Subject: Cycle 2 Review Status Clarification and Update

Dear Dr. Joe E Satterwhite Iii,

The purpose of this letter is to clarify your district of its status related to the special education Cycle 2 review and any findings identified as a result of data collected and reviewed during monitoring activities in accordance with the Individuals with Disabilities Education Act (IDEA).

Status of Compliance

After an internal document review, TEA has determined that **Cayuga ISD** received a 2020-2021 Cyclical Monitoring Report that may have contained confusing information regarding compliance standing and requirements for further action. The attached updated report corrects language on page 1, and if applicable in the Appendix.

Specifically, although individual instance(s) not meeting regulatory and/or statutory requirements during the review of LEA provided data were found, the LEA timely corrected those instance(s) prior to any letter of finding from the State being issued. Therefore, no further actions resulting from the LEA's cyclical review are required.

Should you have any questions regarding the cyclical review process and/or questions related to the updated report information, please contact the Office of Special Populations and Monitoring at (512) 463-9414.

Sincerely,

Jennifer Alexander
Interim Deputy Commissioner

TEXAS EDUCATION AGENCY 2020-2021 CYCLICAL MONITORING REPORT

Local Education Agency (LEA) Name: Cayuga ISD

CDN: 001902

Status: Complete – See attached letter and updated Appendix

INTRODUCTION

The Texas Education Agency (TEA) would like to extend appreciation to Cayuga ISD for their efforts, attention, and time committed to the completion of the review process.

The TEA has developed a monitoring approach that reviews compliance-based indicators while also looking for best practices. In commitment to the approach, the cyclical monitoring report will provide the results of the LEA's compliance review related to the Individuals with Disabilities Education Act (IDEA) and federal and state statutes, a summary of data related to Results-Driven Accountability (RDA), State Performance Plan (SPP), Significant Disproportionality (SD), and dyslexia program evaluation recommend targeted technical assistance and support for LEAs related to special education, and highlight best practices of LEAs that demonstrate success.

CYCLICAL MONITORING

The TEA conducts cyclical reviews of all LEAs statewide over six years. The purpose of cyclical monitoring is to support positive outcomes for students with disabilities and to determine compliance with special education regulations and dyslexia program regulations.

LEAs are required to submit artifacts and/or sources of evidence for compliance and promising practices review in the following areas:

- Child Find/Evaluation/FAPE
- IEP Development
- IEP Content
- IEP Implementation
- State Assessment
- Properly Constituted ARD Committees
- Transition

2020–2021 CYCLICAL REVIEW COMPLIANCE SUMMARY

On April 22, 2021, the TEA conducted a policy review of Cayuga ISD. On May 28, 2021, the TEA conducted a comprehensive desk review of Cayuga ISD. The total number of files reviewed for the

Cayuga ISD comprehensive desk review was 19 files. The review found overall that 18 files out of 19 files were compliant. An overview of the policy review and student file review for Cayuga ISD are organized in the chart below by indicating the number of compliant findings within the reviewed file submissions related to the compliance area. Itemized details of these findings are in the appendix:

Compliance Area	Policy Review (# compliant of # reviewed)	Student File Review (# compliant of # reviewed)
Child Find/Evaluation/FAPE	19 of 19	19 of 19
IEP Development	5 of 5	19 of 19
IEP Content	3 of 3	18 of 19
IEP Implementation	21 of 21	19 of 19
Properly Constituted ARD	8 of 8	19 of 19
State Assessment	4 of 4	11 of 11
Transition	6 of 6	6 of 6

2020–2021 DYSLEXIA COMPLIANCE SUMMARY

For the 2020-2021 school year, the Texas Education Agency (TEA) identified Cayuga Independent School District (ISD) for dyslexia monitoring based on the Differentiated Monitoring and Support Cyclical Schedule. The dyslexia monitoring process focuses on three-core elements: Early Intervention and Identification, Program of Instruction and Parent Notification. The TEA Department of Review and Support: Dyslexia Monitoring reviewed Cayuga ISD artifacts using the Dyslexia Program Evaluation Rubric which is aligned to Senate Bill 2075 of the 86th Legislature, Texas Education Code (TEC) 38.003 (c-1), and 19 Texas Administrative Code (TAC) Chapter 74.28. The 2020-2021 school year results for Cayuga ISD are in the Dyslexia Compliance Summary table below.

