INTRODUCTION

The Texas Education Agency (TEA) would like to extend appreciation to Monte Alto Independent School District for their efforts, attention, and time committed to the completion of the review process.

The TEA has developed a monitoring approach that reviews compliance-based indicators while also looking for best practices. In commitment to the approach, the cyclical monitoring report will provide the results of the LEA's compliance review related to the Individuals with Disabilities Education Act (IDEA) and federal and state statutes, a summary of data related to Results-Driven Accountability (RDA), State Performance Plan (SPP), Significant Disproportionality (SD), and dyslexia program evaluation recommend targeted technical assistance and support for LEAs related to special education, and highlight best practices of LEAs that demonstrate success.

CYCLICAL MONITORING

The TEA conducts cyclical reviews of all LEAs statewide over six years. The purpose of cyclical monitoring is to support positive outcomes for students with disabilities and to determine compliance with special education regulations and dyslexia program regulations.

LEAs are required to submit artifacts and/or sources of evidence for compliance and promising practices review in the following areas:

- Child Find/Evaluation/FAPE
- IEP Development
- IEP Content
- IEP Implementation
- State Assessment
- Properly Constituted ARD Committees
- Transition

2020–2021 CYCLICAL REVIEW COMPLIANCE SUMMARY

On August 30, 2019 , the TEA conducted a policy review of Monte Alto Independent School District. On December 18, 2020, the TEA conducted a comprehensive desk review of Monte Alto Independent School District. The total number of files reviewed for the Monte Alto Independent School District comprehensive desk review was 19 files. The review found overall that 19 files out of 19 files were compliant. An overview of the policy review and student file review for Monte Alto Independent School District are organized in the chart below by indicating the number of compliant findings within the reviewed file submissions related to the compliance area. Itemized details of these findings are in the appendix:

Compliance Area	Policy Review (# compliant of # reviewed)	Student File Review (# compliant of # reviewed)
Child Find/Evaluation/FAPE	18 of 18	19 of 19
IEP Development	5 of 5	19 of 19
IEP Content	3 of 3	19 of 19
IEP Implementation	21 of 21	19 of 19
Properly Constituted ARD	8 of 8	19 of 19
State Assessment	4 of 4	19 of 19
Transition	6 of 6	6 of 6

DATA SUMMARY OF RESULTS-DRIVEN ACCOUNTABILITY, STATE PERFORMANCE PLAN INDICATORS, AND SIGNIFICANT DISPROPORTIONALITY

The following supplemental data may be used to support development of the Strategic Support Plan (SSP) for continuous improvement and/or a Corrective Action Plan (CAP) if noncompliance is identified.

Year	Results-Driven Accountability (RDA) Determination Level	SPP Indicators 11, 12, 13 Compliance*	Significant Disproportionality
2020	DL 1—Meets Requirements	COMPLIANT	N/A

*Indicator 11: Child Find
Indicator 12: Early Childhood Transition
Indicator 13: Secondary Transition

2020-2021 COVID-19 IMPACT NARRATIVE SUBMISSION

In the 2020-2021 academic year, Local Education Agencies (LEAs) had an opportunity to share the practices incorporated to support Child Find and FAPE for students being served by special education during the COVID-19 pandemic by completing the COVID 19 Impact Narrative.

Monte Alto Independent School District submitted a COVID-19 Impact Narrative as a supplement to their Cyclical Review:

Yes* No

* If yes, 2020-2021 COVID-19 Impact Narrative is attached following the Appendix of this report.

2020-2021 CYCLICAL REVIEW PARENT, TEACHER, ADMINISTRATOR INTERVIEWS/SURVEY

Staff and Family Surveys

On December 18, 2020, the TEA Review and Support team received 11 Surveys during the comprehensive desk review.

The Review and Support surveys focused on the following review areas:

Eighty percent of participants felt they receive sufficient communication from their school. The best way the school/district provides information (trainings, online trainings, support groups and other available resources) concerning special education services is even split between notices sent home and phone calls, followed by emails.

The majority of parent/family member participants felt they would be most comfortable attending special education information sessions at the school campus.

All participants indicated they have a clear understanding of special education services.

The most selected area of special education the participants would like to know about was the Multiple Exceptionalities and Multiple Needs, followed by an even split between Child Find Evaluation and ARD Support Network; School, Family and Community Engagement Network; and Small and Rural Schools Network.

The majority of participants felt training to help meet the needs of students with disabilities were effective or extremely effective.

Sixty-seven percent of participants agreed there were frequent opportunities to collaborate with related service providers and thirty three percent felt there were not frequent opportunities to collaborate with related service providers.

The obstacles concerning student's special education programming and services were reported as:

- Assuring students receive accommodations and/or modifications as outlined in the IEP.
- Knowledge of available services and programming.
- Timely updates on student progress and scheduling ARD meetings.

