); or (4) any other purpose with written approval from the Commissioner. Subsection (e) provides that the district shall provide an itemized accounting of any repairs made under Subsection (d) to the Commissioner. (f) The state has a share in an action under Subsection (b) for which the district received state assistance.</td>
</tr>
</tbody>
</table>
| 3 | Adds TEC §44.152 | Subsection (a) of new §44.152 provides the attorney general with the discretion to, on behalf of the state, enjoin the school district from violating the provisions of §44.151, after providing at least two weeks’ notice to the district.

Subsection (b) provides that the attorney general may request legal relief in the interest of the public, including civil penalties not to exceed $20,000 for each violation, reasonable costs for investigating and prosecuting the violation; or, the amount of the state’s share under §45.151(f).

Subsection (c) provides that not later than December 1 of each year the attorney general shall submit to the governor, lieutenant governor, members of the legislature and the Commissioner a report on any actions taken. The report must include the filing date, the cause number, the district that is the subject of the action, and the court in which the action was brought.

</thead>
</table>
| 1            | Adds Texas Labor Code §315.007(c), (d), and (e) | Texas Labor Code §315.007(a), Performance Incentive Funding, specifies that the Texas Workforce Commission (TWC) must, by rule, develop and establish a performance-based process for annually awarding funds to entities that deliver adult education and literacy services. The process must be designed to reward those entities demonstrating exemplary performance in the delivery of services. The TWC is required to prescribe criteria for evaluating performance and procedures for taking corrective action. This legislation requires that for the award of funds to entities that deliver adult education and literacy services based on performance during a program year, criteria must include the achievement by an entity of the following enrollment target and performance benchmarks:  
  - The enrollment in a high school equivalency program or a postsecondary ability to benefit program of at least 25 percent of all students receiving adult education and literacy services from the entity during that program year.  
  - The achievement by the end of that program year of a high school equivalency certificate or a postsecondary certificate by at least 70 percent of those students receiving adult education and literacy services from the entity at the beginning of that program year who are enrolled in a high school equivalency program or a postsecondary ability to benefit program.  

Members of the TWC must approve the award of any funds.  
"Postsecondary ability to benefit program" is defined as a postsecondary certificate program in which a person who does not have a high school diploma or equivalency certificate and who both qualifies for federal student financial aid and demonstrates on an assessment instrument that the person can pass college-level courses with some support may enroll. |

</tr>
</tbody>
</table>

"Alternative education program" is defined as including a disciplinary alternative education program (DAEP) operated by a school district or open-enrollment charter school; a juvenile justice alternative education program (JJAEP); and a residential program or facility operated by or under contract with the Texas Juvenile Justice Department, a juvenile board, or any other governmental entity.

"Licensed clinical social worker" is defined as having the meaning assigned by Texas Occupations Code §505.002.

As soon as practicable after an alternative education program determines the date of a student’s release from the program, the alternative education program administrator must provide written notice of that date to the student’s parent or a person standing in parental relation and the administrator of the campus to which the student intends to transition. The program must also provide the campus administrator an assessment of the student’s academic growth while attending the alternative education program and the results of any assessments administered to the student.

Not later than five instructional days after the date of a student’s release from an alternative education program, the campus administrator must coordinate the student’s transition to a regular classroom.

The campus administrator must develop a personalized transition plan for the student. If practicable, the campus administrator or the administrator’s designee, must meet with the student’s parent or a person standing in parental relation to the student to coordinate plans for the student’s transition.

These requirements only apply to a student subject to compulsory attendance requirements under TEC §25.085.

<td>N/A</td>
<td>TEA must conduct a study on the investments and management of funds by school districts and open-enrollment charter schools and report it to the Governor and the Legislature by June 1, 2020.</td>
</tr>
</tbody>
</table>

**Effective Date:** September 1, 2019

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
TEA must conduct a study regarding the investment and management of funds by school districts and open-enrollment charter schools. School districts (or the entity that manages a district’s funds) must, upon TEA’s request, provide information regarding the district’s or school’s investments, asset allocations, fees and risks, and the district’s or school’s cash flow, fund balances and other revenue sources. This report is due to the Governor, Lieutenant Governor, Speaker of the House, and each standing committee of the legislature by June 1, 2020.

**Summary of IT and Data Implications:** None
Bill Summary: House Bill 2778 raises the aggregate county population eligibility requirement for agreed allocation of joint election expenditures from 46,100 to 55,000. This bill only affects school districts (not TEA).

Bill Summary: House Bill 2840 requires certain governmental bodies, including school district boards of trustees and governing bodies of open-enrollment charter schools, to allow each member of the public who desires to address the body regarding an item on the agenda for an open meeting to do so before or during the body’s consideration of that item.

Section-by-Section Analysis:

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
</table>
| 1            | Adds Government Code §551.007 | Certain governmental bodies must allow each member of the public who desires to address the body regarding an item on an agenda for an open meeting of the body to do so before or during the body’s consideration of that item.

Under this section, governmental bodies are granted rulemaking authority regarding the public’s right to address the body, including establishing rules that limit the total amount of time a member of the public can address the body on a given item. If the governmental body does not use simultaneous translation equipment in a manner that allows the body to hear the translated public testimony simultaneously, then the body must provide at least twice the amount of time for non-English speakers using a translator to address the body.

A governmental body may not prohibit public criticism of the body, including criticism of any act, omission, policy, procedure, program or service (except for criticism that is otherwise prohibited by law).

Effective Date: September 1, 2019

Does this Affect Charters: Yes

Summary of Implementation Requirements (rules, study, contract, pilot program, etc.): School boards and open-enrollment charter school governing bodies must ensure open meetings held after September 1, 2019 comply with the requirements of HB 2840. These bodies will need to update their policies and procedures accordingly.

Summary of IT and Data Implications: None
HB 2984
Author: Allison, Steve
Sponsor: Taylor, Larry

Bill Summary: House Bill 2984 would require the State Board of Education (SBOE) to adopt Texas Essential Knowledge and Skills (TEKS) for technology applications for grade kindergarten through grade 8 to include coding, computer programming, computational thinking, and cybersecurity.

Section-by-Section Analysis:

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Adds TEC §28.002(c-3)</td>
<td>This bill requires the SBOE to include coding, computer programming, computational thinking, and cybersecurity in the Texas Essential Knowledge and Skills (TEKS) for technology applications for kindergarten through grade 8. The SBOE must review and revise the technology applications TEKS every five years to ensure that the standards are relevant to student education and align to current or emerging professions.</td>
</tr>
<tr>
<td>2</td>
<td>Adds TEC §28.0181</td>
<td>TEA must create a computer science strategic advisory committee to develop and provide recommendations for increasing computer science instruction and participation in public schools. The committee must be composed of at least 11 members and must include:</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• two members appointed by the governor;</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• two members appointed by the lieutenant governor;</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• two members appointed by the speaker of the house of representatives;</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• one member appointed by the chair of the senate committee with primary jurisdiction over primary and secondary education;</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• one member appointed by the chair of the senate committee with primary jurisdiction over higher education;</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• one member appointed by the chair of the house of representatives committee with primary jurisdiction over primary and secondary education;</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• one member appointed by the chair of the house of representatives committee with primary jurisdiction over higher education; and</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• one member appointed by the chair of the State Board of Education. The committee may choose to add additional members in a manner determined by the committee and at the committee’s discretion.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>In choosing the committee members, the governor, lieutenant governor, and speaker of the house of representatives must coordinate their six appointments to ensure that those committee members include:</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• three educators who teach in a public school and are certified in computer science;</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• one parent or person standing in parental relation to a student enrolled in a public school;</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• one person employed in the technology industry; and</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• one faculty member of an institution of higher education.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>The governor must designate a presiding officer of the committee to serve in that capacity at the pleasure of the governor. The advisory committee may hold public meetings. TEA staff members must provide administrative support for the advisory committee.</td>
</tr>
</tbody>
</table>
The advisory committee members are not entitled to compensation but are entitled to reimbursement for actual and necessary expenses incurred in fulfilling committee duties. Funding for the administrative and operational expenses of the advisory committee must be appropriated to TEA for this purpose.

The advisory committee must submit a report to the governor and legislature no later than September 1, 2020. The report must include recommended changes to law including funding proposals and timelines to implement recommendations. The report must include recommendations intended to:

- increase the number of certified computer science teachers;
- increase the number of public high schools offering computer science courses;
- increase the number of high school students enrolled in computer science courses;
- encourage the enrollment of diverse student populations in computer science courses; and
- expand computer science learning opportunities, including computer programming, computer coding, cybersecurity, and computational thinking, in public schools.

The advisory committee is abolished January 1, 2021.

| 3 | N/A | As soon as practicable after the effective date of this Act, the members of the computer science strategic advisory committee must be appointed. |
| 4 | N/A | This section establishes that the bill would require the SBOE to take action to revise the standards no later than December 1, 2020. |
| 5 | N/A | This section establishes that the State Board of Education is required to implement this Act only if the legislature appropriates money specifically for that purpose. If the legislature does not appropriate money specifically for that purpose, the SBOE may, but is not required to, implement a provision of this Act using other appropriations available for that purpose. |

**Effective Date:** Immediately

**Does this Affect Charters:** No

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
The legislation expressly requires the SBOE to adopt rules to incorporate the topics of coding, computer programming, computational thinking, and cybersecurity into the technology applications TEKS. The bill specifies that the SBOE must review and revise the technology applications TEKS no later than December 1, 2020.

Currently the SBOE reviews foundation area subjects on average, every eight years. This legislation requires an accelerated timeline compared to other subjects to review and revise the TEKS and the related instructional materials adoption.

**Summary of IT and Data Implications:**
New courses will likely be developed and will need to be added to the Service ID code table.
HB 3007
Author: Turner, Chris
Sponsor: Powell, Beverly

Bill Summary: House Bill 3007 requires the agency to provide districts a copy of all source data supplied by an entity other than the district for which the agency considers when determining accreditation status and accountability ratings.

<td>N/A</td>
<td>The bill will be effective for the 2019–20 school year.</td>
</tr>
</tbody>
</table>

Effective Date: September 1, 2019

Does this Affect Charters: No

Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):
The data that would be affected by this bill includes Texas Success Initiative Assessment, SAT, ACT, Advanced Placement (AP), International Baccalaureate, and OnRamps outcomes. Currently TEA’s Performance Reporting Division releases these outcomes as matched to students in June prior to the August release of accountability ratings. In order to comply with Family Educational Rights and Privacy Act (FERPA), the agency matches outcome data to students in order to only release data applicable to each district. The agency cannot allow districts access to confidential student-level data that is not applicable to a district. Student-level data that cannot be matched to a specific district cannot be shared without violating FERPA.

Summary of IT and Data Implications:
This bill requires Performance Reporting to provide to districts a report including all source data supplied by outside entities.
HB 3011
Author: Turner, Chris
Sponsor: Powell, Beverly

Bill Summary: House Bill 3011 requires the Texas Higher Education Coordinating Board (THECB) to provide to districts a copy of all source data supplied by an institution of higher education for which the agency considers when determining accreditation status and accountability ratings.

