

Online Submission Deadlines for Accommodation Request Forms

Accommodation Request Forms must be submitted in a timely manner to the Texas Education Agency (TEA) to allow committee members to process and review requests and communicate the appropriate guidelines for administering TEA-approved accommodations or designated supports to the districts. Requests should be submitted no later than one week prior to the opening of the test administration window. For circumstances that require an accommodation request but occur after this time (e.g., newly enrolled student, medical emergency, updated admission, review, and dismissal [ARD] committee decision), the district testing coordinator should contact TEA's Student Assessment Division at 512-463-9536 and speak to a member of the Accommodations Task Force for further instructions.
