- Child Find/Evaluation/FAPE

- IEP Content
- IEP Implementation

2019–2020 CYCLICAL REVIEW PARENT, TEACHER, ADMINISTRATOR INTERVIEWS

Staff/Administrative/Family Interviews

On March 6, 2020, the TEA Review and Support team interviewed 17 individuals during the on-site visit. Respondents to the staff/administrative/family interviews included parents/guardians, general education teachers, special education teachers, evaluation staff, and administration staff (district and campus). The Review and Support interviews focused on the following review areas:

- Community outreach
- Inclusion of special education staff in grade level curriculum planning and training

This interview was approved by the Texas Education Agency’s data governance board. Participation in this interview was both voluntary and anonymous. No data was collected identifying a name so that individual responses cannot be linked to any respondent. Participants were given the option to stop the interview at any time.

Strengths

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following strengths for Sheldon Independent School District:

- Special education policies follow federal and state requirements and are linked to the Legal Framework.
- Implementation of systems to ensure Transition services and required supplements are evident in students’ IEP.
- Many opportunities are provided for personal growth of students and community outreach.

Considerations

Based on results of the policy review and student file review, along with data collected from LEA staff and family surveys, the Review and Support team identified the following considerations for Sheldon Independent School District:

- For students who did not perform satisfactorily on STAAR assessment, consider the review of campus and district structures for analyzing data to inform instruction/intervention.
- Consider providing additional training and supports for new staff members working with students with disabilities.
- Review district wide procedures and provide staff training to address significant disproportionality (disciplinary removals).

Findings of Noncompliance

A finding is made when noncompliance is identified with the Review and Support report findings, SPP notification, and/or individualized education program (IEP) requirements. Noncompliance that is systemic in nature must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings. ***When noncompliance has been identified as part of this cyclical review, Sheldon Independent School District will receive formal notification of noncompliance in addition to this report.***

The TEA Division of Special Education Monitoring will further advise the LEA on the corrective action process, if applicable.

The TEA follows procedures for the correction of noncompliance consistent with federal guidelines (OSEP Memo 09-02.)

Before the TEA can report that noncompliance has been corrected, it must first verify the LEA:

- Has corrected each individual case of noncompliance (Prong 1); and
- Is correctly implementing the specific regulatory requirements (i.e., subsequently achieved 100% compliance) (Prong 2).

The TEA is required to monitor the completion of a corrective action plan if any noncompliance is discovered. The corrective action plan must be designed to correct any and all areas of noncompliance ***as soon as possible, but in no case later than one year from the date of notification.***

Corrective Action Plan (CAP)

The LEA will develop a CAP to address any items identified as noncompliance in this summary report. An approved form for the CAP can be accessed on the Review and Support website or in the resources located in Intervention, Stage, and Activity Manager (ISAM).

The LEA must submit the CAP in ISAM within 30 school days from the date of this report and formal notification of noncompliance. The TEA will review the CAP submitted by the LEA for approval. If the TEA determines that a revision(s) is necessary, the LEA will be required to revise and resubmit. The Review and Support team will contact the LEA to provide notification when the CAP has been approved.

Individual Correction

The educational agency has **60 school days** from the date of this summary report to correct all identified findings of noncompliance for individual students, unless noted otherwise in the report.
