SECTION ONE INTRODUCTION AND PURPOSE

1.1 PURPOSE OF THE REQUEST FOR PROPOSAL (RFP)

It is the intent of the Texas Education Agency (TEA) to solicit proposals for an entity to serve as the statewide hub providing technical assistance with training, implementing and supporting the teacher and principal evaluation systems throughout the state. This work would supplement efforts to establish and administer a comprehensive appraisal and professional development system for principals as called for in TEC §21.3541. This work would also support efforts to develop, adopt, pilot, and implement teacher and principal evaluation and support systems that support student achievement in accordance with the United States Department of Education's September 30, 2013, Elementary and Secondary Education Act Waiver Letter.

Eligible proposers are nonprofit organizations, institutions of higher education, private or public companies, individuals, and regional education service centers.

1.2 BACKGROUND INFORMATION

In the spring of 2012, based on feedback from the field, TEA began taking steps to overhaul state systems for training, evaluating, and supporting teachers and principals throughout Texas. This process has included multiple iterations of stakeholder input, piloting of innovative appraisal systems, and the development of new standards for both teachers and principals. During the spring of 2014, steering committees developed evaluation systems tied to the teacher and principals standards. In the design of the state evaluation systems, the committees focused on creating systems that would be used for continuous professional growth and that would destigmatize the appraisal process, moving the mindset around observation and evaluation away from one of compliance and scoring to one of feedback and support. The systems they created provide for actionable, timely feedback that will allow teachers and principals to make efficient and contextual professional development choices that will lead to an improvement in their teaching or campus leadership. The characteristics of the teacher evaluation system (T-TESS) that promote these goals include:

- Multiple measures of performance, including rubric-based observations, a teacher-directed goal-setting process that will allow for all teachers, in consultation with their campus leadership team or principal, to identify key areas for improvement and track his/her growth towards those goals (referred to as the teacher self-assessment component), and a measure of student growth at the level of the individual teacher.
- A rubric with five performance levels that clearly differentiate practices. The rubric allows for immediate feedback built into the document itself – any teacher can self-assess, and any teacher can look to the practices articulated in the levels above his or her observation score and understand which practices will elevate their performance.
- A teacher self-assessment that allows all teachers to determine their professional growth goals, build a professional development plan to attain those goals, and track the progress of their development over the course of the year based on both their assessment of their practice within their unique teaching context and the feedback received during the ongoing formative and end-of-year summative conversations with their appraiser.
- A student growth measure at the individual teacher level based on student learning objectives, portfolios, district pre- and post-tests, or value-added measures.

The characteristics of the principal evaluation system (T-PESS) that will promote these goals include:

- Multiple measures of performance, including rubric-based assessments of practices, a principal-directed goal-setting process that will allow for all principals, in consultation with their district leadership team or appraiser, to identify key initiatives and areas for improvement and track growth toward those goals (referred to as the principal goal-setting component), and campus-level measures of student growth or progress.

- A rubric with five performance levels that clearly differentiate practices. The rubric allows for immediate feedback that is built into the document itself – any principal can self-assess, and any principal can look to the practices articulated in the levels above their observation score and understand which practices will elevate their performance.
- A principal goal-setting process that allows all principals to determine what their professional growth and implementation goals include, build a plan to attain those goals, and track the progress of their development over the course of the year based on their assessment of their practice within their unique context, the feedback received during the ongoing formative and end-of-year summative conversations with their appraiser, and particular district and campus initiatives.
- A student growth measure that will include a campus-level value-add score based on student growth as measured by state assessments for campuses for which a value-add score can be determined. In addition to a campus value-add score, districts will have flexibility in choosing from other student growth and progress measures that fit the particular context of a campus. These other measures of student growth and progress will be in addition to campus value-add scores where they are available.

TEA is currently piloting all but the student growth component of the T-TESS and T-P ESS evaluation system in approximately 65 districts and charters throughout the state. TEA will implement a refinement year during the 2015-2016 school year with approximately 250 districts and charters and will implement T-TESS and T-P ESS statewide as the new state-recommended evaluation systems in 2016-2017.

The contractor will be expected to work with outside agents identified by TEA, including the Texas Comprehensive Center, regional education service centers (ESCs), and other identified parties to meet requirements. All products, processes, or ideas developed, manufactured, or offered under a contract awarded in response to this RFP become the property of the State of Texas with exclusive rights of ownership, including rights under patent, copyright, or trade secret law.

1.3 CONTRACT TERM/OPTION TO EXTEND

The term of any contract resulting from this RFP shall be from contract award until August 31, 2016. TEA, at its own discretion, may extend any contract awarded pursuant to this RFP for up to two (2) additional fiscal year under the same or different terms subject to appropriation of funds by the Texas Legislature or the US Department of Education for this project.

1.4 BUDGET

It is anticipated that one (1) contract will be awarded as a result of this RFP. Proposals must include a detailed budget in accordance with the requirements of Section 3.5 of this Request for Proposal.

1.5 PROJECT REQUIREMENTS AND DELIVERABLES

The following desired outcomes are the expected activities to be implemented through the appraisal rollout timeline.

Proposers will establish a general timeline and action plan for achieving the following outcomes:

1. Assist TEA in providing information, training, and support to the 20 Education Service Centers and approximately 250 refinement districts as they implement appraisal systems during the 2015-2016 school year.
2. Assist TEA in providing information, training, and support to the 20 Education Service Centers as they support their regional districts in preparation for statewide rollout of the new appraisal systems during the 2016-2017 school year.
3. Provide training of trainer sessions throughout the 2015-2016 school year, as needed, to prepare trainers for the 2016-2017 statewide rollout of the new appraisal systems.

4. Support and maintain an existing online website for T-TESS and T-PESS that would house already developed appraisal resources and materials, and for T-TESS, would support already developed basic evaluation management software through 8/31/2016.
5. Dedicate one-half of an FTE to provide support to pilot districts and ESC staff during the 2015-2016 school year.

