

# **Educator Preparation Program Data Reporting Manual**

Effective 9/16/2022 – 9/15/2023

Updated 09/01/2022

## Introduction

The Educator Preparation Program (EPP) Data Reporting Manual includes information to guide EPP data reporting during the current Academic Year (AY). This manual has been updated to reflect changes that became effective in the prior and current AY.

During AY 2022-2023, EPPs submit data about AY 2022-2023 and AY 2021-2022. Where applicable, we have worked to provide clarity on the reporting time frame.

This manual is subject to change over the course of the reporting year. Please refer the updated date on the bottom of the page to ensure you have the most up-to-date edition.

This manual is a service and a resource only. Nothing in this manual overrules statute, code, or other authoritative sources.

This manual can be used in conjunction with training webinars that are available on the TEA website.

We appreciate all you do to prepare outstanding educators for our children and our future.

## What's New for 2022-2023?

### *Clinical Experience Record*

The data collection for clinical experience is defined in 19 TAC §228.35 Preparation Program Coursework and/or Training. **Your EPP will be required to report this information in ECOS once the new screens are available in December 2022.** These new screens will now collect data that was previously collected and kept at the local level. The only new data collection that will be requested is the TEA ID for the Cooperating Teacher, Mentor Teacher, and Site Supervisor. To accommodate for this change, the reporting of this TEA ID will be optional for the 2022-2023 reporting year. We encourage you to collect this information as it will be required for the 2023-2024 reporting year.

The new screens that will collect data on clinical experiences are expected to be implemented in ECOS in December 2022. There will be training provided prior to implementation. To plan for implementation, EPPs are encouraged to begin data collection now. It is recommended that EPPs collect the following data on a spreadsheet to upload as a CSV file in October. Create a separate spreadsheet for Clinical Teachers, Intern Teachers, and Non-teachers because each will be uploaded separately.

Note: To create these records, you will be able to upload the data, but the required fields and information below will also be needed for manual data entry. A guide with templates has been provided under [Appendix 4](#).

### *Get Educator Data*

The Get Educator Data screen has been optimized. This screen allows you to:

- Retrieve TEA IDs
- Upload TEA IDs to retrieve Fingerprint Status
- Upload TEA IDs for LBB Reporting

## Definitions

Throughout this manual, candidates are described by their status in relation to the EPP and their programs of study. These commonly used terms will appear as capitalized in the text when referring to candidates as a class. These definitions do not overrule anything written in statute or code.

### Candidate Definitions

#### *Applied*

An individual seeking admission to an educator preparation program for any class of certificate

#### *Admitted*

An individual who has been formally or contingently admitted to an educator preparation program

#### *Other Enrolled*

Candidates who were admitted in the current reporting year or in any earlier reporting year who were still in the process of completing the program requirements as of August 31 of the academic year

#### *Retained*

A designation on the Annual Performance Report that is the same as Other Enrolled

#### *Finisher*

Candidates who have finished all educator preparation program requirements of coursework, training, and practicum, clinical teaching, or internship by August 31 of the academic year

#### *Completer*

A designation on the Annual Performance Report that is the same as Finisher

### Other Definitions

#### *ECOS*

Educator Certification Online System (ECOS) is a web-based online application used to manage and facilitate the certification of educators in Texas.

#### *ASEP*

Accountability System for Educator Preparation Programs (ASEP) is established under Texas Administrative Code (TAC) Rule §229.1 General Provisions and Purpose of Accountability System for Educator Preparation Programs. Section (b) states, “The purpose of the accountability system for educator preparation is to assure that each EPP is held accountable for the readiness of certification of candidates completing the programs.”

## Overview of TEA and Federal Data Submission and Reporting for EPPs

Data Element	Suggested Reporting Timeline	Reporting Deadline	Where to Report
<b>Minimum Accountability Standards</b>			
Frequency and duration of field observations	Ongoing	Sep 15	ECOS
<b>Annual Performance Report</b>

<sup>3</sup> Some tests have limited administrations and related registration deadlines. Check the Pearson website for these tests.

<sup>4</sup> Public colleges and universities only.

## Data Collection and Processing Calendar

<b>Date Frame</b>	<b>Event</b>	<b>Event</b>	<b>Event</b>	<b>Event</b>
<i>AY 2022-2023 (September – August)</i>	Enter or upload candidate information upon admission	Conduct and report observations	Update Finisher Record list	Update candidate test approvals
<i>September 15<sup>th</sup></i>	Finisher Records List (Other Enrolled and Finisher Lists) finalized in ECOS for 2020-2021	Observation Data final submission to TEA for 2020-2021	Admissions Data final corrections or updates for 2020-2021	
<i>October - November</i>	Pass Rates calculated for standards 1a and 1b	Observation results calculated for standards 4a and 4b	Submit LBB Report on IHE teacher productivity	Survey results calculated for Standards 2 and 5
<i>December</i>	Pearson Title II site closes – candidates listed for Title II pass rate	Program status notification sent		
<i>January</i>	Pearson Title II data review			
<i>February</i>	Accreditation Statuses taken to SBEC for approval	EPP Commendations taken to SBEC for approval		
<i>March</i>	Mid-term data sets sent to programs for informational purposes	Title II reporting site (IPRC) opens		
<i>April</i>	Principal Survey opens	New Teacher Survey opens	Title II IPRC data due April 30	
<i>June</i>	Principal Surveys complete	Teacher Surveys complete	Title II data review	
<i>July</i>	Survey rosters sent to EPPs for review			
<i>August</i>	Survey roster request for exception forms due			

## Getting ECOS Access

Before you begin you must be able to get into ECOS using your TEAL (TEA Login) account. TEA has provided guidance on how to get access to the necessary reporting features through the ECOS for Entities link on the [TEA Secure Applications](#) page. This page includes TEAL Access Instructions for ECOS Entity Users including how to [Request Access Online](#). The Secure Applications link is featured in the blue “Popular Applications” ribbon on the [TEA Home Page](#). If you are unable to get into TEAL and ECOS, speak first to your legal authority or the person at your institution responsible for providing ECOS access permission. If necessary, you can also get help from your program specialist.

Starting in 2020, TEA has shifted from ensuring ECOS functionality in Internet Explorer to ensuring ECOS functionality in Google Chrome. TEA online applications also work well in Firefox. They are less reliable with Safari or other browsers.

## ASEP Reporting

The following sections describe how to report data related to the Accountability System for Educator Preparation (ASEP). This data is reported in the Educator Certification Online System (ECOS). This section starts with the admission of a candidate and walks the reporter through the reporting that must take place at different stages of the teacher’s candidacy. We will follow one candidate, “Ivana Teach”, through her education and training to demonstrate how to report candidate data for ASEP. The details will vary due to differing EPP internal procedures, but the major reporting requirements are the same across programs.

### The Big Picture

Imagine a candidate going through a program. Different data points will be reported at different points in her training. Consider a candidate who earns her certificate in about a year.

Training/ Report	APR	Admission Reporting	Test Approval	Finisher Records List	Observations	Title II	Title II - Pearson
<i>Apply</i>	Counted as <i>Applied</i>						
<i>Admit</i>	Counted as <i>Admitted</i>	Entered / Uploaded within 7 days of admission date	Automatically created as Eligible for applicable tests	Automatically created as Other Enrolled with admitted certification area(s)		Counted as enrolled	Listed as enrolled with certificate area with Pearson
<i>Pre- internship / Clinical Teaching</i>	Counted as <i>Retained</i>		Test approval granted (determined by EPP)	Listed as Other Enrolled with certification area(s)		Counted as enrolled	Listed as enrolled with cert area with Pearson
<i>Internship / Clinical Teaching</i>	Counted as <i>Retained</i>		Test approval granted (determined by EPP)	Listed as Other Enrolled with certification area(s)	Observations recorded in ECOS	Counted as enrolled	Listed as enrolled with cert area with Pearson
<i>Finisher</i>	Counted as <i>Completer</i>		Test approval granted (determined by EPP)	Listed as Finisher with certification area(s)	Field observations meets SBEC requirements <sup>5</sup>	Counted as finishing	Listed as completed with cert area with Pearson.

After the candidate finishes your program, if she completes all required tests and obtains a standard certificate, her data will show up in the numbers of certified persons/certificates awarded lists.

<sup>5</sup> Observations must be reported for all candidates completing internships or clinical teaching, even if they complete additional internships or clinical teaching experiences. Observations must be entered into ECOS in the reporting year when they occur.

## Application and Admission

The first point of contact with teacher candidates is likely at the application stage. In our example, Ivana arrived at your program in October wanting to be an elementary school teacher. She completed an application, submitted her transcripts and other required paperwork, and paid an application fee. Ivana is an Applicant.

A different person applied the same day, Don Elvin. You decided to admit Ivana but not admit Don. Ivana is Admitted. Don is only an Applicant.

Having decided to admit Ivana to your program, you must notify her of the offer of formal admission in writing by mail, personal delivery, facsimile, email or an electronic notification,<sup>6</sup> including the effective date of formal admission. The applicant must accept your offer to be formally admitted to your program. **You must notify the TEA within seven calendar days of a candidate's formal admission date by entering an admission record in ECOS.** Please note that you will not be able to enter an admission record until after the formal admission date.

## Adding Admissions Individually

Once you have admitted your candidate, you need to report this admission in ECOS within 7 days following the formal admission date. You can do this one candidate at a time, or multiple candidates at a time. This section demonstrates how to enter one admission record at a time.

1. From the ASEP menu in ECOS, click on the **Admissions Search** button.

The screenshot displays the Educator Certification Online System (ECOS) interface. At the top left is the TEA logo (Texas Education Agency). The main header reads "Educator Certification Online System (ECOS)". Below the header, it says "Logged in as: [redacted]". On the left side, there is a vertical menu with the following items: Main Menu, Standard Certification (dropdown), Intern (dropdown), Probationary (dropdown), ASEP (dropdown), Upload Observations, Observations, Observations Report, Field Supervisors, Get Educator Data, Upload Admissions, Admissions Search (highlighted), Maint Admissions, Upload Finishers, Maint Finishers, Student Search, Upload Status, and Test Search. The main content area is titled "Admissions Search" and contains the instruction: "You may search for the Educator by entering the SSN or TEA Test ID." Below this are two input fields: "Social Security Number:" and "TEA Test ID:". There is a checkbox labeled "Create Given SSN" with an unchecked box. At the bottom of the form are two buttons: "Search" and "Reset".

