# Timeline and Application Process

### Key Considerations

- **Application** | opens on November 7<sup>th</sup> and closes on December 22<sup>nd</sup> at 11:59pm. The LEAs have 45 days to complete the application for the grants that they wish to apply.
- **Scoring and interview** | opens Jan. 1<sup>st</sup>- Jan. 30<sup>th</sup>. This is the window for TEA to score the applications and reach out to LEAs for interviews if the score meets the threshold. The intent of the interview is to provide a two-way opportunity to determine readiness and fit.
- **NOGA** | There is a 60-day window for NOGA issuing. The process will start on Feb. 13<sup>th</sup> and culminate on Apr. 13<sup>th</sup>. LEAs can receive their NOGA at any time between that window. Note, the NOGA can only be issued once the LEAs certifies and submits the budget in the e-grants system. Therefore, if there is a delay in LEAs submission, that may impact the NOGA date.

- We recognize that this window runs up against the winter break in some cases. Our intent here is to provide as much time and a longer runway to application completion as possible.
- Application **unique link was emailed to LEA superintendents on November 7<sup>th</sup>.**
- If the LEA is unable to receive the application link in the superintendent email, LEAs can refer to a [form](#) posted on LASO website to acquire a new link.
- A **PDF** of the application was posted on the LASO website on November 7<sup>th</sup>. However, formal submission of the application will be through the Qualtrics application survey.

# Change Requests and Declines

- TCLAS was unique in the aspect of the funding source (ESSER) and the speed at which we were operating to distribute the funding.
- Therefore, to accommodate the unique circumstances of TCLAS, change requests and decline options were provided to LEAs
- Since, with LASO, we are no longer operating under the unique circumstances of TCLAS, we are going back to the traditional grant process for equity and fairness
- LASO will be anchored in the Informal discretionary competitive grant process
  - Declines and change requests are not advisable in typical competitive process
  - If declines are requested, they will be considered on a case-by-case basis for the LEAs and could raise the LEA's federal grant risk level in the coming year

## Purpose

High-quality, **evidence-based summer learning programs** help to **prevent summer slide**, i.e., learning loss created by the lack of student engagement in rigorous content between academic school years. Prekindergarten through 5th grade campuses are eligible for this grant and will undertake a **year-long planning process to design a research-based summer program** that enables districts to strengthen implementation of Additional Days School Year (ADSY) funding (TEC 48.0051).

*Note: this grant is intended to strengthen implementation of ADSY. LEAs can access ADSY funding if they meet requirements with or without this grant.*

## Available Supports

- **Research-Based Planning Process:** Grantees will complete and submit items such as a research-based comprehensive strategic plan over the course of their planning year, and receive feedback on that plan
- **Community of Practice:** Grantees will participate in communities of practice and any additional grant program meetings to assist the planning process and align strategies based on common barriers
- **One-on-One Technical Assistance\*:** Grantees may receive one-on-one technical assistance for strong summer planning

\*exploring additional funding opportunities for direct grant funds

ADSY PEP Summer supports evidence-based practices for summer while utilizing ADSY funding long-term.

The Program Capacity section of the Strategic Plan is where you will establish how many students your summer program can serve and how those students are spread across grade levels. The data in these tables will support planning for the Student Recruitment and Attendance, Staffing and Professional Development, and Program Budget sections of your plan. These tables are completed with your Vision Submission and should be updated with your Draft and Final Submissions to ensure your plans match the number of students you plan to serve. Overwrite entries with updated information at each submission.

## Benefit from Additional Days School Year Funding (ADSY)

HB 3 adds **half-day formula funding** for school systems that want to add instructional days (beyond a minimum 180 days, **up to 210 days**) to any of their elementary schools (grades **PK-5**).

