A photograph showing the silhouettes of several graduates in caps and gowns. They are standing in front of a large, modern building with a white, vertically-ribbed facade. The graduates are mostly in shadow, with their forms dark against the lighter background of the building and sky. One graduate on the left is pointing upwards with their right hand. The scene is captured during the day, likely at a graduation ceremony.

Foreword

The Texas Records Exchange System (TREx) is a web-based application designed for the exchange of electronic student records and transcripts. By using the TREx application, school registrars can electronically request and receive student records for students who have attended or will be attending Texas public schools. High school registrars and counselors also can electronically create and send official student transcripts to Texas public colleges and universities using the National Student Clearinghouse (Formerly UT SPEEDE) server.

TEA developed TREx in response to TEC 7.010 which requires all Texas public school districts, open enrollment charter schools, and Texas public colleges and universities to participate in a system for the electronic transmission of student education records.

Texas public school districts annually report all Grade 7-12 students leaving their districts. The data on school leavers include dropouts and are used to calculate dropout and high school completion rates for accountability purposes. More than half the students leaving districts move to other Texas public school districts. An automated student record exchange system enables districts to communicate with each other more effectively about students who are withdrawing or enrolling. Improved communication should improve the reliability of dropout rate calculations. Additionally, the automated system facilitates the rapid and appropriate academic placement of students enrolled in a new district and ensures continuity of services provided to students who move between Texas school districts.

The *TREx Data Standards* is intended to be used as a resource by all persons involved in the transfer of student records and transcripts using the TREx student record exchange process.

If you have any questions, please call the TREx Customer Support line at (512) 463-7246 or email TREx@tea.Texas.gov.

Refer to the TREx website at <http://tea.texas.gov/index4.aspx?id=25769817556> for training materials or updates.

SECTION 1: SUMMARY OF CHANGES

Section

1

GENERAL OVERVIEW: The section changes identified below include updates to the 2021-2022 TReX Data Standards

[SECTION 2: TReX REQUIREMENTS AND OVERVIEW](#)

No changes

[SECTION 3: DATA ELEMENTS AND CODE TABLES](#)

The following data element(s) and code table(s) have been added/updated for the 2021-2022 school year:

Element ID	Data Element	Requires Schema 1.27	Requires Updates to Local Extract Program	Requires Updates to Local SIS
TE014	CAREER-TECH-ED-INDICATOR	Yes	Yes	Yes
TE139	FINANCIAL-AID-APPLICATION-CODE	Yes	Yes	Yes
TE140	FINANCIAL-AID-APPLICATION-REQUIREMENT-MET-DATE	Yes	Yes	Yes
TE141	DYSLEXIA-RISK-CODE	Yes	Yes	Yes

Code Table ID	Code Table Name	Requires Schema 1.27	Requires Updates to Local Extract Program	Requires Updates to Local SIS
TC03	CAREER-TECH-ED-INDICATOR	Yes	Yes	Yes
TC46	FINANCIAL-AID-APPLICATION-CODE	Yes	Yes	Yes
TC24	DYSLEXIA-RISK-CODE	Yes	Yes	Yes

Detailed Changes to Data Element (s):

The following Data Element(s) have been **updated** for the 2021-2022 school year:

Element ID	Data Element Name	Current Definition	Updated to
TE014	CAREER-TECH-ED-INDICATOR	CAREER-TECH-ED-INDICATOR indicates whether the student is enrolled in a state-approved Career and Technical Education course as an elective, as a participant in the district’s career and technical coherent sequence of courses, or as a participant in the district’s technical prep program.	CAREER-TECH-ED-INDICATOR indicates the calculated value provided by the Texas Education Agency.

The following Data Element(s) have been **added** for the 2021-2022 school year:

Element ID	Data Element Name	Current Definition	Updated to
TE139	FINANCIAL-AID-APPLICATION-CODE	None	FINANCIAL-AID-APPLICATION-CODE indicates the manner in which the student completed the graduation requirement of either submitting a financial aid application (FAFSA or TASFA) or submitting an exception.
TE140	FINANCIAL-AID-APPLICATION-REQUIREMENT-MET-DATE	None	FINANCIAL-AID-APPLICATION-REQUIREMENT-MET-DATE indicates the month and year that the student completed a financial aid application (FAFSA or TASFA) or submitted an exception.
TE141	DYSLEXIA-RISK-CODE	None	DYSLEXIA-RISK-CODE indicates the results of screening for dyslexia and related disorders required under TEC §38.003(a).

The following Data Element(s) have been **deleted** for the 2021-2022 school year:

Element ID	Data Element Name	Current Definition	Updated to

Detailed Changes to Code Table(s):

The following Code Table(s) have been **updated** for the 2021-2022 school year:

CAREER-TECH-ED-INDICATOR (TC03)

Code	Translation	Action
0	Not enrolled in a Career and Technical Education (CTE) course	Removed
1	Enrolled in a career and technical education course A student in grades 6-8 who is taking a career and technical education course. A student in grades 9-12 who is taking a career and technical education course, but the student's 4-year plan of study does not outline a coherent sequence of courses in career and technical education.	Removed
2	Participant in a coherent sequence of courses A student in grades 9-12 who is enrolled in a sequential course of study, which develops occupational knowledge, skills, and competencies relating to a career concentration. The student should have a 4-year plan of study to take two or more career and technical education courses for 3 or more credits	Removed
4	Not CTE A student who never enrolled or who did not complete any high-school CTE course as defined by 19 TAC Chapter 126 (C), 127 (B) or 130.	Added
5	CTE Program Participant A student completing either only one CTE course for any number of credits or more than one course for less than two credits where a CTE course is defined by 19 TAC Chapter 126 (C), 127 (B), or 130 (the student does not have to pass or receive credit).	Added
E	CTE Program Explorer A student completing two or more high school CTE courses for a total of two or more credits defined by 19 TAC Chapter 126 (C), 127 (B) or 130 and not a participant, concentrator, or completer (the student does not have to pass or receive credit).	Added

Code	Translation	Action
6	CTE Program Concentrator A student completing and passing two or more 19 TAC Chapter 126 (C), 127 (B) or 130 CTE courses for a total of at least two credits within the same program of study and not a completer	Added
7	CTE Program Completer A student completing and passing three or more 19 TAC Chapter 126 (C), 127 (B) or 130 CTE courses for a total of four or more credits within a program of study, including one level three or level four course from within the same program of study.	Added

The following Code Table(s) have been **added** for the 2021-2022 school year:

FINANCIAL-AID-APPLICATION-CODE (TC46)

Code	Translation	Action
01	Financial application form completed	New
02	Exception Submitted	New

DYSLEXIA-RISK-CODE (TC24)

Code	Translation	Action
01	Screened and determined to be not at risk for dyslexia or related disorders	New
02	Screened and determined to be at risk for dyslexia or related disorders	New
03	Not screened for dyslexia or related disorders	New

The following Code Table(s) have been **deleted** for the 2021-2022 school year:

Code	Translation	Action

Updated

SECTION 2 - TReX REQUIREMENTS AND OVERVIEW

Section

2

2.1. Introduction

TReX is a web-based application hosted by the Texas Education Agency (TEA) for transferring student records electronically between Texas public school districts and open enrollment charter schools, as well as transmitting high school transcripts to Texas public colleges and universities that use the National Student Clearinghouse (NSC) SPEEDE server, formerly known as the UT SPEEDE Server.

The TEA Student Attendance Accounting Handbook describes the following minimum information that must be transmitted when a student transfers from one Texas public school district or open enrollment charter school to another under Withdrawal Procedures.

- Student ID (Social Security Number or State-Approved Alternate ID);
- Prior ID (Social Security Number or State-Approved Alternate ID, if different from above);
- Local Student ID Number, if used;
- County-District-Campus Number;
- Campus Name and Phone Number;
- First, Middle, and Last Name and Suffix of the student;
- Gender, Ethnicity, and Date of Birth of the student;
- Current Grade Level for the student; and
- Immunization records. Texas Education Code (TEC) §25.002(a)(3).

Home Language Survey

The U.S. Department of Education, Office of Civil Rights and Texas state law require school districts to collect information about a student's language background at the time of enrollment/registration to determine whether the student is a potential English learner. When a student enrolls in a Texas school for the very first time, a home language survey is completed. If a language other than English is identified, the student shall be tested to determine the student's language classification and eligibility for placement into a bilingual education or English as a second language program. This original home language survey is retained in the student's permanent record for the duration of the student's education.

- Original Home Language Survey
- Initial/end-of-year Language Proficiency Assessment Committee (LPAC) documentation
- Parent permission/denial forms

In addition, TEC 7.010 requires the following information to be included with the student records sent through TReX. Note that the IEP may be scanned and sent as an attached file. See the section on File Requirements below. Appendix A contains a complete list of data elements that may be transmitted through the TReX application.

- Student Course or Grade Completion
- Teachers of Record
- Student Assessment Results
- Receipt of special education services, including placement in a special education program and individualized education program developed (IEP).
- Students Personal Graduation Plan

Registrars are encouraged to send all relevant information that is available through TReX when a student transfers from one school to another. While schools are not required to send copies of birth certificates or social security cards through TReX when a student transfers, these documents may be scanned and transmitted as attachments if the registrar chooses.