Section-by-Section Analysis:

<table>

<td>1</td>
<td>Amends TEC §39.022</td>
<td>This section establish that it is the policy of the state of Texas that the statewide assessment program is designed to provide assessment instruments that are as short as practicable and minimize the disruption to the educational program.</td>
</tr>
<tr>
<td>2</td>
<td>Amends TEC §39.023(a)</td>
<td>Currently, students in grades three through seven must be assessed in mathematics annually without the aid of technology and in grade eight with the aid of technology on any assessment that includes algebra. Effective September 1, 2021, this bill amends TEC §39.023(a), to eliminate language related to the use of technology for mathematics assessments and simply require that mathematics be assessed annually in grades three through eight. This section also eliminates the requirement for grades 4 and 7 writing assessments.</td>
</tr>
</tbody>
</table>
| 3            | Amends TEC §39.023       | This bill amends TEC §39.023(a), to eliminate language related to the use of technology for mathematics assessments and simply require that mathematics be assessed annually in grades three through eight. This section adds new TEC §39.023(a-4) to allow the State Board of Education by rule to designate sections of the grades 3–8 mathematics assessments that may be completed with the aid of technology and must be completed without the aid of technology. This section amends TEC §39.023(a-12) (a) to establish that an assessment instrument may not have more than three parts and to require that a part of an assessment be designed so that
  1. If administered to students in grades 3 and 4, 85 percent of students will be able to complete that part within 60 minutes; and
  2. If administered to students in grades 5-8, 85 percent of students will be able to complete that part within 75 minutes. This section amends TEC §39.023(a-13) to allow the administration of assessments in multiple parts over more than one day. The bill adds TEC §39.023(a-14) to establish that Subsections (a-12) and (a-13) do not apply to the administration of assessment instruments for a grade level if, as a result of the time restriction imposed, the assessment instrument no longer complies with federal law, or is no longer valid and reliable, based on findings and recommendations made by the technical advisory committee or the educator advisory committee. New TEC §39.023(a-15) indicates that the timing restrictions in (a-12) and (a-13) do not apply to a classroom portfolio method used to assess writing performance. |
New TEC §39.023(a-16) prohibits an assessment instrument under this section from being administered to a kindergarten student except for the purpose of determining whether the student is entitled to the benefit of the Foundation School Program.

This section amends TEC §39.023(b-1) to allow a classroom portfolio method used to assess writing performance to require a teacher to prepare tasks and materials.

The amends subsection (c) to establish that the Algebra I EOC assessment may include one or more parts that prohibit the use of technology. This section also eliminates the language that requires the English I and English II EOC assessments to assess both reading and writing “in the same assessment instrument”. The bill also allows EOC assessments to be administered in multiple parts over more than one day.

This section amends TEC §39.023(c-3) to prohibit assessment instruments administered under Subsection (a) or (c) from being administered on the first instructional day of a week.

This section adds TEC §39.023(c-7) to indicate that the scheduling requirements in subsection (c-3) do not apply to a classroom portfolio method used to assess writing performance if student performance under that method is less than 50 percent of a student’s overall assessed performance in writing.

New TEC §39.023(c-8) establishes that, beginning with the 2022-2023 school year, an assessment instrument developed for grades 3-8 and for EOC may not present more than 75 percent of the questions in a multiple-choice format.

New TEC §39.023(o) requires TEA to adopt or develop optional interim assessment instruments for each subject or course for each grade level subject to state assessment. A school district may not be required to administer these interim assessment instruments. An interim assessment instrument must be predictive of the assessment instrument for the applicable subject or course for that grade level required and administered electronically. An interim assessment cannot be used for accountability purposes.

<td>This section requires TEA to ensure that assessment instruments required under TEC §39.023 are capable of being administered electronically.</td>
</tr>
<tr>
<td>6</td>
<td>Adds TEC §§39.02341, 39.0236, and 39.0237</td>
<td>This section adds new TEC §39.02302 to require the Commissioner to appoint a technical advisory committee and an educator advisory committee. TEA would be permitted to compensate a member of the technical or educator advisory committee or reimburse the member for expenses incurred in the performance of duties related to service on the committee. The selection of or payment to a member of the technical or educator advisory committee is not subject to Chapter 2110 or 2254, Government Code. This section adds TEC §39.0234 to require TEA to ensure that assessment instruments required under TEC §39.023 are capable of being administered electronically.</td>
</tr>
</tbody>
</table>
This section adds new TEC §39.02341 to require TEA, in consultation with the SBOE, to develop a transition plan to administer all assessment instruments electronically beginning not later than the 2022-2023 school year. The plan must

- evaluate the availability of Internet access for each school district in this state;
- identify changes to state law or policy necessary to improve the availability of Internet access;
- evaluate the state’s experience with administering online assessment instruments, including the occurrence or effects of power outages or other types of disruptions of Internet service, and actions taken by the state to mitigate the occurrence and effect of those disruptions; and
- identify and evaluate actions taken by the state to improve the administration of online assessment instruments.

TEA must implement the transition plan beginning on September 1, 2021. In order to ensure legislative approval of the transition plan, this subsection expires August 31, 2021.

Not later than December 1, 2020, TEA must submit to the Governor, the Lieutenant Governor, Speaker of the House and the members of the legislature a report on the plan. The report must include information from school districts assessing the needs of those districts in transitioning to electronic administration; any recommended changes to state law to assist in the transition; and a recommended timeline for statewide implementation of electronic administration.

§39.02341 expires September 1, 2023.

This section would add new TEC §39.0236 to require the agency to establish a pilot program in which participating school districts administer to students integrated formative assessment instruments for subjects or courses for a grade level subject to assessment under TEC §28.006 or 39.023.

A school district may elect to participate in the pilot program.

A school district’s participation in the pilot program would not affect the district’s obligations regarding the administration of assessment instruments required under §39.023.

Not later than December 1st of each even-numbered year, TEA must submit to the Governor, the Lieutenant Governor, Speaker of the House and the members of the legislature a report on the pilot program that includes an analysis of whether the administration of integrated formative assessment instruments under the pilot program provided any improvement in instructional support during the preceding two school years; and a determination of the feasibility of replacing the assessment instruments required under Section 39.023 with integrated formative assessment instruments.

This section adds TEC §39.0237 to establish that performance on an assessment instrument administered to students in prekindergarten may not be considered for any purpose under this chapter or Chapter 39A.

7  Adds TEC §25.904  New TEC §25.904, Use of Calculator Application in Place of Graphing Calculator, requires school districts to permit a student enrolled in a course requiring graphing calculators to use a calculator application on a computing device, including a personal, laptop, or tablet computer, that provides the same functionality, unless the district makes available to the student a graphing calculator at no cost to the student. School
districts may adopt policies related to student use of computing devices in accordance with this legislation. If conflicts exist with TEC §37.082, Possession of Paging Devices, this new section would prevail.

**Effective Date:** This Act takes effect immediately, except Section 2 takes effect September 1, 2021.

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**

The SBOE is permitted to by rule to designate sections of a mathematics assessment instrument for a grade level that may be completed with the aid of technology and must be completed without the aid of technology. Furthermore, the bill requires the Commissioner to adopt rules necessary to implement the changes in law made by this legislation.

TEA must adopt or develop optional interim assessment instruments for each subject and course subject to assessment. Adopted assessments must be capable of electron administration.

The commissioner must appoint a technical advisory committee and an educator advisory committee to advise the commissioner and TEA regarding the development of reliable assessment instruments.

The agency must establish a pilot program in which participating school districts administer to students integrated formative assessment instruments for subjects or courses for a grade level subject to assessment under TEC §28.006 or 39.023. TEA must submit to the Governor, the Lieutenant Governor, Speaker of the House and the members of the legislature a report on the pilot program that includes an analysis of whether the administration of integrated formative assessment instruments under the pilot program provided any improvement in instructional support during the preceding two school years; and a determination of the feasibility of replacing the assessment instruments required under Section 39.023 with integrated formative assessment instruments.

In consultation with the SBOE, TEA must develop a transition plan to administer all assessment instruments electronically by the 2022-2023 school year. TEA must submit to the Governor, the Lieutenant Governor, Speaker of the House and the members of the legislature a report on the transition plan. The report must include information from school districts assessing the needs of those districts in transitioning to electronic administration; any recommended changes to state law to assist in the transition; and a recommended timeline for statewide implementation of electronic administration.

Bill Summary: House Bill 4388 requires the State Board of Education (SBOE) and the School Land Board (SLB) to provide each other quarterly reports on the assets and funds of the permanent school fund for which each board is responsible. The bill would also create the permanent school fund liquid account and require the School Land Board to send any funds not being used for a statutory purpose and not needed for the next 90-days to the liquid account to be managed by the SBOE.

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Adds TEC §43.0052</td>
<td>This section requires the SBOE, each quarter, to provide to the SLB a financial report on the portion of the permanent school fund assets and funds for which the SBOE is responsible. The report must include target and actual allocations, by asset type, based on fair market value or net asset value; investment performance by asset type; benchmarks and benchmark performances; and costs of implementing and administering the permanent school fund liquid account, including costs associated with contracts for professional investment management, investment advisory services, and custodial services for the account.</td>
</tr>
<tr>
<td>2</td>
<td>Adds Natural Resource Code §32.068</td>
<td>Each quarter, the SLB must provide to the SBOE a financial report on the portion of the permanent school fund assets and funds for which the SBOE is responsible. The report must include target and actual asset allocations, by asset type, based on fair market value or net asset value; investment performance by asset type; and benchmarks and benchmark performances.</td>
</tr>
<tr>
<td>3</td>
<td>Amends Natural Resources Code §51.402(c)</td>
<td>This section establishes that on January 1st of each even-numbered year, the market value of the investments under Subsections (a)(6) and (8) may not exceed an amount that is equal to 15 percent of the market value of the permanent school fund on that date.</td>
</tr>
<tr>
<td>4</td>
<td>Adds Natural Resources Code §51.414</td>
<td>This section adds new Natural Resources Code §51.414, Permanent School Funds Liquid Account, to establish the permanent school fund liquid account as an account in the permanent school fund in the State Treasury to be used by the SLB and the SBOE as provided by this section. Each quarter, the SLB must hold a meeting and adopt a resolution to release from the real estate special fund account funds designated under Section 51.401 that are not being used for a purpose listed in Section 51.402(a) and are not required for the SLB’s anticipated cash needs for the 90-day period following the date of the meeting, to be deposited to the credit of the permanent school fund liquid account in the State Treasury. The SBOE may invest funds in the permanent school fund liquid account. The investments may be made only in liquid assets, in the same manner that the permanent school fund is managed by the SBOE. Investment income and realized capital gains derived from funds in the permanent school fund liquid account must be deposited in the State Treasury to the credit of the SBOE for investment in the permanent school fund. A deposit would not be required if the market value of the assets held in the permanent school fund liquid account is below cost.</td>
</tr>
</tbody>
</table>
The SBOE may use funds in the PSF liquid account to pay for administrative costs associated with implementing this section, including costs associated with contracts for professional investment management, investment advisory services, or custodial services.

The SLB must provide to the SBOE in each required quarterly report the board’s anticipated cash needs for the six-month period following the date of the report, to allow the SBOE to ensure that the SLB’s cash needs may be met as provided by Subsection (g).

Not later than the fifth business day after the date of a request of the SLB, the SBOE must release from the permanent school fund liquid account funds to be deposited to the credit of the real estate special fund account in the State Treasury in an amount requested by the SLB.

5 N/A The bill requires TEA, in consultation with the General Land Office, to conduct a study regarding distributions from the PSF to the Available School Fund that must cover certain topics, including the real value of distributions on a per student basis, the impact of data and methodological assumptions, alternative approaches, options to maximize distributions while preserving the PSF for future generations, and any other subjects relevant to the purpose of the study. TEA must complete the study by June 1, 2020 and may contract for assistance in conducting the study. This section expires January 1, 2021.

**Effective Date:** September 1, 2019

**Does this Affect Charters:** No

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
TEA must complete the study described in Section 5 by June 1, 2020 and may contract for assistance in conducting the study.

**Summary of IT and Data Implications:**
None
Bill Summary: House Bill 4611 redefines the Available School Fund (ASF) to also include distributions from the General Land Office or School Land Board and add such distributions to the 50% set aside from ASF to the Technology and Instructional Materials Fund each biennium, subject to the General Appropriations Act. This is the enabling legislation for HJR 151.

