

DATE:	February 13, 2025
SUBJECT:	2025-2026 Process for Requesting Indirect Cost Rates (Charter Schools Only)
CATEGORY:	Funding Implications and Pending Deadline
NEXT STEPS:	Charter schools to submit online survey by 3/8/25 to request/receive an indirect cost rate for 2025-2026

Charter Schools Process for Requesting an Indirect Cost Rate

Open-enrollment charter schools must request an indirect cost rate each year by completing and submitting an online survey. The deadline for submitting the survey and requesting an indirect cost rate for 2025–2026 is **March 28, 2025**.

Charter School Indirect Cost Rates Based on Resident School District Data

The Texas Education Agency (TEA) will access certified Public Education Information Management System (PEIMS) data related to each charter school’s resident public school districts and their respective calculated indirect cost rates to derive rates for charter schools that have requested a rate via the survey.

Completing and Submitting the Survey

The [Request for an Indirect Cost Rate for Charter Schools for 2025–2026](#) survey is also available via the [Indirect Cost Rates](#) webpage.

2024–2025 Indirect Cost Rate Timeline for Charter Schools

The following table lists milestones for the indirect cost rate request process:

Date	Action
February 13, 2025	Request for an Indirect Cost Rate for Charter Schools for 2025–2026 survey is also available via the Indirect Cost Rates webpage.