Please be aware if you are sending a transcript to a college or university on behalf of a student who is applying for college admission, most Texas public colleges require the following information as part of their admission process. Although Exit Level TAKS or STAAR® EOC scores will not appear on the transcript, the scores will be transmitted electronically to the college or university through the SPEEDE server if they are populated on the xml file.

- Class Size
- Class Rank
- Date of Class Rank
- Date of Graduation
- Exit Level TAKS or STAAR® EOC score by Subject

The Student Attendance Accounting Handbook, Part 3 Section 3-9, states enrollment by a student in a school district constitutes authority for the sending district to release the education records of that student, regardless of whether parental authority has been received. (The federal Family Education Rights and Privacy Act (FERPA) 34 CFR Part 99, 99.31(a)(2) and 99.34)

By law (TEC §25.002(a-1)), a district must respond to a request for a student record from the receiving district within ten working days after the date the request for information is received. The timely transfer of a student record is important for a student's appropriate instructional placement for continued education as well as for various reports and entries on the state assessment forms. TReX facilitates the process of responding to and fulfilling requests for records within the required timeframe.

2.2 Responsibilities

The following sections describe the responsibilities of each participant within the TReX process.

SCHOOL DISTRICTS AND CAMPUSES

RESPONSE TO REQUEST

Districts must ensure that copies of student records are made available to schools to which students transfer. The transfer of a student record to another school district/charter may not be withheld for any reason. By law, (TEC §25.002(a-1)), a district must respond to a request for a student record from the receiving district within ten working days.

PRIVACY

TEC §25.002 and FERPA 34 CFR Part 99, 99.31(a)(2) and 99.34 protect the right of access to the student record. Districts must protect the confidential information on student records and transcripts from unauthorized individuals. TReX encryption ensures protection of the data during transmission and within the TReX process; however, once the data are downloaded, data security becomes the responsibility of the receiving school district/campus.

LOCAL STUDENT INFORMATION SYSTEM

The student record information transmitted through TReX is created locally by extracting data from the local student information system. It is the responsibility of the district to implement software that will extract the required data from the local student information system and create an xml file in the prescribed format for uploading to TReX.

The receiving district/campus can download and store the data once the district/campus accepts the student record/transcript through TReX. TReX does not automatically update the receiving campus' student information system. However, additional time and effort may be saved if the district chooses to modify the local software extract to populate the local student information system upon receipt of the requested information.

Note: It is important to remember that data in TReX are transitory. The data held for campus/district review are automatically purged from TReX within a set number of days.

DATA ACCURACY

Campuses and districts are responsible for the accuracy and validity of the data in the student records and transcripts. TReX includes edits and validations of the data that are related to formatting, business rules, and data integrity for transmission and storage purposes. TReX edits and validations are not related to the accuracy of the data.

Sending districts and campuses certify the content of their TReX data transmissions (high school transcripts) by electronically signing the "Registrar's Statement of Approval" available in TReX. The electronic signature certifies that the district has taken measures to verify the accuracy and the authenticity of the data in the high school transcript. The electronically signed form is stored on a secured TEA server and a copy is downloaded by the receiving registrar.

2.3 TEAL Approval

Districts and campuses obtain access to the TReX application through the Texas Education Agency Secure Environment (TEAL) authentication approval process. Each TReX user must request access through the TEAL Account User and Account Management process. After logging into TEAL, select "My application Accounts" from the Self-Service menu.

The Superintendent or authorized designee must approve all TEAL authorization requests before the requests are sent to TEA for approval.

Note: Districts and campuses must submit TReX requests for TEAL access through the automated process available from <https://pryor.tea.state.tx.us/>. The TReX project does not accept hardcopy TEAL request forms.

EQUIPMENT REQUIREMENTS

- Scanner

SOFTWARE REQUIREMENTS

- Microsoft Internet Explorer (IE) version 6.0 or higher
- Email access

MINIMUM SYSTEM REQUIREMENTS

- The PC must have Internet access
- The Internet browser must be able to support SSL 2.0 standards – 128 encryption

FILE REQUIREMENTS

- The suggested default file location for attachments (scanned documents) is: C:\TReX.
- File size limitation: 32MB

- Extract files are submitted to TREx with the following naming convention:
####LastName_FirstName_descriptor
- ##### = last 4 digits of the Student ID
- LastName = student’s last name

FirstName = student’s first name

Descriptor = stu (student record)

Order	1	2	3	4	5	6
Description	Last 4 digits of Student ID	Student Last Name	underscore	Student First Name	underscore	3-character descriptor
Example	1234	Doe	_	John	_	stu

Example: 1234Doe_John_stu

Note: Extract files do not require an extension of .XML to be accepted by TREx. As long as the XML format meets the schema requirements, TREx will accept the file with any extension.

- Attachments are submitted to TREx with the following naming convention:

####LastName_FirstName_Descriptor##

= last 4 digits of the Student ID

LastName = student’s last name

FirstName = student’s first name

Descriptor = le (Limited English Proficiency (LEP) attachment)

im (Immunization record attachment)

gt (Gifted/Talented (GT) attachment, such as a GT profile)

ms (Miscellaneous record)

ot (Other – to be used for any document that the district is uncomfortable giving any indication of what is contained within the document)

tl (Transcript Legend)

- two-digit generation number (01-99)* to allow for multiple attachments within type

**Note: Numbers 81-89 under ms (miscellaneous record) are strictly reserved for Disciplinary Action attachments. Numbers 91-99 under ms (miscellaneous record) are strictly reserved for Individual Education Plan (IEP) attachments.*

Order	1	2	3	4	5	6	7
Description	Last 4 digits of Student ID	Student Last Name	underscore	Student First Name	underscore	2-character descriptor	2-digit generation number
Example	1234	Doe	_	John	_	ot	91

Example: 1234Doe_John_gt01 (indicates the attachment is a GT record)

1234Doe_John_ms91 (indicates the attachment is related to an IEP)

1234Doe_John_ms01 (indicates miscellaneous attachment is not IEP-related)

RECORD OWNERSHIP AND STORAGE

The permanent retention of student records and transcripts continues to be the responsibility of districts/campuses and does not change with the implementation of TReX.

Districts must maintain high school transcripts permanently (19 Texas Administrative Code (TAC) §74.14(a)). TEA does not store the transcript or academic achievement record (AAR) data transmitted through the TReX system. TReX automatically purges high school transcript data in the same manner and timeframe as student record extract files.

2.4 Public Colleges and Universities

Public colleges and universities are responsible for the timely processing and acknowledgement of student transcript records received from TReX through the NSC SPEEDE server.

2.5 Education Service Centers (ESCs)

TRAINING TO DISTRICTS AND CAMPUSES

While campuses and districts process the transfer of student records and high school transcripts, the ESCs provide support and training on the TReX application and processes to districts.

The instruction on TReX provided by ESCs to school districts and campuses may include:

- overall data flow and process;
- data element definitions;
- data transmission requirements; and
- reporting options

In addition the TReX User Guide and Video Tutorials are available on the TEA TReX web site at [http://tea.texas.gov/Reports_and_Data/Data_Submission/Texas_Records_Exchange_\(TReX\)/TReX_Training/](http://tea.texas.gov/Reports_and_Data/Data_Submission/Texas_Records_Exchange_(TReX)/TReX_Training/). TEA also provides TReX Customer Support by phone at (512) 463-7246 and email at TReX@tea.Texas.gov.

TEAL APPROVAL

ESCs obtain access to the TReX application through the TEAL authentication approval process. Each TReX user must request access through the TEAL Account User and Account Management process. After logging into TEAL, select “My application Accounts” from the Self-Service menu.

The Executive Director or authorized designee must approve all TEAL authorization requests before the requests are sent to TEA for approval.

2.6 Texas Education Agency

TEA is responsible for the implementation, administration, and maintenance of the TReX application.

PRIVACY

TEC 7.010 mandates that TEA collect and transfer student data for educational purposes. The federal Family Education Rights and Privacy Act (FERPA) regulations mandate that personally identifiable student data be kept confidential. TEA must follow all FERPA requirements protecting the confidential information in student records and transcripts being sent through the TReX application. All users of the system must also adhere to the FERPA requirements as well.

SECURITY

TEA is responsible for the security of the data while in transit. TReX has multiple levels of system and application-level security to protect the privacy of student education records as established by FERPA including:

- TReX has a multi-layered security protocol that safeguards the network.
 - Authentication blocks users until they are approved by the TEAL (Texas Education Agency Login secure environment) system.
 - Extensive Access Control Lists (ACLs) apply policies that keep users from reaching restricted resources.
-

TRAINING TO ESCS

TEA provides training and training materials for the TReX application to the ESCs and provides information to assist ESCs train the districts and/or campuses. TEA and ESCs have an established relationship in providing a train-the-trainer approach. This same training approach is used with the TReX application. Training materials may be accessed from the TReX project web site at: [http://tea.texas.gov/Reports and Data/Data Submission/Texas Records Exchange \(TReX\)/TReX Training/](http://tea.texas.gov/Reports_and_Data/Data_Submission/Texas_Records_Exchange_(TReX)/TReX_Training/).

