FAQs

FAQs

Why didn't we get a decision point award?

A: Awards were prioritized based on the funding methodologies and priority points for each decision point. An LEA may not have been awarded because the vendor capacity or the available budget for the support was exhausted before the LEAs place within this priority. Additionally, an LEA may not have been awarded due to not meeting the prerequisites for the award.

Is Pre-Award Allowable?

The allowability of pre-award costs is tied to the funding source (either ESSER III or GR) and not necessarily to decision points. Any decision point funded from ESSER III has allowable pre-award from March 1, 2021 to stamp-in date of the application. Any decision point funded from GR has allowable pre-award from September 1, 2021 to stamp-in date of the application. This language is in the [TCLAS Guidance Document](#) and on the slides from today's webinar that will hopefully be posted to the [TCLAS site](#) very soon. It will also appear in the Program Guidelines for the TCLAS grant when that posts next Friday.

FAQ continued

Is the TCLAS LEA Grant Funded by ESSER III different than the district ESSER funds?

The LEA TCLAS Grant is coming from the Agency's ESSER III discretionary funds and not the LEAs individual ESSER Funding.

We need to update contacts?

Please email TCLAS@tea.texas.gov with the decision points, the name, email and phone number for the new contact.

What are the Fund Codes for TCLAS?

For ESSER III it is 279 and for GR it is 429.

FAQ continued

Does the LEA need to maintain compliance documentation per decision point?

The LEA will need to maintain documentation locally to meet awarded decision point outcomes and assurances. More specificity will be provided at the decision point specific webinars.

What strategy will TEA implement if the LEA cannot meet the expectations and assurances of the grant?

TEA will work to support LEAs that are struggling to meet outcomes and assurances of decision points. LEAs should actively communicate with TEA to ensure that available resources, support, and technical assistance can be made available to LEAs as soon as possible.