<sup>6</sup> TAC §227.17

2. Enter the candidate’s TEA ID and click **Search**. If the candidate does not have an admission record with your EPP, you will be provided the *Add Admission Record* screen to enter one.

3. Enter information for all the applicable fields. If you are admitting the candidate in multiple certificate areas, you will need to enter all certificate areas. You may admit a candidate in up to 4 certificate areas.
4. Once you have entered all the information, click **Save**.
5. You will be presented with your entry. To make any changes, select Edit and update any field.

**NOTE: EPP users are not allowed to delete admission records once they are entered. Ensure that data is accurate before clicking Save. EPPs can submit a request to TEA to delete an ASEP admission record. Please file a [help desk ticket](#) for assistance.**

If the candidate does not have an educator record with TEA, she will not have a TEA ID. If you need to generate a TEA ID for your candidate, you will need to use the individual entry.

1. At the *Admissions Search* screen, enter the candidate Social Security Number. The system will note that the educator is not found.

2. Re-enter the Social Security Number and select the **Create Given SSN** checkbox. Click **Search**.

3. Enter the candidate information EXACTLY AS IT APPEARS ON THE CANDIDATE’S DRIVER’S LICENSE OR PASSPORT.<sup>7</sup> You must complete all starred fields.

4. Click **Proceed**

<sup>7</sup> Accurate names and social security numbers are critical. Be sure the first and last names you enter are exactly the names that appear on the candidate’s driver’s license or passport. The candidate will be turned away from testing centers if the names differ.

5. You may now enter an admission record for your candidate.

Adding Admissions in Bulk

EPPs with many candidates to admit at one time can create a .csv file using Microsoft Excel or another software tool with the relevant candidate data. EPPs can upload as many as 1,000 admission records at one time.

1. Select **Upload Admissions** from the ASEP menu
2. Prepare your .csv file using the onscreen instructions. Do not use headers. The finished file should contain 16 columns. These are the same values provided in the individual data entry screen. Please note that even if you do not have data for the optional fields, you will need to ensure that you have the proper number of delimiters in each data row.

**Upload Admitted Candidates**

Reporting Year

Upload Type

Click Browse to Select File to Upload

Name	Size	Progress	Status	Actions
<div style="border: 1px solid #ccc; background-color: #008000; color: white; padding: 2px 10px; display: inline-block;">Browse...</div>				

All uploads must be in CSV (Comma Separated value) format.

**Upload Format:**

1. TEA ID (required)
2. Last Name (required, 25 max)
3. First Name (required, 20 max)
4. Date of Birth (required, mm/dd/yyyy)
5. Email (required)
6. Program Admission Date (required, mm/dd/yyyy)
7. Route (required)

**Test Approval Route:**

- 31 – University Initial with Prep
- 33 – University Post Bac with Prep
- 35 – University ACP with Prep
- 37 – ACP with Prep

8. Cert License ID (required, click link to see listing)
9. Certificate Role Code (required, see valid role codes below)
10. Overall GPA (required, numeric two decimal places)
11. Admission GPA (required, numeric two decimal places)
12. Subject Area HRS (optional, numeric)
13. Subject Area GPA (optional, numeric two decimal places)
14. SAT Score (optional, numeric)
15. GRE Score (optional, numeric)
16. ACT Score (optional, numeric)