RECORD STORAGE

TEA stores all TReX data, including attachments extracted from a local student information system, in a relational database within TReX for a limited number of days. TEA sets and maintains this parameter.

Note: At no time during the transmission or the temporary storage of the data does TEA take ownership of the data.

The permanent retention of student records and transcripts continues to be the responsibility of districts/campuses and does not change with the implementation of TReX.

TEAL REQUEST PROCESSING

The TEA Computer Access group approves and notifies the requestor by email when the TEAL ID is ready to use. (The email notifications from the Computer Access group include basic instructions for the initial login and password change.)

2.7 TReX Roles

Following is a list of TReX roles and privileges.

TReX Role Name	Examples of Users	Privileges
Campus Registrar/Counselor	Counselors, Registrars, Admissions Office staff	Send, receive, accept, download, view, track, and approve all information in student records or transcripts for a campus; generate and view TReX reports for a campus; manually enter student record/transcript data for a campus; attach TEA-approved graduation diploma seals and send official high school transcripts for graduates at a campus

TREx Role Name	Examples of Users	Privileges
Campus Registrar/Counselor Multiple Campuses	Counselors, Registrars, Admissions Office staff responsible for more than one campus but not for a full district	Send, receive, accept, download, view, track, and approve all information in student records or transcripts for a campus; generate and view TREx reports for a campus; manually enter student record/transcript data for a campus; attach TEA-approved graduation diploma seals and send official high school transcripts for graduates at more than one campus
Campus View-Only	Principal, Vice-Principal, Secretary	Track and view TREx transaction history logs for a campus; view TREx summary reports
District Registrar/Counselor	District-wide Admissions staff or District Registrar	Send, receive, accept, download, view, track, and approve all information in student records or transcripts for all campuses within a district; generate and view TREx reports for all campuses within a district; manually enter student record/transcript data for all campuses within a district; attach TEA-approved graduation diploma seals and send official high school transcripts for graduates for any campus within a district
District Registrar/Counselor Multiple Districts	Counselors, Registrars, Admissions Office staff responsible for more than one district	Send, receive, accept, download, view, track, and approve all information in student records or transcripts for all campuses within a district; generate and view TREx reports for all campuses within a district; manually enter student record/transcript data for all campuses within a district; attach TEA-approved graduation diploma seals and send official high school transcripts for graduates for any campus within multiple districts
District View-Only	District staff, TREx Coordinator	Track and view transaction history logs district-wide (all campuses within a district); view TREx summary reports for all campuses in the district
ESC View-Only	ESC TREx Coordinator/Trainer	Track and view transaction history; view TREx summary reports for all districts or campuses within the ESC region
Vendor	SIS Vendors	Validate XML extract files against TREx schema.
TEA View-Only	Agency TREx staff and managers	Track and view transaction history logs; view TREx summary reports for all campuses/districts within the state
TEA Administrator	Agency technical staff supporting TREx	Perform technical administrative and troubleshooting functions on a statewide level; generate and view reports

2.8 TReX Process Overview

As Texas students transfer between school districts/campuses or move on to a college or university after graduation, Texas public school registrars receive requests for the transfer of student records to school districts and high school transcripts to institutions of higher education (IHE). These types of record exchange requests occur year-round, with specific patterns of heavier activity based on student semester completion. TReX is designed to meet the requirements for districts and campuses at all times of the year.

Although TReX provides a manual entry capability to create student records or transcripts, most districts transmit the data through TReX in an XML-based extract file. The file is referred to as an “extract” file because it is created through a local vendor-supported process that extracts the student record or transcript information from a district’s local student information system.

On a per-student basis, districts/campuses upload data (extract file) into TReX and transmit the data to the TReX server. TReX sends the data to the receiving district/campus or to the NSC SPEEDE server (if the extract file is for a transcript) and subsequently deletes data within a set number of calendar days.

The number of days that TReX holds a request or extract file is limited from the time it is initially transmitted to TReX. Each TReX transaction is date-stamped, thereby informing users of the number of days remaining before TReX purges the data.

2.9 Student Records

In TReX, a “student record” is an individual student record sent between one Texas public school district/campus and another Texas public school district/campus. A student record in TReX may apply to grades EE through 12 and should include data for all of the grade levels, if available.

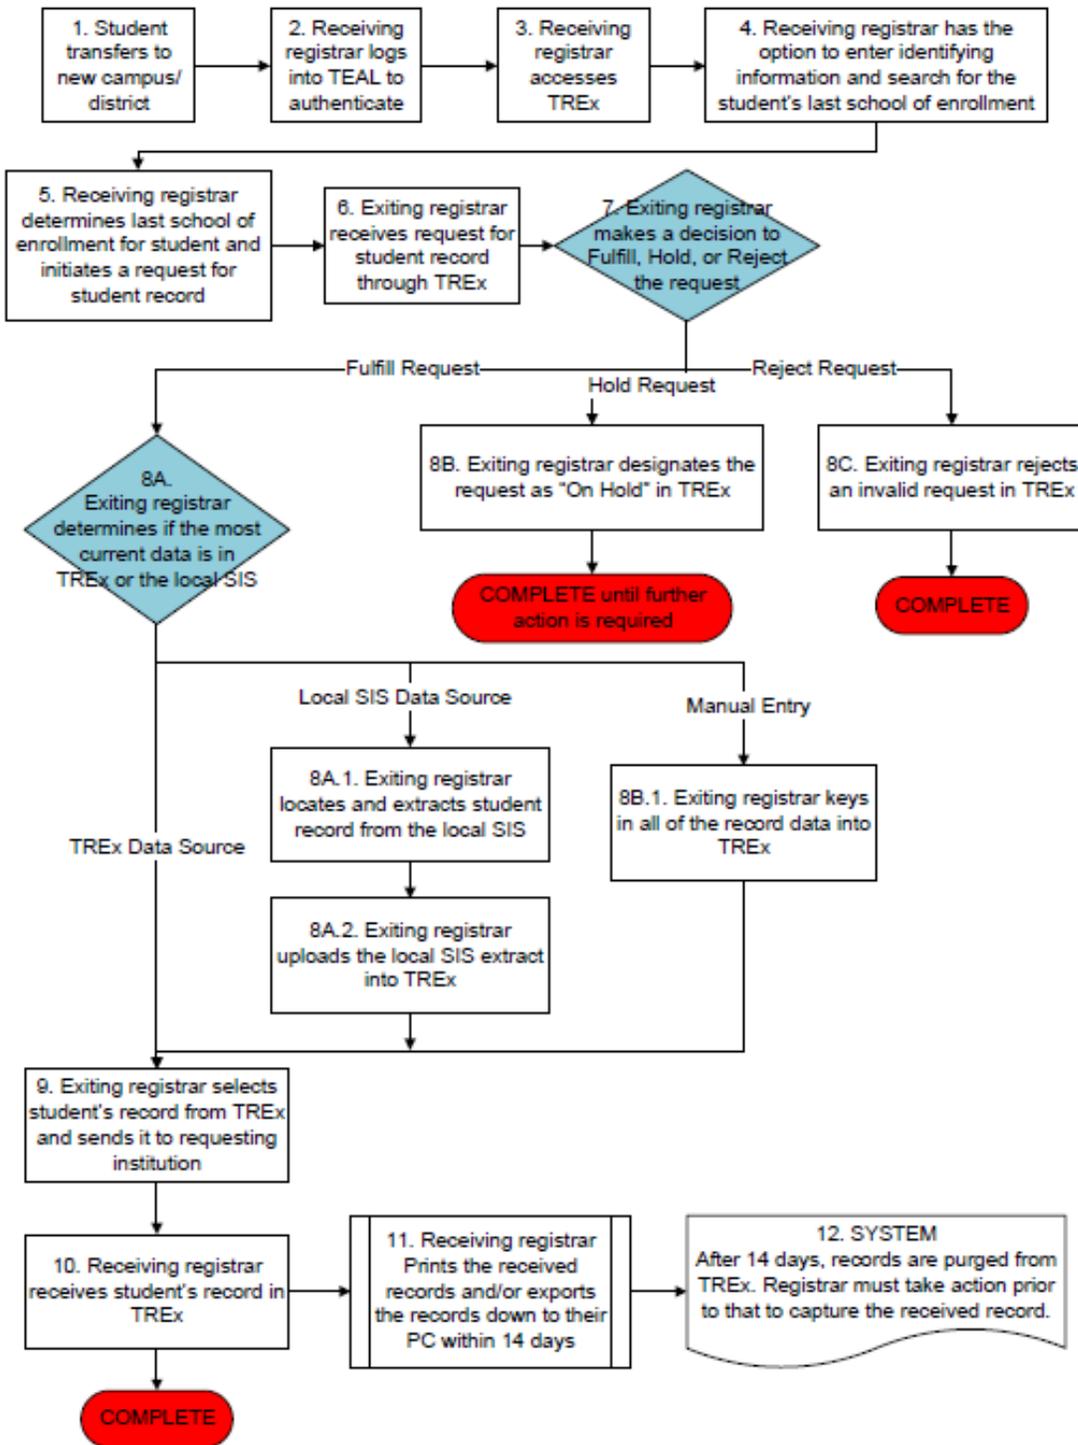

When a student record exchange request is an inbound type, it originates from a receiving district. In other words, the student has transferred and the district receiving that student needs his or her student records from the campus of last enrollment. The receiving registrar creates a record request in TReX, which is transmitted to the student’s previous campus.