Areas of Implementation	Compliance Status
Dyslexia Procedures	Met Compliance
Parent Communication	Met Compliance
Screening	Met Compliance
Reading Instruments	Met Compliance
Evaluation and Identification	Met Compliance
Instruction	Met Compliance
Dysgraphia	Met Compliance
Professional Development and Training	Met Compliance
Progress Monitoring	Met Compliance

DATA SUMMARY OF RESULTS-DRIVEN ACCOUNTABILITY, STATE PERFORMANCE PLAN INDICATORS, AND SIGNIFICANT DISPROPORTIONALITY

The following supplemental data may be used to support development of the Strategic Support Plan (SSP) for continuous improvement and/or a Corrective Action Plan (CAP) if noncompliance is identified.

Year	Results-Driven Accountability (RDA) Determination Level	SPP Indicators 11, 12, 13 Compliance*	Significant Disproportionality
2020	DL 1—Meets Requirements	COMPLIANT	N/A

*Indicator 11: Child Find
Indicator 12: Early Childhood Transition
Indicator 13: Secondary Transition

2020-2021 COVID-19 IMPACT NARRATIVE

In the 2020-2021 academic year, Local Education Agencies (LEAs) were provided an opportunity to complete a COVID-19 impact narrative form documenting the practices incorporated to support Child Find and FAPE for students being served by special education programs during the COVID-19 pandemic.

2020-2021 CYCLICAL REVIEW PARENT, TEACHER, ADMINISTRATOR INTERVIEWS/SURVEY

Staff and Family Surveys

On June 30, 2021, the TEA Review and Support team received 17 surveys. The Review and Support surveys focused on the following review areas:

53% percent of participants felt they receive sufficient communication from their school. The best way the school/district provides information about (trainings, online pieces of training, support groups, and other available resources) concerning special education services is from notifications sent home, phone calls, and emails.

The majority of parent/family member participants felt they would be most comfortable attending special education information sessions at the school campus.

Approximately 40% of participants indicated they have a clear understanding of special education services.

The most selected areas of special education the participants would like to know about were Small and Rural Networks.

The obstacles concerning student's special education programming and services were reported as:

- Assuring students receive accommodations and/or modifications as outlined in the IEP.
- Scheduling ARD meetings
- Timely updates on student progress
- Knowledge of available services and programs

Almost 90% participants agree with the importance of including students' interests/life goals in the transition process, with nearly 45% strongly agreeing.

The majority of participants indicated they chose the in person learning model. Most participants also

reported that remote learning for students receiving special education was almost evenly split between effective and ineffective.

COVID

Slightly less than 50% of participants felt that during COVID school closure/remote learning, the Emergency Contingency Plan effectively improved student progress.

During COVID closures, the top three ways indicated that teachers provided support to students with moderate to severe disabilities were:

- Teachers provided supports needed for students to be successful.
- Teachers made regular contact with students and parents to meet academic and emotional needs.
- Teachers modified work and provided individualized support.

Participants indicated that during COVID school closure/remote learning, the district's top two supports that didn't work well for students with disabilities were shared devices for families and the online submission of assignments for students.

More than 50% of participants indicated that they agree the school staff worked with parents/guardians in addressing severe behavior and work refusal.

This survey was approved by the Texas Education Agency's data governance board. Participation in this survey was both voluntary and anonymous. No data was collected identifying a name so that individual responses cannot be linked to any respondent. Participants were given the option to stop the survey at any time.

Strengths

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following strengths for Cayuga ISD:

- Contingency plans related to COVID-19 were consistently present in the submitted IEPs.
- Consistent documentation of Extended School Year (ESY) considerations was present in all student folders.
- Evaluations are completed within the timeframes as expected and conducted with a multidisciplinary team approach..
- Intensive programs of instruction are identified for students who do not meet standards on the state assessment..
- The desk review summary shows that all policies and compliance areas meet the state and federal regulations..

Considerations

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following considerations for Cayuga

ISD:

- Consider developing a system to provide additional training on developing data-rich Present Levels of Academic Achievement and Functional Performance (PLAAFP) statements to reflect a holistic approach to reporting the student’s current performance.
- Consider developing an internal review process to ensure clerical errors are caught and addressed before formally accepting an IEP.