PROJECT DELIVERABLES

1. Develop a training schedule for train-the-trainer events for both T-TESS and T-PESS during the 2015-2016 school year by 9/15/2015.
2. Train individuals identified by the 20 Education Service Centers (ESCs) as potential trainers by 4/30/2016. An estimated four train-the-trainer events will be necessary.
3. Develop a timeline for the integration of the Teach for Texas portal, currently operated and maintained by the National Institute for Excellence in Teaching, into a website dedicated to educator development by 10/1/2015.
4. Integrate the Teach for Texas portal into a broad educator development website that includes sections dedicated to the already developed Advancing Educational Leadership training system and the T-PESS, the principal appraisal system, by 11/30/2015.
5. Maintain and update the educator development website, including the resources and materials on the website.
6. Provide technical support to ESCs and school districts for the Teach for Texas T-TESS evaluation management software through 8/31/2016.
7. Film, rate (based on the T-TESS rubric performance levels), and integrate at least four new classroom lesson videos that will be used for the annual appraiser certification and recertification exams in the Teach for Texas portal by 5/15/2016. The exam requires appraisers to accurately rate a randomly selected lesson and accurately identify a lesson strength and weakness that would be discussed in an observation post-conference.
8. Provide ongoing coaching throughout the 2015-2016 refinement year to ESC staff so that they can better support districts implementing the new appraisal systems.
9. Coordinate service delivery with TEA for program implementation.
10. Provide quarterly progress reports in writing and in a format agreed upon by the Texas Education Agency and the selected contractor(s) outlining the major activities accomplished during the prior quarter and planned for the next quarter, due by the 15th day following the end of the quarter.

TEA engages in extensive review of all documents that are to be published prior to release; therefore, contractors should budget for multiple rounds of feedback.

All deliverables will have associated performance measures to assist in evaluating the quality and effectiveness of the work performed.

All proposals in response to this request must meet the stated conditions in order to be considered. Failure to meet these conditions shall result in disqualification of proposal and the proposal shall receive no further consideration.

Norma Barrera

TEAContracts@tea.texas.gov

(Written documentation of all contractor interaction is required.)

2.3.1 Requests for Additional Information

In order to ensure order to assure that no prospective proposer may obtain a competitive advantage because of acquisition of information unknown to other prospective proposers, any additional information, that is different from or in addition to, information provided in the Request for Proposal or at the Proposer's Conference will be provided only in response to written inquiries. Copies of all such inquiries and the written answers will be posted as an addendum to the Request for Proposal at the Electronic State Business Daily (ESBD) at <http://esbd.cpa.state.tx.us/> and the TEA website. The addendum will be updated as needed on a weekly basis while the RFP is advertised. The proposer's failure to periodically check the ESBD will in no way release the selected contractor from "addenda or additional information" resulting in additional cost to meet the requirements of the RFP. **NO PHONE INQUIRIES WILL BE ACCEPTED.**

Any Amendment to this procurement solicitation will be posted as an addendum on the ESBD. If proposers do not have Internet access, copies may be obtained through the point of contact listed in this RFP. Upon publication of this RFP, besides written inquiries as described above, employees and representatives of TEA will not answer questions or otherwise discuss the contents of the RFP with any potential contractor or their representatives. If a Proposer fails to observe this restriction, that Proposer's response to this RFP will be disqualified. This restriction does not preclude discussions for the purpose of conducting business unrelated to this RFP.

TEA will not be bound by any communication with Proposer's other than the written addenda issued by the Agency.

2.4 STANDARD PROPOSAL REQUIREMENTS

- A. Proposals that address only part of the requirements contained in this Request for Proposal may be considered non-responsive.
- B. Texas Education Agency reserves the right to reject any and all proposals and to negotiate portions thereof including the submitted cost proposals/budget.
- C. Texas Education Agency reserves the right to select the proposal based on the best value to the state of Texas and the agency. The proposer shall furnish additional information that the evaluation team may require in order to complete the evaluation of the proposals submitted. Failure to provide the requested material or information may disqualify the proposal.
- D. The Contractor must work with the Agency staff to clarify the design of the materials, project design, project activities, and/or other products, and modify these items if necessary.

2.5 STATE NOT RESPONSIBLE FOR PREPARATION COSTS

The TEA will not be liable for any costs incurred in the preparation and submittal of a proposal.

2.6 DISCLOSURE OF PROPOSAL CONTENT

Proposals will be subject to the Texas Public Information Act (the Act), located in Chapter 552 of the Texas Government Code and may be disclosed to the public upon request. Subject to the Act, respondents may protect trade secret and confidential information from public release. If the respondent asserts that information provided in the proposal is trade secrets or other confidential information, it must be clearly marked such information in boldface type and include the words "confidential" or "trade secret" at top of the page.

Furthermore, the respondent must identify trade secret or confidential information, and provide an explanation of why the information is exempt from public disclosure, on the Respondent Information and Disclosures form.

2.7 HISTORICALLY UNDERUTILIZED BUSINESS (HUB) SUBCONTRACTING PLAN

It is the policy of the TEA to promote and encourage contracting and subcontracting opportunities for HUBs in all contracts. Accordingly, TEA has adopted the Policy on Utilization of HUBs. If the TEA determines that subcontracting opportunities are probable, then a HUB Subcontracting Plan (HSP) is a required element of the Proposal.

Statement of Probability – TEA has determined that subcontracting opportunities are probable in connection with this procurement. Therefore, ALL proposers must submit the HSP as a part of the response. The proposer shall develop and administer the HSP as a part of the proposer's in accordance with the TEA Policy on Utilization of HUB and state law. Proposer must make a good faith effort and solicit a minimum of three Texas certified historically underutilized businesses from the state's Centralized Master Bidders List (CMBL)/HUB Directory that they cannot complete with their own staff and resources. Proposers must also notify minority or women trade organizations or development centers of subcontracting opportunities. Additional requirements are listed in the HSP (Attachment C).

All Proposers are required to submit a HUB Subcontracting Plan (HSP) for this RFP.

- If the Proposer is a HUB, a HSP is still required in order to identify the percentage of the work to be performed by subcontractors.
- If the Proposer (HUB or non-HUB) is not subcontracting any portion of the work, the Self Performance portion of the HSP must be completed and returned with the proposal response.

The HUB Subcontracting goal for this procurement is **26%** minority and/or woman-owned business participation. In the event proposals have equal scores, the proposal with the highest percentage of HUB subcontracting will be awarded the contract.

The HSP will be incorporated into the contract between the TEA and the selected Proposer. Contractors are encouraged to collaborate with TEA to develop mentor protégé opportunities. Under TAC Title 34, §20.14, a proposer's participation in a Mentor Protégé Program under TGC §2161.065, and the submission of a protégé as a subcontractor in the HUB subcontracting plan constitutes a good faith effort for the particular area to be subcontracted with the protégé.

Proposals that are required to submit a HSP and fail to submit the HSP will be rejected for non-compliance with the advertised contract specifications.

The Contractor awarded the contract will be responsible for maintaining business records documenting compliance with HUB Program requirements. The selected Proposer shall submit a Progress Assessment Report (PAR) monthly documenting all subcontractor payments made in the preceding month. Submission of the PAR is a condition for payment. The selected Contractor shall also report all 2nd and 3rd Tier subcontracting in the monthly PAR. PAR's are due no later than the 12th day of the following month. The PAR is required to be submitted monthly, even if no activity occurred for the month. Reports shall be submitted electronically to the HUBOffice@tea.texas.gov.