TReX notifies the exiting registrar (at the campus of last enrollment) by email that a request exists if the campus does not open the request within 24 hours of its being sent. The exiting registrar clicks on the request link from the TReX home page and verifies through local records that the student did attend that campus. If the request is not valid for that campus (i.e., the student was not enrolled at the campus), the exiting registrar rejects the request. TReX logs the rejected transaction status and sends the receiving registrar notification.

If the request is valid, the exiting registrar creates an extract file from the local student information system and transmits the student record through TReX. If the request is valid but the student record is not available from a local student information system, the registrar can manually enter the data in TReX.

STUDENT RECORD TRANSMISSION PROCESS FLOW DIAGRAM

Following is an illustration of the general TREx process flow for Student Records transmitted between Texas public school districts:

2.10 High School Transcripts

A high school transcript record in TReX refers to the official high school transcript or academic achievement record (AAR) for Grades 9-12. The transcript is an official and permanent record of a student's academic performance during high school and, in some cases, of high school courses completed in middle school or junior high school (TEC §28.025(e)).

When the request is an outbound type (a high school student requesting a transcript be sent to a college), the exiting registrar uploads the student's high school transcript to TReX via an extract file of data from the local student information system and selects the college.

Sending districts and campuses certify the content of the high school transcript data by electronically signing the "Registrar's Statement of Approval" available in TReX. The electronic signature certifies that the district has taken measures to verify the accuracy and the authenticity of the data in the high school transcript.

As with student records, registrars can manually enter transcripts in TReX if the data are not available in the local student information system.

Note: The campus or district procedures for how high school students request a transcript be sent to a college or university remain unchanged; only the means by which the request is fulfilled changes with the implementation of the TReX system.

An interface into TReX from authorized external applications such as ApplyTexas has been added. A student using such an application may create an electronic request for a transcript to be sent to a college or university. The resulting request is placed in the student's high school campus TReX inbound request queue. The high school registrar may then process this request in the same manner as if the request was made by the student in person.

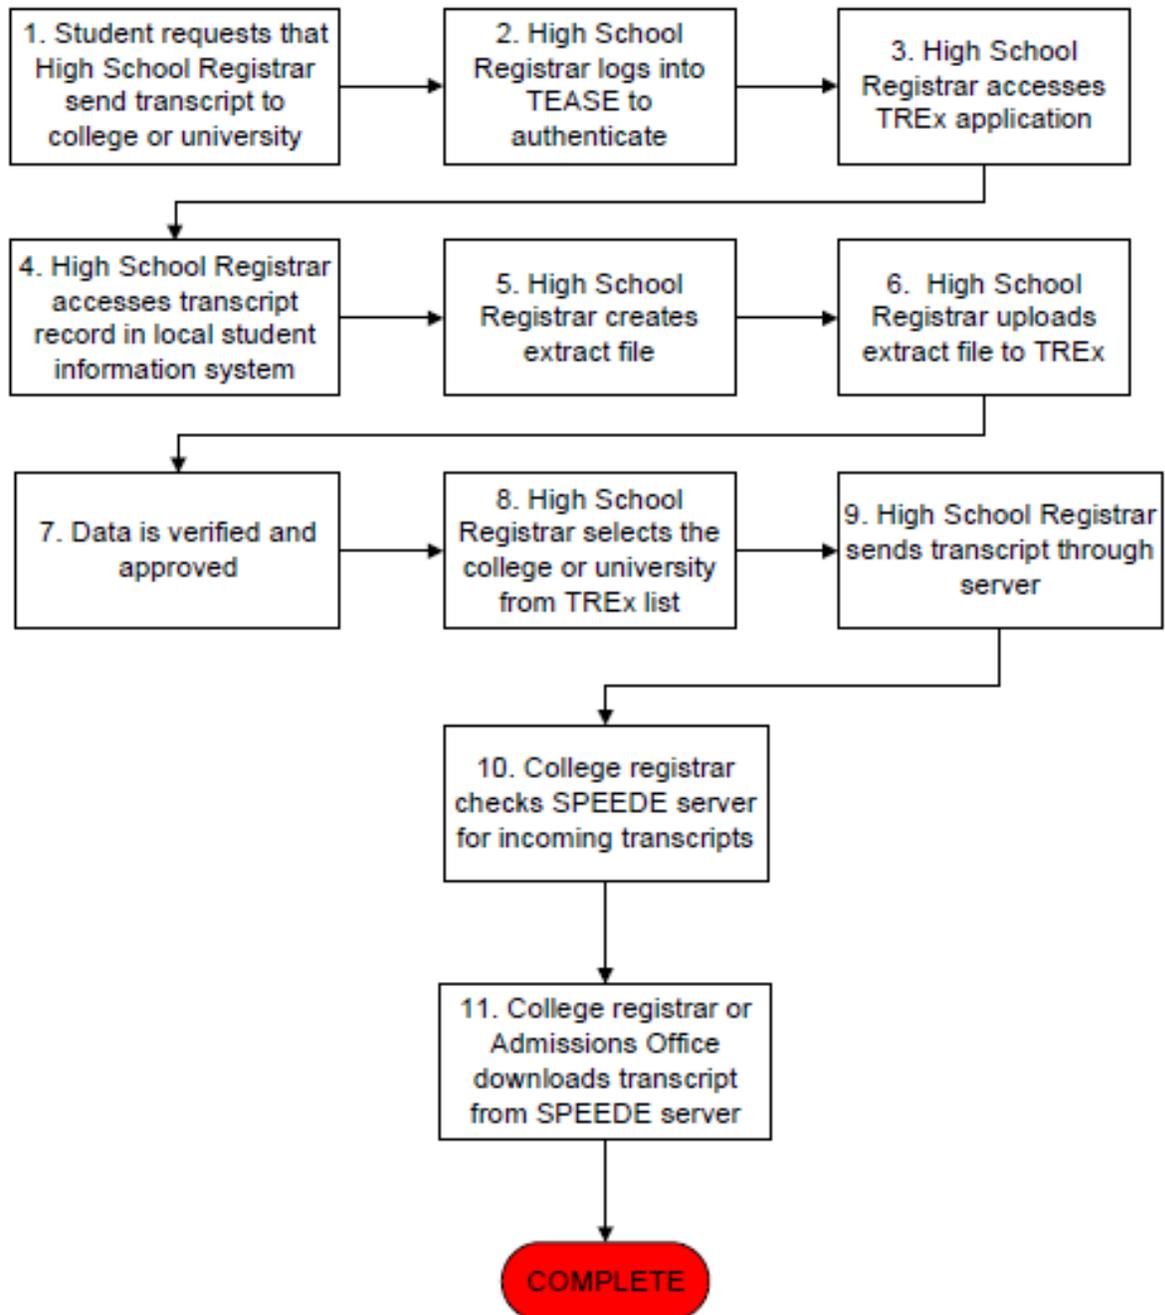

TReX presents the transcript in the required standard AAR format with the approved graduation seal.

TReX transmits the high school transcript to the NSC SPEEDE server, which then transmits it to a designated server at the receiving college or university.

Note: TReX includes a campus/district transcript legend option that creates a pdf, which can be attached to all transcript records. Since there is no national standard for transmission of the pdf file format and public colleges and universities in Texas are not prepared to receive such a file via the NSC SPEEDE Server, this document should not be transmitted through TReX to the NSC SPEEDE Server.

HIGH SCHOOL TRANSCRIPT TRANSMISSION PROCESS FLOW DIAGRAM

Following is an illustration of the general TREx process flow for High School Transcripts being sent to colleges and universities from Texas public high schools:

TREx Functionality

As the workflow diagrams illustrate, functionality within TREx includes the ability to search student records, upload the XML-based extract files from local student information systems to TREx and transmit the extract file to the selected public school or public IHE. Additional TREx functionality includes the ability to review data received, download the data, fulfill a request, hold a request (for example if current coursework in the student record requires updating with final grades), and reject a request if it is invalid. An example of an invalid request is a student record request for a student who did not attend the campus receiving the request for a student record.

2.11 Managing Student Records

TREx provides a user home page that includes a group of Managing Student Records functions. This group of functions allows the users to search through student records and transcripts (if applicable) within their Manage Records folder on the home page.

Registrars can view the student record or transcript, as well as upload to TREx or download records from TREx for their campus/district (as defined by their TREx role). Additionally, registrars can track inbound and outbound requests by their tracking number and view the full transaction history of those requests from the Manage Student Records page.

