Organization Description:	Amplify's Tutoring service provides high-impact, virtual tutoring to students in order to: -Increase early literacy skills, -Increase confidence in reading, -Build a strong relationship with a caring adult, and -Participate in a fun and safe learning environment.
	Students virtually meet in small groups of 1-3 students with a consistent tutor three days per week during the school year for 30 minutes each session. Tutoring occurs during the school day or directly before or after school on a schedule that does not interfere with core instruction.
	Tutoring lessons are grounded in research-backed mCLASS Intervention, which uses mCLASS TX Edition data to create targeted, aligned lessons. Lessons are engaging and fun for students as all tutors incorporate best practices to promote high student engagement and participation. Tutors progress monitor students' foundational skills using mCLASS TX Edition every 7-10 sessions.