## Eligibility

Any Local Education Agency (LEA) intending to utilize ADSY funding for a summer program that includes at least one grade level from PK-5 may apply. ADSY eligibility requirements, such as a 180-day instructional calendar at participating campuses, do not need to be met until the execution year (2024-2025). (More info on the next slide)

Serve at least one grade level within **grades PreK-5**

Ensure the **campus academic calendar will have at least 180 instructional days**, not including staff development waivers

Have a **campus academic calendar with at least 75,600 operational minutes**

Be willing to **add 25 to 30 additional half days of instruction (ADSY days) in the summer** to the 180 instructional days in a campus' academic calendar

An ADSY PEP day must consist of **3 hours of academic instruction + 2 hours of enrichment + 1 flex hour (lunch, transitions, assembly time, P.E, enrichment)**. Each ADSY PEP day must be at least six hours. Academic hours are led by a teacher that meets the LEA's regular-year certification requirements.

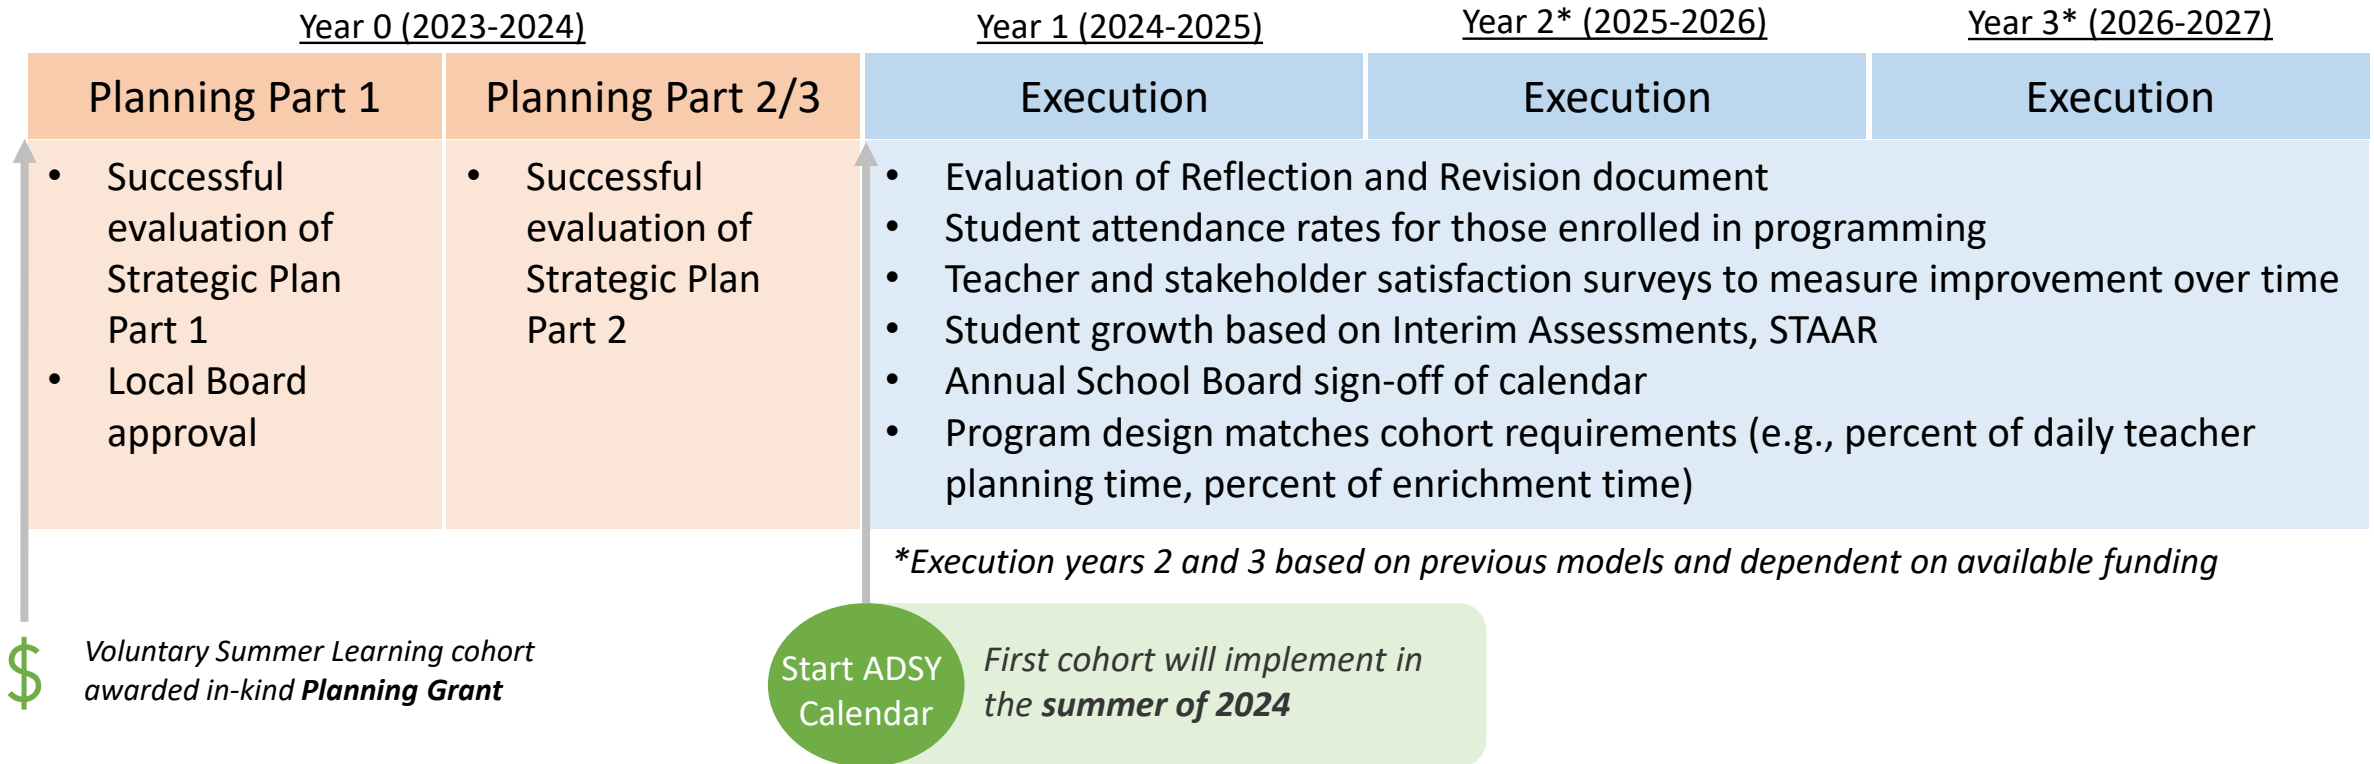

There is a **district/school-adopted set of instructional materials to be implemented across the LEA's summer program for reading and math that meet TEA's standard for High-Quality Instructional Materials** in the LASO Assurances.