2.12 Send Record Request

TREx is designed to meet the needs of both the exiting and receiving registrars in locating the correct student records. For a receiving registrar, the TREx process begins with a request created in TREx that is presented to an existing registrar. A TREx request includes the following key elements:

- Student ID;
- First Name, Middle Name, Last Name, Suffix (generation code);
- Date of Birth;
- Gender;
- Ethnicity; and
- Information of the requesting district/campus.

A receiving campus can retrieve the request from the TREx home page. TREx sends an email notification to receiving campuses if no transaction status change is logged after 24 hours of receipt of an inbound request.

2.13 Search Capabilities

TREx interfaces with another TEA application to assist registrars in searching for the last campus attended by for a student. Registrars perform searches by providing key elements found in the request itself. If the student record exists for a campus, TREx displays a single student, or a list of students and the registrar can select the correct student. If no students match the request, the registrar must rely on alternate means to obtain the information, such as searching by student ID or name.

TREx also provides the ability to search for institutions by type (PK-12 or post-Secondary), campus ID, campus name, and city.

2.14 Manual Data Entry

When the exiting registrar fulfills a request for the student record or transcript, the exiting registrar extracts the data from the local student information system and uploads the data to TREx. If the data are not in the local student information system, the exiting registrar can enter the data on the manual data entry forms available within TREx.

The manual data entry screens are organized by data types, such as student identification or demographic data. Drop-down selection lists are available for those data elements that are a CODED Type. For data elements with a TEXT Type, free-form fields are available; each is limited by the length specified in the TREx Data Standards.

TREx validates the data and then creates an XML file that then can be processed as those XML extract files generated through the SIS extract process.

2.15 Attachments

In some cases, registrars want to attach information to a student record. If attachments are needed, attachments in TREx can be sent in the following formats:

- PDF format;
- MS Word (.doc) files;
- MS Excel (.xls) files; and
- Data file (such as ASCII data file) in another application.

Examples of attachments in the TREx process include:

- Immunization records if the data are not available electronically;
- Personal graduation plan, if applicable; and
- Individualized Education Plan (IEP), if applicable.

An example of an attachment that is prohibited in the TReX records exchange process is video files.

Note: For information on file naming conventions for TReX attachments, please reference “File Requirements” in this chapter.

2.16 Email Notifications

TReX sends email notifications for any type of change in status, such as received, accepted, fulfilled, and denied. Following is an example of an aged email notification:

Your TReX account shows inbound student records, transcripts, and/or requests from other districts and campuses that have not shown any transaction status change in over 24 hours after having been sent to your campus or district.

Please log in to the TReX system and review the Items Requiring Attention portion of the TReX home page for a full listing of transaction statuses. At the time of this notification, this includes:

AUSTIN H S (AUSTIN ISD)

```
-----  
4      Inbound Requests  
4      Inbound Records/Transcripts  
4      Rejected Outbound Requests  
1      Rejected Outbound Records/Transcripts  
-----
```

To access TReX, log on through TEAL at; <https://pryor.tea.state.tx.us/>

TReX automatically sends the email notification throughout the record transfer process to campuses or districts if the receiver does not process inbound requests or records in the queue within 24 hours of transmission. (TReX sends these email notifications to all participants at the district or campus as set by their TReX role and privileges.)

TReX displays inbound records or requests in rows with each row displaying the delivery time, last name, first name, student ID, and a link to the transaction history.

2.17 Tracking Transactions

The Tracking Request and Records group of functions in TReX provide users with a dynamic mechanism for tracking the progress and status of pending outbound and inbound requests.

TREx provides the ability to track each transaction throughout the process flow by a unique transaction ID assigned by TREx. This is like many on-line mail delivery tracking applications.

Additionally, TREx logs each transaction status in a permanent transaction log. The transaction history includes:

- Date stamp of request submission;
- Date stamp of receipt of request;
- Date stamp of rejection.
- Date stamp of transmission.
- Date stamp of acceptance/retrieval by receiving school.
- Date stamp of transmission failure; and
- Date stamp of purge from TREx.

TREx does not permanently store the student record or transcript files. Only the transaction history is saved in TREx.

2.18 Reports

TREx includes dynamically generated reports that may be used for evaluation of general performance and electronic transfers.

Examples of TREx reports include:

- Printable PDF of student record and transcript together for Grades 8-12;
- Printable PDF of student record alone for Grades PK-7;
- Printable PDF of high school transcript only Available *in Phase 3*;
- Tracking Details by Transaction;
- Activity Summary by Time Periods (day, week, month, quarter, year);
- Activity Summary by Specific Date;
- Activity Summary by Destination;
- Activity Summary by Status Type Available *in Phase 3*;
- Transaction List by Student;
- Top 10 Record/Transcript Sources;
- Top 10 Record/Transcript Destinations;
- Top 10 Request Sources; and
- Top 10 Request Destinations.

Additional printable screens or views available in TREx include:

- Printable example of XML extract file;
- Printable screen listing error messages from Validation Tool for validation of XML schema;

- Printable screen listing validation warnings for minimum data for student record;
- Printable screen listing validation warnings for recommended data for student record;
- Printable screen listing validation warnings for minimum data for an interim high school transcript;
- Printable screen listing validation warnings for recommended data for an interim high school transcript;
- Printable screen listing validation warnings for minimum data for a final high school transcript; and
- Printable screen listing validation warnings for recommended data for a final high school transcript.

Additionally, TReX allows campuses and districts to access user-initiated data reports.

For more information on TReX functionality, you may access the TReX Users' Guide from the project web site:

[http://tea.texas.gov/Reports and Data/Data Submission/Texas Records Exchange \(TReX\)/TReX Training/](http://tea.texas.gov/Reports and Data/Data Submission/Texas Records Exchange (TReX)/TReX Training/)

3.1 Introduction

TREx is a web-based application using an Extensible Markup Language (XML) schema, which is a defined structure based on standard tag-based formatting instructions. XML applications work with a schema to allow institutions to transfer data in a format (extract file) that will be understood between varying applications.

An XML schema is comprised of elements, also known as data elements. Elements can be blank, required, or optional as specified by the schema. Elements also can be repeated if declared in the schema. An example of this type of data element is a course grade. Other elements can be limited to a single instance by the schema. An example of this type of data element is the student's name.

3.2 Data Elements

Data elements that are shown as coded, refer to enumerated values for data types within the schema, which is like using a code table. These are included in or defined as part of an XML Simple Type. To reuse common data elements (such as Address, City, StateProvince and PostalCode), simple types are grouped within a Complex Type. A data element is further defined by the related complex type within the schema.

A legend of the information found on each data element definition follows:

Information	Description
Common Name	Common name of the element, many of which follow PEIMS and AAR standards
XML Name	XML name or tag for the data element as found in the XML schema
Complex Type	Name of the related XML complex type as found in the XML schema
Date Issued	<p>Date the new data element was created and added to the data standards. This date is populated with the next published version date of the data standards.</p> <p><i>Ex. DS updated 3/12/21 but publish date is 7/1/2021, the date entered would be 7/1/2021.</i></p> <p><i>Note: No further updates are required to this field after initial completion. Do not complete "Date Updated" field when initially completing this field.</i></p>

Information	Description
Date Updated	Date the data element is being updated because of a change. This date is populated with the next published version date of the data standards. <i>Ex. DS updated 3/12/21 but publish date is 7/1/2021, the date entered would be 7/1/2021.</i>
Definition	Meaning of the data element
Special Instructions	Additional information or edit criteria for the data element, when applicable
Element ID	Unique ID assigned to the TReX data element and formatted as TE---. (Reference to PEIMS data element number in the form "E----" is included if applicable.)
Code Table ID	Unique ID assigned to the TReX code table and formatted as TC--. (Reference to a PEIMS code table that includes the same codes for this data element in the form "C----" is included if applicable.)
Required?	Indication whether the field is required or optional <ul style="list-style-type: none"> • Yes - the element is required; if the requirement is only for specific grade levels, this is noted; NA may be entered if data are not available/applicable • No - the element is optional and may be left blank unless specified otherwise in an edit or validation rule <p><i>Note: If a field is shown as not required but data are available and relevant to the accuracy and completeness of the student record or transcript, it is the responsibility of the campus to include these data. Examples include indicators for ESL, Bilingual, GT, CTE, At Risk, Title I Part A, Special Education, IEP, Personal Graduation Plan, Migrant, and Homeless.</i></p>
Domain of Values	The acceptable values for the data element
Applicable Record	Record type on which the data element is located, i.e., student record and/or AAR-transcript.
Length	Length of the data element in characters

Information	Description	
Type	<p>A data element is specified as one of the following:</p> <p>NUMERIC</p> <ul style="list-style-type: none"> value must be numeric characters value cannot be negative <p>TEXT</p> <ul style="list-style-type: none"> value may be alpha-numeric characters alpha characters may be upper and/or lower case may include any of the following characters, in addition to the space character: ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz0123456789~!@#\$%^&*()-_+=:;“’,. /<>? may not include the following characters: \{ } [] <p>CODED</p> <ul style="list-style-type: none"> if a value is required, it may not contain blanks corresponds to a table in Section 3 of this manual <p>DATE</p> <ul style="list-style-type: none"> YMD Type – date is formatted as yyyy-mm-dd and includes year, month and day YM Type – date is formatted as yyyy-mm and includes year and month only <p>DECIMAL</p> <ul style="list-style-type: none"> value may be numeric characters and decimal point only decimal precision is required 	
Pattern	Symbols found in Pattern are as follows:	
	Symbol	Restriction on Value
	*	any of the characters accepted in the name field data type
	.	decimal point
	...	pattern continues without change
	#	numeric characters "0" through "9"
	mm	month
	dd	day
	yyyy	year

3.3 TReX Code Tables

Data elements that are shown as **coded** are included in or defined as part of an XML Simple Type. To reuse common data elements (such as Address, City, StateProvince and PostalCode), simple types are grouped under a Complex Type. A data element is further defined by the related complex type within the schema.

