Overview of Account Codes

Sections 12.104 and 12.111 of the Texas Education Code (Code or TEC) require nonprofit charter school fiscal accounting systems to be compatible with the Public Education Information System (PEIMS) data standards (as adapted for nonprofit charter school accounting in this special supplement). The system must conform with Generally Accepted Accounting Principles (GAAP). These sections of the TEC further require financial information be sufficient to enable the state board of education to monitor the funding process, and to determine educational system costs by nonprofit charter school, campus and program.

The Texas Education Code, Section 12.111, requires each nonprofit charter school to have an annual independent audit. The annual audit must include the performance of certain audit procedures for the purpose of reviewing the accuracy of the fiscal information provided by the nonprofit charter school through the Public Education Information Management System (PEIMS). The audit procedures are to be adequate to detect material errors in the nonprofit charter school's fiscal data to be reported through the PEIMS system for the fiscal period under audit.

A major purpose of the following accounting code structure is to establish guidelines for a nonprofit charter school fiscal accounting system that is compatible with PEIMS. Although certain codes within the overview may be used at local option, the sequence of the codes within the structure, and the net asset groups and classes and chart of accounts, are to be uniformly used by all nonprofit charter schools in accordance with generally accepted accounting principles. With the exception of the codes that may be used at local option, all charter schools must use the account code structure as described in this supplement. Failure to use the account code structure as discussed in this supplement should be disclosed as a noncompliance issue in the Schedule of Findings and Questioned Costs included with the Annual Financial and Compliance Report.

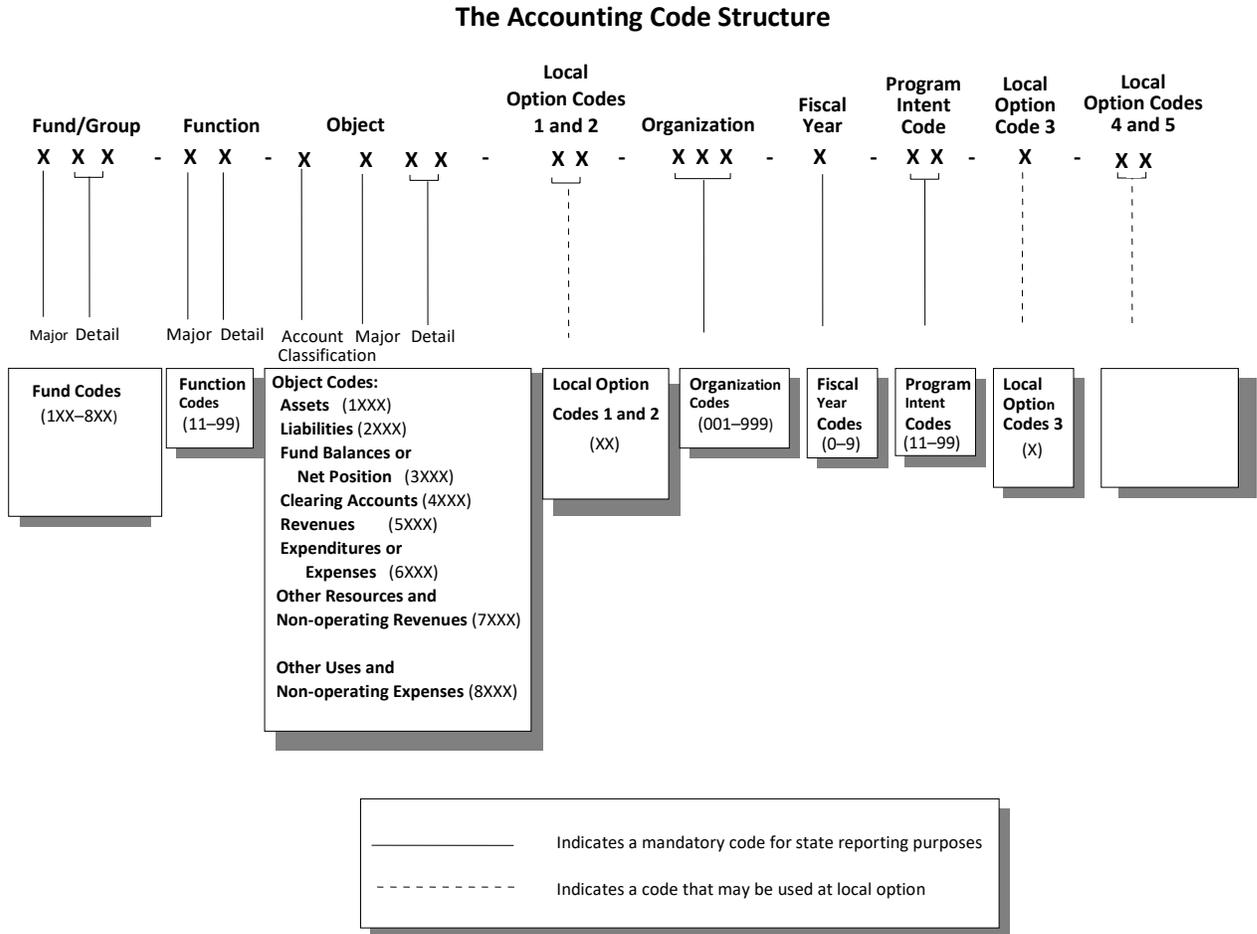

Applicability

This supplement discusses financial accounting and reporting requirements applicable to open-enrollment charter schools operated by a private or independent institution of higher education as defined under Section 61.003 of the Texas Education Code (TEC 61.003) or an organization that is exempt from taxation under Section 501(c)(3), Internal Revenue Code of 1986 (26 U.S.C. Section 501(c)(3)). The financial accounting and reporting requirements discussed in this supplement do not apply to an open-enrollment charter school operated by an institution of higher education as defined in TEC 61.003 or a governmental entity. An open-enrollment charter school operated by an institution of higher education or a governmental entity must adhere to the financial accounting and reporting requirements discussed in the FASRG.

3.1. Accounting Code Structure and Definitions

Exhibit 3.1 illustrates the structure of the accounting code system.

Exhibit 3.1 Accounting Code Structure

Fund Code

A required three-digit code used for all financial transactions to identify the fund group and specific fund. The first digit identifies the fund group, and the second and third digits identify the fund. The fund code is also used to designate the long-term account groups for recording long-term debt and capital assets.

Example:

Code 211 applies to a special revenue fund. The “2” denotes the special revenue fund group, and the “11” denotes the fund for the Elementary and Secondary Education Act (ESEA), Title I, Part A—Improving Basic Programs.

Function Code

A required two-digit code used for a cost to identify the purpose of the transaction. The first digit identifies the major class of functions, and the second digit identifies the specific function within the class.

Example:

Code 33 applies to the function “health service.” The first “3” denotes support services—student (pupil), and the second “3” denotes health services.

Object Code

A required four-digit code that identifies the purpose of an account, a transaction, or a source. The first of the four digits identifies the type of account or transaction, the second digit identifies the highest level of classification, and the third and fourth digits provide further subclassifications.

Example:

Code 5711 could apply to money received for current-year taxes. The “5” denotes revenue, the “7” denotes local and intermediate sources, the first “1” denotes revenue from local real- and personal-property taxes, and the final “1” denotes current-year levy.

Local Option Codes 1 through 5

Optional codes that your nonprofit charter school may use in multiple ways and combinations; for example, as a single-digit code, a two-digit code, or a three-digit code, etc.

Organization Code

A required three-digit code that identifies the organization, for example, high school, middle school, elementary school, superintendent’s office, etc. An organization code does not necessarily correspond with a physical location. The activity, not the location, defines the organization. A campus is an example of an organization. The Texas Education Directory Customized Reports and Data Files (AskTED) specifies codes for each school district and campus.

Example:

Expenditures for a high school might be classified as 001. This code is a campus organization code that is defined in [AskTED](#) for that high school.

Fiscal Year Code

A required single-digit code that identifies the fiscal year of a transaction or the beginning fiscal year of a grant project (a federally funded project that is accounted for as special revenue funds). The code for a particular fiscal year is the last digit of that fiscal year (for example, “**7**” is the fiscal year code for a fiscal year that begins in 2016 and ends in 2017 [fiscal year 2017]). The project period may vary according to the grant.

A project code combined with a fund code uniquely identifies transactions for a specific grant for the entire 15-month project period. Some project periods have only 14 months, and in a few instances, other project periods may apply.

Example:

Your nonprofit charter school received a grant that began on July 1, 2016, and your nonprofit charter school’s fiscal year starts September 1, 2016, and ends August 31, 2017; your nonprofit charter school accounts for 15 months of the grant expenditures with fiscal year code **7** (fiscal year 2017) for the duration of the 15-month project.

Program Intent Code

A two-digit code used to designate the intent of a program provided to students. Program intent codes account for the cost of instruction and other services that are directed toward a particular need of a specific set of students. The intent (the need of student group toward which the instructional or other service is directed) determines the program intent code, not the demographic makeup of the students served.

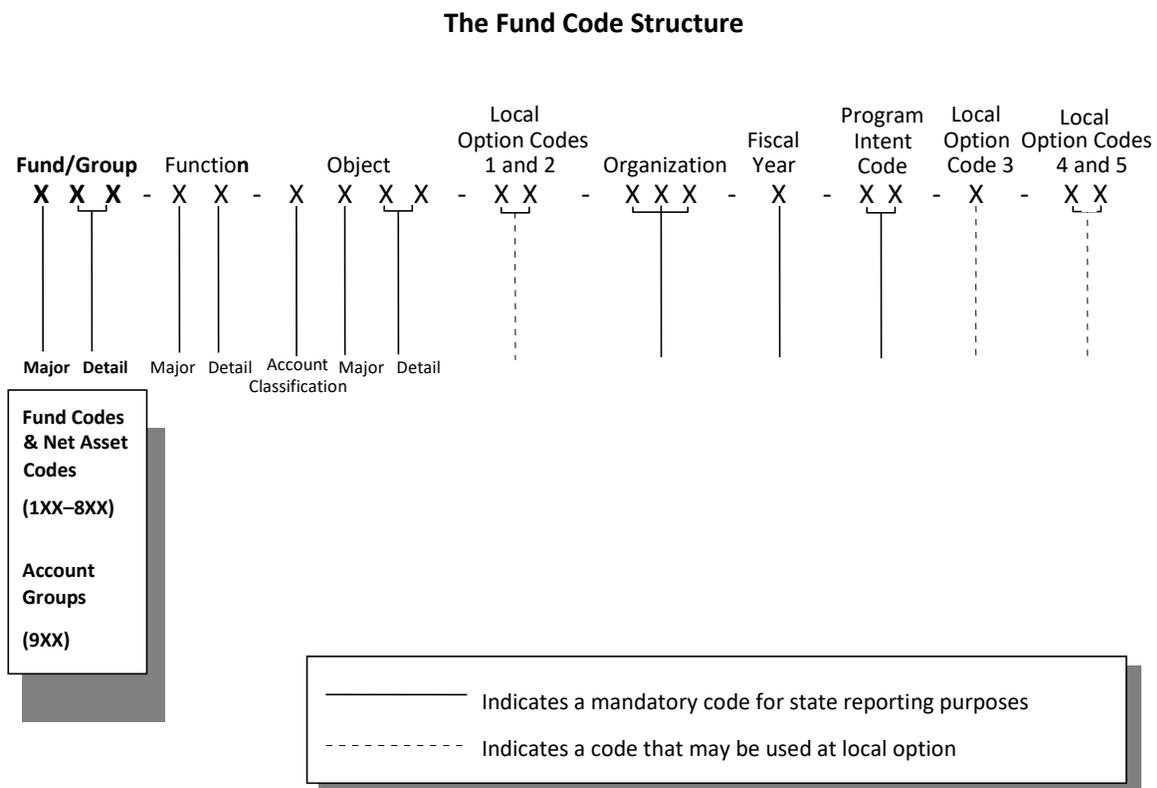

Example:

Program intent code **11** designates basic educational services, such as a physics class taught at the basic level.

3.2 Net Assets Account Codes

Nonprofit charter school accounting systems are organized and operated on a net asset class basis. A net asset class is an accounting entity with a self-balancing set of accounts recording financial resources and liabilities. A nonprofit charter school designates the net asset class' financial resources for a distinct purpose. The net asset class' purpose can be established by the state or federal government as well as the nonprofit charter school.

Exhibit 3.2 Fund Code Structure

The three digit code designates the net asset class if the charter school does not participate in grant projects or any federal program accounted for under account codes 200-499. If the charter school does participate in any grant project or federal program, then the three digit

account code is used to identify the revenues and expenses restricted to the specific uses under the applicable state and federal law, rules and regulations. This means that when expenses are incurred for grants accounted for under the With Donor Restrictions net asset class then the charter school will not utilize the object code net assets released from temporary restrictions for general ledger and PEIMS reporting purposes. Instead the expense will be recorded and maintained in the general ledger with the appropriate specific or generic grant account code in the 200-499 range. This accounting treatment is required in order to provide information to oversight entities. Oversight entities are required to ensure separate detailed accountability is maintained in order to be able to determine charter schools' compliance with applicable state and federal rules and regulations. The object code net assets released from temporary restrictions will be utilized in annual financial statements.

Nonprofit charter schools should establish and maintain those net asset classes and grant accounting required by law and sound financial administration. Only the minimum number of net asset classes consistent with legal and operating requirements should be established since unnecessary funds result in inflexibility, undue complexity, and inefficient financial administration. This is particularly important in the area of grant administration because all grants must have separate accountability for revenues and expenses.

The **R** by a code indicates that the code is required for reporting purposes (PEIMS and/or Annual Financial and Compliance Report) if such codes are applicable to the nonprofit charter school.

100

NET ASSETS WITHOUT DONOR RESTRICTIONS GROUP

Net Assets Without Donor Restrictions group for Texas nonprofit charter schools account for the acquisition, use and balances of expendable financial resources and related liabilities as required by law or rule.

The net assets without donor restrictions group has budgetary control which is used to show transactions resulting from operations of on-going organizations and activities from a variety of revenue sources for which net assets are controlled by and retained for the use of the local education agency. The net assets without donor restrictions group utilizes the full accrual basis of accounting.

To maintain separate revenue and expense accounts to assure the integrity of specific revenue purposes when required by law or rule, the unrestricted net asset class is to employ the classifications defined below.

℞ 101 Food Service

This classification is to be used by the nonprofit charter school for a food service program, under certain circumstances.

Food Service is considered a part of the without donor restrictions net assets class if it meets the following criteria:

No user fees are charged; i.e., students are not charged for meals, and

Participation in the National School Lunch Program (NSLP) is not a factor. Whether the nonprofit charter school participates or not, the unrestricted net asset class subsidizes Food Service for all amounts required in excess of the NSLP reimbursements

The net asset amount of Food Service may not exceed three months of food service operations, and such balances are to be used exclusively for allowable child nutrition program purposes. (Catalog of Federal Domestic Assistance (CFDA) program numbers 10.553, breakfast; 10.555, lunch) (Note: See net asset code 240 which is an alternative method of accounting for Food Service, depending on the guidelines established by the nonprofit charter school.)

The Summer Food Service Program funded by the US Department of Agriculture (USDA) (CFDA 10.559) is not to be classified in this net asset class, but rather in the with donor restrictions net asset class code 242.

161–198 Locally Defined Classifications (Convert to Net Asset Class 199 for TSDS PEIMS)

These codes are used, at the option of the nonprofit charter school, to further classify specific revenues and related expenditures for local requirements. For TSDS PEIMS reporting, your district must convert these codes to Net Asset Class 199.

℞ 199 Without Donor Restrictions Net Assets Class

This classification must be used to account for those net assets the local governing board designates. The local governing board has wide discretion in their use as provided by law. Net assets with donor restrictions are accounted for using the net asset code category With Donor Restrictions net assets class codes 201-499. Any locally defined codes that are used at the local option for unrestricted net assets are to be converted to Net Asset Class 199 for TSDS PEIMS reporting.

(See net asset code 420 and 429. All state aid not required to be reported under net asset codes 380-418 must be reported under net asset codes 420 and 429, as applicable.)

200, 300, 400**NET ASSETS WITH DONOR RESTRICTIONS GROUP**

Net Assets With Donor Restrictions group and individual classes are used to account for the proceeds of specific revenue sources that are legally and with donor restrictions to expenses for specified purposes.

Net assets with donor restrictions codes are grouped in the following categories:

Codes	Category and Description
201–289	<p>Net Assets With Donor Restrictions: Federal Programs</p> <p>This group of codes is used to account for federally funded With Donor Restrictions net asset classes.</p> <p>Each federal fund has a number assigned in the Catalog of Federal Domestic Assistance (CFDA). The applicable CFDA number is shown at the end of each fund code’s definition.</p>
381-429	<p>Net Assets With Donor Restrictions: State Funded</p> <p>This group of codes is used to account for state-funded With Donor Restrictions net asset classes.</p>
4610-499	<p>Net Assets With Donor RestrictionsNet Assets: Locally Funded</p> <p>This group of codes is used to account for used to account for With Donor Restrictions net asset classes from local sources.</p>

201-289 NET ASSETS WITH DONOR RESTRICTIONS GROUP: FEDERAL PROGRAMS

Federal Programs that are used by nonprofit charter schools and education service centers are designated by Net Assets Class Codes 201 through 289. Most, but not all, of these revenues must be applied for through a Standard Application System (SAS).

℞203 Child Care Development Block Grant

This fund classification is used to account for funds granted under Title XX of the Social Security Act.¹ (CFDA 93.575)

℞205 Head Start

This fund classification is used to account for funds granted for the Head Start Program. (CFDA 93.600)

℞206 ESEA, Title X, Part C—Homeless Education

This fund classification is used to account for funds granted for a variety of staff-development and supplemental services, including in-service training, counseling, psychological services, and tutoring. (CFDA 84.196)

℞209 Energy Conservation for Institutional Buildings

This fund classification code is used to account for funds granted for energy conservation by the US Department of Energy. (CFDA 81.052)

℞211 ESEA, Title I: Part A—Improving Basic Programs Operated by Local Education Agencies, and Part D; Subpart 2—LEA programs with locally operated correctional facilities

This fund classification is used to account for funds to provide opportunities for children to acquire the knowledge and skills to meet the state’s student performance standards. (CFDA 84.010A)

This code is also used for ESEA Title I, Part D, Subpart 2—LEA programs with locally operated correctional facilities, and Title I—School Improvement Program.

¹ Social Security Act, [Title XX](#)

℞ 212

ESEA, Title I, Part C—Education of Migratory Children

This fund classification is used to account for funds granted for programs benefiting children of migrant agriculture or agriculture-related workers and children of migrant fishermen. (CFDA 84.011)

℞ 218

ESEA Title V, Part D, Subpart 6—Jacob K. Javits Gifted and Talented Students Education Act of 2001

This fund classification is used to account for funds granted to carry out programs to meet the educational needs of gifted and talented students, including training of personnel in education for gifted and talented students and using gifted and talented services, materials, and methods for all students. (CFDA 84.206A)

℞ 220

Adult Basic Education (ABE)—Federal

This fund classification is used to account for funds granted to provide or support programs for education and literacy services to adults who are beyond the age of compulsory school attendance and:

- do not have a high school diploma; or
- lack sufficient mastery of basic educational skills to function effectively in society; or
- are unable to speak, read, or write the English language; and
- are not enrolled in school.

Educational services include:

- basic skills (reading, writing, speaking, and mathematics),
- English as a second language, and
- secondary-level competencies for acquisition of a high school diploma or equivalent.

If your nonprofit charter school receives funding provided under more than one section, it may be required maintain separate accountability and may do so by using one of the locally defined codes. (CFDA 84.002)

℞ 222

National and Community Service Trust Act—Learn and Serve America

This fund classification is used to account for funds allocated to enable students to apply classroom learning to real-life experiences. (CFDA 94.004) (Corporation for National and Community Services)

℞ 223

Temporary Assistance for Needy Families (TANF)

This fund classification is used to account for funds granted to provide education services to undereducated adult recipients of cash assistance under Temporary Assistance for Needy Families (TANF). Recipients of

benefits must participate in adult basic education or job training programs as a condition of eligibility. Educational services include:

- basic educational skills (reading, writing, speaking, and mathematics),
- English as a second language, and
- secondary-level competencies for acquisition of a high school diploma or its equivalent.

(CFDA 93.558)

℞ 224 IDEA—Part B, Formula

This fund classification is used to account for funds granted to operate educational programs for children with disabilities. This code includes capacity building and improvement (sliver) subgrants. (CFDA 84.027)

℞ 225 IDEA—Part B, Preschool

This fund classification is used to account for funds granted for preschool children with disabilities. (CFDA 84.173)

℞ 226 IDEA—Part B, Discretionary

This fund classification is used to account for funds used to support a regional education service center (ESC) special education component and also:

- targeted support to LEA's,
- regional day school programs for the deaf,
- private residential placements,
- priority projects, and
- other emerging needs.

(CFDA 84.027)

℞ 227 IDEA—Part B, Deaf

This fund classification is used to account for funds granted to operate educational programs for children with disabilities. This net asset code includes capacity building and improvement (sliver) deaf subgrants. (CFDA 84.027)

℞ 228 IDEA—Part B, Preschool Deaf

This fund classification is used to account for funds granted for preschool children with disabilities. (CFDA 84.173)

- ℞ 229** **IDEA—Part D, Deafblind**
- This fund classification is used to account for federal grant funds for the Texas Deafblind Project for Children Who Are Deafblind. (CFDA 84.326C; CFDA 84.025)
- ℞ 230** **IDEA—Part D, Personnel Training**
- This fund classification is used to account for funds granted for programs related to the training and preparation of school personnel who provide educational services to students with disabilities. (CFDA 84.029)
- ℞ 236** **Substance Abuse Prevention and Treatment Block Grant**
- This fund classification is used to account for funds granted through the Texas Department of State Health Services for intervention services for young people up to age 18. (CFDA 93.959)
- ℞ 238** **Substance Abuse Prevention and Treatment Block Grant—Females**
- This fund classification is used to account for funds granted through the Texas Department of State Health Services for intervention services for females under the age of 18. (CFDA 93.959)
- ℞ 239** **Substance Abuse Prevention and Treatment Block Grant—Prevention**
- This fund classification is used to account for funds granted through the Texas Department of State Health Services for prevention services for young people. (CFDA 93.959)
- ℞ 240** **School Breakfast Program and National School Lunch Program**
- This fund classification is to be used for programs using federal reimbursement revenues originating from the United States Department of Agriculture (USDA). The Food Service Fund is considered a
- Net Assets With Donor Restrictions Class if it meets the following criteria:

- User fees are charged to supplement the National School Lunch Program (NSLP) reimbursement -- i.e., students are charged for meals.
- The Unrestricted Net Assets Class subsidizes the Food Service Fund for all amounts required in excess of the NSLP reimbursements and user fees.
- The nonprofit charter school does not intend for the Food Service Fund to be self-sustaining.

This fund may have a net asset not to exceed three months of food service operations, and such balances are to be used exclusively for allowable child nutrition program purposes. (10.553, breakfast; 10.555, lunch; 10.555 Commodities)

***R*241 Regional Education Service Center Child Nutrition**

The regional education service centers use this fund classification code to account for funds to operate a regional program of administrative support for the child nutrition program.

***R*242 Summer Feeding Program, Texas Department of Agriculture (TDA)**

This fund classification code is used to account for funds received from the Texas Department of Agriculture for meals provided to the community based on the average number of daily participants. This fund should be used regardless of whether a charter school’s National School Breakfast Program and National School Lunch Program are accounted for in the Without Donor Restrictions Net Assets Class (code 101) or a With Donor Restrictions Net Assets Class (code 240).. (CFDA 10.559)

***R*244 Career and Technical Education—Basic Grant**

This fund classification code is used to account for funds granted to provide career and technical education and to develop new and/or improve existing career and technical education programs for paid and unpaid employment. Full participation in the basic grant is from members of special populations:

- at a limited number of campuses (sites) or
- in a limited number of program areas.

(CFDA 84.048)

R 245 Career and Technical Education—Single Parent

This fund classification code is used to account for funds granted to provide marketable skills through programs, services, and activities (including dependent care and transportation) for single parents, displaced homemakers, or single pregnant women. (CFDA 84.048A)

R 246 Career and Technical Education—Sex Equity

This fund classification code is used to account for funds granted for programs, services (including preparatory services, support services, and career guidance and counseling), and activities to eliminate sex bias and stereotyping in career and technical education. (CFDA 84.048A)

R 247 Career and Technical Education—Curriculum Development

This fund classification code is used to account for funds granted to develop, disseminate, and field test curriculum, especially curriculum that integrates vocational and academic methods and provides a coherent sequence of courses through which academic and occupational skills may be measured. (CFDA 84.048A)

R 248 Career and Technical Education—Professional Development

This fund classification code is used to account for funds used for career and technical education teachers and academic teachers who are working with students in career and technical education. The personnel included are educators and counselors who work in:

- corrections and
- community-based organizations.

Services include in-service and preservice training of teachers in state-of-the-art programs and techniques, such as integration of vocational and academic curriculum, with emphasis on training minority teachers. (CFDA 84.048A)

R 250 Career and Technical Education—Apprenticeship

This This fund classification code is used to account for funds granted for worksite programs such as:

- cooperative training
- internships
- joint programs
- services and activities with community-based organizations, work study, and apprenticeship programs

(CFDA 84.048A)

- ℞251 Career and Technical Education—Quality Work Force**
- This This fund classification code is used to account for funds granted to operate a quality workforce planning committee (partnership between educators and employers). (CFDA 84.048A)
- ℞253 IDEA, Part C, Early Intervention (Deaf)**
- This This fund classification code is used to account for funds granted to help local regional day school for the Deaf programs and the Texas School for the Deaf provide direct services to infants and toddlers who are hearing impaired, ages birth through two years. The services are provided by trained, certified teachers. (CFDA 84.181A)
- ℞255 ESEA, Title II, Part A—Teacher and Principal Training and Recruiting**
- This This fund classification code is used to account for funds used:
- to improve student academic achievement by:
 - improving teacher and principal quality and
 - increasing the number of highly qualified teachers, principals, and assistant principals in schools and
 - to hold local education agencies and schools accountable for improving student academic achievement.
- (CFDA 84.367A)
- ℞258 Public Charter Schools**
- This fund classification code is used to account for funds granted to public charter schools for planning, designing, and implementing programs; assisting other schools; and/or sending out information about the charter school. (CFDA 84.282)
- ℞259 Matching Funds for Library Purchases**
- This fund classification code is used to account for federal matching funds received by the district to purchase books and other library materials that are catalogued and circulated from a central source in each school building. The Texas Education Agency (TEA) provides a 30 percent match for each dollar expended, not to exceed one dollar per student enrolled, in each year of the biennium. (CFDA 84.999) State Consolidated Administrative Funds
- ℞263 Title III, Part A—English Language Acquisition and Language Enhancement**
- This fund classification code is used to account for funds granted to improve the education of children with limited English proficiency by

helping the children learn English and meet challenging academic achievement standards. (CFDA 84.365A)

℞ 264 Community Service Grant Program

This fund classification code is used to account for funds granted to carry out programs under which students expelled or suspended from school are required to perform community service. (CFDA 84.184C)

℞ 265 Title IV, Part B—21st Century Community Learning Centers

This fund classification code is used to account for funds granted to community learning centers to provide academic enrichment and other services to students and literacy-related educational services for their families. (CFDA 84.287)

℞ 267 Improving Academic Achievement (Grants for State Assessments and Related Activities)

This fund classification code is used to account for funds granted to improve educational achievement through:

- developing and administering state standards and assessments and
- providing professional development aligned with state standards and assessments.

(CFDA 84.369)

℞ 268 Improving Academic Achievement (Grants for Enhanced Assessment Instruments)

This fund classification code is used to account for funds granted to improve educational achievement through

- developing and administering state standards and assessments and
- providing professional development aligned with state standards and assessments.

(CFDA 84.368)

℞ 270 ESEA, Title VI, Part B, Subpart 2—Rural and Low-Income School Grant Program

This fund classification code is used to account for funds allocated to local education agencies to enable them to address the unique needs of rural school districts. (CFDA 84.358B)

R271**Workforce Investment Act Youth Activities**

This fund classification code is used to account for funds allocated to local education agencies to help low income youths at least age 14 but younger than 22 to acquire the educational and occupational skills, training, and support needed to achieve success and transition to careers and productive adulthood. (CFDA 17.259) (US Department of Labor)

R272**Medicaid Administrative Claiming Program—MAC**

This code is used to account for funds allocated to local education agencies to reimburse eligible administrative costs for activities that implement the Medicaid state plan. Expenditures attributed to the required matching amount are recorded in the general fund and accounted for using a local option account code, as needed, for local monitoring of compliance with federal matching requirements. (CFDA 93.778)

R273**Mathematics and Science Partnerships**

This fund classification code is used to account for funds granted to eligible partnerships to improve the academic achievement of students in mathematics and science by:

- providing professional development to improve teaching and
- recruiting math, engineering, and science majors to teaching.

(CFDA 84.336B)

R274**GEAR UP**

This fund classification code is used to account for funds granted through Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP). The funds are used to provide services and support to school districts with a high percentage of low-income minority students to ensure that students:

- are academically prepared for higher education,
- graduate from high school, and
- have access to higher education opportunities.

(CFDA 84.334S)

R275**School Dropout Prevention**

This fund classification is used to account for funds granted

- to provide school dropout prevention and reentry programs and

- to raise academic achievement levels to ensure that all children attain their highest academic potential.

(CFDA 84.360A)

R 276

Title I School Improvement Program (SIP) Academy Grant

The No Child Left Behind Act of 2001 (NCLB Act)² authorizes funds to help the TEA and LEAs address the needs of campuses in improvement, corrective action, and restructuring in order to improve student achievement. In addition, a portion of School Improvement Program funds³ must be used to leverage change and improve technical assistance⁴ provided through the TEA’s and districts’ targeting activities toward measurable outcomes as required by the US Department of Education. Expected results from the use of these grants include:

- improving student proficiency,
- increasing the number of campuses that make adequate yearly progress, and
- using data to inform decisions and create a system of continuous feedback and improvement.

(CFDA 84.377A) This grant has been named the “SIP Academy” grant in Texas by the state Title I Committee of Practitioners.

R 286

Title I School Improvement Program (SIP) Academy Grant—ARRA (Stimulus)

The No Child Left Behind Act of 2001 (NCLB Act)⁵ authorizes funds to help the TEA and LEAs address the needs of campuses in improvement, corrective action, and restructuring in order to improve student achievement. In addition, a portion of School Improvement Program funds⁶ must be used to leverage change and improve technical assistance⁷ provided through the TEA’s and districts’ targeting activities toward measurable outcomes as required by the US Department of Education. Expected results from the use of these grants include:

- improving student proficiency,
- increasing the number of campuses that make adequate yearly progress, and

- using data to inform decisions and create a system of continuous feedback and improvement.⁸

(CFDA 84.388) This grant has been named the “SIP Academy” grant in Texas by the state Title I Committee of Practitioners.

288 **Federally Funded Special Revenue Fund—Locally Defined**

Your nonprofit charter school has the option to use this fund classification to classify federally funded special revenue funds not specifically defined elsewhere. For PEIMS reporting, these codes are converted to code 289.

℞ 289 **Federally Funded Special Revenue Funds**

This fund classification is used to account for federally funded special revenue funds that have not been specified above. Any locally defined codes that are used at the local option are converted to code 289 for PEIMS reporting.

381–429 **NET ASSETS WITH DONOR RESTRICTIONS GROUP: STATE-FUNDED PROGRAMS**

Codes 381 through 429 are used to account for state program funds.

℞ 381 **Adult Basic Education (ABE)—State**

This fund classification code is used to account for funds granted to provide or support programs for adult education and literacy services to adults age 16 and above who do not have a high school diploma and are out of school. These funds can be used for the same purposes as federal funds for adult education.

℞ 382 **Temporary Assistance for Needy Families (TANF)—State**

This fund classification code is used to account for funds granted to provide education services to undereducated adult recipients of cash assistance under Temporary Assistance for Needy Families (TANF). Recipients of benefits are required to participate in adult basic education or job training programs as a condition of eligibility. Educational services include basic educational skills (reading, writing, speaking, and mathematics), English as Second Language instruction, and secondary-level competencies for acquisition of a high school diploma or its equivalent.⁹

⁸ [American Recovery and Reinvestment Act \[ARRA\] of 2009, Title VIII](#)

⁹ Texas Education Code, [§29.252](#)

℞383 Professional Staff Development

This code is used to account for funds used to provide preservice and staff development training in technology and innovative teaching practices for teachers and administrators. LEAs may serve as a fiscal agent for establishing a center for professional development under the direction of an institution of higher education or may receive funds directly to provide training and staff development in technology and innovative teaching practices.¹⁰

℞384 Texas After-School Initiative

This fund classification code is used to account for funds granted to implement quality after-school programs serving students of middle school age.

℞385 State Supplemental Visually Impaired (SSVI)

This fund classification code is used to account for state supplemental visually impaired funds received through the ESC or a district fiscal agent of a shared services arrangement.

℞386 Regional Day School for the Deaf

This fund classification code is used to account for funds allocated for the staff and activities of the regional day school program for the Deaf (RDSPD). These funds are not to be used to pay salaries of teachers

- with a teaching assignment, other than deaf students in the RDSPD and
- of American Sign Language as a foreign language at the junior high or high school level because this is a course for regular education credit

℞387 Quality Work Force Planning—State

This fund classification code is used to account for funds for the benefit of a quality workforce planning committee.

℞388 Innovative Education Grants

This fund classification code is used to account for grants awarded to campuses for innovative programs. These grants are funded by the Public Education Development Fund.

¹⁰ Texas Education Code, [§21.047](#)

- ℞390 Early Childhood Limited English Proficient (LEP) Summer Program**
- This fund classification code is used to account for funds for summer school programs for LEP students, but only if a bilingual program is part of the standard curriculum. Moneys may be used to fund both required summer school and voluntary summer school for LEP students.¹¹
- ℞391 Year-Round Schools Incentive**
- This fund classification code is used to account for noncompetitive awards for year-round schools.
- ℞392 Noneducational Community-Based Support**
- This fund classification code is used to account for funds to provide noneducational community-based support services to students with disabilities who would remain in or have to be placed in residential facilities for educational reasons without these services. The support services may include transportation, respite for the parents, case management, social work, in-home family support, and other items.¹²
- ℞393 Texas Successful Schools Program**
- This fund classification code is used to account for grant moneys your nonprofit charter school applied for after receiving notice from the TEA of eligibility based on criteria for the Academic Excellence Indicator System (AEIS).¹³
- ℞395 Comprehensive Developmental Guidance Program on Elementary Campuses for Students in At-Risk Situations**
- This fund classification code is used to account for funds granted for planning, implementing, and evaluating comprehensive, developmental guidance and counseling programs on elementary school campuses with high concentrations of students in at-risk situations. The objectives of this project are to:
- provide appropriate counseling and guidance for the changing social, emotional, and academic needs of students,
 - provide direct services to students to help them manage academic and social needs, and

¹¹ TEC, [§29.060](#)

¹² TEC, [§29.013](#)

¹³ TEC, [§39.261](#)

- support the efforts of teachers and parents in promoting the students’ self-esteem, academic readiness, social and interpersonal sensitivity, and skills and awareness of academic and future career opportunities.¹⁴

℞396 Communities in Schools

This fund classification code is used to account for funds granted for an in-school multidisciplinary approach to decreasing the dropout rate in the nonprofit charter school by increasing each participant’s chance of being successful in school.

℞397 Advanced Placement Incentives

This fund classification code is used to account for funds awarded to your nonprofit charter school under the Texas Advanced Placement Incentive Program.¹⁵

℞398 Children’s Trust Fund of Texas

This fund classification code is used to account for funds granted by the private agency, Children’s Trust Fund of Texas. This agency encourages community support and the use of volunteers within the program.

℞399 Investment Capital Funds or Campus Deregulation and Restructuring to Improve Student Achievement

This fund classification code is used to account for funds to help individual campuses implement practices and procedures consistent with school deregulation and restructuring. The purposes of these funds, provided through the investment capital fund, are to improve student achievement and increase parental involvement in the schools through staff development and training.¹⁶

℞400 School Health (Regional Education Service Centers [ESCs] Only)

ESCs must use this code for funds to operate a program of comprehensive school health services.

℞402 Texas Ready to Read Program

This fund classification code is used to account for funds granted to enable preschool programs to provide scientific, research-based,

¹⁴ TEC, [§33.005](#)

¹⁵ TEC, Chapter 28, [Subchapter C, Advanced Placement Incentives](#)

¹⁶ TEC, [§7.024](#)

prereading instruction, with the goal of improving prereading skills of three- and four-year-old students.

- R 403 Certification (Regional Education Service Centers [ESCs] Only)**
ESCs must use this code to account for funds to operate a program of regional certification of officers.
- R 404 Student Success Initiative**
This fund classification code is used to account for funds granted for teacher training and allocations to schools to implement scientific, research-based programs for students who have been identified as unlikely to achieve the third grade STAAR reading standard by the end of the third grade.
- R 405 Gifted and Talented (Regional Education Service Centers [ESCs] Only)**
ESCs must use this code to account for funds to support school district efforts in the area of gifted and talented education.
- R 406 Teacher Recruitment (Regional Education Service Centers [ESCs] Only)**
ESCs must use this code to account for funds to operate a program of teacher recruitment.
- R 407 Bilingual Education (Regional Education Service Centers [ESCs] Only)**
ESCs must use this code to account for funds to support school district efforts in the area of bilingual education and English as a second language.
- R 408 Technology (Regional Education Service Centers [ESCs] Only)**
ESCs must use this code to account for funds to support school district efforts in the area of technology.
- R 409 High School Completion and Success and Texas High School Project**
This fund classification code is used to account for funds granted for programs to improve high school graduation rates and postsecondary readiness.
- R 410 State Instructional Materials Fund**
This fund classification is used to account for funds awarded to nonprofit charter school under the instructional materials allotment. Instructional materials include textbooks, software, supplemental

materials, DVDs and CD-ROMs, online services, open-source materials, and other means of conveying information electronically.¹⁷

℞412 Public School Child Care Services

This code is used to account for funds awarded to nonprofit charter schools for child care service for school-age children.¹⁸

℞414 Texas Reading Initiative and Texas Reading, Math, and Science Initiative

This fund classification code is used to account for funds granted to improve student achievement in reading, math, and science through the provision of materials, professional development, student instructional programs, and other related activities.

℞415 Kindergarten and Prekindergarten Grants

This fund classification code is used to account for funds granted to implement or expand a kindergarten or prekindergarten program beyond the required¹⁹ program.

℞416 State Head Start

This fund classification code is used to account for funds granted to provide an educational component to federal Head Start programs or similar government-funded early childhood care and education programs.

℞419 Head Start—Ready to Read or Early Childhood School Readiness

This fund classification code is used to account for funds granted to preschool programs to provide scientific, research-based, prereading instruction for three- and four-year-old children.

℞420 Foundation School Program and other State Aid

House Bill 6, 77th Legislative Session, states that funds received by a charter holder after September 1, 2001 pursuant to Section 12.106, as amended, of the Texas Education Code (TEC) are public funds held in trust by the charter holder for the benefit of the students of the charter school. This net asset class usually includes transactions as a result of revenues from taxes passed through by school districts, foundation

¹⁷ TEC, [§31.0211](#)

¹⁸ TEC, [§33.902](#)

¹⁹ TEC, [§29.153](#)

entitlements, State and County available and other Foundation School Program sources which are not identified on warrants for foundation entitlements. State aid required to be reported under net asset codes 380–418 must not be reported under this net asset code.

R*422 **Matching Funds for Library Purchases*

This fund classification code is used to account for matching funds your district receives for expenditures for books and other school library materials that are catalogued and circulated from a central source in each school building. The Texas Education Agency provides a 30 percent match for each dollar expended, not to exceed one dollar expended per student enrolled, in each year of the biennium, to be used for purchasing library books and other library materials.

427 **State-Funded With Donor Restrictions Net Assets Class—Locally Defined**

This fund classification code is used to account for funds that are received from the state and that are not listed elsewhere. For [PEIMS](#) reporting, convert this code to code 429.

R*429 **State-Funded Special Revenue Funds*

This fund classification code is used to account for state-funded special revenue funds not listed above. Any locally defined codes that are used at the local option must be converted to code 429 for [PEIMS](#) reporting.

461–499 **NET ASSETS WITH DONOR RESTRICTIONS GROUP: LOCAL PROGRAMS**

Codes 461 through 499 must be used to account for local programs such as

- campus activity funds or
- grants from local businesses or organizations that require that the funds be expended for a specific purpose.

R 461

Campus Activity Funds (See Code 865 for Student Activity Funds)

This fund classification code is used to account for transactions related to a principal's activity fund if the moneys generated are not subject to recall by the nonprofit charter school's board of trustees. Gross revenues from sales are recorded in revenue object code 5755. The cost of goods sold is recorded in function code 36, using the appropriate expenditure object code.

480–498

Locally Funded With Donor Restrictions Net Assets Class—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify locally funded special revenue funds not defined elsewhere, such as grants by corporations to specific campuses. For [PEIMS](#) reporting, these funds convert to code 499.

R 499

Locally Funded With Donor Restrictions Net Assets Class

This fund classification code is used to account for locally funded special revenue funds not listed above. Any locally defined codes that are used at the local option must be converted to code 499 for [PEIMS](#) reporting.

800

NET ASSETS WITH DONOR RESTRICTIONS (PERMANENTLY RESTRICTED) GROUP

This group of net asset classes is used to account for assets held by a nonprofit charter school in a trustee capacity, or as an agent for individuals, private organizations, other governmental units and/or other funds.

These net asset classes are accounted for on the full accrual basis of accounting. Examples of permanently restricted net assets are gifts, donations or bequests received from individuals and/or organizations for

permanently restricted specific purposes for which the principal, and earned interest or revenue may be used (such as endowments for library support, building programs, and purchase of equipment).

801-805 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

806-829 With Donor Restrictions (Permanently Restricted) Net Assets Class—Locally Defined

These net asset classifications are used to account for locally defined permanently restricted net asset classes. These fund classifications codes must not be reported through the [PEIMS](#).

3.2.1 Unavailable or Reserved Fund Codes

The following table lists codes that are unavailable or reserved for future state definition. When a code is no longer being used, it is placed in “unavailable” status for 10 years to prevent its being used with two different meanings. After it has been unavailable for 10 years, its status is changed to “reserved for future state definition,” which means that it may be assigned to a new use as the need arises.