<td>The heading of this Section is changed to “AUTOMATIC ELECTION TO APPROVE TAX RATE OF SCHOOL DISTRICT.”</td>
</tr>
<tr>
<td>54</td>
<td>Amend Tax Code §26.08</td>
<td>Section 54 adds wildfire as a disaster exempting the district from holding an election to approve an increase in tax rates if increased expenditures are required as a result of the disaster.</td>
</tr>
<tr>
<td>75</td>
<td>Amends Government Code §403.302</td>
<td>Section 75 amends Government Code §403.302 Government Code which determines the taxable value of a school district for use in the Foundation School Program. New Section (k) requires the comptroller to notify an appraisal district which they find to have a non-valid local value and the appraisal district is required to hold a public meeting to discuss the receipt of the notice. New section (k-1) requires the comptroller, after finding the appraisal district not valid for three consecutive years, to provide the appraisal district with recommendations regarding appraisal standards and methodology. If the appraisal district fails to remedy the non-valid findings after one additional year the comptroller will be required to notify the Texas Department of Licensing and Regulation which would be required to ensure the recommendations are implemented in the subsequent year. This Section of the bill could assist school districts in resolving valuation discrepancies between their appraisal district and the comptroller which can negatively impact their state funding.</td>
</tr>

</thead>
<tbody>
<tr>
<td>1</td>
<td>Adds TEC §7.061</td>
<td>This section requires the Commissioner to adopt/amend rules to ensure that facilities standards provide a safe and secure environment and to continue to update those rules at least once each biennium.</td>
</tr>
<tr>
<td>2</td>
<td>Amends TEC §11.252(a)</td>
<td>Districts are required to include care policy required under section §38.036 within their annual district improvement plan.</td>
</tr>
<tr>
<td>3</td>
<td>Amends TEC §12.104(b)</td>
<td>Charter schools must follow school safety requirements under §§37.108, 37.1081, 37.1082, 37.109, 37.113, 37.114, 37.207, and 37.2071.</td>
</tr>
<tr>
<td>4</td>
<td>Amends TEC §21.054(d) and (d-2)</td>
<td>Continuing education requirements for classroom teachers must include trainings on how grief and trauma affect student learning and behavior and how evidence-based, grief-informed and trauma-informed strategies support the academic success of students affected by grief and trauma. These trainings must comply with the training required in §38.036(c) (1) and be approved by the Commissioner.</td>
</tr>
<tr>
<td>5</td>
<td>Amends TEC §25.081(a)</td>
<td>A school district may now operate for less than 75,600 minutes per school year if the Commissioner grants a waiver for a school district that requires each employed educator attend an approved school safety training course.</td>
</tr>
<tr>
<td>6</td>
<td>Adds TEC §25.0815</td>
<td>The Commissioner may provide waivers that allow for fewer minutes of operation and instructional time for districts that require each educator to attend a school safety training course. The waiver may not result in an inadequate number or instructional minutes for students or reduce the number of instructional time by more than 420 minutes. The Commissioner may adopt rules to implement.</td>
</tr>
<tr>
<td>7</td>
<td>Amends TEC §28.002</td>
<td>The State Board of Education must require school districts to incorporate instruction in digital citizenship into the district’s curriculum, including information regarding potential criminal consequences of cyberbullying. This section applies with the beginning of the 2019-2020 school year.</td>
</tr>
<tr>
<td>8</td>
<td>Amends TEC §28.004</td>
<td>This section requires that a local school health advisory council duties must include in its recommendations policies related to suicide prevention and strategies to increase parental awareness regarding:</td>
</tr>
<tr>
<td></td>
<td></td>
<td>A. risky behaviors and early warning signs of suicide risks and behavioral health concerns, including mental health and substance use disorders, and</td>
</tr>
<tr>
<td></td>
<td></td>
<td>B. available community programs and services that address risky behaviors, suicide risks and behavioral health concerns.</td>
</tr>
<tr>
<td>9</td>
<td>Amends TEC §37.0812</td>
<td>All school districts employing a peace or resource officer must create policy requiring officers complete education and training required by Section 1701.263 of the Occupation Code. Previously, only school districts with enrollment of 30,000 or more were subject to this requirement.</td>
</tr>
<tr>
<td>10</td>
<td>Amends TEC §37.108</td>
<td>A district’s Multi-hazard Emergency Operations Plan (MEOP) must address prevention, mitigation, preparedness, response and recovery as defined by the Texas School Safety Center (TxSSC) in conjunction with Commissioner, commissioner of higher education, the Governor’s office of homeland security.</td>
</tr>
</tbody>
</table>
A district’s MEOP must provide for:
- substitute teachers to be trained in emergency response
- all teachers including substitutes to have access to a communication device that allows contact with emergency services providers
- measures ensuring district communication technology and infrastructure adequately allows for communication during an emergency
- mandatory school drills.

This section clarifies that a district will follow either audit procedures developed by TxSSC or by a person within the TxSSC registry. A district must provide a signed audit report to the TxSCC and certify that the district used their school safety allotment only for the purposes provided by this section. Audits must be conducted every three years.

A district MEOP must include:
- Chain of command that designates decision-making during a disaster
- Provisions for responding to natural disaster, active shooter, or any other scenario required by TxSSC
- Provisions for safety of students in portable buildings
- Provisions for family notification in case of emergency
- Policy for providing substitute teachers access to buildings/materials required to respond during emergencies or drills
- The name of each person on the school safety and security committee and the date of each meeting.

</tr>
<tr>
<td>12</td>
<td>Amends TEC §37.109</td>
</tr>
<tr>
<td>13</td>
<td>Adds TEC §§37.113,</td>
</tr>
</tbody>
</table>
The Commissioner, in consultation with the TxSSC and the state fire marshal shall adopt rules providing procedures for evacuating and securing school property during an emergency and designating the number of mandatory school drills (not to exceed 8 total).

In coordination with the TxSSC, the Commissioner must adopt rules to establish a safe and supportive school program. The rules must incorporate research-based practices for school safety.

Each school district’s board of trustees must establish a threat assessment and safe and supportive school team responsible for determining the appropriate method for assessment and intervention of individuals who make threats of violence or exhibit threatening behaviors on the campus. Policies and procedures adopted by the team must be consistent with best practices as established by TxSSC. Threat assessment teams must complete training provided by TxSSC or Education Service Centers regarding evidence-based threat assessment programs.

Members of the Threat Assessment Team are appointed by the superintendent and include members with expertise in counseling, classroom instruction, school administration, and law enforcement. A team may serve more than one campus.

A threat assessment team shall assess and report individuals who make threats of violence or exhibit threatening behavior and provide guidance to students and school employees regarding recognizing threatening behavior and reporting potential threats. Threat assessment teams shall report determinations on students/others who pose serious risk of threat to the superintendent. For students, the superintendent shall attempt to inform the parent/guardian. This does not prevent staff from acting to prevent an immediate threat. If the threat assessment team identifies a student at risk of suicide, they shall act in accordance with the district’s suicide prevention program. If the threat assessment team identifies a student possessing alcohol, tobacco, or drugs, they shall act in accordance with district policies/procedures related to substance abuse prevention/intervention.

The threat assessment team must report to the agency regarding the team’s activities, the occupation of each person on the team, the number of the threats and description of types of threats, the outcome of threat assessments. Reported outcomes include disciplinary, law enforcement, or referrals to counseling or other services. The threat assessment team must also report the total number of citations, arrests, and incidents of uses of restraint, disaggregated by student gender, race and status receiving special education services. Districts can establish a committee or assign a committee to oversee the operations of threat assessment teams. It must include members with expertise in human resources, education, school administration, mental health, and law enforcement.

The TxSSC is authorized to require a district submit its MEOP for review if audit results indicate a district’s non-compliance. The TxSSC must provide written notice to non-compliant districts. The TxSSC must notify TEA of non-compliant school districts related to the MEOP audit.

TxSSC shall establish a random or need-based cycle for the center’s review and approval of MEOPs which provides for a review of each district’s plan. A school district is required to submit its MEOP to the TxSSC upon the center’s request. Upon review of a district’s MEOP, the TxSSC must:

- verify the plan meets TxSSC requirements
• provide the district with written notice of the MEOP’s deficiencies and what the district must correct.

For school districts that fail to submit their MEOP, the TxSCC must provide the district with written notice that the district has failed to submit a plan and is required to submit a plan to TxSCC for review and verification. Districts may revise and resubmit their plan to the TxSCC for approval. Districts must submit their revisions within 3 months of being notified of the MEOP’s deficiencies. If a district fails to submit revisions within 3 months, the TxSCC must notify the district and TEA of the district’s non-compliance. After 6 months of non-compliance, the district will be subject to sanctions by TEA.

<table>
<thead>
<tr>
<th></th>
<th>Amends TEC §37.2091(d)</th>

</tr>
</thead>
<tbody>
<tr>
<td>16</td>
<td>Adds TEC §37.220</td>
<td>The TxSCC, in coordination with TEA, must develop model policies and procedures to assist school districts in establishing and training threat assessment teams.</td>
</tr>
<tr>
<td>17</td>
<td>Adds TEC §38.036</td>
<td>Each school district must implement a policy integrating trauma-informed practices in each school environment using resources developed by TEA. School district must annually report to TEA campus-level data for the number of teachers, principals, and counselors who completed training. This section requires TEA update the 'Best-Practice List' developed in conjunction with the Health and Human Services Commission to address trauma. The Commissioner is required to adopt rules to implement this section.</td>
</tr>
<tr>
<td>18</td>
<td>Adds TEC Chapter 38, Subchapter F</td>
<td>Section 19 adds TEC §38.251 to develop a rubric to be used by the Regional Education Service Centers (ESCs) to identify mental health resources available to school districts in an ESC region. The rubric must be developed in conjunction with the Health and Human Services Commission (HHSC); the Department of Family and Protective Services (DFPS); the Texas Juvenile Justice Department (TJJD); the Texas Higher Education Coordinating Board (THECB); the Texas Child Mental Health Care Consortium (consortium); the Texas Workforce Commission (TWC); and any other state agency TEA considers appropriate. The rubric must provide for the identification of various mental health resources. The rubric must be updated by December 1 of odd-numbered years and provide the rubric to the ESCs. The first rubric must be distributed to ESCs by December 1, 2019. Section 19 adds TEC §38.252 and requires ESCs to use the rubric created by TEA to identify resources related to student mental health. ESCs are required to submit a report to TEA on the resources identified using the rubric no later than March 1 of even-numbered years. The first report must be submitted by the ESCs to TEA by March 1, 2020. Per new TEC §38.253, TEA must develop a list of statewide resources available to school districts to address mental health of students. TEA must develop the list in collaboration with HHSC, DFPS, TJJD, THECB, the Mental Health Care Consortium, TWC, one or more representatives of Communities In Schools programs, hospitals or other health care providers, community service providers, parent/educator/advocacy groups, and any entity TEA determines can assist in compiling the list. The list must include any resource available through an entity identified as a resource that provides evidence-based and promising programs and best practices. TEA must revise the list no later than March 1 of each even-</td>
</tr>
</tbody>
</table>

126
numbered year. TEA revise the list no later than March 1 of each even-numbered year (beginning on March 1, 2020).

New TEC §§38.254 and 38.255 pertain to a statewide plan for mental health. TEA must develop a statewide plan to ensure all students have access to adequate mental health resources. The plan must be revised April 1 of even-numbered years and submitted to the legislature and posted on the TEA website. Additionally, TEA must hold public meetings in each ESC region to present the plan and provide an opportunity for public comment at each meeting. TEA shall consult with any person the agency believes is necessary to support goals: (educators, mental health practitioners, advocacy groups, parents). Per §38.255 TEA must use the statewide plan to develop and revise TEA’s long-term strategic plan.

In accordance with new TEC §38.256, TEA will submit a report to the legislature by November 1 of even-numbered years. This report must describe changes that TEA made to the rubric under §38.251 and an analysis of each region’s progress toward meeting TEA’s goals developed under the statewide plan.

| 20 | Adds TEC §48.168 | From funds appropriated for that purpose, the Commissioner is required to provide to a school district an annual allotment in the amount provided by appropriation for each student in average daily attendance. The Commissioner is authorized to adopt rules to implement this section. |
| 21 | Amends TEC §45.001(a) | School districts may issue bonds to retrofit school buses with emergency, safety, or security equipment and for the purchase of retrofitting other vehicles used for these purposes. |
| 22 | Amends Health and Safety Code Chapter 113 | This section creates and designates members of the Texas Child Mental Health Care Consortium. The consortium is administratively attached to the Texas Higher Education Coordinating Board. |
| 23 | Amends Health and Safety Code §161.325(d) | This section allows a school district to provide educational material to all parents and families that contain information on identifying risk factors |
| 24 | Amends Occupation Code §1701.263 | All resource and peace officers must now complete an education and training program rather than just officers employed by districts with enrollment greater than 30,000. |
| 25 | See SB 500 | The Commissioner must establish and administer a grant program to award grants to local education agencies to improve and maintain student and school safety. |

**Effective Date:** Immediately

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
The Commissioner is granted rulemaking authority in Sections 1, 6, 11, 13, 18, and 20. The Commissioner must review and approve instruction for continuing education for educators to include how grief and trauma affect student learning and behavior. TEA may impose sanctions on school districts if found non-compliant with certain requirements of this bill. The State Board of Education is granted rulemaking authority to require school districts to incorporate instruction in digital citizenship into the district’s curriculum, including information regarding potential criminal consequences of cyberbullying.

