

Employment Rates by Preparation Route SY 2011-12 through 2016-17

This table shows the number of teachers who obtained initial standard teacher certificates, followed by the number and percentage who obtained employment for the following academic year. For each certification and grade level, the results are broken down by preparation route with an additional count for all routes. Certificates by exam, certificates obtained through work experience, and probationary certificates are excluded from the analysis. Regular classroom teachers and full-time substitute teachers are counted as employed.

Abbreviations: ACP = alternative certification program, UPB = University post-baccalaureate, UUG = University undergraduate, OOS = out of state.