Following is a legend for the information found in each code table.

Information	Description
Table ID	TReX unique Code Table ID number. If a related PEIMS Table exists, it is shown in parentheses.
Name	Common name of the coded data
XML Name	The XML name or tag as shown in the schema
Simple Type & Applicable Record	Simple Type association as shown in the schema and indication of data relationship to Student Record and/or AAR Transcript
Date Issued	Date the new code table was created and added to the data standards. This date is populated with the next published version date of the data standards. <i>Ex. DS updated 3/12/21 but publish date is 7/1/2021, the date entered would be 7/1/2021.</i> <i>Note: No further updates are required to this field after initial completion. Do not complete "Date Updated" field when initially completing this field.</i>
Date Updated	Date the data element is being updated because of a change. This date is populated with the next published version date of the data standards. <i>Ex. DS updated 3/12/21 but publish date is 7/1/2021, the date entered would be 7/1/2021.</i>
Code	A string of characters that represent the translation
Translation	Meaning of the code values

Note: In this document, the code table is either appended to the data element table or it is at the bottom of the document.

3.4 Data Elements and Code Tables

[A](#) | [B](#) | [C](#) | [D](#) | [E](#) | [F](#) | [G](#) | [H](#) | [I](#) | [J](#) | [K](#) | [L](#) | [M](#) | [N](#) | [O](#) | [P](#) | [Q](#) | [R](#) | [S](#) | [T](#) | [U](#) | [V](#) | [W](#) | [X](#) | [Y](#) | [Z](#)

A

Common Name		XML Name	Complex Type	Date Issued	Date Updated
ACADEMIC-YEAR		SchoolYear	AcademicSessionType		
Definition					
ACADEMIC-YEAR indicates a school year, for example 2007-2008. Based on the related complex type, this can be either the current school year or the school year in which coursework was completed by the student.					
Special Instructions					
<ul style="list-style-type: none"> • Include a dash between the two academic years. • May be used for current or past academic years. • On a transcript, the school year should appear by Campus Awarding Credit or by each course credit awarded. • This data element may be repeated as needed. 					
Data Specifications					
Element ID	Code Table ID	Required?	Domain of Values		
TE001		Yes	0-9 and dash (-)		
Applicable Record	Length	Type	Pattern		
Student Record AAR-Transcript	9	TEXT	#####-####		

Common Name		XML Name	Complex Type	Date Issued	Date Updated
ADDITIONAL-TEST-NAME		AdditionalTestName	AssessmentType		
Definition					
ADDITIONAL-TEST-NAME is used to identify any test that is not included in the standard assessment code table TC01. For example, ADDITIONAL-TEST-NAME can be used to denote the Gifted and Talented profile.					
Special Instructions					

May include any of the following characters, in addition to the space character:
 ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz0123456789 ~ ! @ # \$ % ^ & * () - _ + = : ; " ' , . / < > ? May not include the following characters: \ { } [] |
 If ADDITIONAL-TEST-NAME is provided, then TestName must be blank within each Assessment.
 If ADDITIONAL-TEST-NAME is provided, then the TestDate and TestScore or TestCode are required.

Element ID	Code Table ID	Required?	Domain of Values
TE085		No	
Applicable Record	Length	Type	Pattern
Student Record	60	TEXT	*...

Common Name	XML Name	Complex Type	Date Issued	Date Updated
ADDRESS	Address	SchoolType AddressType		
Definition				
ADDRESS indicates the street address information for the student or campus address. For a campus, this address also may be a post office box.				
Data Specifications				
Element ID	Code Table ID	Required?	Domain of Values	
TE002		No	AddressType	
Applicable Record	Length	Type	Pattern	
Student Record AAR-Transcript	50	TEXT	*...	

Common Name	XML Name	Complex Type	Date Issued	Date Updated
ADVANCED-MEASURE	AdvancedMeasure	Distinguished Achievements		
Definition				
ADVANCED-MEASURE is a code corresponding to one of the six measures described in the 2009-2010 AAR Minimum Standards 1.13(k) and in table TC29. In order to be recognized as part of the Distinguished Achievements Program – Advanced High School Program, a student must achieve any combination of four advanced measures as defined in TAC §74.13. The measures must focus on demonstrated student performance at the college or professional level.				

Special Instructions				
Original research/projects may not be used for more than two of the four advanced measures. Qualifying PSAT score may only be used once.				
Data Specifications				
Element ID	Code Table ID	Required?	Domain of Values	
TE096	TC29	No		
Applicable Record	Length	Type	Pattern	
Student Record AAR-Transcript	1	Text	*	
Code Table ID	Code Table Name	XML Name	Date Issued	Date Updated
TC29	ADVANCED-MEASURE	AdvancedMeasure		
Code	Translation			
A	Original research/project			
B	AP score 3 or above			
C	IB score 4 or above			
D	Qualifying PSAT score			
E	College course - 3.0 or higher			
F	Articulated course - 3.0 or higher			

Common Name	XML Name	Complex Type	Date Issued	Date Updated
ALTERNATIVE-LANGUAGE-PROGRAM-CODE	AlternativeLanguage	SpecialProgramsType		
Definition				
ALTERNATIVE-LANGUAGE-PROGRAM-CODE indicates the type of alternative language program participated in by the student. An alternative language program must be approved by the Texas Education Agency (TEA) due to the LEAs submission of a bilingual education exception and/or English as a second language (ESL) waiver for the current school year. (See 19 TAC §89.1207)				
Data Specifications				
Element ID	Code Table ID	Required?	Domain of Values	
TE125 (PEIMS: E1642)	TC41 (PEIMS: C221)	No		
Applicable Record	Length	Type	Pattern	

Student Record	2	CODED		#...	
Table ID	Name	XML Name	Simple Type & Applicable Record	Date Issued	Date Updated
TC41	ALTERNATIVE-LANGUAGE-PROGRAM	AlternativeLanguage	AlternativeLanguage Type Student Record		
Code	Translation				
00	Student does not participate in the alternative language program.				
01	Alternative Bilingual Language Program The LEA is implementing an alternative bilingual language program approved by the Texas Education Agency due to the submission of a bilingual education exception for the current school year, per 19 TAC §89.1207.				
02	Alternative ESL Language Program The LEA is implementing an alternative ESL language program approved by the Texas Education Agency due to the submission of an ESL waiver for the current school year, per 19 TAC §89.1207.				

Common Name	XML Name	Complex Type	Date Issued	Date Updated
AMERICAN-INDIAN-ALASKA NATIVE	AmericanIndianAlaskaNativeCode	Ethnicity Type		
Definition				
AMERICAN-INDIAN-ALASKA NATIVE. A person that has origins in any of the original peoples of North and South America (including Central America), and who maintains a tribal affiliation or community attachment.				
Special Instructions				
Data Specifications				
Element ID	Code Table ID	Required?	Domain of Values	
TE089 (PEIMS: E1059)	TC16 (PEIMS:	No	0, 1	
Applicable Record	Length	Type	Pattern	
Student Record AAR-Transcript	1	CODED	#	

Common Name	XML Name	Complex Type	Date Issued	Date Updated
ARTS-AND-HUMANITIES-ENDORSEMENT-INDICATOR-CODE	ArtsEndorsementCode	AcademicStatusType		
Definition				
ARTS-AND-HUMANITIES-ENDORSEMENT-INDICATOR-CODE indicates whether a student is currently enrolled in (pursuing) or has successfully completed an Arts and Humanities Endorsement.				
Special Instructions				
No Endorsement may be selected for Students graduating in the 2013-2014 school year (Graduation Program Type code 33). An Endorsement may not be selected if the FHSP-PARTICIPANT-CODE is 0. A student in the Distinguished Level Achievement Plan, must have at least one endorsement. More than one endorsement is allowed.				
Data Specifications

----------------------------------	---	-------	---

Common Name	XML Name	Complex Type	Date Issued	Date Updated
ASSESSMENT-DATE	TestDate	AssessmentType		
Definition				
ASSESSMENT-DATE is the date (month and year) on which an assessment instrument or test was taken by the student. (This is also known as the Administration Date.)				
Special Instructions				
If the assessment date is included, then a test name and either a score or score code should be present. Exit-level TAKS or STAAR® EOC data are required for the high school transcript. For STAAR® EOC, mm value 13 indicates Fall, 15 indicates Spring and 16 indicates Summer testing windows.

