

Greetings,

The Texas Education Agency (TEA) collects data from local education agencies (LEAs) for the State Performance Plan/Annual Performance Report (SPP/APR). LEAs are required to report data on sixteen State Performance Plan Indicators (SPPIs) identified by the United States Department of Education's Office of Special Education Programs.

LEAs are required to provide valid, timely, and reliable data that reflect the measurement for each SPPI. TEA considers data certified and submitted by LEAs to be final and uses the LEA's performance on the indicators in the analysis of the annual determination. Any issues related to the submission of inaccurate data or the non-submission of data is addressed by the Department of Special Education and the Division of Review and Support.

After the State Performance Plan Indicator collection period each year, the Texas Education Agency offers local education agencies (LEAs) the opportunity to submit updated data for Compliance Indicators 11, 12, and 13. LEAs have the opportunity to correct data entry errors and/or to document the correction of any potential noncompliance found in the state's database for these indicators prior to the state issuing a finding of noncompliance.

The clarification data entry period for the 2021-2022 school year begins on **August 11, 2022** and will conclude on **August 23, 2022**. During this time, LEAs will have the option to complete the Qualtrics survey below and request to submit additional clarification items for review.

Confidentiality of Data

LEA responses will only be reviewed internally to assist TEA with the monitoring process. The information LEAs share is confidential to the extent permitted by law. Responses to the survey may be subject to public information requests in accordance with the Public Information Act. Texas Government Code, Chapter 552.

Participation or Withdrawal

LEA participation in the clarification period is voluntary.