Category of Funds	Unavailable	Reserved for Future State Definition

3.3 Function Codes

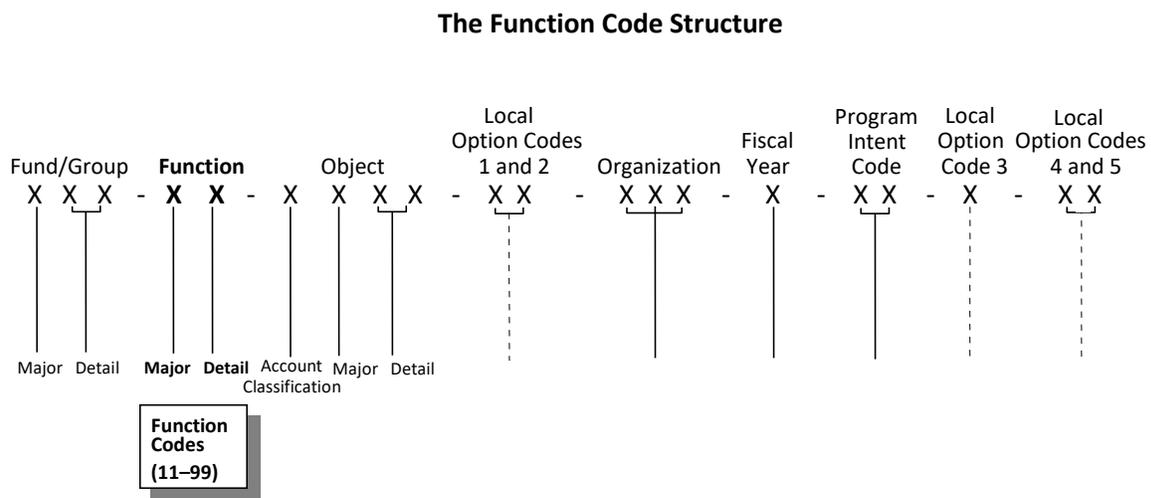

A function represents a general operational area in a nonprofit charter school. It includes a group of related activities. Most nonprofit charter schools use all functions in educating students or organizing the resources to educate students. For example, to provide an appropriate environment for learning, a nonprofit charter school transports students to school, teaches them, feeds them, and provides them health services. Each of these activities is a function.

An **R** by a function indicates that the function is required for reporting purposes (Public Education Information Management System [PEIMS], annual financial and compliance report, or both) if your nonprofit charter school used that function.

Note: “Costs” means “expenditures” or “expenses” in this appendix.

Exhibit 3.3 illustrates the position of the function codes in the accounting code system.

Exhibit 3.3 Function Code Structure

————— Indicates a mandatory code for state reporting purposes
 - - - - - Indicates a code that may be used at local option

Function codes are grouped in the following major areas according to related activities:

- 10 Instruction and Instruction-Related Services
- 20 Instructional and School Leadership
- 30 Student Support Services
- 40 Administrative Support Services
- 50 Support Services
- 60 Ancillary Services
- 70 Debt Service
- 80 Fundraising

Each of these major areas includes specific function codes.

Organization Codes and Program Intent Codes

Certain costs must be accounted for by organization code and program intent code. See the [organization code section](#) and [program intent code section](#) for information about which costs must be accounted for with these codes.

Your nonprofit charter school is encouraged to also use appropriate program intent and organization codes for all other costs that are directly attributable to a specific program intent, organization, or both. However, your nonprofit charter school should weigh the benefits to district management against the effort required to allocate costs before allocating costs that are not required to be allocated.

If your nonprofit charter school does not use specific program intent codes for costs that do not require them, it must use program intent code 99 (Undistributed) for those costs. If your nonprofit charter school does not use specific organization codes for costs that do not require them, it must use organization code 999 (Undistributed) or organization code 998 (Unallocated, Local Option) for those costs.

10 INSTRUCTION AND INSTRUCTION-RELATED SERVICES

This function code series is for costs for services that:

provide direct interaction between staff members and students to achieve student learning or provide staff members with the appropriate materials for development to achieve student learning. \mathcal{R} 11 Instruction

This code is for costs for activities that deal directly with instruction (the interaction between teachers and students). Instruction may be provided to students in a school classroom or in another location, such as a home or hospital, and in other learning situations. It may be provided through face-to-face interaction or through an approved medium such as television, radio, telephone, telecommunications, multimedia, or correspondence. This code includes costs for direct classroom instruction, other instruction, and activities that enhance or direct the delivery of instruction to students.

Function Code 11 - Costs to Include:	Function Code 11 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ classroom teachers ○ teacher aides ○ classroom assistants ○ graders ○ employees working in the classroom on a dedicated basis ○ adult basic education teachers ○ substitute teachers ○ substitute teachers who provide instruction while instructional-staff members attend staff development or in-service training ○ teachers who deliver instruction through telecommunications, television, satellite, etc. ○ school bus aides for special education ○ teachers for computer labs used for instruction 	<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ department heads (function code 13) ○ curriculum writers (function code 13) ○ program directors (function code 21) ○ school leadership, such as principals and assistant principals, and their staffs (function code 23) ○ network managers for noninstructional networks (function code 53) ○ webmasters (excluding costs attributable to instructional settings) (function code 53) ○ management information services (MIS) directors (function code 53)

Function Code 11 - Costs to Include:	Function Code 11 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> ○ webmasters in an instructional setting ○ technology coordinators for instructional networks ○ network managers for instructional networks ● instruction, including that part of the regular school day that is for teaching physical education courses for credit and during which athletic activities or athletic practices occur ● distance learning ● classes taught to students by regional education service centers ● adult basic education ● special education instructional and related services, including speech, occupational, and physical therapy ● health instruction ● food used to instruct students on food preparation ● field trips ● encyclopedias and other reference books in the classroom ● instructional materials ● upkeep and repairs to instructional materials and equipment in the classroom ● band instruments purchased by the district or donated by band boosters or other groups 	<ul style="list-style-type: none"> ○ information technology developers, programmers, testers, or systems analysts (excluding costs attributable to instructional settings) (function code 53) ● curriculum development (function code 13) ● information technology networks; electronic equipment, including personal computers, servers, and mainframes; hardware; and software, including student and general administrative software, that are used for multiple functions, including license fees and maintenance for these hardware and software (function code 53) ● security for technology networks, data, or systems (excluding costs attributable to instructional settings) (function code 53) ● supplies and services for maintaining buildings and grounds, including utilities (function code 51) ● tuition for students attending classes in another district because the resident district does not offer certain grade levels (function code 99) ● purchase of weighted average daily attendance (WADA) from either the state or other school districts under the Texas Education Code, Chapter 41 (function code 91)

Function Code 11 - Costs to Include:	Function Code 11 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • networks, software, licensing fees, maintenance, supplies, and staffs for computers used for instruction • testing materials for tests developed and administered by teachers • instructional supplies, including but not limited to classroom supplies, grade books, grade book software, report cards, and student handbooks • graduation • pre- or postemployment physicals or drug testing for personnel classified with this function code • purchase of vehicles for instructional purposes, including driver's education • insurance for driver's education vehicles • after-hours tutorials and enrichment • tuition paid by the school district for students to attend college during the regular school day 	<ul style="list-style-type: none"> • testing materials for standardized tests (function code 31) • band uniforms (function code 36) • property insurance on band instruments, uniforms, and equipment (function code 51) • additional costs associated with serving as a coach; athletic director; band director; sponsor for a University Interscholastic League speech, debate, or science competition; class sponsor; or student organization sponsor. These costs include those for additional days of employment, reduction of class load or length of day, etc. (function code 36)

R.12

Instructional Resources and Media Services

This code is for direct costs for resource centers and direct costs for establishing and maintaining libraries and other major facilities dealing with educational resources and media.

Function Code 12 - Costs to Include:	Function Code 12 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ librarians and library aides ○ staff members who work in a media, resource, or audiovisual center; television studio; or similar work-study area ○ substitute library-staff members who work in the library while library-staff members attend staff development or in-service training ○ studio crews that record educational programs or program segments for broadcast • selecting, preparing, cataloging, and circulating books and other printed materials • planning the use of the library by students and by teachers and other members of the instructional staff • building individuals' ability to use library books and materials • selecting, preparing, maintaining, and making available to the instructional staff equipment, films, transparencies, tapes, television programs, software, CDs, DVDs, and similar materials • planning, programming, writing, and presenting educational programs or program segments for broadcast 	<ul style="list-style-type: none"> • salaries for following: <ul style="list-style-type: none"> ○ staff members who conduct in-service training on the use of technology (function code 13) ○ network managers for noninstructional networks (function code 53) ○ network managers for instructional networks (function code 11) ○ technology coordinators for instructional networks (function code 11) • encyclopedias and other reference books in the classroom (function code 11) • supplies and services for maintaining buildings and grounds, including utilities (function code 51) • instructional materials (function code 11) • instructional supplies (function code 11)

Function Code 12 - Costs to Include:	Function Code 12 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • books, films, videocassettes, CDs, DVDs, and other media that are maintained by a resource center or library • library system software and software licenses, including stand-alone and networked software • supplies for binding and repairing books or other media contained in the library or resource center • upkeep of and repairs to library or resource center media, materials, and equipment • media and living science services provided by a regional education service center • pre- and postemployment physicals or drug testing for personnel classified with this function code • purchase of vehicles for instructional-resources and media purposes 	<ul style="list-style-type: none"> • additional costs associated with serving as a coach; athletic director; band director; sponsor for a University Interscholastic League speech, debate, or science competition; class sponsor; or student organization sponsor. These costs include those for additional days of employment, reduction of class load or length of day, etc. (function code 36)

13

Curriculum Development and Instructional-Staff Development

This code is for direct costs for services to help instructional-staff members plan, develop, and evaluate the process of providing learning experiences for students. These services include in-service training and other staff development for the school district’s instructional-staff members or members of instruction-related staffs (function codes 11, 12, and 13). This code is also for costs related to researching, developing, and modifying instruction.

Function Code 13 - Costs to Include:	Function Code 13 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ staff members who research, develop, and modify instructional methods, techniques, and procedures ○ staff members who prepare or conduct in-service training or staff development for instructional-staff members and members of instruction-related staffs (includes training on use of technology) ○ curriculum coordinators (not responsible for supervising instructional-staff members) ○ subject-area or grade-level department heads and related support staffs ○ assistant or deputy superintendents for curriculum ○ department heads and curriculum writers • curriculum development • fees for outside consultants conducting in-service training or staff development for instructional-staff members and members of instruction-related staffs • travel and travel-related costs for instructional-staff members and members of instruction-related staffs to attend in-service training or staff development 	<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ technology coordinators for instructional networks (function code 11) ○ substitute teachers who provide instruction while instructional-staff members attend staff development or in-service training (function code 11) ○ substitute library-staff members who work in the library while library-staff members attend staff development or in-service training (function code 12) ○ assistant or deputy superintendents for instruction (function code 21) ○ instructional supervisors (function code 21) • salaries of instructional- and library-staff members for the period when they attend in-service training or staff development (function code 11 or 12, as applicable) • supplies and services for maintaining buildings and grounds, including utilities (function code 51) • in-service training or staff development for staff members who are not classified with function code 11, 12, or 13 (applicable function code)

Function Code 13 - Costs to Include:	Function Code 13 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • tuition and fees paid by the school district for instructional-staff members to attend an institution of higher education for additional hours of credit • supplies, materials, and equipment for curriculum development or in-service training • upkeep of and repairs to equipment used for curriculum development or in-service training • paid sabbaticals for instructional-staff members • staff development or in-service training provided by a regional education service center • pre- or postemployment physicals or drug testing for personnel classified with this function code • purchase of vehicles for instructional-staff development or curriculum development 	<ul style="list-style-type: none"> • additional costs associated with serving as a coach; athletic director; band director; sponsor for a University Interscholastic League speech, debate, or science competition; class sponsor; or student organization sponsor. These costs include those for additional days of employment, reduction of class load or length of day, etc. (function code 36)

20

INSTRUCTIONAL AND SCHOOL LEADERSHIP

This function code series is for costs related to managing, directing, supervising, and leading staff members who provide instruction or instruction-related services. This function code series is also for costs related to the general management and leadership of a school campus.

***R*21**

Instructional Leadership

This code is for direct costs for managing, directing, supervising, and leading staff members who provide instruction or instruction-related services.

Function Code 21 - Costs to Include:	Function Code 21 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ instructional supervisors ○ coordinators or directors for special populations or educational programs (Title I, special education, career and technical education, etc.) and related support staffs ○ assistant or deputy superintendents for instruction, instructional supervisors, or program directors or administrators for instruction • upkeep of and repairs to materials and equipment related to instructional leadership • pre- or postemployment physicals or drug testing for personnel classified with this function code • purchase of vehicles for instructional-leadership purposes 	<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ principals, assistant principals, and related staffs (function code 23) ○ staff members who perform accounting, personnel, or other administrative functions (function code 41) ○ staff members who provide staff development and in-service training (function code 13) ○ assistant or deputy superintendents for curriculum (function code 13) ○ curriculum coordinators who are not responsible for supervising instructional staff (function code 13) • supplies and services for maintaining buildings and grounds, including utilities (function code 51) • additional costs associated with serving as a coach; athletic director; band director; sponsor for a University Interscholastic League speech, debate, or science competition; class sponsor; or student organization sponsor. These costs include those for additional days of employment, reduction of class load or length of day, etc. (function code 36)

R23

School Leadership

This code is for costs for managing a school campus. Managing a campus includes the activities performed by the principal, assistant principals, and other assistants while they do the following:

- supervise all operations of the campus
- evaluate staff members of the campus
- assign duties to staff members who maintain student records for the campus

Function Code 23 - Costs to Include:	Function Code 23 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ principals, assistant principals, and related staffs ○ staff members who record, compile, and report student attendance data, including enrollment records ○ campus staff members who maintain a principal's activity fund or student activity fund • teacher appraisal (even if appraisals are conducted by a teacher peer group) • upkeep of and repairs to equipment related to school leadership • electronic devices, including personal computers, that are used exclusively by the school-leadership staff, whether the computers are networked or stand-alone • purchase of vehicles for school-leadership purposes • pre- or postemployment physicals or drug testing for personnel classified with this function code • Design of campus improvement plans 	<ul style="list-style-type: none"> • salaries for staff members who compile the superintendent's annual report (function code 41) • electronic devices, personal computers, servers, or mainframe computers that are used for multiple functions, for example, general administration and school leadership (function code 53) • supplies and services for maintaining buildings and grounds, including utilities (function code 51) • additional costs associated with serving as a coach; athletic director; band director; sponsor for a University Interscholastic League speech, debate, or science competition; class sponsor; or student organization sponsor. These costs include those for additional days of employment, reduction of class load or length of day, etc. (function code 36)

STUDENT SUPPORT SERVICES

This function code series is for costs that directly support students.

R31**Guidance, Counseling, and Evaluation Services**

This code is for direct costs for assessing students' abilities, aptitudes, and interests; counseling students about career and educational opportunities; and helping students set realistic goals. These costs include the costs of providing psychological services, educational counseling, and occupational counseling; identifying individual characteristics; and testing and evaluating students.

Function Code 31 - Costs to Include:	Function Code 31 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ counselors and related staffs, including career and technical education or occupational counselors ○ staff members who evaluate student performance using assessment instruments ○ psychologists ○ psychiatrists ○ diagnosticians ○ assistant or deputy superintendents for guidance and counseling • mental health screening • student appraisal services • maintaining information on a student's home and family background, standardized test results, and school performance • maintaining information on each student's course of study • placement services 	<ul style="list-style-type: none"> • supplies and services for maintaining buildings and grounds, including utilities (function code 51) • costs for providing physical health services to students (function code 33) • testing materials for student tests developed and administered by teachers (function code 11)

Function Code 31 - Costs to Include:	Function Code 31 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • testing materials for standardized tests • contracted testing services for standardized tests • student or parent counseling • upkeep of and repairs to equipment related to guidance and counseling services • purchase of vehicles for guidance, counseling, and evaluation personnel • supplies for guidance, counseling, and evaluation services • pre- or postemployment physicals or drug testing for personnel classified with this function code 	

R 32

Social Work Services

This code is for direct costs that are exclusively for activities such as the following:

- investigating and diagnosing student social needs arising out of the home, school, or community
- providing casework and group-work services for the child, parent, or both
- interpreting the social needs of students for other staff members
- promoting change in an individual student’s circumstances related to his or her social needs, including providing referrals to and interacting with other governmental agencies

Function Code 32 - Costs to Include:	Function Code 32 - Costs to Exclude (correct function code appears in parentheses):
salaries for the following: social workers	<ul style="list-style-type: none"> • salaries for the following:

Function Code 32 - Costs to Include:	Function Code 32 - Costs to Exclude (correct function code appears in parentheses):
<p>truancy or attendance officers</p> <p>staff members who transfer records of migrant students</p> <p>assistant or deputy superintendents for social services</p> <p>purchase of vehicles for social work services</p> <p>upkeep of and repairs to materials and equipment related to social work services</p> <p>supplies for social work services</p> <p>pre- or postemployment physicals or drug testing for personnel classified with this function code</p>	<ul style="list-style-type: none"> ○ staff members who record, compile, and report student attendance data (function code 23) ○ staff members who record and compile the superintendent's report on attendance (function code 41) ○ liaisons or coordinators for parent education and involvement (function code 61) ● supplies and services for maintaining buildings and grounds, including utilities (function code 51) ● additional costs associated with serving as a coach; athletic director; band director; sponsor for a University Interscholastic League speech, debate, or science competition; class sponsor; or student organization sponsor. These costs include those for additional days of employment, reduction of class load or length of day, etc. (function code 36)

R33

Health Services

This code is for direct costs that are exclusively for providing physical health services to students or for direct costs for inoculations for staff members. Physical health services include medical, dental, and nursing services.

Function Code 33 - Costs to Include:	Function Code 33 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ school physicians (including ophthalmologists), dentists, optometrists, physician’s assistants, nurses, and nurse’s aides who maintain the health of students or provide health services to students ○ industrial nurses • contracted medical services, including doctor visits, dentist visits, vision services, and nurse services • inoculations for staff members and students • medical and health supplies for the use of students to assist in health care • Medicaid administrative expenditures • physical health services, screenings, and referrals for students • upkeep of and repairs to materials and equipment related to health services • pre- or postemployment physicals or drug testing for personnel classified with this function code • purchase of vehicles for health services 	<ul style="list-style-type: none"> • medical and health supplies to be used for athletics (function code 36, program intent code 91) • instruction in health (function code 11) • speech, health, physical, and occupational therapy to assist special education students in the learning process (function code 11) • supplies and services for maintaining buildings and grounds, including utilities (function code 51) • pre- or postemployment physicals or drug testing for personnel classified with other function codes (applicable function code) • physical examinations for purposes of athletics (function code 36)

R 34

Student Transportation

This code is for costs incurred in transporting students to and from school. It is also for costs that are exclusively for student transportation

that is related to career and technical education (CTE) services, special education services, or other special program services.

Your school district must record costs for regular bus routes to and from school, or for bus passes for transportation to and from school, using program intent code 99 (Undistributed) and organization code 999 (Undistributed) or 998 (Unallocated, Local Option).

Your district must record costs that are exclusively for transportation of students related to CTE services, special education services, or other special educational services using the applicable program intent code.

Function Code 34 - Costs to Include:	Function Code 34 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ transportation supervisors and directors, bus drivers, and bus maintenance personnel ○ assistant or deputy superintendents for transportation • transportation specifically for students who participate in special programs as defined in the program intent codes, for example, special education (services to students with disabilities), CTE, etc. (Applicable program intent code must be used.) • Expenditures/expenses for regular bus routes to and from school for eligible regular program students • fuel, tires, etc., for buses • contracted repair of buses • bus driver training and certification • fleet insurance for buses • surety bonds for bus drivers • bus passes 	<ul style="list-style-type: none"> • field trips (function code 11) • trips for members of student organizations, for example, Future Farmers of America, National Honor Society, etc. (function code 36) • additional costs associated with serving as a coach; athletic director; band director; sponsor for a University Interscholastic League speech, debate, or science competition; class sponsor; or student organization sponsor. These costs include those for additional days of employment, reduction of class load or length of day, etc. (function code 36) • financing costs, for example, principal and interest for acquisition of buses (function code 71) • principal and interest on school bus loans and capital leases (function code 71) • vehicles other than those used for student transportation (applicable function code)

Function Code 34 - Costs to Include:	Function Code 34 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • pre- or postemployment physicals or drug testing for personnel classified with this function code • initial purchase of school buses 	

R.35

Food Services

This code is for direct costs that are exclusively for supervising or maintaining a food service operation. These costs include those for food, labor, and other goods and services needed to prepare, transport, and store food for students and staff members.

Function Code 35 - Costs to Include:	Function Code 35 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ food service supervisors or directors and related staffs ○ cooks ○ snack bar staff members • Summer Food Service Program • food • nonfood items such as plates, silverware, and napkins that are essential to providing food services to students • commodities • vehicles for transporting food from central locations to satellite locations and related costs 	<ul style="list-style-type: none"> • food used to instruct students on food preparation (function code 11) • supplies and services for maintaining buildings and grounds, including utilities (function code 51) • concession stands at athletic events (function code 36) • snacks, food, and drinks for resale in an activity fund (function code 36)

Function Code 35 - Costs to Include:	Function Code 35 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • food service equipment (Contact the Food and Nutrition Division at the Texas Department of Agriculture [http://www.squaremeals.org/About/ContactFoodandNutrition.aspx] to find out which equipment is eligible under the food service program.) • pre- or postemployment physicals or drug testing for personnel classified with this function code • vehicles used for food services 	

℞36

Extracurricular Activities

This code is for costs for school-sponsored activities outside of the school day (extracurricular activities). These activities are generally ones designed to motivate students and provide them with enjoyment and skill improvement. The activities may be competitive or noncompetitive.

Extracurricular activities include athletics and other activities that normally involve competition between schools (and frequently involve offsetting gate receipts or fees), such as football, baseball, volleyball, track, and tennis. They include related activities, such as drill team, pep squad, and cheerleading. They also include University Interscholastic League (UIL) competition, such as one-act plays, speech, or debate; band; Future Farmers of America (FFA); National Honor Society; and similar activities.

If your school district has activity funds, it must classify the goods purchased for resale with this function code and record the gross sale of goods with revenue object code 5755 (Results from Enterprising Activities, Activity Funds, and Clearing Accounts).

Function Code 36 - Costs to Include:	Function Code 36 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ athletic directors, assistants, and trainers (program intent code 91) ○ game officials (program intent code 91) ○ gatekeepers, timers, and scorekeepers at athletic events (program intent code 91) • athletic salary supplements paid exclusively for coaching, directing, or sponsoring extracurricular athletics, drill team, pep squad, or cheerleading (program intent code 91) • insurance to cover student injuries that occur while students participate in athletics (program intent code 91) • physical examinations for purposes of athletics (program intent code 91) • medical and health supplies to be used for athletics (program intent code 91) • athletic supplies and equipment, including uniforms (program intent code 91) • travel for coaches, trainers, sponsors, and students, including meals and lodging (program intent code 91) • travel for band directors, sponsors of debate and other activities, and student participants in extracurricular activities, including meals and 	<ul style="list-style-type: none"> • instruction, including that part of the regular school day that is for teaching physical education courses for credit and during which athletic activities or athletic practices occur (function code 11) • supplies and services for maintaining buildings and grounds, including utilities (function code 51) • property insurance for band uniforms, instruments, and other equipment (function code 51) • band instruments purchased by the school district or donated by band boosters or other groups (function code 11) • security for extracurricular events (function code 52) • property insurance for athletic uniforms and equipment (function code 51)

<p>lodging for student-competition and extracurricular activities (program intent code 99)</p> <ul style="list-style-type: none"> • trips for members of student organizations, for example, FFA, National Honor Society, etc. • membership fees and dues for coaches (program intent code 91) • additional costs associated with serving as a coach; athletic director; band director; sponsor for a UIL speech, debate, or science competition; class sponsor; or student organization sponsor. These costs include those for additional days of employment, reduction of class load or length of day, etc. (program intent code 91 or 99) • band uniforms (program intent code 99) • items (snacks, food, drinks, pencils, pens, paper, etc.) for resale in an activity fund (program intent code 99) • concession stands at athletic events • pre- or postemployment physicals or drug testing for personnel classified with this function code • vehicles for extracurricular purposes 	
---	--

ADMINISTRATIVE SUPPORT SERVICES

This function code series is for costs related to the overall general administrative support services of your school district.

R41

General Administration

This code is for costs to manage or govern the school district as an overall entity, including some activities that do not apply directly and exclusively to specific functions. General administration costs are indirect costs that apply to other expenditure functions of a school district.

For all costs that your district records with function code 41, your district must use:

- program intent code 99 and
- the organization codes in the 700 organization code group. (The organization codes in that group may not be used with any other function code, other than specific costs in function code 53 [Data Processing] that relate to the functions of the business office.)

Function Code 41 - Costs to Include:	Function Code 41 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ staff members who perform accounting, personnel, or other administrative functions ○ staff members who compile the superintendent’s annual report • costs for the board of trustees, including travel, training, and legal fees • portion of superintendent’s salary associated with performing administrative duties directly related to the superintendency • other salaries and costs related to the office of the superintendent 	<ul style="list-style-type: none"> • portion of superintendent’s salary associated with other functions, such as instruction, campus leadership, and support services (applicable function code) • incremental costs of tax collection due to purchase of weighted average daily attendance (WADA) from either the state or other school districts (function code 92) • building and property insurance (function code 51) • supplies and services for maintaining buildings and grounds, including utilities (function code 51)

Function Code 41 - Costs to Include:	Function Code 41 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries and other costs related to the following: <ul style="list-style-type: none"> ○ budgeting, accounting, and fiscal affairs, including payroll and internal auditing costs, property accounting (capital assets and fixed assets), inventory, and purchasing ○ human resources (personnel services) ○ tax office services for the school district ○ the instructional materials custodian ○ support services for aggregating attendance reports to the superintendent’s report on attendance and for compiling that report ○ legal and risk-management issues, including analysis of tax value limitation agreements ○ planning and research ○ community and public relations • electronic devices, including personal computers and stand-alone or networked computers, used primarily by function code 41 personnel for administrative purposes • vehicles (including acquisition, maintenance, and supplies) for administrative personnel • insurance for administrative automobiles • surety bonds for administrative personnel 	<ul style="list-style-type: none"> • salaries and other costs related to a warehouse operation (function code 51) • information technology networks; electronic equipment, including personal computers, servers, and mainframes; hardware; and software, including student and general administrative software, that are used for multiple functions, including license fees and maintenance for these hardware and software (function code 53) • management information services (MIS) directors (function code 53) • amounts collected as “costs” from a taxpayer and subsequently paid to an attorney for collecting delinquent taxes (liability object code 2110, Accounts Payable) • amounts paid to other governmental entities, such as county appraisal districts, for costs related to appraising property (function code 99)

Function Code 41 - Costs to Include:	Function Code 41 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • costs related to records management • liability insurance for the board of trustees and administrative personnel • design of the district improvement plan • pre- and postemployment physicals or drug testing for personnel classified with this function code • fees, travel, and other costs related to appraising property and collecting taxes when no other governmental entities are involved • amounts paid to other governmental entities, such as county appraisal districts, for costs related to collecting taxes • amounts paid for monitors, conservators, or management teams required by the TEA • normal tax collection costs of the school district • normal legal and election costs of the school district 	

50

SUPPORT SERVICES²⁰

This function code series is for costs for non-student-based school district support services, that is, support services that do not directly support students. See the [30 function code series](#) for information on costs for student support services.

²⁰ Before September 1, 2005, this series was titled “Support Services: Non-student-based.”
Texas Education Agency
2019 Financial Accountability System Resource Guide

R51**Facilities Maintenance and Operations**

This code is for costs to maintain and operate the physical facilities, including costs for keeping the facilities and grounds open, clean, comfortable, insured, and in an effective working condition and state of repair. This code is also for costs associated with warehousing items and receiving services.

Function Code 51 - Costs to Include:	Function Code 51 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for supervisors, directors, and assistant or deputy superintendents for facilities maintenance and operations • salaries and other costs related to a warehouse operation • custodian services • building and appliance maintenance • equipment for maintenance and operation of facilities • property and casualty insurance • premiums for blanket casualty insurance for physical facilities, including food service operations • building and property insurance • property insurance for band instruments, uniforms, and equipment • property insurance for athletic uniforms and equipment • property insurance for other equipment • vehicles purchased for facilities maintenance and operations 	<ul style="list-style-type: none"> • acquisition or purchase of land and buildings (function code 81) • remodeling or construction of buildings (function code 81) • major improvements to a site (function code 81) • initial installation or extension of service systems or other equipment (function code 81) • security and monitoring (function code 52)

Function Code 51 - Costs to Include:	Function Code 51 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • supplies and contracted maintenance for vehicles used for facilities maintenance and operations, including food service operations • utilities for the entire school district, including for food service operations • supplies and services for maintaining buildings and grounds • pre- and postemployment physicals or drug testing for personnel classified with this function code • security systems that are part of a smoke detector system 	

R52

Security and Monitoring Services

This code is for costs for activities to keep the surroundings of students and staff members safe, whether students and staff members are in transit to or from school, on a campus, or at a school-sponsored event at another location.

Function Code 52 - Costs to Include:	Function Code 52 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ security guards ○ hall monitors for security purposes ○ school bus security monitors ○ school crossing guards ○ campus police • security and monitoring 	<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ truancy or attendance officers (function code 32) ○ social workers (function code 32) ○ liaisons or coordinators for parent education and involvement (function code 61)

Function Code 52 - Costs to Include:	Function Code 52 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • security at school-sponsored events, including extracurricular events • communication devices for personnel classified with this function code • vehicles used for security and monitoring • supplies, equipment, and contracted services for the safekeeping of students and staff members, including metal detectors, drug dogs, surveillance devices, etc. • emergency management • pre- and postemployment physicals or drug testing for personnel classified with this function code 	<ul style="list-style-type: none"> ○ school bus aides for special education (function code 11) • security systems that are part of a smoke detector system (function code 51)

℞53

Data Processing Services

This code is for costs for data processing services, whether in-house or contracted.

For data-processing costs associated with business office functions, such as accounting and payroll, your district must use organization code 750.

Function Code 53 - Costs to Include:	Function Code 53 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ network managers for noninstructional networks ○ management information services (MIS) directors ○ webmasters (excluding costs attributable to instructional settings) 	<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ technology coordinators for instructional networks (function code 11) ○ webmasters in instructional settings (function code 11)

Function Code 53 - Costs to Include:	Function Code 53 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> ○ information technology developers, programmers, testers, and systems analysts (excluding costs attributable to instructional settings) ● information technology networks; hardware; and software, including student and general administrative software, that are used for multiple functions, including license fees, development, and maintenance for these hardware and software ● networked or stand-alone mainframes, servers, computers, or other electronic equipment that is used for multiple functions ● applications such as the following: <ul style="list-style-type: none"> ○ student information systems ○ financial accounting systems ○ human resources or personnel systems ● management of facilities that house computers, servers, or network equipment ● computer processing ● systems development ● analysis of workflows, processes, and requirements ● coding, testing, debugging, and documentation ● systems integration 	<ul style="list-style-type: none"> ○ staff members who prepare or conduct in-service training or staff development for instructional and instruction-related staffs (includes instructional technology) (function code 13) ● stand-alone or networked electronic devices used by a specific functional area (applicable function code) ● peripheral devices, including monitors and printers (applicable function code) ● networks, software, licensing fees, maintenance, supplies, and staffs, including computer lab teachers, for computers used for instruction (function code 11) ● library system software and software licenses, including stand-alone and networked applications (function code 12) ● supplies and services for maintaining buildings and grounds, including utilities (function code 51)

Function Code 53 - Costs to Include:	Function Code 53 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • design of applications supporting information technology infrastructure • interfacing costs associated with general types of technical assistance to data users • security for technology networks, data, or systems (excluding costs attributable to instructional settings) • vehicles used by personnel classified with this function code • pre- and postemployment physicals or drug testing for personnel classified with this function code 	

60

ANCILLARY SERVICES

This function code series is for costs for nonprofit charter school support services that supplement the operation of the nonprofit charter school.

R61

Community Services

This code is for costs of activities other than regular public education and adult basic education services. These activities include services to the whole community or some segment of the community, such as providing resources to nonpublic schools or institutions of higher education and any proprietary services for outside entities in the community.

Function Code 61 - Costs to Include:	Function Code 61 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • salaries for the following: <ul style="list-style-type: none"> ○ liaisons or coordinators for parent education and involvement 	<ul style="list-style-type: none"> • supplies and services for maintaining buildings and grounds, including utilities (function code 51)

Function Code 61 - Costs to Include:	Function Code 61 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> ○ staff members providing child care for teachers or working parents ○ individuals providing child care for teen parents attending school ● salaries and related costs for community recreation services, such as the operation of a school library, swimming pool, or playground for the public ● parenting programs ● parental involvement programs ● parental and education services for adults other than adult basic education ● child care for teen parents attending school ● after-hours babysitting and after-school daycare ● salaries and related costs for amnesty programs ● salaries and related costs for civic centers ● salaries and related costs for public health programs ● salaries and related costs for conducting meetings with parental advisory committees ● vehicles used by personnel classified with this function code ● pre- and postemployment physicals or drug testing for personnel classified with this function code 	<ul style="list-style-type: none"> ● Summer Food Service Program (function code 35) ● after-hours tutorials and enrichment (function code 11) ● adult basic education (function code 11)

70 DEBT SERVICE

This function code series is for costs for the payment of debt interest and related debt service costs.

***R*71 Debt Service**

This code is for costs to pay the following:

- interest on debt and
- related debt service costs

For costs classified with this function code, your nonprofit charter school must use program intent code 99 (Undistributed) and either organization code 999 (Undistributed) or organization code 998 (Unallocated, Local Option).

Function 71 - Costs to Include:	Function 71 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none">• Interest on:<ul style="list-style-type: none">○ bonds○ capital leases○ long-term debt○ school bus loans that exceed one year in duration○ short-term debt• debt-service costs and fees	<ul style="list-style-type: none">• Principal payments (record initial liability and repayment as a credit and debit to liability account)

80 FUND RAISING

This function code series is for costs associated with fund raising activities.

***R*81 Fund Raising**

This code is for costs associated with fund raising activities, including activities involved in attracting gifts from individuals, and/or corporate gifts and grants, such as tax deductible contributions

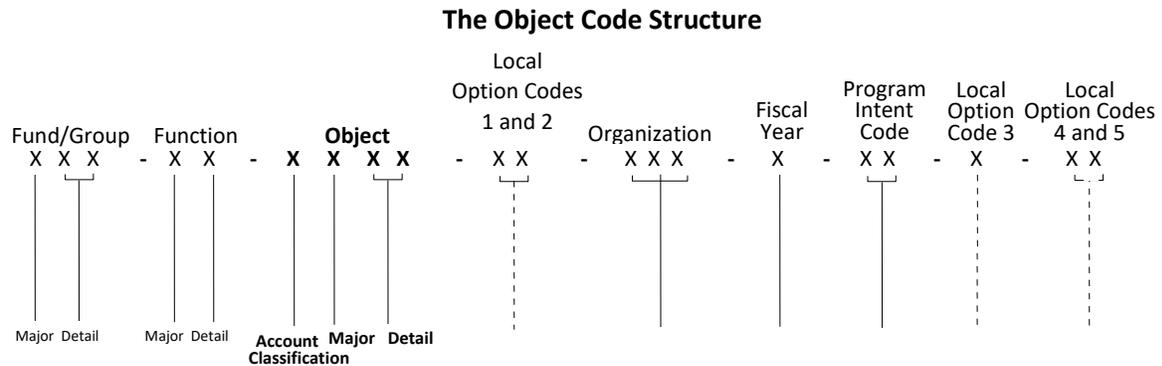

Function Code 81 - Costs to Include:	Function Code 81 - Costs to Exclude (correct function code appears in parentheses):
<ul style="list-style-type: none"> • Travel • Advertising • Payroll of staff involved in fund raising 	

3.4 Object Codes

An object code is a required four-digit code that identifies the purpose of an account, a transaction, or a source. Object codes are grouped into eight categories.

Exhibit 3.4 illustrates the position of the object codes in the accounting code system.

Exhibit 3.4 Object Code Structure

- Object Codes:**
- Assets (1XXX)**
 - Liabilities (2XXX)**
 - Net Assets (3XXX)**

 - Revenues (5XXX)**
 - Expenses (6XXX)**
 - Gains/Nets Assets Released From
Temporary Restrictions (7XXX)**
 - Losses/Net Assets Released From
Temporary Restrictions (8XXX)**

————— Indicates a mandatory code for state reporting purposes

----- Indicates a code that may be used at local option

The **R** by a code indicates that the code is required for the following reporting purposes if the code applies to your nonprofit charter school:

- Public Education Information Management System (PEIMS)
- Annual Financial and Compliance Report (AFR).

3.4.1 Asset Object Codes

An asset is a probable future economic benefit obtained or controlled by your nonprofit charter school as a result of a past transaction or event.

An asset object code is a four-digit code that comprises the sixth through ninth digits in the code structure described in the Accounting Code Structure and Definitions. These codes begin with the digit “1,” which distinguishes them from other types of object codes.

Your nonprofit charter school may choose to account for transactions at a more detailed level than the level indicated.

1000

ASSETS AND OTHER DEBITS

Assets are recorded as debits in three categories:

- current assets
- fixed assets, and
- restricted assets

-

1100

CASH AND CASH EQUIVALENTS

Cash includes currency on hand and in demand deposits with banks or other financial institutions. Cash equivalents are short-term, highly liquid investments (such as CDs or treasury bills) that can readily be converted to cash and are near their maturity.

Cash and **cash** equivalents of your nonprofit charter school are recorded in accounts using the 1110 series of codes.

1101–1109 **Cash and Cash Equivalents (These codes are converted to object code 1110 for financial statement purposes)**

Your nonprofit charter school may choose to use codes in this series to maintain separate accounts for various types of cash and cash equivalents. Accounts for cash and cash equivalents include the following:

- **Cash in Banks**—This account is debited with all cash receipts, the corresponding entry being a credit to an account for receivables, revenues, inflows of resources(revenues), nonoperating revenues or other uses. Credits to this account arise from disbursements or return of checks previously deposited.

- Cash in Office—This account is debited on the last day of the fiscal year with any receipts attributable to the fiscal year then ending because a lack of time prevented the receipts from being processed and deposited before the end of the fiscal year. This account is cleared on the first day of the new fiscal year.
- Payroll Bank Account—This account is debited with the amount of the net payroll (gross payroll less employee deductions) or the gross payroll depending on which method of payroll accounting your district chooses. Credits to this account arise from issuing payroll checks.
- Imprest Funds or Petty Cash—This account represents the amount of cash and evidence of cash disbursements that are held on an imprest basis (petty cash).
- Short-term investments—This account represents an investment that matures in 12 months or less.

R1110 Cash and Cash Equivalents

This code is used to record your nonprofit charter school’s cash on deposit and cash on hand as well as cash equivalents. Your nonprofit charter school may choose to use the preceding codes (1101–1109) to identify separately different cash and cash equivalents.

R1120 Investments – Current

This code is used to record all securities that your nonprofit charter school expects to hold for less than one year and that generate revenue in the form of interest or dividends. This account includes certain items (for example, most certificates of deposit) that are classified as deposits in the notes to the financial statements to disclose custodial credit risk.

See code 1910 for long-term investments.

1200–1290 RECEIVABLES

The codes in this series are used for:

- receivables due for outlays made and
- expected receipts.

The credit entry is made to

- a revenue account,
- an allowance for uncollectible taxes, or
- a net asset.

When money is received, the appropriate receivable account is credited, and a cash account is debited. The series includes the following accounts.

R1210 Property Taxes To Be Passed Through School Districts

This code is used to debit an earned receivable amount of property taxes to be passed through school districts.

R1220 Contributions Receivable

This code is used to record contributions receivable.

R1230 Allowance for Uncollectible Receivables (Credit)

This code is used to record a credit against receivables for property taxes to be passed through school districts and contributions receivable.

1241–1249 Due from Other Governments

The codes in this series are used to record amounts receivable from other governmental entities.

R1241 Due from State

This code is used to record amounts earned or allocated to your nonprofit charter school from state sources (including federal funds received from state sources) that exceed amounts received during the fiscal year.

R1242 Due from Federal Agencies

This code is used to record amounts that:

- were earned by your nonprofit charter school under a federal financial assistance program and
- exceed cash receipts during the fiscal year.

R1243 Due from Other Governmental Entities

This code is used to record amounts receivable from other governmental entities, including counties, councils of government, cities, and other nonprofit charter schools.

R1250 Accrued Interest

This code is used to record the amount of interest earned and measurable through month end or fiscal-year end on all interest-bearing cash accounts and investments outstanding at that date.

R.1290 Other Receivables

This code is used to record all other accounts receivable not specifically identified above, such as amounts due from the following:

- employees
- external sources (other than from other governments),
- rents
- fees
- self-insurance recoveries

1300 INVENTORIES

This code is used to record inventories of supplies and materials for nonprofit charter schools.

The 1300 series of codes includes value, at cost, of stored noncapital goods on hand that will be charged as expenditures or expenses when issued for use (consumption method of accounting for inventory items). Inventories are sometimes controlled through a central location.

R.1310 Inventories—Supplies and Materials

This code is used to record inventories of supplies and materials for nonprofit charter schools.

1400 OTHER CURRENT ASSETS

The 1400 series of codes are used to debit accounts with any items that are properly chargeable to the operations of future periods, the corresponding entry being a credit to cash, a liability account, or—in the case of an adjustment—an expenditure account.

Credits to these accounts arise from journal entries recording period charges, the corresponding entry being a debit to an expenditure or expense account.

R.1410 Deferred Expenses

This code is used to record certain disbursements that may need to be made in one period but are more accurately reflected in part as an expenditure or expense of the next fiscal year. The credit entry is made to cash. This entry is reversed in a subsequent fiscal period with a credit entry to this account and a debit entry to the appropriate expenditure or expense account.

This code should not be used to record debt issuance costs because debt issuance costs related to a note are no longer considered assets.²¹

R.1420 Capitalized Bond Costs

This code is used to record certain bond costs,.

Note: This code should not be used to record debt issuance costs because debt issuance costs related to a note are no longer considered assets. Refer to the requirement referenced under object code 1410.

R.1490 Other Current Assets

This code is used to record all other current assets not specifically identified above.

1500 LAND, BUILDINGS, AND EQUIPMENT

This series of codes is used to record the value of land, buildings, furniture, and equipment. Nonprofit charter schools record fixed assets at cost or estimated cost at the time of acquisition. If fixed assets are donated to the nonprofit charter school, they are recorded at estimated fair market value at the time of acquisition.

Capital assets of governmental fund types and expendable trust funds are recorded in the general capital asset account group, and capital assets of proprietary fund types and similar trust funds are recorded in those fund types.

R.1510 Land Purchase and Improvements

This code is used to record the value of land that is owned outright, whether purchased or donated. Included in the value of land are capital improvements other than buildings, acquisition costs, and other costs necessary to alter the land for its intended purpose.

R.1520 Buildings and Improvements

This code is used to record the value of buildings that are owned outright, whether purchased, constructed, or donated. Included in the value of buildings are capital improvements, permanently attached furniture and equipment, and any costs incurred in acquisition.

²¹ Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 835-30-45-1A states that debt issuance costs should be presented on the balance sheet or statement of financial position, as applicable, as a direct reduction from the face amount of that note and not be classified as a deferred charge or deferred credit.

1530–1539 Furniture and Equipment

The codes in this series are used to record the value of furniture and equipment meeting the following capital outlay criteria:

- \$5,000 cost per unit or more and
- a useful life of more than one year

These assets are owned outright, whether purchased or donated. Included in the cost or estimated fair market value are any costs incurred in acquisition, such as expenditures or expenses for freight and installation and other costs necessary to render the item operable.