2.7.1 How to Find Texas Certified HUBs for Subcontracting Opportunities

4. Click **Submit Search**

Proposers who are certified as a HUB with the State of Texas are encouraged to submit a proposal for the services requested in this RFP.

2.8 CONFLICT OF INTEREST

A proposer will not be selected if it has a conflict of interest that will or may arise during the performance of its obligations under the contract. For this reason, Proposer's response to this RFP must disclose any existing or potential conflicts of interest or possible issues that might create appearances of impropriety relative to the submission of a proposal from Proposer and its proposed subcontractors', possible selection as Successful Proposer, or its performance of the Contract.

As part of this disclosure requirement, each Proposer must include in its proposal all past and present contractual, business, financial or personal relationships between Proposer and TEA and between Proposer's proposed subcontractors, if any, and TEA. For purposes of this disclosure requirement, (i) "past" is defined as within the two (2) calendar years prior to the deadline for submission of proposals in response to this RFP; (ii) TEA is defined as the statewide elected official who heads the agency as well as the agency's employees or recent former employees; and (iii) "recent former employees" are defined as those TEA employees who have terminated agency employment within the two (2) calendar years prior to the deadline for submission of proposals in response to this RFP. For each item, Proposer must provide a detailed explanation of why Proposer does or does not believe such item poses a conflict of interest, potential conflict of interest, or appearance of impropriety issue relative to Proposer's submission of a proposal, possible selection as Successful Proposer or its performance of the Contract.

For purposes of this RFP, "personal relationship" is defined as a current or past connection other than a clearly contractual, business, financial, or similar relationship and includes family relationships or other connections outside simply providing a response to this RFP. For this purpose, "family relationship" means a relationship within the third degree of consanguinity or second degree of affinity (see Chapter 573 of the Texas Government Code) which defines these degrees of consanguinity and affinity.

Connections other than such family relationships fall within this definition and must be disclosed if a reasonable person could expect the connection to diminish Proposer's independence of judgment or effectiveness in the performance of Proposer's responsibilities to TEA or the State under the Contract. Connections also fall within this definition if a reasonable person could expect the connection, within the overall context of Proposer's submission of a proposal, possible selection as Successful Proposer, or its performance of the Contract, to create an issue for the agency's consideration relative to a potential appearance of impropriety or conflict of interest.

If the circumstances certified by Proposer change or additional information are obtained subsequent to submission of proposals, by submitting a response Proposer agrees that it is under a continuing duty to supplement its response under this provision and that the duty to disclosure of any conflicts of interest is an ongoing obligation throughout the term of the contract. Proposer shall submit updated information as soon as reasonably possible upon learning of any change to their affirmation.

SECTION THREE PROPOSAL FORMAT AND CONTENT

3.1 PROPOSAL FORMAT AND CONTENT

Proposals must be written entirely on 8 ½" X 11" white paper and must be limited to 30 pages not including appendices and attachments. Proposals should be stapled in the top left corner or if bound may be bound in no more than a 3-ring binder. Proposals must be submitted in a manner which does not carry any benefit, keepsake, or value for members of the review panel.

3.1.1 Proposal Cover Page

Proposals should include a cover page, which clearly states the name of the firm or organization and the name, position, and telephone number of the Proposer's Project Administrator who may be contacted regarding the proposal (Attachment D).

3.1.2 Response Checklist

This checklist is to assist Proposers in ensuring that all information is included in their response. Proposers must refer to the appropriate section of the RFP for detailed information on the following:

<input type="checkbox"/>	RFP Cover Sheet	Sec. 3.1.1/Attachment D

3.2 UNDERSTANDING OF THE PROJECT AND METHODOLOGY

The proposal must communicate an understanding of the purpose and the tools (observation rubric, self-assessment and goal setting, and student growth) that make up the Texas Teacher Evaluation and Support System (T-TESS). This includes prior studies and research in the areas of the project, describe the tasks to be performed, and identify potential problems in the conduct of the project and methods to identify and solve such problems.

The Proposer must describe clearly, specifically, and as completely as possible, the methodology for carrying out the objectives and requirements of the project as described in this RFP. (If applicable, the proposer must also describe the training program, staff development, and curriculum design.)

Failure to meet these conditions shall result in disqualification of proposal and the proposal shall receive no further consideration.

3.3 MANAGEMENT PLAN FOR THE PROJECT

The Proposer must provide satisfactory evidence of capability to manage and coordinate the types of activities described in the RFP and to produce the specified product or service on time. To provide

information on qualifications to accomplish the described tasks, proposers must include in this section the following information:

Names given as references will not affect the scoring. In addition, no employees of TEA can be listed in the proposal as references. They may be listed in a memo transmitting the proposal, but not in the proposal. If the proposer plans to use external consultants or subcontractors, a staff organization and resumes of consultants and/or subcontractors must be included.
- Name of the Proposer's Project Manager who will direct the overall project throughout the duration of the contract as well as those of staff members who will coordinate major activities during each phase of the contract, and the time allocations that the personnel described will devote to fulfillment of the contract. Proposers must also identify the next level of authority within the organization to escalate issues throughout the term of the contract. The information will be required during the contract kick-off meeting. (Resumes of all project staff members shall be submitted as an appendix.) If the resumes include references, the references will not be considered in the review.

3.4 TASK/ACTIVITY PLAN

The proposer must submit a task/activity plan specifying to the degree possible the tasks and activities which are to be undertaken. Timelines showing beginning and ending dates for each major task are to be included, as well as the name(s) of person(s) responsible for each task. Activities must be sufficiently designed and outlined in the task/activity plan that will provide evidence of satisfactory delivery of services and products. Time frames must be logical and appropriate to complete all activities within the beginning and ending dates of the contract. Failure to meet this condition shall result in disqualification of proposal and the proposal shall receive no further consideration.

3.5 COST PROPOSAL

The Proposer must submit a budget detailing costs necessary to accomplish the project objectives and activities outlined in the task/activity plan (Attachment E, Suggested Format for Budget Summary and Expenditure Report). It is recommended that budget detail be submitted in Excel compatible or Excel format.

Failure to meet these conditions shall result in disqualification of proposal and the proposal shall receive no further consideration.

Failure to meet this condition, if requested, shall result in a non-award. TEA will commence negotiations with the next high point proposer.

Copies of such agreements shall be provided to TEA promptly upon request.

Contractor warrants that (i) it has the authority to grant the rights herein granted, (ii) it has not assigned or transferred any right, title, or interest to the Works or Intellectual Property Rights that would conflict with its obligations under the Contract, and Contractor will not enter into any such agreements, and (iii) the Works will be original and will not infringe any intellectual property rights of any other person or entity. These warranties will survive the termination of the Contract. TEA shall not be required to pay any standby hourly rates during a suspension of Work, if TEA suspends performance of the Work because the Work is defective, or Contractor fails to supply sufficiently skilled workers or suitable materials or equipment, or fails to provide required insurance coverage, or fails to furnish or perform the Work in such a way that the completed Work will conform to this Contract.