ASSESSMENT-GRADE-LEVEL	TestLevel	AssessmentType		
Definition				
ASSESSMENT-GRADE LEVEL is the grade level associated with the Assessment taken by the student.				
Special Instructions				
Include only the most recent assessment tests taken. This data element may be repeated for each assessment.				
Data Specifications				
Element ID	Code Table ID	Required?	Domain of Values	
TE083	TC12 (PEIMS: C050)	No		
Applicable Record	Length	Type	Pattern	
Student Record AAR-Transcript	2	CODED	##	

Common Name	XML Name	Complex Type	Date Issued	Date Updated
ASSESSMENT-NAME	TestName	AssessmentType		
Definition				
ASSESSMENT-NAME is the name of the assessment instrument or test taken by the student.				
Special Instructions				

If an assessment date and score are present, then the test name is required to be entered as well.

If assessment name is provided, then the test date and test score or test code are required.

This data element may be repeated for each assessment.

If assessment name is provided, then AdditionalTestName must be blank within each assessment.

Exit-level TAKS and STAAR EOC data appears on the student record, and will be transmitted electronically to colleges and universities through SPEEDE if provided.

House Bill 5 changed the way English I and English II assessments will be administered beginning in the 2014 administration year. In the first two years of the STAAR EOC administration, there were separate assessments for the Reading and Writing components.

Common Name	XML Name	Complex Type	Date Issued	Date Updated
ASSESSMENT-SCORE	TestScore	AssessmentType		
Definition				
ASSESSMENT-SCORE is the scale score earned by the student on the assessment instrument or test.				
Special Instructions				

For TAKS tests, include the actual (scale) scores and not an asterisk. For lower grade levels if only a mastery indicator is available, code Y if Mastery Indicator = 1. Code N if mastery indicator = 0.

For elementary grade levels, if only the mastery indicator is available, code Y if Mastery Indicator = 1. Code N if mastery indicator = 0.

For TAKS-Alt assessments where Score code = G and no scaled score was received from Pearson, code Y if Mastery Indicator = 1. Code N if mastery indicator = 0.

Exit-level TAKS and STAAR EOC data appear on the student record and will be transmitted to colleges and universities through SPEEDE if provided. Scores will not appear on the printed AAR.

If assessment score is provided, then the test name, test date and STAAR Performance Level are required. This data element may be repeated for each assessment.

May include any of the following characters, in addition to the space character:

ABCDEFGHIJKLMNOPQRSTUVWXYZabcdefghijklmnopqrstuvwxyz0123456789 ~ ! @ # \$ % ^ & * () - _ + = ; : " ' , . / < > ?

May not include the following characters: \ { } [] |

AT-RISK-INDICATOR	AtRisk	SpecialProgramsType		
Definition				

AT-RISK-INDICATOR-CODE indicates whether a student is currently identified as at-risk of dropping out of school using state-defined criteria only (TEC §29.081, Compensatory and Accelerated Instruction).

A student at-risk of dropping out of school is under 26 years of age and who:

1. is in prekindergarten, kindergarten, or grade 1, 2, or 3 and did not perform satisfactorily on a readiness test or assessment instrument administered during the current school year;
2. is in grade 7, 8, 9, 10, 11, or 12 and did not maintain an average equivalent to 70 on a scale of 100 in two or more subjects in the foundation curriculum during a semester in the preceding or current school year or is not maintaining such an average in two or more subjects in the foundation curriculum in the current semester;
3. was not advanced from one grade level to the next for one or more school years; (Note: From 2010-2011 forward, TEC 29.081 (d-1) excludes from this criteria prekindergarten or kindergarten students who were not advanced to the next grade level because of a documented request by the student's parent.)
4. did not perform satisfactorily on an assessment instrument administered to the student under TEC Subchapter B, Chapter 39, and who has not in the previous or current school year subsequently performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument;
5. is pregnant or is a parent;
6. has been placed in an alternative education program in accordance with TEC §37.006 during the preceding or current school year;
7. has been expelled in accordance with TEC §37.007 during the preceding or current school year;
8. is currently on parole, probation, deferred prosecution, or other conditional release;
9. was previously reported through the Public Education Information Management System (PEIMS) to have dropped out of school;
10. is a student of limited English proficiency, as defined by TEC §29.052;
11. is in the custody or care of the Department of Protective and Regulatory Services or has, during the current school year, been referred to the department by a school official, officer of the juvenile court, or law enforcement official;
12. is homeless, as defined NCLB, Title X, Part C, Section 725(2), the term "homeless children and youths", and its subsequent amendments;
13. resided in the preceding school year or resides in the current school year in a residential placement facility in the district, including a detention facility, substance abuse treatment facility, emergency shelter, psychiatric hospital, halfway house, or foster group home; or
14. has been incarcerated or has a parent or guardian who has been incarcerated, within the lifetime of the student, in a penal institution as defined by Section 1.07, Penal Code.

or, regardless of the student's age, each student who participates in an adult education program provided under a high school diploma and industry certification charter school program under Section 29.259.

BILINGUAL-INDICATOR	Bilingual	SpecialProgramsType			
Definition					
BILINGUAL-INDICATOR indicates whether the student is participating in a state-approved bilingual education program which is a full-time program of dual-language instruction through the TEKS in the content areas (mathematics, science, health, and social studies) in English and the primary language of limited English proficient (LEP)/English learner (EL) students and also for carefully structured and sequenced mastery of English cognitive academic language development. (See 19 TAC §89.1210(c).)					
Special Instructions					
The acceptable values for Bilingual Indicator are 0, 2, 3, 4 or 5. Code 1 should not be used after August 31, 2008. It is included for historical compatibility.					
Data Specifications

CAMPUS-AWARDING-CREDIT	CreditCampus	CourseType		
Definition				
CAMPUS-AWARDING-CREDIT indicates the TEA- assigned CAMPUS ID of the Texas public school confirming and awarding credit for coursework completed at a non-public school or a school outside of Texas.				
Special Instructions				
<p>Per “Revised Minimum Standards for the Achievement Record-May 2004” Section 1.15 Record of Course (a) Overview page 8 – “The receiving school district evaluates the transcript and determines the translation of the student's grades and courses to the standard utilized in the receiving Texas district (19 TAC §74.26(a)(2)).” Section 1.15 Record of Course (f) (Credit) page 11 – “When a student transfers after a semester or full year is completed, the receiving district must honor credits already awarded by the sending Texas district/charter. Courses completed in other states or countries that cannot be generally matched with Texas courses may be granted local credit.” The only acceptable value is nine characters in a sequence with each character in a range from 0 to 9. Declared as a TEXT data type to allow for zeros in the first position.</p>

TC03 (C142)	CAREER-TECH-ED-INDICATOR	CTE	CareerTechEd Type		8/1/2020
Code	Translation				
0	Not enrolled in a Career and Technical Education (CTE) course				
1	Enrolled in a career and technical education course A student in grades 6-8 who is taking a career and technical education course. A student in grades 9-12 who is taking a career and technical education course, but the student's 4-year plan of study does not outline a coherent sequence of courses in career and technical education.				
2	Participant in a coherent sequence of courses A student in grades 9-12 who is enrolled in a sequential course of study, which develops occupational knowledge, skills, and competencies relating to a career concentration. The student should have a 4-year plan of study to take 2 or more career and technical education courses for 3 or more credits.				
3	Participant in Tech Prep program A student in grades 9-12 who follows a state-approved Tech Prep high school plan of study leading to postsecondary education and training. The student should have a 4-year secondary plan of study that includes 2 or more career and technical education courses for 3 or more credits. The plan must provide at least one option for articulated and/or concurrent credit at the postsecondary level.				
4	Not CTE A student who never enrolled or who did not complete any high-school CTE course as defined by 19 TAC Chapter 126 (C), 127 (B) or 130.				

5	<p>CTE Program Participant</p> <p>A student completing either only one CTE course for any number of credits or more than one course for less than two credits where a CTE course is defined by 19 TAC Chapter 126 (C), 127 (B), or 130 (the student does not have to pass or receive credit).</p>
E	<p>CTE Program Explorer</p> <p>A student completing two or more high school CTE courses for a total of two or more credits defined by 19 TAC Chapter 126 (C), 127 (B) or 130 and not a participant, concentrator, or completer (the student does not have to pass or receive credit).</p>
6	<p>CTE Program Concentrator</p> <p>A student completing and passing two or more 19 TAC Chapter 126 (C), 127 (B) or 130 CTE courses for a total of at least two credits within the same program of study and not a completer.</p>
7	<p>CTE Program Completer</p> <p>A student completing and passing three or more 19 TAC Chapter 126 (C), 127 (B) or 130 CTE courses for a total of four or more credits within a program of study, including one level three or level four course from within the same program of study.</p>
	<p>Note:</p> <p>(1) The values listed are calculated values and not submitted to TEA. (2) Not all high-school CTE program courses are associated to a Program of Study. Go to this link https://tea.texas.gov/academics/college-career-and-military-prep/career-and-technical-education/approved-cte-programs-study for a complete listing of those Service IDs associated to a Program of Study.</p>

Common Name	XML Name	Complex Type	Date Issued	Date Updated
CERTIFICATE-COMPLETION-DATE	CertificateDate	AcademicStatus Type		
Definition				
CERTIFICATE-COMPLETION-DATE is the date on which the district awards a certificate of coursework completion to a student. Districts have the option of awarding a certificate of coursework completion to a student who successfully completes all coursework requirements but who fails to perform satisfactorily on the statewide exit-level assessment (TEC 28.025(d)).				
Special Instructions				
If the district awards a certificate of coursework completion, then a date must be entered; otherwise the field is left blank.

