

Instructions for Entering Data

State Performance Plan Indicator 12: Early Childhood Transition (SPPI 12) measures the percentage of children referred by Part C/Early Childhood Intervention (ECI) prior to age 3, who are found eligible for Part B, and who have an Individualized Education Program (IEP) developed and implemented by their third birthday.

Authorization: [20 U.S.C. 1416 \(a\)\(3\)\(B\)](#)

Due Date: August 13, 2021

Sampling Allowed: No

Online Submission: SPPI 12 can be accessed through the [Texas Education Agency Login \(TEAL\)](#) SPPI 12 TEAL application is open from June 1, 2021, to August 13, 2021

GENERAL INSTRUCTIONS

1. The 2020-2021 data collection period is from **July 1, 2020, to June 30, 2021**.
2. Report all children for whom the evaluation process was **completed from July 1, 2020, to June 30, 2021**. Referrals initiated in the 2019-20 school year and completed from **July 1, 2020, to June 30, 2021**, should be included in this data collection.
3. Report children for whom the local education agency (LEA) has been notified that a child served by Part C/ECI is potentially eligible for services under Part B prior to their third birthday.
4. Report children for whom the LEA has received an invitation to attend the transition conference.
5. Report children served by Part C/ECI and the LEA was notified that the child is potentially eligible, even if the child was referred to Part C/ECI less than 90 days before their third birthday.
6. **Do not report** a child who has been served by Part C/ECI that enrolls in another LEA after the child has been referred for special education services under Part B.
7. **Do not report** a child who has **not** been determined eligible and served in Part C/ECI services.
8. Sampling is **not** permitted for this data collection.

SPECIFIC INSTRUCTIONS

Specific instructions for entering SPPI 12 data are found by logging into TEAL, selecting SPPI 12 in the State Performance Plan Indicators application, and clicking the Help icon on the top right of the screen.