℞1531 Vehicles

℞1539 Furniture and Equipment

1540–1549 Fixed Assets— Nonprofit charter school Defined

This code is used at the discretion of your nonprofit charter school if school’s policy requires the capitalization of items that individually or, as a group,

- are less than the \$5,000 criterion identified in the 1530 series of accounts (see the 6600 series of expenditure or expense object codes), or
- meet local criteria for grouped assets.

These assets are owned outright, whether purchased or donated. Included in the cost or estimated fair market value are any costs incurred in acquisition, such as expenditures or expenses for freight and installation and other costs necessary to render the item operable.

℞1541 Vehicles

℞1549 Furniture and Equipment

1550–1559 Assets Purchased under Capital Leases

The codes in this series are used to record capital lease transactions, which are authorized by law.²² These transactions include the total value of items under long-term capital leases. These types of lease agreements may include a purchase provision. At the inception of the capital lease, the appropriate fixed asset account using one of the

²² [Local Government Code, Chapter 271, Subchapter A](#)

codes shown below is debited in the amount of the net present value of the capital lease payments. Assets purchased under capital leases by governmental fund types and expendable trust funds are recorded in the general fixed asset accounts, while those for proprietary fund types and similar trust funds are accounted for through the appropriate fund. The following types of fixed assets may be under capital lease.

R.1551 Buildings

R.1559 Furniture and Equipment

1560 Library Books and Media

The 1560 code series is used to record the value of library books and media. Library books and media, such as CDs, DVDs, software, subscriptions, and videos, may be recorded in a fixed assets system as a block of items purchased; however, the library should maintain an acquisition ledger that records the detailed cost of each book or media item.

R.1569 Library Books and Media

1570 Accumulated Depreciation

Accumulated depreciation is the sum of depreciation expenses for the current and past years for existing depreciable assets, as a corresponding asset account. Full accrual financial statements have major line items to present both depreciable assets and less accumulated depreciation. When a depreciable fixed asset is disposed of, its corresponding accumulated depreciation is removed as well.

- ℞1571** **Accumulated Depreciation—Buildings**
- ℞1572** **Accumulated Depreciation—Vehicles**
- ℞1573** **Accumulated Depreciation—Furniture and Equipment**
- ℞1574** **Accumulated Depreciation—Library Books and Media**
- ℞1576** **Accumulated Depreciation—Capital Leases**
- ℞1577** **Accumulated Depreciation—Infrastructure**
- ℞1578** **Accumulated Depreciation—Art, Collections, and Historical Treasures**

1590 **Other Capital Assets—Infrastructure, Art, Historical Treasures, and Collections**

The codes in this series are used to record the value of infrastructure assets, art, historical treasures, collections, and similar assets. Capital assets of school districts are recorded at cost or estimated cost at the time of acquisition. If infrastructure assets, art, collections, or historical treasures are donated, these assets are recorded at estimated fair market value at the time of acquisition or donation.

R.1591	Infrastructure Assets—Roads
R.1592	Infrastructure Assets—Drainage Systems
R.1593	Infrastructure Assets—Water Systems
R.1594	Infrastructure Assets—Sewer Systems
R.1595	Infrastructure Assets—Lighting Systems
R.1596	Infrastructure Assets—Other
R.1597	Infrastructure Assets—Network or Subsystems of a Network
R.1598	Art and Collections
R.1599	Historical Treasures

1700 DEFERRED OUTFLOWS OF RESOURCES

A deferred outflow of resources is an outflow related to a future period.²³

Deferred outflows of resources of a government charter school are recorded in the 1700 series of accounts.

Note: This code series should not be used for nonprofit charter schools.

1701–1799 Deferred Outflows of Resources (These codes are converted to object code 1700 for financial statement purposes.)

Note: This code series should not be used for nonprofit charter schools.

Deferred outflows of resources, like expenses, decrease net position, but the increase applies to a future period, not to the current period. So this account has a positive effect on net position similar to assets. A key point is that the outflow of resources has already occurred but applies a future period; hence it is deferred. The following formula applies:

Net Position = assets + deferred outflows of resources – liabilities – deferred inflows of resources.

Some examples of deferred outflows of resources are:

- grants paid in advance of meeting timing requirements

²³ GASB, *What You Should Know about Your School District's Finances*, D-6
Texas Education Agency
2019 Financial Accountability System Resource Guide

- taxes received in advance
- deferred amounts from refunding of debt (debit entries – cr)
- costs to purchase future revenues
- deferred loss from sale-leaseback
- debt issuance costs (not insurance)
- initial costs incurred in an operating lease by lessor
- acquisition costs for risk pools
- loan origination costs

1900 OTHER ASSETS

The codes in this series are used to account for other assets not specified above.

***R*1910 Long-Term Investments**

This code is used to account for long-term investments, which are investments that are expected to be held for more than a year or the current operating cycle, whichever is longer.

See object code 1110, Cash and Cash Equivalents.

***R*1990 Other Assets**

This code is used to account for other assets not specified in the 1100–1800 series of codes or object code 1910 above.

3.4.2 Liability Object Codes

A liability is an amount a nonprofit charter school is obligated to pay to persons or groups outside the district.

A liability object code is a four-digit code that comprises the sixth through ninth digits in the code structure described in the Accounting Code Structure and Definitions. These codes begin with the digit “2,” which distinguishes them from other types of object codes.

Your nonprofit charter school may choose to account for transactions at a more detailed level than the level indicated.

2000 LIABILITIES

Liabilities are recorded as credits in two broad categories:

- current liabilities
- long-term debts

2100 CURRENT LIABILITIES

A current liability is one that is due now or is expected to be due within one year.

***R*2110 Accounts Payable**

This code is used for credit entries for actual liabilities for goods and services received, with the debit entry being to an expenditure account. The following types of payables are included in this account:

- Trade payable—amounts due to outside entities, such as vendors, resulting from goods or services received that have not been paid at the end of an accounting period.
- Judgments payable—amounts currently due to claimants or plaintiffs as a result of self-insurance claims, settlements, court judgments, etc.

2120 BONDS AND LOANS PAYABLE—CURRENT YEAR

For information on bonds and loans payable, see 1.2.6, Debt.

***R*2121 Bonds Payable—Current Year**

This code is used to record amounts due for current bond coupons or other bond principal payments.

***R*2122 Loans Payable—Current Year**

This code is used to record amounts due for the current year on notes, warrants, or other evidence of nonbonded indebtedness

***R*2123 Other Liabilities—Current**

This code is used to record amounts due (recognized as accrued current liabilities) within one year for miscellaneous liabilities, including the following:

- compensated absences
- workers' compensation
- self-funded insurance
- legal claims and judgments
- certain pension plan liabilities
- other current liabilities (debt to be repaid within twelve months)

***R*2130 Capital Leases Payable—Current Year**

This code is used to record amounts due as a result of a capital lease agreement.

2140 INTEREST PAYABLE

These codes are used to credit accounts as interest becomes currently payable. The corresponding entries are debits to the respective interest expense accounts (series 6520, Interest Expenditures or Expenses).

***R*2142 Loan Interest Payable**

***R*2143 Capital Lease Interest Payable**

2150 PAYROLL DEDUCTIONS AND WITHHOLDINGS

These codes are used when the net payroll check is issued to an employee, appropriate accounts are credited to cash, and appropriate accounts are debited.

***R*2151 Federal Income Taxes**

***R*2152 FICA and Medicare Taxes**

***R*2153 Group Health and Life Insurance**

***R*2154 Financial Institution—Payments to financial institutions for deposit into employee-designated accounts**

***R*2155 Teacher Retirement**

***R*2159 Other**

***R*2160 Accrued Wages Payable**

This code is used to record amounts earned by employees, but not yet paid.

2180 DUE TO OTHER GOVERNMENTS

These codes are used to record amounts owed to other governmental entities.

R2181 Due to State

R2182 Due to Federal Agencies

R2183 Due to Other Governments

This code is used to record amounts owed to governmental entities, including counties, councils of government, cities

2200 ACCRUED EXPENDITURES OR EXPENSES

R2210 Accrued Expenditures or Expenses

This code is used to record other liabilities or obligations incurred in the current period that are payable with current financial resources, and are not appropriately recorded under another account, such as accounts payable. The corresponding entry is to the appropriate expenditure or expense account. The accrued expenditures or expenses account is debited when the expense is paid.

2300 UNAVAILABLE REVENUE (INFLOW OF RESOURCES)

R2310 Deferred Revenue

This code is used to credit an account for the amount of receipts not properly recognized at the time as revenues. An example is a cash advance for a federally funded grant that is not recognized as revenue until such time that an expense is made or a required activity occurs.

Object Code 2310—Unavailable Revenue to Include:	Object Code 2310—Unavailable Revenue to Exclude:
<ul style="list-style-type: none">• cash advance for a federally funded grant, not yet expended• preseason football ticket sales• prepayment of long-term vendor contracts	<ul style="list-style-type: none">• all receipts recognized as revenues

2400 PAYABLE FROM RESTRICTED ASSETS

These codes are used to record liabilities that relate to restricted assets. Liabilities from restricted assets generally are the result of operations from permanently restricted net assets class. An example is a payment due as a result of a scholarship grant.

R2430	Accrued Interest
R2440	Other
2500	BONDS AND LOANS PAYABLE—LONG-TERM
R2510	<p>Bonds Payable—Long-Term</p> <p>This code is used to record amounts of outstanding bonded indebtedness to be retired in future accounting periods.</p>
R2511	<p>Deferred Gain or Loss on Defeasance of Bonds</p> <p>This code is used to record deferred gain or loss in connection with the defeasance of bonds for government charter schools.²⁴</p>
R2512	<p>Accumulated Accretion on Capital Appreciation Bonds (CABs)</p> <p>This code is used to record the accumulated interest on each individual CAB. These bonds are a form of zero coupon bonds and do not require periodic interest payments. The bonds are issued at a significant discount of the face value. At the maturity of a CAB, the accreted amount of interest for the CAB plus the discounted value recorded (amount for which the bond was issued) for the CAB debt will equal the face value of the debt instrument.</p>
R2516	<p>Premium and Discount on Issuance of Bonds</p> <p>This code is used to record amounts to be amortized as debt premium or discount or both in connection with the issuance of debt.</p>
R2520	<p>Loans Payable—Long-Term</p> <p>This code is used to record the liability for long-term loans. As installments become currently payable, this code is used to record a debit, and object code 2122, Loans Payable—Current Year, is used to record a credit.</p>

²⁴ **Debt defeasance** is satisfying or voiding a debt without it being repaid. Debt defeasance can be:

- **legal**, in which a debt is satisfied according to legal requirements in the debt instrument or
- **in-substance, in which a nonprofit charter school places funds in an irrevocable trust to be used to repay all interest and principal on a debt.**

2530 OTHER LONG-TERM DEBT PAYABLE

℞2531 Capital Leases Payable—Long-Term

This code is used to record an amount due in future accounting periods as the result of a capital lease agreement. The amount recorded for a capital lease is the current value of the future lease payments.

℞2532 Vested Vacation Benefits Payable

This code is used to record vested vacation benefits. As the benefits accumulate, this account is credited for amounts that will not be liquidated during the current fiscal year upon the retirement or resignation of personnel.

2600 DEFERRED INFLOWS OF RESOURCES

Deferred inflows of a government charter school are recorded using the 2600 series of codes.

Note: This code series should not be used for nonprofit charter schools.

Deferred inflows, like revenues, increase net position, but the increase applies to a future period, not to the current period. So this account has a negative effect on net position similar to that of liabilities. A key point is that the inflow of resources has already occurred but applies to a future period; hence it is deferred. The following formula applies:

Net Position = assets + deferred outflows – liabilities – deferred inflows.

Some examples of deferred inflows of resources are as follows:

- grants received in advance of meeting timing requirements
- taxes received in advance
- deferred amounts from refunding of debt (credit entries – cr)
- proceeds from sales of future revenues
- deferred gain from sale-leaseback
- unavailable revenue in governmental funds (deferred revenue)
- loan origination fees not including points
- commitment fees related to exercise or expiration of contract options
- fees for sale of loans

2601–2699 Deferred Inflows of Resources (These codes are converted to object code 2600 for financial statement purposes)

Note: This code series should not be used for nonprofit charter schools.

These codes are used, at the option of the government charter school, to record the government charter school's deferred inflows of resources. A government charter school may elect to use these codes to separately identify different deferred inflows of resources. Government charter schools may elect to maintain separate accounts for various deferred inflow types. Deferred inflows of resources include the following (the list is not all-inclusive):

Operating activities

- receipts from customers
- interest received
- dividends received
- income tax refunds
- refunds from supplies
- receipts from lawsuits
- other income producing activities

Investing activities

- plant asset sales
- sales of real estate
- proceeds from sales and maturities of debt and equity
- securities not classified as cash equivalent

Financing activities

- proceeds from stock issuance
- proceeds from bond issuance
- proceeds from loans from financial institutions
- proceeds from debt for specific investing activities

3.4.3 Net Assets

A fund balance or net position represents the difference between the assets and liabilities of a fund.

A fund balance or net position code is a four-digit object code that comprises the sixth through ninth digits in the code structure described in the Accounting Code Structure and Definitions. These codes begin with the digit "3," which distinguishes them from other types of object codes.

Your nonprofit charter school may choose to account for transactions at a more detailed level than the level indicated.

3000**NET ASSETS**

Net Assets are presented as two classes of net assets for nonprofit charter schools.²⁵:

- Net Assets With Donor Restrictions
- Net Assets Without Donor Restrictions

3400–3600**NET ASSETS****3400****NET ASSETS WITH DONOR RESTRICTIONS (PERMANENTLY RESTRICTED)**

These codes are used to record permanently restricted net assets. Permanently restricted assets equal assets less liabilities of the permanently restricted net assets group.

Note: Nonprofit charter schools may record net assets with donor restrictions further as permanently restricted, if applicable, but are not required to report net assets in more than two classes: with donor restrictions and without donor restrictions.

℞ 3490**Permanently Restricted Net Assets**

This code is used to record permanently restricted net assets.

Note: Nonprofit charter schools may record net assets with donor restrictions further as permanently restricted, if applicable, but are not required to report net assets in more than two classes: with donor restrictions and without donor restrictions.

3500**NET ASSETS WITH DONOR RESTRICTIONS**

These codes are used to record net assets with donor restrictions. Net assets with donor restrictions equal assets less liabilities of the net assets with donor restrictions group.

℞ 3590**Net Assets With Donor Restrictions**

This code is used to record net assets with donor restrictions.

²⁵ ASU-2016-14 amends the requirements for not-for-profit entities to present on the face of the statement of financial position amounts two classes of net assets at the end of the period (With Donor Restrictions and Without Donor Restrictions).

3600**NET ASSETS WITHOUT DONOR RESTRICTIONS**

These codes are used to record net assets without donor restrictions. The net assets without donor restrictions amount is currently available to finance any legal expense of the nonprofit charter school.

℞3600**Net Assets Without Donor Restrictions**

The unrestricted net asset amount is currently available to finance any legal expense of the nonprofit charter school.

3.4.4 Revenue Object Codes

Revenue is an increase in a nonprofit charter school's current financial resources.

A revenue object code is a four-digit code that comprises the sixth through ninth digits in the code structure described in the Accounting Code Structure and Definitions. These codes begin with the digit "5," which distinguishes them from other types of object codes.

Your nonprofit charter school's accounting records must reflect revenue at the most detailed level (4 digits) for purposes of

- accounting and
- PEIMS reporting:
 - actual data and
 - budget data.

If your nonprofit charter school's needs to use codes in addition to the mandatory codes for managerial purposes, the nonprofit charter school should use the optional codes provided for local use in the code structure.

5000

REVENUE ACCOUNTS

These codes are used for accounts that summarize estimated (budgeted) and actual (realized) revenues.

5700–5900

REVENUES

Revenues are credited in the accounting period in which they become available and measurable.

5700

REVENUES FROM LOCAL AND INTERMEDIATE SOURCES

5710

Local Real and Personal Property Taxes Passed Through By School Districts

All revenues from local real and personal property taxes passed through school districts to the nonprofit charter school are to be recorded in this code class.

5711-5715

Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5716–5718

Local Property Taxes Passed Through By School Districts— Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify tax revenues not defined elsewhere.

Note: For PEIMS reporting, these codes are converted to object code 5719.

℞5719

Local Property Taxes Passed Through By School Districts

This code is used to classify revenues realized as a result of collecting tax revenues passed through by school districts to the nonprofit charter school.

Note: Any locally defined codes that your nonprofit charter uses must be converted to object code 5719 for **PEIMS** reporting.

5720 Local Revenues Realized as a Result of Services Rendered to Other School Districts

5721-5726 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5727–5728 Local Revenues Resulting from Services Rendered to Other School Districts—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify revenues resulting from services rendered to other schools not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 5729.

℞5729 Local Revenues Resulting from Services Rendered to Other Schools

This code is used to classify revenues realized from services rendered to other schools not specified above. Examples include:

- Printing
- Transportation
- Maintenance

Note: Any locally defined codes that your nonprofit charter school uses must be converted to object code 5729 for **PEIMS** reporting.

Object Code 5729 Revenue to Include:	Object Code 5729 Revenue to Exclude:
<ul style="list-style-type: none">• revenue for services to other charter schools or districts, such as transportation, maintenance services, and printing• tuition from other charter schools or districts• revenue received from other charter schools or districts as registration fees for staff development	<ul style="list-style-type: none">• tuition from local sources (object code 5739)• sales of instructional materials and technological equipment to other entities²⁷

²⁷ [TEC, 31.105, Sale or Disposal of Instructional Materials and Technological Equipment](#)

Object Code 5729 Revenue to Include:	Object Code 5729 Revenue to Exclude:
<ul style="list-style-type: none"> • tuition paid from one charter school or district to another resulting in entire grades of students being transferred to provide grade levels not taught by the sending charter school or district • tuition paid for an enhanced service for specific students not offered by the sending charter school or district • tuition paid for students being transferred under the Public Education Grant Program²⁶ 	

5730 TUITION AND FEES

5730-5739 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5740 OTHER REVENUES FROM LOCAL SOURCES

***R*5741 Earnings from Net Assets with Donor Restrictions (Permanently Restricted) and Endowments**

This code is used to classify revenues realized as a result of earnings from local permanently restricted net assets and endowments, including net earnings from rentals and leases of property purchased from, or set aside as, part of the permantely restricted net assets.

Object Code 5741 Revenue to Include:	Object Code 5741 Revenue to Exclude:
<ul style="list-style-type: none"> • earnings from permanent school funds and endowments 	<ul style="list-style-type: none"> • all other revenues

²⁶ [TEC, §29.201, Parental Choice](#)

R5742**Earnings from Temporary Deposits and Investments**

This code is used to classify revenues realized as a result of earnings from deposits and investments. Market losses are reflected as a debit entry to 5742 and gains as a credit entry to 5742.

Object Code 5742 Revenue to Include:	Object Code 5742 Revenue to Exclude:
<ul style="list-style-type: none"> • interest from: <ul style="list-style-type: none"> ○ US government agency securities ○ commercial paper ○ sweep accounts ○ certificates of deposit ○ Texas local governments (Texas municipalities) ○ investment pools 	<ul style="list-style-type: none"> • earnings from local permanent funds and endowments (object code 5741)

R5743**Rent**

This code is used to classify revenues realized from rental of facilities or other property.

Object Code 5743 Revenue to Include:	Object Code 5743 Revenue to Exclude:
<ul style="list-style-type: none"> • rent of a stadium, activity center, gym, school, or other district-owned or charter school-owned facility 	<ul style="list-style-type: none"> • ticket sales to athletic events (object code 5752) • revenue from extracurricular activities other than athletics (object code 5753)

R5744**Revenue from Foundations, Other Nonprofit Organizations, Gifts, and Bequests**

This code is used to classify revenue from foundations, other nonprofit organizations, gifts, and bequests received from philanthropic or private organizations or individuals. Contributed services and items are recorded at market value at the time of donation.

Object Code 5744 Revenue to Include:	Object Code 5744 Revenue to Exclude:
<ul style="list-style-type: none"> • donations of cash or the value of items donated 	<ul style="list-style-type: none"> • state and federal grants (object code 58XX or 59XX)

R5745**Insurance Recovery**

This code is used to classify amounts received from insurance companies for the repair or replacement of insured property.

Object Code 5745 Revenue to Include:	Object Code 5745 Revenue to Exclude:
<ul style="list-style-type: none"> • gross proceeds from insurance companies for the repair or replacement of insured property 	<ul style="list-style-type: none"> • all other revenue

5746-5747 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5748 Other Revenues from Local Sources—Locally Defined

This code is used, at the option of your nonprofit charter school, to classify revenues realized from local sources not defined elsewhere.

Note: For **PEIMS** reporting, this code is converted to object code 5749.

R5749**Other Revenues from Local Sources**

This code is used to classify other revenues realized from local sources not specified above.

Note: Any locally defined codes that your nonprofit charter school uses must be converted to object code 5749 for **PEIMS** reporting.

Object Code 5749 Revenue to Include:	Object Code 5749 Revenue to Exclude:
<ul style="list-style-type: none"> • miscellaneous revenue not identified in other revenue coding 57XX. For example: <ul style="list-style-type: none"> ○ library fines ○ revenue from sale of materials requested under open records ○ sale of instructional materials and technological equipment ○ revenue from copy machines usage 	<ul style="list-style-type: none"> • concession sales specifically attributable to athletics (in accordance with local policy; object code 5752)

Object Code 5749 Revenue to Include:	Object Code 5749 Revenue to Exclude:
<ul style="list-style-type: none"> ○ concession sales not specifically attributable to athletics (in accordance with local policy) 	

5750 REVENUES FROM COCURRICULAR, ENTERPRISING SERVICES, OR ACTIVITIES

***R*5751 Food Service Activity**

This code is used to classify revenues realized from food service activities, including payments for meals from students and adults.

This code does not include revenues realized from participation in the national school lunch and breakfast programs or USDA commodities, which are classified with the following object codes:

- 5921, School Breakfast Program
- 5922, National School Lunch Program
- 5923, USDA Commodities

Object Code 5751 Revenue to Include:	Object Code 5751 Revenue to Exclude:
<ul style="list-style-type: none"> • full price payments for student and adult meals including: <ul style="list-style-type: none"> ○ sale of milk ○ catering fees ○ reduced meal prices paid by students ○ sale of a la carte items 	<ul style="list-style-type: none"> • federal School Breakfast Program (object code 5921) • National School Lunch Program (object code 5922) • Department of Agriculture (USDA) Commodities (object code 5923)

***R*5752 Athletic Activities**

This code is used to classify revenues realized from athletic activities, including admission and gate receipts.

Object Code 5752 Revenue to Include:	Object Code 5752 Revenue to Exclude:
<ul style="list-style-type: none"> • ticket sales to athletic events 	<ul style="list-style-type: none"> • rental of a stadium, activity center, gym, or other athletic facility (object code 5743)

Object Code 5752 Revenue to Include:	Object Code 5752 Revenue to Exclude:
<ul style="list-style-type: none"> concession sales specifically attributable to athletics (in accordance with local policy) 	<ul style="list-style-type: none"> concession sales not specifically attributable to athletics (in accordance with local policy; object code 5749)

℞ 5753 Extracurricular Activities Other than Athletics

This code is used to classify revenues realized from extracurricular activities other than athletics.

Object Code 5753 Revenue to Include:	Object Code 5753 Revenue to Exclude:
<ul style="list-style-type: none"> ticket sales or entry fees for extracurricular events where recorded by the district rather than by a student activity fund, according to local policy 	<ul style="list-style-type: none"> ticket sales to athletic events or athletic event gate receipts (object code 5752)

5754 Reserved for Future State Definition

This code is reserved for future state designation and is not to be used by the nonprofit charter school

℞ 5755 Enterprising Services Revenue

This code is used to classify gross revenues realized from vending machines, school stores, coke machines, etc., not related to the regular food service program. Items purchased for resale are classified in the appropriate expenditure object code in function code 36, Extracurricular Activities.

5756 Reserved for Future State Definition

This code is reserved for future state designation and is not to be used by the nonprofit charter school

5757–5758 Cocurricular, Enterprising Services, or Activities—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify revenues realized from cocurricular or enterprising services or activities not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 5759.

R 5759 **Cocurricular, Enterprising Services, or Activities**

This code is used to classify revenues realized from cocurricular, enterprising services, or activities not defined elsewhere.

Note: Any locally defined codes that your nonprofit charter school uses must be converted to object code 5759 for **PEIMS** reporting.

5760 **REVENUES FROM INTERMEDIATE SOURCES**

5761–5765 **Revenues from Intermediate Sources—Locally Defined**

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5766–5768 **Revenues from Intermediate Sources—Locally Defined**

These codes are used, at the option of your nonprofit charter school, to classify revenues realized from intermediate sources not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 5769.

R 5769 **Miscellaneous Revenues from Intermediate Sources**

This code is used to classify revenues realized from administrative units or political subdivisions (for example, counties, municipalities, utility districts, etc.) excluding state and federal governmental entities.

Note: Any locally defined codes that your nonprofit charter school uses must be converted to object code 5769 for **PEIMS** reporting.

Object Code 5769 Revenue to Include:	Object Code 5769 Revenue to Exclude:
<ul style="list-style-type: none">revenue from the city, county, or other non-school-district local government or administrative unit	<ul style="list-style-type: none">revenue from other school districts (object code 5729)revenue from state government entity (object code 58XX)revenue from federal governmental entities (object code 59XX)

5770–5799 **Revenues from Intermediate Sources—Locally Defined**

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5800 STATE PROGRAM REVENUES

5810 Per Capita and Foundation School Program (FSP) Revenues

This code is used to classify revenues realized from the Texas Education Agency, allocated on the basis of state law relating to the Foundation School Program (FSP) Act.

℞5811 Per Capita Apportionment

This code is used to classify revenues realized from the state Available School Fund (ASF).

Object Code 5811 Revenue to Include:	Object Code 5811 Revenue to Exclude:
<ul style="list-style-type: none">ASF revenues	<ul style="list-style-type: none">state instructional materials allotment (object code 5829)Foundation School Fund revenues (object code 5812)Public Education Grant (object code 5812)Optional Extended Year (object code 5812)State Supplemental Visually Impaired or Regional Day School for the Deaf (object code 5812)

℞5812 Foundation School Program (FSP) Entitlements

This code is used to classify revenues realized for public schools participating in, and eligible for, benefits under the Foundation School Program (FSP) Act.

Object Code 5812 Revenue to Include:	Object Code 5812 Revenue to Exclude:
<ul style="list-style-type: none"> • the portion of a Chapter 41 receipt received from a Chapter 41 district that corresponds to the reduction in state aid of a Chapter 42 district • Foundation School Fund Chapter 42 revenues • Optional Extended Year • State Supplemental Visually Impaired or Regional Day School for the Deaf • Public Education Grant • High School Allotment 	<ul style="list-style-type: none"> • state instructional materials allotment (object code 5829) • Available School Fund (ASF) revenues (object code 5811) • federal revenue passed through a state agency (object code 5939)

℞5813

Foundation School Program Act Incentive Aid

This code is used to classify revenues realized to assist eligible nonprofit charter school under the Incentive Aid Payments²⁸ program.

5814-5816 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5817–5818 Foundation School Program Act Revenues—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify revenues realized from the foundation fund not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 5819.

²⁸ [TEC, Chapter 13, Subchapter G, Incentive Aid Payments](#)

℞5819 Other Foundation School Program Act Revenues

This code is used to classify revenues realized from the foundation school program not specified above.

Note: Any locally defined codes that your nondistrict charter school uses must be converted to object code 5819 for **PEIMS** reporting.

5820 State Program Revenues Distributed by Texas Education Agency

This code is used to classify revenues realized from the Texas Education Agency for state programs that may be funded through appropriations other than from the FSP.

5821-5825 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5826-5828 Revenues from Other State Programs—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify revenues realized from other state programs not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 5829, State Program Revenues Distributed by Texas Education Agency.

℞5829 State Program Revenues Distributed by Texas Education Agency

This code is used to classify revenues realized from the Texas Education Agency for programs not specified above.

Note: Any locally defined codes that your nonprofit charter school use must be converted to object code 5829 for **PEIMS** reporting.

Object Code 5829 Revenue to Include:	Object Code 5829 Revenue to Exclude:
<ul style="list-style-type: none">state instructional materials allotmentfacilities grantrevenues realized from the Texas Education Agency for programs not specified above	<ul style="list-style-type: none">federal revenue passed through a state agency (object code 5939)Available School Fund revenues (object code 5811)

Object Code 5829 Revenue to Include:	Object Code 5829 Revenue to Exclude:
	<ul style="list-style-type: none"> • the portion of a Chapter 41 receipt received from a Chapter 41 district that corresponds to the reduction in state aid of a Chapter 42 district (object code 5812) • Foundation School Fund Chapter 42 revenues (object code 5812) • Optional Extended Year (object code 5812) • State Supplemental Visually Impaired or Regional Day School for the Deaf (object code 5812) • Public Education Grant (object code 5812) • High School Allotment (object code 5812)

5830 State Revenues from State of Texas Government Agencies

This code is used to classify state revenues from state agencies other than the Texas Education Agency, including those directly from the Comptroller of Public Accounts for tax refunds.

5831 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

R 5831

5832-5835 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5836–5838 State Revenues from State of Texas Government Agencies (Other than the Texas Education Agency)—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify state revenues realized from other Texas government agencies not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 5839, State Revenues from State of Texas Government Agencies (Other than the Texas Education Agency).

R 5839 State Revenues from State of Texas Government Agencies (Other than the Texas Education Agency)

This code is used to classify state revenues from Texas government agencies, other than the Texas Education Agency, not defined elsewhere.

Note: Any locally defined codes that your district uses must be converted to object code 5839 for **PEIMS** reporting.

5840-5899 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5900 FEDERAL PROGRAM REVENUES

Federal program revenues are recognized after an allowable expenditure has been incurred. Each federal grant has a unique Catalog of Federal Domestic Assistance (CFDA) identification number that can be found listed with the fund definitions, except for the School Health and Related Services Program (see code 5931).

5910 Federal Revenues Distributed through Government Entities Other than State or Federal Agencies

This code is used to classify revenues realized from entities of the federal government passed through a city, education service center, council of government, etc., and not received directly from a state or federal agency.

5911-5915 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5916–5918 Federal Revenues Distributed through Government Entities Other than State or Federal Agencies—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify federal revenues realized from a government agency other than a state or federal agency not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 5919, Federal Revenues Distributed through Government Entities Other than State or Federal Agencies.

R5919 Federal Revenues Distributed through Government Entities Other than State or Federal Agencies

This code is used to classify revenues realized for federal programs passed through another governmental entity, such as cities, education service centers, councils of government, etc.

Note: Any locally defined codes that your nonprofit charter school uses must be converted to object code 5919 for **PEIMS** reporting.

5920 Federal Revenues Distributed by the Texas Education Agency

This code is used to classify revenues realized from entities of the federal government that are passed through the Texas Education Agency.

R5921 School Breakfast Program

This code is used to classify revenues realized as the result of the federally funded breakfast program administered by the Texas Department of Agriculture. (CFDA 10.553)

For school districts that use the enterprise fund to account for the school breakfast program, school breakfast program funds must be recorded in the nonoperating revenue object code 7952, School Breakfast Program.

R5922 National School Lunch Program

This code is used to classify revenues realized as a result of the federally funded lunch program administered by the Texas Department of Agriculture. (CFDA 10.555)

Object Code 5922 Revenue to Include:	Object Code 5922 Revenue to Exclude:
<ul style="list-style-type: none">National School Lunch Program revenues	<ul style="list-style-type: none">revenues received for a Summer Feeding Program (object code 5939)revenues from School Breakfast Program (object code 5921)

R5923 United States Department of Agriculture (USDA) Commodities

This code is used to classify revenues realized from USDA commodities used in the school lunch program. Under the consumption method, revenues are realized when commodities are used whereas under the purchase method, revenues are realized when commodities are

received. Since actual cash is not received, a debit entry is made simultaneously either to:

- expenditure object code 6344, USDA Commodities (purchase method), or
- asset object code 1310, Inventories—Supplies and Materials (consumption method).

5924-5926 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5927–5928 Federal Revenues Distributed by the Texas Education Agency—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify federal revenues realized from Texas Education Agency not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 5929, Federal Revenues Distributed by the Texas Education Agency.

***R*5929 Federal Revenues Distributed by the Texas Education Agency**

This code is used to classify revenues realized for federal programs passed through the Texas Education Agency and not defined elsewhere.

Note: Any locally defined codes that your district uses must be converted to object code 5929 for **PEIMS** reporting.

5930 Federal Revenues Distributed by Other State of Texas Government Agencies (Other than the Texas Education Agency)

This code is used to classify revenues realized from entities of the federal government, passed through state agencies other than the Texas Education Agency.

***R*5931 School Health and Related Services (SHARS)**

This code is used to account for funds received from the School Health and Related Services (SHARS) Program. Funds received represent reimbursements to the nonprofit charter school for school-based health services, which are provided to special education students enrolled in the Medicaid Program. These receipts are not considered “federal financial assistance” for inclusion in the Schedule of Federal Financial Assistance. In addition, the expenditures associated with

SHARS reimbursements will be subtracted from special education expenditures for maintenance of effort purposes.

℞5932 Medicaid Administrative Claiming Program -MAC

This code is used to account for funds received from the Texas Health and Human Services Commission (HHSC) that are awarded to reimburse school districts for administrative activities they perform to help the state implement the Medicaid state plan (outreach, explaining various health programs, helping students and their families to complete paperwork to become eligible for Medicaid and other federal programs, helping students secure doctor appointments, explaining the side effects of a medication, etc.). The reimbursement for school districts is based on the overall district Medicaid eligibility, not on specific students. These receipts are considered “federal financial assistance” for inclusion in the Schedule of Federal Financial Assistance. (CFDA 93.778)

5933-5935 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5936–5938 Federal Revenues Distributed by State of Texas Government Agencies (Other than the Texas Education Agency)—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify federal revenues realized from state government agencies other than Texas Education Agency not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 5939, Federal Revenues Distributed by State of Texas Government Agencies (Other than the Texas Education Agency).

℞5939 Federal Revenues Distributed by State of Texas Government Agencies (Other than the Texas Education Agency)

This code is used to classify revenues realized for federal programs passed through state agencies other than the Texas Education Agency not defined elsewhere.

Note: Any locally defined codes that your nonprofit charter school uses must be converted to object code 5939 for **PEIMS** reporting.

5940 Federal Revenues Distributed Directly from the Federal Government

This code is used to classify revenues realized directly from agencies of the federal government.

5941-5945 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

5946–5948 Federal Revenues Distributed Directly from the Federal Government—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify revenues realized directly from federal agencies not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 5949, Federal Revenues Distributed Directly from the Federal Government.

℞5949 Federal Revenues Distributed Directly from the Federal Government

This code is used to classify revenues that are:

- realized for federal programs
- received directly from the federal government
- not otherwise listed above.

Note: Any locally defined codes that your nonprofit charter school uses must be converted to object code 5949 for **PEIMS** reporting.

5950-5999 Reserved for Future State Definition

These codes are reserved for future state designation and are not to be used by the nonprofit charter school.

A.4.5 Expense Object Codes

An **expense** is a decrease in net position resulting from a using up or an outflow of assets in the course of operating your nonprofit charter school.²⁹ Expenses are debited in the accounting period in which a measurable net asset liability is incurred.

An expenditure and expense object code is a four-digit code that comprises the sixth through ninth digits in the code structure described in the Accounting Code Structure and Definitions. These codes begin with the digit “6,” which distinguishes them from other types of object codes.

An expenditure or expense object code identifies the nature and object of an account or a transaction.

Expenditures and expenses should be classified by the major object classes according to the types of items purchased or services obtained. Your nonprofit charter school accounting records must reflect expenditures and expenses:

- at the most detailed level (4 digits) for reporting (actual data) for:
 - accounting and
 - Public Education Information Management System (PEIMS); and
- to the second digit of detail (6100, 6200, etc.) for PEIMS budget reporting.

If your nonprofit charter school needs to use codes in addition to the mandatory codes for managerial purposes, your nonprofit charter school should use the optional codes provided for local use.

The following table summarizes the major categories of operating expense object codes. See the following pages for the detailed codes for posting transactions.

Summary of Expenditure or Expense Object Codes	
6100	Payroll Costs
6110	Teachers and Other Professional Personnel
6120	Support Personnel
6130	Employee Allowances
6140	Employee Benefits
6200	Professional and Contracted Services
6210	Professional Services
6220	Tuition and Transfer Payments
6230	Education Service Center Services
6240	Contracted Maintenance and Repair Services
6250	Utilities

²⁹ FASB Statement of Financial Accounting Concepts No. 6
Texas Education Agency
2019 Financial Accountability System Resource Guide

6260	Rentals—Operating Leases
6290	Miscellaneous Contracted Services
6300	Supplies and Materials
6310	Supplies and Materials for Maintenance and Operations
6320	Instructional Materials
6330	Testing Materials
6340	Food Service and Other Resale Items
6390	Supplies and Materials—General
6400	Other Operating Expenses
6410	Travel, Subsistence, and Stipends
6420	Insurance and Bonding Costs
6430	Election Costs
6440	Depreciation Expense
6490	Miscellaneous Operating Costs
6500	Debt Service
6520	Interest Expenditures or Expenses
6590	Other Debt Service Expenditures or Expenses

6000

EXPENDITURE AND EXPENSE OBJECT CODES

These codes are used to account for expenditures and expenses.

6100

PAYROLL COSTS

This major classification includes the gross salaries or wages and benefit costs for employee services. An employee is paid a salary or wage. The nonprofit charter school acts in a supervisory capacity over an employee and furnishes or approves the working area and usually the equipment and materials needed to perform a task or service. Although an employee may work with more than one supervisor before, during, or after the normal employment hours, if the services or tasks performed are at the general direction of the nonprofit charter school, the amount paid to that employee is considered a payroll cost.

6110–6119 Teachers and Other Professional Personnel

This series of codes is used to classify the salaries of teachers and other professional personnel. This includes any salary paid to a person who is considered by your nonprofit charter school to be a professional staff member. Substitute teachers or other professional personnel are also classified using this code.

R 6112 Salaries or Wages for Substitute Teachers and Other Professionals

This code is used to classify the gross salary and wage expenditures or expenses for substitute teachers and is primarily used with function code 11 (Instruction). Substitutes for other professionals should be coded to the same function code as the payroll record of the professional being replaced.

6116–6118 Salaries or Wages for Teachers and Other Professional Personnel—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify salaries or wages not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6119.

R 6119 Salaries or Wages—Teachers and Other Professional Personnel

This code is used to classify the gross salary and wage expenditures or expenses for teachers and other professional exempt personnel as defined by the Fair Labor Standards Act.³⁰ This includes:

- gross salary and wage expenditures or expenses;
- wages paid to employees for performing duties beyond the normal working day;
- amounts above the school district’s standard pay for additional certification requirements, such as a bilingual teacher; and
- amounts for additional responsibilities such as coaching, UIL sponsorship, yearbook sponsorship, band directing, tutoring, and department heads.

Note: Any local option codes that your district uses must be converted to object code 6119 for **PEIMS** reporting.

6120 Support Personnel

This code is used to classify the gross salary and wage expenditures or expenses for support personnel.

R 6121 Extra Duty Pay or Overtime—Support Personnel

This code is used to classify wages paid to support personnel for performing duties beyond the normal working day or for amounts above the nonprofit charter school’s standard pay for additional qualifications.

³⁰ [Fair Labor Standards Act](#)

R 6122**Salaries or Wages for Substitute Support Personnel**

This code is used to classify the gross salary and wage expenditures or expenses for substitute support personnel and should be used with the function code being used for payroll record purposes.

6125–6128 Salaries or Wages for Support Personnel—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify salaries or wages not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6129.

R 6129**Salaries or Wages for Support Personnel**

This code is used to classify salaries or wages for support personnel such as paraprofessional and support staff defined as nonexempt by the Fair Labor Standards Act.

Note: Any local option codes that your district uses must be converted to object code 6129 for **PEIMS** reporting.

6130**Employee Allowances**

This code is used to classify an employee allowance, which is an amount paid to an employee for which the employee is not required to render a detailed accounting.

R 6131**Contract Buyouts**

This code is used to identify expenditures or expenses for employee contract buyouts. Such expenditures may include direct payments made by a nonprofit charter school as severance and any other benefits extended as part of a contract buyout agreement. Such costs should be recorded in the function codes in which the person was classified. These payments are subject to federal withholding, social security (if applicable), and Medicare (if applicable). These payments are not subject to the TRS.

6134–6138 Employee Allowances—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify employee allowances not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6139.

R 6139

Employee Allowances

This code is used to classify allowances paid to compensate employees for costs incurred for which the employee is not required to render a detailed accounting. Examples include the following.

Object Code 6139 Expenditures and Expenses to Include:	Object Code 6139 Expenditures and Expenses to Exclude:
<ul style="list-style-type: none">• automobile allowances• housing allowances• cell phone allowance• uniform and meal allowance• in-kind payments unless exempted under Internal Revenue Service (IRS) Code	<ul style="list-style-type: none">• mileage reimbursement for travel for actual miles driven (object code 641X)

In-kind payments such as rent-free housing or employer-furnished automobiles are debited to an account with this code and credited to the appropriate revenue account using the following code:

- 5743, Rent or
- 5749, Other Revenues from Local Sources.

Note: Any local option codes that your district uses are converted to object code 6139 for **PEIMS** reporting.

Questions regarding taxable income for the employee for these allowances should be directed to the Internal Revenue Service. See Section 1.8, Tax Concerns and Obligations, for further guidance.

6140

Employee Benefits

This code is used to classify employee benefits, which are those amounts paid by the nonprofit charter school to provide benefits to employees. This does not include the amount deducted from the employee's salary or wages, which are considered employee contributions toward a benefit.

R 6141

Social Security or Medicare

This code is used to classify expenditures or expenses required to provide employee benefits under the federal Social Security program. This excludes employee contributions.

R 6142**Group Health and Life Insurance**

This code is used to classify expenditures or expenses made to provide personnel with group health and life insurance benefits. This excludes employee contributions but includes benefit amounts transferred to an internal service fund.

R 6143**Workers' Compensation**

This code is used to classify expenditures or expenses made to provide personnel with workers' compensation benefits. This includes benefit amounts transferred to an internal service fund. There are no employee contributions.

R 6145**Unemployment Compensation**

This code is used to classify expenditures or expenses made to provide personnel with unemployment compensation. This includes benefit amounts transferred to an internal service fund. There are no employee contributions.

R 6146**Teacher Retirement or TRS Care**

This code is used to classify the following:

- expenditures or expenses made from local, state, and federal program funds
- private grants to pay state matching of teacher retirement on the state minimum contribution
- the required matching amount from federal funds
- any employer contribution for the retired teachers' health insurance plan

R 6147**Pension Expense**

This code is used to account for the nonprofit charter school's costs associated with maintaining the employee pension plan(s) that the district offers to its employees.

