

# RSSP provides expert support to help LEAs plan for and implement top COVID recovery and learning acceleration strategies

As an RSSP LEA you will receive 1-on-1 coaching and supports...

Analyze data and community needs to identify areas of greatest unfinished learning (e.g., key schools, grades, subjects)

Identify priority COVID recovery and learning acceleration strategies to pursue

Receive campus-level implementation supports to immediately help school staff

Run continuous improvement cycles to learn and iterate over the course of SY21-22

...across a broad range of support areas tailored to meet your district needs

Teacher & school leader coaching

Instructional material

Additional time strategies

Interventions & tutoring design

Strategic staffing & scheduling

*Note: Not exhaustive*

Register for an informational webinar and find our application on the Strong Start Page: <https://tea.texas.gov/texas-schools/health-safety-discipline/covid/strong-start-resources>

Applications are due **March 19<sup>th</sup>**

# RSSP Cohort One represents 50+ LEAs across the state who have shared positive program feedback

In SY20-21, the RSSP is supporting 50+ Cohort One LEAs that represent a diverse mix of district sizes, demographics, and regions (17/20 Texas regions represented)

What Cohort One LEAs have to say:

- ❖ **95%** of participants agree that **coaching meetings** with their TA partner is time well spent
- ❖ **97%** of participants reported seeing **progress** in at least one area of focus, in just a few months
- ❖ **94%** of participants feel confident in implementing strategies learned via **cohort learning opportunities**