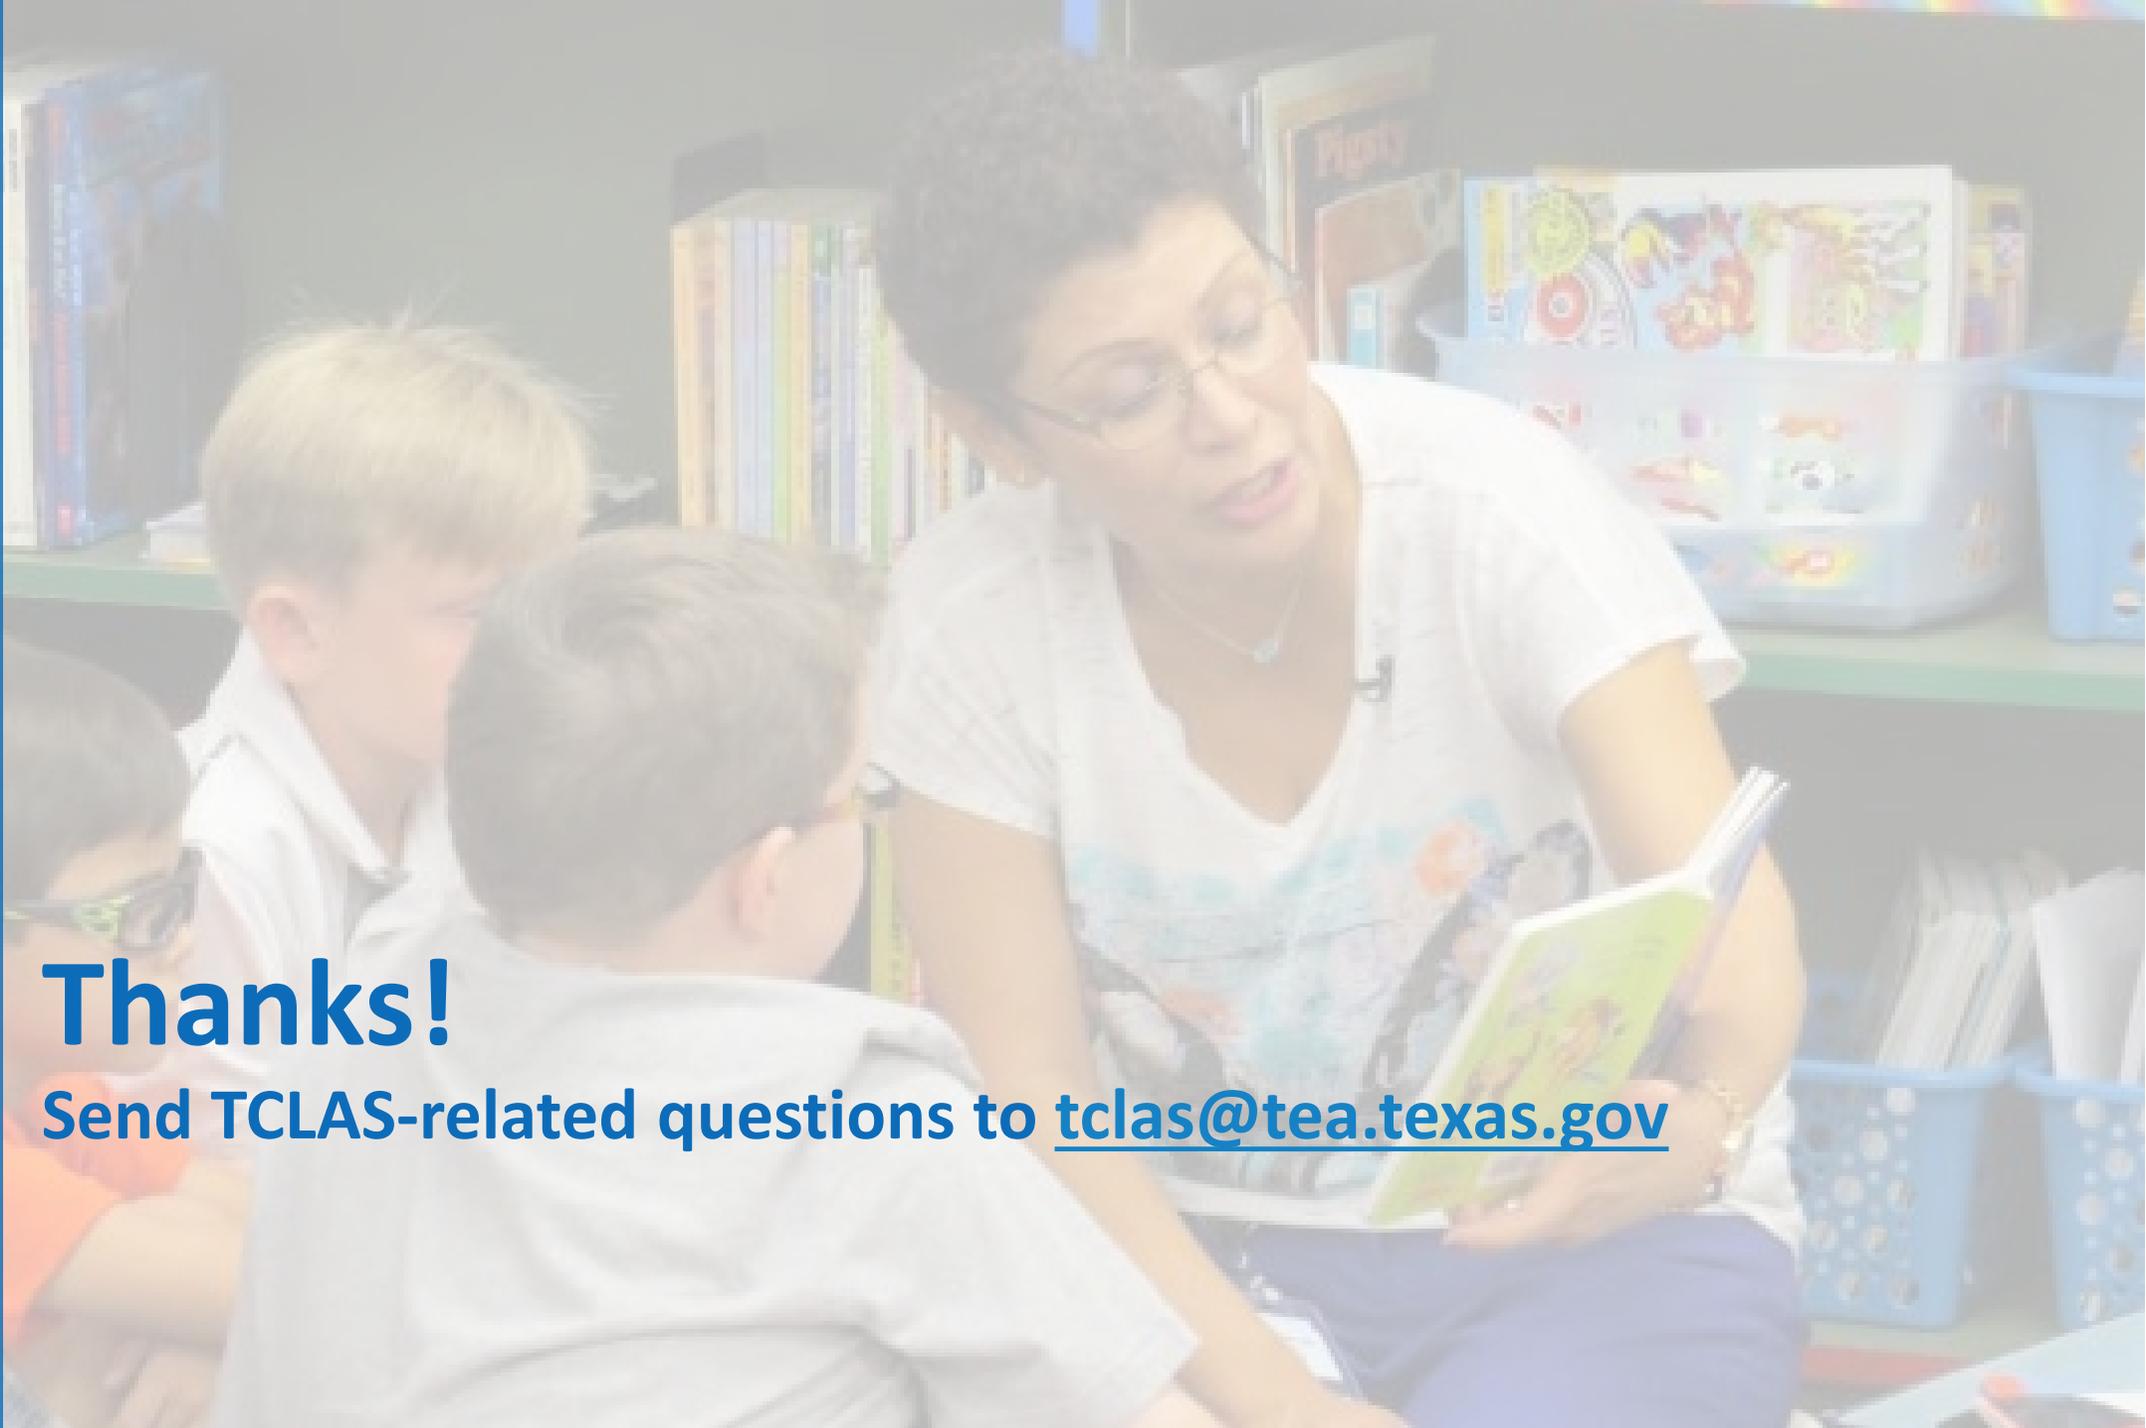

This support is a heavy lift intended to have a large impact

This support is designed to have a significant and lasting impact on learning acceleration for your students and requires a significant amount of time and effort from you and your staff.

If, after today's webinar, the LEA has hesitation about meeting requirements and assurances, **DO NOT** complete the eGrants application.

If you do not believe that your LEA can fully commit to all requirements and assurances of this TCLAS support, please send an email immediately to tclas@tea.texas.gov.

Thanks!