6148**Employee Benefits—Locally Defined**

This code is used, at the option of your nonprofit charter school, to classify employee benefits not defined elsewhere.

Note: For **PEIMS** reporting, this code is converted to object code 6149.

R 6149**Employee Benefits**

This code is used to classify expenditures or expenses made to provide personnel with other employee benefits not detailed above. This

excludes employee contributions but includes any benefit amounts transferred to an internal service fund.

Note: Any local option codes that your district uses must be converted to object code 6149 for **PEIMS** reporting.

6200 PROFESSIONAL AND CONTRACTED SERVICES

The major code series is used to classify expenditures or expenses for services rendered to your nonprofit charter school by firms, individuals, and other organizations. This includes services provided by internal service funds, unless the internal service fund is used to account for employee benefits. Internal service fund expenditures or expenses for employee benefits, such as health insurance, are classified to the appropriate code in the 6100 series of codes. Normally, professional and contracted services represent a complete service that is rendered for the nonprofit charter school, and no attempt should be made to separate labor from supplies.

6210 Professional Services

This code is used to classify expenditures or expenses for professional services rendered by personnel who are not on the payroll of the nonprofit charter school, including all related expenses covered by the professional services contract.

℞6211 Legal Services

This code is used to classify fees, associated travel, and other related costs for legal services. All expenditures or expenses coded to object code 6211 use function code 41, General Administration.

℞6212 Audit Services

This code is used to classify fees, associated travel, and other related costs for audit services. All expenditures or expenses coded to object code 6212 use function code 41, General Administration.

℞6214 Lobbying

This code is used to classify fees, associated travel, and other related costs for lobbying services. Refer to the **Texas Ethics Commission** for guidelines regarding what is lobbying.

6216–6218 Professional Services—Locally Defined

These codes are used, at the option of your nonprofit charter school to classify professional fees and related costs not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6219.

℞6219 Professional Services

This code is used to classify expenditures or expenses for professional services rendered by personnel who are not on the payroll of nonprofit charter school. The law³¹ defines professional services to be the following:

Architecture	Optometry
Landscape architecture	Professional engineering
Land surveying	Real estate appraising
Medicine	Professional nursing

Accounting (audit services belong in object code 6212)

These professionals are required to be licensed or registered with the state. Professional services are delivered by an independent contractor (individual, entity, or firm) that offers its services to the public. Such services are paid on a fee basis for specialized services that are usually considered to be temporary or short-term in nature, normally in areas that supplement the expertise of the nonprofit charter school. This includes all related expenditures or expenses covered by a professional services contract, if the contracted service is not detailed in object codes 6211 through 6214.

This does not include any costs required to be capitalized as ancillary charges necessary to place the asset into service. Those costs should be recorded in the appropriate 6600 series capital outlay object codes.

6220 Tuition and Transfer Payments

This code is used to classify the following:

- tuition payments made when the nonprofit charter school pays for tuition to an institution of higher education on behalf of a staff member or a student
- transfer payments made when the nonprofit charter school pays for students to attend another nonprofit charter school either private or public

³¹ [Texas Government Code, §2254.002\(2\)](#)

R 6221**Staff Tuition and Related Fees—Higher Education**

This code is used to classify expenditures or expenses for services rendered by institutions of higher learning for the benefit of nonprofit charter school personnel. Expenditures or expenses classified in this account are excluded from the calculation of indirect cost rates.

R 6222**Student Tuition—Public Schools**

This code is used to classify expenditures or expenses for tuition if a nonprofit charter school is under contract with a public school to provide instructional services to students.

R 6223**Student Tuition—Other than to Public Schools**

This code is used to classify expenditures or expenses for tuition if a nonprofit charter school is under contract with an institution of higher learning or with a nonpublic school to provide instructional services to students. This includes payments made to juvenile justice alternative education programs (function code 95, Payments to Juvenile Justice Alternative Education Programs).

6227–6228 Tuition—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify expenditures or expenses for tuition not specifically defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6229.

R 6229**Tuition and Transfer Payments**

This code is used to classify expenditures or expenses for tuition and transfer payments not detailed above.

Note: Any local option codes that your district uses are converted to object code 6229 for **PEIMS** reporting.

6230**Education Service Center Services**

Each nonprofit charter school is a member of an education service center that provides various services to the nonprofit charter schools. The function code in conjunction with the expenditure object code defines the type of service provided.

6234–6238 Education Service Center Services—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify services provided by the education service center not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6239.

R 6239 Education Service Center Services

This code is used to classify all contracted services provided by the regional education service center. Included in this account services such as the following:

- data processing services
- accounting services
- media services
- special education services
- career and technical education services
- staff development
- curriculum development
- drug training
- grant writing services

This does not include supplies (which should be charged to the appropriate supply account) purchased under a purchasing agreement with an education service center, but does include a fee assessed for providing the service.

Note: Any local option codes that your district uses must be converted to object code 6239 for **PEIMS** reporting.

6240–6249 CONTRACTED MAINTENANCE AND REPAIR SERVICES

These expenditure object codes are used to classify expenditures or expenses for maintenance and repair services rendered by firms, individuals, or other organizations, other than the nonprofit charter school. Maintenance and repair services are for normal upkeep, repair, and minor restorations, but do not include such costs as new building construction, renovating and remodeling of buildings, etc. When contracted maintenance and repair services are rendered, the total cost of the service, including labor and parts, is included in the appropriate contracted services account. Maintenance contracts are included in the appropriate expenditure object codes defined below.

6244–6248 Contracted Maintenance and Repair—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify expenditures or expenses for contracted maintenance and repair not specifically defined elsewhere.

Note: For PEIMS reporting, these codes are converted to object code 6249.

R 6249 Contracted Maintenance and Repair

This code is used to classify expenditures or expenses for normal contracted maintenance and repair of items.

Object Code 6249 Expenditures and Expenses to Include:	Object Code 6249 Expenditures and Expenses to Exclude:
<ul style="list-style-type: none">• expenditures or expenses for normal contracted upkeep, repairs, maintenance, and renovation of:<ul style="list-style-type: none">○ office equipment○ furniture○ computers and electronic equipment• copiers• district-owned telephone systems• facsimile machines• software upgrades• maintenance agreement fees• other equipment when the repairs are provided by an outside individual or firm• buildings and grounds (janitorial or landscaping, etc.)	<ul style="list-style-type: none">• purchase of furniture, technology equipment, software, and capital outlay items (object code 6399 or 1X6XX)• purchase of site licenses, single user software, such as apps for tablets, etc. (object code 6399, or 1XXX)

For vehicles, this code includes expenditures or expenses for normal upkeep and contracted repair of vehicles, including buses, maintenance vehicles, driver education vehicles, and any other vehicles used by the school district staff or students.

For buildings and grounds, this code includes expenditures or expenses such as the following:

- normal upkeep of buildings and grounds
- contracted costs of maintenance for buildings including:
 - heating
 - ventilation
 - air conditioning
- any related maintenance agreements

Services may be provided on an on-call basis or within the terms of a maintenance agreement.

Any local option codes that your district uses are converted to object code 6249 for **PEIMS** reporting.

6250 UTILITIES

Utilities comprise charges for water; electricity; gas for heat, cooking, and cooling; ongoing telephone (including telecommunications and cellular telephones); and facsimiles.

6255–6258 Utilities—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify expenditures or expenses for utilities not specifically defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6259.

℞6259 Utilities

This code is used to classify expenditures or expenses, including fees, for utilities. This includes the following:

- water, wastewater treatment, and sanitation (garbage disposal)
- telephone and telecommunication services for cellular telephones, pagers, Internet connections, facsimiles, etc.
- electricity
- natural gas, propane, coal, and any other fuel used for heating and cooling buildings

Note: Any local option codes that your nonprofit charter school uses must be converted to object code 6259 for **PEIMS** reporting.

All expenditures or expenses coded to object code 6259 must be coded to either function code 51, Facilities Maintenance and Operations, or

81, Facilities Acquisition and Construction. Your district may code a cellular telephone or pager to the function code of its user.

6260 RENTALS—OPERATING LEASES

These codes are used to record expenditures or expenses for renting or leasing either equipment or property under operating lease agreements. Refer to the Debt section (Other Types of Debt) for further guidance.

6264–6268 Rentals—Operating Leases—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify expenditures or expenses for rentals under operating leases not specifically defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6269.

℞6269 Rentals—Operating Leases

This code is used to classify expenditures or expenses for other rentals or operating leases. This includes, but is not limited to, rental or lease of the following:

- furniture
- computers
- telecommunications equipment
- audio-visual equipment
- vehicles (including buses)
- land
- buildings
- space in buildings
- grounds

Note: Any local option codes that your nonprofit charter school uses must be converted to object code 6269 for **PEIMS** reporting.

6290 MISCELLANEOUS CONTRACTED SERVICES

These expenditure object codes are used to classify expenditures or expenses for miscellaneous contracted services not included above.

℞6291 Consulting Services

This code is used to classify expenditures or expenses for consulting services. “Consulting services” refers to the practice of helping nonprofit charter school by analyzing existing problems and developing plans to improve performance. Consulting may involve the

identification and interchange of best practices, analytical techniques, change management and coaching skills, technology implementations, strategy development, or operational improvement. Consultants often rely on their outsider's perspective to provide unbiased recommendations. They generally bring formal frameworks or methodologies to identify problems or suggest more effective or efficient ways of performing tasks. Consulting services cover all functional areas such as instruction, curriculum, and administration.

Consulting does not include a routine service or activity that is necessary to the functioning of a nonprofit charter school's programs, such as hiring additional people on contract to supplement the present staff. It also does not apply to services provided to conduct organized activities (such as training or other similar educational activities.)

6294–6298 Miscellaneous Contracted Services—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify contracted services not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6299.

℞ 6299 Miscellaneous Contracted Services

This code is used to classify expenditures or expenses for miscellaneous contracted services not specified elsewhere.

Note: Any local option codes that your nonprofit charter school uses are converted to object code 6299 for **PEIMS** reporting.

6300 SUPPLIES AND MATERIALS

This major classification includes all expenditures or expenses for supplies and materials.

6310–6319 Supplies and Materials for Maintenance and Operations

This group of codes is used to classify expenditures or expenses for supplies and materials necessary to maintain or operate furniture, computers, equipment (including telecommunications equipment), vehicles, grounds, and facilities of the nonprofit charter school.

Normally expenditures or expenses in this group of accounts arise when nonprofit charter school employees purchase supplies for use by the nonprofit charter school as opposed to supplies that are provided by a contractor as part of a contracted service.

℞6311 Gasoline and Other Fuels for Vehicles (Including Buses)

This code is used to classify expenditures or expenses for gasoline, motor oil, and other fuels required for operating vehicles.

6315–6318 Supplies for Maintenance and Operations—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify supplies and materials for maintenance or operations not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6319.

℞6319 Supplies for Maintenance and Operations

This code is used to classify expenditures or expenses for supplies and materials necessary for maintenance or operations not detailed above. Expenditures or expenses in this account include, but are not limited to:

- janitorial or custodian supplies
- building maintenance supplies for minor repairs and upkeep by the maintenance staff
- supplies for upkeep of furniture and equipment

Note: Any local option codes that your nonprofit charter school uses are converted to object code 6319 for **PEIMS** reporting.

6320–6329 INSTRUCTIONAL MATERIALS

This group of codes is used to classify expenditures or expenses for instructional materials purchased by the nonprofit charter school; magazines, periodicals, newspapers, and reference books, in print or electronic format; and technological equipment that are placed in the classroom or in an office. Expenditures or expenses in this group of codes do not meet the capitalization criteria.

℞6321 Instructional Materials

This code is used to classify expenditures or expenses for instructional materials purchased by your district and furnished free to students, certain classes, or grades.

6325–6328 Reading Materials—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify reading materials that do not meet the capitalization criteria.

Note: For **PEIMS** reporting, these codes are converted to object code 6329.

R6329 Reading Materials

This code is used to classify all expenditures or expenses for magazine subscriptions and newspaper subscriptions that are placed in classrooms, offices, or libraries, whether in print or electronic format. Also included are reference books and other reading materials placed in a classroom or office that are not cataloged and controlled by the library. This code also includes library books and media that do not meet the capitalization criteria of the school and have a per-unit value of less than \$5,000 or a useful life of one year or less.

Note: Any local option codes that your nonprofit charter school uses are converted to object code 6329 for **PEIMS** reporting.

6330 TESTING MATERIALS

This group of codes is used to classify expenditures or expenses for testing materials such as test booklets. Test scoring must not be classified here, but rather, in the 6200 series of codes, Professional and Contracted Services.

6334–6338 Testing Materials—Locally Defined Note:

These codes are used, at the option of the nonprofit charter school, to classify testing materials.

Note: For **PEIMS** reporting, these codes are converted to object code 6339.

R6339 Testing Materials

This code is used to classify expenditures or expenses for testing materials, including test booklets and study materials related to those tests.

Note: Any local option codes that your nonprofit charter school uses must be converted to object code 6339 for **PEIMS** reporting.

6340 FOOD SERVICE AND OTHER RESALE ITEMS

These expenditure object codes are used to classify supplies and materials for operating the food service program of the nonprofit charter school. Also included are items for sale through vending machines, school stores, etc., that are not related to the regular food service program. These items for resale are classified in function code 36, Extracurricular Activities.

R6341 Food
This code is used to classify expenditures or expenses for food, including related costs such as transportation, handling, processing, etc.

R6342 Nonfood
This code is used to classify expenditures or expenses for nonfood items such as napkins, straws, brooms, etc.

R6343 Items for Sale
This code is used to classify expenditures or expenses for such items as soft drinks, food, or other goods to be sold through vending machines, school stores, etc., not related to the regular food service program.

R6344 USDA Commodities
This code is used to classify the costs of commodities. Expenses in this code should agree with the revenue realized in code 5923, USDA Commodities.

For school districts using an enterprise fund, nonoperating revenue code 7954, USDA Commodities must be used for items such as the following:

- purchased products for which your nonprofit charter school receives no USDA commodity equivalent; for example, condiments such as catsup and mustard. The inventory value for these items should be based on the net purchase price for that item.
- USDA commodity products for which your nonprofit charter school purchases no commercial equivalent; for example, frozen diced chicken.
- products that your nonprofit charter school purchases as well as receives as commodities. Canned fruits and vegetables are examples of such products.

6348 Food Supplies—Locally Defined
This code is used, at the option of your nonprofit charter school, to classify food supplies not defined above.

Note: For **PEIMS** reporting, this code is converted to object code 6349.

R6349 Food Service Supplies
This code is used to classify miscellaneous food service supplies not specifically defined elsewhere.

Note: Any local option codes that your nonprofit charter school uses must be converted to object code 6349 for **PEIMS** reporting.

6390 SUPPLIES AND MATERIALS—GENERAL

These codes are used to classify general supplies and materials not specified in other supplies and materials accounts.

6395–6398 Supplies and Materials—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify supplies and materials.

Note: For **PEIMS** reporting, these codes are converted to object code 6399.

℞6399 General Supplies

This code is used to classify expenditures or expenses for those items of relatively low unit cost (cost less than the capitalization rate, which may not exceed \$5,000, even though used in large quantities) necessary for the instruction process or for administration.

Object Code 6399 Expenditures to Include:	Object Code 6399 Expenditures to Exclude:
<ul style="list-style-type: none"> • consumable teaching and office items such as paper, pencils, forms, postage, etc. • workbooks • audio-visual aids such as video, CD, or DVD disks; flash drives, software • site licenses, single or limited-use software, such as apps for tablets, etc. that have a per-unit cost of less than \$5,000 • supplies for a satellite dish and other supplies for technology • purchase of furniture, technology equipment, software, and capital outlay items having a per-unit cost of less than \$5,000 	<ul style="list-style-type: none"> • purchase of furniture, technology equipment, software, and capital outlay items having a per-unit cost of \$5,000 or more (object code 1539) • items that do not meet the individual \$5,000 capital asset criterion, but by school policy, are defined to be capital assets or aggregated items that equal or exceed \$5,000 (for example, library books) (object code 1549 or 1569) • site licenses, single or limited-use software, such as apps for tablets, etc. that have a per-unit cost that is equal to or exceeds \$5,000 (object code 1539 or 1559)

Note: Any local option codes that your nonprofit charter school uses must be converted to object code 6399 for **PEIMS** reporting.

6400 OTHER OPERATING COSTS

This major classification is used for expenditures or expenses for items that are necessary for operating the nonprofit charter school other than the following:

- payroll costs
- professional and contracted services
- supplies and materials
-

6410 Travel, Subsistence, and Stipends

These expenditure object codes must be used to classify travel, subsistence, and stipends to both employees and nonemployees.

***R*6411 Travel and Subsistence—Employee Only**

This code is used to classify the cost of transportation, meals, room, and other expenses associated with traveling on official school business.

Travel expenses must conform to IRS and 2 CFR Part 230 regulations. Any travel reimbursed from state funds and federal funds that are received from the Texas Education Agency must comply with the general appropriations act.

The cost of employee travel also includes any registration fees associated with attending conferences, including seminars, in-service training, etc. Membership dues are classified in object code 6495, Dues.

***R*6412 Travel and Subsistence—Students**

This code is used to classify the cost of transportation (rental of vans, buses, and other vehicles), meals, participation fees, room, and other expenses associated with students' traveling for school-sponsored events. (Do not use function code 34, Student Transportation.)

***R*6413 Stipends—Nonemployees**

This code is used to classify stipends paid to persons not employed by the paying agency for allowances related to participating in organized-controlled or directed activities.

Expenditures or expenses relating to travel for persons not employed by your nonprofit charter school should be classified using object code 6419, Travel and Subsistence—Nonemployees. Expenditures or

expenses classified in this account are excluded from the calculation of indirect cost.

6417–6418 Travel and Subsistence—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify travel and subsistence not specifically defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 6419.

℞ 6419 Travel and Subsistence—Nonemployees

This code is used to classify the costs of travel and subsistence that are:

- associated with traveling on official school business and
- incurred by persons who are participating in organized-controlled or directed activities and who are not employed by the paying agency, including:
 - parents
 - board members
 - other nonemployees

Expenditures or expenses classified in this object code include:

- transportation, meals, room, and other travel costs not specified elsewhere;
- registration fees associated with attending conferences, seminars, in-service training, etc.; and
- allowances related to participating in organized-controlled or directed activities.

Travel expenses must conform to IRS and 2 CFR Part 230 regulations, and any travel reimbursed from state funds and federal funds that are received from the Texas Education Agency must comply with the General Appropriations Act.

Note: Any local option codes that your nonprofit charter school uses must be converted to object code 6419 for **PEIMS** reporting.

6420 INSURANCE AND BONDING COSTS

This code is used to classify expenditures or expenses for insurance and bonding costs. Property insurance should be classified in function code 51, Facilities Maintenance and Operations, including building insurance and property insurance for band and athletic or UIL equipment. Other types of insurance are classified in the appropriate function. For example, insurance to cover student athletic injuries are classified in function code 36, Extracurricular Activities. Instructional materials

custodian and administrative bonding expenses are classified in function code 41, General Administration. School bus driver bonding and liability insurance are classified in function code 34, Student Transportation.

6425–6428 Insurance and Bonding Costs—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify insurance and bonding costs.

Note: For **PEIMS** reporting, these codes are converted to object code 6429.

***R*6429 Insurance and Bonding Costs**

This code is used to classify costs for insurance, including property insurance, liability insurance, bonding costs, athletic insurance, etc.

Note: Any local option codes that your nonprofit charter school uses are converted to object code 6429 for **PEIMS** reporting.

6440 DEPRECIATION EXPENSE

This series of codes is used to classify depreciation expense of fixed assets of a nonprofit charter school.

6444–6448 Depreciation Expense—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify depreciation expense.

Note: For **PEIMS** reporting, these codes are converted to object code 6449.

***R*6449 Depreciation Expense**

This code is used to classify depreciation expense of fixed assets.

Note: Any local option codes that your nonprofit charter school uses are converted to object code 6449 for **PEIMS** reporting.

6490 Miscellaneous Operating Costs

This code is used to classify expenditures or expenses for operating costs not mentioned above.

***R*6494 Reclassified Transportation Expenditures or Expenses**

This code can be used as an option to identify expenditures or expenses for transportation costs other than those incurred in transporting students to and from school. Expenses from various expenditure object

codes for salaries, fuel, etc., in function code 34, Student Transportation, should be reclassified to this expenditure object code with the appropriate function assigned. Examples of such costs include those associated with field trips (function code 11, Instruction) and extracurricular activities (function code 36, Extracurricular Activities). Identification of the costs of transporting students for any purpose other than to and from school is required by law.³²

℞ 6495 Dues

This code is used to classify expenditures or expenses for dues paid to clubs, committees, or other organizations. Examples of organizations are TASA, TASP, TASB, Lions Club, Rotary Club, local chambers of commerce, and other associations. This does not include any registration fees associated with attending conferences or seminars, which are classified in object code 6411. Dues paid on behalf of an employee should be coded to that employee's function code; dues paid on behalf of the district should be coded to function code 41.

6497–6498 Miscellaneous Operating Costs—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify miscellaneous operating costs.

Note: For **PEIMS** reporting, these codes are converted to object code 6499.

℞ 6499 Miscellaneous Operating Costs

This code is used to classify expenditures or expenses for all other operating costs not mentioned above. This account includes:

- fees (not associated with travel)
- awards
- bid notices
- graduation expenses
- food or refreshments for school-related meetings
- newspaper advertisements, etc.

Note: Any local option codes that your nonprofit charter school uses are converted to object code 6499 for **PEIMS** reporting.

³² [TEC, §34.010, Use of School Buses for Extracurricular and Other School-Related Activities](#)

- 6500 DEBT SERVICE**
- This major classification includes all expenses for interest and associated fees for debt service. Expenses for debt service interest and fees must be used only with function code 71, Debt Service.
- 6520 INTEREST EXPENDITURES OR EXPENSES**
- These expenditure object codes are used to classify all interest expenditures or expenses in function code 71, Debt Service.
- ℞6521 Interest on Bonds**
- This code is used to classify expenditures or expenses to pay interest on bonds.
- ℞6522 Capital Lease Interest**
- This code is used to classify expenditures or expenses to pay interest on capital leases.
- ℞6523 Interest on Debt**
- This code is used to classify expenditures or expenses to pay interest on debt.
- ℞6524 Amortization of Bond and Other Debt-Related Costs**
- This code is used to classify expenses in connection with the amortization of bond and other debt issuance costs, including lease-purchase debt issuance costs. Included are amortized deferred gain and loss amounts in connection with the defeasance of bonds.
- ℞6525 Amortization of Premium and Discount on Issuance of Bonds**
- This code is used to classify expenses amortized as debt premium or discount in connection with the issuance of debt.
- 6527–6528 Interest Expenditures or Expenses—Locally Defined**
- These codes are used, at the option of your nonprofit charter school, to classify interest expenditures or expenses not specified elsewhere.
- Note:** For **PEIMS** reporting, these codes are converted to object code 6529.
- ℞6529 Interest Expenditures or Expenses**
- This code is used to classify expenditures or expenses to pay interest not specified elsewhere.

Note: Any local option codes that your nonprofit charter school uses are converted to object code 6529 for **PEIMS** reporting.

6590 Other Debt Service Expenditures or Expenses

These object codes are used to classify all debt service expenditures or expenses other than debt principal and interest in function code 71, Debt Service.

6594–6598 Other Debt Service Expenditures or Expenses—Locally Defined

These codes are used, at the option of your nonprofit charter school, to record debt service expenditures or expenses, excluding principal and interest.

Note: For **PEIMS** reporting, these codes are converted to object code 6599.

℞ 6599 Other Debt Service Fees

This code is used to classify expenditures or expenses for issuance costs, and any allowable fees related to debt service activity, including fiscal agent fees and payment to an escrow agent from sources other than proceeds from the new debt.

Note: Any local option codes that your nonprofit charter school uses must be converted to object code 6599 for PEIMS reporting.

A.4.6 Gains/Net Assets Released from Restrictions

The nonprofit charter school's accounting records are to reflect gains and net assets released from temporary restrictions, as depicted in the chart of accounts (4 digits) for accounting and Public Education Information Management System (PEIMS) reporting (budgeted and actual data) purposes. If a nonprofit charter school needs to use codes in addition to the mandatory codes for managerial purposes, the optional codes provided for local use in the code structure should be used.

These codes begin with the digit “7,” which distinguishes them from other types of object codes.

Your nonprofit charter school accounting records must reflect gains and net assets released from temporary restrictions, as depicted in the chart of accounts (4 digits) for purposes of:

- accounting and
- Public Education Information Management System (PEIMS) reporting:
 - budgeted data and
 - actual data.

If your nonprofit charter school needs to use codes in addition to the mandatory codes for managerial purposes, the nonprofit charter school should use the optional codes provided for local use in the code structure.

7000

GAINS/NET ASSETS RELEASED RESTRICTIONS

7911–7949

OTHER RESOURCES

Other resources include sale of bonds, sale of real and personal property, proceeds from capital leases, operating transfers in, etc. These amounts are classified separately from:

- revenues on the statement,
- revenues and expenditures, and

***R*7911**

Issuance of Bonds

This code is used to record the face amount of bonds that are issued.

***R*7916**

Premium or Discount on Issuance of Bonds

This code is used to classify the premium or discount on the issuance of bonds.

This code should not be used for the premium or discount on the issuance of bonds for nonprofit charter schools because the discount or

premium shall be reported in the balance sheet as a direct deduction from or addition to the face amount of the note.³³

℞7917 Prepaid Interest

This code is used to classify prepaid interest in connection with the issuance or defeasance of bonds.

℞7919 Extraordinary (Unusual or Infrequent) Items

This code is used to classify extraordinary items that are of an unusual nature and infrequent in occurrence³⁴. Included are transactions or events that are both unusual and infrequent, including:

- insurance proceeds to cover significant costs related to
- a natural disaster caused by fire, flood, tornado, hurricane, or hail storm; or
- an environmental disaster.

The following criteria must both be met for extraordinary classification:

1. Unusual nature – The underlying event or transaction should possess a high degree of abnormality and be of a type clearly unrelated to, or only incidentally related to, the ordinary and typical activities of the entity, taking into account the environment in which the entity operates.
2. Infrequency of occurrence – The underlying event or transaction should be of a type that would not reasonably be expected to recur in the foreseeable future, taking into account the environment in which the entity operates.

7940–7948 Other Resources—Locally Defined

These codes are used, at the option of your nonprofit charter school to classify other resources not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 7949.

7950 Gains

This code is used to record other resources not classified above.

³³ FASB ASU 835-30-45-1A states that the discount or premium shall be reported in the balance sheet or statement of financial position, as applicable, as a direct deduction from or addition to the face amount of the note.

³⁴ FASB ASU 2015-1 Income Statement—Extraordinary and Unusual Items (Subtopic 225-20) describes items that are unusual or infrequent in nature and the presentation of each material event of transaction that an entity considers to be of an unusual nature or of a type with infrequency of occurrence or both to be reported as a separate component of income from continuing operations. Gains or losses of a similar nature that are not individually material shall be aggregated.

R7951

Gain on Sale of Real and Personal Property

This code is used to classify the net gains from the sale of land, buildings, equipment, furniture, vehicles, etc.

7955–7958 Gains—Locally Defined

These codes are used, at the option of your nonprofit charter school to classify gains not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 7989.

R7959

Other Gains

This code is used to classify amounts received from other sales of assets for gains.

7990

Net Assets Released From Temporary Restrictions

This code is used to record net assets released from temporary restrictions.

7995–7998 Net Assets Released From Restrictions

These codes are used, at the option of the nonprofit charter school, to classify net assets released from donor restrictions. For **PEIMS** reporting, these accounts are converted to account 7999.

R7999

Net Assets Released From Restrictions

This code is used to classify net assets released from restrictions.

A.4.7 Losses/Net Assets Released from Restrictions

The nonprofit charter school's accounting records are to reflect losses and net assets released from temporary restrictions at the most detail level. If a nonprofit charter school needs to use codes in addition to the mandatory codes for managerial purposes, the optional codes provided for local use in the code structure should be used.

These codes begin with the digit "8," which distinguishes them from other types of object codes.

Your nonprofit charter school accounting records must reflect other uses and nonoperating expenses at the most detailed level, (4 digits) for purposes of:

- accounting and
- Public Education Information Management System (PEIMS) reporting (actual data) purposes.

For PEIMS budget reporting purposes, other uses or nonoperating expenses are reported to the fourth digit of detail (89XX).

8000 LOSSES/NET ASSETS RELEASED TEMPORARY RESTRICTIONS

8900 LOSSES/NET ASSETS RELEASED FROM RESTRICTIONS

8910 Net Assets Released From Restrictions

Net Assets Released From Restrictions (8911-8949) is debited in the accounting period in which use and/or time restrictions are met. Credit entries are to a liability or an asset account.

℞8911 Net Assets Released from Restrictions

This code is used to classify net assets released from restrictions.

℞8913 Extraordinary (Unusual or Infrequent) Items

This code is used to classify extraordinary items that are of an unusual nature and infrequent in occurrence. These transactions or events are both unusual and infrequent, and may include significant costs related to:

- a natural disaster caused by fire, flood, tornado, hurricane, or hail storm; or
- costs related to an environmental disaster.

The following criteria must both be met for extraordinary classification:

1. Unusual nature – The underlying event or transaction should possess a high degree of abnormality and be of a type clearly

unrelated to, or only incidentally related to, the ordinary and typical activities of the entity, taking into account the environment in which the entity operates.

2. Infrequency of occurrence – The underlying event or transaction should be of a type that would not reasonably be expected to recur in the foreseeable future, taking into account the environment in which the entity operates.

8940–8948 Other Uses—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify other uses not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 8949.

***R* 8949 Other Uses**

This other uses object code is used to record net assets released from restrictions not provided for above.

8950 LOSSES

***R* 8951 Loss on Sale of Real and Personal Property**

This code is used to classify the net loss from the sale of land, buildings, equipment, furniture, vehicles, etc..

8954–8988 Losses—Locally Defined

These codes are used, at the option of your nonprofit charter school, to classify nonoperating expenses not defined elsewhere.

Note: For **PEIMS** reporting, these codes are converted to object code 8989.

***R* 8989 Losses**

This code is used to record losses from the sale of assets of the nonprofit charter school.

A.4.8 Unavailable or Reserved Object Codes

The following table lists codes that are unavailable or reserved for future state definition. When a code is no longer being used, it is placed in “unavailable” status for 10 years to prevent its being used with two different meanings. After it has been unavailable for 10 years, its status is changed to “reserved for future state definition,” which means that it may be assigned to a new use as the need arises.

Category of Object Codes	Unavailable	Reserved for Future State Definition
Asset Object Codes		
	1430	1600–1790
Fund Balance or Net Asset Object Codes		
	3420	3100
	3440	3300
Revenue Object Codes

Other Uses and Nonoperating Expenses Object Codes		
		8914–8939 8952–8959 8990 8991–8999

3.5 Local Option Codes

Your nonprofit charter school may use the local option codes to account for information not otherwise provided for in the mandatory chart of accounts. These codes are not reported through the PEIMS and may be used for any purpose that the district chooses.

If your nonprofit charter school uses these optional codes, the nonprofit charter school must:

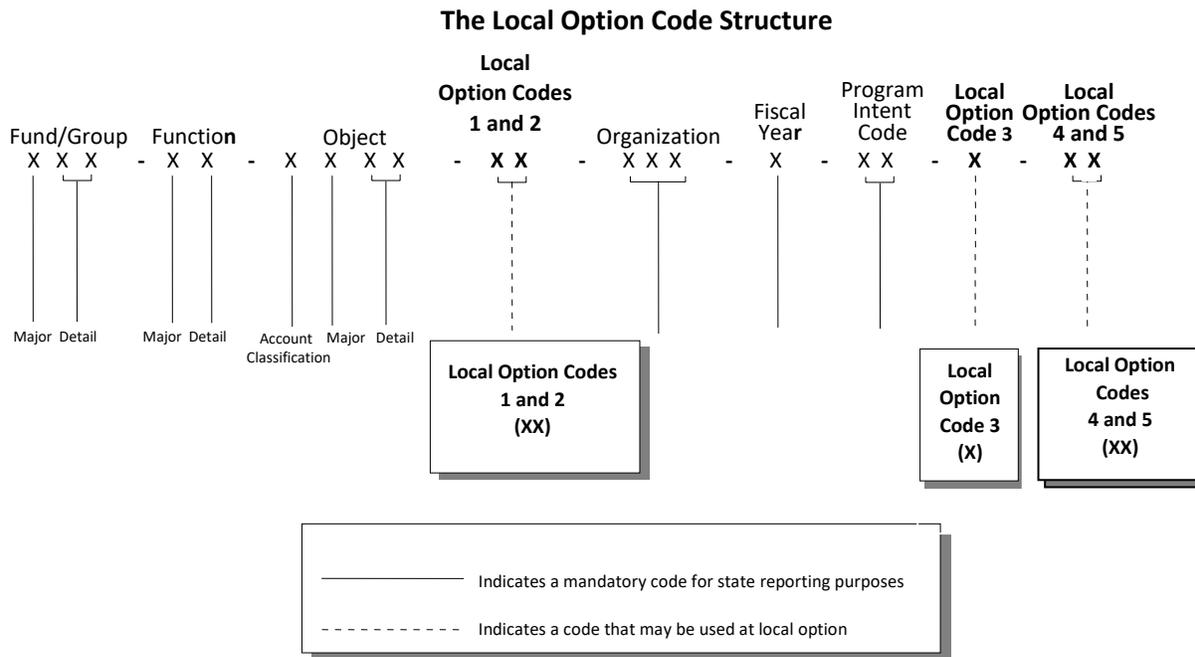

- keep a chart of locally assigned accounts;
- use the locally assigned accounts uniformly in the accounting system throughout the nonprofit charter school’s fiscal year (that is, the nonprofit charter school must not change the locally assigned accounts during any fiscal year);
- make the chart of accounts available for managerial, auditing, and other purposes; and
- retain the chart of accounts for audit purposes for a recommended period of at least five years after any changes are made to the chart.

Three groups of local option codes are provided:

- local option codes 1 and 2
- local option code 3
- local option codes 4 and 5

Exhibit 3.5 illustrates the three positions of the local option codes in the accounting code system.

Exhibit 3.5 Local Option Code Structure

3.6 Organization Codes

An organization is a group of employees who are assigned a specific responsibility within a school district.

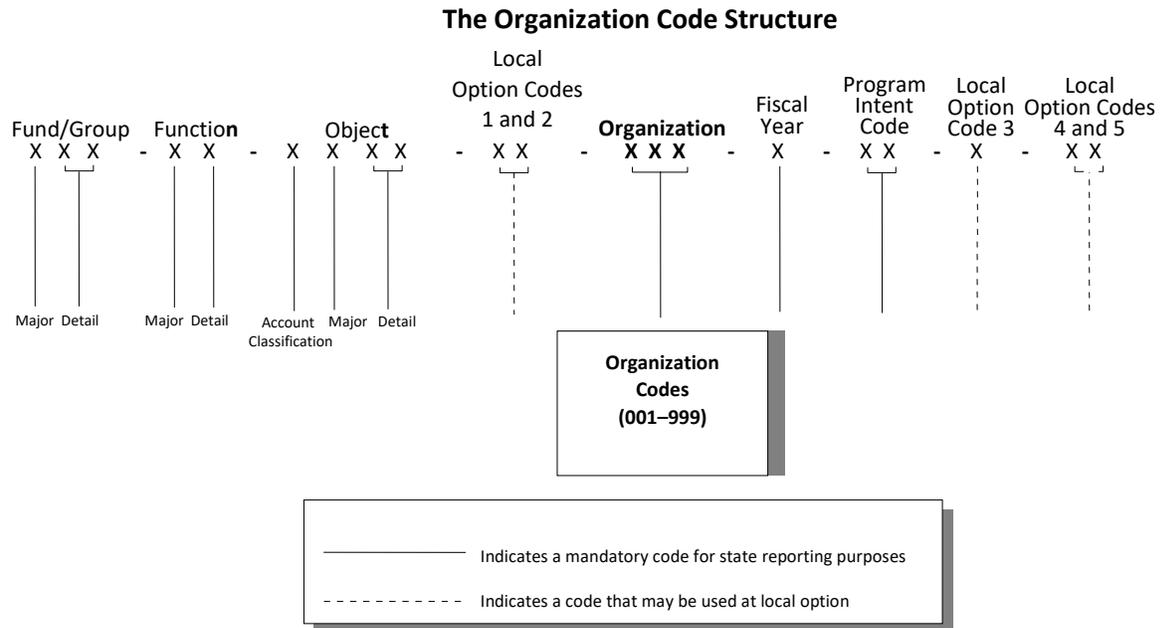

The two types of organizations include:

- a *campus* organization, which usually is responsible for services to a set of students, including:
 - teaching,
 - supporting the teaching, or
 - providing other necessary services (such as social and health services); and
- an *administrative* or *other* organization, which performs specific responsibilities for the nonprofit charter school, such as those related to:
 - the superintendent's office,
 - the school board, or
 - other business functions.

An organization does not necessarily correspond to a physical location. The activity performed, not the location, defines the organization. For example, a high school computer science class might be taught at the central administration office, in which case the appropriate high school organization code would be assigned. Exhibit A.6.a illustrates the location of the organization code in the accounting code structure.

Accurate use of organization codes is essential for payroll under function 11, Instruction. Nonprofit charter schools are to use organization codes in all functions when a cost is *clearly attributable* to a specific organization. For those costs that are not clearly attributable to specific organization codes, districts will use organization codes **998** (Unallocated, at the local option) or **999** (Undistributed).

Exhibit 3.6 Organization Code Structure

The **R** by a code indicates that the code is required for reporting purposes (PEIMS and/or annual financial and compliance report [AFR]) if the code applies to your school district.

3.6.1 Using Organization Codes

Your nonprofit charter school must use:

- *campus organization* codes, which are defined in the Texas School Directory, for all costs clearly attributable to a specific organization using one of two methods. Your district may either:
 - code all costs clearly attributed to a specific organization or
 - allow the PEIMS to allocate costs that are charged to organization code 999 (Undistributed); and
- *administrative organization* codes (701–751):
 - for all costs under function code 41, General Administration,
 - for all costs under function code 53, Data Processing, that apply to the business office of the district, and
 - for all costs under function code 99, Other Intergovernmental Charges.

Note: The *Texas School Directory* identifies a campus using a 9-digit number. The first three digits are the county code, the second three digits are the district code, and the last three digits are the campus code. Use only the last three digits as the campus organization code.

For costs that are not clearly attributable to specific organization codes, your district may use organization codes 998 (Unallocated, at the local option) or 999 (Undistributed).

For more information about calculating indirect cost rate, see

- the TEA rule³⁵ regarding indirect cost rates and
- the *Indirect Cost Handbook*³⁶ attached in Subsection (d) of the rule.

For a chart depicting required organization accounting by expenditure object code and function code, see Appendix B: Account Code Matrixes and Accounting Spreadsheets, [B-1.0 Account Code Matrixes](#).

For information on methods of allocating costs other than direct recording, see Module 1, 1.4 Cost Accounting.

3.6.2 Campus Accounting and Coding

Site-based decision making and campus accountability require nonprofit charter schools to provide financial information at all levels of the decision-making process. Nonprofit charter schools provide information on the use of public resources by campus and program to facilitate legislative budgetary decisions.

Your nonprofit charter school must record payroll costs by campus level for educational personnel, including professional and paraprofessional personnel, when the cost is clearly attributable to a specific campus or organization. The criteria to determine if the payroll costs of such personnel should be recorded to a particular campus or organization are as follows:

- The person must be dedicated to the day-to-day operations of the campus (partially or fully) and be under the direct or indirect supervision of the campus principal. Personnel costs that would be recorded to a campus would generally include costs for:
 - classroom teachers,
 - teacher aides,
 - classroom assistants,
 - librarians,
 - principals,
 - counselors, and
 - social workers.

Note: This list is not all-inclusive.

- Payroll costs for substitute teachers may be coded either to a campus or to the Undistributed Organization Unit (999)
- On-Behalf Teacher Retirement Payments may be coded either to a campus or to the Undistributed Organization Unit (999)

³⁵ [19 TAC §109.3003, Indirect Cost Rates](#)

³⁶ [Indirect Cost Handbook](#)

A.6.2.1 Compliance Monitoring—Organization Codes

In the PEIMS data collection process, the TEA provides software that contains a formula to allocate costs recorded in organization code 999, Undistributed. The costs are allocated according to:

- instructional FTEs assigned to organization codes (as reported in [PEIMS](#)) and
- campus organizations for functions specified in State Board of Education rules relating to indirect costs.

The allocation process:

- populates a report template and does not change transaction information within the general ledger system; and
- uses payroll and staff data for instructional FTEs, as recorded under function code 11, Instruction, as a basis to allocate costs.

The formula-based allocation is used for state and federal compliance monitoring purposes, such as monitoring indirect costs, maintenance of effort, and comparability requirements.

Costs that are classified in organization code 998, Unallocated, are not allocated by the formula; therefore, those costs must not be considered for compliance purposes unless charged to a specific enhanced program intent code.

001–699

ORGANIZATION UNITS—CAMPUSES

The campus numbers are defined in the Texas School Directory for the nonprofit charter school. As new campuses are opened, it must notify the TEA, and the TEA will assign a new campus number.

Note: Juvenile Justice Alternative Education Program Campuses

There are two types of Juvenile Justice Alternative Education Programs (JJAEP):

(1) The Texas Education Code (TEC), Chapter 37, authorizes assignment of students to a JJAEP approved by the Texas Juvenile Probation Commission (TJPC) if the school district or nonprofit charter school is located in a county with a population of greater than 125,000.

(2) The second type of JJAEP is any arrangement that is not approved by the TJPC but that relates to placement of students who are expelled under the TEC, Subsection 37.007(a),(b),(c),(d),(e), or (f).

All JJAEP campuses must be registered in the Texas Education Directory (AskTED). The campus number assigned to the JJAEP must be used to account for all expenditures that are attributed to JJAEP-related activities (including costs attributed to resources provided by school

districts, such as special education teachers employed by school districts and assigned to work in a JJAEP).

JJAEP Reported as a Discrete Component in the Annual Financial and Compliance Report (AFR)

In a few instances, a memorandum of understanding between a county government and a nonprofit charter school authorizes the nonprofit charter school to administer and operate the JJAEP on behalf of the county government and to provide services to nonprofit charter schools located in the county. In this case, the nonprofit charter school responsible to administer the JJAEP must report the JJAEP as a discrete component of the nonprofit charter school in its AFR. Financial accounting records must provide a separate accounting for all transactions that are attributable to the JJAEP administered by the nonprofit charter school.

R 001–040 High School Campuses

The campus numbers are assigned to high school campuses for the nonprofit charter school in the [Texas School Directory](#).

R 041–100 Junior High or Middle School Campuses

The campus numbers are assigned to junior high or middle school campuses for the nonprofit charter school in the [Texas School Directory](#).

R 101–698 Elementary School Campuses

The campus numbers are assigned to elementary school campuses for the nonprofit charter school in the [Texas School Directory](#).

699 ORGANIZATION UNIT—SUMMER SCHOOL

R 699 Summer School Organization

Your nonprofit charter school must use this organization code for any summer school and intersession program that your nonprofit charter school provides.