TECHNICAL ASSISTANCE

As a result of monitoring, the TEA has identified the following technical assistance resources to support Cayuga ISD engaging in **universal** support as determined by the RDA performance level data and artifacts within the compliance review:

Topic	Resource
Measurable Annual Goals and PLAAFP statements	.Technical Assistance: IEP Development: The IEP Development document is part of an ongoing series to provide technical assistance to LEAs from the Texas Education Agency.
Commonly Made Errors in the IEP Process.	.IRIS Center. This IRIS Center module provides clarification on commonly made errors and how to remedy each item specifically.
Small and Rural Networks	.Small and Rural Schools Network: This network strives to build the capacity of small and rural LEAs to provide a more equitable level of access for students with disabilities in these communities. The network will develop state-level infrastructures, resources, and professional development to support LEAs who face unique challenges, such as resource limitations and geographic remoteness.

FINDINGS OF NONCOMPLIANCE

A finding is made when noncompliance is identified with the Review and Support report findings, SPP notification, and/or individualized education program (IEP) requirements. Noncompliance that is systemic in nature must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings. ***When noncompliance has been identified as part of this cyclical review, Cayuga ISD will receive formal notification of noncompliance in addition to this report.***

The TEA Department of Review and Support will further advise the LEA on the corrective action process, if applicable.

The TEA follows procedures for the correction of noncompliance consistent with federal guidelines (OSEP Memo 09-02.)

Before the TEA can report that noncompliance has been corrected, it must first verify the LEA:

- Has corrected each individual case of noncompliance (Prong 1); and
- Is correctly implementing the specific regulatory requirements (i.e., subsequently achieved

100% compliance) (Prong 2).

The TEA is required to monitor the completion of a corrective action plan if any noncompliance is discovered. The corrective action plan must be designed to correct any and all areas of noncompliance *as soon as possible, but in no case later than one year from the date of notification.*

Corrective Action Plan (CAP)

The LEA will develop a CAP to address any items identified as noncompliance in this summary report. An approved form for the CAP can be accessed on the Review and Support website or in the resources located in Ascend Texas.

The LEA must submit the CAP in Ascend within 30 school days from the date of this report and/or formal notification of noncompliance. The TEA will review the CAP submitted by the LEA for approval. If the TEA determines that a revision(s) is necessary, the LEA will be required to revise and resubmit. The Review and Support team will contact the LEA to provide notification when the CAP has been approved.

Individual Correction

The educational agency has **60 school days** from the date of this summary report to correct all identified findings of noncompliance for individual students, unless noted otherwise in the report.

2020–2021 DYSLEXIA PROGRAM EVALUATION FINDINGS

As a result of the program evaluation review, the TEA Department of Review and Support: Dyslexia Monitoring has identified the following strengths, considerations, and technical assistance recommendations for Cayuga ISD.

Areas of Strength

An area of strength includes a comprehensive district-wide procedure manual that includes program procedures for evaluating, identifying, instructing, and screening students with dyslexia.

Areas of Consideration

Your current dyslexia program is in alignment with state and federal mandates. The following resources are recommended for reflection of current dyslexia program to strengthen internal systems and procedures.

Topic	Resource (include a hyperlink)
TEA Review and Support	Dyslexia Monitoring
TEA Special Education	Dyslexia and Related Disorders
Dyslexia: TEA Professional Learning Course	TEALearn Dyslexia Modules

If you have questions about the contents of this dyslexia review summary, please contact Faith Hightower in the Texas Education Agency Department of Review and Support: Dyslexia Monitoring, by phone at 512-463-4140 or by email at faith.hightower@tea.texas.gov.

Corrective Action

The TEA reviews data collected from the dyslexia program evaluation to ensure compliance with federal and state regulatory requirements. In accordance with State Board of Education (SBOE) dyslexia guidance and Senate Bill 2075 regarding noncompliance identified through the dyslexia program evaluation, a finding of noncompliance is identified by the citation (i.e., program or process) that is violated.

Dyslexia Performance Plan (DPP)

If noncompliance is identified, the LEA is required to demonstrate correction of all noncompliance in the Dyslexia Performance Plan (DPP). This tool guides LEAs through a continuous improvement process. It addresses areas of growth that will positively impact students with dyslexia or other related disorders. LEAs should complete the DPP no later than 120-days after receiving notification of noncompliance. This document will be provided by TEA or can be accessed in the resources section of the [Review and Support website](#).