Sanctions

If Contractor, in TEA's sole determination, fails or refuses for any reason to comply with or perform any of its obligations under this Contract, TEA may impose such sanctions as it may deem appropriate. This includes but is not limited to the withholding of payments to Contractor until Contractor complies; the cancellation, termination, or suspension of this Contract in whole or in part; and the seeking of other remedies as may be provided by this Contract or by law. If Contractor discloses any TEA confidential information to a subcontractor or agent, Contractor will require the subcontractor or agent to comply with the same restrictions and obligations as are imposed on Contractor. Whenever communications with Contractor necessitate the release of Confidential TEA Information, additional TEA Confidential forms will need to be signed by each individual who will require access to or may be exposed to that information. Contractor shall access TEA's systems or Confidential TEA Information only for the purposes for which it is authorized. TEA reserves the right to review the Contractor's security policy to ensure that any data that is on the Contractor's servers is secure. Contractor shall cooperate fully by making resources, personnel, and systems access available to TEA and TEA's authorized representative(s).

Contractor shall ensure that any TEA Confidential Information in the custody of Contractor is properly sanitized or destroyed when the information is no longer required to be retained by TEA or Contractor in accordance with this Contract. Electronic media used for storing any Confidential TEA Information must be sanitized by clearing, purging or destroying in accordance with such standards established by the National Institute of Standards and Technology and the Center for Internet Security. These standards are also required if the Contractor is collecting, maintaining, or analyzing data gathered, collected, or provided under this Contract. Contractor must maintain a record documenting the removal and completion of all sanitization procedures with the following information:

- a. Date and time of sanitization/destruction;
- b. Description of the item(s) and serial number(s) if applicable;

As a condition of gaining remote access to any internal TEA network and systems, Contractor must comply with TEA's policies and procedures. TEA's remote access request procedures will require Contractor to submit TEA

Applicable Access Request forms for TEA's review and approval. Remote access technologies provided by Contractor must be approved by TEA's Information Security Officer. TEA, in its sole discretion, may deny network or system access to any individual that does not complete the required forms. Contractor must secure its own connected systems in a manner consistent with TEA's requirements. TEA reserves the right to audit the security measures in effect on Contractor's connected systems without prior warning. TEA also reserves the right to immediately terminate network and system connections not meeting such requirements.

Disclosure of Security Breach

Contractor shall provide notice to TEA's Project Manager and TEA's Information Security Officer as soon as possible following Contractor's discovery or reasonable belief that there has been unauthorized use, exposure, access, disclosure, compromise, modification, or loss of sensitive or confidential TEA information ("Security Incident"). Contractor shall confer with TEA's Chief Information Security Officer regarding the proper course of the investigation and risk mitigation. TEA reserves the right to conduct an independent investigation of any Security Incident, and should TEA choose to do so, Contractor shall cooperate fully by making resources, personnel, and systems access available to TEA and TEA's authorized representative(s). Subject to review and approval of TEA's Information Security Officer, Contractor, at its own cost, shall provide notice that satisfies the requirements of applicable law to individuals whose personal, confidential, or privileged data were compromised or likely compromised as a result of the Security Incident. If TEA, in its sole discretion, elects to send its own separate notice, then all costs associated with preparing and providing notice shall be reimbursed to TEA by Contractor. If Contractor does not reimburse such costs within thirty (30) days of TEA's written request, then TEA shall have the right to collect such costs.

- L. Refunds Due to TEA:** If TEA determines that TEA is due a refund of money paid to Contractor pursuant to this Contract, Contractor shall pay the money due to TEA within thirty (30) days of Contractor's receipt of written notice that such money is due to TEA. This provision is applicable when federal funds are utilized for the Contract.
- N. TEA Property (terms):** In the event of loss, damage or destruction of any property owned by or loaned by TEA while in the custody or control of Contractor, Contractor shall indemnify TEA and pay to TEA the full value of or the full cost of repair or replacement of such property, whichever is the greater, within thirty (30) days of Contractor's receipt of written notice of TEA's determination of the amount due. This applies whether the property is developed or purchased by Contractor pursuant to this Contract or is provided by TEA to Contractor for use in the Contract Project. If Contractor fails to make timely payment, TEA may obtain such money from Contractor by any means permitted by law, including but not limited to offset or counterclaim against any money otherwise due to Contractor by TEA.

- T. Forms, Assurances, and Reports:** Contractor shall timely make and file with the proper authorities all forms, assurances and reports required by federal laws and regulations. TEA shall be responsible for reporting to the proper authorities any failure by Contractor to comply with the foregoing laws and regulations coming to TEA's attention, and may deny payment or recover payments made by TEA to Contractor in the event of Contractor's failure so to comply. Contractor who is indebted or owes delinquent taxes to the state will have any payments under the Contract applied toward the debt or delinquent taxes owed the state until the account is paid in full, regardless of when the debt or delinquency was incurred. This provision does not apply if the warrant or transfer results in payments being made in whole or in part with money paid to the state by the Federal Government. Pursuant to 34 TAC 201.14 -18 and TGC 2161, Contractors shall maintain business records documenting compliance with the HUB subcontracting plan (HSP) and shall submit a compliance report to the contracting agency monthly, in the format required by the Agency. The compliance report submission shall be required as a condition for payment. If the Contractor subcontracts any part of the contract in a manner that is not consistent with its HUB subcontracting plan, the selected respondent must submit a revised HUB subcontracting plan before subcontracting any of the work under the contract. If the Contractor subcontracts any of the work without prior authorization and without complying with this section, the Contractor is deemed to have breached the contract and is subject to any remedial actions provided by Government Code, Chapter 2161, other applicable state law.
- U. Signature Authority; Final Expression; Superseding Document:** Contractor certifies that the person signing this Contract has been properly delegated this authority. The Contract represents the final and complete expression of the terms of agreement between the parties. The Contract supersedes any previous understandings or negotiations between the parties. Any representations, oral statements, promises or warranties that differ from the Contract shall have no force or effect. The Contract may be modified, amended or extended only by formal written amendment properly executed by both TEA and Contractor.
- V. Antitrust:** By signing this Contract, Contractor, represents and warrants that neither Contractor nor any firm, corporation, partnership, or institution represented by Contractor, or anyone acting for such firm, corporation or institution has, (1) violated the antitrust laws of the State of Texas under Tex. - W. Family Code Applicability:** By signing this Contract, Contractor, if other than a state Party, certifies that under Section 231.006, Family Code, that Contractor is not ineligible to receive specified grant, loan, or payment under this Contract and acknowledges that this Contract may be terminated and payment may be withheld if this certification is inaccurate. TEA reserves the right to terminate this Contract if Contractor is found to be ineligible to receive payment. If Contractor is found to be ineligible to receive payment and the Contract is terminated, Contractor is liable to TEA for attorney's fees, the costs necessary to complete the Contract, including the cost of advertising and awarding a second contract, and any other damages or relief provided by law or equity.
- X. Dispute Resolution:** The dispute resolution process provided for in Chapter 2260 of the Texas Government Code must be used by TEA and Contractor to attempt to resolve all disputes arising under this Contract. The parties may agree to mediation of their dispute at any time. However, if all issues in dispute are not completely resolved through direct negotiations between the parties within 180 days after the Agency receives Contractor's notice of claim, then the parties must submit the dispute to mediation before a mutually acceptable mediator in Travis County, Texas. The mediation must be completed on or before 270 days after the Agency receives Contractor's notice of claim. Completion of the mediation is a condition precedent to the filing of a contested case hearing under Chapter 2260. The Agency's participation in mediation or any other dispute resolution process shall not waive any of the Agency's contractual or legal rights and remedies, including but not limited to sovereign immunity.