700 ORGANIZATION UNITS—ADMINISTRATIVE

Your nonprofit charter school must use this organization code series for all expenditures related to function code 41, General Administration. Organization units 701 through 749 must be used only with function code 41.

Organization code 750 must be used only with function codes:

- 41, General Administration, and
- 53, Data Processing (for data processing costs that are related to the business functions of the nonprofit charter school).

Administrative personnel (principals, assistant principals, etc.) classified using function code 23, School Leadership, must be charged to the appropriate campus number, organization codes 001–698, or to 699, Summer School Organization.

R701 Organization Unit—Superintendent’s Office

Your nonprofit charter school must use this organization code for all expenditures related to the superintendent’s office (function code 41, General Administration, only).

R702 Organization Unit—School Board

Your nonprofit charter school must use this organization code for all expenditures related to the school board (function code 41, General Administration, only).

709–719 ORGANIZATION UNIT—DIRECT COSTS—LOCALLY DEFINED

These codes are used, at the option of your nonprofit charter school, to define administrative organizational units that are considered direct costs. For a definitions of direct costs, see the [ICRP Instruction Manual](#), in the Quick Links to Indirect Cost Rate documents on the [Indirect Cost Rates](#) webpage of the TEA website.

For **PEIMS**, these codes are converted to organization code 720.

R720 Organization Unit—Direct Costs Using Function Code 41, General Administration

This organization code is used for all expenditures related to direct costs not attributed to the superintendent, school board, or tax office organization units. For a definition of direct costs, see [Indirect Cost Rates](#).

726–749 ORGANIZATION UNIT—INDIRECT COSTS—LOCALLY DEFINED

Your nonprofit charter school has the option to use these codes to account for costs of administrative organizational units that are considered indirect costs when calculating indirect cost rates. For a definition of indirect costs, see [Indirect Cost Rates](#).

Note: For **PEIMS**, these codes are converted to organization code 750.

R 750 **Organization Units—Indirect Costs Using Function Code 41, General Administration (including Business Office, Personnel, Payroll, Human Resources, and Purchasing), and Function Code 53, Data Processing Services**

Use this organization code for all expenditures related to your nonprofit charter school’s costs attributed to business office, personnel, payroll, human resources, and purchasing using function code 41, General Administration.

These costs are considered indirect costs when calculating the indirect cost rates. Your nonprofit charter school may, at the local option, use codes 726–749 to account for these areas separately.

Data processing charges that relate to administrative applications and are classified using function code 53, Data Processing, should use this organization code as well. For more information on calculating indirect cost rates, see the *Indirect Cost Handbook*, which is attached to TEA rules.³⁷

800–997 **ORGANIZATION UNITS—LOCALLY DEFINED**

These organization units may be used, at the option of your nonprofit charter school, to provide further accountability for organization units.

Note: For **PEIMS**, these codes are converted to organization code 999.

R 998 **Unallocated Organization Unit**

This organization code may be used, at the option of your nonprofit charter school, for any costs that the nonprofit charter school does not wish to be allocated according to the formula developed by the TEA; that is, costs that should not be allocated to various campus organizations and program intents based upon instructional FTEs.

Those costs may be charged to a specific program intent; however, if they are charged to program intent code 99, Undistributed, they will not be allocated. *Since these costs will not be distributed to campus organizations or program intents, they will not be considered in monitoring compliance for indirect costs, maintenance of effort, and comparability requirements, unless charged to a specific Enhanced Program Intent Code.*

³⁷ [19 TAC §103.3003, Indirect Cost Rates.](#)

R999**Undistributed Organization Unit**

Use this organization code for any undistributed costs; that is, costs that are not a campus or summer school or an administrative unit under function code 41, General Administration.

3.6.3 Organization Codes No Longer in Use

The following table shows codes that may not be used by nonprofit charter schools.

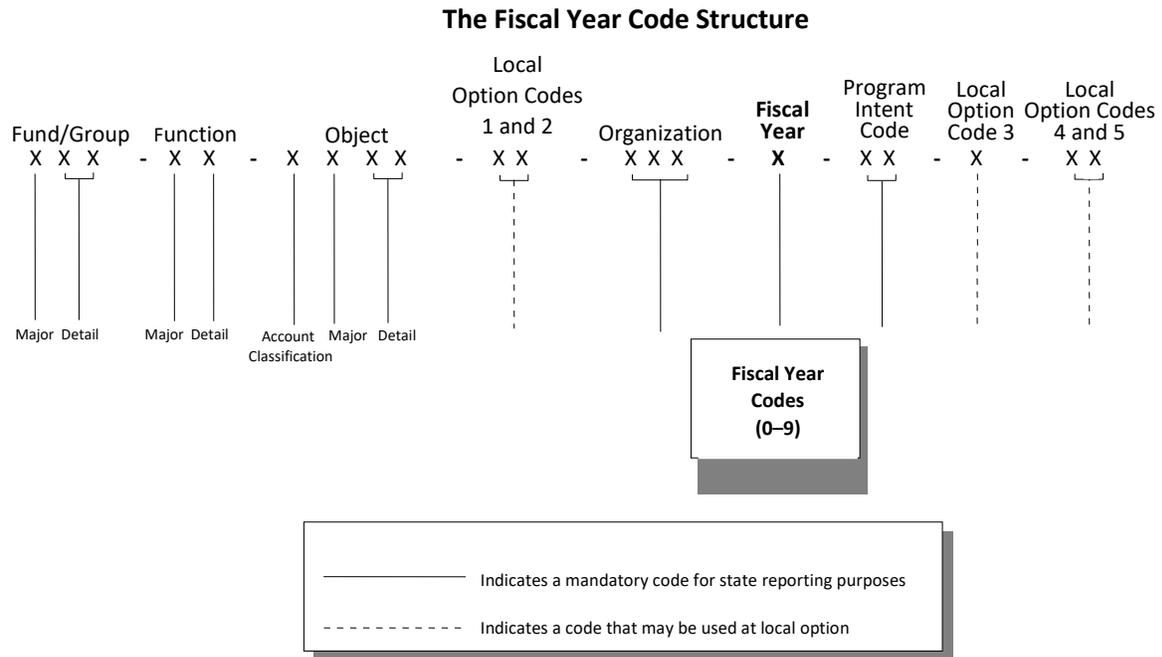

Category of Codes	Unavailable	Reserved for Future State Definition
Organization Codes		
		703–708
		721–725
		751–799

3.7 Fiscal Year Codes

The fiscal year code is a mandatory code for all nonprofit charter schools. For your nonprofit charter school’s fiscal year, the nonprofit charter school must use the last digit of the fiscal year (for example, the fiscal year that begins in 2014 and ends in 2015 [referred to as “fiscal year 2015”] is represented by a “5”).

Exhibit A.7.a illustrates the location of the fiscal year code in the accounting code structure.

Exhibit 3.7.a Fiscal Year Code Structure

The following are examples of fiscal year codes:

Code	Fiscal Year Beginning	Fiscal Year Ending	Code	Fiscal Year Beginning	Fiscal Year Ending
0	2009	2010	5	2014	2015
1	2010	2011	6	2015	2016
2	2011	2012	7	2016	2017
3	2012	2013	8	2017	2018
4	2013	2014	9	2018	2019

Determining the fiscal year code is different for certain locally funded or state-funded projects as opposed to federal- or state-grant-funded projects. Your nonprofit charter school must use the last digit of its current fiscal year as the fiscal year code for projects funded by local grants.

For federal- or state-grant-funded projects accounted for as special revenue funds, the fiscal year code corresponds with the second digit of the notice of grant award (NOGA) ID number.

For example, for a federal grant with NOGA ID number 146101XXXXXXXXXX, the fiscal year code is 4 for 2014, as identified in the second digit of the NOGA ID number. Your nonprofit charter school must use the same fiscal year code for the entire duration of the grant. For any unused amounts that roll forward to a subsequent grant, the nonprofit charter school must use the NOGA ID of the new grant to determine the fiscal year code.

Exhibit A.7.b illustrates how to determine a fiscal year code for a federal grant that covers more than one nonprofit charter school fiscal year. As shown in the graphic, grants A and B both start on July 1, 2013. Grant A lasts for one year, and Grant B lasts for two years. The NOGA for each grant has 4 as the second digit, and both grants are accounted for with fiscal year code 4.

Grant C begins on July 1, 2014, and lasts one year, ending on June 30, 2015; it uses fiscal year code 5, which is derived from the second digit of its NOGA.

The graphic also illustrates how grants that cover more than one nonprofit charter school fiscal year must be accounted for in the nonprofit charter school's annual financial and compliance report (AFR):

- Grant A begins July 1, 2013, and ends June 30, 2014 (a one-year grant). The start date is two months before the start of the nonprofit charter school's fiscal year, so the nonprofit charter school must account for
 - 2 months of the grant in its AFR for 2013 and
 - 10 months of the grant in its AFR for 2014.
- Grant B begins July 1, 2013, and ends June 30, 2015, (a two-year grant), so the nonprofit charter school must account for
 - 2 months of the grant in its AFR for 2013
 - 12 months of the grant in its AFR for 2014 and
 - 10 months of the grant in the AFR for 2015.
- Grant C begins July 1, 2014, and ends June 30, 2015, (a one-year grant), so the nonprofit charter school must account for:
 - 2 months of the grant in its AFR for 2014 and
 - 10 months of the grant in its AFR for 2015.

3.8 Program Intent Codes

Your nonprofit charter school must use program intent codes (PICs) to account for the cost of instruction and other services that are directed toward a particular need of a specific set of students. The intent (the instructional content and desired outcome toward which the instructional or other service is directed) determines the program intent code, not the demographic makeup of the students served. For state programs:

- state law may determine the intent and the permissible use of allotments and
- your nonprofit charter school must consider the limits on the amount of allotments that may be used for indirect costs.

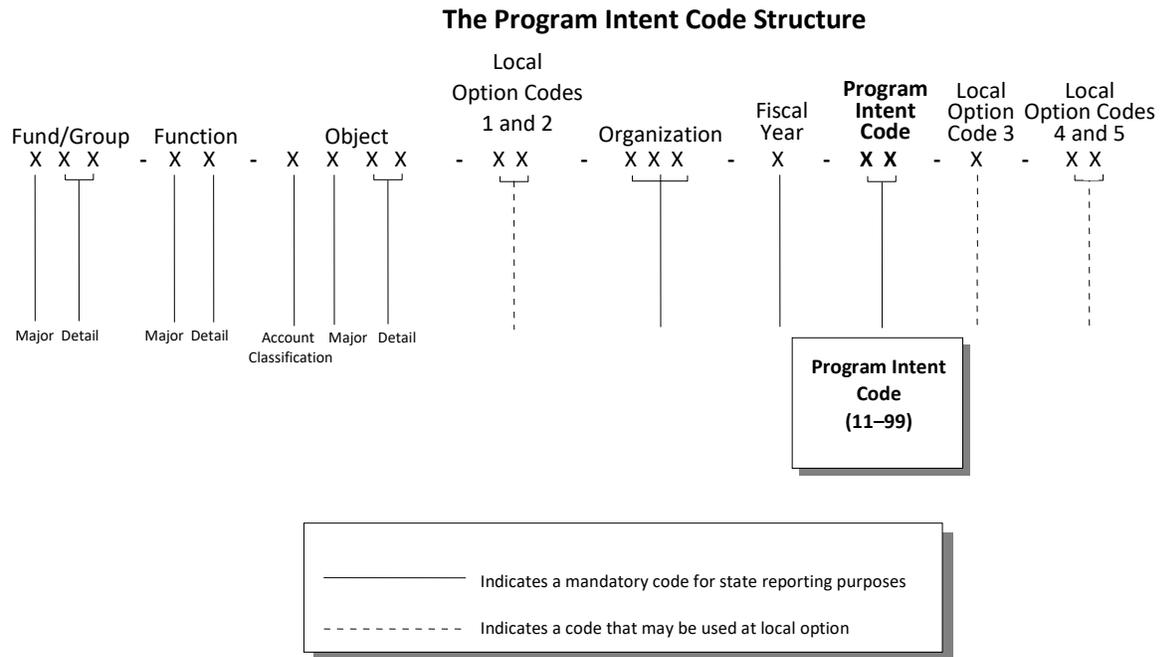

Your nonprofit charter school must use program intent codes in all functions in which a cost is *clearly attributable* to a specific program intent.

The **R** by a code indicates that the code is required for reporting purposes (PEIMS and/or Annual Financial and Compliance Report) if the code applies to your nonprofit charter school.

Your nonprofit charter school must monitor expenditures to ensure that the limit on indirect costs is observed and must take necessary steps to meet this requirement. For additional guidance in the areas of direct and indirect costs, your nonprofit charter school may consult the State Board of Education rules³⁸. TEA policy provides maximum flexibility to nonprofit charter schools by averaging costs up to three years. As the TEA reviews state special program expenditures, your nonprofit charter school will have the opportunity to address any issues that may arise. Your nonprofit charter school must consider the implications of some federal requirements (for example, maintenance of effort) when determining local policies on the minimum level of coding expenditures.

Exhibit 3.8 illustrates the position of the program intent codes in the accounting code system.

Exhibit 3.8 Program Intent Code Structure

³⁸ [19 Texas Administrative Code \(TAC\) §105.11, Maximum Allowable Indirect Cost](#)

The following table provides a summary of the program intent codes for quick reference.

Code No.	Name	Description
Basic Services		
11	Basic Education Services	Costs to provide basic instruction
26	Nondisciplinary Alternative Education Programs (AEP)—Basic Services	Costs for programs to serve students at risk of dropping out
28	Disciplinary Alternative Education Program (DAEP)—DAEP Basic Services	Costs for baseline program for students who are separated from the regular classroom for disciplinary reasons. Otherwise similar to PIC 26
Enhanced Services		
21	Gifted and Talented	Costs to assess students and provide instruction
22	Career and Technical	Costs to evaluate and prepare students for gainful employment and to provide advanced technical training, homemaking, apprenticeship, and job training
23	Services to Students with Disabilities (Special Education)	Costs of special education such as homebound, hospital class, speech therapy, resource room, self-contained classroom, residential care, etc.
24	Accelerated Instruction	Costs of supplemental education for students at risk of dropping out of school
25	Bilingual Education and Special Language Programs	Costs to help students transition to the English language for academic instruction
26	Nondisciplinary Alternative Education Programs (AEP)—Supplemental Services	Costs for programs to serve students, such as supervision, parental involvement, security, dyslexia, and accelerated reading instruction
29	Disciplinary Alternative Education Program—DAEP State Compensatory Education Supplemental Costs	Supplemental costs for PIC 28
30	Title I, Part A, School-Wide Activities Related to State Compensatory Education and Other Costs on Campuses with 40	For school-wide campuses with at least 40 percent economically disadvantaged students; costs for comprehensive school needs

	Percent or More Educationally Disadvantaged Students (“School-wide Campuses”)	assessments, school-wide reform strategies, other NCLB-allowed items
31	High School Allotment	Accounts for \$275 per high school student; amount is not paid separately to districts, but paid with Foundation School Program funds
32	Prekindergarten (Pre-K)	Costs to help Pre-K students develop skills needed for success in the public school curriculum
33	Prekindergarten (Pre-K) – Special Education	For costs incurred to evaluate, place and provide educational and/or other services to Pre-K students that require special education services.
34	Prekindergarten (Pre-K) – Compensatory Education	For costs incurred to provide compensatory education to Pre-K students based on strategies outlined in the district’s campus and/or district improvement plan(s). Compensatory education costs are supplemental costs that are in addition to the basic instruction services that the district is required provide.
35	Prekindergarten (Pre-K) – Bilingual Education	Costs incurred to evaluate, place and provide educational and/or other services for limited English proficiency (LEP) Pre-K students to increase proficiency in the English language.
71–89	Reserved for use by Education Service Centers	Costs for bus driver training and driver education provided by education service centers
Other Services		
91	Athletics and Related Activities	Costs for participation in competitive athletic activities and certain support activities not including band
99	Undistributed	Costs not easily identified with other codes used here, such as certain substitute teachers, teacher on-behalf payments, salaries for band, etc.

3.8.1 Program Intent Codes—Basic Services and Enhanced Services

Basic services refers to services in which basic instruction (curriculum available to all students) is provided; these services use program intent codes such as the following:

- 11, Basic Educational Services
- 26, Nondisciplinary Alternative Education Programs (AEP)
- 28, Disciplinary Alternative Education Program (DAEP)—DAEP Basic Services

Enhanced services are services to students who receive more than basic services, such as special education, bilingual/ESL instruction, or gifted and talented education.

Refer to [Appendix B](#) for guidance on program intent accounting.

3.8.2 Program Intent Code—Athletics and Related Activities

The program intent code 91, Athletics and Related Activities, is required for payroll costs that use:

- function code 36, Extracurricular Activities; and
- other function codes attributable to athletics and related activities.

But there are exceptions: the following expenditure object codes use program intent code 99:

- 6112, Salaries or Wages for Substitute Teachers and Other Professionals
- 6144, Teacher Retirement or TRS Care—On-Behalf Payments

3.8.3 Program Intent Codes—Undistributed

In some cases, your nonprofit charter school may have to allocate costs among several program intent codes. But the costs should be allocated only when, in the judgment of your nonprofit charter school's management, the effect would be immaterial to the financial records of either an individual transaction or the total amount of a certain type of transaction.

In some cases, costs may not be clearly attributable (or not attributable in a cost-effective manner) to specific programs but may be overhead and administrative costs shared by several or all programs. If your nonprofit charter school elects not to allocate costs to basic or enhanced program intent codes or the athletics and related activities program intent code, the nonprofit charter school must use program intent code 99, Undistributed.

3.8.4 Program Intent Codes—Compliance Monitoring

The TEA provides software in [PEIMS](#) containing a formula to allocate costs recorded in program intent code 99, Undistributed, according to instructional FTEs (as reported in [PEIMS](#)) assigned to program intent codes for basic and enhanced services. The formula-based allocation is used for state and federal compliance monitoring purposes, such as monitoring indirect costs and maintenance of effort.

The TEA uses allocated cost information in [PEIMS](#) to monitor compliance with indirect cost requirements. This information includes costs assigned to specific program intent codes and costs

that are allocated by the formula to specific program intent codes for functions specified in State Board of Education rules³⁹ relating to indirect costs.

The allocation process uses a report template and does not change transaction information within the general ledger system. The allocation process uses payroll and staff data for instructional FTEs, as recorded under function code 11, Instruction, as a basis to allocate costs. Accordingly, full use of specific program intent codes in function code 11 is essential for the optimum functionality of the allocation process.

Shared services arrangements cost information, which is submitted on a special PEIMS record, is also included in the compliance monitoring calculations. The total costs that will be considered for compliance monitoring purposes are represented by the following formula.

$$\begin{array}{l}
 \text{Expenses coded} \\
 \text{by the nonprofit} \\
 \text{charter school} \\
 \text{to specific PICs}
 \end{array}
 +
 \begin{array}{l}
 \text{Allocations of} \\
 \text{expenses to PICs from} \\
 \text{the Undistributed PIC} \\
 \text{(99) based upon} \\
 \text{instructional FTEs}
 \end{array}
 =
 \begin{array}{l}
 \text{Total expenses used for} \\
 \text{monitoring purposes,} \\
 \text{such as maintenance of} \\
 \text{effort, and compliance} \\
 \text{with State Board of} \\
 \text{Education rules on} \\
 \text{indirect costs}
 \end{array}$$

1X

BASIC SERVICES

R11

Basic Educational Services

This code is used for the costs incurred to provide the basic services for education or instruction to students in grades prekindergarten (Pre-K)–12 prescribed by state law as well as adult basic and secondary education services.

Basic services is defined as the instruction provided for students who do not need special services, such as special education, bilingual/ESL, or accelerated instruction. Costs for basic educational services include the costs to evaluate, place, and provide educational services to students in honors, college preparatory, and advanced placement courses.

Program Intent Code 11 Costs to Include:	Program Intent Code 11 Costs to Exclude (with Correct Program Intent Code):
Costs incurred related to:	Costs incurred related to:

³⁹ [19 TAC §105.11. Maximum Allowable Indirect Cost](#)

Program Intent Code 11 Costs to Include:	Program Intent Code 11 Costs to Exclude (with Correct Program Intent Code):
<ul style="list-style-type: none"> • Basic services for education or instruction (Pre-K–12) prescribed by Texas law, including a regular education program for limited English proficiency students • Pre-K funded from basic education allotment during one-half of full-day program • District or campus improvement plan • Honors and college preparatory courses • Advanced placement courses not designated as part of a gifted and talented program • Adult basic and secondary education services • Section 504 students • Physical education (P.E.) classes when athletic activities take place, but P.E. or P.E. equivalent credit is issued • Foreign language courses • TEKS for foundation curriculum and electives in enrichment curriculum as needed for high school graduation • Day care • In-school suspension programs • Parenting classes • Services for an elective AEP for students not at risk of dropping out of school 	<ul style="list-style-type: none"> • Gifted and talented services (PIC 21) • Advanced placement services designated as part of a gifted and talented program (PIC 21) • Additional salaries and related expenditures or expenses associated with band, UIL speech, debate, science competition, class sponsors, student organizations, social clubs, (for example, NHS, Beta Club, Letterman’s Club) (PIC 99) • Additional salaries and related expenditures or expenses associated with serving as coaches, athletic directors, drill team sponsors, cheerleader sponsors, pep squad sponsors, or other organized activity to support athletics (for example, additional days employed, reduction of class load, length of day, etc.) (PIC 91) • Basic services for DAEPs (PIC 28) • Services for alternative education programs (nondisciplinary) that do not represent costs for providing services to students at risk of dropping out of school, as defined under the TEC, §29.081 (PIC 31) • Costs for nondisciplinary alternative education programs (PIC 26) • AEP costs (Basic and Supplemental)

Program Intent Code 11 Costs to Include:	Program Intent Code 11 Costs to Exclude (with Correct Program Intent Code):
	<ul style="list-style-type: none"> • SCE costs incurred in support of Title I, Part A, school-wide campuses with 40% or greater educationally disadvantaged students (PIC 30) • SCE costs incurred to provide supplemental services in support of a Title I, Part A, targeted assistance program. (PIC 24) • Title I, Part A services

2X

ENHANCED SERVICES

Enhanced services are services to students who receive more than basic services, such as special education, bilingual/ESL instruction, or gifted and talented education.

R21

Gifted and Talented

The costs incurred to assess students for program placement and provide instructional services (which are guided by the [state plan](#)) that are beyond the basic educational program and that are designed to meet the needs of students in gifted and talented programs.

Program Intent Code 21 Costs to Include:	Program Intent Code 21 Costs to Exclude (with Correct Program Intent Code):
<p>Costs incurred related to:</p> <ul style="list-style-type: none"> • Gifted and talented programs • Advanced placement courses designated as part of a gifted and talented program 	<p>Costs incurred related to:</p> <ul style="list-style-type: none"> • Honors, college preparatory courses (PIC 11) • Advanced placement courses not designated as part of a gifted and talented program (PIC 11) • Summer camps, summer schools, field trips or other summer enrichment programs (PIC 11) • All DAEP-related activities (PIC 28 and 29)

R22**Career and Technical**

This code is used for the costs incurred to evaluate and place students and to provide educational and/or other services to prepare students for gainful employment, advanced technical training, or homemaking. This may include apprenticeship and job training activities.

Program Intent Code 22 Costs to Include:	Program Intent Code 22 Costs to Exclude (with Correct Program Intent Code):
<p>Costs incurred related to:</p> <ul style="list-style-type: none"> • Career and technical for persons with disabilities (CTED) • Employment preparation services • Apprenticeship and job training activities • All career and technical courses (grades 9–12 and CTED for grades 7–8) • Career and technical supervisor or director • Career and technical counselors • Programs that follow the State Plan for Career and Technical Education 	<p>Costs incurred relating to:</p> <ul style="list-style-type: none"> • Vocational adjustment classes (VAC) (PIC 23) • Quasi-vocational classes in middle school and junior high (PIC 11) • Career and technical courses that do not meet the state guidelines (PIC 11) • All DAEP-related activities (PICs 28 and 29)

R23**Services to Students with Disabilities (Special Education)**

This code is used for the costs incurred to evaluate and place students and to provide educational or other services to students who have Individualized Educational Plans (IEP) approved by Admission, Review, and Dismissal (ARD) committees. These plans are based on students' disabilities and learning needs.

Program Intent Code 23 Costs to Include:	Program Intent Code 23 Costs to Exclude (with Correct Program Intent Code):

R24

Accelerated Instruction—Supplemental Services

Accelerated instruction seeks to reduce the disparity between students at risk of dropping out of school and all other district students in:

- performance on assessment instruments administered under statutory requirements,⁴⁰ or
- rates of high school completion.

State Compensatory Education (SCE) expenditures are attributable to program intent code 24, Accelerated Instruction, only when:

- the expenditures are supplemental to the basic, or regular, education program;
- students served meet statutory at-risk criteria;⁴¹ and
- services are specifically designed to enable at-risk students to be performing at grade level at the end of the next regular school term.

All services must be described in the campus or district improvement plan and comply with statutory requirements⁴² to:

- evaluate the program’s effectiveness and
- hold an annual public hearing to consider the program evaluation results.

Program Intent Code 24 Costs to Include:	Program Intent Code 24 Costs to Exclude (with Correct Program Intent Code):

R 26

Nondisciplinary Alternative Education Programs—Basic and Supplemental Services

SCE costs may be incurred to provide basic and supplemental services to students who:

- meet the statutory criteria for being at risk of dropping out of school⁴⁷ and
- are separated from the regular classroom into a nondisciplinary alternative education program (AEP).

An AEP may include a private or public community-based dropout recovery education program that provides alternative education programs for students at risk of dropping out of school.

SCE expenditures are attributable to the program intent code 26, Nondisciplinary AEP Programs, only when students served meet statutory criteria.⁴⁸

⁴⁷ [TEC, §29.081, Compensatory, Intensive, and Accelerated Instruction](#)

⁴⁸ [TEC, §29.081, Compensatory, Intensive, and Accelerated Instruction](#)

All services must be described in the campus or district improvement plan and comply with statutory requirements⁴⁹ to:

- evaluate the program’s effectiveness and
- hold an annual public hearing to consider the program evaluation results.

Title I, Part A, School-Wide Activities Related to State Compensatory Education and Other Costs on Campuses with 40 Percent or More Educationally Disadvantaged Students (“School-wide Campuses”)

Your district may incur SCE costs to support supplemental programs provided by federal funds at a designated Title I, Part A, school-wide campus. To determine your campus’s poverty percentage, use the same auditable poverty data as that used for Title I, Part A in the NCLB Consolidated Application for Federal Funding. All SCE services must be described in the campus or district improvement plan.

SCE funds must be part of the campus budget, and all SCE expenditures must track back to the SCE fund code. School-wide campuses must continue to receive state and local funds for conducting the regular, or basic, education program. SCE expenditures must enhance, or supplement, the basic educational program and must support programs that are eligible under Title I, Part A (P.L. 103-382 as amended).

In addition, SCE expenditures must support the intent and purpose of the SCE program, which is to reduce the disparity between students at risk of dropping out of school and all other district students in:

- performance on assessment instruments administered under the TEC, Chapter 39, Subchapter B, or
- rates of high school completion.

Program Intent Code 30 Costs to Include:	Program Intent Code 30 Costs to Exclude (with Correct Program Intent Code):
<p>Basic or supplemental SCE expenditures related to:</p> <ul style="list-style-type: none"> • A comprehensive needs assessment of the entire school, including the needs of any migratory children in attendance. ℞31

High School Allotment

Your nonprofit charter school must use this program intent code to account for the \$275 high school allotment for each high school student used to:

- prepare students to go on to higher education,
- encourage students to take advanced academic course work,
- increase the rigor of academic course work,
- align secondary and postsecondary curriculum, and
- support promising high school completion and success initiatives in grades 6 through 12.

If your district meets certain college readiness and completion rate standards, there are fewer restrictions on how the funds are spent.⁶⁷

This amount is not paid separately, but is combined with other Foundation School Program funds. The breakdown of the amount is provided on the Summary of Finance for journal entry purposes.

For rules on high school allotment, see [19 TAC Chapter 61, Commissioner's Rules Concerning High School Allotment](#).

⁶⁷ [TEC, §39.234, Use of High School Allotment](#)

R32

Prekindergarten (Pre-K)

Your nonprofit charter school must use this program intent code to account for expenses made to help prekindergarten students develop skills necessary for success in the regular public school curriculum, including language, mathematics, and social and school readiness skills⁶⁸ that are aligned with the [Texas Prekindergarten Guidelines](#).

This code is used with any funds for which there are specifically identifiable prekindergarten funds.

Pre-K Basic services is defined as the instruction provided for students ages below 5 who do not need special services, such as special education, bilingual/ESL, or accelerated instruction.

The types of expenses to be recorded using this code include payroll costs, professional and contracted services, supplies and materials, other operating expenses, certification costs, and capital outlay directly related to prekindergarten basic services.

Program Intent Code 32 Costs to Include:	Program Intent Code 32 Costs to Exclude (with Correct Program Intent Code):
<p>Costs incurred related to:</p> <ul style="list-style-type: none">• Basic services for education or instruction (Pre-K) prescribed by Texas law (ages below 5)• Pre-K funded from basic education allotment during one-half of full-day program (ages below 5)• Pre-K funded from High Quality Pre-K Grant (ages below 5)	<p>Costs incurred related to:</p> <ul style="list-style-type: none">• Basic and supplemental services at AEPs and DAEPs (PICs 26, 28, and 29)• Supplemental services in support of Title I, Part A, targeted assistance programs (PIC 24)• SCE supplemental services provided on campuses that are <i>not</i> Title 1, Part A school-wide or targeted assistance, AEP, or DAEP campuses (PIC 24)• Services to Prekindergarten (Pre-K) Students – Special Education (ages below 5) (PIC 33)

71–89 Reserved for use by Education Service Centers

This group of program intent codes is reserved for use by education service centers to provide special accountability in areas such as bus driver training and driver education. These codes must not be used by nonprofit charter schools.

Program Intent Code 71–89 Costs to Include:	Program Intent Code 71–89 Costs to Exclude (with Correct Program Intent Code):
<p>Costs incurred related to:</p> <ul style="list-style-type: none"> • Bus driver training and driver education provided by education service centers • Other services as designated by education service centers 	<p>Costs incurred related to:</p> <ul style="list-style-type: none"> • Services not provided by educational service centers

90–99 OTHER SERVICES

For information about requirements to use program intent code 91 for certain payroll costs, see [Program Intent Code—Athletics and Related Activities](#).

R91**Athletics and Related Activities**

This code is used for the costs incurred to provide for participation in competitive athletic activities such as football, basketball, golf, swimming, wrestling, gymnastics, baseball, tennis, track, volleyball, etc. This includes costs associated with coaching as well as sponsors for drill team, cheerleaders, pep squad, or any other organized activity to support athletics. However, this does not include band.

Program Intent Code 91 Costs to Include:	Program Intent Code 91 Costs to Exclude (with Correct Program Intent Code):
<p>Costs incurred related to:</p> <ul style="list-style-type: none"> • Payroll costs, (Exceptions: Object codes 6144, Teacher Retirement, or TRS Care—On-Behalf Payments; and 6112, Salaries or Wages for Substitute Teachers and Other Professionals) • Object codes 61XX (Exceptions: for object codes 6112 and 6144, use program intent code 99) • Additional salaries associated with serving as coaches, athletic directors, drill team sponsors, cheerleader sponsors, pep squad sponsors, or other organized activity to support athletics (for example, additional days employed, reduction of class load, length of day, etc.) 	<p>Costs incurred related to:</p> <ul style="list-style-type: none"> • Additional salaries and related expenditures or expenses associated with band, UIL speech, debate, science competition, class sponsors, student organizations, social clubs (such as NHS or Beta Club) (PIC 99)

R99**Undistributed**

All charges that are not readily distributed to program intent codes are classified using program intent code 99. Your nonprofit charter school may use this code when recording substitute teachers and on-behalf teacher retirement payments in all function codes. This code may be used for costs not clearly attributable to a specific program intent.

Program Intent Code 99 Costs to Include:	Program Intent Code 99 Costs to Exclude (with Correct Program Intent Code):
<p>Costs incurred related to:</p> <ul style="list-style-type: none"> • Substitute teachers (if not allocated to specific PICs) • Teacher retirement on-behalf payment (if not allocated to specific PICs) • Additional salaries and related expenses associated with band, UIL speech, debate, science competition, class sponsors, student organizations, social clubs (such as NHS or Beta Club) 	<p>Costs incurred related to:</p> <ul style="list-style-type: none"> • Additional salaries associated with serving as coaches, athletic directors, drill team sponsors, cheerleader sponsors, pep squad sponsors, or other organized activities to support athletics (such as additional days employed, reduction of class load, length of day, etc.) (PIC 91)

3.8.5 Unavailable or Reserved Program Intent Codes

The following table lists codes that are unavailable or reserved for future state definition. When a code is no longer being used, it is placed in “unavailable” status for 10 years to prevent its being used with two different meanings. After it has been unavailable for 10 years, its status is changed to “reserved for future state definition,” which means that it may be assigned to a new use as the need arises.

Category of Funds	Unavailable	Reserved for Future State Definition
Program Intent Codes		37 – 39, 41 – 49, 54 – 59, 63–69

Appendix B: Account Code Matrixes and Accounting Spreadsheets

B-1.0 Account Code Matrixes

The matrixes provide additional guidance concerning the use of the standard account code system in the *Financial Accounting System Resource Guide (FASRG)* and the predominant coding relationships between account code categories, such as fund codes, program intent codes, and organization codes.

[\(Excel\)](#) [\(pdf\)](#)

Appendix C: Example Accounting Entries

C.1.2 Operating Transfers

The following are examples of operating transfers:

- Transfer of funds by the General Fund to an Enterprise Fund as part of an operating subsidy.
- Transfer of funds from a Special Revenue Fund or the General Fund to a Debt Service Fund to support principal interest payments.
- Transfer from an Enterprise Fund to the General Fund in order to finance general governmental expenditures.

Operating transfers must be treated consistently by all funds involved in the transfers. At the end of the period, the total amount of operating transfers out should equal the amount of operating transfers in for the governmental reporting entity.

For example, a \$100,000 operating transfer from the General Fund to the Capital Projects Fund would be recorded as follows:

A. Record an operating transfer between funds.

Account	Debit	Credit
Operating Transfers Out		
199-00-8911-00-999-Y-99-0-00	\$100,000	
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00		\$100,000
Cash and Temporary Investments		
699-00-1110-00-000-Y-00-0-00	\$100,000	
Operating Transfers In		
699-00-7915-00-000-Y-00-0-00		\$100,000

C.1.3 Reimbursements

Assume that an expenditure of \$1,000 for instructional general supplies is recorded in the General Fund (199). Subsequent review of purchase orders and the invoice indicate that \$400 of these supplies were applicable to the ESEA, Title I, Part A - Improving Basic Programs program in the Special Revenue Fund (211). The following entries are required to reimburse the General Fund and to appropriately charge expenditures to the Special Revenue Fund:

- A. Reimburse the General Fund for Special Revenue Fund - ESEA Title I, Part A - Improving Basic Programs, general supplies, P. O. #01003, invoice date 9/10/20XX.

Account	Debit	Credit
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00	\$400	
Expenditures - General Supplies		
199-11-6399-00-101-Y-24-0-00		\$400

- B. Record expenditures for general supplies, P. O. #01003, invoice date 9/10/20XX.

Account	Debit	Credit
Expenditures - General Supplies		
211-11-6399-00-101-Y-24-0-00	\$400	
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00		\$400

C.1.4 Interfund Loans

Assume that the ESEA Title I, Part A - Improving Basic Programs program has not been advanced adequate funds for its immediate operations, and funds are forthcoming from the federal government. Expenditures of \$5,000 have been made for the program, and an interfund loan from the General Fund is made to allow payment of incurred expenditures. The following entries are made to record the interfund loan and its subsequent repayment:

- A. Record interfund loan from the General Fund to the ESEA Title I, Part A - Improving Basic Programs Fund.

Account	Debit	Credit
Due from Special Revenue Fund		
199-00-1262-00-000-Y-00-0-00	\$5,000	
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00		\$5,000

- B. Record interfund loan from General Fund to the ESEA Title I, Part A - Improving Basic Programs Fund.

Account	Debit	Credit
Cash and Temporary Investments		

211-00-1110-00-000-Y-00-0-00	\$5,000	
Due to General Fund		
211-00-2171-00-000-Y-00-0-00		\$5,000

C. Repay interfund loan to General Fund.

Account	Debit	Credit
Due to General Fund		
211-00-2171-00-000-Y-00-0-00	\$5,000	
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00		\$5,000

D. Record payment of interfund loan by fund 211.

Account	Debit	Credit
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00	\$5,000	
Due from Special Revenue Fund		
199-00-1262-00-000-Y-00-0-00		\$5,000

C.1.5 Interfund Loans – Education Service Center Setting

Assume that an Education Service Center (ESC) operates a print shop which provides printing services to all the departments/offices in the ESC. The print shop operations are accounted for in an Internal Service Fund. During the year, charges to departments/offices are based on a rate structure which considered cost per unit sufficient to maintain a break- even reimbursement basis for the ESC. The following departments/offices had charges for the month of December:

Function	Department	Amount
12	Media Services	\$450
13	Curriculum Assistance	625
53	Computer Services	100
34	Bus Driver Training	75

11	Migrant Education (federally funded)	175
		\$1,425

A. Record print charges to other funds in the Print Shop Internal Service Fund assuming charges are not immediately settled in cash.

Account	Debit	Credit
Due from General Fund		
752-00-1261-00-000-Y-00-0-00	\$1,250	
Due from Special Revenue Fund		
752-00-1262-00-000-Y-00-0-00	\$175	
Revenues - Interfund service provided and used		
752-00-5754-00-000-Y-00-0-00		\$1425

B. Record amount charged for printing services to the General Fund and Special Revenue Funds by the Print Shop Internal Service Fund. As noted above, assume the charges are not immediately settled in cash.

Account	Debit	Credit
Expenditures - General Supplies		
102-12-6399-00-XXX-Y-99-0-00	\$450	
102-13-6399-00-XXX-Y-99-0-00	\$625	
102-53-6399-00-XXX-Y-99-0-00	\$100	
Due to Internal Service Fund		
102-00-2176-00-000-Y-00-0-00		\$1175
Expenditures - General Supplies		
199-34-6399-00-XXX-Y-99-0-00	\$ 75	
Due to Internal Service Fund		
199-00-2176-00-000-Y-00-0-00		\$75

Account	Debit	Credit
Expenditures - General Supplies		
212-11-6399-00-XXX-Y-24-0-00	\$175	
Due to Internal Service Fund		
212-00-2176-00-000-Y-00-0-00		\$175

C.2 Accounting for Accounts Payable and Cash Disbursements

The use of accrual accounting by definition requires the recording of expenditures and liabilities in the accounting period in which they are incurred. Ordinarily, an expenditure and a liability are considered to be incurred upon receipt of a commodity or performance of a service, within the terms of a purchase order or contract. The recording of such an expenditure is made without regard to cash disbursements as shown below.

- A. When invoices and goods are received, or service is performed, record the invoice and the liability. For this illustration, general supplies of \$1,000 were purchased for the athletic teams in high school (75% of total) and the middle school (25% of total).

Account	Debit	Credit
Expenditures - General Supplies		
199-36-6399-00-001-Y-91-0-00	\$750	
Expenditures - General Supplies		
199-36-6399-00-041-Y-91-0-00	\$250	
Accounts Payable		
199-00-2110-00-000-Y-00-0-00		\$1,000

- B. When cash is disbursed to reduce a liability, the following entry is made:

Account	Debit	Credit
Accounts Payable		
199-00-2110-00-000-Y-00-0-00	\$1,000	
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00		\$1,000

C.3 Accounting for Federal Grants

C.3.1 Federally-Financed Grant Funded Through TEA, Example 1

The school district is approved to operate a federally-financed grant funded through TEA. For purposes of this illustration, the approved indirect cost rate is 2% and the grant does not have expenditures budgeted for stipends, food, debt service, tuition for higher education, or capital outlay, thus

the indirect cost rate is applicable to all budgeted expenditures. Also, this illustration is intended to show examples of accounting for a grant that is partly financed by advances and partly financed by reimbursement.

- A. The total grant of \$102,000 is for the twelve-month project period beginning July 1, 201X and ending June 30, 201Y. Indirect cost is budgeted in the General Fund and the remainder of the grant is budgeted in the Special Revenue Fund (ESEA Title I, Part A - Improving Basic Programs).

1. Record the project budget in the Special Revenue Fund.

Account	Debit	Credit
Estimated Revenues - Federal Revenues		
Distributed by TEA (ESEA Title I, Part A)		
211-00-5929-00-000-Y-00-0-00	\$102,000	
Estimated Revenues - Federal Revenues		
Distributed by TEA (ESEA Title I, Part A - Indirect Cost)		
211-00-5929-01-000-Y-00-0-00		\$2,000
Appropriations		
211-XX-(61XX-64XX)-00-XXX-Y-24-0-00		\$100,000

- B. The project is advanced \$25,000 by TEA. This money has not been earned and is not revenue. Since indirect cost is based on applicable budgeted expenditures, any amount due to the General Fund cannot be determined at this time.

2. Record receipt of cash advance from TEA.

Account	Debit	Credit
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00	\$25,000	
Deferred Inflow of Resources (Revenue)		
211-00-2310-00-000-Y-00-0-00		\$25,000

- C. The first quarterly report is issued showing total expenditures of \$26,000; the cash advance plus \$1,000 of district funds that are to be reimbursed to the school district were used during the period for the project. Indirect cost was earned on the basis of the expenditures, and is credited as revenue to the General Fund. Cash was disbursed at various times to retire project liabilities.

3. Record project expenditures and revenues.

Account	Debit	Credit
Expenditures		
211-XX-(61XX-64XX)-00-XXX-Y-24-0-00	\$26,000	
Deferred Inflow of Resources (Revenue)		
211-00-2310-00-000-Y-00-0-00	\$25,000	
Due from TEA		
211-00-1241-00-000-Y-00-0-00	\$1,520	
Account Payable		
211-00-2110-00-000-Y-00-0-00		\$26,000
Revenues - Federal Revenues Distributed by TEA (ESEA Title I, Part A)		
211-00-5929-00-000-Y-00-0-00		\$26,520

4. To record indirect cost revenue.

Account	Debit	Credit
Revenues - Federal Revenues Distributed by TEA (ESEA Title I, Part A)		
211-00-5929-01-000-Y-00-0-00	\$520	
Due to General Fund		
199-00-2171-00-000-Y-00-0-00		\$520
Due from Special Revenue Fund		
199-00-1262-00-000-Y-00-0-00	\$520	
Revenues - Federal Revenues Distributed by TEA (ESEA Title I, Part A)		
199-00-5929-00-000-Y-00-0-00		\$520

5. Record payment of project liabilities.

Account	Debit	Credit
Accounts Payable		

211-00-2110-00-000-Y-00-0-00	\$26,000	
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00		\$26,000

- D. On the basis of the first quarterly report, a warrant in the amount of \$27,920 is received from TEA, reimbursing the school district for \$1,520 in earned revenue and advancing \$26,400 for project use during the second quarter.

