INTRODUCTION

The Texas Education Agency (TEA) would like to extend appreciation to ORANGE GROVE ISD for their efforts, attention, and time committed to the completion of the review process.

The TEA has developed a monitoring approach that reviews compliance-based indicators while also looking for best practices. In commitment to the approach, the cyclical monitoring report will provide the results of the LEA's compliance review related to the Individuals with Disabilities Education Act (IDEA) and federal and state statutes, a summary of data related to Results-Driven Accountability (RDA), State Performance Plan (SPP), and Significant Disproportionality (SD), recommend targeted technical assistance and support for LEAs related to special education, and highlight promising practices of LEAs that demonstrate success.

CYCLICAL MONITORING

The TEA conducts cyclical reviews of all local education agencies (LEAs) statewide over six years. The purpose of cyclical monitoring is to support positive outcomes for students with disabilities and to determine compliance with special education regulations.

LEAs are required to submit artifacts and/or sources of evidence for compliance and promising practices review in the following areas:

- Child Find/Evaluation/FAPE
- IEP Development
- IEP Content
- IEP Implementation
- State Assessment
- Properly Constituted ARD Committees
- Transition

2019–2020 CYCLICAL REVIEW PARENT, TEACHER, ADMINISTRATOR INTERVIEWS/SURVEY

Staff and Family Surveys

On December 7, 2019, the TEA Review and Support team received 144 surveys during the comprehensive desk review. Respondents to the staff and family survey included parents/guardians, general education teachers, special education teachers, evaluation staff, and administration staff (district and campus). The Review and Support surveys focused on the following review areas:

- Community outreach
- Inclusion of special education staff in grade level curriculum planning and training

Results of the survey indicate the school district primarily reaches out to parents/families by sending home notices, phone calls, and emails and posting information on the district or campus websites. Respondents agreed the methods employed were the best ways to share information. The survey reported respondents were happy with the policies/procedures of the district, that the district meets timelines and that the staff provide individualized support to students with disabilities. Finally, most respondents reported that special education teachers are included in general education curriculum training and planning.

This survey was approved by the Texas Education Agency's data governance board. Participation in this survey was both voluntary and anonymous. No data was collected identifying a name so that individual responses cannot be linked to any respondent. Participants were given the option to stop the survey at any time.

Strengths

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following strengths for ORANGE GROVE ISD:

One area of strength for Orange Grove ISD is ensuring high parent participation in the ARDs. The ARD committee documented parent's input to incorporate in the IEP.

Another area of strength for Orange Grove ISD is making sure all required ARD committee members attend ARDs when appropriate to ensure properly constituted ARDs.

Considerations

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following considerations for ORANGE GROVE ISD:

- Consider training staff on creating and implementing intensive program of instruction
- Consider reviewing guidance and/or providing training on PLAAFP development
- Consider the review of operating procedures and/or train on essential components of ARDs

Findings of Noncompliance

A finding is made when noncompliance is identified with the Review and Support report findings, SPP notification, and/or individualized education program (IEP) requirements. Noncompliance that is systemic in nature must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings. ***When noncompliance has been identified as part of this cyclical review, ORANGE GROVE ISD will receive formal notification of noncompliance in addition to this report.***

The TEA Division of Special Education Monitoring will further advise the LEA on the corrective action process, if applicable.

The TEA follows procedures for the correction of noncompliance consistent with federal guidelines (OSEP Memo 09-02.)

Before the TEA can report that noncompliance has been corrected, it must first verify the LEA:

- Has corrected each individual case of noncompliance (Prong 1); and
- Is correctly implementing the specific regulatory requirements (i.e., subsequently achieved 100% compliance) (Prong 2).

The TEA is required to monitor the completion of a corrective action plan if any noncompliance is discovered. The corrective action plan must be designed to correct any and all areas of noncompliance ***as soon as possible, but in no case later than one year from the date of notification.***

Corrective Action Plan (CAP)

The LEA will develop a CAP to address any items identified as noncompliance in this summary report. An approved form for the CAP can be accessed on the Review and Support website or in the resources located in Intervention, Stage, and Activity Manager (ISAM).

The LEA must submit the CAP in ISAM within 30 school days from the date of this report and formal notification of noncompliance. The TEA will review the CAP submitted by the LEA for approval. If the TEA determines that a revision(s) is necessary, the LEA will be required to revise and resubmit. The Review and Support team will contact the LEA to provide notification when the CAP has been approved.

Individual Correction

The educational agency has **60 school days** from the date of this summary report to correct all identified findings of noncompliance for individual students, unless noted otherwise in the report.