- Y. Interpretation:** In the case of conflicts arising in the interpretation of wording and/or meaning of various sections, parts, Appendices, General Provisions, Special Provisions, Exhibits, and Attachments or other documents, the TEA Contract and its General Provisions, Appendices and Special Provisions shall take precedence over all other documents which are a part of this Contract.
- Z. Education Service Center:** No funds transferred to Regional Education Service Centers or to school districts may be used to hire a registered lobbyist.
- AA. Compliance with Laws:** Contractor shall comply with all federal, state, and local laws, statutes, ordinances, rules and regulations, and the orders and decrees of any court or administrative bodies or tribunals in any matter affecting Contractor's performance, including if applicable, workers' compensation laws, minimum and maximum salary and wage statutes and regulations, prompt payment and licensing laws and regulations. For the entire duration of the Contract, Contractor shall maintain all required licenses, certifications, permits, and any other documentation necessary to perform this Contract. When required or requested by the Agency, Contractor shall furnish TEA with satisfactory proof of its compliance with this provision.
- BB. Public Information:** The TEA is subject to the provisions of the Texas Public Information Act. If a request for disclosure of this Contract or any information related to the goods or services provided under the Contract or information provided to the TEA under this Contract constituting a record under the Act is received by the TEA, the information must qualify for an exception provided by the Texas Public Information Act in order to be withheld from public disclosure. Contractor authorizes the TEA to submit any information contained in the Contract, provided under the Contract, or otherwise requested to be disclosed, including information Contractor has labeled as confidential proprietary information, to the Office of the Attorney General for a determination as to whether any such information may be exempt from public disclosure under the Act. If the TEA does not have a good faith belief that information may be subject to an exception to disclosure, the TEA is not obligating itself by this Contract to submit the information to the Attorney General. It shall be the responsibility of the Contractor to make any legal argument to the Attorney General or appropriate court of law regarding the exception of the information in question from disclosure. The Contractor waives any claim against and releases from liability the TEA, its officers, employees, agents, and attorneys with respect to disclosure of information provided under or in this Contract or otherwise created, assembled, maintained, or held by the Contractor and determined by the Attorney General or a court of law to be subject to disclosure under the Texas Public Information Act.
- The 83rd Legislature recently passed SB 1368, which amended Section 2252.907 of the Texas Government Code to require that a contract between a state governmental entity and a nongovernmental Contractor involving the exchange or creation of public information, as defined by Section 552.002. Contractor is required to make any information created or exchanged with the state pursuant to this Contract, and not otherwise excepted from disclosure under the Texas Public Information Act, available in a format that is accessible by the public at no additional charge to the state. Venue and Jurisdiction:** Subject to and without waiving any of the Agency's rights, including sovereign immunity, this Contract is governed by and construed under and in accordance with the laws of the State of Texas. Venue for any suit concerning this solicitation and any resulting contract or purchase order shall be in a court of competent jurisdiction in Travis County, Texas.
- EE. Protests:** Any actual or prospective Bidder, Respondent, or Contractor who is aggrieved in connection with the solicitation, evaluation, or award of this or any other contract by the Texas Education Agency may submit a formal protest to the Director of the Agency's Contracts and Purchasing Division. This protest procedure shall be the exclusive method by which anyone may make a challenge to any aspect of the Agency's contracting process. The Agency will not be required to consider the merits of any protest unless the written protest is submitted within ten (10) working days after such aggrieved person knows, or reasonably should have known, of the occurrence of the action which is protested. The protest document must meet with all requirements in applicable law and Agency's rules (Title 19 of the Texas Administrative Code, at § 30.2002) <http://ritter.tea.state.tx.us/rules/tac/index.html>.
- If the protest procedure results in a final determination by the Agency that a violation of law has occurred in its contracting process in a case in which a contract has been awarded, then the Agency may declare the contract void at inception. In that event, the party who had been awarded the contract shall have no rights under the contract and no remedies under the law against the Agency

- FF. Liability for and Payment of Taxes:** Contractor represents and warrants that it shall pay all taxes or similar amounts resulting from this Contract, including, but not limited to, any federal, State, or local income, sales or excise taxes of Contractor or its employees. TEA shall not be liable for any taxes resulting from this Contract.
- GG. Severability:** In the event that any provision of this Contract is later determined to be invalid, void, or unenforceable, the invalid provision will be deemed severable and stricken from the Contract as if it had never been incorporated herein. The remaining terms, provisions, covenants, and conditions of this Contract shall remain in full force and effect, and shall in no way be affected, impaired, or invalidated.
- HH. Conformance:** The Contractor warrants that all goods and services furnished shall conform in all respects to the terms of this Contract, including any drawings, specifications or standards incorporated herein, and any defects in materials, workmanship, and free from such defects in design. In addition, proposer warrants that goods and services are suitable for and will perform in accordance with the purposes for which they are intended.
- II. - JJ. This requirement applies to all individuals who currently serve or will serve in Agency assignments that have the possibility of direct contact with students. Assignments are contingent upon meeting Agency eligibility standards. Contractor and/or any staff member of Contractor who may perform services under this contract must complete this criminal history review before the beginning of an assignment. If said individuals have not completed this requirement or the review results in a determination that Contractor is not eligible for assignment, this contract will be terminated effective immediately or the date of notice of non-eligibility, whichever is earliest.
- KK. Assignment of Contract:** This Contract may not be assigned, sold, or transferred without the express written consent of the TEA Purchasing, Contracts, and Agency Services (PCAS) Division. An attempted assignment after Contract award without the TEA approval will constitute a material breach of contract.
- LL. Buy Texas:** In accordance with Government Code, Section 2155.444, the State of Texas requires that during the performance of a contract for services, Contractor shall purchase products and materials produced in the State of Texas when available at a price and time comparable to products and materials produced outside the state. This provision does not apply if Contractor receives any federal funds under this Contract.
- MM. Excluded Parties List System:** The Texas Education Agency and the Contractor must adhere to the directions provided in the President's Executive Order (EO) 13224, Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism, which may be viewed at: <http://www.whitehouse.gov/briefing-room/presidential-actions/executive-orders>. That Executive Order prohibits any transaction or dealing by United States persons, including but not limited to the making or receiving of any contribution of funds, goods, or services to or for the benefit of those persons listed in the General Services Administration's Excluded Parties List System (EPLS) which may be viewed on the System for Award Management (SAM) site at <http://www.Sam.gov>.
- NN. Suspension and Debarment:** Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntary excluded from participation in this transaction by any federal, state or local government entity and that Contractor is in compliance with the State of Texas statutes and rules relating to procurement. If Contractor is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this contract.
- OO. Electronic and Information Resources Accessibility Standards:** State agencies shall procure products which comply with the State of Texas Accessibility requirements for Electronic Information Resources specified in 1TAC Chapter 213 when such products are available in the commercial marketplace or when such products are developed in response to a procurement solicitation.