6. Record receipt of revenue and cash advance from TEA.

Account	Debit	Credit
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00	\$27,400	
Due to General Fund		
211-00-2171-00-000-Y-00-0-00	\$520	
Due from TEA		
211-00-1241-00-000-Y-00-0-00		\$1,520
Deferred Inflow of Resources (Revenue)		
211-00-2310-00-000-Y-00-0-00		\$26,400
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00	\$520	
Due from Special Revenue Fund		
199-00-1262-00-000-Y-00-0-00		\$520

- E. The second quarterly report is issued showing total expenditures of \$21,000 which is \$5,400 less than the amount advanced for the second quarter. Indirect cost of \$420, based on the amount of expenditures, is credited as revenue to the General Fund, further reducing deferred inflow of resources (revenues) to \$4,980. Cash was disbursed at various times to retire project liabilities.

7. Record project expenditures and revenues.

Account	Debit	Credit
Expenditures		
211-XX-(61XX-64XX)-00-XXX-Y-24-0-00	\$21,000	
Deferred Inflow of Resources (Revenue)		
211-00-2310-00-000-Y-00-0-00	\$21,420	
Accounts Payable		
211-00-2110-00-000-Y-00-0-00		\$21,000

Revenues - Federal Revenues Distributed by TEA		
(ESEA Title I, Part A)		
211-00-5929-00-000-Y-00-0-00		\$21,000
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00		\$420
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00	\$420	
Revenues - Federal Revenues Distributed by TEA		
(ESEA Title I, Part A)		
199-00-5929-00-000-Y-00-0-00		\$420

8. Record retirement of project liabilities

Account	Debit	Credit
Accounts Payable		
211-00-2110-00-000-Y-00-0-00	\$21,000	
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00		\$21,000

- F. On the basis of the second quarterly report, a warrant is received from TEA advancing \$18,700 for project use during the third quarter.

9. Record receipt of cash advance from TEA.

Account	Debit	Credit
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00	\$18,700	
Deferred Inflow of Resources (Revenue)		
211-00-2310-00-000-Y-00-0-00		\$18,700

- G. The third quarterly report is issued showing total expenditures of \$18,000 which is \$5,680 less than deferred inflow of resources (revenues) during previous quarters. Indirect cost of \$360, based on the amount of expenditures, is credited as revenue to the General Fund, further reducing unavailable/deferred inflows of resources (revenues) to \$5,320. Cash was disbursed at various times to retire project liabilities. No additional cash advances are to be made by TEA for this project.

10. Record project expenditures and revenues.

Account	Debit	Credit
Expenditures		
211-XX-(61XX-64XX)-00-XXX-Y-24-0-00	\$18,000	

Deferred Inflow of Resources (Revenue)		
211-00-2310-00-000-Y-00-0-00	\$18,360	
Accounts Payable		
211-00-2110-00-000-Y-00-0-00		\$18,000
Revenues - Federal Revenues Distributed by TEA (ESEA Title I Part A)		
211-00-5929-00-000-Y-00-0-00		\$18,000
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00		\$360
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00	\$360	
Revenues - Federal Revenues Distributed by TEA (ESEA, Title I, Part A)		
199-00-5929-00-000-Y-00-0-00		\$360

11. Record retirement of project liabilities.

Account	Debit	Credit
Accounts Payable		
211-00-2110-00-000-Y-00-0-00	\$18,000	
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00		\$18,000

- H. The final completion report is issued showing total expenditures of \$20,000 for the fourth quarter and indirect cost revenue earned of \$400. Since expenditures and indirect cost exceed revenues deferred from previous quarters by \$15,080, a receivable from TEA is recorded. Cash was disbursed at various times to retire project liabilities.

12. Record project expenditures, revenues, and receivables.

Account	Debit	Credit
Expenditures		
211-XX-(61XX-64XX)-00-XXX-Y-24-0-00	\$20,000	
Deferred Inflow of Resources (Revenue)		
211-00-2310-00-000-Y-00-0-00	\$5,320	
Due from TEA		

211-00-1241-00-000-Y-00-0-00	\$15,080	
Accounts Payable		
211-00-2110-00-000-Y-00-0-00		\$20,000
Revenues - Federal Revenues Distributed by TEA (ESEA Title I, Part A)		
211-00-5929-00-000-Y-00-0-00		\$20,000
Due to General Fund		
211-00-2171-00-000-Y-00-0-00		\$400

211-00-(61XX-64XX)-00-XXX-Y-24-0-00		\$85,000

C.3.2 Closing a Federally-Financed Grant Funded Through TEA

The purpose of this example is to show the entries necessary to close a federally-funded project where the school district has a liability to the granting agency as a result of cash advances exceeding earned revenue. The project illustrated in this example is the same project as previously illustrated, except that a grant total of \$86,000 was advanced, exceeding total revenues earned by \$1,000.

- A. The final completion report is issued showing total expenditures of \$20,000 for the fourth quarter and indirect cost revenue earned of \$400. Since expenditures and indirect cost are \$1,000 less than revenues deferred, a payable to TEA is recorded.

1. Record project expenditures, revenues and payables.

Account	Debit	Credit
Deferred Inflows of Resources (Revenue)		
211-00-2310-00-000-Y-00-0-00	\$21,400

Expenditures		
211-00-(61XX-64XX)-00-XXX-Y-24-0-00		\$85,000

C.3.3 Accounting for E-Rate Discount

E-Rate is a discount (usually fairly large) available to schools and libraries for telecommunications services, Internet access, and internal wiring to connect classrooms to the Internet. The school district is either billed at the discounted rate or reimbursed by the vendor or Federal Communications Commission (FCC) after paying the full rate. There are inconsistencies nationally among school districts due to differences based on the reimbursement vs. discount treatment. The National Center for Education Statistics (NCES) recommends netting the discount against the expenditure if the amounts occur in the same fiscal year. The purpose of this example is to show the entries necessary to record a federally-funded project where the school district has recorded the expenditure at the discounted rate, using a locally-defined contra-account. If the district paid the full \$20,000 initially and received a reimbursement in the following year, the reimbursement would be credited to a revenue account.

289-00-1110-00-000-Y-00-0-00		\$16,000

C.4 Accounting for Gifts and Bequests

You school district, as a governmental entity, may receive private donations from individuals, firms, philanthropic social or service groups, associations, societies, etc. These gifts or bequests may be in the form of cash, securities, stocks, land or other types of tangible assets. The use of a donation may be unconditional or conditional, depending on the terms of acceptance between the donor and the school district.

A gift or bequest is defined as a monetary or other type of voluntary donation from a nongovernmental entity or a student group for which districts have not applied. Grants from governmental or nongovernmental entities are generally not considered gifts or bequests. These grants are generally recorded in a governmental or enterprise fund because they are subject to contractual restrictions and require districts to make application in order to receive the monies.

C.4.1.1 Gift from a Private Benefactor

In the following example, the school district has accepted a cash gift of \$1,000 from a private benefactor to be used at the discretion of the school board for general operations. Accounting entries are:

Record receipt of revenue resulting from donation.

Account	Debit	Credit
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00	\$1,000	
Gifts and Bequests		
199-00-5744-00-000-Y-00-0-00		\$1,000

C.4.1.2 Unconditional Gift of Land

In the following example, the donor has given the school district an unconditional gift of land instead of cash. An independent appraiser has valued the land at \$50,000 on the current market. No entry is required in the general fund. The entries in the general capital assets are:

Record donated land as a general capital asset.

Account	Debit	Credit
Land and Improvements		
901-00-1510-00-000-Y-00-0-00	\$50,000	
Net Investment In Capital Assets		
901-00-3200-00-000-Y-00-0-00		\$50,000

C.4.1.3 Private Donor Gift to Student Council

In the following example, a private donor has contributed \$100 cash to the student council for its general use. The transaction will be accounted for in a Student Activity Account Fund (Agency Fund). Agency funds have no fund equity, and assets are equal to liabilities. The entries in the Agency Fund are as follows:

Record donation from student council.

Account	Debit	Credit
Cash and Temporary Investments		
845-00-1110-00-000-Y-00-0-00	\$100	
Due to Student Groups		
845-00-2190-00-000-Y-00-0-00		\$100

C.4.1.4 Conditional Gift from a Benefactor

In the following example, a benefactor has contributed \$100,000 with the restriction that the donation and any resulting revenues from its investment be used to furnish the school library with computerized encyclopedias. Entries to record the donation and to establish an expendable trust fund are as follows:

Account	Debit	Credit
Restricted for - School Library for Computerized Encyclopedias		
819-00-1810-00-000-Y-00-0-00	\$100,000	
Expenditures - Library Books and Media		
819-12-6669-00-001-Y-99-0-00	\$100,000	
Accounts Payable		
819-00-2110-00-000-Y-00-0-00		\$100,000
Gifts and Bequests		
819-00-5744-00-000-Y-00-0-00		\$100,000

Capital assets purchased by expendable trust funds are recorded in the general capital asset accounts.

C.4.1.5 Donation to Establish a Scholarship Fund

The following example illustrates entries to establish a nonexpendable trust fund. A benefactor has donated \$500,000 in securities for the purpose of providing student scholarships from interest earnings. The principal is to be held intact. Accounting entries are:

A. Record donation and establish trust fund.

Account	Debit	Credit
Restricted Assets - Cash and Temporary Investments		
839-00-1810-00-000-Y-00-0-00	\$500,000	
Gifts and Bequests		
839-00-5744-00-000-Y-00-0-00		\$500,000

B. Record interest earnings on the nonexpendable scholarship fund.

Account	Debit	Credit
Restricted Assets - Cash and Temporary Investments		
839-00-1810-00-000-Y-00-0-00	\$40,000	
Payable from Restricted Net Position for Scholarships		
839-00-2440-00-000-Y-00-0-00		\$40,000

C.5 Accounting for Catastrophic Gains and Losses

This example illustrates journal entries necessary to record transactions related to catastrophic gains or losses.

A classroom is destroyed by fire and a gain will be realized from the resulting repair.

Description	Amount
Insurance Recovery	\$20,000
Cost of Building Repair	17,000
Cost of Equipment Repair	2,000

A. Record receipt of insurance proceeds.

Account	Debit	Credit
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00	\$20,000	
Revenues - Insurance Recovery		
199-00-5745-00-000-Y-00-0-00		\$20,000

C.6 Accounting for Payroll

Payroll accruals for a ten-month contract of \$29,430 paid on a twelve-month basis are shown below. The daily rate is calculated by dividing the contract amount by the number of days of the contract (\$29,430/187).

C.6.1 Accrual by Days Worked Per Month

Month	Days Worked	Daily Rate	Paid	Earned/ Expenditure	Accrual Balance
August	9	\$157.38		\$1,416	\$1,416
September	19	157.38	\$2,453	2,990	1,953
October	18	157.38	2,452	2,833	2,334
November	16	157.38	2,453	2,518	2,399
December	19	157.38	2,452	2,990	2,937
January	19	157.38	2,453	2,990	3,474
February	19	157.38	2,452	2,990	4,012
March	19	157.38	2,453	2,400	4549
April	18	157.38	2,452	2,400	4,929
May	18	157.38	2,453	2,833	5,309
June	13	157.38	2,452	1,889	4,905
July	-	157.38	2,453	-	2,452
August	-		2,452	-	-
TOTAL	187		29,430	29,430	NIL

C.6.1.1 Example 1

This example shows some of the entries for a teacher employed on a ten-month contract that begins in August of fiscal year one (FY 1). The entries shown are

- the accrued salary earned in August, FY 1
- the salary accrued and paid in September, FY 2
- the final payment made on the contract in August, FY 2

Note that this illustration is not all-inclusive. For example, it does not address matching expenditures the district might incur (such as, matching FICA and matching TRS expenditures) or district paid health insurance costs. The school district does not use a payroll clearing account.

- A. Record the wages earned in August, FY 1. In this example, the fiscal year code would be “1” to correspond with FY 1. (Normally, the fiscal year code used in the expenditure account should correspond with the current fiscal year. However, if the salary is funded from a federal grant, the fiscal year code should correspond with the grant year for the federal project.)

Account	Debit	Credit
Expenditures - Salaries or Wages - Teachers and Other Professional Personnel		
199-11-6119-00-101-Y-11-0-00	\$1,416	
Accrued Wages Payable		
199-00-2160-00-000-Y-00-0-00		\$1,416

- B. Record the earned amount at the end of September, FY 2. For this entry (and for the remaining entries in this example), the fiscal year code would be “2” to correspond with FY 2.

Account	Debit	Credit
Expenditures - Salaries or Wages - Teachers and Other Professional Personnel		
199-11-6119-00-101-Y-11-0-00	\$2,990	
Accrued Wages Payable		
199-00-2160-00-000-Y-00-0-00		\$2,990

- C. Pay the teacher the net pay and record withholdings payable.

Account	Debit	Credit
Accrued Wages Payable		
199-00-2160-00-000-Y-00-0-00	\$2,452	
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00		\$1,895
Payroll Deductions and Withholdings - Federal Income Taxes		

199-00-2151-00-000-Y-00-0-00		\$400
Payroll Deductions and Withholdings -		
Teacher Retirement		
199-00-2155-00-000-Y-00-0-00		\$157

D. Pay the withholdings to the appropriate entities.

Account	Debit	Credit
Payroll Deductions and Withholdings -		
Federal Income Taxes		
199-00-2151-00-000-Y-00-0-00	\$400	
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00		\$400
Payroll Deductions and Withholdings -		
Teacher Retirement		
199-00-2155-00-000-Y-00-0-00	\$157	
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00		\$157

E. Since all of the salary has been earned by June, pay the teacher the net pay and record withholdings payable in August.

Account	Debit	Credit
Accrued Wages Payable		
199-00-2160-00-000-Y-00-0-00	\$2,452	
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00		\$1,895
Payroll Deductions and Withholdings -		
Federal Income Taxes		
199-00-2151-00-000-Y-00-0-00		\$400
Payroll Deductions and Withholdings -		
Teacher Retirement		
199-00-2155-00-000-Y-00-0-00		\$157

F. Pay the withholdings to the appropriate vendors.

Account	Debit	Credit
---------	-------	--------

Payroll Deductions and Withholdings -		
Federal Income Taxes		
199-00-2151-00-000-Y-00-0-00	\$400	
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00		\$400
Payroll Deductions and Withholdings -		
Teacher Retirement		
199-00-2155-00-000-Y-00-0-00	\$157	
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00		\$157

C.6.1.1 Example 2

In this example, a ten-month teacher is paid 50% from local or state funds and 50% from federal funds. The school district uses a payroll clearing account to which salary is transferred at the time earned. September's salary (Month 2) is illustrated below.

A. Record the salary earned from the General Fund (State Compensatory Education).

Account	Debit	Credit
Expenditures - Salaries or Wages - Teachers and Other Professional Personnel		
199-11-6119-00-101-Y-24-0-00	\$1,495	
Accrued Wages Payable		
199-00-2160-00-000-Y-00-0-00		\$1,495

B. Record the salary earned from the Special Revenue Fund (ESEA Title I, Part A - Improving Basic Programs).

Account	Debit	Credit
Expenditures - Salaries or Wages - Teachers and Other Professional Personnel		
211-11-6119-00-101-Y-24-0-00	\$1,495	
Accrued Wages Payable		
211-00-2160-00-000-Y-00-0-00		\$1,495

C. Record the amount due to the Payroll Clearing Account from the General Fund (50% of teacher's gross pay).

Account	Debit	Credit

Accrued Wages Payable		
199-00-2160-00-000-Y-00-0-00	\$1,226	
Due to Payroll Fund		
199-00-2177-00-000-Y-00-0-00		\$1,226

D. Record the amount due to the Payroll Clearing Account from the Special Revenue Fund (50% of teacher's gross pay).

Account	Debit	Credit
Accrued Wages Payable		
211-00-2160-00-000-Y-00-0-00	\$1,226	
Due to Payroll Fund		
211-00-2177-00-000-Y-00-0-00		\$1,226

E. Record the payment of the teacher's gross salary from the General Fund to the Payroll Clearing Account.

Account	Debit	Credit
Due to Payroll Fund		
199-00-2177-00-000-Y-00-0-00	\$1,226	
Cash and Temporary Investments		
199-00-1110-00-000-Y-00-0-00		\$1,226

F. Record the payment of the teacher's gross salary from the Special Revenue Fund to the Payroll Clearing Account.

Account	Debit	Credit
Due to Payroll Fund		
211-00-2177-00-000-Y-00-0-00	\$1,226	
Cash and Temporary Investments		
211-00-1110-00-000-Y-00-0-00		\$1,226

G. Record the amounts due from the General and Special Revenue Funds in the Payroll Clearing Account.

Account	Debit	Credit
Due From General Fund		
843-00-1281-00-000-Y-00-0-00	\$1,226	
Due From Special Revenue Fund		
843-00-1282-00-000-Y-00-0-00	\$1,226	

Accrued Wages Payable		
843-00-2160-00-000-Y-00-0-00		\$1,895
Withholding Taxes Payable		
843-00-2151-00-000-Y-00-0-00		\$400
Teacher Retirement Payable		
843-00-2155-00-000-Y-00-0-00		\$157

H. Record the deposit from the General and Special Revenue Funds in the Payroll Clearing Account.

Account	Debit	Credit
Cash and Temporary Investments		
843-00-1110-00-000-Y-00-0-00	\$2,452	
Due from General Fund		
843-00-1261-00-000-Y-00-0-00		\$1,226
Due from Special Revenue Fund		
843-00-1262-00-000-Y-00-0-00		\$1,226

I. Record the payment of the teacher's salary, the withholding liabilities, and the amounts due from the General and Special Revenue Funds in the Payroll Clearing Account.

Account	Debit	Credit
Accrued Wages Payable		
843-00-2160-00-000-Y-00-0-00	\$1,895	
Cash and Temporary Investments		
843-00-1110-00-000-Y-00-0-00		\$1,895

J. Record the payment of the withholding liabilities to the appropriate vendors.

Account	Debit	Credit
Payroll Deductions and Withholdings -		
Federal Income Taxes		
843-00-2151-00-000-Y-00-0-00	\$400	
Cash and Temporary Investments		
843-00-1110-00-000-Y-00-0-00		\$400

Account	Debit	Credit
Payroll Deductions and Withholdings -		

Teacher Retirement		
843-00-2155-00-000-Y-00-0-00	\$157	
Cash and Temporary Investments		
843-00-1110-00-000-Y-00-0-00		\$157

Appendix D: Catalog of Federal Domestic Assistance Identification Numbers

The [Catalog of Federal Domestic Assistance \(CFDA\)](#) is a government-wide compendium of Federal programs, projects, services, and activities which provide assistance or benefits to the American public. It contains financial and nonfinancial assistance programs administered by departments and establishments of the Federal government.

Identification numbers commonly used by Texas charter schools are referenced in the Net Assets Account Codes section. Your charter school will use applicable grant award CFDA numbers to complete the annual financial and compliance report's Schedule of Expenditure of Federal Awards.

Glossary

The following explanations of terms are presented to aid in understanding the topics and the terminology generally used in governmental accounting, auditing, financial reporting and budgeting. Because this glossary is reprinted from the Government Finance Association’s Governmental Accounting and Financial Reporting, the terms and explanations have not been modified to reflect specific Texas school district issues, etc. Synonyms for specific terms also may be presented in this appendix. In such instances, the abbreviation “syn.” is used before the term.

The term **deferred outflows of resources** is disclosed before the term **deferred inflows of resources** in this glossary; this is not a typo. The two terms are listed in the glossary based on their required position on the financial statements. Deferred outflows of resources are disclosed in a separate section after total assets and before the liabilities section, and deferred inflows of resources are disclosed in a separate section after total liabilities and before the net position section.

ACCOUNTABILITY. Being obliged to explain one’s actions, to justify what one does. Accountability requires governments to answer to the citizenry—to justify the raising of public resources and the purposes for which they are used. Governmental accountability is based on the belief that the citizenry has a “right to know,” a right to receive openly declared facts that may lead to public debate by the citizens and their elected representatives. [SGAC1]

ACCRUAL BASIS OF ACCOUNTING. A method of accounting that recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

ACQUISITION COSTS. Term used in connection with public-entity risk pools. Costs that vary with and are primarily related to the acquisition of new and renewal contracts. Commissions and other costs (e.g., salaries of certain employees involved in the underwriting and policy issue functions, and inspection fees) that are primarily related to contracts issued or renewed during the period in which the costs are incurred are considered to be acquisition costs [SGAS 10]

ACTIVITY. A specific and distinguishable service performed by one or more organizational components of a government to accomplish a function for which the government is responsible (e.g., *police* is an activity within the *public safety* function).

ACTUARIAL ACCRUED LIABILITY. Term used in connection with defined benefit pension plans and other postemployment benefit plans. That portion, as determined by a particular actuarial cost method, of the actuarial present value of benefits promised to employees that will not be provided for by future normal costs. [SGAS 25 and SGAS 43]

ACTUARIAL ASSUMPTIONS. Term used in connection with defined benefit pension plans and other postemployment benefit plans. Assumptions as to the occurrence of future events affecting pension costs, such as: mortality, withdrawal, disablement and retirement; changes in compensation and government-provided pension benefits; rates of investment earnings and asset appreciation or depreciation; procedures used to determine the actuarial value of assets; characteristics of future entrants for open group actuarial cost methods; and other relevant items. [SGAS 25 and SGAS 43]

ACTUARIAL COST METHOD. Term used in connection with defined benefit pension plans and other postemployment benefit plans. A procedure for determining the actuarial present value of pension plan benefits and expenses and for developing an actuarially equivalent allocation of such value to time periods, usually in the form of a normal cost and an actuarial accrued liability. [SGAS 25 and SGAS 43]

ACTUARIAL SECTION. One of five sections of a comprehensive annual financial report of a public employee retirement system.

ACTUARIAL VALUE OF ASSETS. Term used in connection with defined benefit pension plans and other postemployment benefit plans. The value of cash, investments, and other property belonging to a pension plan, as used by the actuary for the purpose of an actuarial valuation. The actuarial value of assets, which may represent an average value over time, normally differs from the amount reported in the financial statements, which is a point-in-time measure (i.e., as of the date of the statement of position). [SGAS 25 and SGAS 43]

ADDITIONS. Term used to describe increases in the net assets of fiduciary funds.

ADVANCE REFUNDING. A transaction in which new debt is issued to provide monies to pay interest on old, outstanding debt as it becomes due, and to pay the principal on the old debt either as it matures or at an earlier call date. An advance refunding occurs before the maturity or call date of the old debt, and the proceeds of the new debt are invested until the maturity or call date of the old debt. Most advance refundings result in defeasance of debt. [SGAS 7]

ADVERSE OPINION. Term used in connection with auditing. Conclusion in the independent auditor's report that financial statements are not fairly presented.

AGENCY FUNDS. One of four types of fiduciary funds. Agency funds are used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations or other governments. [SGAS 34]

AGENT MULTIPLE-EMPLOYER DEFINED BENEFIT PENSION/OTHER POSTEMPLOYMENT BENEFITS PLAN. An aggregation of single-employer plans, with pooled administrative and investment functions. Separate accounts are maintained for each employer so that the employer's contributions provide benefits only for the employees of that employer. A separate actuarial valuation is performed for each individual employer's plan to determine the employer's periodic contribution rate and other information for the individual plan, based on the benefit formula selected by the employer and the individual plan's proportionate share of the pooled assets. The results of the individual valuations are aggregated at the administrative level. [SGAS 27 and SGAS 45]

ALLOCATED CLAIMS ADJUSTMENT EXPENSES. Term used in connection with risk financing activities. Expenses associated directly with specific claims paid or in the process of settlement, such as legal and adjusters' fees. [SGAS 10]

ALLOTMENT. Portion of an annual or biennial budget appropriation allocated to an interim period.

ANALYTICAL REVIEW. Term used in connection with auditing. The process of attempting to determine the reasonableness of financial data by comparing their behavior with other financial and nonfinancial data.

ANNUAL COVERED PAYROLL. Term used in connection with defined benefit pension and other postemployment benefit plans. All elements included in annual compensation paid to active employees on which contributions to a plan are based. [SGAS 27]

ANNUAL REQUIRED CONTRIBUTION (ARC). Term used in connection with defined benefit pension and other postemployment benefit plans. The employer's required contribution for the year, calculated in accordance with certain parameters. [SGAS 27]

APPROPRIATED BUDGET. The expenditure authority created by the appropriation bills or ordinances that are signed into law and related estimated revenues. The appropriated budget would include all reserves, transfers, allocations, supplemental appropriations, and other legally authorized legislative and executive changes. [NCGA Interpretation 10]

ARBITRAGE. Classically, the simultaneous purchase and sale of the same or an equivalent security in order to profit from price discrepancies. In government finance, the most common occurrence of arbitrage involves the investment of the proceeds from the sale of tax-exempt securities in a taxable money market instrument that yields a higher rate, resulting in interest revenue in excess of interest costs.

ASSETS. Assets are resources with present service capacity that the district school board presently controls. The present service capacity of a resource that is an asset is its existing capability to enable the school district to provide educational services. All assets should be listed in order of liquidity on the financial statements. [GASB Concepts Statement No. 4, ¶18]

ASSESSED VALUATION. A valuation set upon real estate or other property by a government as a basis for levying taxes.

ASSET ALLOCATION. Term used in connection with pension and other postemployment benefit plans. The process of determining which types of investments are to be included and the percentages that they are to comprise in an overall investment portfolio.

ASSIGNED FUND BALANCE. An assigned fund balance includes amounts that have been constrained to being used for specific purposes by actions taken by the government itself. The assigned amounts are neither restricted nor committed. Stabilization arrangements should not be reported as assigned fund balance. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes. [GASB Statement No. 54, ¶13-14]

ATTAINED AGE ACTUARIAL COST METHOD. Term used in connection with defined benefit pension plans. A method under which the excess of the actuarial present value of projected benefits over the actuarial accrued liability in respect to each individual included in an actuarial valuation is allocated on a level basis over the earnings or service of the individual between the valuation date and assumed exit.

The portion of this actuarial present value that is allocated to a valuation year is called the normal cost. The actuarial accrued liability is determined using the unit credit actuarial cost method. [SGAS 25]

AUDIT COMMITTEE. A group of individuals, selected by the governing body, having specific responsibility for addressing all issues related to the independent audit of the financial statements.

AUDIT GUIDES. Series of AICPA publications that enjoy potential “level 2” status on the hierarchy of authoritative sources of GAAP (some publications in the series are titled Audit and Accounting Guides). In the public sector, the most important such publication is *State and Local Governments*.

AUDIT SCOPE. In the content of a financial statement audit, the coverage provided by the independent auditor’s opinion on the financial statements. For example, required supplementary information normally is not included within the scope of a financial statement audit (i.e., the independent auditor does not offer an opinion on its fair presentation).

AUDITOR ROTATION. Policy that a government periodically replace the independent auditor of its financial statements.

AUDITOR’S REPORT ON INTERNAL CONTROL AND COMPLIANCE OVER FINANCIAL REPORTING. Report issued in conjunction with a financial audit performed in accordance with GAGAS. In this report, the independent auditor reports on internal control weaknesses and instances of noncompliance discovered in connection with the financial audit, but does not offer an opinion on internal controls or compliance.

AUDIT GUIDES. A series of AICPA publications that enjoy “level 2” status on the hierarchy of authoritative sources of GAAP established by SAS No. 69, *The Meaning of “Present Fairly in Conformity with Generally Accepted Accounting Principles” in the Independent Auditor’s Report*, when they are specific to state and local government and cleared by the GASB.

AVAILABILITY CRITERION. Principle of the modified accrual basis of accounting according to which revenues may only be recognized when they are collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. [NCGA Statement 1]

AVAILABILITY PERIOD. A specified period immediately following the close of the fiscal year by the end of which cash must be collected for related revenue to be recognized in accordance with the availability criterion of modified accrual accounting.

BANK HOLDING COMPANY. A company that controls one or more banks and may own subsidiaries with operations closely related to banking. When branch banking was severely limited, bank holding company statutes allowed banking systems to develop by permitting common ownership of several banks. Generally, the Bank Holding Company Act provides that a holding company has control over a bank if it owns, controls, or holds 25 percent or more of the voting stock of the bank. [TB 97-1]

BANK INVESTMENT CONTRACTS. A separate account at a financial institution that functions like a guaranteed investment contract.

BANKERS' ACCEPTANCES. Short-term, noninterest-bearing notes sold at a discount and redeemed by the accepting banks at maturity for face value. Bankers' acceptances generally are created based on a letter of credit issued in a foreign trade transaction. [SGAS 31]

BANKING POOLS. One of four different types of public-entity risk pool. An arrangement by which monies are made available for pool members in the event of loss on a loan basis. [SGAS 10]

BASIC FINANCIAL STATEMENTS. The minimum combination of financial statements and note disclosures required for fair presentation in conformity with GAAP.

BASIS DIFFERENCES. Differences that arise through the employment of a basis of accounting for budgetary purposes that differs from the basis of accounting prescribed by GAAP for a given fund type. [NCGA Interpretation 10]

BASIS OF ACCOUNTING. The timing of recognition, that is, when the effects of transactions or events should be recognized for financial reporting purposes. For example, the effects of transactions or events can be recognized on an accrual basis (that is, when the transactions or events take place), or on a cash basis (that is, when cash is received or paid). Basis of accounting is an essential part of measurement focus because of a particular timing of recognition is necessary to accomplish a particular measurement focus. [SGAS 11]

BETTERMENT. An addition made to, or change made in, a capital asset, other than maintenance, to prolong its life or to increase its efficiency or capacity. The cost of the addition or change is added to the book value of the asset. The term *improvement* is preferred.

BLENDING. The method of reporting the financial data of a component unit that presents the component unit's balances and transactions in a manner similar to the presentation of the balances and transactions of the primary government. [SGAS 14]

BLUE BOOK. A term commonly used to designate the Government Finance Officers Association's publication *Governmental Accounting, Auditing, and Financial Reporting*.

BOND ANTICIPATION NOTE. Short-term interest-bearing note issued by a government in anticipation of bond proceeds to be received at a later date. The note is retired from proceeds of the bonds to which it is related.

BOOK-ENTRY SYSTEM. A system that eliminates the need for physically transferring bearer-form paper or registering securities by using a central depository facility. [SGAS 3]

BUDGETARY BASIS OF ACCOUNTING. The method used to determine when revenues and expenditures are recognized for budgetary purposes.

BUDGETARY ACCOUNTS. Special accounts used to achieve budgetary integration, but not reported in the general-purpose external financial statements. By convention, ALL CAPS commonly are used to designate budgetary accounts. The most common budgetary accounts are ESTIMATED REVENUES, APPROPRIATIONS, BUDGETARY FUND BALANCE, and ENCUMBRANCES.

BUDGETARY GUIDELINES. Recommendations on budgeting issued by the National Advisory Council on State and Local Budgeting (NACSLB). The NACSLB’s budgetary guidelines are chiefly of interest to accountants because of the emphasis they place on performance measurement in the context of the budgetary process.

BUDGETARY INTEGRATION. The management control technique by which the annual operating budget is recorded in the general ledger through the use of budgetary accounts. Budgetary integration is intended to facilitate control over revenues and expenditures during the year.

BUDGETARY JOURNAL ENTRIES. Journal entries involving budgetary accounts. Budgetary journal entries arise in connection with budgetary integration.

BUDGETARY REPORTING. The requirement to present budget-to-actual comparisons in connection with general purpose external financial reporting. Budgetary reporting is required in connection with the basic financial statements for both the general fund and individual major special revenue funds with legally adopted annual budgets. Budgetary reporting also is required within the comprehensive annual financial report to demonstrate compliance at the legal level of control for all governmental funds with legally adopted annual budgets.

BUSINESS-TYPE ACTIVITIES. One of two classes of activities reported in the government-wide financial statements. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. These activities are usually reported in enterprise funds. [SGAS 34]

CALL OPTION. A contract giving the buyer (owner) the right, but not the obligation, to purchase from (call option) the seller (writer) of the contract a fixed number of items (such as shares of equity securities) at a fixed or determinable “strike” price on a given date or at any time on or before a given date. [SGAS 31]

CAPITAL AND RELATED FINANCING ACTIVITIES. Term used in connection with cash flows reporting. Capital and related financing activities include (a) acquiring and disposing of capital assets used in providing services or producing goods, (b) borrowing money for acquiring, constructing, or improving capital assets and repaying the amounts borrowed, including interest, and (c) paying for capital assets obtained from vendors on credit. [SGAS 9]

CAPITAL ASSETS. Land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, furniture, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

CAPITAL PROJECTS FUND. Fund type used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds.) [NCGA Statement 1]

CAPITALIZATION CONTRIBUTION. Term used in connection with public-entity risk pools. A contribution to meet initial or ongoing capital minimums established by statute, regulation, or the pooling agreement itself. Capitalization contributions generally take the form of cash. [IGAS 4]

CAPITALIZATION THRESHOLD. The dollar value at which a government elects to capitalize tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. Generally, capitalization thresholds are applied to individual items rather than groups of items unless the result would be to exclude items that would clearly be material to the financial statements in the aggregate.

CAPPING. Term used in connection with municipal solid-waste landfills (MSWLF). The cost of final cover expected to be applied near or after the date that the MSWLF stops accepting solid waste. [SGAS 18]

CASH. The term, as used in connection with cash flows reporting, includes not only currency on hand, but also demand deposits with banks or other financial institutions. *Cash* also includes deposits in other kinds of accounts or cash management pools that have the general characteristics of demand deposit accounts in that the governmental enterprise may deposit additional cash at any time and also effectively may withdraw cash at any time without prior notice or penalty. [SGAS 9]

CASH BASIS OF ACCOUNTING. Basis of accounting that recognizes transactions or events when related cash amounts are received or disbursed.

CASH EQUIVALENT. Term used in connection with cash flows reporting. Short-term, highly liquid investments that are both (a) readily convertible to known amounts of cash and (b) so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition. For this purpose, “original maturity” means the maturity as of the date the investment is acquired. [SGAS 9]

CEDED PREMIUMS/CLAIMS COSTS. Terms used in connection with public-entity risk pools. Ceded premiums are those transferred to another enterprise in connection with a reinsurance arrangement. Ceded claims costs are those transferred to another enterprise through reinsurance.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING PROGRAM. Program sponsored by the Government Finance Officers Association to encourage and assist state and local governments to prepare high-quality comprehensive annual financial reports. The program has been in continuous operation since 1946. The program originally was known as the Certificate of Conformance Program.

CHARACTER CLASSIFICATION. Expenditure classification according to the periods expenditures are presumed to benefit. The four character groupings are (a) *current* operating expenditures, presumed to benefit the current fiscal period; (b) *debt service*, presumed to benefit prior fiscal periods as well as current and future periods; (c) *capital outlays*, presumed to benefit the current and future fiscal periods, and (d) *intergovernmental*, when one government transfers resources to another. [NCGA Statement 1]

CLAIMS-MADE POLICY. Term used in connection with public-entity risk pools. A type of policy that covers losses from claims asserted (reported or filed) against the policyholder during the policy period, regardless of whether the liability-imposing events occurred during the current or any previous period in which the policyholder was insured under the claims-made contract or other specified period before the policy period (the policy retroactive date). [SGAS 10]

CLAIMS-SERVICING POOL. One of four different types of public entity risk pools. An arrangement by which a pool manages separate accounts for each pool member from which the losses of that member are paid. Also referred to as “account pool.” [SGAS 10]

CLASSIFIED PRESENTATION. The separate presentation on the statement of position of the current and long-term portions of assets and liabilities to permit the calculation of working capital. A classified presentation is required for the proprietary fund statement of net position.

CLOSED AMORTIZATION PERIOD. Term used in connection with the unfunded actuarial accrued liability associated with defined benefit pension and other postemployment benefit plans. A specific number of years that is counted from one date and, therefore, declines to zero with the passage of time. For example, if the amortization period is initially 30 years on a closed basis, 29 years remain after the first year, 28 years after the second year, and so forth. [SGAS 25 and SGAS 43]

CLOSED-END MUTUAL FUND. An SEC-registered investment company that issues a limited number of shares to investors that are then traded as an equity security on a stock exchange. [SGAS 31]

COLLATERAL. Term used in connection with deposits with financial institutions. Security pledged by a financial institution to a governmental entity for its deposit. [SGAS 3]

COLLATERAL POOL. A single financial institution collateral pool is a group of securities pledged by a single financial institution against all the public deposits it holds. A multiple financial institution collateral pool is a group of securities pledged by various financial institutions to provide common collateral for their deposits of public funds. In such a collateral pool, the assets of the pool and the power to make additional assessments against the members of the pool, if necessary, insure there will be no loss of public funds because of the default of a member. [SGAS 3]

COMBINING FINANCIAL STATEMENTS. Financial statements that report separate columns for individual funds or component units. Combining financial statements normally are required in a comprehensive annual financial report to support each column in the basic financial statements that aggregates information from more than one fund or component unit.

COMMERCIAL PAPER. An unsecured short-term promissory note issued by corporations, with maturities ranging from 2 to 270 days.

COMMITTED FUND BALANCE. Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority. Committed fund balances cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action (for example, legislation, resolution, ordinance) it employed to previously commit those amounts. [GASB Statement No. 54, ¶10]

COMMITTEE ON ACCOUNTING PROCEDURE (CAP). Authoritative private-sector standard-setting body that preceded the Accounting Principles Board and the FASB. The CAP issued guidance in the form of *Accounting Research Bulletins*.

COMMODITIES PROGRAMS. The distribution of surplus agricultural products as a form of assistance.

COMPARABILITY. The principle according to which differences between financial reports should be due to substantive differences in the underlying transactions or the governmental structure rather than due to selection of different alternatives in accounting procedures or practices. [SGAC 1]

COMPARATIVE DATA. Information from prior fiscal periods provided to enhance the analysis of financial data in the current fiscal period.

COMPARATIVE FINANCIAL STATEMENTS. Financial statements providing all of the information required by GAAP for two or more fiscal periods.

COMPLIANCE SUPPLEMENT. Term used in connection with Single Audits. A publication of the U.S. Office of Management and Budget outlining compliance requirements for federal awards programs. The publication is designed to assist independent auditors performing Single Audits.

COMPONENT UNIT. A legally separate organization for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. [SGAS 14]

COMPOSITE DEPRECIATION METHODS. Depreciation methods applied to groups of assets rather than to individual assets.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR). Financial report that contains, at a minimum, three sections: 1) introductory, 2) financial, and 3) statistical, and whose financial section provides information on each individual fund and component unit.

COMPREHENSIVE FRAMEWORK OF INTERNAL CONTROLS. A structure of internal control that provides for (a) a favorable control environment, (b) the continuing assessment of risk, (c) the design, implementation, and maintenance of effective control-related policies and procedures, (d) the effective communication of information, and (e) the ongoing monitoring of the effectiveness of control-related policies and procedures as well as the resolution of potential problems identified by controls.

CONDENSED FINANCIAL STATEMENTS. Abbreviated financial statements sometimes required by GAAP to be presented within the notes to the financial statements in connection with component units, external investment pools, and segments. In addition, GAAP prescribe the presentation of condensed financial information for the prior fiscal year as part of management's discussion and analysis.

CONDUIT DEBT. Certain limited-obligation revenue bonds, certificates of participation, or similar debt instruments issued by a state or local governmental entity for the express purpose of providing capital financing for a specific third party that is not a part of the issuer's financial reporting entity. Although conduit debt obligations bear the name of the governmental issuer, the issuer has no obligation for such debt beyond the resources provided by a lease or loan with the third party on whose behalf they are issued. [IGAS 2]

CONNECTION FEES. Fees charged to join or to extend an existing utility system. Often referred to as *tap fees* or *system development fees*.

CONSISTENCY. The principle according to which once an accounting principle or reporting method is adopted, it will be used for all similar transactions and events. The concept of consistency in financial reporting extends to many areas such as valuation methods, basis of accounting, and determination of the financial reporting entity. [SGAC 1]

CONTROL CYCLE. Term used in connection with the evaluation of internal control. A series of logically connected transactions/processes and associated control-related policies and procedures.

CONTROL DEFICIENCY. When the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

COSO. Organization that published *Internal Control: An Integrated Framework* (i.e., the Committee of Sponsoring Organizations of the Treadway Commission on Fraudulent Financial Reporting).

COST-REIMBURSEMENT BASIS. Term used in connection with internal service funds. The setting of charges so that costs are systematically recovered on a break-even basis over time.

COST-SHARING MULTIPLE-EMPLOYER DEFINED BENEFIT PENSION/OTHER POST EMPLOYMENT BENEFIT PLAN. A single plan with pooling (cost-sharing) arrangements for the participating employers. All risks, rewards, and costs, including benefit costs, are shared and are not attributed individually to the employers. A single actuarial valuation covers all plan members and the same contribution rate(s) applies for each employer. [SGAS 25 and SGAS 43]

COUNTERPARTY. Term used in connection with custodial credit risk. Another party to a transaction. In the case of deposits and investments made by governmental entities, a counterparty could be the issuer of security, a financial institution holding a deposit, a broker-dealer selling securities, or a third party holding securities or collateral. [SGAS 3]

COVERAGE RATIO. Ratio of pledged revenues to related debt service payments. [SGAS 44]

COVERED GROUP. Term used in connection with pension and other post-employment benefit plans to describe plan members included in an actuarial valuation. [SGAS 45]

CREDIT RISK. Risk that an issuer or other counterparty to an investment will not fulfill its obligations. [SGAS 40]

CROSSOVER REFUNDING. A type of advance refunding in which the escrow established with the proceeds of the refunding bonds only begins to secure repayment of the refunded debt at some designated future time, known as the “crossover date”.

CURRENT ASSETS. Current assets include cash or other assets that are reasonably expected to be realized in cash or sold or consumed within a year.

CURRENT COSTS. Term used in connection with municipal solid-waste landfills. The amount that would be paid if all equipment, facilities, and services included in the estimate of closure and post closure care costs were acquired during the current period. [SGAS 18]

CURRENT FINANCIAL RESOURCES MEASUREMENT FOCUS. Measurement focus according to which the aim of a set of financial statements is to report the near-term (current) inflows, outflows, and balances of expendable (spendable) financial resources. The current financial resources measurement focus is unique to accounting and financial reporting for state and local governments and used solely for reporting the financial position and results of operations of governmental funds.

CURRENT REFUNDING. A refunding transaction in which the proceeds of the refunding debt are applied immediately to redeem the debt to be refunded. This situation differs from an advance refunding, where the proceeds of the refunding bonds are placed in escrow pending the call date or maturity of the debt to be refunded.

CUSTODIAL CREDIT RISK. The risk that a government will not be able (a) to recover deposits if the depository financial institution fails or (b) to recover the value of investment or collateral securities that are in the possession of an outside party if the counterparty to the investment or deposit transaction fails. [Q&A]

DEBT SERVICE FUND. Governmental fund type used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. [NCGA Statement 1]

DEDUCTION. Term used in connection with fiduciary funds. Decrease in the net assets of a fiduciary fund.