School districts are required to adopt trauma-informed care policies and trainings, comply with facility standards established by Commissioner rule, update MEOPs, notify parents and guardians when certain threats occur, establish
and report information related to their threat assessment teams, and conduct audits following procedures established by the TxSCC.

**Summary of IT and Data Implications:**
TEA will need to update the Texas Student Data System to comply with the reporting requirements in Sections 13 and 18. Local education agencies must begin reporting at a campus level specific information related to the occupation of the members of the threat assessment team and related to specific threats and the resulting consequences and number of staff trained in specific trauma-informed care policy.

</tr>
<tr>
<td>28</td>
<td>Adds Government Code §§2261.258 and 2261.259</td>
<td>The 25 largest state agencies will be assigned one of the following ratings by the state auditor: 1) Additional monitoring warranted; 2) No additional monitoring warranted; or 3) Reduced monitoring warranted. If a state agency uses an authorized centralized accounting and payroll system or software system for procurement of goods and services, that agency may electronically submit written justification, verification, notification, or acknowledgement requirements to the comptroller.</td>
</tr>
</tbody>
</table>
A checklist ensuring agency compliance with state contracting rules and laws must be included in a state agency’s contract files. The comptroller shall create a model checklist, but a state agency may create its own consistent with the comptroller’s model.

An agency’s contract manager or procurement director must review the contents of the contract file to ensure all required documents are included before the contract is awarded for the purchase of goods and services. This must be certified in writing. The manager or director may delegate certification authority.

State agencies must notify the LBB at least 14 days before the agency rejects or approves a vendor’s proposed assignment if the contract is for a major information resources project or involves storing, receiving, processing, transmitting, disposing of, or accessing sensitive information in a country outside the US.

State agencies must take the necessary actions to implement this act as soon practical.

Act applies only in relation to a contract for which a state agency first advertises or otherwise solicits bids, proposals, offers, or qualifications on or after the effective date.

SB 500
Author: Nelson, Jane
Sponsor: Zerwas, John

Bill Summary: Senate Bill 500 provides supplemental appropriations and reductions in appropriations to various state agencies including the Texas Education Agency. The sections impacting TEA are shown below. These include:

- A reduction of $0.9 billion to the Foundation School Fund as a part of the biennial “true up” of public education funding sources;
- Appropriations totaling $219.6 million for special education purposes;
- Approximately $10.9 million for post-disaster recovery costs associated with the school shooting in Santa Fe;
- The amount of $100 million for school safety-related facility improvements;
- A total of $1.4 billion for Hurricane Harvey-related expenses; and
- Close to $40,000 to support the adult high school diploma and industry certification charter school pilot program.

Section-by-Section Analysis: Only the Sections affecting the Texas education Agency or school districts have been addressed.

<table>

</tr>
</thead>
<tbody>
<tr>
<td>29</td>
<td>(Reduction) Appropriations to TEA from the Foundation School Fund (one of several sources supporting school funding) for the fiscal biennium ending August 31, 2019, are reduced by $903,300,000. In addition, this section provides for a certain appropriation to the Foundation School Program (FSP) for the fiscal year ending August 31, 2019, of $21,495,735,602.</td>
</tr>
</tbody>
</table>
| 30           | (Addition) TEA is appropriated a total of $219,554,812 for special education purposes, including the following:

(a)(1) $33,302,428 to offset federal funds withheld or expected to be withheld as a result of a failure to maintain state financial support under the Individuals with Disabilities Education Act (IDEA) during state fiscal year 2012.

(a)(2) $74,626,551 to distribute proportionately to school districts based on student enrollment in special education programs, as a part of a negotiated agreement with the federal government to prevent the withholding of federal funds as a result of a failure to maintain state financial support under IDEA during state fiscal years 2017 and 2018.

(a)(3)(A) $50,000,000 to distribute as grants to school districts for special education services and related costs, including providing extended school year services to special education students, identifying students eligible to participate in special education programs, and providing compensatory services. These funds are subject to a reporting requirement by TEA to the Legislative Budget Board and the Governor’s Office.

(a)(3)(B) $478,000 for information technology needs related to special education supports.

(a)(3)(C) $61,147,333 to distribute proportionately to school districts based on student enrollment in special education programs. |
| 31           | (Addition) TEA is appropriated $10,930,000 to provide a grant to a school district that experienced a school shooting resulting in one or more fatalities that occurred during the 2018-
2019 state fiscal biennium, for uses relating to post-disaster recovery costs approved by the agency.

*Note, this section is specific to Santa Fe Independent School District.*

### 32
(Addition) TEA is appropriated $100,000,000 to provide to public schools (including the School for the Blind and Visually Impaired and the School for the Deaf) to make school safety-related facility improvements. These include exterior doors with push bars, metal detectors at school entrances, vehicle barriers, security monitoring systems, active shooter alarm systems, two-way radio systems, perimeter security fencing, bullet-resistant glass at school entrances, and door-locking systems.

### 33
(Addition) TEA is appropriated a total of $1,442,500,000 for Hurricane Harvey-related expenses, including the following:

1) $271,300,000 for increased student costs, reduction in school district property values, and reductions of the amount owed by school districts due to disaster remediation costs as provided by Section 41.0931 Education Code (reduced recapture);

2) $535,200,000 for the adjustment of school districts property value under Section 42.2523 of the Education Code and reimbursement of school districts for disaster remediation costs under Section 42.2524 of the Education Code (property value loss and disaster remediation for non-recapture districts); and

3) $636,000,000 for the increased state costs under the Foundation School Program resulting from the reduction in school district property values associated with Hurricane Harvey.

### 34
(Addition) TEA is appropriated $37,657 for the fiscal year ending August 31, 2019, to support the adult high school diploma and industry certification charter school pilot program.

Bill Summary: Senate Bill 522 amends language in Subsection (f) and adds Subsection (f-1) to Texas Education Code (TEC) Section 30.002 which is specific to education for children with visual impairments. SB 522 replaces the term “functionally blind” with “visual impairment.” The bill also requires students with visual impairments to be provided with braille instruction unless their Individualized Educational Program (IEP) team determines it is not appropriate.

**Bill Summary:** Senate Bill 608 is the Sunset bill for the School Land Board (SLB) and extends its existence from September 1, 2019 to September 1, 2031 and makes changes to the composition and operations of the SLB and the General Land Office regarding management of the Permanent School Fund (PSF). The SLB will be increased from three members to five with each of the two new members being selected by the Governor from a list of six nominees submitted by the State Board of Education (SBOE). The bill also requires an annual joint meeting of the SLB and SBOE to discuss PSF asset allocations and investments.

</tr>
<tr>
<td>1.13</td>
<td>Amends Texas Government Code §2265.001(a)</td>
<td>This section amends Texas Government Code §2265.001(a) to add “other than a school district” to a reference to “any kind of district” in the definition of governmental entities.</td>
</tr>
<tr>
<td>---</td>
<td>---</td>
<td>---</td>
</tr>
<tr>
<td>2.01</td>
<td>Amends TEC §12.101</td>
<td>This section allows a charter holder to notify TEA of the opening of a new expedited campus up to 18 months prior to the opening. However, it does not require that the charter holder open the campus.</td>
</tr>
</tbody>
</table>
| 2.02 | Amends TEC §12.1101 | The notification requirements for new open-enrollment charter schools and expedited charter school campuses are changed to require the Commissioner develop a process for the notification of:  
- Superintendents of affected districts  
- Boards of trustees of affected districts  
- Each member of the legislature that represents the geographic area to be served by the proposed school or campus |
| 2.03 | Amends TEC §12.114 | This section states that an expansion amendment may be submitted up to 18 months prior to the requested effective date. However, the request does not obligate the charter holder to complete the proposed expansion. |
| 3.01 | Repealers | This section would repeal the following sections of Texas Education Code  
- Section 7.009 that establishes the Best Practices Clearinghouse  
- Section 25.007(a-1) that defines "students who are homeless" as the same meaning assigned to the term "homeless children and youths" under 42 U.S.C. Section 11434a.  
- Section 39.233 that requires the agency to develop standards for evaluating the success and cost-effectiveness of high school completion and success and college readiness programs  
- Section 44.903 that requires a school district to purchase for use in each type of light fixture in an instructional facility the commercially available model of light bulb that uses the fewest watts for the necessary luminous flux or light output; is compatible with the light fixture; and is the most cost-effective. |
| 4.01 | N/A | This section establishes that the bill applies beginning with the 2019-2020 school year. |

**Effective Date:** Immediately

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
TEC §12.101(b-10) in bill section 2.01 requires the Commissioner to, by rule, establish the 18-month timeline for expansion amendments. While current rules in Chapter 19 Texas Administrative Code (TAC) align closely with the bill language already, the Commissioner needs to amend §100.1033 to reflect it clearly. Additionally, this legislation requires the Commissioner by rule to adopt a procedure for providing notice regarding an application for a charter.

**Summary of IT and Data Implications:**
None
**Bill Summary:** Senate Bill 712 prohibits the use of certain behavioral interventions on students enrolled in public schools.

<td>• Denies basic needs or the access to basic needs (food, water, shelter, restroom)</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Subjects a student to verbal abuse or humiliation resulting in emotional trauma</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Employs devices, objects, and materials used to restrict or immobilizes a student’s four extremities, including uses to restrict, and prone or supine floor restraints,</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Impairs a student’s breathing or obstructs his/her airway, restricts circulation, secures a student to a stationary object in a sitting or standing position, inhibits a student’s ability to communicate, uses chemical restraint, precludes adequate supervision of the student, and/or deprives the student of the use of his/her senses.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Constitutes the use of a timeout that precludes the student from being able to be involved in and progress appropriately in the required curriculum</td>
</tr>
</tbody>
</table>

This section prohibits a school district, school district employee, volunteer, or independent contract from applying, authorizing, ordering, or consenting to the use of an aversive technique on a student. An aversive technique is allowed to be used if the technique does not cause a student pain or discomfort or if it complies with the student’s individualized education program or behavior plan. Students may be removed from class as allowed by TEC §37.002.

The Commissioner is required to provide guidance to school district employees, volunteers, and independent contractors in avoiding a violation of this section.

| 2            | N/A                      | This bill applies the beginning with the 2019-2020 school year. |

**Effective Date:** September 1, 2019

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
The Commissioner will provide guidance to school district employees, volunteers, and independent contractors in avoiding a violation of this legislation.

**Summary of IT and Data Implications:**
Guidance regarding restraints may need to be updated in the Texas Education Data Standards (TEDS).
Bill Summary: Senate Bill 781 addresses regulations for residential treatment centers and applications regarding such centers. SB 820
Author: Nelson, Jane
Sponsor: Meyer, Morgan

Bill Summary: Senate Bill 820 requires school districts to develop and maintain a cybersecurity policy. School districts will be required to designate a cybersecurity coordinator who will report cybersecurity attacks and incidents that constitute a cybersecurity breach to TEA. Additionally, the cybersecurity coordinator shall provide notice to the parent of the student whose information was subject to an attack.

