The purpose of this communication is to inform school systems about the planned public posting of the 2024 A–F Academic Accountability Ratings, following the recent judicial ruling by the 15th Court of Appeals. These ratings were originally scheduled for public release in August 2024, but the release was delayed due to an ongoing lawsuit. With the resolution of that lawsuit last month, ratings can be released.

## Release of 2024 A–F Academic Accountability Ratings

The 2024 district-level and campus ratings will be available to school systems in the [TEA Login \(TEAL\) Accountability](#) application on Wednesday, August 13, 2025, and publicly available and accessible on [TXschools.gov](http://TXschools.gov) Friday, August 15, 2025.

Given the delayed timelines, the agency will release 2025 A–F ratings as typically scheduled on August 15, 2025, and will also release 2024 ratings on the same day. On August 15, 2025, accountability rating and performance data will be displayed on [TXschools.gov](http://TXschools.gov), at which point 2024 district-level and campus ratings, and performance data will be visible only as part of the history/Change Over Time of 2025 ratings, as shown below:

Detailed 2024 accountability reports will be accessible from [TXschools.gov](http://TXschools.gov) by clicking on the 2023-24 row.

School leaders have been able to access underlying data subsets for 2024 in TEAL since August 14, 2024. Districts may have opted to calculate and release their A–F ratings in the intervening time. The release of these reports in August 2025 will mark the first time A–F rating information will

be made publicly available by the agency and can be used to support action planning to improve student outcomes by school systems, parents, and the public at large.

School systems also can refer to additional resources for further background on 2024 accountability at the [2024 Accountability Rating System](#) webpage.

## **A–F is Important for Texas Students, Parents and Educators**

The A–F system was established by the Texas Legislature through House Bill (HB) 22 in 2017 “to continuously improve student performance to achieve the goals of eliminating achievement gaps based on race, ethnicity, and socioeconomic status and to ensure this state is a national leader in preparing students for postsecondary success.” Valid, reliable, comparable and objective measures of student outcomes are key to ensuring A–F ratings are fair, rigorous, and transparent to properly empower parents and educators to celebrate successes while improving student supports. There are multiple measures used to evaluate A–F, including the STAAR test, graduation rates, and measures of college, career, and military readiness.

## **Release of 2025 A–F Academic Accountability Ratings**

The 2025 district-level and campus ratings will also be available to school systems in the [TEA Login \(TEAL\) Accountability](#) application on Wednesday, August 13, 2025, and publicly available on TXschools.gov on August 15, 2025, in accordance with Texas Education Code § 39.054.