**Example File**

```
12345,Brown,John,01/01/1975,John.brown@email.com,09/01/2017,31,123,029,3.18,3.18,21,3.57,1540,150,28

**Click Browse to Select File to Upload**

Name	Size	Progress	Status	Actions
New Admission.csv	4,624	<div style="width: 100%; height: 15px; background-color: #ccc;"></div>		<div style="display: flex; gap: 10px;"> <div style="border: 1px solid gray; padding: 2px 10px; background-color: #336633; color: white; border-radius: 3px;"> <span>📁 Upload</span> </div> <div style="border: 1px solid gray; padding: 2px 10px; background-color: #ccc; border-radius: 3px;"> <span>✖ Reset</span> </div> </div>

7. Browse to find the .csv file with your new admissions
8. Click Upload
9. The system will report a successful upload

**Click Browse to Select File to Upload**

Name	Size	Progress	Status	Actions
New Admission.	106	<div style="width: 100%; height: 15px; background-color: #0056b3;"></div>	<span style="font-size: 1.2em;">✓</span> File Successfully uploaded	<div style="display: flex; gap: 10px;"> <div style="border: 1px solid gray; padding: 2px 10px; background-color: #336633; color: white; border-radius: 3px;"> <span>📁 Upload</span> </div> <div style="border: 1px solid gray; padding: 2px 10px; background-color: #ccc; border-radius: 3px;"> <span>✖ Reset</span> </div> </div>

10. If there are any errors in your file, the system will note them on the screen.

If you are admitting a candidate for multiple certificates, enter one line for each certificate in your .csv file.

*Bulk Upload Tips*

- Ensure candidates have a valid TEA ID
- Ensure candidate first name and last name match what is in ECOS

- Ensure that the Cert License ID is valid for the selected Route
- Ensure that the Role is valid for the Cert License ID
- Review your data using Notepad or Wordpad. Each row should contain 15 commas. See Example File section on Upload Admitted Candidates screen.
- Using Notepad or Wordpad be sure to remove stray numbers, commas, additional lines, spaces, or columns.
- If you get a message that the upload failed, you will need to identify the error, create a new .csv file with just your corrections, and attempt to upload the file again.

### Change a Candidate’s Admission Record

Although EPPs do not have access to delete a candidate’s admission record in its entirety, there are some changes that can be made to the record by the EPP before the end of the reporting year. The following fields are editable by the EPP after an admission record is created: Overall GPA, Admission GPA, Subject Area HRS, Subject Area GPA, SAT Score, GRE Score, and ACT Score. To change one or more of these fields in the candidate’s admission record:

1. Select **Maintain Admissions** from the ASEP menu
2. In the Admitted Candidates List, ensure that the current reporting year is selected and enter a TEA ID to pull up that candidate’s admission record(s)
3. Select **Admissions** (highlighted in blue) to pull up the Current Admission Record Screen
4. Select **EDIT** (last column)
5. In the Edit Candidate Admission screen, edit the candidate’s GPA and/or HRS and click **SAVE** (multiple fields can be changed)

Reporting Year	Admission Date	Route	Cert License	Role	Overall GPA	Admission GPA	Subject Area HRS	Subject Area GPA	SAT Score	GRE Score	ACT Score	Edit
2019-2020	09/24/2019	University Post Bac with Prep (33)	1370-School Librarian (EC-12)	School Librarian (013)	3.75	3.55						Edit
2019-2020	09/24/2019	University ACP with Prep (35)	876-Superintendent (EC-12)	Superintendent (027)	3.75	3.56	3					Edit

**Edit Candidate Admission**

First Name:

Last Name:

Birth Date:

Email: @tea.texas.gov

Reporting Year: 2019-2020

Admission Date: 09/24/2019

Route: University Post Bac with Prep

Cert License: 1370-School Librarian (EC-12)

Role: School Librarian (013)

Overall GPA:

Admission GPA:

Subject Area HRS:

Subject Area GPA:

SAT Score:

GRE Score:

ACT Score:

Note: If a candidate has one or more rows associated with one admission record; all rows will need to be changed.

### Updating Admissions in Bulk

EPPs with many candidates to update at one time can create a .csv file using Microsoft Excel or another software tool with the relevant candidate data. EPPs can update as many as 1,000 admission records at one time. The following fields are editable: Overall GPA, Admission GPA, Subject Area HRS, Subject Area GPA, SAT Score, GRE Score, and ACT Score. **Note:** For successful upload, admission records must match all non-editable fields exactly.

1. Select **Upload Admissions** from the ASEP menu
2. Prepare your .csv file for the existing admission records that need the editable fields updated. Save your .csv file.
3. On the upload screen, select the **Reporting Year**.
4. For **Upload Type**, select Update Admissions.

### Upload Admitted Candidates

### **Important note for EPPs that admit Reading Specialist Candidates**

Due to an historical issue in TEA databases, when admitting a candidate for a Reading Specialist license (Cert License Codes 1110 and 1111), users need to select Classroom Teacher (029) as the role, rather than the currently inactive Reading Specialist (042) role. Similarly, when uploading a .csv file with admission information, please enter 029 for the role when admitting a Reading Specialist candidate.

### **Important note for EPPs that admit Teacher Candidates**

EPPs are required to report content hours and content hour GPA for teacher candidate admissions. This field is optional only for non-teacher candidates.

Congratulations, you have successfully recorded Ivana Teach as a candidate admitted to your program. You will also need to count her as a person who applied to your program.

Additionally, you will need to report your admissions for Title II purposes. Please see the Title II section for more information.

### Applied Reporting for Annual Performance Report

The Annual Performance Report (APR) data is consolidated from information submitted by EPPs and ECOS data managed by EPPs. APR data includes the number of candidates who applied, were admitted, retained, and completed the program, disaggregated by gender and ethnicity. EPPs are *only* required to report the number of candidates who *applied*, disaggregated by gender and ethnicity, using a form provided by TEA. EPPs must submit their completed APR Applied Form by September 15<sup>th</sup>.

#### Reporting Applied Total Counts

1. From the TEA [Program Provider Resources](#) page, locate and save the APR Applied Spreadsheet.
2. Complete the form using the instructions found on the INSTRUCTIONS tab
3. Save your file using the recommended naming convention: APR\_APPLIED\_(CDN).XLSX
4. Open a TEA Help Desk ticket and submit your saved file. See Appendix 3 for additional information about how to file a Help Desk ticket.

### Regarding Ethnicity Group Designations

The ethnicity categories available for the APR in ECOS do not match the federal ethnicity categories. Use the following table to match the federal category to the APR category. If you do not know a candidate's ethnicity, you cannot count the candidate in any ethnicity category. However, you will still count the candidate in the "All" value.

APR Category	Federal/ECOS Category
African-American	African American, Black/African American
Hispanic	Hispanic, Hispanic/Latino
Other	Asian, American Indian/Alaska Native, Hawaiian/Pacific Islander, Two or more races
White	White, Caucasian not Hispanic

### Candidate Withdrawals

Sometimes a candidate will apply to your program, be admitted to your program, and then change their mind about pursuing certification through your program. Here is how you should report a candidate who withdraws, across the various reporting locations.

1. APR Applied: +1
2. Admission Record: No Change
3. Test Approval: Update to "Removed."
4. Finisher Records List: Update to "Removed."
5. Title II – Contact Pearson Title II support for guidance.

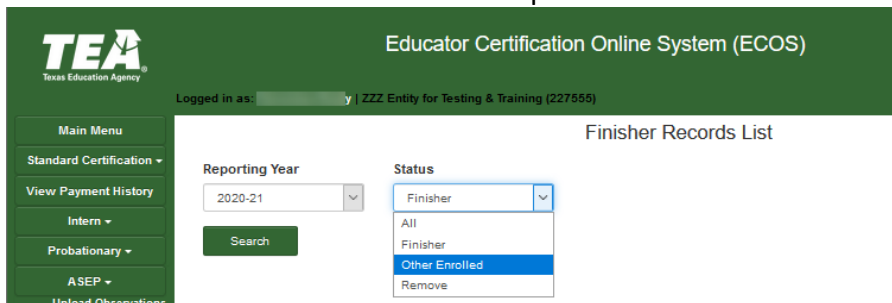

## Ongoing Reporting on ECOS

Throughout the reporting year there are several things that must be reported in the ECOS system. These include updating a candidate’s status on the Finisher Records list, reporting changes in certification field, providing test approval, and providing information on field observations.

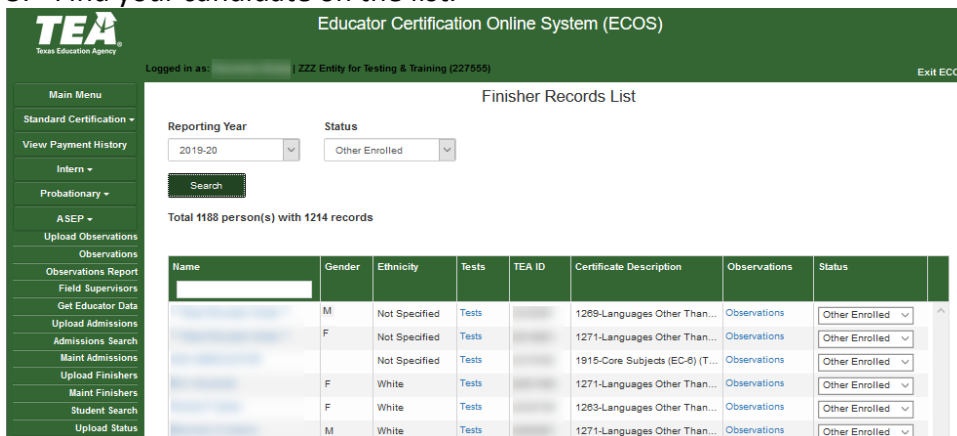

### Maintain Finishers

When you added an admission record for Ivana, the system generated an associated record on the Finisher Records list with a status of “Other Enrolled.” If you do not make any changes, the system will continue to generate a new record with the same certificate field and status every year. Once Ivana has completed your program, and is ready for a standard certificate, you must mark her as a Finisher on the Finisher Records List.

1. Click **Maint Finishers** in the ASEP menu.
2. Select the reporting year from the dropdown menu.
3. Select “Other Enrolled” from the dropdown menu.

4. Click **Search**
5. Find your candidate on the list.

6. Select “Finisher” from the dropdown menu in the Status column.
7. ECOS will confirm “**Status change for Ivana Teach successful.**”
8. Select “Finisher” from the dropdown at the top of the screen. Click **Search**.
9. Confirm that Ivana is now listed as a Finisher on the Finisher Records List.

### Changing Certification Fields

Suppose Ivana decides that she would prefer to teach older students and wants to pursue a different certification. If your program is approved to offer the certification field, your program can approve this change.<sup>8</sup> You must update Ivana’s record in ECOS to reflect this change. You need to go to the *Student Maintenance* screen to make this change. There are two ways to reach the *Student Maintenance* screen.

1. Select **Student Search** from the ASEP menu, enter Ivana’s TEA ID number, click **Search** or
2. Select **Maint Finishers** from the ASEP menu.
3. Select the relevant year from the dropdown menu.
4. Select “Other Enrolled” from the dropdown menu.
5. Click **Continue**
6. Select Ivana’s name that is linked on the Finisher Records List.

Now that you are on Ivana’s record in the *Student Maintenance* screen. You want to remove the old certification field and add the new certification field.

7. Select “Remove” from the dropdown menu in the Status column for the certification you wish to remove.

Certification Code	Observations	Reporting Year	Status
903-School Counselor (EC-12) (PB)	Observations(1)	2021-2022	Other Enrolled
To add a record on the 4 lines provided below, you must select a Certification Code!			
Select	Sup Log Screen	Select	Other Enrolled

8. Select the new certification from the Certification Code dropdown menu below the cell that says, “To add a record on the 4 lines provided below, you must select a Certification Code!”
9. Select the appropriate AY from the Reporting Year dropdown menu.
10. Select “Other Enrolled” in the Status column.
11. Click **Save** at the bottom of the screen.

Certification Code	Observations	Reporting Year	Status

## Updating Finisher Records in Bulk

EPPs can update the finisher status and add additional cert license IDs with finisher statuses to the Finisher Records list using a bulk upload.

To add a new certification field, the TEA ID, Name, and Route must match an existing finisher record exactly. To update the finisher status, the TEA ID, Name, Cert License ID, and Route must match a finisher existing record exactly.

1. In the ASEP menu click **Upload Finishers**
2. Create your .csv file. Do not use headers. There should be 6 columns.
  - A. TEA ID
  - B. Last Name
  - C. First Name
  - D. Cert License ID
  - E. Route (3 = Alternative, 4=Post-Baccalaureate, 5 = Traditional)
  - F. Finishing Status (1=Removed, 4 = Finisher, 6 = Other Enrolled)

Your spreadsheet will look something like this.

A	B	C	D	E	F
2000700	Teach	Ivana	177	5	6

3. Save your spreadsheet as a .csv file<sup>9</sup>
4. On the *Upload Finishers* screen, select the Reporting Year from the dropdown menu
5. Click the **Choose File** button and select your .csv file for uploading

Reporting Year	Click Browse to Select File to Upload
2020-21	Browse... No file selected.

**Upload**

**Upload Formats**

All uploads MUST be in CSV(Comma separated value) format\* See Example

**Upload Finishers**

\*Upload files saved as CSV (Macintosh) file types cannot be processed. Please save your upload files as CSV (Windows) files.

1. TEA ID (required)
2. Last Name (required, 25 max)
3. First Name (required, 20 max)
4. [Cert License ID](#) (required, click link to see listing)
5. Route (required, 3=Alternative, 4=Post-Bacc, 5=Traditional)
6. Finishing Status (required, 1=Removed, 4=Finisher, 6=Other Enrolled)

**Example File**

