TEXAS EDUCATION AGENCY 2020-2021 CYCLICAL MONITORING REPORT BLANCO INDEPENDENT SCHOOL DISTRICT

CDN: 016902

Non-Compliance Identified

Corrective Actions To Be Completed

INTRODUCTION

The Texas Education Agency (TEA) would like to extend appreciation to Blanco Independent School District for their efforts, attention, and time committed to the completion of the review process.

The TEA has developed a monitoring approach that reviews compliance-based indicators while also looking for best practices. In commitment to the approach, the cyclical monitoring report will provide the results of the LEA's compliance review related to the Individuals with Disabilities Education Act (IDEA) and federal and state statutes, a summary of data related to Results-Driven Accountability (RDA), State Performance Plan (SPP), Significant Disproportionality (SD), and dyslexia program evaluation will recommend targeted technical assistance and support for LEAs related to special education, and highlight best practices of LEAs that demonstrate success.

CYCLICAL MONITORING

The TEA conducts cyclical reviews of all LEAs statewide over six years. The purpose of cyclical monitoring is to support positive outcomes for students with disabilities and to determine compliance with special education regulations and dyslexia program regulations.

LEAs are required to submit artifacts and/or sources of evidence for compliance and promising practices review in the following areas:

- Child Find/Evaluation/FAPE
- IEP Development
- IEP Content
- IEP Implementation
- State Assessment
- Properly Constituted ARD Committees
- Transition

2020-2021 COVID-19 IMPACT NARRATIVE

In the 2020-2021 academic year, Local Education Agencies (LEAs) were provided an opportunity to complete a COVID-19 impact narrative form documenting the practices incorporated to support Child Find and FAPE for students being served by special education programs during the COVID-19 pandemic.

2020-2021 CYCLICAL REVIEW PARENT, TEACHER, ADMINISTRATOR INTERVIEWS/SURVEY

Staff and Family Surveys

On December 18, 2020, the TEA Review and Support team received 37 during the comprehensive desk review.

The Review and Support surveys focused on the following review areas:

Seventy eight percent of participants felt they receive sufficient communication from their school. The best way the school/district provides information (trainings, online trainings, support groups and other available resources) concerning special education services is notices sent home, emails and the school website.

The majority of parent/family member participants felt they would be most comfortable attending special education information sessions at the school campus.

All participants indicated they have a clear understanding of special education services.

The most selected areas of special education the participants would like to know about were the Inclusion in Texas network and the Texas Sensory Support Network (TxSSN).

The majority of participants felt training in to help meet the needs of students with disabilities was effective or somewhat effective.

Sixty seven percent of participants felt there was not frequent opportunities to collaborate with service providers.

The obstacles concerning student's special education programming and services were reported as:

- Timely updates on student progress.
- Assuring students receive accommodations and/or modifications as outlined in the IEP.

All participants agree with the importance of including students interests/life goals in the transition process with 50% of participants strongly agreeing.

The majority of participants indicated they chose In-Person learning model. Those participating in remote learning indicated that the students did and did not interact with teachers consistently. They reported that remote learning for students receiving special education was somewhat effective or ineffective.

Almost 63% of participants felt that during COVID school closure/remote learning, the Emergency Contingency Plan was effective in student progress.

During COVID closures the top three ways indicated that teachers provided support to students with moderate to severe disabilities were:

- Teachers provided supports needed for students to be successful.
- Teachers made regular contact with students and parents to meet academic and emotional needs.
- Teachers modified work and provided individualized support.

Participants indicated that current COVID school closure/remote learning they needed professional

development in how to use virtual platforms.

Participants indicated that during COVID school closure/remote learning strategies the top two supports used by the district that didn't work well for students with disabilities were the LMS platform such as Schoology, Canvas or Google Classroom and shared devices.

Thirty three percent of participants indicated that they agreed, and fifty six percent disagreed that they worked with parent/guardian in addressing severe behavior and work refusal during COVID-19 school closure/remote learning.

This survey was approved by the Texas Education Agency's data governance board. Participation in this survey was both voluntary and anonymous. No data was collected identifying a name so that individual responses cannot be linked to any respondent. Participants were given the option to stop the survey at any time.

Strengths

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following strengths for Blanco Independent School District:

- All full and individual evaluations (FIE) were completed within 45 school days of the date the district received written consent for evaluation.
- Required ARD committee members attend ARDs when appropriate to ensure properly constituted ARDs.
- All monitored special education policies follow federal and state requirements and operating procedures are linked to the Legal Framework...

Considerations

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following considerations for Blanco Independent School District:

- Consider additional procedures and training on the topic of intensive programs of instructions for students receiving special education services who do not meet expectations on the state assessments.
- Consider providing opportunities for staff professional development related to the development of Individualized Education Plan (IEP) goals, and objectives as appropriate, that support individualized student needs and facilitate the achievement of appropriate grade-level TEKS...
- Consider providing opportunities for staff professional development related to developing the Individualized Education Plan (IEP) with a concentration in the area of Special Education and Related Services schedule for Frequency, Duration, and Location of Services.
- Consider developing new practices on improving opportunities for staff to collaborate with service providers.

TECHNICAL ASSISTANCE

As a result of monitoring, the TEA has identified the following technical assistance resources to support Blanco Independent School District engaging in universal support as determined by the RDA performance level data and artifacts within the compliance review:

IEP Development: Goals and Objectives	.Technical Assistance: IEP Development p.12: .The IEP Development document is part of an ongoing series to provide technical assistance to LEAs from the Texas Education Agency.
IEP Development: Frequency, Duration, and Location of Services	.Technical Assistance: IEP Development p.19: .The IEP Development document is part of an ongoing series to provide technical assistance to LEAs from the Texas Education Agency.

FINDINGS OF NONCOMPLIANCE

A finding is made when noncompliance is identified with the Review and Support report findings, SPP notification, and/or individualized education program (IEP) requirements. Noncompliance that is systemic in nature must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings. ***When noncompliance has been identified as part of this cyclical review, Blanco Independent School District will receive formal notification of noncompliance in addition to this report.***

The TEA Department of Special Education Monitoring will further advise the LEA on the corrective action process, if applicable.

The TEA follows procedures for the correction of noncompliance consistent with federal guidelines (OSEP Memo 09-02.)

Before the TEA can report that noncompliance has been corrected, it must first verify the LEA:

- Has corrected each individual case of noncompliance (Prong 1); and
- Is correctly implementing the specific regulatory requirements (i.e., subsequently achieved 100% compliance) (Prong 2).

The TEA is required to monitor the completion of a corrective action plan if any noncompliance is discovered. The corrective action plan must be designed to correct any and all areas of noncompliance ***as soon as possible, but in no case later than one year from the date of notification.***

Corrective Action Plan (CAP)

The LEA will develop a CAP to address any items identified as noncompliance in this summary report.

An approved form for the CAP can be accessed on the Review and Support website or in the resources located in Ascend Texas.

The LEA must submit the CAP in Ascend within 30 school days from the date of this report and/or formal notification of noncompliance. The TEA will review the CAP submitted by the LEA for approval. If the TEA determines that a revision(s) is necessary, the LEA will be required to revise and resubmit. The Review and Support team will contact the LEA to provide notification when the CAP has been approved.

Individual Correction

The educational agency has **60 school days** from the date of this summary report to correct all identified findings of noncompliance for individual students, unless noted otherwise in the report.
