

## SPPI 7B Calculation

Number of preschool children who improved functioning but not sufficient to move nearer to functioning comparable to same-aged peers

**Divided by**

Number of preschool children with IEPs assessed

**Multiplied by**

100

(Data reported in SPP 7 TEAL Early Childhood Outcome Application)

## SPPI 7B Calculation Example

Progress Categories	#
a. Preschool children who did not improve functioning	200
b. Preschool children who improved functioning but not sufficient to move nearer to functioning comparable to same-aged peers	2,000
c. Preschool children who improved functioning to a level nearer to same-aged peers but did not reach it	2,800
d. Preschool children who improved functioning to reach a level comparable to same-aged peers	4,000
e. Preschool children who maintained functioning at a level comparable to same-aged peers	1,000

### Improved Functioning But Not Sufficient to Move Nearer to Functioning Comparable to Same-Aged Peers Calculation

$$\begin{aligned}
 \text{Percentage} &= [b / (a + b + c + d + e)] \times 100 \\
 &= [2,000 / (200 + 2,000 + 2,800 + 4,000 + 1,000)] \times 100 \\
 &= (2,000 / 10,000) \times 100 \\
 &= 0.2 \times 100 \\
 &= 20\%
 \end{aligned}$$