[Section 508 of the US Rehabilitation Act of 1973](#) is in the final stages of revision and most likely will be adopted sometime in FY 2014. Therefore, all current and potential Contractors are hereby notified of the requirement. The current technical requirements for accessibility contained within this regulation form the basis for our Texas TAC rules on EIR Accessibility.

This refresh of 508 will be using the [WCAG 2.0 AA Accessibility Guidelines](#) (also ISO/IEC standard 40500) as the new technical standard that Federal agencies will be required to meet when procuring products and services. Once the 508 refresh is adopted, DIR will be modifying the TAC rules to synchronize with it.

Given this coming change, all Texas agencies and institutions of higher education should begin using or specifying WCAG 2.0 AA guidelines for the design of new websites or web applications. The rationale is twofold:

1. It could be technically difficult and expensive to bring these websites/applications to WCAG 2.0 AA later.
2. WG 2.0 AA is a superior, more flexible standard and is in use all over the world. If a website is compliant with WCAG 2.0 AA, it will, by default comply with our current TAC rules on EIR Accessibility.

Web development Contractors should already be familiar with designing to this standard, and their ability to meet these standards should be a strong consideration in the selection process.

The free online resources listed below are available to assist developers and content producers in transitioning to these guidelines.

- PP. Collusion:** Contractor certifies and represents that Contractor has not colluded with, nor received any assistance from, any person who was paid by TEA to prepare specifications or a solicitation on which a Proposer's bid or proposal is based and will not allow any person who prepared the respective specifications or solicitation to participate financially in any contract award.
- QQ. Social Security Numbers Withheld:** TEA will not provide Social Security Numbers (SSNs) to any Contractor under this contract unless specifically specified as part of the project requirements. TEA, its Contractors and their subcontractors, will not require or request school districts to provide SSNs under this contract. Contractor agrees that in executing tasks on behalf of the TEA, they will not use any student-identifying information in any way that violates the provisions of FERPA, and will destroy or return all student-identifying information to TEA within thirty (30) days of project completion. An authorized officer of the company must certify that ALL records have either been properly destroyed or returned to the Agency in order to close out the contract.
- RR. Proprietary; Confidential Information; Nondisclosure; Press Releases:** All information gathered, produced, derived, obtained, analyzed, controlled or Accessed by Proposer in connection with a contract resulting from this RFP ("Confidential Information") shall be and remain Confidential Information and shall not be released or disclosed by Proposer without the prior written consent of the TEA, which consent must specifically identify the Confidential Information to be disclosed by Proposer and the nature of the disclosure for which consent is sought. Contractor, its employees and subcontractors, agree that in executing tasks on behalf of the TEA, they will not use any student-identifying information in any way that violates the provisions of FERPA, and will destroy or return all student-identifying information within thirty (30) days of project completion. Contractor also agrees not to disclose any information to which it is privy under this Contract without the prior consent of the agency. Contractor will indemnify and hold harmless the State of Texas, its officers and employees, and TEA, its officers and employees for any claims or damages that arise from the disclosure by Contractor or its Contractors of information held by the State of Texas. Except when defined as part of the Work under this Contract, Contractor will not make any press releases, public statements, or advertisement referring to the Project or the engagement of Contractor in connection with the Project, or release any information relative to the Project for publication, advertisement or any other purpose without the prior written approval of TEA.

- TT. Contractor Performance:** All state agencies must report unsatisfactory Contractor performance on purchases over \$25,000. Proposers who are in default or otherwise not in good standing under any other current or prior contract with TEA at the time of selection will not be eligible for award of this contract. A Proposer's past performance will be measured based upon pass/fail criteria, in compliance with applicable provisions of §§2155.074, 2155.075, 2156.007, 2157.003, and 2157.125, Gov't Code. Proposer s may fail this selection criterion for any of the following conditions: A score of less than 90% in the Contractor Performance System, currently under a Corrective Action Plan, having repeated negative Contractor performance reports for the same reason, having purchase orders that have been cancelled in the previous 12 months for non-performance (i.e. late delivery, etc.). TEA may conduct reference checks with other entities regarding past performance. In addition to evaluating performance through the Contractor Performance Tracking System (as authorized by 34 Texas Administrative Code §20.108), TEA may examine other sources of Contractor performance including, but not limited to, notices of termination, cure notices, assessments of liquidated damages, litigation, audit reports, and non-renewals of contracts. Any such investigations shall be at the sole discretion of TEA, and any negative findings, as determined by TEA, may result in non-award to the Proposer .

Agencies report satisfactory and exceptional Contractor performance to assist in determining best value. In accordance with Texas Government Code, §2155.074 and §2155.75, Contractor performance may be used as a factor in future contract awards.

Contractor performance information is located on the CPA website at http://www.window.state.tx.us/procurement/prog/contractor_performance/

UU. Termination: This Contract shall terminate upon full performance of all requirements contained in this Contract, unless otherwise extended or renewed as provided in accordance with the Contract terms and conditions.

