

Indirect Cost Rate Proposal (ICRP) Additional Costs Workbook

**To Establish an Indirect Cost Rate for
School Year 2022-2023 (FY '23)**

LEA Information and Certification of Additional Costs

This is to certify that I have reviewed the indirect cost rate proposal submitted herewith and that to the best of my knowledge and belief:

1. As per 2 CFR §200.333 Retention requirements for records - All records and documentation supporting the indirect cost allocation plan will be retained for a period of three years after the last day of the fiscal year (school year) to which the proposal applies or until audited, whichever occurs sooner.
 2. The LEA's accounting records are maintained in accordance with Module 1, Financial Accounting and Reporting, of TEA's Financial Accountability System Resource Guide, and I have included all costs identified as governmental funds and food service enterprise funds, if applicable.
-

I declare that the foregoing is true and correct to the best of my knowledge:

Tab 2: Organizational Chart Sample

The Organizational Chart Sample tab contains an example of the kind of organizational (org) chart that LEAs must submit.

Tab 3: Organizational Chart

Inserted Org Chart for the Correct Fiscal Year (FY 2021)

The Org Chart tab is where LEAs will insert their org chart for the fiscal year for which financial data is submitted.

Tab 4: Additional Costs Worksheet ****Your district might not have amounts to report in some of the sections.**

The sections to be completed by the LEA in Tab 4 of the ICRP ACW include the following:

Function 41-Expenditures Entered

In this section, enter the expenditures for Org codes 702, 703, and 720 – by fund, function, and object code as requested here in the worksheet.

TRS On-Behalf Payments and/or Medicare Part D Payments

Enter the expenditures for all TRS On-Behalf Payments and/or Medicare Part D Payments made during the applicable fiscal year by the appropriate fund, function, and object (6144) code as requested in the worksheet.

Food and Milk Costs of Food Service Program Entered

Enter all Food and Milk expenditures in a Food Service Program made during the applicable fiscal year by the appropriate fund, function, and object (6341) code as requested in the worksheet.

Depreciation Expense Amount Entered

Enter the total depreciation expenses charged to governmental activities for buildings/improvements and furniture/equipment/vehicles.

This information can be found in the "Notes to the Financial Statements" section of the LEA's Annual Financial and Compliance Report (AFR), under "Capital Assets" or "Capital Asset Activity" and under "Increases."

Payments to Fiscal Agent/Member Districts of Shared Services Arrangements (SSAs) Entered

Please note the question is asking about payments from *federal grant funds*. Please include the **CFDA #, the begin and end dates**. If there is no CFDA #, then the payment was not likely made from federal funds and should not be reported here.

Federal Subrecipient Items- Payments Entered

Enter all Federal Subgrants and/or Other Federal Grant Pass-Through Funds by selecting the *fund, function, and object codes* under which the payment was made, and then entering the Payee name, a description of the subrecipient item, the CFDA #, the begin and end dates, and then finally the amount.

Contingencies Funds Amount Entered

These are funds set-aside for possible future expenses, such as lawsuit settlements or refunds to TEA (example: a monetary judgment against the LEA) and are excluded costs in the indirect cost rate calculation. Please select the fund, function, and object code from the pull-down lists and enter a description and the amount of the contingency.

Chief Executive Officer (CEOs) position(s), Function Code Selected, Position Title, Salary Amount and Staff Count Entered

Enter all expenditures for CEOs and their immediate support person(s) – state/local salaries and fixed costs by function and position name.

Include the superintendent, administrative assistant to the superintendent, other CEOs (such as assistant superintendents), and the administrative assistant(s) to the CEOs.

CEOs oversee a component of the district and make decisions regarding the component, which affects the entire district – all aspects of the district, not a certain area or focus point.

These components are not readily assigned to one area or program.

These CEOs oversee areas such as:

- Superintendent's Office
- Finance
- Technology
- Curriculum
- Maintenance and Operations

Positions which oversee a campus or focus population are not considered CEOs.

The Head Positions over the following areas are **NOT** considered CEOs:

- Campus Principals
- Special Education Programs
- Federal Programs
- Legal/Attorney
- Clerks (payroll, PEIMS, accounts receivable, accounts payable, etc.)
- Receptionists

Terminal Leave ** See note

These are amounts paid to departing employees **outside** of normal routine payments such as the accumulation of vacation leave (which is considered routine) or outside of an employment contract. If the answer is "Yes", complete the section by providing the requested expenditures for each employee by providing the fund, function, and object from which the payment was made and the location/job title/name of the employee. Also, select from the pull-down the direct/indirect nature of the employee and the amount paid.

**Most districts do not have terminal leave because most do not provide formal vacation leave.

This checklist is to assist LEAs to review their ACW before submitting to TEA.

For further information; please see the 2022-2023 ICRP ACW Instructions on our website.

Upon completion of all required tabs/sections, the LEA submits the ICRP ACW through TEA's secure GFFC Reports and Data Collections application. TEA reviews ICRP ACWs for accuracy/completeness and requests clarification or re-submission, as needed.