Section-by-Section Analysis:

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Adds TEC §11.175</td>
<td>Each school district shall develop and maintain a cybersecurity policy consistent with the information security standards for institutions of higher education adopted by the Department of Information Resources for the securing of district cyberinfrastructure against cyber-attacks and other cybersecurity incidents; and cybersecurity risk assessment and mitigation planning. The superintendent of each school district shall designate a cybersecurity coordinator to serve as a liaison between the district and TEA in cybersecurity matters. The AskTED application will be modified to add the Role of Cybersecurity Coordinator to allow school districts to designate a Cybersecurity Coordinator. The district’s cybersecurity coordinator shall report to TEA any cyber-attack, attempted cyber-attack, or other cybersecurity incident against the district cyberinfrastructure as soon as practicable after the discovery of the attack or incident. Collecting data regarding any cyber-attack, attempted cyber-attack or cybersecurity incident against the district’s cyberinfrastructure will require TEA to have a risk management application to handle the amount of data collected from the 1200+ districts. Additionally, the AskTED application will be modified to add the Role of Cybersecurity Coordinator to allow school districts to designate a Cybersecurity Coordinator. The districts cybersecurity coordinator shall provide notice to the parent of a student enrolled in the district of an attack or incident for which a report is required under subsection (e) involving the student’s information.</td>
</tr>
</tbody>
</table>

Effective Date: September 1, 2019

Does this Affect Charters: No

Summary of Implementation Requirements (rules, study, contract, pilot program, etc.): None

Summary of IT and Data Implications:
The AskTED application will be modified to add a new field to allow school districts to designate a Cybersecurity Coordinator. Local education agencies will need to identify and designate a Cybersecurity Coordinator and report the individual to TEA. Implementation is expected in 2020-2021 school year.
**Bill Summary:** Senate Bill 869 amends the laws that regulate guidelines for policies of school districts and open-enrollment charter schools for the care of students at risk for anaphylaxis.

**Section-by-Section Analysis:**

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Amends TEC §38.0151</td>
<td>Section 1 of the bill amends Texas Education Code (TEC) Sec. 38.0151 by amending Subsections (a), (b), and (e) and adding Subsections (g), (h), (i), and (j). The bill amends Subsection (a) to specify the guidelines that the policies required to be adopted by this subsection be based on “Guidelines for the Care of Students with Food Allergies At-Risk for Anaphylaxis” created by the ad hoc committee created by new TEC 38.0152. The guidelines must be scientifically valid. The bill amends Subsection (b) to state that open-enrollment charter schools must annually review their policies regarding the care of students with a diagnosed food allergy at risk for anaphylaxis to ensure it is in accordance with the guidelines discussed in Subsection (a). This bill amends Subsection (e) to mandate that TEA post the guidelines described by Subsection (a) on the TEA website, along with a summary of the guidelines, and to mandate that the summary be annually reviewed to ensure it is compliant with the most current version of the guidelines. This bill adds Subsection (g) to mandate that each school district and open-enrollment charter school post the TEA summary of the guidelines on the district or charter school’s website and include instructions on how to obtain access to the complete guidelines. The provision also requires that all students and parents of each district or charter school have access to the website and that any food allergy-related forms used at enrollment include information on accessing the information posted to the website. New Subsection (h) prohibits the guidelines from requiring a district or charter school to: 1) purchase treatments approved by the FDA or make other expenditures that would have a negative fiscal impact on them; or 2) require administration of FDA-approved treatments to their students, unless prescribed by the students’ physicians. New Subsection (i) states that the section does not waive or create liability or waive immunity of districts and charter schools or their employees. New Subsection (j) provides that the section does not create any criminal, civil, or administrative causes of action or liability or create a standard of care, obligation, or duty for a cause of action.</td>
</tr>
<tr>
<td>2</td>
<td>Adds TEC §38.0152</td>
<td>Section 2 sets up an ad hoc commission to create the guidelines discussed in Section 1 of the bill. It defines Commissioner, Department, and Guidelines for this section and states that the Commissioner (who in this case is the Commissioner of State Health Services) shall appoint at least 13 members to the committee. Each of the</td>
</tr>
</tbody>
</table>
13 member committee spots are required to be representative of a specific subset of people who would have knowledge about and be interested in these guidelines. The physicians appointed to the committee are required to provide to the HHSC commissioner any recommendations of changes to the guidelines approved by a majority of the physicians on the committee. The committee members shall serve for as long as the Commissioner chooses and the Commissioner will appoint a new member to replace those no longer on the committee. This committee is not an advisory committee governed by Tex. Gov. Code §2110.005. The committee has to meet at least once every three years, but the Commissioner can order a meeting whenever the Commissioner determines it is necessary to discuss the protection of students with food allergies at-risk for anaphylaxis and update the guidelines.

Section 3 of the bill mandates that the Commissioner of State Health Services shall appoint the members to the ad hoc committee described in Section 2 of the bill and that the Commissioner of State Health Services will update the guidelines as necessary no later than March 1, 2020.

**Effective Date:** Immediately

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
The bill establishes a committee managed and appointed by the HHSC commissioner. TEA must post the guidelines described by §38.0151(a) on TEA website, along with a summary of the guidelines, and to mandate that the summary be annually reviewed to ensure it is compliant with the most current version of the guidelines

**Summary of IT and Data Implications:**
None
**Bill Summary:** Senate Bill 944 requires a current or former officer or employee of a governmental body, such as a school district or governing body of an open-enrollment charter school, who maintains public information on a privately owned device to forward or transfer the public information to the governmental body or server. Officers or employees do not have personal or property rights to public information he or she created or received while acting in an official capacity.

Failure to do so is grounds for disciplinary action by the custodian’s employing governmental body or any other applicable penalties provided by this chapter or other law. Written requests for public information may be made to the applicable public information officer or designee in one of the following ways:  
1) United States mail;  
2) Electronic mail;  
3) Hand delivery; or |
4) Any other appropriate method approved by the governmental body, including facsimile transmission and electronic submission through the governmental body’s website.

This section further details how governmental bodies can collect public information requests and associated requirements for doing so.

The attorney general shall create a public information request form that provides a requestor the option of excluding information that the governmental body determines is confidential or exempt from disclosure. Governmental bodies that allow requestors to use the attorney general’s form must post it on their website.

7  Repeals Government Code §552.301(c)  This section relating to a request for an attorney general decision is repealed.

8  N/A  The changes in law made by this Act apply only to a public information request made after September 1, 2019.

9  N/A  The attorney general is required to create a public information request form under §552.235(a) by October 1, 2019.

**Effective Date:** September 1, 2019

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
Governmental bodies, such as school districts and open-enrollment charter school government bodies, may need to update their operating procedures related to public information requests if they do not currently comply with these provisions.

**Summary of IT and Data Implications:**
None
SB 1017
Author: Powell, Beverly
Sponsor: Guerra, Bobby

Bill Summary: Senate Bill 1017 creates an advisory council on postsecondary education for persons with intellectual and developmental disabilities.

Section-by-Section Analysis:

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Amends TEC §61.0663(b)</td>
<td>Section 1 of the bill amends Texas Education Code (TEC) §61.0663(b) by requiring the Higher Education Coordinating Board (the board) to annually update its inventory of postsecondary educational programs and services provided by institutions of higher education for persons with intellectual and developmental disabilities. Current law requires the board to update the inventory once every two years.</td>
</tr>
<tr>
<td>2</td>
<td>Adds TEC §61.06641</td>
<td>The council is charged with advising the board on policies and practices to improve postsecondary education opportunities for persons with intellectual and developmental disabilities. In furtherance of this charge, the council must assist the board in periodic review of policies and practices that increase access to higher education opportunities for persons with intellectual and developmental disabilities. Likewise, the advisory council must develop - and the board must distribute - outreach materials that increase awareness regarding postsecondary opportunities for persons with intellectual and developmental disabilities. This section establishes the membership of the advisory council. The membership must include an appointee by the executive director of the Texas Workforce Commission, an appointee by the Commissioner of Education Agency, and a representative appointed by the governor of the Continuing Advisory Committee (a state advisory panel required by the federal Individuals with Disabilities Education Act). In addition, the board must appoint a representative of a University Centers for Excellence in Developmental Disabilities program in Texas; a representative of a disability advocacy group; a parent or guardian of a person with an intellectual or developmental disability; a parent or guardian of a person with an intellectual or developmental disability who is currently enrolled in an institution of higher education; a person with an intellectual or developmental disability who is enrolled in an institution of higher education; a person with an intellectual or developmental disability who has completed a program at an institution of higher education; a high school counselor; a transition specialist from a regional education service center, school district, or other state agency; and additional representatives with relevant experience as needed. This section establishes a two-year term for members of the advisory council and clarifies that members may not be compensated for their service on the council but may be reimbursed in accordance with state law for expenses related to the work of the council. The section also specifies that the council must elect a presiding officer and meet at least quarterly. This section specifies the duties and responsibilities of the advisory council. These include studying the accessibility of and providing advice on the removal of barriers to accessing higher education for persons with intellectual and developmental disabilities. The council must also identify, evaluate, and develop...</td>
</tr>
</tbody>
</table>
recommendations to address barriers to accessing higher education for persons with intellectual and developmental disabilities who are or have been in the foster care system. In so doing, the council must also address any data collection issues related to persons formerly or currently in foster care.

This section also provides that the council may meet by telephone or video conference, or by a similar mode of remote communication, subject to state open meeting notice requirements.

This section requires the advisory council to submit an annual report to the board. The report must include information about the councils’ activities, rule changes needed to decrease barriers to accessing higher education for persons with intellectual and developmental disabilities, and recommendations for potential outreach and education materials to increase public awareness of the availability of higher education opportunities and resources for persons with intellectual and developmental disabilities. The advisory council must also submit a biennial report to the board, the Governor, the Lieutenant Governor, the Speaker of the House, members of the legislature, and, as necessary, other state agencies or relevant stakeholders. This report must include higher education data on graduation rates, demographic information, available programs, and other relevant data. The report must also recommend changes to assist persons with intellectual and developmental disabilities in accessing and achieving higher education.

Section 3 requires that all appointments to the advisory council must be made by January 1, 2020, and that the council must complete the initial reports required by the bill no later than December 1, 2020.

**Effective Date:** Immediately

**Does this Affect Charters:** No

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
The bill pertains to the creation of an advisory council and requires the Commissioner to appoint one member to the council. The Texas Higher Education Coordinating Board must also appoint a transition specialist from a regional education service center, school district, or other state agency, which could include TEA.

**Summary of IT and Data Implications:**
None
SB 1055
Author: Zaffirini, Judith
Sponsor: Frullo, John

Bill Summary: Senate Bill 1055 establishes a workforce diploma pilot program to assist adult students in obtaining a high school diploma and developing technical career readiness skills.

Section-by-Section Analysis:

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Adds Chapter 317 to Subtitle B, Title 4, Labor Code</td>
<td>This section amends Subtitle B, Title 4, Labor Code by adding Chapter 317, Workforce Diploma Pilot Program.</td>
</tr>
</tbody>
</table>

New Texas Labor Code §317.001 establishes definitions for the terms, "Adult" and "Program."

New Texas Labor Code § 317.002 requires the Texas Workforce Commission (TWC), in consultation with TEA, to establish and administer a workforce diploma pilot program under which eligible high school diploma-granting entities participating in the program may be reimbursed for assisting adult students to obtain a high school diploma and develop technical career readiness skills and employability.

New Texas Labor Code §317.003 requires TWC, no later than October 15th of each year, to publish a request for qualifications for providers to participate in the program.

New Texas Labor Code §317.004 establishes that to be eligible to participate as a provider, an entity must: (1) apply to the commission in the manner prescribed by commission rule; (2) be a public, nonprofit, or private entity that is authorized under TEC or other state law to grant a high school diploma or accredited by a regional accrediting body; (3) have at least two years of experience providing dropout reengagement services to adult students, (4) be equipped to provide:

- academic skill intake assessment and transcript evaluations;
- remediation coursework in literacy and numeracy;
- a research-validated academic resiliency assessment and intervention;
- employability skills development aligned to employer needs;
- career pathways coursework;
- preparation for the attainment of industry-recognized credentials; and
- career placement services;

and to develop a learning plan that integrates academic requirements and career goals; and offer a course catalog that includes all courses necessary to meet high school graduation requirements in Texas.