1. **Termination for Convenience:** TEA may terminate this Contract at any time, in whole or in part, without penalty, by providing fifteen (15) calendar days advance written notice to the other Party. In the event of such a termination, the Contractor shall, unless otherwise mutually agreed upon in writing, cease all work immediately upon the effective date of termination. TEA shall be liable for reimbursing only those expenses incurred by the Contractor that are permitted, properly performed under this Contract and were incurred prior to the effective termination date.
2. **Termination for Cause/Default:** If the Contractor fails to provide the goods or services contracted for according to the provisions of the Contract, or fails to comply with any of the terms or conditions of the Contract, TEA may, upon written notice of default to the Contractor, immediately terminate all or any part of the Contract. Termination is not an exclusive remedy, but will be in addition to any other rights and remedies provided in equity, by law or under the Contract.

TEA may exercise any other right, remedy or privilege which may be available to it under applicable law of the state and any other applicable law or may proceed by appropriate court action to enforce the provisions of the Contract, or to recover damages for the breach of any agreement being derived from the Contract. The exercise of any of the foregoing remedies will not constitute a termination of the Contract unless TEA notifies the Contractor in writing prior to the exercise of such remedy.

The Contractor shall remain liable for all covenants and indemnities under the Contract. The Contractor shall be liable for all costs and expenses, including court costs, incurred by TEA with respect to the enforcement of any of the remedies listed herein.

3. **Termination Due to Changes in Law:** If federal or state laws or regulations or other federal or state requirements are amended or judicially interpreted so that either Party cannot reasonably fulfill this Contract and if the Parties cannot agree to an amendment that would enable substantial continuation of the Contract, the Parties shall be discharged from any further obligations under this Contract.
4. **Rights upon Termination or Expiration of Contract:** In the event that the Contract is terminated for any reason, or upon its expiration, TEA shall retain ownership of all associated work products and documentation obtained from the Contractor under the Contract.
5. **Survival of Terms:** Termination of the Contract for any reason shall not release the Contractor from any liability or obligation set forth in the Contract that is expressly stated to survive any such termination or by its nature would be intended to be applicable following any such termination, including the provisions regarding confidentiality, indemnification, transition, records, audit, property rights, dispute resolution, and invoice and fees verification.
6. **Contract Transition:** In the event a subsequent competitive solicitation is awarded to a New Contractor, the Outgoing Contractor shall hand-over to the New Contractor all "Works" including but not limited to the following: data, materials, database access, intellectual property, source code, training materials, access to websites, asset transfer, and maintenance of service commitments. The purpose of transition planning is to ensure a seamless and continuous service when changing from one contract to another. The Outgoing Contractor will begin shipping, transmitting or providing access to all appropriate materials and data to the New Contractor within 10 days of announcement of award at the New Contractor's expense for data processing and production, packing and shipping. The Outgoing Contractor will be responsible for providing the services identified in the Contract until all records have been completely transferred to the New Contractor. The Outgoing Contractor is responsible for performing due diligence to ensure that all the transition activities are identified and completed during the Contract Transition.

The Outgoing Contractor shall submit to TEA requested reports and data. TEA will not release the final invoice until all materials are returned to TEA or their designee. The TEA Project Manager shall approve the Transition Plan prior to its implementation. The Transition Plan must minimize the impacts on continuity of operations and maintain communication with the TEA Project Manager and the New Contractor.

VV. Amendments: All Amendments to this Contract will be in a manner as prescribed by the Agency Contracting Process and are, subject to Paragraph B of the General Provisions and will be made on AMENDMENT TO TEXAS EDUCATION AGENCY STANDARD CONTRACT form. All Amendments will be initiated by the TEA Contracts staff. An Amendment to this Contract will become effective on the date of signature of TEA or the effective date shown on the Amendment document whichever is first.

If the initial major contract (defined as expected value of \$10M or more) solicitation document submitted to the CPA Contract Advisory Team (CAT) changes substantially, agencies are required to resubmit their solicitation documents(s) for CAT review. Changes in the major contract solicitation are considered substantial when: 1) the solicitation change caused the estimated value for the original term of the contract, not including renewal periods, to increase by 25% or more; 2) or there are significant revisions, deletions and/or additions to the specifications, statement of work (SOW), set(s) of deliverables, performance measures, payment methodology, etc.

1. The Contractor is permitted to re-budget among direct cost categories within the approved budget to meet unanticipated requirements and to make limited changes to the approved budget without the issuance of a written Amendment as long as the total budget amount does not change. However, a revised budget document must be submitted to the TEA Project Manager for approval. Once approved, the documents must be submitted to the Contracts office for incorporation into the Contract file. Failure to submit the budget documents will result in invoices being rejected or payment delayed.
2. Written Amendments are required for the following Contract changes:
 - a. Any revision which would result in the need for additional funding;
 - b. Any revision to the scope of work, deliverables, or objectives of the Contract (regardless of whether there is an associated budget revision requiring prior approval) additionally increases of 25% or more for Major Contracts must be approved by the Comptroller;
 - c. A request to extend the period of the Contract;
 - d. Cumulative transfers among direct cost categories which exceed or are expected to exceed 25 percent of the current total approved budget category;
 - e. Any reduction of funds or reduction in the scope of work;
 - f. Whenever a line item within a class/object code is added;
 - g. An increase in the quantity of capital outlay item(s) requested; and
 - h. An increase or decrease in the number of positions charged to Contract.

All Amendments must be signed by both parties.

WW. Payment: Payment for goods or services purchased with State-appropriated funds will be issued by electronic Direct Deposit from the State Treasury. Direct Deposit is the preferred method of payment. Any payment owed by an Agency must be transmitted electronically to the Contractor no later than 30 days after the later of:

- (1) Day on which the Agency received the goods;
- (2) Date the performance of the service under the contract is completed; or
- (3) Day on which the Agency received the complete and correct invoice for goods or services.

Invoices must be submitted to TEAAccountsPayable@tea.state.tx.us and the TEA Project Manager.

Additional information and a Direct Deposit Authorization application may be found at: <https://fm.x.cpa.state.tx.us/fm/payment/index.php>.

- a. Payment for service(s) described in this Contract is contingent upon satisfactory completion of the Deliverables and Services Review and Acceptance Process. The Contractor must submit final deliverables to TEA for review and approval prior to invoicing. These include test items developed under the contract. "Final" deliverable means a deliverable that, in the belief and testimony of the Contractor, is in final completed form and in compliance with all required specifications as defined by project documentation and this contract. TEA will review each deliverable, including test items, submitted by the Contractor for quality and alignment to the deliverable definition agreed to under the "Deliverables and Services Definition Process". TEA will have fifteen (15) working days to approve a deliverable or request revisions to the deliverable. TEA must review and approve any deliverable before it may be invoiced by the Contractor. If TEA finds a submitted deliverable to be substandard or not in compliance with the deliverable definition agreed to under the "Deliverables and Services Definition Process", the Contractor will have ten (10) working days to address the quality or other compliance requirement and resubmit the deliverable. Additional costs incurred by the Contractor that result from repeated submissions and revising of substandard deliverables will be borne solely by the Contractor and not charged against the contract or to TEA. This process will apply to all deliverables and requirements of the Contract, including test items developed. This does not preclude an arrangement that allows the

Contractor to bill against a deliverable as progress is made toward completing that deliverable, so long as documentation of such progress in a form and nature satisfactory to TEA is provided and is approved by TEA. It is up to the Contractor to request incremental billing based on progress towards a deliverable, and such a request must be approved by TEA prior to submission of any invoice by the Contractor. TEA reserves the right to reject and not provide payment for deliverables found to be substandard or not in compliance with the deliverable definition agreed to under the "Deliverables and Services Definition Process", including test items developed under the Contract. The Contractor is strongly encouraged to collaborate with TEA on draft versions of any deliverables or services and request review(s) of such draft versions before submitting a final version.