Eighty-three percent of participants agreed or strongly agreed with the importance of including students' interests/life goals in the transition process with seventeen percent of participants saying it was not applicable.

All participants indicated they chose Remote learning model for the 2020-2021 school year. During remote learning, all participants agreed that their child interacted with students and teachers consistently. All participants indicated that remote learning for students receiving special education was effective or somewhat effective.

Almost 67% of participants felt that during COVID school closure/remote learning, the Emergency Contingency Plan was effective in student progress.

During COVID closures the top four methods of support to students with moderate to severe disabilities were:

- Teachers made regular contact with students and parents to meet emotional and academic needs.
- Teachers provided supports needed for students to be successful.
- Teachers modified work and provided individualized support.

Participants indicated that during COVID school closure/remote learning they needed professional development in how to use virtual platforms, social and emotional learning impact on students, how to teach virtually, how to grade/assess engagement, and formative assessment for learning.

Participants indicated that during COVID school closure/remote learning, the top two strategies used by the district that didn't work well for students with disabilities were the shared device per family and virtual instruction with child's teacher.

All participants indicated that they agreed that school staff worked with parent/guardian in addressing severe behavior and work refusal during COVID-19 school closure/remote learning.

This survey was approved by the Texas Education Agency's data governance board. Participation in this survey was both voluntary and anonymous. No data was collected identifying a name so that individual responses cannot be linked to any respondent. Participants were given the option to stop the survey at any time.

Strengths

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following strengths for Monte Alto Independent School District:

- Deliberations are detailed and provide additional information regarding student progress and services needed.
- All monitored special education policies and practices follow federal and state requirements and are linked to the Legal Framework.

Considerations

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following considerations for Monte Alto Independent School District:

- Consider revising procedures and provide trainings to allow for development of detailed and individualized transition plans.
- Consider additional training on the topic of remote learning and using the virtual platform.

Technical Assistance

As a result of monitoring, the TEA has identified the following technical assistance resources to support Monte Alto Independent School District engaging in universal support as determined by the RDA performance level data and artifacts within the compliance review:

Topic	Resource
a. Transition	a. The Student-Centered Transitions Network : Builds collaborative infrastructures among students, families, schools, LEAs, and communities. The SCTN aims for all students with disabilities to be actively involved in planning, communicating, and evaluating progress in meeting their transition goals from early childhood through high school graduation and postsecondary readiness.
b. The Child Find, Evaluation and ARD Support Network	b. The Child Find, Evaluation and ARD Support Network : The Child Find, Evaluation and ARD Supports Network assists LEAs by providing resources and training that are aligned with implementing effective Child Find practices, conducting comprehensive evaluations, and practicing collaborative admission, review, and dismissal (ARD) committee processes that lead to a free appropriate public education (FAPE) for students with disabilities.
c. The School, Family, and Community Engagement Network	c. The School, Family, and Community Engagement Network : The network provides resources and professional development to build educators' capacity to work collaboratively with families and community members supporting positive outcomes for students with disabilities.

Findings of Noncompliance

A finding is made when noncompliance is identified with the Review and Support report findings, SPP notification, and/or individualized education program (IEP) requirements. Noncompliance that is systemic in nature must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings. ***When noncompliance has been identified as part of this cyclical review, Monte Alto Independent School District will receive formal notification of noncompliance in addition to this report.***

The TEA Department of Special Education Monitoring will further advise the LEA on the corrective action process, if applicable.

The TEA follows procedures for the correction of noncompliance consistent with federal guidelines (OSEP Memo 09-02.)

Before the TEA can report that noncompliance has been corrected, it must first verify the LEA:

- Has corrected each individual case of noncompliance (Prong 1); and
- Is correctly implementing the specific regulatory requirements (i.e., subsequently achieved 100% compliance) (Prong 2).

The TEA is required to monitor the completion of a corrective action plan if any noncompliance is discovered. The corrective action plan must be designed to correct any and all areas of noncompliance ***as soon as possible, but in no case later than one year from the date of notification.***

Corrective Action Plan (CAP)

The LEA will develop a CAP to address any items identified as noncompliance in this summary report. An approved form for the CAP can be accessed on the Review and Support website or in the resources located in Ascend.

The LEA must submit the CAP in Ascend within 30 school days from the date of this report and/or formal notification of noncompliance. The TEA will review the CAP submitted by the LEA for approval. If the TEA determines that a revision(s) is necessary, the LEA will be required to revise and resubmit. The Review and Support team will contact the LEA to provide notification when the CAP has been approved.

Individual Correction

The educational agency has **60 school days** from the date of this summary report to correct all identified findings of noncompliance for individual students, unless noted otherwise in the report.