New Texas Labor Code §317.005 requires TWC to publish, not later than November 15th of each year, a list of providers approved to participate in the program during the next calendar year and establishes than an approved provider maintains approval to participate in the program during a subsequent calendar year without reapplying unless the provider is removed from the approved provider list.

New Texas Labor Code §317.006 requires, to the extent money is available for that purpose, TWC to reimburse each approved provider for student achievement of the following milestones:
(1) $250 for the completion of a half credit
(2) $250 for the completion of an employability skills certification program equal to at least one Carnegie unit or the equivalent
(3) $250 for the attainment of an industry-recognized credential requiring not more than 50 hours of training
(4) $500 for the attainment of an industry-recognized credential requiring at least 50 but not more than 100 hours of training
(5) $750 for the attainment of an industry-recognized credential requiring more than 100 hours of training
(6) $1,000 for the obtainment of a high school diploma

No later than the 10th calendar day of each month, a provider participating in the program must submit to TWC an invoice for the milestones achieved by the provider’s students during the previous calendar month. The commission must reimburse approved program providers in the order in which invoices are received by the commission until all funds available for the program are exhausted.

New Texas Labor Code §317.007 requires, by January 15th of each year, that each provider that participated in the program in the previous calendar year report to TWC the number of students for which provider received reimbursement, total number of credits earned by students, total number of employability skills certifications programs completed by students, total number of industry-recognized credentials attained by students in each of the funding tiers, and number of students who obtained high school diplomas.

New Texas Labor Code §317.008 requires TWC by rule to prescribe minimum performance standards for providers participating in the program. The minimum performance standards must include: (1) a graduation rate of at least 50 percent; and (2) a program cost per graduate of $7,000 or less.

The commission must by rule develop formulas to make the appropriate calculations. The graduation rate would have to be calculated one cohort year in arrears.

TWC must review data from each provider annually. If the commission determines that an approved provider did not meet the minimum performance standards in the previous calendar year, the commission must place the provider on probationary status for the remainder of the current calendar year and to remove from the approved provider list any provider that does not meet the minimum performance standards for two consecutive calendar years.

New Texas Labor Code §317.009 requires TWC, not later than December 1st of each even-numbered year, to submit to the legislature a report on the effectiveness of the program. The commission would be required to include in the report a recommendation regarding whether the program should be continued, expanded, or terminated.

New Texas Labor Code §317.010 provides that this chapter expires September 1, 2025.

2 N/A TWC must implement a provision of this Act only if the legislature appropriates money specifically for that purpose. If the legislature does not appropriate money
specifically, for that purpose, the TWC may, but is not required to, implement a provision of this Act using other appropriates available for that purpose.

**Effective Date:** September 1, 2019

**Does this Affect Charters:** No

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
The bill establishes a workforce diploma pilot program to assist adult students in obtaining a high school diploma and developing technical career readiness skills and employability. TWC is responsible for establishing and administering the pilot program in consultation with TEA.

**Summary of IT and Data Implications:**
None
SB 1200
Author: Campbell, Donna
Sponsor: Miller, Rick

Bill Summary: Senate Bill 1200 amends current law to allow military spouses licensed in other states and in good standing to engage in a business or occupation in Texas with credentials issued by another state.

Section-by-Section Analysis:

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
</table>
| 1            | Adds Texas Occupations Code §55.0041 | Subsection (a) authorizes the military spouse to use his or her current license from another state to engage in a Texas business or occupation without obtaining the required state licensure, provided the license from the other state is in good standing and equivalent to the Texas license.

Subsection (b) requires that prior to beginning employment, the military spouse notify the appropriate state agency to declare his or her intent to work in this state; to submit his or her proof of state residency and copy of the spouse’s military identification card; and to receive confirmation from the state agency that the military spouse’s license in the other state has been verified and authorized for work in this state.

Subsection (c) requires the military spouse to comply with all other laws and requirements specific to the business or occupation in this state.

Subsection (d) authorizes a military spouse to engage in the business or occupation under the provisions of this section only for the period during which the military service member to whom the military spouse is stationed in this state, not to exceed three years from the date the spouse is confirmed to work in Texas via the provisions of subsection (b)(3).

Subsection (e) requires a state agency that issues a license to adopt rules to implement this section, and requires the rules to establish the agency’s process to: identify equivalency of licenses issued in other states with those issued by the agency; and verify that a military spouse is licensed in good standing in a jurisdiction described by Subdivision (1).

Subsection (f) authorizes a state agency that issues a license, in addition to specifications in subsection (e) to adopt rules to provide for issuance of a license to a military spouse confirmed by the agency through guidelines under subsection (b)(3); requires the license issued under this subsection to expire no later than three years from the date of agency confirmation; prohibits the license from being renewed; and prohibits a state agency from charging a fee for issuance of the license.

| 2            | N/A | This section requires a state agency to which §55.0041, Occupations Code, as added by this Act, applies to adopt rules to implement that section not later than December 1, 2019. |

Effective Date: September 1, 2019

Does this Affect Charters: No
Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):
Section 2 of the bill requires that the State Board of Educator Certification (SBEC) adopt rules no later than December 1, 2019 to implement this legislation. The State Board of Education will review SBEC rule adoptions related to implementation of this bill.

19 Texas Administrative Code (TAC) Chapter 234, Military Service Members, Military Spouses, and Military Veterans, consolidates all military-related provisions into one chapter and streamlines future military-related rulemaking opportunities. Since the 84th Texas Legislative Session, TEA staff have developed rules adopted by the SBEC to provide a strong foundation of support for military service members, military spouses, and military veterans completing the certification process in Texas. The rules in 19 TAC Chapter 234 already provide for the waiving of licensing and application fees paid to the state, expedited reviews of credentials issued in other states, and three-year temporary licensure for military spouses.

SB 1230
Author: Bettencourt, Paul
Sponsor: Meyer, Morgan

Bill Summary: Senate Bill 1230 requires Texas private schools to report to the State Board for Educator Certification (SBEC) all known criminal histories of private school educators, as well as certain egregious allegations of misconduct against private school educators.

Section-by-Section Analysis:

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Adds subsections (c) and (d) Article 42.018, Code of Criminal Procedure (CCP)</td>
<td>The new subsections require a clerk of a criminal court to notify the chief administrative officer of a private school when a private school employee is convicted or receives deferred adjudication. The proposed subsection requires the clerk to make the notification within five days of the court action. The proposed section is an extension of the requirement in §42.018(b) in which the clerk of a criminal court is required to report to SBEC any convictions and deferred adjudications against certified educators.</td>
</tr>
<tr>
<td>2</td>
<td>Adds TEC §21.0062</td>
<td>This section defines “abuse” as defined in the Texas Family Code §261.001 and “includes sexual conduct involving a student or minor and a private school educator.” The subsection also defines “private school educator” as a person employed by or seeking employment in a private school for a position in which the person would be required to hold an SBEC certificate if they were employed by a school district. Subsection (b) requires the chief administrative officer of a private school to notify SBEC: (1) if a private school educator has a criminal record and the private school obtained information about the criminal record; and (2) the educator’s employment was terminated and there is evidence that the educator: (A) abused or otherwise committed an unlawful act with a student or minor; or (B) was involved in a romantic relationship with or solicited or engaged in sexual contact with a student or minor. Subsection (c) requires the chief administrative officer of a private school to provide any evidence of the misconduct described in (A) or (B), if an educator resigned before completion of an investigation of the alleged misconduct. Subsections (d) and (e) require a chief administrative officer to file a written report, in the form required by SBEC, with SBEC not later than the 7th business day, after the date the chief administrative officer knew or had reason to believe, that an educator: 1. has a criminal record, 2. was terminated or resigned following an alleged incident of misconduct described in subsection (b)(2).</td>
</tr>
</tbody>
</table>
Subsection (f) states that any person who knows or has reason to believe that an educator engaged in the misconduct described by Subsection (b)(2) may file a report with SBEC.

Subsection (g) provides immunity from civil or criminal liability for a chief administrative officer of a private school or any other person who files a report with SBEC in good faith under the section or communicates with another chief administrative officer or other administrator of a private school concerning the criminal record of an educator or allegations of misconduct against an educator.

Subsection (h) states that the name of a student/minor who is the victim of abuse or unlawful conduct by a private school educator must be included in the report filed to SBEC, but the name is not public information.

Subsection (i) states that SBEC shall propose rules as necessary to implement the section.

**Effective Date:** September 1, 2019

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
The bill requires the Commissioner and SBEC to adopt rules as necessary to implement sections the proposed §21.0062. The rules should be adopted as soon as practicable. Additionally, the bill requires the commissioner of education and SBEC to adopt rules as necessary to implement sections the proposed §21.0062. The rules should be adopted as soon as practicable.
Summary of IT and Data Implications:
The bill will require private schools to submit documentation, specifically narrative reports that include allegations and information about the related investigations. However, the bill does not specifically require the submission or collection of data. Currently, public schools submit the same type of documentation under TEC §21.006.
**SB 1231**  
**Author:** Bettencourt, Paul  
**Sponsor:** Meyer, Morgan

**Bill Summary:** Senate Bill 1231 provides private school and charter school administrators with access to information regarding child abuse and neglect investigations conducted by the Texas DFPS Child Protective Services (CPS).

**Section-by-Section Analysis:**

<table>
<thead>
<tr>
<th>Bill Section</th>
<th>Statute Added or Amended</th>
<th>Change from Current Law</th>
</tr>
</thead>
</table>
| 1            | Amends Texas Family Code §261.105(d) | This amends the Texas Family Code §261.105(d) and requires CPS to notify the chief executive officer of a private school or the director of an open-enrollment charter school if a CPS investigation determines that an employee of a private school or charter school is involved with the abuse or neglect of a child.  
Existing statute only requires that CPS provide this information to the superintendent of a school district if the finding involves an employee of a public school. |
| 2            | Amends Texas Family Code §261.308(d) | This section states that CPS shall release information to an open-enrollment charter school or a private school regarding the person alleged to have committed abuse or neglect.  
Existing statute requires that CPS release the information to the Texas Education Agency (TEA), State Board for Educator Certification (SBEC), local school boards, and the superintendent or principal of a school. In the current law, the release is contingent on a CPS finding that the person poses a substantial and immediate risk of harm to a child and the information is necessary to assist in protecting other children. |
| 3            | Amends Texas Family Code §261.406 (a) and (b) | This section requires CPS to provide a completed investigation report to TEA and a private school if there were allegations of abuse or neglect of a child in a public or private school.  
Existing law requires that CPS only provide a completed investigation to TEA if there were allegations of abuse or neglect of a child in a public school.  
This section also requires CPS to provide “on request” a copy of a completed report to SBEC, the local school board, a school district superintendent, a public-school principal, or the chief executive officer of a private school unless the person to whom the report would be provided is the subject of the allegations.  
Existing law requires that CPS provide a completed investigation on request to SBEC, a school board, and a school district superintendent. The current law also references “school,” but does not specify which type. The proposed amendment clarifies this.  
This section adds language that “Except as otherwise provided by this subsection,” Texas Family Code §261.201(b) regarding a court order for confidential information applies to the release investigation reports under this section and to a person’s identity who made the report. |

**Effective Date:** September 1, 2019
Does this Affect Charters: Yes

Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):
The bill would provide private schools and charter schools with information relating to allegations of child abuse and neglect involving school employees.

| 2.01         | Amends TEC §33.202(a), (c), (d), and (e) | This bill amends TEC §33.202(a) by requiring the University Interscholastic League (UIL), rather than the Commissioner, to develop and adopt an extracurricular safety training program, and that UIL may use materials from American Red Cross, Emergency Medical Systems, or another appropriate entity.  
This legislation amends TEC §33.202(c) to require certification of participants in the training program by the UIL, American Red Cross, American Heart Association, or a similar organization.  
This bill would amend TEC §33.202(d) to require UIL to provide the training to students participating in an extracurricular athletic activity.                                                                                                                                                                                                                                                                 |
<p>| 3.01         | Amends TEC §21.410             | This section changes the name of the Master Reading Teacher Grant program to be the Master Teacher Grant Program.                                                                                                                                                                                                                                                                                                                                                                    |
| 3.02         | Amends TEC §21.410             | This section incorporates the master reading, mathematics, technology, and science grant programs into one section of statute, removes the requirement for a master reading teacher grant to be $5,000 and makes other conforming changes.                                                                                                                                                                                                                                      |</p>

**Effective Date:** Immediately

**Does this Affect Charters:** No

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**

None

**Summary of IT and Data Implications:**
With the repeal of TEC §29.007 (Shared Services Arrangements for special education programs) the SHARED-SVCS-ARRANGEMT-TYPE code table will be updated to eliminate code 11 (Special Education) and the removal of up to ten fund codes from the FUND-CODE code table.
Bill Summary: Senate Bill 1451 prevents both the commissioner of education’s (Commissioner) recommended teacher appraisal system and any locally developed appraisal system from assigning teachers an area of deficiency in an appraisal based on the teacher’s submission of documentation or referrals related to student conduct. These changes allow a teacher to be assigned a deficiency based on documented evidence of a deficiency in classroom management.