```
12345678,Brown,Jim,177,3,4
23456789,Gomez,Lucy,128,4,4
13456789,Reid,Harry,121,5,6
```

\*\*\* Limit of only 1000 records per upload \*\*\*

6. Click **Upload**

The Upload Finishers Screen display will contain:

<sup>9</sup> Please ensure to select the generic .csv file rather than the Macintosh-associated .csv filetype.

Main Menu  
Standard Certification ▾

**Uploaded file successfully. Records processed: 1.**

[Click here to view Upload Status Report.](#)

To check on the status of any uploaded file, complete the following steps:

1. Click **ASEP** in the Main Menu.
2. Click **Upload Status**
3. Check the upload in the “Upload Type” column and look for errors “Upload Results” column.

Upload Date/Time	Userid	Upload Type (click to view)	Upload Results (click to view)
8/20/2019 3:06:42 PM	betty.flores	<a href="#">Admitted</a>	<a href="#">8/20/2019 3:06:42 PM</a>
8/20/2019 3:02:01 PM	betty.flores	<a href="#">Admitted</a>	<a href="#">8/20/2019 3:02:01 PM</a>
8/20/2019 2:34:30 PM	betty.flores	<a href="#">Admitted</a>	<a href="#">8/20/2019 2:34:29 PM</a>
8/20/2019 2:33:34 PM	betty.flores	<a href="#">Admitted</a>	<a href="#">8/20/2019 2:33:34 PM</a>
8/20/2019 2:32:40 PM	betty.flores	<a href="#">Admitted</a>	<a href="#">8/20/2019 2:32:40 PM</a>
8/20/2019 2:27:48 PM	betty.flores	<a href="#">Admitted</a>	<a href="#">8/20/2019 2:27:48 PM</a>
8/20/2019 2:26:59 PM	betty.flores	<a href="#">Admitted</a>	<a href="#">8/20/2019 2:26:59 PM</a>
8/20/2019 2:24:41 PM	betty.flores	<a href="#">Admitted</a>	<a href="#">8/20/2019 2:24:41 PM</a>
8/20/2019 2:22:15 PM	betty.flores	<a href="#">Admitted</a>	<a href="#">8/20/2019 2:22:15 PM</a>

Note: The list of candidates who are Other Enrolled will roll over when the new academic year is activated, and the past year is closed. You do not have to add Other Enrolled candidates back into the ASEP system each year. **You should view your EPPs Other Enrolled list periodically to ensure and certify its accuracy. EPPs are responsible for the timely removal of any candidates who are no longer enrolled.**

### Adding or Modifying Test Approval

When you added an admission record for Ivana, ECOS automatically generated test approval eligibility for her on the test approval screen. The test approval screen in ECOS is where EPPs approve candidates to take certification exams and remove or add additional exams. This reporting can be done for candidates through individual data entry or as part of a bulk upload.

### Adding Test Approval

1. Open the **Test Approval** menu in ECOS
2. Click on **Maintain Test List**
3. Set the Current Filter for Applicant(s) and Academic Year as needed based on the eligibility status and initial approval date
4. Click on **Refresh List**
  - If necessary, click on “All” from under the Refresh List button to display all records.
5. Select the candidate to get to the *Maintain Test Approval Information* screen
6. Click on **Add Test Approval**

Maintain Test Approval Information

Filter...	Filter...	Filter...	Filter...	
		Tests	160 - Pedagogy and Professional Responsibilities EC-12	Choose New Status

5. Find the candidate and confirm that the correct test is displayed
6. Click on the dropdown menu in the Status column and select the new status
7. Scroll down to the bottom of the screen and click **Continue**
8. Confirm selection by clicking **OK**

#### Update Test Approval Records in Bulk

1. Click on **Upload Test Approvals**. The file layout is shown below with an example.
2. Create your .csv file. The finished file should contain 7 columns (A-G).
  - A. TEA ID
  - B. Last Name
  - C. First Name
  - D. Admittance Date (mm/dd/yyyy)
  - E. Route
  - F. Test Code
  - G. Test Approval Status (0-Eligible, 1-Approved for One Attempt, 3-Removed)
3. The completed file will look something like this:

A	B	C	D	E	F	G
	Teach	Ivana	10/1/2018	31	291	0

4. Save the file as .csv to a location where you will be able to locate it
5. Click **Yes** as necessary through multiple dialogue windows to save as .csv
6. Close the file, ensuring it remains in .csv format
7. On the *Upload* screen, click **Choose File**
8. Browse to find the .csv file you saved
9. Click **Upload**

Upload Profile/Tests

Upload File Type	Click Browse to Select File to Upload

[Click here to view Upload Status Report.](#)

Review and Approval of Statement of Qualifications for Standard Certified Educators  
 Certified educators seeking a career and technical education certificate in Marketing 6-12 (associated Test Code 275), Health Science 6-12 (associated Test Code 273) or Trade and Industrial Education 6-12 (associated Test Code 270) must have the required licensure and work experience. EPPs that review Statements of Qualifications (SOQs) for educators that hold a valid standard certificate and approve the CBE tests should follow the provisions outlined in [Texas Administrative Code, TAC § 233.14](#). As shown below, EPPs should use route code 44 when providing test approval for these candidates. Additional information can be found on the Texas Education Agency Career and Technical Education [webpage](#).

Test	Not Assigned(0) ▾
Approval	Eligible (0) ▾

## Observations

Ivana is progressing in her training, and she is now participating in an internship or clinical teaching experience. Your program supports her by observing her teaching and providing feedback and advice.

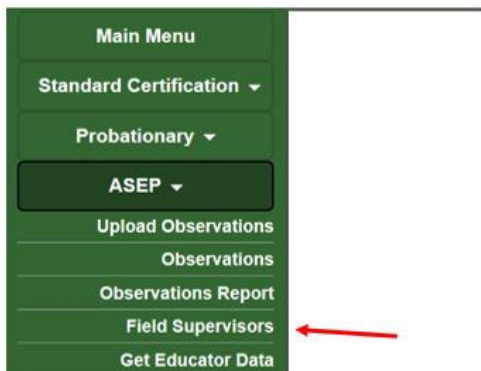

Programs must report all clinical teaching, internship, and practicum teacher and non-teacher observations, with a field supervisor (identified by TEA ID) for each observation. All observations must be reported in ECOS in the reporting year in which they occur.

Accurate reporting of observations is vital. The number and duration of observations for each candidate is a performance standard and affects EPP accreditation. The ratio of field supervisors to candidates is reported publicly along with other consumer information.

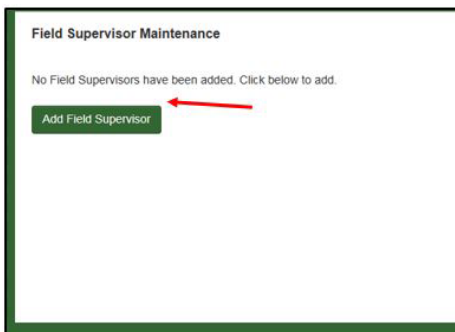

### Adding Field Supervisors Individually

Candidate observation records include the field supervisor. Field supervisors need to be added to the system so that they can be included in the candidate observation record. This step must be completed before reporting candidate observations conducted by the field supervisor.

1. From the ASEP menu select **Field Supervisors**

2. Click the **Add Field Supervisors** button.

3. Enter the supervisor TEA ID.<sup>10</sup> The supervisor’s name will populate from their ECOS account.
4. Select the state from which the supervisor holds a certificate.
  - If the candidate holds a Texas certificate as well as certificates from other states, select “Texas”
  - If the supervisor holds certificates from multiple states, select the most recent state
  - If the supervisor does not have a certificate, select “Not Certified”
5. Click **Save**

The field supervisor’s data will appear in the *Field Supervisor Maintenance* screen.

Main Menu		Field Supervisor Maintenance			Add Field Supervisor	
Standard Certification	Probationary	ASEP	First Name	Last Name	TEA ID	State
			Albus	Dumbledore	123456	TX
						TX

You can add another field supervisor by clicking the **Add Field Supervisor** button. You can delete a field supervisor or change her certification state by clicking on her last name.<sup>11</sup>

### Uploading Field Supervisors in Bulk

You can upload field supervisors as a group rather than individually. This requires creating a .csv file and uploading it through the *Upload Observations* screen.

<sup>10</sup> Field supervisors must be reported by their TEA ID numbers.

<sup>11</sup> Once a field supervisor has been linked to a candidate through an observation, you cannot delete the field supervisor unless you first delete the observation(s) the supervisor is credited with conducting.

Upload File Type	Click Browse to Select File
Field Supervisor ▼	Choose File No file chosen

**Upload**

**Upload Format**

**NOTE: All uploads MUST be in CSV (Comma separated value) format. Please remove headers prior to upload.**  
 Upload files saved as CSV (Macintosh) file types cannot be processed. Please save your upload files as CSV (Windows) files.

**Field Supervisor**

1. **Supervisor Last Name** (25 max)
2. **Supervisor First Name** (20 max)
3. **Supervisor TEA ID** (9 max)
4. **In or Out of State Certificate** (State Abbreviation)  
 Note: Please use "NOCRT" if not certified

Example File  
 Brown,Jim,12345678,TX

1. In the ASEP menu click **Upload Observations**
2. Create your .csv file. Do not use headers. Use the guidance on the *Upload Observations* screen to create your .csv file. The finished file should contain 4 columns.
  - A. Supervisor Last Name (25 max)
  - B. Supervisor First Name (20 max)
  - C. Supervisor TEA ID (9 max)
  - D. In or Out of State Certificate (2-letter Postal Code State Abbreviation)

Your spreadsheet will look something like this.

A	B	C	D
Dumbledore	Albus	123456	TX

3. On the *Upload Observations* screen, select “Field Supervisor” from the “Upload File Type” dropdown menu
4. Use the **Choose File** button to browse to and select your .csv file for uploading.
5. Click **Upload**
6. Check the upload: Click on **ASEP** in the Main Menu.
7. Click **Upload Status**
8. Just as you did with the test approval bulk upload, check the upload in the “Upload Type” column and look for errors in the “Upload Results” column.
9. Review the list of field supervisors in the *Field Supervisor Maintenance* screen.

### Entering Observations

Once you have entered your field supervisors in ECOS, you are ready to record observations. You can record and modify observations individually, or you can upload observations in bulk.

Record all observations your program conducts, including those beyond the required minimum and those for candidates who withdrew or were removed from the program. **All observations much be reported in ECOS in the reporting year in which they occur.**

Every observation must be reported with an Assignment Type. Please use the information in the table below to determine the correct assignment types. Please note that when reporting non-teacher observations, please use NONTCH.

<b>Valid Observation Upload Assignment Types in ECOS</b>		
<b>Assignment Type</b>	<b>Type of Clinical Experience</b>	<b>Minimum Required Number of Observations</b>
<b>Internship</b>		
<b>INT</b>	First-year internship under an intern certificate with one assignment	5
	First-year internship under an intern certificate with two assignments (not concurrent)	6
<b>PRO</b>	First or second-year internship under probationary certificate with one assignment	3
	First or second-year internship under probationary certificate with two assignments (not concurrent)	4
<b>PROX</b>	Second or third-year internship under probationary extension certificate with one assignment	3