- b. Retainage: TEA may withhold 5% or less of each payment as retainage for certain projects. Retainage fees shall be documented in the Contract and may not be arbitrarily imposed after execution of the Contract. The release of retainage may be requested in the final invoice.
- c. Unless otherwise stated, payment under this Contract will be made upon performance of services based upon submission of an expenditure report/invoice, properly prepared and certified, outlining expenditures by cost category. Include the contract number, purchase order number, and the Texas Comptroller of Public Accounts Texas Identification Number (TIN) on all invoices/expenditure reports. The cost categories provided in the expenditure report/invoice must coincide with the cost categories detailed in the approved budget. A list of tasks/activities performed during the invoice period must accompany the expenditure report/invoice. The final expenditure report/invoice is due within forty-five days after the end of the Contract. Payment on the final expenditure report is contingent upon receipt of all reports/products required by this Contract.
- d. An encumbrance, accounts payable, and expenditure, as with all other contract accounting terms, will be as defined in the *Financial Accounting and Reporting Module of the TEA Financial Accountability System Resource Guide*. All goods must have been received and all services rendered by the ending date of this Contract in order for Contractor to include these costs as either expenditures or as accounts payable and, thereby, recover funds due. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures.
- e. Contractor who is indebted or owes delinquent taxes to the State will have any payments under the Contract applied toward the debt or delinquent taxes owed the State until the amount is paid in full, regardless of when the debt or delinquency was incurred. TEA shall determine whether a payment law prohibits the Comptroller from issuing a warrant or initiating an electronic funds transfer to a person before TEA enters into a written contract with that person.

Contractor may verify their account status by accessing the Comptroller's website at https://fm.xcpa.state.tx.us/fm/pubs/purchase/restricted/index.php?section=indebted&page=persons_indebted

XX. Prohibition of text messaging and emailing while driving during official federal grant business: Federal grant recipients and their grant personnel are prohibited from texting messaging while driving a government owned vehicle or while driving their own privately owned vehicle during official grant business, or from using government supplied electronic equipment to text message or email while driving. Recipients must comply with these conditions under Executive Order 13513, "Federal Leadership On Reducing Text Messaging While Driving," effective October 1, 2009.

Texas Education Agency
RFP 701-16-007, Statewide Educator Appraisal Hub

Addendum #1
Q&A

1. The RFP states that the TEA is seeking an “entity to serve as the statewide hub providing technical assistances with training, implementing and supporting teacher and evaluation systems throughout the state” (page 3). What are the state’s expectations for accessibility and ongoing support for the statewide hub in addition to the training and tech support?

A: The statewide hub would provide support to regional Education Service Centers (ESCs), virtually and in person, when applicable. The hub would also provide in-person spot assistance to trainers who need support with delivering training effectively and with fidelity. Although most duties can be performed remotely, there will be times, as needed, where contractual duties will require face-to-face training and support throughout the state.

2. Project Deliverable #1 (page 4) states “assist TEA in providing information, training, and support to 20 ESCs and approximately 250 districts”. Deliverable #2 (page 5) states “train individuals identified by the 20 ESCs as potential trainers by 4/30/16. As estimated four train-the-trainer events will be necessary”.

Are the four train-the-trainer events all that is anticipated in this RFP?

Does the TEA anticipate the need for four T-TESS train-the-trainer and four T-PESS train the trainer events, or four events to cover both T-PESS and T-TESS?

A: The four train-the-trainer events would cover both T-TESS and T-PESS, although additional trainings may be necessary as the 2015-2016 school year unfolds, and could be addressed in a contract amendment.

3. What is the estimated number of trainers that TEA will require be trained?

A: It is estimated that 150 to 200 T-TESS trainers and 50-75 T-PESS trainers will need to be trained during the 2015-2016 school year.

4. What are the expectations for ongoing coaching (deliverable 8) and areas in which coaching will be expected? For example, is the coaching related to training facilitation?

A: Yes, coaching would be related to training facilitation and potentially coaching ESC staff to better support T-TESS and T-PESS school districts.

5. Deliverable 7 asks for the scoring filming and scoring of at least four classroom videos for the annual appraiser decertification exams. Has the TEA identified schools/teachers in which video lessons will be filmed, and secured permission from parents, communities, etc. for the filming? If not, will that task be completed by the TEA, or is the vendor expected to identify the schools and recruit teachers for filming?

Would the state accept videos already filmed and available from an open source?

A: It will be the responsibility of the vendor and the cooperating school district to secure permission for filming. TEA would accept videos already filmed, provided the classroom filmed is a Texas classroom.

6. With regards to integration, are you looking for respondents to provide a full integration with your Teach for Texas portal, including single sign-on, or just a link to your portal from the hub? We can do a full integration and import the data, and provide SSO capability if this is what you need, but we wanted to fully understand your integration needs.

A: TEA is looking for the vendor to take over the daily maintenance and technical support of Teach for Texas. The site can remain a link on a main evaluation page, but the main tasks associated with the portal will be maintaining and supporting individual accounts, maintaining and refreshing support materials, maintaining and providing technical assistance for certification exam functionality, and maintaining, supporting, and providing technical assistance for the evaluation management functions of the site.

7. With regards to the videos, we can accommodate the request to film and rate the videos, but we have 100s of high quality teaching videos already available, and we can we can rate those using the T-TESS rubric instead of filming four sessions. Would that be acceptable?

A: Please see the response to question 5 above – provided the videos capture Texas classrooms, videos already available would be acceptable.

8. With regards to providing technical support, is the expectation that the ESCs and school districts would contact us for technical support, using our established help desk support, or would they contact the Teach for Texas support staff, and anything that applies to TNL would be routed to us through them?

A: Teach for Texas support staff and the evaluation hub staff should be one in the same. The vendor who becomes the evaluation hub for the state will also fully manage and support the Teach for Texas portal.