</tr>
<tr>
<td></td>
<td></td>
<td>• The commissioner of education (Commissioner) may adopt rules specifying the time during which a former charter holder must return remaining funds and the qualifications required for a charter holder to receive a transfer of remaining funds for a closed charter.</td>
</tr>
<tr>
<td>4</td>
<td>Amends TEC §12.107(a)</td>
<td>Funds received under §12.106 (state funding) may not be pledged or used to secure loans or bonds for any other organization, including a non-charter operation or out-of-state operation conducted by the charter holder or a related party, as defined by Commissioner rule adopted under Section 12.1166 (related party transactions); or be used to support an operation or activity not related to the educational activities of the charter holder.</td>
</tr>
</tbody>
</table>
| 5            | Amends TEC §12.1163      | If the aggregate amount of all transactions between a charter holder and a related party, as defined by Commissioner rule adopted under Section 12.1166, exceeds $25,000, an audit under Subsection (a) may include the review of any real property transactions between the charter holder and the related party. If the Commissioner determines that a transaction with a related party using funds received under Section
12.106 was structured in a manner that did not benefit the open-enrollment charter school or that the transaction was in excess of fair market value, the Commissioner may order that the transaction be reclassified or that other action be taken as necessary to protect the school’s interests. Failure to comply with the Commissioner’s order is a material violation of the charter.

| 6 | Adds TEC §§12.1166, 12.1167, and 12.1168 | The Commissioner must adopt a rule defining “related party,” which must include:
- a party with a current or former board member, administrator, or officer who is a board member, administrator, or officer of an open-enrollment charter school; or related within the third degree of consanguinity or affinity, as determined under Chapter 573, Government Code, to a board member, administrator, or officer of an open-enrollment charter school;
- a charter holder’s related organizations, joint ventures, and jointly governed organizations;
- an open-enrollment charter school’s board members, administrators, or officers or a person related to a board member, administrator, or officer within the third degree of consanguinity or affinity, as determined under Chapter 573, Government Code; and
- any other disqualified person, as that term is defined by 26 U.S.C. Section 4958(f).

A person is a former board member, administrator, or officer if the person served in that capacity within one year of the date on which a financial transaction between the charter holder and a related party occurred.

In a charter holder’s annual audit, the charter holder must include a list of all transactions with a related party.

§12.1167 provides that the Commissioner may adopt rules that would require an open-enrollment charter school to notify the Commissioner, if the school intends to enter into a transaction with a related party, and provide a certified appraisal to the agency.

§12.1168 provides that an open-enrollment charter school’s financial report must disclose:
- all financial transactions between the open-enrollment charter school and any related party, separately stating the principal, interest, and lease payments; and
- the total compensation and benefits provided by the school and any related party for each member of the governing body and each officer and administrator of the school and the related party.

| 7 | Amends TEC §12.128 | Subsections (a) and (c) are amended and subsections (a-1), (b-1), (b-2), (c-1), (c-2), and (f) are added.

Subsection (a) retains the word “purchased” but removes the word “leased.” Subsection (c) was amended to specify that after taking possession of closed charter school property, the Commissioner shall supervise the disposition of the property in accordance with this subchapter.

Subsection (a-1) was added and provides that property leased with funds received by a charter holder under §12.106 after September 1, 2001:
1. is considered to be public property for all purposes under state law;
(2) is property of this state held in trust by the charter holder for the benefit of the students of the open-enrollment charter school; and
(3) may be used only for a purpose for which a school district may use school district property.

Subsection (b-1) was added and provides that while an open-enrollment charter school is in operation, the charter holder holds title to any property described by Subsection (a) [property purchased with any state funds after 2001 is wholly public property] or (b) [property purchased before 2001 with any state funds is public property to the extent state funds were used] and may exercise complete control over the property as permitted under the law. However, this would be subject to subsection (b-2).

Subsection (b-2) was added to provide that a charter holder may not transfer, sell, or otherwise dispose of this property without written consent of the agency, if the charter holder has received notice of:

- The non-renewal of the charter under §12.1141;
- The revocation of the charter under §12.115(c);
- The charter is under “discretionary review” for revocation or board reconstitution under §12.115; or
- The charter school has otherwise ceased to operate.

Subsection (c-1) was added to provide that if an open-enrollment charter school ceases to operate, the agency:

(1) for property purchased with state funds, shall direct the charter holder to:
   (A) retain or liquidate the property, and provide reimbursement to the state as provided by new §12.1281;
   (B) transfer the property to the agency under new §12.1281(h) or a school district or open-enrollment charter school under new §12.1282;
   (C) close the operations of the open-enrollment charter school under new §12.1284; or
   (D) take any combination of the actions described by Paragraphs (A), (B), and (C).

(2) for property leased with state funds, may direct the charter holder to assign the charter holder’s interest in the lease to the agency.

Subsection (c-2) was added to provide that the agency may approve an expenditure of remaining funds by a former charter holder for insurance or utilities for or maintenance, repairs, or improvements to property if the agency determines that the expenditure is reasonably necessary to dispose of the property or preserve the property’s value.

Subsection (f) was added to provide that a decision by the agency under this section is final and may not be appealed.

Amends TEC Subchapter D, Chapter 12

TEC §12.1281 was added to provide that a former charter holder of an open-enrollment charter school that has ceased to operate may retain property described by §12.128, if the former charter holder reimburses the state with non-state funds, the former charter holder provides written assurance that the requirements of new §12.1284 will be met, and the charter holder receives approval from the agency.
On receiving consent from the agency under §12.128(b-2) and a written agreement from any creditor with a security interest described by §12.128(e), the former charter holder may: sell property for fair market value; or transfer property to an open-enrollment charter school or a school district as provided under new §12.1282.

The amount of funds the state is entitled to as reimbursement for property of a former charter holder is:

1. for property retained by the former charter holder, the current fair market value less the amount of any debt subject to a security interest or lien described by Section 12.128(e), multiplied by the percentage of state funds used to purchase the property; or
2. for property sold by the former charter holder, the net sales proceeds of the property multiplied by the percentage of state funds used to purchase the property.

To determine the amount of state funds a former charter holder used to purchase property, TEA shall calculate:

1. an estimated state reimbursement amount based on the last annual financial report filed under §44.008 (school district fiscal management-annual report) available at the time the former charter holder retains or sells the property; and
2. a final state reimbursement amount using the former charter holder’s final financial audit filed under Section 44.008.

A former charter holder retaining property under Subsection (a) or selling the property under Subsection (b)(1) shall:

1. file an affidavit in the real property records of the county in which the property is located disclosing the state interest in the property;
2. place in escrow with the state comptroller an amount of non-state funds equal to 110 percent of the estimated state reimbursement amount not later than:
3. the closing date of the sale of the property if the charter holder is selling the property; or
4. the 90th day after the charter school’s last day of instruction if the charter holder is retaining the property; and
5. not later than two weeks after the date the charter holder’s final financial audit is filed under Section 44.008, submit to the state the final state reimbursement amount using the funds in escrow in addition to any other funds necessary to pay the full amount of state reimbursement.

A former charter holder may retain any funds remaining after complying with this section.

As soon as TEA is satisfied that the former charter holder complied with Subsection (e), the agency shall file written notice of the release of the state interest in property the former charter holder retains under this section and authorize the return of any funds not used for state reimbursement to the former charter holder.

Subject to the satisfaction of any security interest or lien described by §12.128(e), if a former charter holder does not dispose of property under Subsection (a) or (b), the former charter holder shall transfer the property, including a conveyance of title, to TEA in accordance with the procedures and time requirements established by the agency.
Subject to the satisfaction of any security interest or lien described by §12.128(e), if TEA determines a former charter holder failed to comply with this section or §12.1282, on request of the agency, the attorney general shall take any appropriate legal action to compel the former charter holder to convey title to the agency or other governmental entity authorized by the agency to maintain or dispose of property.

A decision by TEA under this section is final and may not be appealed. The Commissioner may adopt rules necessary to administer this section.

This section sets forth what a former charter holder must do if it retains school property (reimburses the state with non-state funds), sells school property, (pays state net sales proceeds of the property multiplied by the percentage of state funds used to purchase the property), or transfers (conveys title to) school property to another open-enrollment charter school or school district or the state after the school has been closed. As soon as the charter holder has complied with retention or sales requirements, TEA shall file written notice of the release of state interest in the property. If a charter holder does not comply with this section or the next section, the attorney general shall take appropriate legal action to force compliance.

TEC §12.1282 is added and provides that TEA may approve the transfer of property described by §12.128 from an open-enrollment charter school that has ceased to operate, or may transfer property conveyed to the agency by the former charter holder under §12.1281, to a school district or an open-enrollment charter school if:

1. the open-enrollment charter school or school district receiving the property:
   a. agrees to the transfer; and
   b. agrees to identify the property as purchased wholly or partly using state funds on the school’s annual financial report filed under Section 44.008;
2. any creditor with a security interest in or lien on the property described by Section 12.128(e) agrees to the transfer; and
3. the transfer of the property does not make the open-enrollment charter school or school district receiving the property insolvent.

Property received by an open-enrollment charter school or school district under this section is considered to be state property under §12.128(a).

The Commissioner may adopt rules necessary to administer this section, including rules establishing qualifications and priority for a school district or open-enrollment charter school to receive a transfer of property under this section.

If TEA determines that the cost of disposing of personal property described by Section 12.128 transferred to the agency by an open-enrollment charter school that ceases to operate exceeds the return of value from the sale of the property, TEA may distribute the personal property to open-enrollment charter schools and school districts in a manner determined by the Commissioner. A determination by TEA under this section is final and may not be appealed.

The charter holder of a closed charter school may transfer property to another open-enrollment charter school or school district as the receiving charter school agrees to the transfer, the receiving charter school agrees to identify the property as purchased
with state funds, lienholders all agree to the transfer, and the transfer does not make the receiving charter school insolvent. TEA may distribute personal property in a manner determined by the Commissioner.

TEC §12.1283 is added to provide that after TEA receives title to property described by Section 12.128, the agency may sell the property at any price acceptable to the agency.

On request of the agency, the following state agencies shall enter into a memorandum of understanding to sell property for the agency:

1. for real property, the General Land Office; and
2. for personal property, the Texas Facilities Commission.

A memorandum of understanding entered into as provided by Subsection (b) may allow the General Land Office or Texas Facilities Commission to recover from the sale proceeds any cost incurred by the office or commission in the sale of the property.

Subject to the satisfaction of any security interest or lien described by §12.128(e), proceeds from the sale of property under this section shall be deposited in the charter school liquidation fund. The Commissioner may adopt rules as necessary to administer this section.

TEA may sell property at any reasonable price. On request of the agency, the General Land Office (with regard to real property) and the Texas Facilities Commission (with regard to personal property) shall sell the property for TEA, recouping their costs from the proceeds. Money that returns to TEA from the sale shall be deposited in the charter school liquidation fund.

TEC §12.1284 is added to provide that after extinguishing all payable obligations owed by an open-enrollment charter school that ceases to operate, including a debt described by §12.128(e), a former charter holder shall:

1. remit to the agency:
   a. any remaining funds described by §12.106(h); and
   b. any state reimbursement amounts from the sale of property described by §12.128; or
2. transfer the remaining funds to another charter holder under §12.106(i).