DEFEASANCE. In financial reporting, the netting of outstanding liabilities and related assets on the statement of net position. Defeased debt is no longer reported as a liability on the face of the statement of net position; only the new debt, if any, is reported as a liability. Most refundings result in the defeasance of the refunded debt. Defeasance also is sometimes encountered in conjunction with annuity contracts purchased in connection with lottery prizes and settlements of claims and judgments.

DEFERRED OUTFLOW OF RESOURCES. A deferred outflow of resources is a consumption of net assets by the school district applicable to a **future** reporting period. A consumption of net assets results in a decrease in assets in excess of any related decrease in liabilities or an increase in liabilities in excess of any related increase in assets. Has a positive effect on net position. [GASB Concepts Statement No. 4, ¶132-33]

DEFERRED INFLOW OF RESOURCES. A deferred inflow of resources is an acquisition of net assets by the school district that is applicable to a **future** reporting period. An acquisition of net assets results in an increase in assets in excess of any related increase in liabilities or a decrease in liabilities in excess of any related decrease in assets. Has a negative effect on net position. [GASB Concepts Statement No. 4, ¶134-35]

DEFERRED REVENUE. **Deferred revenue is no longer a term that is allowed by GASB.** Instead, school districts should use the following terms for revenue that is not yet available: unavailable revenue, or

unearned revenue, as applicable. The aforementioned terms describe revenue resources that do not yet meet the criteria for revenue recognition. Unearned amounts are reported either as unavailable or unearned revenue. A complete definition of unavailable revenue and unearned revenue is listed in this glossary.

DEFINED BENEFIT OTHER POSTEMPLOYMENT BENEFIT PLAN. Plan having terms that specify the amount of benefits to be provided at or after separation from employment. The benefits may be specified in dollars (for example, a flat dollar payment or an amount based on one or more factors such as age, years of service, and compensation), or as a type or level of coverage (for example, prescription drugs or a percentage of healthcare insurance premiums). [SGAS 43]

DEFINED BENEFIT PENSION PLAN. A pension plan having terms that specify the amount of pension benefits to be provided at a future date or after a certain period of time; the amount specified usually is a function of one or more factors such as age, years of service, and compensation. [SGAS 25]

DEFINED CONTRIBUTION PENSION/OTHER POSTEMPLOYMENT BENEFIT PLAN. A pension or OPEB plan having terms that (a) provide an individual account for each plan member and (b) specify how contributions to an active plan member's account are to be determined, rather than the income or other benefits the member or his or her beneficiaries are to receive at or after separation from employment. Those benefits will depend only on the amounts contributed to the member's account, earnings on investments of those contributions, and forfeitures of contributions made for other members that may be allocated to the member's account. [SGAS 25 and SGAS 43]

DEFLATED DEPRECIATED REPLACEMENT COST. Method of measuring a capital asset impairment resulting from a change in the manner or duration of use of the asset. The method compares the book value of the asset with what would have been the book value of a different asset acquired at the same time for use in current circumstances (e.g., the book value of a school building constructed ten years ago, but now used as warehouse space, versus what would have been the value of equivalent warehouse space constructed ten years ago). [SGAS 42]

DEMAND BONDS. Long-term debt issuances with demand ("put") provisions that require the issuer to repurchase the bonds upon notice from the bondholder at a price equal to the principal plus accrued interest. To assure its ability to redeem the bonds, issuers of demand bonds frequently enter into short-term standby liquidity agreements and long-term "take out" agreements. [IGAS 1]

DERIVATIVE. Financial instrument 1) whose value derives from the application of some variable ("underlying") to a contractually determined amount ("notional amount") or from the association of an underlying with a payment provision, 2) that involves little or no initial net investment, and 3) that allows for net settlement. [TB 2003-1]

DERIVED TAX REVENUES. Nonexchange revenues that result from assessments imposed on exchange transactions (for example, income taxes, sales taxes, and other assessments on earnings or consumption). [SGAS 33]

DEVELOPER FEES. Fees charged to developers to cover, in whole or in part, the anticipated cost of improvements that will be necessary as a result of development (e.g., parks, sidewalks).

DIRECT COSTING. Term used in connection with the valuation of capital assets. Use of source data (e.g., invoices) to establish the historical cost of a capital asset.

DIRECT DEBT. Debt that is to be repaid by the reporting government itself rather than by an overlapping or underlying government. [SGAS 44]

DIRECT EXPENSE. Expense that is specifically associated with a service, program, or department and, thus, is clearly identifiable to a particular function. [SGAS 34]

DIRECT RATE. Amount or percentage applied to a unit of a specific revenue base by the government preparing statistical information (e.g., a property tax rate of \$1 per \$1,000 of assessed property value; a sales tax rate of 5 percent of a retail sale; a water charge of a certain amount per 100 gallons of water used). [SGAS 44]

DISALLOWED COSTS. Claims for grantor resources that have been rejected by the grantor. Disallowed costs are to be distinguished from *questioned costs*, which are potential disallowed costs that have not yet been rejected by the grantor.

DISCRETE PRESENTATION. Method of reporting financial data of component units in a column or columns separate from the financial data of the primary government. [SGAS 14]

DISCUSSION MEMORANDUM. A due-process document issued by the GASB soliciting comments from interested parties on various aspects of a technical issue that is the subject of research by the board.

DUE PROCESS. The procedures followed by the GASB to ensure that the views of all interested parties are solicited and considered prior to issuing an authoritative pronouncement. At a minimum, due process requires that all statements and interpretations be preceded by an exposure draft.

DURATION. In the context of investment disclosure, a measure of a debt investment's exposure to fair value changes arising from changing interest rates based upon the present value of cash flows, weighted for those cash flows as a percentage of the investment's full price. [SGAS 40]

EARLY RECOGNITION OPTION. Term used in connection with debt service funds. The option to recognize an expenditure in the current period in a debt service fund for principal and interest payments due early in the subsequent period. This option is available only in situations involving the nondiscretionary transfer of resources to a debt service fund in the current period for payments due shortly after the end of the fiscal year (i.e., usually within one to several days, and never more than one month later).

ECONOMIC RESOURCES MEASUREMENT FOCUS. Measurement focus under which the aim of a set of financial statements is to report all inflows, outflows, and balances affecting or reflecting an entity's net assets. The economic resources measurement focus is used for proprietary and fiduciary funds, as well as for government-wide financial reporting. It also is used by business enterprises and nonprofit organizations in the private sector.

EFFECTIVENESS. Term used in connection with the evaluation of internal controls and performance measurement. The degree to which an entity, program, or procedure is successful at achieving its goals and objectives.

EFFICIENCY. Term used in connection with the evaluation of internal controls and performance measurement. The degree to which an entity, program, or procedure is successful at achieving its goals and objectives with the least use of scarce resources. Efficiency necessarily presupposes effectiveness.

ELIGIBILITY REQUIREMENTS. Term used in connection with government-mandated and voluntary nonexchange transactions. Conditions established by the provider of resources stipulating matters such as the qualifying characteristics of recipients, time requirements, allowable costs, and other contingencies. [SGAS 33]

EMBEDDED OPTION. Provision or term in a financial instrument that allows one party to change the timing or amount of one or more cash flows associated with that instrument (e.g., prepayment options on asset-backed securities). [SGAS 40]

EMERGING ISSUES TASK FORCE. Group established under the auspices of an authoritative standard-setting body and authorized to publish consensus positions on technical issues not specifically addressed by that body. The GASB has not established an emerging issues task force, although it is empowered to do so.

EMPLOYER CONTRIBUTIONS. Term used in the context of pension and other postemployment benefits to describe contributions actually made by the employer in relation to the annual required contribution (ARC) of the employer. [SGAS 43]

ENCUMBRANCES. Commitments related to unperformed (executory) contracts for goods or services. For financial reporting purposes, encumbrance accounting is restricted to governmental funds. [NCGA Statement 1]

ENTERPRISE FUND. Proprietary fund type used to report an activity for which a fee is charged to external users for goods or services. [SGAS 34]

ENTITY DIFFERENCES. A difference between the budgetary basis of accounting and GAAP arising because 1) the appropriated budget includes organizations, programs, activities, or functions that are not within the financial reporting entity as defined by GAAP, or 2) the appropriated budget excludes organizations program, activities, or functions that are part of the financial reporting entity. [NCGA Interpretation 10]

ENTRY AGE ACTUARIAL COST METHOD. Term used in connection with defined benefit pension plans. A method under which the actuarial present value of the projected benefits of each individual included in an actuarial valuation is allocated on a level basis over the earnings or service of the individual between entry age and assumed exit age(s). The portion of this actuarial present value allocated to a valuation year is called the normal cost. The portion of this actuarial present value not provided for at a valuation date by the actuarial present value of future normal costs is called the actuarial accrued liability. [SGAS 25]

EQUIVALENT SINGLE AMORTIZATION PERIOD. Term used in the context of pension and other postemployment benefit plans. The weighted average of all amortization periods used when components of the total unfunded actuarial accrued liability are separately amortized and the average is calculated. [SGAS 25 and SGAS 43]

ESCHEAT. The reversion of property to a governmental entity in the absence of legal claimants or heirs. The laws of many governmental entities provide that a rightful owner or heir can reclaim escheat property in perpetuity, provided the claimant can establish his or her right to the property. [SGAS 21]

ESTIMATED ACTUAL VALUE OF TAXABLE PROPERTY. Fair value of taxable real or personal property or a surrogate measure of fair value if actual fair value information is not available. In practice, fair value is often referred to as market value. The estimated actual value of taxable property may be determined in a variety of manners, such as through a system that tracks changes in market values by monitoring property sales or by dividing the assessed value of property by an assumed assessment percentage. [SGAS 44]

ETHICS RULE 202. Ethics rule established by the AICPA that places upon auditors the burden of proof for justifying any material departures from the guidance found on levels 2, 3, or 4 of the GAAP hierarchy.

ETHICS RULE 203. Ethics rule established by the AICPA that makes it an ethical violation for an auditor to state that financial statements are “fairly presented in conformity with GAAP” if those statements materially violate standards issued by the FASB, the GASB, or the Federal Accounting Standards Advisory Board. A special exception applies when unusual circumstances would make the application of an authoritative standard misleading.

EXCHANGE TRANSACTIONS. Transaction in which each party receives and gives up essentially equal values. [SGAS 33]

EXCHANGE-LIKE TRANSACTION. Transactions in which there is an identifiable exchange between the reporting government and another party, but the values exchanged may not be quite equal or the direct benefits of the exchange may not be exclusively for the parties to the exchange. Examples include certain fees for regulatory or professional licenses and permits, certain tap fees, certain developer contributions, certain grants and donations, and other transactions that, regardless of the label applied to them, are based on an exchange of similar but not equal values. [SGAS 33]

EXPENDITURE-DRIVEN GRANTS. Government-mandated or voluntary nonexchange transactions in which expenditure is the prime factor for determining eligibility. Also referred to as *reimbursement grants*.

EXPENDITURE. Decreases in net financial resources under the current financial resources measurement focus not properly classified as *other financing uses*.

EXPLICIT MEASURABLE EQUITY INTEREST. Term used in connection with joint ventures. Asset resulting from a stipulation in the joint venture agreement that the participants have a present or future claim to the net resources of the joint venture and setting forth the method to determine the participants’ shares of the joint venture’s net resources. [SGAS 14]

EXPOSURE DRAFT. A due-process document issued by the GASB soliciting comments from interested parties on a proposed authoritative pronouncement.

EXTERNAL AUDITORS. Independent auditors typically engaged to conduct the audit of a government's financial statements.

FAIR VALUE. The price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is a market-based measurement, not an entity-specific measurement. Fair value is an exit price. [GASB Concepts Statement No. 6, ¶138-39]

FEDERAL ACCOUNTING STANDARDS ADVISORY BOARD (FASAB). Authoritative standard-setting body responsible for establishing GAAP for the federal government.

FIDUCIARY FUNDS. Funds used to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government's own programs. The fiduciary fund category includes pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and agency funds. [SGAS 34]

FINAL AMENDED BUDGET. Term used in connection with budgetary reporting. The original budget adjusted by all reserves, transfers, allocations, supplemental appropriations, and other legally authorized legislative and executive changes applicable to the fiscal year, whenever signed into law or otherwise legally authorized. [SGAS 34]

FINANCIAL ACCOUNTABILITY. Term used in connection with the definition of the financial reporting entity. The level of accountability that exists if a primary government appoints a voting majority of an organization's governing board and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations with a separately elected governing board, a governing board appointed by another government, or a jointly appointed board that is fiscally dependent on the primary government. [SGAS 14]

FINANCIAL ACCOUNTING FOUNDATION (FAF). Nonprofit organization responsible for overseeing the operations of both the GASB and the FASB.

FINANCIAL ACCOUNTING STANDARDS ADVISORY COUNCIL (FASAC). Advisory group that assists the FASB. The FASAC includes representatives of all of the FASB's major constituents.

FINANCIAL ACCOUNTING STANDARDS BOARD (FASB). The authoritative accounting and financial reporting standard-setting body for business enterprises and nonprofit organizations. The FASB is the direct successor of the Committee on Accounting Procedure and the Accounting Principles Board. The GASB and its predecessors have elected to apply a number of the FASB's standards, as well as those of its predecessors, to state and local governments.

FINANCIAL AUDITS. Audits designed to provide independent assurance of the fair presentation of financial information.

FINANCIAL REPORTING ENTITY. A primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The nucleus of a financial reporting entity usually is a primary government. However, a governmental organization other than a primary government (such as a component unit, a joint venture, a jointly governed organization, or other stand-alone government) serves as the nucleus for its own reporting entity when it issues separate financial statements. [SGAS 4]

FINANCIAL REPORTING EXECUTIVE COMMITTEE (FinREC). An AICPA committee that is authorized to issue public statements on behalf of the AICPA without explicit consent from the AICPA's board of directors. FinREC determines the technical policies related to financial reporting standards.

FINANCIAL RESOURCES. Resources that are or will become available for spending. Financial resources include cash and resources ordinarily expected to be converted to cash (e.g., receivables, investments). Financial resources also may include inventories and prepaids (because they obviate the need to expend current available financial resources).

FINANCIAL SECTION. One of the three basic sections of a comprehensive annual financial report. The financial section is used to present the independent auditor's report on the financial statements, management's discussion and analysis, the basic financial statements (including the notes to the financial statements), required supplementary information, combining statements, individual fund statements and schedules, and supplementary information, as needed.

FINDING. Term used in connection with public-sector auditing. Published communication of an internal control weaknesses or instance of noncompliance in connection with an audit conducted in accordance with GAGAS.

FISCAL ACCOUNTABILITY. The responsibility of governments to justify that their actions in the current period have complied with public decisions concerning the raising and spending of public monies in the short term (usually one budgetary cycle or one year). This term is used in contrast to *operational accountability*. [SGAS 34]

FISCAL DEPENDENCE. Term used in connection with the definition of the financial reporting entity. Situation requiring the inclusion of a legally separate entity as a component unit within the financial reporting entity because the governing board of the primary government may *arbitrarily* override the financial decisions of the legally separate entity regarding (a) its budget, (b) the levying of taxes or the setting of rates or charges, or (c) the issuance of bonded debt.

FISCAL FUNDING CLAUSE. Term used in connection with capital leases. A clause in a lease agreement that generally provides that the lease is cancelable if the legislature or other funding authority does not appropriate the funds necessary for the government unit to fulfill its obligations under the lease agreement. [NCGA Statement 5]

FIVE PERCENT CRITERION. Second of two tests used to determine whether a given governmental fund or enterprise fund must be reported as a major fund in the basic financial statements. This test is

applied to the combined total assets, liabilities, revenues or expenses/expenditures of all governmental and enterprise funds for which the 10 percent criterion has been met.

FIXED BUDGETS. Term used in contrast with *flexible budgets*. Budgets that embody estimates of specific (fixed) dollar amounts. [NCGA Statement 1]

FIXED COUPON REPURCHASE-REVERSE REPURCHASE AGREEMENT. A repurchase agreement or a reverse repurchase agreement where the parties agree that the securities returned will have the same stated interest rate as, and maturities similar to, the securities transferred. [SGAS 3]

FLEXIBLE BUDGETS. Term used in contrast with *fixed budgets*. Budgets that embody dollar estimates that vary according to demand for the goods or services provided. [NCGA Statement 1]

FOOD STAMPS. A federal award program that is intended to improve the diets of members of low-income households by increasing their ability to purchase food. [SGAS 24]

FOREIGN CURRENCY RISK. Risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. [SGAS 40]

FORMULA GRANTS. Government-mandated or voluntary nonexchange transactions involving the provision of resources based upon established criteria (e.g., number of full-time equivalent students) other than the incurrence of qualifying expenditures.

FUNCTION. A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible (e.g., *public safety*).

FUND. A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations [NCGA Statement 1]

FUNDAMENTAL ANALYSIS. A method of estimating the fair value of a security when it is thinly traded or when quoted market prices are not available. Fundamental analysis considers assets, liabilities, operating statement performance, management, and economic environment of the issuer in estimating a fair value. [SGAS 31, Q&A]

FUND BALANCE. The difference between assets and liabilities reported on the Balance Sheet of the governmental funds.

FUND CLASSIFICATIONS. One of the three categories (governmental, proprietary, and fiduciary) used to classify fund types.

FUND FINANCIAL STATEMENTS. Basic financial statements presented on the basis of funds. Term used in contrast with *government-wide financial statements*.

FUND TYPE. One of 11 classifications into which all individual funds can be categorized. Governmental fund types include the general fund, special revenue funds, debt service funds, capital projects funds,

and permanent funds. Proprietary fund types include enterprise funds and internal service funds. Fiduciary fund types include pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and agency funds.

FUNDED MANDATE. Also known as a government-mandated nonexchange transaction. A situation where a government at one level provides resources to a government at another level and requires the recipient to use the resources for a specific purpose (for example, federal programs that state or local governments are mandated to perform). [SGAS 33]

FUNDED RATIO. The actuarial value of assets expressed as a percentage of the actuarial accrued liability. [SGAS 25 and SGAS 43]

GAAFR. The acronym for *Governmental Accounting, Auditing, and Financial Reporting*, a publication of the Government Finance Officers Association. Also known as the *Blue Book*, various editions of this book have been published since the mid 1930s.

GAAP HIERARCHY. Identification and ranking of the sources of GAAP set forth in SAS No. 69, *The Meaning of "Present Fairly in Conformity with Generally Accepted Accounting Principles" in the Independent Auditor's Report* and SAS No. 91, *Federal GAAP Hierarchy*.

GENERAL FUND. The general fund is one of five governmental fund types and typically serves as the chief operating fund of a government. The general fund is used to account for all financial resources except those required to be accounted for in another fund. [NCGA Statement 1]

GENERAL REVENUES. All revenues that are *not* required to be reported as program revenues in the government-wide statement of activities. All taxes, even those that are levied for a specific purpose, are general revenues and should be reported by type of tax—for example, sales tax, property tax, franchise tax, income tax. All other nontax revenues (including interest, grants, and contributions) that do not meet the criteria to be reported as program revenues should also be reported as general revenues. [SGAS 34]

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP). The conventions, rules, and procedures that serve as the norm for the fair presentation of financial statements. The various sources of GAAP for state and local government are set forth by SAS No. 69, *The Meaning of "Present Fairly in Conformity with Generally Accepted Accounting Principles" in the Independent Auditor's Report*.

GENERALLY ACCEPTED AUDITING STANDARDS (GAAS). The rules and procedures that govern the conduct of a financial audit. There are ten basic GAAS classed into three broad categories: general standards, standards of fieldwork, and standards of reporting. The Auditing Standards Board of the AICPA publishes SASs and related interpretations to comment and expand upon these basic standards.

GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS (GAGAS). Standards for the conduct and reporting of both financial and performance audits in the public sector. The General Accounting Office promulgates GAGAS through its publication *Government Auditing Standards*, commonly known as the *Yellow Book*. The basic GAGAS standards are classed into three broad categories: general standards, fieldwork standards, and reporting standards. The general standards of GAGAS apply to both financial audits and performance audits. GAGAS establish separate fieldwork and reporting standards for

financial audits and performance audits. The fieldwork standards and reporting standards used for financial audits build upon the standards of fieldwork and the standards of reporting of GAAS.

GOVERNMENT ACCOUNTABILITY OFFICE (GAO). The investigative arm of the U.S. Congress charged with improving the performance and accountability of the federal government. In the context of accounting, auditing, and financial reporting for state and local governments, the GAO is best known for issuing *Government Auditing Standards*, commonly known as the “Yellow Book,” which sets generally accepted government auditing standards (GAGAS).

GOVERNMENT FINANCE OFFICERS ASSOCIATION (GFOA). An association of public finance professionals founded in 1906 as the Municipal Finance Officers Association. The GFOA has played a major role in the development and promotion of GAAP for state and local government since its inception and has sponsored the Certificate of Achievement for Excellence in Financial Reporting Program since 1946. It also publishes *Governmental Accounting, Auditing, and Financial Reporting*, commonly known as the “Blue Book.”

GOVERNMENTAL ACCOUNTING STANDARDS ADVISORY COUNCIL (GASAC). An advisory body established to assist the GASB. The membership of the GASAC represents all major groups with an interest in accounting and financial reporting for state and local governments.

GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB). The ultimate authoritative accounting and financial reporting standard-setting body for state and local governments. The GASB was established in June 1984 to replace the NCGA.

GOVERNMENTAL ACCOUNTING, AUDITING, AND FINANCIAL REPORTING (GAAFR). A publication of the Government Finance Officers Association. Also known as the *Blue Book*, various editions have been published since the mid 1930s.

GOVERNMENTAL ACTIVITIES. Activities generally financed through taxes, intergovernmental revenues, and other nonexchange revenues. These activities are usually reported in governmental funds and internal service funds. [SGAS 34]

GOVERNMENTAL ENTITY. For accounting and financial reporting purposes, an entity subject to the hierarchy of GAAP applicable to state and local governmental units. The criteria used to distinguish governmental entities from nongovernmental entities are set forth in the AICPA’s *Audits of State and Local Governmental Units*.

GOVERNMENTAL EXTERNAL INVESTMENT POOL. An arrangement that commingles (pools) the monies of more than one legally separate entity and invests, on the participants’ behalf, in an investment portfolio (one or more of the participants not being part of the sponsor’s reporting entity). An external investment pool can be sponsored by an individual government, jointly by more than one government, or by a nongovernmental entity. An investment pool that is sponsored by an individual state or local government is an external investment pool only if it includes participation by a legally separate entity that is not part of the same reporting entity as the sponsoring government. If a government-sponsored pool includes only the primary government and its component units, it is an internal investment pool and not an external investment pool. [SGAS 31]

GOVERNMENTAL FINANCIAL REPORTING MODEL. The minimum combination of financial statements, note disclosures, and required supplementary information prescribed for state and local governments by the GASB.

GOVERNMENTAL FUNDS. Funds generally used to account for tax-supported activities. There are five different types of governmental funds: the general fund, special revenue funds, debt service funds, capital projects funds, and permanent funds.

GOVERNMENT-MANDATED NONEXCHANGE TRANSACTIONS. Transactions that occur when a government at one level provides resources to a government at another level and requires the recipient to use the resources for a specific purpose (for example, federal programs that state or local governments are mandated to perform). [SGAS 33]

GOVERNMENT-WIDE FINANCIAL STATEMENTS. Financial statements that incorporate all of a government's governmental and business-type activities, as well as its nonfiduciary component units. There are two basic government-wide financial statements: the statement of net position and the statement of activities.

GUARANTEED INVESTMENT CONTRACT. A group annuity contract designed to provide guarantees of principal and interest on funds deposited with an insurance company for a specified period.

HEALTHCARE COST TREND RATE. In connection with other postemployment benefit healthcare plans, the rate of change in per capita health claims costs over time as a result of factors such as medical inflation, utilization of healthcare services, plan design, and technological developments. [SGAS 43]

IMPACT FEES. Fees charged to developers to cover, in whole or in part, the anticipated cost of improvements that will be necessary as a result of the development (e.g., parks, sidewalks).

IMPAIRMENT. Significant, unexpected decline in the service utility of a capital asset. [SGAS 42]

IMPLEMENTATION GUIDES. Guidance on the proper implementation of authoritative accounting and financial reporting standards issued by the staff of the GASB. Implementation guides use a question-and-answer format and enjoy "level 4" status on the hierarchy of GAAP for state and local governments established by the AICPA's SAS No. 69, *The Meaning of "Present Fairly in Conformity with Generally Accepted Accounting Principles" in the Independent Auditor's Report*. The GASB annually issues a Comprehensive Implementation Guide that consolidates, updates, and expands upon the guidance offered in the individual publications,

IMPOSED NONEXCHANGE REVENUES. Revenues that result from assessments imposed on nongovernmental entities, including individuals, other than assessments on exchange transactions (for example, property taxes and fines). [SGAS 33]

IMPROVEMENT. An addition made to, or change made in, a capital asset, other than maintenance, to prolong its life or to increase its efficiency or capacity. The cost of the addition or change is added to the book value of the asset.

“IN-RELATION-TO” OPINION. An indication in the independent auditor’s report that the auditor does *not* render an opinion on the fair presentation *per se* of certain information contained in the financial report (e.g., combining and individual fund financial statements), but does assert that the information in question is fairly presented *in relation to* the audited financial statements.

INCURRED BUT NOT REPORTED (IBNR) CLAIMS. Term used in connection with risk financing. Claims for insured events that have occurred but have not yet been reported to the governmental entity, public entity risk pool, insurer, or reinsurer as of the date of the financial statements. IBNR claims include (a) known loss events that are expected to be presented later as claims, (b) unknown loss events that are expected to become claims, and (c) expected future development on claims already reported. [SGAS 10]

INDEPENDENT AUDITOR. Auditors who are independent, both in fact and appearance, of the entities they audit. Both GAAS and GAGAS set specific criteria that must be met for an auditor to be considered to be independent.

INDEPENDENT AUDITOR’S REPORT. The official written communication of the results of an audit. In a financial audit, the independent auditor’s report typically will offer (or disclaim) an opinion on whether a set of financial statements is fairly presented in conformity with GAAP (or some other comprehensive basis of accounting).

INDIRECT EXPENSES. Expenses that cannot be specifically associated with a given service, program, or department and thus, cannot be clearly associated with a particular functional category. [SGAS 34]

INDIVIDUAL INVESTMENT ACCOUNTS. An investment service provided by a governmental entity for other, legally separate entities that are not part of the same reporting entity. With individual investment accounts, specific investments are acquired for individual entities and the income from and changes in the value of those investments affect only the entity for which they were acquired. [SGAS 31]

INFLOW OF RESOURCES. An inflow of resources is an acquisition of net assets by the school district that is applicable to the reporting period. The acquisition of net assets occurs when net assets are obtained by the school district even if those net assets are consumed directly when acquired. An acquisition of net assets results in an increase in assets in excess of any related increase in liabilities or a decrease in liabilities in excess of any related decrease in assets. [GASB Concepts Statement No. 4, ¶128]

INFRASTRUCTURE. Long-lived capital assets that normally are stationary in nature and normally can be preserved for a significantly greater number of years than most capital assets. Examples of infrastructure assets include roads, bridges, tunnels, drainage systems, water and sewer systems, dams, and lighting systems. [SGAS 34]

IN-SUBSTANCE DEFEASANCE OF DEBT. A situation that occurs when debt is considered defeased for accounting and financial reporting purposes, even though a legal defeasance has not occurred. When debt is defeased, it is no longer reported as a liability on the face of the statement of position; only the new debt, if any, is reported as a liability. [SGAS 7]

INSURED BENEFIT. A pension and other postemployment benefit financing arrangement whereby an employer accumulates funds with an insurance company, while employees are in active service, in

return for which the insurance company unconditionally undertakes a legal obligation to pay the pension benefits of those employees or their beneficiaries, as defined in the employer's plan. From an employer perspective, an insured benefit resembles a defined contribution plan, while from an employee perspective it resembles a defined benefit plan. [SGAS 27 and SGAS 45]

INTANGIBLE ASSET. An intangible asset is an asset that does not manifest itself in physical form, such as the right to use intellectual property, easement or land use rights, (i.e., water rights, timber rights and mineral rights), copyrights, or computer software. It remains an asset so long as it is capable of providing services for the school district. [GASB Concepts Statement No. 4, ¶10]

INTEGRATED BUDGET. A situation in which the accounting system has been designed to automatically provide timely budgetary information concerning the uncommitted balance of appropriations and unrealized revenues.

INTEREST RATE RISK. Risk that changes in interest rates will adversely affect the fair value of an investment. [SGAS 40]

INTERFUND ACTIVITY. Activity between funds of the primary government, including blended component units. Interfund activities are divided into two broad categories: reciprocal and nonreciprocal. Reciprocal interfund activity comprises interfund loans and interfund services provided and used. Nonreciprocal interfund activity comprises interfund transfers and interfund reimbursements.

INTERFUND LOANS. Amounts provided between funds and blended component units of the primary government with a requirement for repayment. [SGAS 34]

INTERFUND REIMBURSEMENTS. Repayments from the funds or blended component units of the primary government responsible for particular expenditures or expenses to the funds or blended component units of the primary government that initially paid for them. [SGAS 34]

INTERFUND SERVICES PROVIDED AND USED. Sales and purchases of goods and services between funds and blended component units of the primary government for a price approximating their external exchange value. [SGAS 34]

INTERFUND TRANSFERS. Flows of assets (such as cash or goods) between funds and blended component units of the primary government without equivalent flows of assets in return and without a requirement for repayment. [SGAS 34].

INTERNAL AUDITING. An appraisal of the diverse operations and controls within a government entity to determine whether acceptable policies and procedures are followed, established standards are met, resources are used efficiently and economically, and the organization's objectives are being achieved. The term covers all forms of appraisal of activities undertaken by auditors working for and within an organization.

INTERNAL CONTROL FRAMEWORK. An integrated set of policies and procedures designed to assist management to achieve its goals and objectives. To be truly comprehensive, a government's internal control framework must (a) provide a favorable control environment, (b) provide for the continuing

assessment of risk, (c) provide for the design, implementation, and maintenance of effective control-related policies and procedures, (d) provide for the effective communication of information, and (e) provide for the ongoing monitoring of the effectiveness of control-related policies and procedures as well as the resolution of potential problems identified by controls.

INTERNAL FINANCIAL REPORTING. Financial reporting specifically designed to meet the needs of management.

INTERNAL SERVICE FUNDS. Proprietary fund type that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis. [SGAS 34]

INTERPERIOD EQUITY. The state in which current period inflows of resources equal current period costs of services. The interperiod equity determines the period to which an outflow (or inflow) of resources is applicable, for resource flows statements, by using the economic resources measurement focus. Interperiod equity is an accountability metric. [GASB Concepts Statement No. 4, ¶127]

INTRODUCTORY SECTION. The first of three essential components of any comprehensive annual financial report. The introductory section typically provides general information on a government's structure and personnel as well as information useful in assessing the government's economic condition. The key element of the introductory section is the letter of transmittal. The contents of the introductory section normally fall outside the scope of the independent audit of the financial statements.

NET INVESTMENT IN CAPITAL ASSETS. One of three components of net position that must be reported in both government-wide and proprietary fund financial statements. Related debt, for this purpose, includes the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of capital assets of the government.

INVESTING ACTIVITIES. Term used in connection with cash flows reporting. Investing activities include making and collecting loans (except program loans) and acquiring and disposing of debt or equity instruments. [SGAS 9]

INVESTMENT SECTION. One of the sections of a comprehensive annual financial report of an investment pool or public employee retirement system.

INVESTMENT TRUST FUNDS. Fiduciary fund type used to report governmental external investment pools in separately issued reports and the external portion of these same pools when reported by the sponsoring government. [SGAS 34]

INVITATION TO COMMENT. A due-process document that may be released by the GASB to solicit the views of interested parties on a topic under study by the board prior to the release of an exposure draft.

ISSUER. In the context of investment disclosure, the entity that has the authority to distribute a security or other investment. A bond issuer is the entity that is legally obligated to make principal and interest payments to bondholders. In the case of mutual funds, external investment pools, and other pooled investments, "issuer" refers to the entity invested in, not the investment company manager or pool sponsor. [SGAS 40].

JOINT VENTURE. A legal entity or other organization that results from a contractual arrangement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility. Generally, the purpose of a joint venture is to pool resources and share the costs, risks, and rewards of providing goods or services to the joint venture participants directly, or for the benefit of the public or specific service recipients. [SGAS 14]

JOINTLY GOVERNED ORGANIZATION. A regional government or other multi-governmental arrangement that is governed by representatives from each of the governments that create the organization, but that is not a joint venture because the participants do not retain an ongoing financial interest or responsibility. [SGAS 14]

LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS. Costs incurred to provide for the protection of the environment that occur near or after the date that a municipal solid-waste landfill stops accepting solid waste and during the postclosure period. Closure and postclosure care costs include the cost of equipment and facilities (e.g., leachate collection systems and final cover) as well as the cost of services (e.g., postclosure maintenance and monitoring costs). [SGAS 18]

LAPSE PERIOD. A specified time at the beginning of a given budget period during which encumbrances outstanding at the end of the prior budget period may be liquidated using the prior year's budgetary authority. Many governments avoid the use of a lapse period by automatically appropriating as part of each new budget an amount sufficient to cover encumbrances outstanding at the end of the prior budget period (a process known as "reappropriation").

LEGAL DEBT MARGIN. The excess of the amount of debt legally authorized over the amount of debt outstanding.

LEGAL DEFEASANCE. A situation that occurs when debt is legally satisfied based on certain provisions in the debt instrument even though the debt is not actually paid. When debt is defeased, it is no longer reported as a liability on the face of the statement of position; only the new debt, if any, is reported as a liability. [SGAS 7]

LEGAL LEVEL OF BUDGETARY CONTROL. The level at which a government's management may not reallocate resources without special approval from the legislative body.

LENT SECURITIES. The securities lent by the lender to the borrower in a securities lending transaction. Also referred to as *underlying securities*. [SGAS 28]

LEVEL (1-4) GUIDANCE. In the context of the hierarchy of GAAP for state and local governments, a reference to the relative authority of a given source of GAAP guidance.

LEVEL OF EFFORT REQUIREMENT. A requirement that a grant recipient not use grant resources to reduce its own participation in a given program or activity.

LIABILITIES. Liabilities are present obligations to sacrifice resources that the school district has little or no discretion to avoid. An obligation is a social, legal, or moral requirement, such as a duty, contract, or

promise that compels one to follow or avoid a particular course of action. A present obligation that is a liability is a duty or responsibility to sacrifice resources that the government has little or no discretion to avoid. For a liability to be a present obligation the event that created the liability has taken place. The reason that many liabilities cannot be avoided is that they are legally enforceable, meaning that a court could compel the school district to fulfill the obligation. [GASB Concepts Statement No. 4, ¶17-23]

LIEN DATE. For property (ad valorem) taxes, the date when an enforceable legal claim to taxable property arises. Generally the lien date is specified in the relevant enabling legislation. Many governments use the term *lien date* even though a lien is not formally placed on the property at that date. Alternatively, the term *assessment date* is used to describe this same date. [SGAS 33]

LOAN PREMIUM OR FEE. Term used in connection with securities lending arrangements. Payments from the borrower to the lender as compensation for the use of the underlying securities when the securities lending arrangement is backed either by a letter of credit or by securities that cannot be pledged or sold absent a default. [SGAS 28]

MAJOR FUND. A governmental fund or enterprise fund reported as a separate column in the basic fund financial statements and subject to a separate opinion in the independent auditor's report. The general fund is always a major fund. Otherwise, major funds are funds whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds for the same item. Any other government or enterprise fund may be reported as a major fund if the government's officials believe that fund is particularly important to financial statement users. [SGAS 34]

MAJOR PROGRAM. Term used in the context of Single Audits. As part of the Single Audit, the independent auditor must gain an understanding of internal controls over compliance for each major federal award program and then test those controls. In addition, the independent auditor must render an opinion on whether the government complied with laws, regulations, and provisions of contracts or grant agreements that could have a direct and material effect on each major federal award program.

MANAGEMENT LETTER. A term used in connection with the independent audit of the financial statements. A formal communication by the auditor to management that focuses on internal control weaknesses discovered in the course of the audit of the financial statements. A management letter typically would be redundant in an audit conducted in accordance with GAGAS, which require that the independent auditor publish internal control weaknesses and instances of noncompliance in conjunction with a formal report on internal control and compliance. The management letter, as just described, should be distinguished from the management *representation* letter. The latter is a communication by management to the independent auditor in which management takes formal responsibility for the fair presentation of the financial statements and makes certain specific representations regarding their contents and circumstances.

MANAGEMENT'S DISCUSSION AND ANALYSIS. A component of required supplementary information used to introduce the basic financial statements and provide an analytical overview of the government's financial activities. [SGAS 34]

MARKET-ACCESS RISK. In the context of disclosures for derivatives, the risk that arises when a government enters into a derivative in anticipation of entering the credit market at a later date, but may ultimately be prevented from doing so, thereby frustrating the purpose of the derivative.

MATCHING REQUIREMENT. A requirement that a grant recipient contribute resources to a program that equal or exceed a predetermined percentage of amounts provided by the grantor.

MATERIAL WEAKNESS. A significant deficiency (or combination of significant deficiencies) that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected.

MATERIALITY. In the context of financial reporting, the notion that an omission or misstatement of accounting information is of such significance as to make it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

MATRIX PRICING. A method of estimating the fair value of a security when it is thinly traded or when quoted market prices are not available. Matrix pricing estimates a security's fair value by considering coupon interest rates, maturity, credit rating, and market indexes as they relate to the security being valued and to similar issues for which quoted prices are available. [Q&A]

MEASUREMENT APPROACH. Act or process of determining a value for the elements presented in financial statements. Elements of financial statements include assets, liabilities, deferred outflows of resources, deferred inflows of resources, net position, outflows of resources, and inflows of resources. The measurement approach identifies the point in time to which the amount reported for an element of financial statements directly refers. [GASB Concepts Statement No. 6, ¶5-6]

- **Initial-Transaction-Date-Based Measurement (Initial Amount)** – The transaction price or amount assigned when an asset was acquired or a liability was incurred, including subsequent modifications to that price or amount that are derived from the amount at which the asset or liability was initially reported. [GASB Concepts Statement No. 6, ¶6]
- **Current-Financial-Statement-Date-Based Measurement (Remeasured Amount)** – The amount assigned when an asset or liability is remeasured as of the financial statement date. [GASB Concepts Statement No. 6, ¶6]

MEASUREMENT FOCUS. Types of balances (and related changes) reported in a given set of financial statements (i.e., economic resources, current financial resources, assets and liabilities resulting from cash transactions).

MODIFIED ACCRUAL BASIS OF ACCOUNTING. Basis of accounting used in conjunction with the current financial resources measurement focus that modifies the accrual basis of accounting in two important ways 1) revenues are not recognized until they are measurable and available, and 2) expenditures are recognized in the period in which governments in general normally liquidate the related liability rather than when that liability is first incurred (if earlier).

MODIFIED APPROACH. The election *not* to depreciate infrastructure assets that are part of a network or subsystem of a network that meet two requirements. First, the government manages the eligible

infrastructure assets using an asset management system that has certain specified characteristics; second, the government documents that the eligible infrastructure assets are being preserved approximately at (or above) a condition level established and disclosed by the government. [SGAS 34]

MODIFIED OPINION. Term used in connection with financial auditing. A modification of the independent auditor's report on the fair presentation of the financial statements indicating that there exists one or more specific exceptions to the auditor's general assertion that the financial statements are fairly presented.

MONEY MARKET INVESTMENT. A short-term, highly liquid debt instrument, including commercial paper, banker's acceptances, and U.S. Treasury and agency obligations. Asset-backed securities, derivatives, and structured notes are not included in this term. [SGAS 31]

MULTI-PURPOSE GRANTS. Term used in connection with the identification of program revenues. Grants intended to finance activities reported in different functional categories in the government-wide statement of activities. Multipurpose grants that do not provide for specific identification of the programs and amounts should be reported as general revenues. [SGAS 34]

MUNICIPAL FINANCE OFFICERS ASSOCIATION. Original name of the Government Finance Officers Association of the United States and Canada.

MUNICIPAL SOLID-WASTE LANDFILL. A discrete area of land or an excavation that receives household waste, and that is not a land application unit, surface impoundment, injection well, or waste pile, as those terms are defined in regulations of the Environmental Protection Agency. It may also receive other types of Resource Conservation and Recovery Act Subtitle D wastes, such as commercial solid waste, nonhazardous sludge, and industrial solid waste. The term *municipal* indicates the primary type of solid waste received by the landfill, not its ownership. [SGAS 18].

NATIONAL ADVISORY COUNCIL ON STATE AND LOCAL BUDGETING (NACSLB). A working group created by eight public-sector organizations to establish a comprehensive framework for public-sector budgeting that could be used by state and local governments as an ideal against which to measure and improve the quality of their own budget practices. The Government Finance Officers Association has formally recommended the NACSLB's guidelines to its members.

NATIONAL COMMITTEE ON GOVERNMENTAL ACCOUNTING. A committee of the Municipal Finance Officers Association that served as the authoritative accounting and financial reporting standard-setting body for local governments from 1946 until the establishment of the National Council on Governmental Accounting in the 1970s.

NATIONAL COUNCIL ON GOVERNMENTAL ACCOUNTING (NCGA). The immediate predecessor of the GASB as the authoritative accounting and financial reporting standard-setting body for state and local governments. The NCGA issued 7 statements and 11 interpretations prior to its dissolution in June 1984. These statements and interpretations remain effective unless superseded by a subsequent GASB pronouncement.

NATIONAL COMMITTEE ON MUNICIPAL ACCOUNTING (NCMA). A committee of the Municipal Finance Officers Association that served as the authoritative accounting and financial reporting standard-setting body for local governments prior to 1946. The NCMA was one of the predecessors of the GASB.

NEGOTIABLE CERTIFICATES OF DEPOSIT. Transferable certificates of deposit normally sold in \$1 million units that can be traded in a secondary market. Because they are transferable, negotiable certificates of deposit are subject to custodial credit risk. [Q & A]

NET COST. Term used in the context of the government-wide statement of activities. The difference between functional expenses and program revenues.

NET GENERAL OBLIGATION DEBT. General obligation debt reduced by the amount of any accumulated resources restricted to repaying the principal of such debt. [SGAS 44]

NET INVESTMENT IN CAPITAL ASSETS. Component of net position that consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt should also be included in the net investment in capital assets portion of net position. [GASB Statement No 63, ¶19]

NET PENSION/OTHER POSTEMPLOYMENT BENEFIT OBLIGATION. Term used in connection with defined benefit pension and other postemployment benefit plans. The cumulative difference between annual pension cost and the employer's contributions to the plan, including the pension/other postemployment benefit liability (asset) at transition, if any, and excluding (a) short-term differences and (b) unpaid contributions that have been converted to pension-related/other postemployment benefit-related debt. [SGAS 27 and SGAS 45]

NET PENSION LIABILITY. The total pension liability less the amount of the pension plan's fiduciary net position (unfunded accrued liability). For cost-sharing plans, the school district's net pension liability is equal to its proportionate share of the total net pension liability for all participating employers, calculated based on the school district's proportionate share of total estimated long-term employer contributions. If the plan's valuation has not been performed as of the end of the pension plan's fiscal year, the total pension liability is required to be based on update procedures to roll forward amounts from an earlier actuarial valuation. Liabilities associated with different pension plans may be displayed in the aggregate and should be displayed separately from aggregated pension assets. The school district should recognize a liability in the governmental fund financial statements for 1) defined contribution plan contributions that are due and payable pursuant to legal or contractual requirements; and 2) defined benefit plan benefit payments that are due and payable and in excess of available resources in the pension trust.

