

Organization Information

Organization Name:

Kelly Education delivers white-glove program management and/or high-impact tutor talent for student learning acceleration by fully customizing our Tutoring Solutions to your district's vision, requirements, scale, and curriculum—both in the current pandemic environment and beyond. Our structured, managed, and high-dosage program bridges learning gaps by connecting students with qualified Kelly Education tutors in key content areas.

To address the critical instructional needs of your students, Kelly Education Tutoring Solutions provide the following benefits:

Organization Description:

- Fully vetted and trained tutors utilizing your curriculum or that of another vendor to create personalized learning plans that support your students in catching up to grade-level content and skills
- Oversight of your tutoring workforce including screening and on-boarding, training and professional development, performance management, and administrative tasks such as payroll
- Flexibility in tutoring delivery, format, and dose: in-person or virtual tutoring—or a hybrid; one-on-one or small group formats; during the school day, before or after hours, on weekends, and/or throughout the summer at the dosage you require
- Key growth measurement-tracking of student learning to ensure success
- Committed partnership grounded in ongoing and transparent communication

Tutor Types

Please list the types of tutors your organization has available (e.g., college students, retired teachers, etc.).

Our best sources of successful tutors include certified teachers/paraprofessionals, veterans and military spouses, college graduates, retirees, and degreed professionals. Although we focus our attention on recruiting degreed individuals and certified educators, we will work with you, expanding our search to include those who possess passion for working with your student population.
