## FitnessGram Assessment and Reporting

Given the systemic closure of schools resulting from the spread of the COVID-19 virus, the governor has used his authority under Texas Government Code, §418.016 to suspend the following two requirements for the 2019-2020 school year:

- Assessment of the physical fitness of students using FitnessGram (TEC, §38.101)
- School district and charter school reporting of FitnessGram results to TEA (TEC, §38.103)