TEA shall deposit any funds received under Subsection (a)(1) in the charter school liquidation fund. The Commissioner may adopt rules necessary to administer this section.

After paying all its debts, a closed charter holder shall either pay whatever leftover money there is back to TEA (to be deposited in the charter liquidation fund) or transfer the money to another charter holder as long as the receiving charter holder is in good standing.

9 Adds TEC §12.141

| 9 | Adds TEC §12.141 | TEA shall deposit funds received under §§12.106, 12.128, 12.1281, 12.1283, and 12.1284 into the charter school liquidation fund. These funds may be used to:
1. pay expenses relating to managing and closing an open-enrollment charter school that ceases to operate, including:
   a. maintenance of the school’s student and other records; and |
<p>| | | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
</table>
| 10 | Adds TEC §39A.256(c) | A board of managers appointed for the final closure of a former open-enrollment charter school has the authority to:  
1. access and manage any former charter holder’s bank account that contains funds received under §12.106; and  
2. subject to approval by a creditor with a security interest in or lien on property described by §12.128 and in accordance with §§12.1281 and 12.1282, sell or transfer to another charter holder or school district any property titled to the former charter holder that is identified in the former open-enrollment charter school’s annual financial report filed under §44.008 as being acquired, wholly or partly, with funds received under §12.106. |
| 11 | Amends TEC §39A.259(c) | TEA shall use funds received by or due to the former charter holder funds returned to the state from liquidation of property and held by a former charter holder for compensation of a member of a board of managers for an open-enrollment charter school or a campus of an open-enrollment charter school or a superintendent. |
| 12 | Amends TEC §43.001(a) | This subsection provides that state property reclaimed from closed charter schools is part of the Permanent School Fund. |
| 13 | Adds to TEC §44.008, subsections (f), (g), and (h) | An open-enrollment charter school shall provide an accounting of each parcel of the school’s real property, including identifying the amount of local, state, and federal funds used to purchase or improve each parcel of property.  
An open-enrollment charter school for which the charter has expired, been revoked, or been surrendered or an open-enrollment charter school that otherwise ceases to operate shall submit a final annual financial report to TEA. The report must verify that all state property held by the charter holder has been returned or disposed of in accordance with Section 12.128.  
The Commissioner may adopt rules necessary to implement this section, including rules defining local funds. |
A transfer of property from an open-enrollment charter school that ceases to operate to another open-enrollment charter school that occurred before the effective date of this act is ratified if both open-enrollment charter schools classified the property as purchased with state funds on each school’s annual financial report under §44.008.

**Effective Date:** Immediately

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**

The Commissioner will adopt and modify rules necessary to implement these sections as soon as practicable.

Amended §12.1167 (appraisal of certain property) provides that the Commissioner may adopt rules that would require an open-enrollment charter school to notify the Commissioner if the school intends to enter into a transaction with a related party and provide a certified appraisal to TEA.

New §12.1281(g) states the Commissioner shall file written notice of a release of the state’s interest in property held by a charter holder, which may require rule(s); and subsection (k) of that section states that the Commissioner may adopt rules necessary to implement this section.

New §12.1282(c) (transfer of closed charter school property) provides that the Commissioner may adopt rules necessary to administer that section, including rules establishing qualifications and priority for a school district or open-enrollment charter school to receive a transfer of property under this section.

New §12.1283(e) (sale of property purchased with state funds) states that the Commissioner may adopt rules necessary to administer that section.

New §12.1284(c) (closure of charter school operations) states that the Commissioner may adopt rules necessary to administer that section.

New TEC §12.141(c) (reclaimed funds) states that the Commissioner may adopt rules necessary to administer that section.

New TEC §44.008(h) (annual audit) states that the Commissioner may adopt rules necessary to administer that section, including rules defining local funds.

New TEC §12.141(c) states the Commissioner may commit excess closed charter school funds to “funding a high-quality educational grant program established by the commissioner.”

**Summary of IT and Data Implications:**

TEA will manage new data fields to handle the charter school liquidation fund. Redistribution of funds to remaining charters to be done via existing functionality in ledger adjustments. In order to implement the requirements of the bill, TEA will develop and implement changes to the FSP application.
SB 1476
Author: Bettencourt, Paul
Sponsor: King, Ken

Bill Summary: Senate Bill 1476 creates an exception to the requirement for reporting educator misconduct that is defined under TEC §21.006. Specifically, a superintendent or director will not be required to report certain allegations to the State Board for Educator Certification (SBEC) if, through a completed investigation, the school determines that the educator did not engage in the alleged misconduct.

<tbody>
<tr>
<td>1</td>
<td>Amends TEC §25.006(d)</td>
<td>Current law defines &quot;military-connected student&quot; as a student enrolled in a school district or open-enrollment charter school who is a dependent of a member of the United States military. This section amends TEC §25.006(d) to change this definition to include a current or former member of the United States military or a member of a military or reserve force who was killed in the line of duty.</td>
</tr>
</tbody>
</table>
| 2            | Adds TEC §33.909         | This section adds new TEC §33.909 Purple Star Campus to define "military-connected student" as defined in TEC §25.006. New TEC §33.909(b) requires TEA to designate a school district campus as a Purple Star Campus if the campus applies and qualifies for the designation. To qualify as a Purple Star Campus, a campus must:  
  - designate a staff member as a military liaison, whose duties include identifying military-connected students enrolled at the campus through PEIMS; serving as the point of contact between the campus and military-connected students and their families; determining appropriate campus services available to military-connected students; and assisting in coordinating campus programs relevant to military-connected students  
  - maintain on the campus website an easily accessible web page that includes resources for military-connected students and their families, including information regarding relocation to, enrollment at, registration at, and transferring records to the campus; academic planning, course sequences, and advanced classes available at the campus; and counseling and other support services available for military-connected students enrolled at the campus;  
  - maintain a transition program led by students, where appropriate, that assists military-connected students in transitioning into the campus;  
  - offer professional development for staff members on issues related to military-connected students; and  
  - offer at least one of the following initiatives:  
    - a resolution showing support for military-connected students and their families;  
    - recognition of the Month of the Military Child or Military Family Month with relevant events hosted by the campus; or  
    - a partnership with a local military installation that provides opportunities for active duty military members to volunteer at the campus, speak at an assembly, or host a field trip. |
| 3            | N/A                      | This section establishes that the Act applies beginning with the 2019-2020 school year. |
Effective Date: Immediately

<td>1</td>
<td>Amends Uncodified §15.001, Chapter 967 (SB 2065), Acts of the 85th Regular Legislative Session</td>
<td>This section abolishes any existing dissolution committee for a former county board of education or board of county school trustees (Former Entity) (at present, only the dissolution committee for the former Dallas County Schools county board of education) on September 1, 2019 and transfers all duties and obligations to the commissioners court (Court) of the county in which the Former Entity was located (in this case, the Dallas County commissioners court). The bill further provides that the Court assumes ownership of and responsibility for all assets, liabilities, and contracts of the Entity or its dissolution committee, and that the Court takes control of any funds of the dissolution committee, including any sinking fund. Section 1 of the bill further provides that the Court will continue all tax-related activities (and may deduct from Former Entity-related tax proceeds administrative costs for such activities) associated with the Former Entity or its dissolution committee, only until the debts of the Former Entity listed in a district court final judgment for litigation between its dissolution committee and the local county are discharged, but the Court is not required to adopt the tax authorized under Sec. 15.001. Any remaining tax funds are to be distributed by the Court on a proportionate basis (based on student populations) to the school districts within its county. Additionally, an ad valorem tax rate set per this section is not considered an ad valorem tax set by the county for purposes of tax limitations established by other statutory or constitutional provisions. Section 1 of the bill provides that: 1) all other debts of the Former Entity shall be paid from funds of the dissolution committee; 2) all claims against the Former Entity or its dissolution committee are barred after September 1, 2019; 3) the Court may use the funds of the Former Entity’s dissolution committee for administrative duties related to the abolishment of the dissolution committee. No county funds may be used to pay debts. Section 1 of the bill also provides, after the payment of all debts of the Former Entity or its dissolution committee, for the proportionate distribution (based on student populations) of any remaining funds to school districts in the county where the Former Entity was located.</td>

</table>
| 1            | Amends TEC §12.117(a)    | This section adds the provision that an open-enrollment charter school’s governing body shall use the common student applicant form described by (new) §12.1173 (see section 3 below).  
This language requires state charter schools to adopt the common student admission application developed by TEA. |
| 2            | Amends TEC §12.1171      | This section requires a common application pursuant to TEC §12.117 in addition to permitting an audition pursuant to §12.1171. This ensures uniformity across the state’s portfolio in the use of an admission and enrollment application. |
| 3            | Adds TEC §§12.1173 and 12.1174 | The Commissioner shall adopt by rule a common admission form to be used by Texas charter schools, publicize the availability of the form adopted under this section, and provide guidelines for lotteries and waitlists. Subsection (c) outlines the agency’s responsibility to create a form to be used and rules to guide the maintenance of a waiting list should the charter school have more applicants than available spots, plus the adoption of rules associated with implementation of this law.  
Not later than the last Friday in October of each school year, in the form prescribed by Commissioner rule, the governing body of a charter holder shall report to the agency for that school year:  
(1) the following information for each campus operating under the charter holder’s charter:  
(A) the number of students enrolled;  
(B) the enrollment capacity; and  
(C) if a charter holder uses a waiting list for admission to a campus:  
(i) the total number of students on the waiting list; and  
(ii) the number of students on the waiting list disaggregated by grade level; and  
(2) The information described by Subdivision (1) aggregated for all campuses operating under the charter holder’s charter.  
(3) Any information required by the Commissioner as necessary to identify each student admitted to or on a waiting list for admission to a campus operating under the charter holder’s charter who is, or was previously, enrolled in a public school in this state.  
From information provided to the Commissioner by each charter holder under this subchapter, the Commissioner shall identify each group of charter holders considered by the Commissioner to be corporate affiliates or substantially related |
charter holders. Using the information reported under Subsections (a) (1) and (2), the agency shall aggregate the information in each group of charter holders identified by the Commissioner under this subsection.

By March 15th of each year, the Commissioner must post the information reported by charter holders under this section.

**Effective Date:** September 1, 2019

**Does this Affect Charters:** Yes

**Summary of Implementation Requirements (rules, study, contract, pilot program, etc.):**
Rules related to TEC §12.1173 must be adopted not later than January 1, 2020.

New TEC §12.1173(a) states that the Commissioner by rule shall adopt a common admission application form for use by an applicant for admission to an open-enrollment charter school that provides for the submission of information that the Commissioner considers appropriate.

TEC §12.1173(c) states that the Commissioner by rule shall adopt guidelines to create and manage a waiting list each school year for applicants who are not admitted.

TEC §12.1173(d) states that the Commissioner shall adopt any other rules as necessary… including rules to ensure this section complies with federal law regarding confidentiality of student medical or educational information and any state law relating to the privacy of student information.

TEC §12.1174(a) states that in the form prescribed by Commissioner rule, the governing body of a charter holder shall report to the agency for that school year information on that school’s enrollment status.

Current rules in Texas Administrative Code (TAC) §100.1015 will be amended to align with this requirement for new charter applicants.

**Summary of IT and Data Implications:**
The bill would create a new data reporting requirement for open-enrollment charter schools. Charter schools would have to report, at a campus level, whether or not the campus has a waitlist. If the campus does have a waitlist, student level waitlist data would need to be submitted. The enrollment capacity of each campus related to the campus waitlist would also have to be submitted. The Commissioner would identify corporate affiliates or closely related charter schools from data currently in the charter school tracking system (CSTS).
SB 2432
Author: Taylor, Larry
Sponsor: Sanford, Scott

Bill Summary: Senate Bill 2432 establishes that conduct containing harassment against school district employees is added as one of the activities committed by a student when on or within 300 feet of school property or while attending a school-sponsored or school-related activity on or off school property for which a student shall be removed from class and placed in a disciplinary alternative education program.