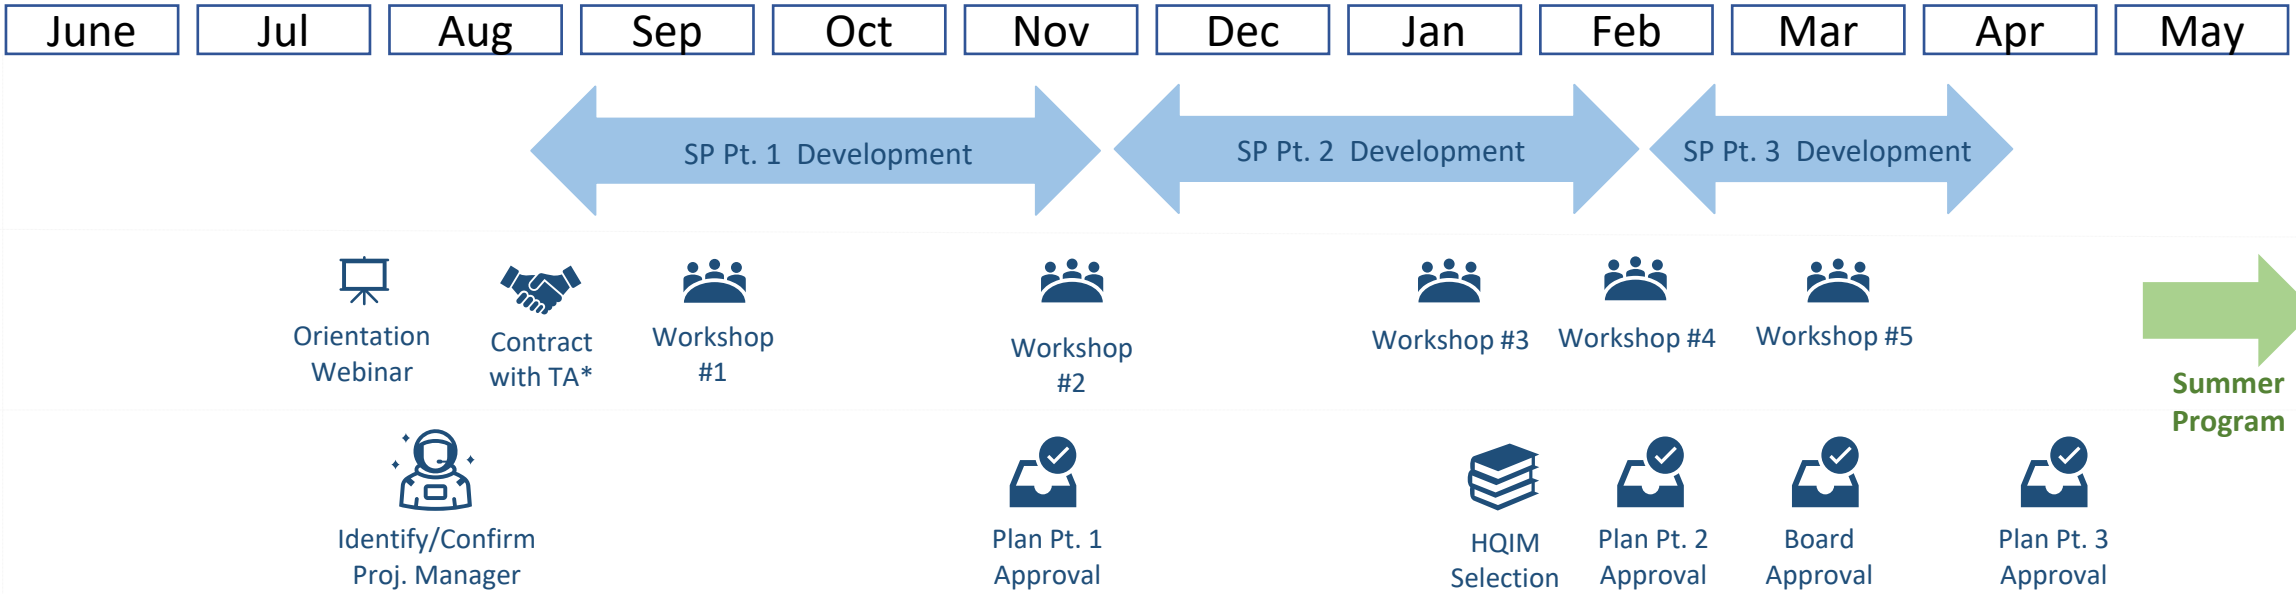

Host **ADSY days on separate days** from regular instructional calendar days

The ADSY Planning and Execution Program (PEP) is a multi-year process for school systems to design, implement, and continuously improve Voluntary Summer Learning and Full Year Redesign options of the ADSY Initiative.

Defining High Quality & Setting a Vision

65 LEAs across the state...

...alongside an ecosystem of partners and summer experts

The 65 LEAs across 3 grant cycles have experienced summer implementation success alongside undergoing continuous improvement cycles.