	Second or third-year internship under probationary extension certificate with two assignments (not concurrent)	4
<b>Clinical Teaching</b>		
<b>CLIN</b>	14-week full-day clinical teaching with one assignment	3
	14-week full-day clinical teaching with two assignments (not concurrent)	3
	28-week half-day clinical teaching with one assignment or	4
	A full-day clinical teaching assignment that exceeds 14 weeks and extends beyond one semester	4
<b>CLINEXC</b>	Clinical teaching exception approved by the SBEC	Per approved exception
<b>Practicum</b>		
<b>NONTCH</b>	Practicum for non-teacher candidates	3

Adding Observations Individually

1. In the ASEP menu select **Observations**
2. Enter the candidate’s TEA ID number
3. Click **Add Record**
4. Select the Supervisor TEA ID from the dropdown menu
  - NOTE: The supervisor’s first and last names will populate automatically
5. Enter a comment
6. Select the observation date from the popup calendar

Candidate Observations

7. Enter the observation duration using the arrows

8. Select the Observation Setting (In person or Virtual)
 

*Observation setting is a new required field beginning with the 2022-2023 reporting year. As of September 2021, Texas Administrative Code does not allow for virtual observations, except for the Non-teacher practicum.*
9. Select or enter the Assignment Begin Date from the popup calendar
  - NOTE: This is the beginning date for the candidate’s field experience assignment. There should be just one assignment begin date for all observations for a candidate in a field experience. A candidate may have an internship that spans two reporting periods, such as: 01/05/2020 – 01/04/2021. This candidate’s begin date will be 01/05/2020 for all observations reported for this internship.
10. Select or enter the Assignment End Date from the popup calendar.
  - NOTE: This is the end date for the candidate’s field experience assignment. There should be just one assignment end date for all the observations for a candidate in a single field experience. A candidate may have an internship that spans across two reporting periods, such as: 01/05/2020 – 01/04/2021. This candidate’s end date will be 01/04/2021 for all observations reported for this internship.
11. Select the Assignment Type from the dropdown list. A legend for the assignment types is provided at the bottom of the screen.
12. Click **Save**
13. View the new record

As a reminder, **all observations must be reported in ECOS in the reporting year in which they occur**, regardless of the internship end date.

#### Uploading Observations in Bulk

If your program has many observations to enter at one time, you can upload observations in bulk rather than individually.

1. In the ASEP menu click **Upload Observations**
2. Create your .csv file. Use guidance from the *Upload Observation* screen to create your file. Do not use headers. There should be 12 columns when you are done.
  - A. Supervisor Last Name (maximum 25 characters)
  - B. Supervisor First Name (maximum 20 characters)
  - C. Beginning Date of Assignment (should not be a future date) (mm/dd/yyyy)
  - D. Candidate’s TEA ID Number (should be existing TEA ID) (maximum 9 characters)
  - E. Candidate’s Last Name
  - F. Candidate’s First Name
  - G. Observation Date (should be unlocked year) (should be on or after Beginning Date of Assignment) (should not be a future date) (mm/dd/yyyy)
  - H. Observation Duration (hh:mm) (00:01 to 12:59)
  - I. Supervisor Comments (Length range 1 to 250 characters)
  - J. Supervisor TEA ID (maximum 9 characters)
  - K. Assignment Type (maximum 9 characters)
  - L. End date of Assignment (mm/dd/yyyy)
  - M. Observation Setting (P= In Person, V = Virtual). Observation setting is a new required field beginning with the 2022-2023 reporting year.

Your spreadsheet will look something like this:

	A	B	C	D	E	F	G	H	I	J	K	L	M
1	Supervise	John	9/5/2021		Teach	Ivana	10/1/2021	1:00	see file		INT	5/17/2022	P
2	Supervise	John	8/20/2021		Yucator	Ed	9/2/2021	0:45	see file		NONTCH	5/18/2022	V

3. Select “Observation Log” from the “Upload File Type” dropdown menu
4. Use the **Choose File** button to browse to and select your .csv file for uploading.
5. Click **Upload**
6. Check the upload: Click on **ASEP** in the Main Menu.
7. Click **Upload Status**
8. Check the upload in the “Upload Type” column and look for errors in the “Upload Results” column. Review the observation logs for a sample of candidates to ensure the upload was complete and accurate.

Valid Assignment Types

INT: Teacher candidate completing an internship while holding an intern certificate

PRO: Teacher candidate completing an internship while holding a probationary certificate

PROX: Teacher candidate completing an additional internship while holding a second probationary certificate

CLIN: Teacher candidate completing clinical teaching

CLINEXC: Clinical teaching exception approved by the SBEC

NONTCH: Non-teacher candidate completing a practicum

[Minimum Required Number of Observations](#)

The EPP is responsible for ensuring that all the data is accepted and correct in the system. Do not depend on the “Your file was uploaded successfully” message because it will not detect some errors. Use the Upload Status function to view the data you entered.

*Common Observation Upload Issues*

There are a few common issues that cause ECOS to error out when entering individual observations or uploading bulk observations. Here are issues we have identified:

- Candidate is not in the Finisher Records List as Other Enrolled or Finisher
- Date of the observation is a future date
- Date of the observation is before the beginning date of the assignment
- Observation date is outside the reporting year
- Incorrect assignment type is selected
- Time is formatted incorrectly. Time must be formatted 00:00
- Comment column contains commas, semicolons, or other punctuation that confuses the .csv format. Keep it simple – for example “See student log”
- Cells are blank where they should not be or have stray marks
- Blank rows between candidate records
- “Error Line: 1: Missing Delimiter ‘,’ should be 11 in each row uploaded” means there should be 12 columns and there are either too many or too few columns. Copy the spreadsheet into Notepad to identify missing spaces or other anomalies
- TEA ID numbers are missing or do not match ECOS – for the candidate or field supervisor
- There is a name mismatch because a nickname is used rather than the candidate’s name in ECOS
- Column headers present – the upload cannot distinguish between column headers and data, so if you try to upload a file with column headers you will get an error
- "Error is sqlInsert\_a2fieldvisit Command text was not set for the command object". You have an apostrophe in one or more fields. Remove any apostrophes.

*Modifying Observation Records*

1. Click **Observations** on the ASEP menu
2. Enter the candidate’s TEA ID number.
3. Click **Search**
4. Click the hyperlinked observation date.
5. Modify the record as needed.
6. Click **Update**

**Candidate Observations**

Name:  | TEA ID:

Assignment Begin Date	Assignment End Date	Observation Date	Duration	Observation Setting	Comments	Remove
7/6/2021	7/6/2022	<a href="#">9/06/2021</a>	1:04	Virtual	<input type="text"/>	<input type="checkbox"/>
7/5/2021	7/5/2022	<a href="#">11/19/2021</a>	1:00	In Person	<input type="text"/>	<input type="checkbox"/>

*Removing a Record*

1. Click **Observations** on the ASEP menu
2. Enter the candidate’s TEA ID number
3. Click **Search**
4. Select the **Remove** box in the row you want to remove
5. Click **Delete Record**

ECOS will confirm the observation has been removed.

**1 Record/s Deleted**

Name: [REDACTED] | TEA ID: [REDACTED]

Assignment Begin Date	Assignment End Date	Observation Date	Duration	Observation Setting	Comments	Remove
7/6/2021	7/6/2022	<a href="#">9/06/2021</a>	1:04	Virtual	[REDACTED]	<input type="checkbox"/>
7/5/2021	7/5/2022	<a href="#">11/19/2021</a>	1:00	In Person	[REDACTED]	<input type="checkbox"/>

## Data Verification

EPPs are required to report accurate and timely data for accountability purposes. Failure to report accurate and timely data can result in negative consequences for EPPs, up to and including negatively impacting their accreditation status.

## Exceptions and Errors

EPPs are required to report accurate data. Accurate data must be submitted in the reporting period. We recognize that there are rare instances where you cannot “fix” data that has been submitted due to system access. For this reason, you may submit exceptions requests.

On the test approval list, for example, if a candidate was given test approval with the wrong admittance date or was given permission for two tests with two admittance dates, EPP users are unable to fix that. TEA requires an exception letter to be able to identify the discrepancy and document manual changes. Please note that these errors are necessarily rare, and that EPPs are required in TAC to submit timely and accurate data.

### Common Exceptions

Although exceptions are generally rare and decrease as data quality and validation increase, there are still some common cases where programs find cause for exception requests.

For the observations lists, there may be extraordinary circumstances that resulted in a candidate not getting the required observations. For example, a candidate was issued a standard certificate prior to the end of the internship. You may provide an exception letter to petition TEA to change the denominator and modify the percentage of candidates for whom you provided adequate field support. It is required that programs still enter all observations records for any candidates who do not complete their internship.

### Common Observation Exceptions

1. Incomplete internship due to deactivation of intern or probationary certificate
2. Incomplete internship due to issue of standard certificate
3. Exempt because candidate qualified for educational aide exemption from THECB
4. Exempt because candidate was already initially certified
5. Exempt because candidate had previously been employed as an ROTC instructor

### Common Principal Survey Exceptions

1. Candidate was not initially certified by the EPP
2. Candidate previously taught a complete year
3. Candidate was in the classroom for less than 5 months
4. Candidate left the position before working for 5 months

### Common Teacher Survey Exceptions

1. Candidate was not initially certified by the EPP
2. Candidate previously taught a complete year on a standard certificate

Please note that forms for these exceptions are available on the [Program Provider Resources page](#). Exception requests must be made using these forms.

