

A photograph of a man and a young boy sitting at a wooden desk in a home office. The boy, on the left, is wearing a red and white long-sleeved shirt and is holding a green pen over an open notebook. The man, on the right, is wearing a light blue button-down shirt and is holding a black tablet computer. They are both looking at the tablet with interest. In the background, there is a white bookshelf filled with books and decorative items. A white mug is visible on the desk in the foreground on the right.

Single Sign On Introduction

Performance Reporting Division | 2020

- Single Sign On (SSO) is an exciting new feature Student Information System (SIS) vendors can offer their districts.
- This feature uses a simple HTTP post request allowing SIS vendors to provide districts with the ability to give their parent-facing portals direct access to their child's assessment scores with one click.
- Parents are taken directly into the online Student Portal without needing their child's Unique Access Code (PAC ID) found on the paper STAAR Report Card.

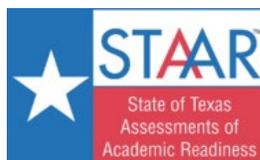

The image shows a purple-themed login page titled "LEARN MORE ABOUT YOUR CHILD'S SCORE". It includes a login form with fields for "Unique Student Access Code" and "Student's Date of Birth" (Month, Day, Year). Below the form are buttons for "Log In to Student Portal" and "Find My Access Code". A large yellow 'X' is drawn over the login form. To the right is a video player titled "STUDENT PORTAL OVERVIEW" showing a person holding a STAAR report card. The video player has a progress bar at 0:00 / 1:34 and buttons for "VIEW TRANSCRIPT" and "VIDEO WITH AUDIO DESCRIPTION".

- The Student Portal offers parents and students
 - a history of their scores for each assessment taken in the past 10 years;
 - detailed results for each assessment taken;
 - ability to view all released test questions and how they performed; and
 - resources to assist parents in understanding their child’s score, understanding the STAAR test, how to help their child prepare, and FAQs.

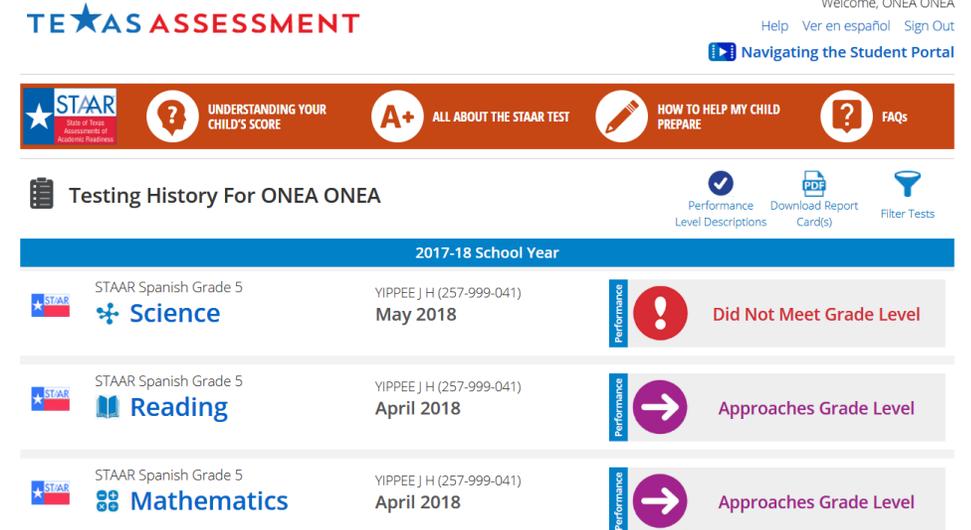

The screenshot shows the 'Testing History For ONEA ONEA' page for the 2017-18 School Year. It lists three assessments:

Assessment	Student	Date	Performance
STAAR Spanish Grade 5 Science	YIPPEE J H (257-999-041)	May 2018	Did Not Meet Grade Level
STAAR Spanish Grade 5 Reading	YIPPEE J H (257-999-041)	April 2018	Approaches Grade Level
STAAR Spanish Grade 5 Mathematics	YIPPEE J H (257-999-041)	April 2018	Approaches Grade Level

- Single Sign On benefits include
 - providing districts an easy way to make student STAAR scores available to parents;
 - providing parents easy access to all the features and resources inside the Student Portal; and
 - providing parents Student Portal access without their child’s Unique Access Code or Social Security Number.