NET POSITION. Net position is the residual of all other elements presented in a statement of financial position. Net position is measured by the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. The amount of net position maintains a specific relationship with the net activity in the resource flows statement. The increase or decrease in net

position from one period to the next equals the net of all activity reported in the resource flows statement for that period. [GASB Concepts Statement No. 4]

NO-COMMITMENT SPECIAL ASSESSMENT DEBT. Special assessment debt secured solely by liens on assessed properties and resources provided from bond proceeds and is not backed by either the full faith and credit of the government or by any other type of general government commitment.

NONCAPITAL FINANCING ACTIVITIES. Term used in connection with cash flows reporting. Noncapital financing activities include borrowing money for purposes other than to acquire, construct, or improve capital assets and repaying those amounts borrowed, including interest. This category includes proceeds from all borrowings (such as revenue anticipation notes) not clearly attributable to acquisition, construction, or improvement of capital assets, regardless of the form of the borrowing. Also included are certain other interfund and intergovernmental receipts and payments. [SGAS 9]

NONEXCHANGE TRANSACTIONS. A transaction in which a government (including the federal government, as a provider) either gives value (benefit) to another party without directly receiving equal value in exchange or receives value (benefit) from another party without directly giving equal value in exchange. [SGAS 33]

NONFINANCIAL ASSETS. A term used in connection with the current financial resources measurement focus and the modified accrual basis of accounting. Assets that are expected to be used in the provision of goods or services rather than converted to cash. Financial statement preparers have the option of treating prepaid items and the inventories of supplies as either a financial asset (consumption method) or as a nonfinancial asset (purchases method).

NONOPERATING REVENUES AND EXPENSES. A term used in connection with the proprietary fund operating statement. Revenues and expenses not qualifying as operating items, which typically include interest revenue and expense, taxes, and grants that are not equivalent to contracts for services.

NONPARTICIPATING INTEREST-EARNING INVESTMENT CONTRACTS. Investment contracts whose value is not affected by market (interest rate) changes (e.g., nonnegotiable certificates of deposit with redemption terms that do not consider market rates). This definition excludes investment contracts that are negotiable or transferable, or whose redemption value considers market rates. [SGAS 31]

NONRECIPROCAL INTERFUND ACTIVITY. The internal counterpart to nonexchange transactions. This category includes both interfund transfers and interfund reimbursements. [SGAS 34]

NONSPENDABLE FUND BALANCE. Includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not spendable form” criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. It also includes the long-term amount of loans and notes receivable, as well as property acquired for resale. However, if the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned, then they should be included in the appropriate fund balance classification (restricted, committed, or assigned), rather than nonspendable fund balance. [GASB Statement No. 54, ¶16]

NORMAL COSTING. Term used in connection with the valuation of capital assets. Estimate of historical cost based on current cost of reproduction new indexed by a reciprocal factor of the price increase of a specific item or classification from the appraisal date to the estimated date of acquisition. That is, the historical cost of an asset is estimated by taking the value of acquiring the asset new today and then discounting that amount by an appropriate inflation factor back to the date of acquisition.

NOTIONAL AMOUNT. In the context of a derivative, the number (e.g., current units, shares, bushels) to which an underlying is applied.

NUMBER OF FUNDS PRINCIPLE. The principle that only the minimum number of funds consistent with legal and operating requirements should be established, since unnecessary funds result in inflexibility, undue complexity, and inefficient financial administration. [NCGA Statement 1]

OBJECT. A term used in connection with the classification of expenditures. The article purchased or the service obtained, rather than the purpose for which the article or service was purchased or obtained (e.g., *personal services, contractual services, materials and supplies*).

OBLIGATION/PRESENT OBLIGATION. An obligation is a social, legal, or moral requirement, such as a duty, contract, or promise that compels one to follow or avoid a particular course of action. A present obligation is a duty or responsibility to sacrifice resources that the government has little or no discretion to avoid. [GASB Concepts Statement No. 4, ¶18-23]

OFFICE OF MANAGEMENT AND BUDGET (OMB). An agency of the federal government with regulatory oversight of Single Audits. In fulfillment of this responsibility the OMB has issued Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

ON-BEHALF PAYMENTS OF FRINGE BENEFITS AND SALARIES. Direct payments made by one entity (the paying entity or paying government) to a third-party recipient for the employees of another, legally separate entity (the employer entity or employer government). They include payments made by governmental entities on behalf of nongovernmental entities and payments made by nongovernmental entities on behalf of governmental entities, and may be made for volunteers as well as for paid employees of the employer entity. [SGAS 24]

OPEN AMORTIZATION PERIOD. Term used in connection with defined benefit pension and other postemployment benefit plans. An open amortization period (open basis) is one that begins again or is recalculated at each actuarial valuation date. Within a maximum number of years specified by law or policy (for example, 30 years), the period may increase, decrease, or remain stable. [SGAS 25 and SGAS 43]

OPEN-END MUTUAL FUND. An open-end mutual fund is one that continuously offers its shares for sale to the public, compared with a closed-end company, which may issue only a limited number of shares. Mutual funds generally do not issue share certificates; instead, they send out periodic statements showing deposits, withdrawals, and dividends credited to the investor's account. [SGAS 3]

OPERATING ACTIVITIES. Term used in connection with cash flows reporting. Operating activities generally result from providing services and producing and delivering goods, and include all transactions

and other events that are not defined as capital and related financing, noncapital financing, or investing activities. [SGAS 9]

OPERATING REVENUES AND EXPENSES. Cost of goods sold and services provided to customers and the revenue thus generated.

OPERATIONAL ACCOUNTABILITY. Governments' responsibility to report the extent to which they have met their operating objectives efficiently and effectively, using all resources available for that purpose, and whether they can continue to meet their objectives for the foreseeable future. [SGAS 34]

OPTION-ADJUSTED SPREAD MODELS. A method of estimating the fair value of an option when it is thinly traded or when quoted market prices are not available. Such models measure the spread provided from a security that is an option or includes an option. Using a benchmarked yield curve, separate cash flows are discounted according to their maturity. The result is a spread when compared to yields for risk-free investments. [Q&A]

OPTION CONTRACT. A contract giving the buyer (owner) the right, but not the obligation, to purchase from (call option) or sell to (put option) the seller (writer) of the contract a fixed number of items (such as shares of equity securities) at a fixed or determinable "strike" price on a given date or at any time on or before a given date. [SGAS 31]

OPTION-PRICING MODELS. A method of estimating the fair value of an option when it is thinly traded or when quoted market prices are not available. Under one such model (i.e., the Black-Scholes model) consideration is given to a security's return, the risk-free interest rate, the time remaining until the option expires, and the relationship of the underlying security's price to the strike price of the option. [SGAS 31, Q&A]

ORIGINAL BUDGET. The first complete appropriated budget. The original budget may be adjusted by reserves, transfers, allocations, supplemental appropriations, and other legally authorized legislative and executive changes before the beginning of the fiscal year. The original budget should also include actual appropriation amounts automatically carried over from prior years by law. For example, a legal provision may require the automatic rolling forward of appropriations to cover prior-year encumbrances. [SGAS 34]

OTHER FINANCING SOURCE. An increase in current financial resources that is reported separately from revenues to avoid distorting revenue trends. The use of the *other financing sources* category is limited to items so classified by GAAP.

OTHER FINANCING USE. A decrease in current financial resources that is reported separately from expenditures to avoid distorting expenditure trends. The use of the *other financing uses* category is limited to items so classified by GAAP.

OTHER POSTEMPLOYMENT BENEFITS (OPEB). Postemployment benefits other than pension benefits. OPEB include postemployment health care benefits, regardless of the type of plan that provides them, and all postemployment benefits provided separately from a pension plan, excluding benefits defined as termination offers and benefits. [SGAS 43]

OUTCOME MEASURES. Term used in connection with service efforts and accomplishments reporting. Indicators that measure accomplishments or results that occur (at least partially) because of services provided. Results also include measures of public perceptions of outcomes. [SGAC 2]

OUTFLOW OF RESOURCES. An outflow of resources is a consumption of net assets by the school district that is applicable to the reporting period. A consumption of net assets results in a decrease in assets in excess of any related decrease in liabilities or an increase in liabilities in excess of any related increase in assets. [GASB Concepts Statement No. 4, ¶124]

OUTPUT MEASURES. Term used in connection with service efforts and accomplishments reporting. Indicators that measure the quantity of services provided. Output measures include both measures of the *quantity of service provided* and measures of the *quantity of a service provided that meets a certain quality requirement*. [SGAC 2]

OVERLAPPING DEBT. In the context of the statistical section, the outstanding long-term debt instruments of governments that overlap geographically, at least in part, with the government preparing the statistical section information. That is, debt of another government that at least some of the reporting government's taxpayers will also have to pay in whole or in part. Lower levels of government are not required to treat debt of the state as overlapping debt, even though it technically meets this definition. Furthermore, states, regional governments, and counties are exempted from the requirement to present overlapping debt, although counties are still encouraged to do so. [SGAS 44]

OVERLAPPING GOVERNMENTS. In the context of the statistical section, all local governments located wholly or in part within the geographic boundaries of the reporting government.

OVERLAPPING RATE. In the context of the statistical section, an amount or percentage applied to a unit of a specific revenue base by governments that overlap geographically, at least in part, with the government preparing the statistical section information. [SGAS 44]

OWN-SOURCE REVENUES. In the context of the statistical section, revenues that are generated by a government itself (e.g., tax revenues; water and sewer charges; investment income) rather than provided from some outside source (e.g., intergovernmental aid and shared revenues). [SGAS 44]

PARTICIPATING INTEREST-EARNING INVESTMENT CONTRACTS. Interest-earning investment contracts whose value is affected by market (interest rate) changes (e.g., contracts that are negotiable or transferable, or whose redemption value considers market rates). [SGAS 31]

PASSENGER FACILITIES CHARGES (PFCs). A fixed fee authorized by the Federal Aviation Administration that airports may impose on each departing passenger for use in eligible construction projects or for related debt service. This charge is collected by whoever sells the ticket and then remitted to the airport.

PASS-THROUGH GRANTS. Grants and other financial assistance received by a governmental entity to transfer to, or spend on behalf of, a secondary recipient. [SGAS 24]

PAYMENT IN LIEU OF TAXES (PILOT). A payment that a property owner not subject to taxation makes to a government to compensate it for services that the property owner receives that normally are financed through property taxes.

PENSION (AND OTHER EMPLOYEE BENEFIT) TRUST FUNDS. A fiduciary fund type used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit plans, or other employee benefit plans. [SGAS 34]

PENSION BENEFITS. Retirement income and all other benefits (e.g., disability benefits, death benefits, life insurance) except healthcare benefits, that are provided through a defined benefit pension plan to plan members and beneficiaries after termination of employment or after retirement. Post-employment healthcare benefits are considered other postemployment benefits, regardless of how they are provided. [SGAS 43]

PENSION COST. Accrual measure of the periodic cost of an employer's participation in a defined benefit pension plan. [SGAS 27]

PENSION OBLIGATION BONDS. Bonds issued by employers to finance one or more elements of their pension obligation to employees. Pension obligation bonds may be used, for example 1) to reduce or eliminate the employer's net pension obligation, 2) to pay the employer's annual required contribution for the year, or 3) to reduce or eliminate the plan's unfunded actuarial accrued liability.

PENSION PLAN. An arrangement for the provision of pension benefits in which all assets accumulated for the payment of benefits may legally be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of the plan. [SGAS 25]

PENSION-RELATED DEBT. All long-term liabilities of an employer to a pension plan, the payment of which is not included in the annual required contributions of a sole or agent employer or the actuarially determined required contributions of a cost-sharing employer. Payments generally are made in accordance with installment contracts that usually include interest. Examples include contractually deferred contributions and amounts assessed to an employer upon joining a multiple-employer plan. [SGAS 27]

PENSION TREND DATA. Actuarially based data over time concerning the funding progress of a defined benefit pension plan and employers' actual and annual required contributions to the plan.

PERFORMANCE AUDITING. Auditing designed to evaluate the effectiveness or efficiency of an organization, program, or activity.

PERFORMANCE MEASUREMENT. Commonly used term for service efforts and accomplishments reporting.

PERMANENT ACCOUNTS. Accounts that appear on the Balance Sheet – Governmental Funds (i.e., assets, liabilities, and equity/net assets).

PERMANENT FUNDS. Governmental fund type used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government’s programs—that is, for the benefit of the government or its citizenry. [SGAS 34]

PERSPECTIVE DIFFERENCES. Differences between the budgetary basis of accounting and GAAP that result when the structure of financial information used for GAAP financial reporting differs from the structure of financial information used for budgetary purposes. [NCGA Interpretation 10]

POLICYHOLDER DIVIDENDS. Term used in connection with public-entity risk pools. Payments made or credits extended to the insured by the insurer, usually at the end of a policy year, which result in reducing the net insurance cost to the policyholder. These dividends may be paid in cash to the insured or applied by the insured to reduce premiums due for the next policy year. [SGAS 10]

POPULAR ANNUAL FINANCIAL REPORTING. Supplementary financial reporting designed to meet the special needs of interested parties who are either unable or unwilling to use the more detailed financial information provided in traditional comprehensive annual financial reports.

POPULAR ANNUAL FINANCIAL REPORTING AWARD. An awards program sponsored by the Government Finance Officers Association with the objective of encouraging and assisting governments to prepare and publish high quality popular annual financial reports.

POSTEMPLOYMENT. Period following termination of employment, including the time between termination and retirement. [SGAS 43]

POSTEMPLOYMENT HEALTHCARE BENEFITS. Medical, dental, vision, and other health-related benefits provided to terminated employees, retired employees, dependents, and beneficiaries. [SGAS 43]

PRELIMINARY PROJECT STAGE. Term used in connection with computer software developed or obtained for internal use. Costs incurred prior to the development stage of computer software (e.g., the conceptual formulation of alternatives, the evaluation of alternatives, the determination of the existence of needed technology, and the final selection of alternatives).

PRELIMINARY VIEWS. A due-process document issued by the GASB soliciting comments from interested parties on a proposed authoritative pronouncement prior to the issuance of an exposure draft.

PREMIUM DEFICIENCY. Term used in connection with public-entity risk pools. A situation that occurs if the sum of expected claims costs (including incurred but not reported claims) and all expected claim adjustment expenses, expected dividends to policy holders or pool participants, and unamortized acquisition costs exceeds related unearned premiums. [SGAS 30]

PRESENT SERVICE CAPACITY. The existing capability of an asset to enable the school district to provide services. An example would be cash due to its present service capacity that is used by the school districts to pay for services for the students. [GASB Concepts Statement No. 4, ¶19]

PRIMARY GOVERNMENT. Term used in connection with defining the financial reporting entity. A state government or general purpose local government. Also, a special-purpose government that has a

separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. The primary government is the focus of the financial reporting entities. [SGAS 14]

PRIMARY USERS OF GENERAL-PURPOSE EXTERNAL FINANCIAL REPORTS. Those groups of financial statement users whose needs guide the development of GAAP. For state and local governments, the primary users of general-purpose external financial reports are (a) those to whom government is primarily accountable (the citizenry), (b) those who directly represent the citizens (legislative and oversight bodies), and (c) those who lend or who participate in the lending process (investors and creditors). [SGAC 1]

PRIVATE-PURPOSE TRUST FUNDS. A fiduciary trust fund type used to report all trust arrangements, other than those properly reported in pension trust funds or investment trust funds, under which principal and income benefit individuals, private organizations, or other governments. [SGAS 34]

PROGRAM. Group activities, operations or organizational units directed to attaining specific purposes or objectives.

PROGRAM LOAN. Term used in connection with cash flows reporting. A loan made and collected as part of a governmental program that provides a *direct* benefit to *individual* constituents. [SGAS 9, Q&A]

PROGRAM REVENUE. Term used in connection with the government-wide statement of activities. Revenues that derive directly from the program itself or from parties outside the reporting government's taxpayers or citizenry, as a whole; they reduce the net cost of the function to be financed from the government's general revenues. [SGAS 34]

PROPRIETARY FUNDS. A fund that tracks a district's activities that are operated like private businesses, charging customers a fee in return for goods or services. There are two different types of proprietary funds: Enterprise Fund and Internal Service Fund. Proprietary Funds focus on the determination of operating income, changes in revenues, expenses, and changes in fund net position (or cost recovery), financial position (net position), and cash flows.

PUBLIC EMPLOYEE RETIREMENT SYSTEM (PERS). A state or local governmental entity entrusted with administering one or more pension plans; it also may administer other benefit plans, including postemployment healthcare plans and deferred compensation plans. A public employee retirement system also may be an employer that provides or participates in a pension plan or other types of employee benefit plans for employees of the system. [SGAS 25]

PUBLIC-ENTITY RISK POOL. A cooperative group of governmental entities joining together to finance an exposure, liability, or risk. Risk may include property and liability, workers' compensation, or employee health care. A pool may be a stand-alone entity or included as part of a larger governmental entity that acts as the pool's sponsor. [SGAS 10]

PURE CASH CONDUIT. Term used in connection with pass-through grants. A grantor that merely transmits grantor-supplied moneys without having administrative or direct financial involvement in the program. [SGAS 24]

PURPOSE RESTRICTIONS. Term used in connection with government-mandated and voluntary nonexchange transactions. Legal limitations that specify the purpose or purposes for which resources are required to be used (as distinguished from eligibility requirements). [SGAS 33]

PUT OPTION. An option contract giving the buyer (owner) the right, but not the obligation, to sell to the writer of the contract a fixed number of items (such as shares of equity securities) at a fixed or determinable “strike” price on a given date or at any time on or before a given date. [SGAS 31]

QUALIFIED OPINION. Term used in connection with financial auditing. A modification of the independent auditor’s report on the fair presentation of the financial statements indicating that there exists one or more specific exceptions to the auditor’s general assertion that the financial statements are fairly presented.

QUESTIONED COST. Term used in connection with Single Audits. A determination by the independent auditor that an expenditure under a federal grant does not meet all of the grantor’s requirements and therefore may be subject to refund to the grantor.

REALIZED GAINS AND LOSSES. Difference between the carrying value of an asset and its price at the time of sale if the asset had been reported at other than fair value. (The term *unrealized gains and losses* is used to describe the difference between carrying value and fair value prior to sale).

REAPPROPRIATION. The inclusion of a balance from the prior year’s budget as part of the budget of the subsequent fiscal year. Reappropriation is common for encumbrances outstanding at the end of a fiscal year that a government intends to honor in the subsequent fiscal year.

REASONABLE ASSURANCE. A term used in connection with financial auditing. The principle that the goal of the independent audit of the financial statements is to ensure that financial statements are free from *material* misstatement. The principle of reasonable assurance rests upon the assumption that it is not cost beneficial to attempt to ensure that financial statements are free of *immaterial* misstatements.

REBATABLE ARBITRAGE. A term used in connection with the reinvestment of the proceeds of tax-exempt debt. A requirement to remit to the federal government interest revenue in excess of interest costs when the proceeds from the sale of tax-exempt securities are reinvested in a taxable money market instrument with a materially higher yield.

RECIPROCAL INTERFUND ACTIVITY. The interfund counterpart to exchange and exchange-like transactions. This category includes both interfund loans and interfund services provided and used. [SGAS 34]

REFUNDING. The issuance of new debt whose proceeds are used to repay previously issued debt. The proceeds may be used immediately for this purpose (a current refunding), or they may be placed with an escrow agent and invested until they are used to pay principal and interest on the old debt at a future time (an advance refunding). [SGAS 23]

REGULATED ENTERPRISES. Enterprises for which (a) rates for regulated services or products are either established by, or subject to approval by an independent, third-party regulator (or the governing board itself if it is empowered by statute or contract to establish rates that bind customers), (b) the regulated

rates are designed to recover the specific enterprise's costs of providing regulated services or products, and (c) it is reasonable to assume that the regulated activity can set and collect charges sufficient to recover its costs. Regulated enterprises have the *option* of adopting certain specialized guidance issued by the FASB. In practice, the term "regulated enterprise" normally is applied only to enterprises that elect this option.

REIMBURSEMENT GRANT. A grant for which a potential recipient must first incur qualifying expenditures to be eligible. Reimbursement grants are also referred to as *expenditure-driven grants*.

REINSURANCE. A transaction in which an assuming enterprise (reinsurer), for a consideration (premium), assumes all or part of a risk undertaken originally by another insurer (ceding enterprise). However, the legal rights of the insured are not affected by the reinsurance transaction, and the ceding enterprise issuing the original insurance contract remains liable to the insured for payment of policy benefits. [SGAS 10]

RELATED ORGANIZATION. Term used in connection with defining the financial reporting entity. An organization for which a primary government is accountable because that government appoints a voting majority of the board, but is not *financially* accountable. [SGAS 14]

RELATED PARTY TRANSACTION. A transaction that an informed observer might reasonably believe reflects considerations other than economic self-interest based upon the relationship that exists between the parties to the transaction. The term often is used in contrast to an *arm's-length transaction*.

RELATIVE ORDER OF LIQUIDITY. An order for presenting assets and liabilities on the statement of net assets based upon how readily they may be converted to cash or will require the use of cash. [SGAS 34]

RELEVANCE. The principle that there should be a close logical relationship between the financial information provided and the purpose for which it is needed. Information is relevant if it is capable of making a difference in a user's assessment of a problem, condition, or event. [SGAC 1]

RELIABILITY. The principle that financial information should be verifiable, free from bias, and faithfully represent what it purports to represent. [SGAC1]

REPLACEMENT COST. The price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the measurement date. [GASB Concepts Statement No. 6, ¶40-41]

REPORTABLE CONDITION. Term used in connection with financial auditing prior to the issuance of SAS 112, *Communicating Internal Control Related Matters Identified in an Audit*, effective for periods ending on or after December 15, 2006. A significant deficiency in internal controls discovered in the course of the financial statement audit that must be communicated by the independent auditor to the entity's audit committee or its equivalent.

REPORTING DATE. Date of the financial statements; the last day of the fiscal year.

REPORTING PACKAGE. Term used in connection with Single Audits. A package that the independent auditor must communicate to the Federal Audit Clearing House that includes (a) the government's

financial statements, (b) the government’s supplementary schedule of expenditures of federal awards, (c) the auditor’s reports, (d) a summary schedule of prior audit findings, and (e) a corrective action plan. The reporting package must be accompanied by a special data collection form that summarizes the information contained in the reporting package.

REPURCHASE AGREEMENT. A transaction in which the governmental entity (buyer-lender) transfers cash to a broker-dealer or financial institution (seller-borrower); the broker-dealer or financial institution transfers securities to the governmental entity and promises to repay the cash plus interest in exchange for the return of the same securities. [SGAS 3]

REQUIRED SUPPLEMENTARY INFORMATION. Statements, schedules, statistical data, or other information that the GASB has determined to be necessary to supplement, although not required to be a part of, the basic statements of a governmental entity. [SGAS 43]

RESTRICTED FUND BALANCE. The portion of a governmental fund’s net position that is not available for appropriation. Amounts that are restricted to specific purposes. Fund balance should be reported as restricted when constraints placed on the use of resources are either:

- a. Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or
- b. Imposed by law through constitutional provisions or enabling legislation. [GASB Statement No. 54, ¶18]

RESTRICTED NET POSITION. The restricted component of net position that consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. [GASB Statement No. 63, ¶10]

RESET DATE. Time that a bond’s variable coupon is repriced to reflect changes in a benchmark index. [SGAS 40]

RESOURCE. A resource is a supply or other means that can be drawn on when needed. An item that can be drawn on to provide services to the citizenry. [GASB Concepts Statement No. 4, ¶6]

RESTORATION COST APPROACH. Method for measuring the impairment of a capital asset as a result of physical damage that uses estimated restoration costs to establish a ratio (restoration cost/replacement cost or deflated restoration cost/original cost) for determining the portion of the book value of the asset that should be written off.

RESTRICTED NET ASSETS. Assets whose use is subject to constraints that are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation. [SGAS 34]

RESTRICTED NET POSITION. A component of net position calculated by reducing the carrying value of restricted assets by the amounts repayable from those assets, excluding capital-related debt.

RETROSPECTIVELY (EXPERIENCE) RATED POLICY. Term used in connection with public-entity risk pools. An insurance policy for which the final amount of the premium is determined by adjusting the initial

premium based on actual experience during the period of coverage (sometimes subject to maximum and minimum limits). A retrospectively rated policy is designed to encourage safety by the insured and to compensate the insurer if larger-than-expected losses are incurred. [SGAS 10]

REVENUE AND CLAIMS DEVELOPMENT TREND DATA. Required supplementary information mandated by the GASB for public-entity risk pools.

REVENUE ANTICIPATION NOTE. Short-term, interest-bearing note issued by a government in anticipation of revenues to be received at a later date. The note is retired from the revenues to which it is related.

REVERSE REPURCHASE AGREEMENT. An agreement in which a broker-dealer or financial institution (buyer-lender) transfers cash to a governmental entity (seller-borrower); the entity transfers securities to the broker-dealer or financial institution and promises to repay the cash plus interest in exchange for the same securities or for different securities. [SGAS 3]

RISK-SHARING POOLS. One of four different types of public-entity risk pools. An arrangement by which governments pool risks and funds and share in the cost of losses. [SGAS 10]

ROLL-OVER RISK. In the context of disclosures for derivatives, the risk that arises when a derivative associated with a government's variable-rate debt does not extend all the way to the maturity date of the associated debt, thereby creating a gap in the protection otherwise afforded by the derivative.

SALARY-RELATED PAYMENTS. Term used in connection with compensated absences. Payments by an employer that are directly and incrementally associated with payments made for compensated absences on termination. Such salary-related payments include the employer's share of Social Security and Medicare taxes and also might include, for example, the employer's contributions to pension plans. [SGAS 16]

SCHEDULE OF EMPLOYER CONTRIBUTIONS. Term used in connection with defined benefit pension and other postemployment benefit plans. Trend data on employers' annual required contribution to a plan and actual contributions.

SCHEDULE OF FUNDING PROGRESS. Term used in connection with defined benefit pension and other postemployment benefit plans. Trend data on the relationship between the actuarial value of plan assets and the related actuarial accrued liability.

SEC 2A7-LIKE POOLS. An external investment pool that is not registered with the Securities and Exchange Commission (SEC) as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940 (17 Code of Federal Regulations §270.2a-7). Rule 2a7 allows SEC-registered mutual funds to use amortized cost rather than market value to report net assets to compute share prices if certain conditions are met. Those conditions include restrictions on the types of investments held, restrictions on the term-to-maturity of individual investments and the dollar-weighted average of the portfolio, requirements for portfolio diversification, requirements for divestiture considerations in the event of

security downgrades and defaults, and required actions if the market value of the portfolio deviates from amortized cost by a specified amount. [SGAS 31]

SECURITIES LENDING TRANSACTIONS. Transactions in which governmental entities transfer their securities to broker-dealers and other entities for collateral—which may be cash, securities, or letters of credit—and simultaneously agree to return the collateral for the same securities in the future. [SGAS 28]

SEGMENT. An identifiable activity (or grouping of activities) reported as or within an enterprise fund or another stand-alone entity that has one or more bonds or other debt instruments outstanding, with a revenue stream pledged in support of that debt. In addition, the activity’s revenues, expenses, gains and losses, assets, and liabilities are required to be accounted for separately.

SEGMENTED TIME DISTRIBUTION. In the context of investment disclosure, segmented time distribution groups investment cash flows into sequential time periods in tabular form. [SGAS 40]

SEGREGATION OF INCOMPATIBLE DUTIES. Term used in connection with the evaluation of internal control. The principle that no single employee should be placed in a position that allows that employee both to commit and conceal an irregularity in the ordinary course of the employee’s duties.

SERVICE EFFORTS AND ACCOMPLISHMENTS REPORTING. Term used by the GASB to describe the presentation of performance measures in connection with general purpose external financial reporting.

SERVICE UNITS APPROACH. Method of measuring capital asset impairments resulting from either 1) changes in environmental factors (e.g., laws, regulations), 2) technological developments and obsolescence, or 3) a change in the manner or expected duration of use of the asset. The method is based on a comparison of service units before and after an impairment occurs.

SETTLEMENT AMOUNT. Amount at which an asset could be realized or a liability could be liquidated with the counterparty, other than in an active market. A settlement amount can be either (a) the amount that the counterparty would accept to settle the liability or would pay to satisfy a receivable at the measurement date or (b) the amount that will be realized from an asset or will be needed to liquidate the liability in due course according to the terms of the arrangement between the government and the counterparty. A settlement amount may be an undiscounted amount or a discounted amount. [GASB Concepts Statement No. 6, ¶42]

SIGNIFICANT DEFICIENCY. A control deficiency, or combination of control deficiencies, that adversely affects the entity’s ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity’s financial statements that is more than inconsequential will not be prevented or detected. [SAS 112]

SIMULATION MODELS. Models that estimate changes in an investment’s or a portfolio’s fair value, given hypothetical changes in interest rates. Various models or techniques are used, such as “shock tests” or value-at-risk. [SGAS 40]

SINGLE AUDIT. An audit performed in accordance with the Single Audit Act of 1984 (as amended) and Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-*

Profit Organizations. The Single Audit Act allows or requires governments (depending on the amount of federal assistance received) to have one audit performed to meet the needs of all federal grantor agencies.

SINGLE AUDIT ACT OF 1984. Federal legislation that provides for state and local government recipients of federal financial awards to have one audit performed to meet the needs of all federal grantor agencies. The Single Audit Act was amended in 1996.

SINGLE-PROGRAM GOVERNMENTS. Term used in connection with financial reporting. A government that budgets, manages, and accounts for its activities as a single program. Single-program governments that use only governmental funds have the option to combine their fund financial statements and their government-wide financial statements into a single, combining presentation.

SPECIAL ASSESSMENT. A compulsory levy made against certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit primarily those properties.

SPECIAL FUNDING SITUATIONS. Term used in connection with pensions. A situation in which a governmental entity is legally responsible for contributions to pension or other postemployment benefit plans that cover the employees of another governmental entity or entities. For example, a state government may be legally responsible for the annual “employer” contributions to a pension plan that covers employees of school districts within the state. [SGAS 27 and SGAS 45]

SPECIAL ITEMS. Significant transactions or other events within the control of management that are either unusual in nature or infrequent in occurrence. [SGAS 34]

SPECIAL REVENUE FUND. A governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditures for specified purposes. [NCGA Statement 1]

SPECIAL TERMINATION BENEFITS. Benefits offered by an employer for a short period of time as an inducement to employees to hasten the termination of services. For example, to reduce payroll and related costs, an employer might offer enhanced pension benefits or OPEB to employees as an inducement to take early termination, for employees who accept the offer within a sixty-day window of opportunity. [SGAS 43]

SPECIFIC IDENTIFICATION. In the context of the interest rate risk disclosure for investments, the listing of each investment, its amount, its maturity date, and any call options. [SGAS 40]

SPONSOR. In the context of pension and other postemployment benefits, the entity that established the plan. [SGAS 43]

STABILIZATION ARRANGEMENTS. Amounts formally set aside by governments for use in emergency situations or when revenue shortages or budgetary imbalances arise. Those amounts are subject to controls that dictate the circumstances under which they can be spent. Stabilization amounts may be expended only when certain specific circumstances exist. [GASB Statement No. 54, ¶120]

STAND-ALONE PLAN FINANCIAL REPORT. In the context of pension and other postemployment benefits, a report that contains the financial statements of a plan and is issued by the plan or by the public employee retirement system that administers the plan. The term *stand-alone* is used to distinguish such a financial report from plan financial statements that are included in the financial report of the plan sponsor or employer. [SGAS 43]

STANDARD COSTING. Method of estimating the historical cost of a capital asset by establishing the average cost of obtaining the same or a similar asset at the time of acquisition.

STATISTICAL SECTION. The third of three essential components of any comprehensive annual financial report. The statistical section 1) provides information on financial trends, 2) provides information on revenue capacity, 3) provides information on debt capacity, 4) provides demographic and economic information, and 5) provides operating information.

STOCK RIGHTS. Rights given to existing stockholders to purchase newly issued shares in proportion to their holdings at a specific date. [SGAS 31]

STOCK WARRANTS. Certificates entitling the holder to acquire shares of stock at a certain price within a stated period. Warrants often are made part of the issuance of bonds or preferred or common stock. [SGAS 31]

STRIKE PRICE. A fixed or determinable price on a given date or at any time on or before a given date at which the buyer (owner) may purchase from (call option) or sell to (put option) the seller (writer) of an option contract a fixed number of items (such as shares of equity securities). [SGAS 31]

STRUCTURED SETTLEMENT. Term used in connection with risk financing. A means of satisfying a claim liability, consisting of an initial cash payment to meet specific present financial needs combined with a stream of future payments designed to meet future financial needs, generally funded by annuity contracts. [SGAS 10]

SUBJECT. A subdivision within an expenditure object classification (e.g., *regular employees* is a possible subobject classification within the *personal services—salaries and wages* expenditure object classification).

SUBSTANTIVE PLAN. Terms of an OPEB plan as understood by the employer(s) and plan members. [SGAS 43]

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (SSAP). The first of the notes to the financial statements or a separate section immediately preceding the notes to the financial statements. The basic contents should include a discussion of 1) any selection of an accounting treatment when GAAP permit more than one approach, 2) accounting practices unique to state and local governments, and 3) unusual or innovative applications of GAAP.

SUPPLEMENTARY INFORMATION. Financial information presented together with basic financial statements that is not included within the scope of the audit of those statements. When the

presentation of certain supplementary information is mandated by the GASB it is referred to as *required supplementary information*.

SUSCEPTIBLE TO ACCRUAL. Term used in connection with the application of the modified accrual basis of accounting. Revenues that are collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. [NCGA Statement 1]

SWAP (PRINCIPAL/INTEREST). Contract in which the parties agree to make future payments to each other designed to achieve a net effect equivalent to each assuming the debt service burden of the other.

SYSTEM DEVELOPMENT FEES. Fees charged to join or to extend an existing utility system. Also referred to as *tap fees* or *connection fees*.

TAKE-OUT AGREEMENT. Term used in connection with demand bonds. An arrangement with a financial institution to convert demand bonds to an installment loan payable over a specified period, sometimes as long as 10 years or more. A take-out agreement is used to provide long-term financing in the event the remarketing agency is unable to resell demand bonds within a specified period (usually three to six months) subsequent to the exercise of the “demand” feature by bondholders. [IGAS 1]

TAP FEES. Fees charged to join or to extend an existing utility system. Also referred to as *system development fees* or *connection fees*.

TANGIBLE ASSETS. Tangible assets are those assets that take on a physical form, such as buildings and equipment. Tangible assets remain assets of the school district so long as they are still capable of providing services for the district. For example, a piece of equipment is considered an asset if the present service capacity embodied in the equipment either (a) can be used to provide services or (b) has economic benefit. [GASB Concepts Statement No. 4, ¶10]

TAX ANTICIPATION NOTE. Short-term, interest-bearing note issued by a government in anticipation of tax revenues to be received at a later date. The note is retired from the tax revenues to which it is related.

TAX-INCREMENT FINANCING. Financing secured by the anticipated incremental increase in tax revenues, resulting from the redevelopment of an area.

TECHNICAL AGENDA. Term used in connection with the operation of the GASB. A list of research projects formally undertaken by the GASB as part of its development of authoritative standards of accounting and financial reporting.

TECHNICAL BULLETIN. A document issued by the staff of the GASB to provide guidance for applying GASB statements and interpretations and resolving accounting issues not directly addressed by them. [TB 84-1]

TEMPORARY ACCOUNTS. Accounts that close to net assets at the end of an accounting period (e.g., revenues and expenses).

TEN PERCENT CRITERION. The first of two tests used to determine whether a given governmental fund or enterprise fund must be reported as a major fund in the basic financial statements. For governmental funds, this test is applied to the total assets, liabilities, revenues, and expenditures of all governmental funds. For enterprise funds, this test is applied to the total assets, liabilities, revenues, and expenses of all enterprise funds. The test need be met for only one of these four items.

TERMINATION PAYMENTS METHOD. A method of calculating the liability for earned sick leave for which it is probable that the benefits will result in termination payments. Under this method, the amount of the liability is estimated based on a governmental entity's past experience of making termination payments for sick leave, adjusted for the effect of changes in its termination policy and other factors. [SGAS 16]

TERMINATION RISK. In the context of disclosures for derivatives, the risk that an unscheduled termination of a derivative could have an adverse effect on the government's asset or liability strategy or could lead to potentially significant unscheduled payments.

TIMELINESS. The principle that financial statements must be issued soon enough after the reported events to affect decisions. [SGAC 1]

TIMING DIFFERENCES. Differences between the budgetary basis of accounting and GAAP that occur when the period used for budgeting differs from the period used for GAAP reporting (e.g., a special revenue fund that uses a grant-year budget rather than a fiscal-year budget).

TOTAL DIRECT RATE. In the context of the statistical section, the weighted average of all individual direct rates applied by the government preparing the statistical section information. [SGAS 44]

TRI-PARTY ARRANGEMENT. Term used in connection with repurchase agreements. An arrangement in which the custodian serves as agent both of the buyer-lender and of the seller-borrower by agreeing, in the event of default by one, to protect the interests of the other. The custodian holds the securities underlying the agreement in the names of both repurchase agreement parties (the buyer-lender as pledgee and seller-borrower as owner). [Q&A]

TYPE A PROGRAM. Term used in connection with the determination of major programs for purposes of Single Audits. Type A programs are defined on the basis of the relationship between program expenditures and total federal awards expended.

TYPE B PROGRAM. Term used in connection with the determination of major programs for purposes of Single Audits. A Type B program is any program with insufficient program expenditures to qualify as a Type A program.

UNALLOCATED CLAIM ADJUSTMENT EXPENSES. Term used in connection with risk financing. Costs that cannot be associated with specific claims but are related to claims paid or in the process of settlement, such as salaries and other internal costs of the pool's claims department. [SGAS 10]

UNALLOCATED DEPRECIATION. Term used in connection with the government-wide statement of activities. Depreciation not properly reported as a direct expense of a functional category.

UNASSIGNED FUND BALANCE. Is the residual classification for government's general fund and includes all spendable amounts not contained in the other fund balance categories. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

UNAVAILABLE REVENUE. Resource inflows that do not yet meet the criteria for revenue recognition are classified as unavailable revenue.

UNDERLYING. In the context of a derivative, a variable that is applied to a notional amount (e.g., a specified interest rate, price index, foreign exchange rate, commodity price), or is associated with a payment provision.

UNDERSTANDABILITY. The principle that information in financial reports should be expressed as simply as possible. [SGAC 1]

UNASSIGNED FUND BALANCE. Available expendable financial resources in a governmental fund that are not the object of tentative management plans (i.e., designations).

UNDIVIDED INTEREST. An arrangement (also known as a *joint operation*) that resembles a joint venture but no entity or organization is created by the participants. An undivided interest is an ownership arrangement in which two or more parties own property in which title is held individually to the extent of each party's interest. Implied in that definition is that each participant is also liable for specific, identifiable obligations (if any) of the operation. Because an undivided interest is not a legal entity, borrowing to finance its operations often is done individually by each participant. An additional consequence of the absence of a formal organizational structure is that there is no entity with assets, liabilities, expenditures/expenses, and revenues—and thus, equity—to allocate to participants. [SGAS 14]

UNEARNED REVENUE. Specific type of revenue that does not involve the application of the availability criterion, and therefore applies equally to both accrual and modified accrual financial statements.

UNFUNDED ACTUARIAL ACCRUED LIABILITY. The excess of the actuarial accrued liability over the actuarial value of assets. This value may be negative, in which case it may be expressed as a *negative unfunded actuarial accrued liability, the excess of the actuarial value of assets over the actuarial accrued liability, or the funding excess.* [SGAS 43]

UNMODIFIED OPINION. An opinion rendered without reservation by the independent auditor that financial statements are fairly presented.

UNQUALIFIED OPINION. An opinion rendered without reservation by the independent auditor that financial statements are fairly presented.

UNREALIZED GAINS AND LOSSES. Term used in connection with the valuation of investments. Difference between the carrying value of an asset and its fair value prior to sale.

UNREALIZED REVENUES. Term used in connection with budgeting. The difference between estimated revenues and actual revenues.

UNRESTRICTED NET POSITION. The unrestricted component of net position that is comprised of the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position. [GASB Statement No. 63, ¶11]

VARIABLE RATE INVESTMENT. In the context of investment disclosure, an investment with terms that provide for the adjustment of its interest rate on set dates (such as the last day of a month or calendar quarter) and that, upon each adjustment until the final maturity of the instrument or the period remaining until the principal amount can be recovered through demand, can reasonably be expected to have a fair value that will be unaffected by interest rate changes. [SGAS 40]

VESTING METHOD. A method of calculating the liability for earned sick leave for which it is probable that the benefits will result in termination payments. Under this method, the amount of the liability is estimated based on the sick leave accumulated at the date of the statement of position for those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments. In calculating the liability, these accumulations are reduced to the maximum amount allowed as a termination payment. Accruals for those employees who are expected to become eligible in the future are based on assumptions concerning the probability that individual employees or classes or groups of employees will become eligible to receive termination payments. [SGAS 16]

VOLUNTARY NONEXCHANGE TRANSACTIONS. Transactions that result from legislative or contractual agreements, other than exchanges, entered into willingly by the parties to the agreement (for example, certain grants and private donations). [SGAS 33]

VOTING MAJORITY. Term used in connection with defining the financial reporting entity. A situation in which the number of the primary government's appointees to a component unit's board is sufficient to control decisions of the component unit. [SGAS 14, Q&A]

VULNERABILITY ASSESSMENT. Term used in connection with evaluations of internal controls. The risk-based systematic prioritization of internal control evaluations.

WEIGHTED AVERAGE MATURITY. In the context of investment disclosure, a weighted average maturity measure that expresses investment time horizons—the time when investments become due and payable—in years or months, weighted to reflect the dollar size of individual investments within an investment type. [SGAS 40]

WIDELY RECOGNIZED AND PREVALENT PRACTICE. Term used in connection with the hierarchy of GAAP for state and local governments established by *SAS No. 69, The Meaning of "Present Fairly in Conformity with Generally Accepted Accounting Principles" in the Independent Auditor's Report*. The principle that accounting and financial reporting practice should itself serve as a source of GAAP in the absence of high level guidance.

YELLOW BOOK. Term used in connection with public-sector auditing. A non-technical term commonly used to describe the Government Accountability Office’s publication *Government Auditing Standards*, the source of GAGAS.

YIELD MAINTENANCE REPURCHASE—REVERSE REPURCHASE AGREEMENT. A repurchase agreement or a reverse repurchase agreement where the parties agree that the securities returned will provide the seller-borrower with a yield as specified in the agreement. [SGAS 3]

Acronyms

AICPA – American Institute of Certified Public Accountants