**ACADEMIC GROWTH**

*An example impact report from a Cycle 1 LEA*

“ HE WAS MORE MOTIVATED WHEN IT CAME TO LEARNING NEW THINGS. HE STRONGLY ENJOYED SPENDING TIME WITH THE TEACHERS AND MEETING NEW PEOPLE AND HAS TAKEN MORE OF AN INITIATIVE IN READING.

- My Camp Parent

“ MY SON IS IN TRANSITION FROM BILINGUAL TO ALL ENGLISH AND I ALREADY SEE IMPROVEMENTS IN HIS READING AND WRITING. THE TEACHERS DID AN AMAZING JOB!

- My Camp Parent

*HQIM implementation in a summer setting, in addition to high quality enrichment opportunities for students*

*Cycle 1 and 2 LEAs hold a data meaning making session geared towards continuous improvement*

In addition to meeting ADSY eligibility requirements by summer of 2024, grantees agree to:

1. Create a comprehensive, cross-departmental **strategic plan** with three anticipated submission dates in 2023-2024
2. Identify a **project manager** with appropriate autonomy and a cross-departmental **steering committee** (including finance team)
3. Add **25-30 additional days** of instruction for the summer program
4. Participate in all **learning community sessions** in 2023-2024 (up to one day per month)
5. Participate in up-to three **annual reflection and revision processes** in the years following the planning year
6. Utilize high quality instructional materials (**HQIM**) in the summer program
7. Contract with an approved **Design and Implementation Partner** to support planning process (*if funding is available*)

See more details in the [LASO ADSY PEP Summer Program Guidelines](#)

## Award Prioritization

Eligible grant applications will be prioritized based on the following criteria:

1. Applicants with participating campus academic calendar already conducting 180 instructional days
2. Campuses using TEA Available Materials in the 2023-2024 school year
3. Percent of students identified as economically disadvantaged (rank ordered)
4. Percent of participating students compared to total PK-5 enrollment

In the case of a tie at the end of available funding, overall size of program will be considered, with the larger program being awarded first.

Interviews will not be conducted as a part of this grant.

## Additional Days School Year Planning and Execution Program - Summer (ADSY PEP Summer)

### Program Description:

High-quality, evidence-based summer learning programs help to prevent summer slide, i.e., learning loss created by the lack of student engagement in rigorous content between academic school years. Prekindergarten through 5th grade campuses are eligible for this grant and will undertake a year-long planning process to design a research-based summer program that enables districts to strengthen implementation of Additional Days School Year Planning and Execution Program – Summer (ADSY PEP Summer) funding.

- Official submission of this application requires superintendent signature.
- In rare case that the Superintendent is unable to sign, the LEA should email [LASO@tea.texas.gov](mailto:LASO@tea.texas.gov)

### Closing

**Signature**

Official submission of this application requires a Superintendent signature. Application cannot be considered submitted without the formal signature from the Superintendent.

If the Superintendent is unable to sign because they are on leave or in role transition, please email at [LASO@tea.texas.gov](mailto:LASO@tea.texas.gov).

If you are the superintendent, please proceed to the Question 1 below by selecting yes and proceed to submitting the application.  
If you are not a Superintendent, pause on submitting this application, email [LASO@tea.texas.gov](mailto:LASO@tea.texas.gov) to identify the LEA's grantee official who can submit the application in superintendent's absence. Once the name of the grantee official has been identified, then return back to this page select 'No' for Question 1 and answer Question 2 to submit the application.

1. Are you a Superintendent

Yes

No

Office Hours are an opportunity to receive further technical support & high-level guidance. Office hours topics can include Technical assistance (accessing & submitting the Qualtrics application), referrals to TEA resources, and high-level reviews of dates, timelines, and estimated funding.

## Examples:

- An LEA is having trouble logging in to the Qualtrics app, and attends for assistance logging into their application.
- An LEA wants to ensure the timeline of a LASO initiative aligns with current district programs.

Office Hours will take place on

Wednesday, November 30, 2 to 3 pm