The screenshot shows the TEAS ASSESSMENT Student Portal. At the top right, it says "Welcome, ONEA ONEA" with links for "Help", "Ver en español", and "Sign Out". Below this is a "Navigating the Student Portal" link. The main navigation bar includes "STAAR", "UNDERSTANDING YOUR CHILD'S SCORE", "A+ ALL ABOUT THE STAAR TEST", "HOW TO HELP MY CHILD PREPARE", and "FAQs". The user's name "ONEA ONEA" is displayed next to a "Testing History" icon. On the right, there are icons for "Performance Level Descriptions", "Download Report Card(s)", and "Filter Tests". The main content area is titled "2017-18 School Year" and lists three test results:

Subject	Score	Date	Performance Level
STAAR Spanish Grade 5 Science	YIPPEE J H (257-999-041)	May 2018	Did Not Meet Grade Level
STAAR Spanish Grade 5 Reading	YIPPEE J H (257-999-041)	April 2018	Approaches Grade Level
STAAR Spanish Grade 5 Mathematics	YIPPEE J H (257-999-041)	April 2018	Approaches Grade Level

Consolidated Independent School District

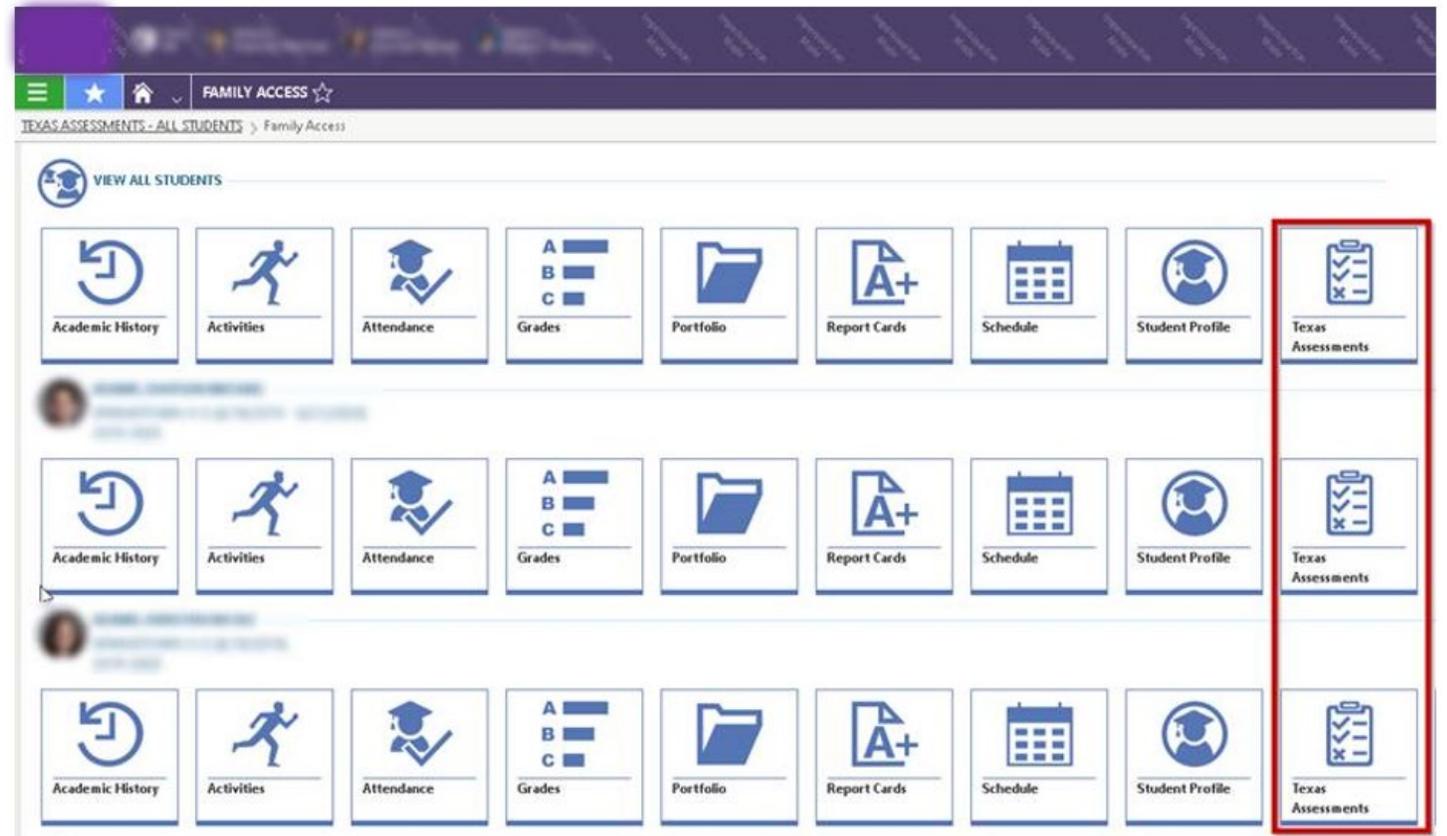

Parent Self Serve - My Students

st

Name	SCH
Texas Assessment Parent Portal	School

When a guardian logs in, they see a new Texas Assessments Parent Portal link.

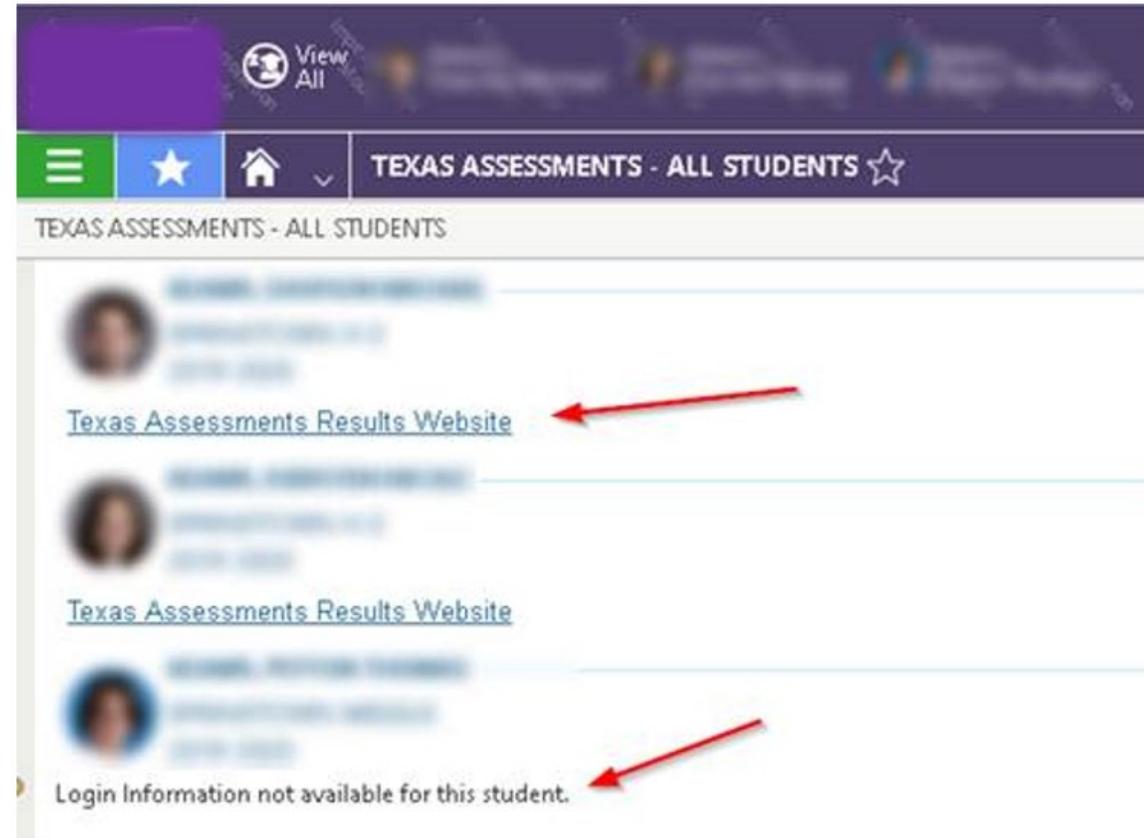

When a guardian logs in, they see a new Texas Assessments widget.

