Corrective Actions: Completed

INTRODUCTION

The Texas Education Agency (TEA) would like to extend appreciation to IDEA Public Schools for their efforts, attention, and time committed to the completion of the review process.

The TEA has developed a monitoring approach that reviews compliance-based indicators while also looking for best practices. In commitment to the approach, the cyclical monitoring report will provide the results of the LEA's compliance review related to the Individuals with Disabilities Education Act (IDEA) and federal and state statutes, a summary of data related to Results-Driven Accountability (RDA), State Performance Plan (SPP), and Significant Disproportionality (SD), recommend targeted technical assistance and support for LEAs related to special education, and highlight best practices of LEAs that demonstrate success.

CYCLICAL MONITORING

The TEA conducts cyclical reviews of all local education agencies (LEAs) statewide over six years. The purpose of cyclical monitoring is to support positive outcomes for students with disabilities and to determine compliance with special education regulations.

LEAs are required to submit artifacts and/or sources of evidence for compliance review in the following areas:

- Child Find/Evaluation/FAPE
- IEP Development
- IEP Content
- IEP Implementation
- State Assessment
- Properly Constituted ARD Committees
- Transition

2019–2020 CYCLICAL REVIEW COMPLIANCE SUMMARY

On August 30, 2019, the TEA conducted a policy review of IDEA Public Schools. On March 30, 2020, the TEA conducted a comprehensive desk review of IDEA Public Schools. The total number of files reviewed for the IDEA Public Schools comprehensive desk review was 41. The review found overall that 31 files out of 41 files were compliant. An overview of the policy review and student file review for IDEA Public Schools are organized in the chart below by indicating the number of compliant findings within the reviewed file submissions related to the compliance area. Itemized details of these findings are in the appendix.

Compliance Area	Policy Review (# compliant of # reviewed)	Student File Review (# compliant of # reviewed)
Child Find/Evaluation/FAPE	11 of 11	41 of 41

2019–2020 CYCLICAL REVIEW PARENT, TEACHER, ADMINISTRATOR INTERVIEWS/SURVEY

Staff and Family Surveys

On March 23, 2020, the TEA Review and Support team received 220 surveys during the comprehensive desk review. Respondents to the staff and family survey included parents/guardians, general education teachers, special education teachers, evaluation staff, and administration staff (district and campus). The Review and Support surveys focused on the following review areas:

- Community outreach
- Inclusion of special education staff in grade level curriculum planning and training

This survey was approved by the Texas Education Agency’s data governance board. Participation in this survey was both voluntary and anonymous. No data was collected identifying a name so that individual responses cannot be linked to any respondent. Participants were given the option to stop the survey at any time.

Strengths

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following strengths for IDEA Public Schools:

- All monitored special education policies and practices follow federal and state requirements and are linked to the Legal Framework.
- PLAAFP documentation describes the effect of the student’s disability on involvement in the general education curriculum.
- IEP documentation provides evidence the student was invited to attend the ARD committee meeting to consider postsecondary goals and transition needs.

Considerations

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following considerations for IDEA Public Schools:

- Review self-monitoring processes to ensure required ARD committee members are in attendance for each ARD meeting.
- Review guidance and provide professional development on the documentation of Intensive

Program of Instruction

- Review self-monitoring processes to ensure notification of ARD meetings are distributed to parents at least 5 school days prior to the meeting.
- Provide professional development opportunities to address transition planning prior to student's 14th birthday.

Technical Assistance

As a result of monitoring, the TEA has identified the following technical assistance resources to support IDEA Public Schools engaging in **universal** support as determined by the RDA performance level data and artifacts within the compliance review:

Topic	Resource
Notice of ARD	Procedural Safeguard
Properly Constituted ARD	Legal Framework
Intensive Program of Instruction	Intensive Program of Instruction
Transition Timeline	Transition Texas

Findings of Noncompliance

A finding is made when noncompliance is identified with the Review and Support report findings, SPP notification, and/or individualized education program (IEP) requirements. Noncompliance that is systemic in nature must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings. ***When noncompliance has been identified as part of this cyclical review, IDEA Public Schools will receive formal notification of noncompliance in addition to this report.***

The TEA Division of Special Education Monitoring will further advise the LEA on the corrective action process, if applicable.

The TEA follows procedures for the correction of noncompliance consistent with federal guidelines (OSEP Memo 09-02.)

Before the TEA can report that noncompliance has been corrected, it must first verify the LEA:

- Has corrected each individual case of noncompliance (Prong 1); and
- Is correctly implementing the specific regulatory requirements (i.e., subsequently achieved 100% compliance) (Prong 2).

The TEA is required to monitor the completion of a corrective action plan if any noncompliance is discovered. The corrective action plan must be designed to correct any and all areas of noncompliance ***as soon as possible, but in no case later than one year from the date of notification.***

Corrective Action Plan (CAP)

The LEA will develop a CAP to address any items identified as noncompliance in this summary report. An approved form for the CAP can be accessed on the Review and Support website or in the resources located in Intervention, Stage, and Activity Manager (ISAM).

The LEA must submit the CAP in ISAM within 30 school days from the date of this report and formal notification of noncompliance. The TEA will review the CAP submitted by the LEA for approval. If the TEA determines that a revision(s) is necessary, the LEA will be required to revise and resubmit. The Review and Support team will contact the LEA to provide notification when the CAP has been approved.

Individual Correction

The educational agency has **60 school days** from the date of this summary report to correct all identified findings of noncompliance for individual students, unless noted otherwise in the report.