#### *Request to Correct Finisher Record(s) for a Previous Reporting Year Form*

Programs can request a correction to the ASEP Finisher Records List in ECOS for previous reporting years. Once received, TEA will review and manually correct the finisher records in ECOS for the candidate(s) and reporting year(s) identified on form. This form is available from your education specialist. Please file these requests when you identify the discrepancy – do not wait until the end of the reporting year.

#### Data Verification Affidavit

Once all data for a reporting year has been submitted and verified, you must provide an affidavit testifying to the completion and accuracy of the EPP data. Here is what you should expect each fall:

1. Before September 15 - The EPP submits and updates all required data in ECOS, and any other data in the format required by TEA staff.
2. On or after September 15 – Programs submit the data verification affidavit which can be found on the TEA [Program Provider Resources webpage](#).

Complete the affidavit only when you are sure that all your EPP data has been checked. **If the affidavit is submitted prior to EPP data finalization and TEA discovers information is incorrect, the signer and/or EPP may be found in violation of the Texas Educators Code of Ethics and TAC §229.** Submit your affidavit using these steps.

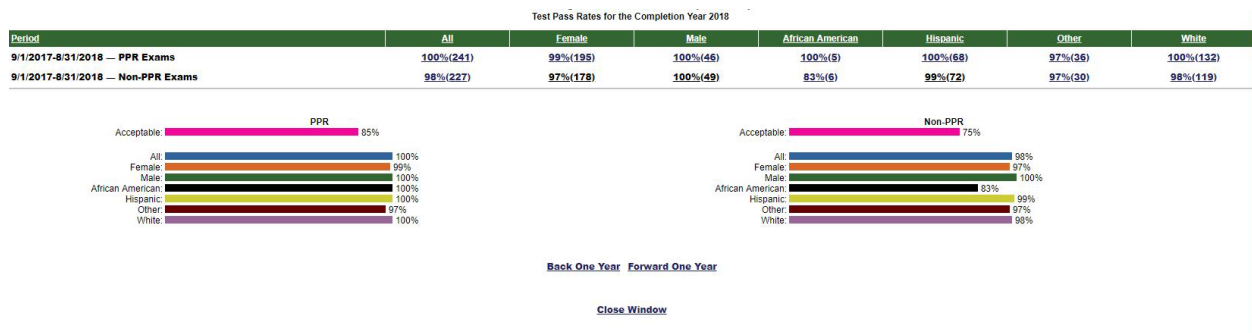

1. Open and complete information on the *Affidavit for Accountability System for Educator Preparation Programs (ASEP) Data Verification 2022-2023 ASEP Reporting Year* form.
2. Ensure that your affidavit form contains the required electronic signature by your EPPs Legal Authority.
3. Once you have completed the form, open a [TEA Help Desk ticket](#) to attach and submit your form. See [Appendix 3](#) for additional information about the TEA Help Desk. Prior to sending, please insert your CDN and EPP name in the file name.

## Other ECOS Data Features

### View Pass Rates

ECOS allows you to view the pass rates for candidates in your program. When a candidate takes a test, Pearson scores the results and reports the results to TEA. TEA data for pass rates are then manually updated. As a result, a candidate’s score will not be reflected in the test pass rates in real time, as they are updated on a weekly basis.

1. Click **View Pass Rates** in the ASEP menu
2. Select the year from the dropdown menu
3. Click **Continue**.

You will get an overview page with pass rate data for your program. The overview page provides valuable information by itself, as well as easy navigation backwards or forwards one year at a time.

By clicking on the hyperlinked percentages in the **All** and demographic columns you can get more information on candidate performance. Clicking on the **All** percentage will list all the certification tests attributed to your program for the academic year as well as the number of tests taken, number of tests passed, and pass rate. Clicking on the demographic group percentage will list the test results for only the candidates in that category.

Certification Description	Tests Taken	Tests Passed	Pass Rate
Art EC-12	<a href="#">1</a>	<a href="#">1</a>	100%
Core Subjects EC-6	<a href="#">6</a>	<a href="#">3</a>	50%
Dance 6-12	<a href="#">2</a>	<a href="#">2</a>	100%
English Language Arts & Reading 4-8	<a href="#">3</a>	<a href="#">3</a>	100%
English Language Arts and Reading 4-8	<a href="#">2</a>	<a href="#">2</a>	100%
Health EC-12	<a href="#">1</a>	<a href="#">1</a>	100%
Health Science 6-12	<a href="#">1</a>	<a href="#">1</a>	100%
History 7-12	<a href="#">1</a>	<a href="#">1</a>	100%

Clicking the hyperlinked numbers in the **Tests Taken** or **Tests Passed** columns will bring up a list of the candidates and their results. You can click on the hyperlinked candidate’s name to view the tests used to determine the pass rate. To view the candidate’s complete test history with your program, visit **Test Search** under the ASEP menu.

**All Groups That Have Taken the Test: 178-Art EC-12

### View Admissions

You can view the admissions that you have entered into ECOS to understand your total admissions for the year or year-to-date.

1. Select **Maint Admissions** from the ASEP Menu
2. Select the Reporting Year or Admission Date Range

The screenshot shows the TEA Educator Certification Online System (ECOS) interface. On the left is a navigation menu with options like 'Main Menu', 'Standard Certification', 'Intern', 'Probationary', 'ASEP', and 'Upload Admissions'. The main area is titled 'Admitted Candidates List' and contains search filters: 'Reporting Year' (set to 2021-22), 'Program Admission Date Range' (with 'From' and 'To' date pickers), 'TEA ID', and 'Last Name'. A 'Search' button is located below the filters.

3. Click **Search**
4. Review the resulting report
5. Note that the links in the columns on the right direct you to the candidate admission, finisher records list, and test approvals.

**Admitted Candidates List**

Reporting Year: 2019-20  
 Program Admission Date Range: From mm/dd/yyyy To mm/dd/yyyy

### View the Annual Performance Report

To view your EPPs APR information in ECOS:

1. Select **Annual Performance Report** from the ASEP menu
2. Select the year by the last part of the academic year (e.g., AY 2021-2022 → 2022)
3. Review and consider the following:
  - **Retained** is the number of Other Enrolled on your Finisher Records List. It is a snapshot of all the candidates in your program on August 31.
  - **Completed** is the number of persons listed as Finisher on your Finisher Records List
  - **Admitted, Retained and Completed** are continuously collected data that include anyone who moved in or out of those categories during the academic year.

### View Observations

It is in your best interest to check all the observations reported for your program to ensure you haven't missed any observations and that your program is meeting SBEC observation requirements. ECOS allows you to list the observations you conducted during an academic year. Remember, this is only a list of the observations that have been reported. If a candidate should have been observed and was not observed, the candidate will not show up in the report. All teacher and non-teacher candidates listed as Other Enrolled on the Finisher Records List completing clinical teaching or an internship – including second- or third-year extensions – must

be observed.<sup>12</sup> Similarly, any teacher and non-teacher candidate listed as a Finisher on the Finisher Records List must have recorded observations.

### Observations Report

**Instructions**

Please select one of the filters below to begin your search. The filters are described below.

**Academic Year:** Displays all observation data for the academic year selected. An academic year is defined as 9/1 to 8/31 of the next year.

**Assignment Begin Date:** Displays all observation data with an assignment begin date that falls inclusively in the date range defined. Maximum number of years for date range search is 1 year.

**Visit Date:** Displays all observation data with a visit date that falls inclusively in the date range defined. Maximum number of years for date range search is 1 year.

---

**Filters**

Academic Year ▼

**Parameters**

2020-21 ▼

Search

1. Select **Observations Report** from the ASEP menu
2. Select the filter (Academic Year, Assignment Begin Date, Visit Date)
3. Select the Parameters (year, or specific date based on the filter selected)
4. Click **Search**

Supervisor Name	Assignment Begin Date	Candidate TEA ID	Candidate Name	Visit Date	Duration Hours	Comments	Supervisor TEA ID	Assignment Type	Assignment End Date	Observation Setting
[REDACTED]	01/01/2021	[REDACTED]	[REDACTED]	07/14/2021	0:45	[REDACTED]	[REDACTED]	CLIN	09/01/2021	
[REDACTED]	01/02/2021	[REDACTED]	[REDACTED]	07/15/2021	0:45	[REDACTED]	[REDACTED]	CLIN	09/01/2021

10														
11	Sup_Name	Sup_Na	Int_Beg_Dt	TEA_Id	Cand_Nan	Cand_Nan	Visit_Dt	Visit_Hrs	Comments	Sup_TEA_I	Assignn	Int_End_Dt	Observation_Setting	
12														
13			7/5/2021				7/27/2021	1:00			CLIN	7/5/2022		
14			9/29/2020				12/8/2020	0:55			INT1	9/28/2021		
15			9/29/2020				7/5/2021	0:55			INT	9/28/2021		
16			9/29/2020				7/6/2021	0:56			INT	9/28/2021		
17			8/24/2020				1/24/2021	0:45			PRO1S	8/23/2021		
18			8/24/2020				7/11/2021	0:45			PRO	8/23/2021		

The “All” and “Academic Year” options provide data for the whole year. You may also select individual semesters from the “Semester/Year” dropdown. These semesters correspond with the candidate-to-supervisor ratio per semester reported in the consumer information.<sup>13</sup>

Here are some things to consider as you review observation data for your program<sup>14</sup>

1. Are all the observations that were conducted by your field supervisors listed? Be sure to record all observations, not just the minimum required number.
2. Does each candidate have the same Int Beg Dt (“Beginning Date of Assignment” from the upload or “Assignment Date” from the window)? Individual candidates should not have multiple beginning dates for their internship or clinical teaching.
3. Are the visits of sufficient duration – at least 45 minutes for teacher candidates?
4. Did each candidate get at least the minimum number of observations?
5. Are all the candidates who should have been observed included on the list? This would include anyone from your program who had an active intern or probationary certificate – including extensions – and any person completing clinical teaching or a practicum.
6. Observation\_Setting will have a value beginning with the 2022-2023 school year.

NOTE: Monitor your program’s compliance with the minimum SBEC standards for duration and frequency throughout the school year. The requirements of TAC §228.35(g) and (h) are specific and include timing requirements, depending on the kind of intern/clinical teaching experience. Missing the timing on a single observation may make the candidate’s support non-compliant, so be sure to monitor for frequency, duration, and timing of observations for your candidates.

### Get Educator Data

Use the **Get Educator Data** screen to upload a.csv file and receive a file containing fingerprint status or TEA IDs associated with uploaded social security numbers. **Please note: the certificate**

<sup>13</sup> Please note that as of this writing, technical issues within ECOS result in incorrect Observation reports when an Observation Type other than View All Observations is selected.

<sup>14</sup> See TAC §228.35(g) for specific field supervision requirements.

**data and test score data will not be restricted to those earned through the EPP.** EPPs should use the Pearson Results Analyzer for test results of their candidates.

1. Create a .csv file with the social security numbers in column A to retrieve TEA ID numbers.
2. Click **Get Educator Data** in the ASEP menu
3. Select the Upload Type from the drop-down options
4. Click Browse to browse to your .csv file
5. Click **Upload**

Retrieve TEA IDs:

Last Name:	<input type="text"/>	Last Test Admin Date:	<input type="text"/>
Gender:	<input type="text"/>		
Ethnicity:	<input type="text"/>		

## Title II Reporting

The US Department of Education (ED) requires reports on initial teacher certification candidates. As of 9/15/2021 two companies support programs with this reporting - Pearson and RTI. Pearson, as the main testing vendor for TEA, generates pass rate data for the Title II reports. The federal vendor puts the pass rate data and significant amounts of other data into the report that the Secretary of Education submits each year to Congress.

**Primary User:** Your program should have a primary user who is responsible for federal reporting. You should also have a backup person who knows the data and the systems. If these persons change, contact Pearson [es-titleII@pearson.com](mailto:es-titleII@pearson.com) and the federal vendor: [title2@rti.org](mailto:title2@rti.org).

Title II reporting follows a predictable annual schedule. Each year programs report the previous year's data, so you will report 2020-2021 data in 2022-2023.

- August 31 – The reporting year closes
- September – December – Upload data to the Pearson system.
- January – Pearson resolution period
- February – Federal Title II reporting opens
- April 30 – Federal Title II reporting closes
- July – Title II reported data available for review
- October – Review/collection period closes
- November – Title II report completed

## Recording Data for Pearson Title II

In addition to documenting data regarding Ivana Teach in the ASEP system, you must also document data for her with Pearson for Title II reporting purposes. You provide Pearson with information linking the candidate to your program so that Pearson can then link to the candidate's testing data. Pearson uses test results for initial teacher certification candidates to calculate and report pass rates for Title II purposes.

**Training and Resources:** Pearson has developed a manual to guide you through the necessary Title II reporting. See <https://edreports.nesinc.com/TX> for additional assistance, or email [es-titleII@pearson.com](mailto:es-titleII@pearson.com).

### Completing the Title II Institutional and Program Report Card (IPRC) Report

In April 2023, you will report on your 2021-2022 cohort. The data you entered in ECOS in September 2022 will help you complete the federal IPRC report. The IPRC includes only initial teacher candidates from your institution. It does not include administrative, student services, or additional certificate candidates. Extensive guidance regarding how to report Title II data is available at the Title II website at <https://title2.ed.gov/Public/TA.aspx>.

**If your EPP is approved for both degree-seeking (traditional & post-baccalaureate) and non-degree seeking (alternative) routes to certification, you must report information for candidates in these routes separately.**

Here are some ways to learn about Title II reporting:

1. Recorded webinars are available at <https://title2.ed.gov/Public/Webinars.aspx#iprc>. The IPRC Overview and Training is a good place to start.
2. Log into ECOS and export your 2021-2022 candidates listed as **Finisher** on the Finisher Records list and the candidates listed as Other Enrolled on the Finisher Records list to Excel. Remove anyone not pursuing an initial teaching certificate. These are the folks you are reporting on.
3. Open the blank Institutional and Program Report Card available with the technical assistance materials here: <https://title2.ed.gov/Public/TA.aspx>.
4. There are a lot of technical assistance materials available through the public Title II website.
  - a. The IPRC guide is helpful if you have specific questions. There are also smaller, subject specific guides if you have questions about individual sections of the report.
5. Download the 2021 Texas State Report Data File and look for your program's data. This is what you will be updating for this year. Remember, in April 2023 you are reporting on 2021-2022 data.

Title II is only concerned with initial teacher certification candidates. Do not report on candidates at your program who are pursuing administrative certification, student services certification or a second certification.

#### *Section 1.b & c. Admissions*

Your report should, at minimum, reflect the statutory and regulatory minimum requirements. Specifically, it would be expected that the following are required for entry:

- Transcript
- Minimum number of courses/credits/semester hours completed (TEC §21.0441(a)(2) and TAC §227.10(a)(4))

- Minimum GPA (TEC §21.0441(a)(1) and TAC §227.10(a)(3))
- Minimum basic skills test score (TAC §227.10(a)(5))
- Interview or Other Proficiency (TAC §227.10(a)(7))

### *Section Enrollment*

You can use the ECOS data submitted through the year to help you complete the Title II report. NOTE: If your program supports both traditional (degree-seeking) and alternative (non-degree seeking) routes to certification, you must report information about candidates in these routes separately.

1. Click **Maint Finishers** in the ASEP menu
2. Select 2021-2022
3. Select Other Enrolled
4. Click **Continue**
5. Select **Click Here** to download the data as a .csv at the bottom of the page
6. Open as an Excel spreadsheet
7. Highlight the data columns
8. Sort or filter by the Cert\_Description column
9. Delete any candidates not pursuing an initial teacher certificate (principal, superintendent, etc.).
10. Sort by TEA ID column
11. Remove any duplicates (candidates listed two or more times because they are pursuing multiple certificates or certification and a supplemental).
12. Sort or filter by Gender
13. Count the number of males and females.
  - If a candidate is listed as “Unk” then use the self-reported gender information for the candidate in ECOS.
14. Sort or filter by Ethnicity.
15. Count the number of each ethnic group.

## Legislative Budget Board Reporting for Public Colleges and Universities

Each fall EPPs that are public colleges and universities are required to report certification rates of teacher education graduates to the Legislative Budget Board (LBB). Private universities and alternative certification programs do NOT report to the LBB. In September, TEA will contact institutions required to submit LBB reports by email. The report is due to TEA based on when TEA must report to the LBB.

To facilitate the reporting process and ensure the consistency and accuracy of data, the LBB, State Auditor’s Office, and educator preparation entities asked TEA to collect graduate information from the entities and, using centralized records in the TEA database, calculate the LBB certification rate.

The LBB certification rate is based on the percentage of an institution’s undergraduate teacher education program graduates who become certified to teach no later than the end of the fiscal year following the year of graduation from the program.

**IMPORTANT: You must report the performance measure to the LBB using ABEST. TEA is simply calculating the rate for you. It is your responsibility to enter the rate in ABEST.**

The FY 22 LBB performance measure will reflect the certification rate of your 2020-2021 graduates. The rate is the percentage of graduates who became certified as of August 31, 2022.

1. Create a .csv file listing the teacher candidates who graduated between September 1, 2020 and August 31, 2021. Do not use headers. The finished file should contain 4 columns.
  - A. EPP County/District Number (CDN) (6 characters)
  - B. Graduate’s TEA ID (maximum 7 characters)
  - C. Graduate’s last name (maximum 25 characters)
  - D. Graduate’s first name (maximum 20 characters)

Your spreadsheet will look something like this.

A	B	C	D
123456	741852903	Teach	Ivana

2. Click **Get Educator Data** in the ASEP menu
3. If you need to [retrieve TEA IDs from the social security numbers you have, do this first](#).
4. Select the “Load Graduate Files” for the Upload Type
5. Select the Graduation Year, “2020-2021”
  - NOTE: This is the year the new teachers graduated
6. Click Browse to locate the .csv file you created to upload
7. Click **Upload**

Get Educator Data

Viewing Legislative Budget Board Report for Public Colleges and Universities

After you submit your list of graduates to the ECOS system, you will need to retrieve and verify the results. Follow these steps to view your results.

1. Click **Other Reports** in the ASEP menu
2. Select the "Annual LBB Performance Measure Report" radio button
3. Select the reporting year (2021-2022). NOTE: This is the year AFTER your new teachers graduated from your college or university

Administration Reports

Other Reports	
<input checked="" type="radio"/> Annual LBB Performance Measure Report	LBB Reporting Year (Reporting Year is 1 year after graduation year) 2019-20
<input type="radio"/> Annual ASEP Report by Certification Area	ASEP Reporting Year - select -
<input type="radio"/> EPP Candidate Exit Survey	Academic Year: Sept 2019-Aug 2020

**Continue**

4. Click **Continue**

The report for your program will look something like this:

**State Board for Educator Certification**  
**FY 2020 Annual LBB Performance Measure Report**  
**Certification Rates of Public Colleges and Universities**

Select Reporting Year: 2019-20

## Appendix 1: Sample Letters and Forms

### Sample Admission Letter

Use Letterhead of EPP<sup>15</sup>  
Date

Name  
Address  
City, State, Zip Code

Dear *(Candidate Name)*:

This letter is an invitation of formal admission<sup>16</sup> into *(Name of Educator Preparation Program)* to assist you in securing certification in *(Name of Certification)*.

Your official admission date is *(Month Day, Year)*<sup>17</sup>. *(Provide any other entry information that you might need to communicate.)*

You have until *(Month Day, Year)* to respond to our invitation of admission into our program. If we do not receive written communication of acceptance within that time frame, we will consider that you have declined our invitation<sup>18</sup>.

Sincerely,

*(Name and Title of Person Extending the Invitation)*

I accept the invitation of admission\_\_\_\_\_

I decline the invitation of admission\_\_\_\_\_

Signature:

Date:

This letter should be retained in the candidate's record for audit purposes.

---

<sup>15</sup> See 19 TAC §227.17(b), "the EPP must notify the applicant of the offer of formal admission in writing by mail, personal delivery, facsimile, email, or an electronic notification."

<sup>16</sup> See 19 TAC §227.5(12)

<sup>17</sup> See 19 TAC §227.17(d), "The effective date of formal admission shall be included in the offer of formal admission."

<sup>18</sup> See 19 TAC §227.17(e).

## Sample Change of Certification Documentation

Use Letterhead of EPP

Date

Name

Address

City, State, Zip Code

