Overview

The Texas Education Agency (TEA) is committed to supporting school systems in strengthening the safety and security of school facilities for students, staff, and visitors. This To the Administrator Addressed announces the Safe and Supportive Schools Program (SSSP) data collection timeline for the 2025-26 school year.

Safe and Supportive Schools Program

In accordance with [Texas Education Code \(TEC\) §37.115](#), school boards must establish a threat assessment and safe and supportive school program team for each campus. These teams must conduct threat assessments that include assessing and reporting individuals who make threats of violence or exhibit harmful, threatening, or violent behavior. Teams are required to report information regarding their activities to the TEA.

Reporting will begin on **Monday, June 1, 2026**, and will conclude at **11:59 p.m. on Friday, July 31, 2026**. Each school system is responsible for ensuring that SSSP data is reported for each campus by the deadline. School systems are encouraged to review the [collection preview](#) prior to final submission in Sentinel.