Once they click on the widget, they can select a student.

All their children who have a Unique Access Code would appear here.

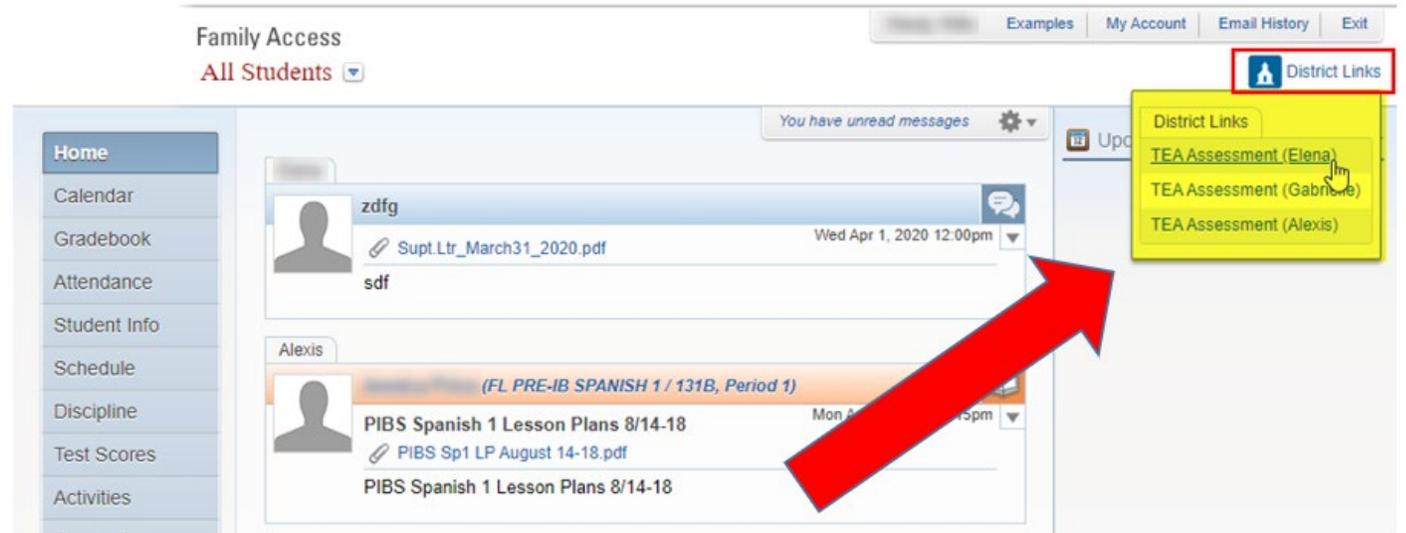

If a child does not have a Unique Access Code, there is no link.

When a guardian logs in, they click the District Links dropdown.

All their children who have a Unique Access Code appear here.

If a child does not have a Unique Access Code, there is no link.

- **Single Sign On Integration Guide:** Outlines the steps SIS vendors take to implement this feature for their districts.
- **Single Sign On FAQs:** Outlines frequently asked questions regarding single sign on. These questions originated from other SIS vendors, districts, and external stakeholders.
- **Single Sign On Accessing the STAAR Data File:** Outlines the steps a District Testing Coordinator (DTC) of record takes to access their district's Unique Access Codes and DOBs.
- **Sample District Data File:** Offers a sample of a district's STAAR data file formatting. Available in both STAAR 3-8 and EOC formats (provided upon request).
- **Single Sign On Test Unique Access Codes:** Offers test Unique Access Codes a vendor can use in their development process (provided upon request).

Positive feedback...

“We think parents will love it when they are looking for scores this year (2021). Districts are excited to not have to manage those portal access codes now!

The process was very easy to implement.”

Positive feedback...

“This week we will push out more information concerning this new feature in SKYWARD to our parents.

Thank you to both organizations for making this happen. This is a huge help to everyone on both sides of the fence.”

- “Parents love that they can see their child’s results so easily as well as all the unique features inside the Student Portal.”
- “Parents love seeing all their child’s test history in one place as well as the test question details.”
- “Parents find the Student Portal very user friendly.”
- “The Student Portal mobile experience is great for parents.”
- “Parents are more comfortable accessing their child’s scores electronically versus traditional paper.”