*(Candidate Name), TEA ID # (TEA ID) requests a change of certification field from (Old Certification Field and Grade Level) to (New Certification Field and Grade Level).*

---

Printed Name of Candidate

---

Signature of Candidate

---

Printed Name of EPP Program Approver

Signature of EPP Program Approver

This letter should be retained in the candidate's record for audit purposes.

Request to Correct Finisher Record(s) for Previous Reporting Year Form  
 To obtain a copy of this form, please request it from your program specialist.

TEXAS EDUCATION AGENCY

Request to Correct Finisher Records for Previous Reporting Year

This form allows an EPP to request corrections to the ASEP Finisher Records List (FRL) in ECOS for previous reporting years. Upon receipt, TEA will review the form and manually correct the finisher record for the candidate and reporting year identified in Section B.

**Section A: EPP Contact Information**

Date  EPP

First & Last Name  Position/Title

**Signature** (The signature field will **not** become active until all fields are completed. Please sign after completing the form in its entirety.)

**Section B: FRL Correction List Instructions**

Using the ASEP Student Maintenance screen for each candidate, COMPLETE ALL FIELDS.

**TEA ID (1):** Enter the candidate's TEA ID. If you get a "TEA\_ID validate failed" error, this indicates that the TEA ID is not the required length. It must match the Student Maintenance information.

**CANDIDATE'S LAST NAME (2):** Enter last name only. It must match the Student Maintenance information.

**CANDIDATE'S LAST NAME (3):** Enter first name only. It must match the Student Maintenance information.

**CERT LICENSE ID (4):** Enter 3-4 digit Cert ID number. Use the Student Maintenance screen Certification Code drop-down to verify that the EPP has the certificate ID on the list. **THE CERTIFICATE ID MUST HAVE BEEN OFFERED IN THE YEAR FOR WHICH THE CERTIFICATE WAS SOUGHT.**

**ROUTE(5):** Use the drop-down menu to select a Route: 3=Alternative, 4=Post-Baccalaureate, 5=Traditional

**FINISHER STATUS (6):** Use the drop-down menu to select a status: 1=Removed, 4=Finisher, 6=Other Enrolled

**REPORTING YEAR (7):** Use the drop-down menu to select a reporting year.

**NOTE:** Use a separate row for each year to be corrected per candidate.

**SECTION B: FRL Correction List for**

(1) TEA ID	(2) Candidate's Last Name	(3) Candidate's First Name	(4) Cert License ID	(5) Route	(6) Finisher Status	(7) Reporting Year	Add Row
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	Delete Row

Submit to TEA Help Desk

## Appendix 2: Additional Accountability Data

The new [TEA Educator Preparation Data Dashboard](#) is now available as a resource to consumers and the public. The dashboard provides users with the ability to interact and customize ASEP and consumer data.

Per TEC §21.045, TEA administers and collects surveys of principals, candidates exiting their teacher preparation program, and teachers who are completing their first year of teaching on a standard teaching certificate. Information about these surveys can be found in the following places:

Principal Survey Overview: [Principal Survey Page](#)

Principal Survey Calculations: See ASEP Guide on [Consumer Information Page](#)

Principal Survey Results: [EPP Data Dashboards](#)

Principal Survey Data: [Program Provider Resources Page](#)

Exit Survey Calculations: See ASEP Guide on [Consumer Information Page](#)

Exit Survey Data: [Program Provider Resources Page](#)

Teacher Survey Overview: [Teacher Survey Page](#)

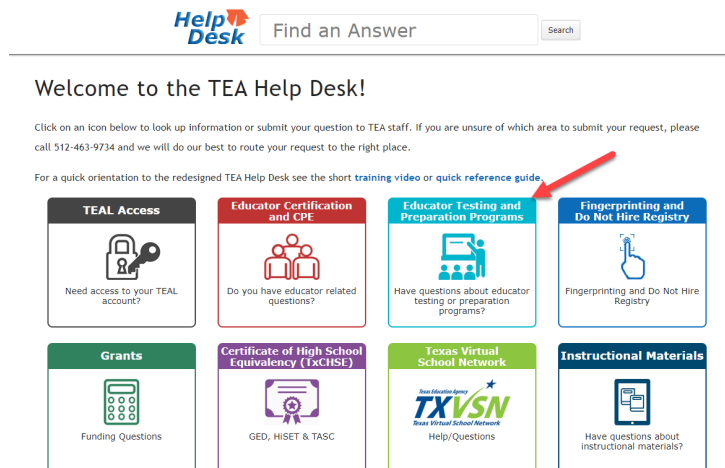

Teacher Survey Calculations: See ASEP Guide on [Consumer Information Page](#)

Teacher Survey Results: [EPP Data Dashboards](#)

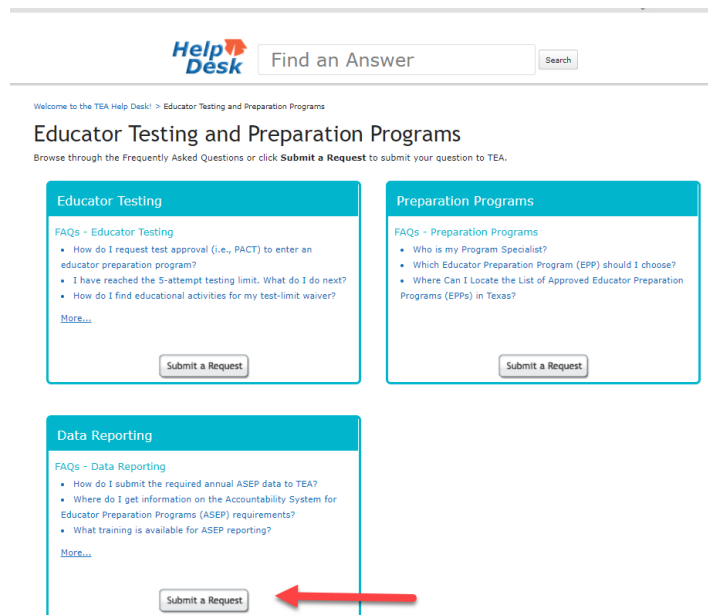

Teacher Survey Data: [Program Provider Resources Page](#)

## Appendix 3: Testing and Preparation Programs Help Desk Ticket System

Please submit all ASEP submission files and request for exception forms using the TEA Help Desk System. You can find the Help Desk icon on the main TEA webpage located at top right. Once you select it, click on the Educator Testing and Preparation Programs tile.

In the Data Reporting tile, click the Submit a Request button. This will open a Data Reporting form. **Complete all required fields.**

To submit ASEP Data, choose *Submit ASEP Data* found in the Topic drop-down and click on the boxes to identify the submission. To submit A Request for Exception Form, choose *Submit a Request for Exception Form* found in Topic drop-down and use the boxes to identify your form. Click on Add file or drag the file into attachment box. Your file(s) will show below form.

**\*\*Please note: During the annual reporting period additional options are available.**

## Appendix 4: Data Collection for Clinical Experience Records

The data collection for clinical experience is defined in 19 TAC [§228.35 Preparation Program Coursework and/or Training](#). These new screens will now collect data that was previously collected and kept at the local level. The only new data collection that will be requested is the TEA ID for the Cooperating Teacher, Mentor Teacher, and Site Supervisor. To accommodate for this change, the reporting of this TEA ID will be optional for the 2022-2023 reporting year. We encourage you to collect this information as it will be required for the 2023-2024 reporting year.

The new screens that will collect data on clinical experiences are expected to be implemented in ECOS in October 2022. There will be training provided prior to implementation. To plan for implementation, EPPs are encouraged to begin data collection now. It is recommended that EPPs collect the following data on a spreadsheet to upload as a CSV file in October. Create a separate spreadsheet for Clinical Teachers, Intern Teachers, and Non-teachers because each will be uploaded separately.

Note: To create these records, you will be able to upload the data, but the required fields and information below will also be needed for manual data entry. A template has been created for each set of records below. The templates can be downloaded from ShareFile by clicking on the name of the records to be created. You will need to remove the headers in the first row in preparation for upload.

### [Clinical Teaching Records](#)

Records for **Teacher Candidates Completing Clinical Teaching** (To create a record for a candidate in a split assignment, create two records with different cooperating teacher names but the same assignment start and end dates). You'll need 11 columns on the spreadsheet.

- Clinical Candidate TEA ID Number & Name (**TEA ID, Last, First**)
- Cooperating Teacher TEA ID Number<sup>1</sup> & Name (**TEA ID, Last**)
  - <sup>1</sup>Cooperating Teacher TEA ID will be *optional* for 2022-2023 reporting year
- Candidate certificate (**Cert License ID**)
- Assignment Type (**CLIN or CLINEXC**)
- Clinical Experience Model (Required for Assignment Type CLIN)
  - **1**=14 weeks full-day
  - **2**=28 weeks half-day (or a full-day clinical teaching assignment that exceeds 14 weeks and extends beyond one semester)
  - **3**=Approved Ed. Aide
  - **4**=Approved Exemption (JROTC/Aide Exemption; no clinical teaching required)
- Assignment Begin & End Dates (**MM/DD/YYYY, MM/DD/YYYY**)
- Assignment Location (LEA/district/campus) (**CDN**)

### [Intern Teaching Records](#)

Records for **Teacher Candidates Completing an Internship** while holding an Intern or Probationary certificate. Most of the information is auto populated from the candidate's

certificate. The EPP will need to identify the candidate, the mentor teacher, and the certificate that the record is linked to. You'll need 6 columns on the spreadsheet. (Assignment Types: INT = Intern; PRO = Probationary; PROX = Second Probationary)

- Intern Candidate TEA ID Number & Name (**TEA ID, Last, First**)
- Mentor Teacher TEA ID Number<sup>1</sup> & Name (**TEA ID, Last**)
  - <sup>1</sup>Mentor Teacher TEA ID will be **optional** for 2022-2023 Reporting Year
- Assignment Type (**INT, PRO, PROX**)

### [Non-Teacher Practicum Records](#)

Records for **Non-teacher Candidates Completing a Practicum** including those completing a practicum while holding an INT or PRO certificate. All non-teacher candidates are entered with assignment type NONTCH which will be auto populated, as will information about assignment start/end dates and assignment location for those candidates holding an INT or PRO. You'll need 10 columns on the spreadsheet. (Non-teachers are candidates pursuing certification in one of the following classes: Principal, Superintendent, School Counselor, Educational Diagnostician, School Librarian, Reading Specialist)

- Non-teacher Candidate TEA ID Number & Name (**TEA ID, Last, First**)
- Site Supervisor TEA ID Number<sup>1</sup> & Name (**TEA ID, Last**)
  - <sup>1</sup>Site Supervisor TEA ID **optional** for 2022-2023 Reporting Year
- Candidate Certificate (**Cert License ID**)
- Assignment Type (Pre-populated: NONTCH)
- Clinical Experience Model
  - **5**=Practicum (160 hours)
  - **6**=Internship (INT)
  - **7**=Internship (PRO)
- Assignment Begin & End Dates (**MM/DD/YYYY, MM/DD/YYYY**)
- Assignment Location (LEA/district/campus) (**CDN**)

### [Additional Information about Clinical Experience Reporting:](#)

- Clinical Experience Records will be created for all candidates completing the clinical teaching, internship, or practicum requirement and must be created in the current reporting year and prior to uploading the observations for the candidate. EPPs are encouraged to create Clinical Experience Records early in the clinical experience. Clinical Experience Records cannot be created after the reporting year locks in ASEP.
- If a candidate has more than one Cooperating Teacher/Mentor Teacher/Site Supervisor, add both records. When using the upload, create two lines in the CSV. All data should be the same, except for the Cooperating Teacher/Mentor Teacher/Site Supervisor name and TEA ID.

### [Changes to Observations Reporting](#)

As part of implementation of the Clinical Experience Records, some of the data that is required to be reported will be removed for Observations reporting and will instead be reported with

Clinical Experience Records. The changes are noted and stricken, below. To assist you in your transition, [a template for new observations](#) reporting is also available for download.

- Field Supervisor Last Name
- Field Supervisor First Name
- ~~Beginning Date of Assignment<sup>2</sup>~~
- Candidate TEA ID#
- Candidate Last Name
- Candidate First Name
- Observation Date
- Observation Duration
- Field Supervisor Comments
- Field Supervisor TEA ID
- ~~Assignment Type<sup>2</sup>~~
- ~~End Date of Assignment<sup>2</sup>~~
- Observation Setting

<sup>2</sup>These fields will no longer be reported with observations. They will be reported with Clinical Experience record.