DISCIPLINARY-ACTION-CODE		DisciplineActionCode	DisciplineActionType
Definition			
DISCIPLINARY-ACTION-CODE indicates the type of an unexpired disciplinary action taken for a student. This disciplinary event must be unexpired, i.e., the event must be applicable to the timeframe in which the student record is being transferred to another district/campus.			
Special Instructions			
TEC §37.022(b) states “If a district or school takes disciplinary action against a student and the student subsequently enrolls in another district or school before the expiration of the period of disciplinary action, the governing body of the district or school taking the disciplinary action shall provide to the district or school in which the student enrolls, at the same time other records of the student are provided, a copy of the order of disciplinary action.”

	The following codes apply to all students.		
01	Expulsion (TEC §37.007) without placement in another educational setting because of a formal expulsion hearing [TEC §37.009(f)]. (This code does not apply if a student continues to receive educational services during the term of expulsion.)		

02	Expulsion (TEC §37.007) with placement in a juvenile justice alternative education program (JJAEP) because of a formal expulsion hearing [TEC §37.009(f)].
03	Expulsion (TEC §37.007) with placement in an on-campus disciplinary alternative education program (DAEP) because of a formal expulsion hearing [TEC §37.009(f)]. (Do not use this code when a student has been placed in a DAEP, but not expelled.)
04	Expulsion (TEC §37.007) with placement in an off-campus DAEP because of a formal expulsion hearing [TEC §37.009(f)]. (Do not use this code when a student has been placed in a DAEP, but not expelled.)
05	Out-of-school suspension (Suspension may not exceed three days under TEC §37.005.)
06	In-school suspension (For students eligible for special education and related services, this includes any setting that has not been addressed by an admission, review, and dismissal committee within the placement determination of the student's current IEP.) (Suspension may not exceed three days under TEC §37.005.)
07	Placement in an on-campus or off-campus DAEP (TEC §37.008) because of a conference [TEC §37.009(a)], rather than a formal hearing as required for expulsion.
08	Continuation of other district's DAEP placement
09	Continuation of other district's expulsion order
10	Continuation of the district's DAEP placement from the prior school year
11	Continuation of the district's expulsion order from the prior school year
12	Continuation of the district's expulsion with placement to JJAEP from the prior school year
13	Placement in a JJAEP by Court order
14	Placement in a DAEP by Court order
15	Continuation of other district's expulsion with placement to JJAEP
25	Partial day Out-of-School Suspension
26	Partial day In-School Suspension
27	Mandatory disciplinary action not taken by district because of ARD committee manifestation hearing determination, made in accordance with IDEA for a student

	receiving special education services, that the student's behavior is linked to the student's disability.
28	Mandatory disciplinary action not taken - (TEC §37.001(a)(4) - The mandatory disciplinary action was not taken because the district's Student Code of Conduct includes one or more of the TEC, §37.001(a)(4) provisions that allows the district to consider self defense, intent or lack of intent, student's disciplinary history, or disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct as a factor in a decision to order suspension, removal to a disciplinary alternative education program, or expulsion.
50	Expulsion without placement in another educational setting because of a determination by a special education hearing officer (not a hearing officer employed or appointed by the district)
51	Expulsion with placement to a JJAEP because of a determination by a special education hearing officer (not a hearing officer employed or appointed by the district)
52	Expulsion with placement to an on-campus DAEP because of a determination by a special education hearing officer
53	Expulsion with placement to an off-campus DAEP because of a determination by a special education hearing officer
54	Placement in an alternative education program established under TEC, §37.008 because of a determination by a special education hearing officer
55	Continuation of other district's DAEP placement as a result by a special education determination of a hearing officer
56	Continuation of other district's expulsion order as a result by a special education determination of a hearing officer
57	Continuation of the district's DAEP placement from the prior school year because of a determination by a special education hearing officer
58	Continuation of the district's expulsion order from the prior school year because of a determination by a special education hearing officer
59	Continuation of the district's expulsion with placement to JJAEP from the prior school year because of a determination by a special education hearing officer
60	Placement in a JJAEP because of a determination by a special education hearing officer
61	Continuation of other district's expulsion with placement to JJAEP because of a determination by a special education hearing officer

Common Name		XML Name	Complex Type
DISCIPLINARY-ACTION-END-DATE		DisciplineActionDate	DisciplineActionType
Definition			
DISCIPLINARY-ACTION-END-DATE indicates the date on which the unexpired disciplinary assignment will end . This must be a valid date occurring after the record transfer (in the future). This disciplinary event must be unexpired, i.e., the event must be applicable to the timeframe in which the student record is being transferred to another district/campus.			
Special Instructions			
TEC §37.022(b) states “If a district or school takes disciplinary action against a student and the student subsequently enrolls in another district or school before the expiration of the period of disciplinary action, the governing body of the district or school taking the disciplinary action shall provide to the district or school in which the student enrolls, at the same time other records of the student are provided, a copy of the order of disciplinary action.”

0	Student does not participate in the English as a Second Language (ESL) program		
2	English as a second language/content-based: An English acquisition program that serves students identified as English learners (EL) through English instruction by a teacher appropriately certified in ESL under TEC, §29.061(c), through English language arts and reading, mathematics, science, and social studies. The goal of content-based ESL is for English learners to attain full proficiency in English to participate equitably in school. This model targets English language development through academic content instruction that is linguistically and culturally responsive in English language arts and reading, mathematics, science, and social studies. English Proficient (EP) students may also participate in this program with parental permission, but they are not eligible for generating Bilingual Education Allotment (BEA) funds.		

3	<p>English as a second language/pull-out:</p> <p>An English acquisition program that serves students identified as English learners (EL) through English instruction provided by an appropriately certified ESL teacher under the TEC, §29.061(c), through English language arts and reading. The goal of ESL pull-out is for English learners to attain full proficiency in English to participate equitably in school. This model targets English language development through academic content instruction that is linguistically and culturally responsive in English language arts and reading. Instruction shall be provided by the ESL teacher in a pull-out or inclusionary delivery model. English proficient (EP) students may also participate in this program with parental permission, but they are not eligible for generating Bilingual Education Allotment (BEA) funds.</p>

Common Name	XML Name	Complex Type
FINAL-GRADE-AVERAGE	FinalGradeAverage	CourseType
Definition		
FINAL-GRADE-AVERAGE reflects the average of the grades earned by the student for a year long course. If local policy allows schools to average two semesters for a full-year credit, then the final grade average column must be completed. This element, if present, will be sent to SPEEDE in lieu of COURSE-GRADE-AVERAGE.		

Special Instructions			
This data element may be repeated in a record as needed. This field may be left blank in a transcript if the student is currently enrolled in the course but has not earned a course grade average at the time the transcript is issued.

FOSTER-CARE-INDICATOR-CODE		FosterCare	StudentDemographicType
Definition			
FOSTER-CARE-INDICATOR-CODE indicates whether a student is in the conservatorship of the Department of Family and Protective Services (DFPS) currently, or for certain students that were previously in the conservatorship of DFPS.			
Special Instructions			
<p>Foster Care status should be handled with the utmost sensitivity and in accordance with all FERPA guidelines. Foster Care status is included as a part of the TReX records transfer to aid supportive and smooth school transitions. Each school district and open-enrollment charter is required to appoint a foster care liaison to facilitate successful enrollment and transfers for students in foster care (TEC 33.904). Additionally, there are several statutory requirements specifically for students in Texas Department of Family and Protective Services (DFPS) conservatorship, 'foster care'. This information is provided to support districts in advancing the educational achievement of students. Ensuring that students benefit from these provisions, receive additional support, if needed, and experience a positive-supportive school environment is important.</p> <p>In some instances a student may return home or find a permanent placement during the school year and therefore <i>no-longer</i> be in 'foster care' although it is indicated on the student's TReX academic record at the time of transfer during that school year. Please handle all foster care information with extreme sensitivity. It is important that all students, regardless if the student is currently or was previously in the conservatorship of the DFPS, receive appropriate, sensitive and timely services to advance their educational progress.</p>

	The following codes will apply only to students receiving special education services. These students will graduate in a minimum high school program under TAC Chapter 74 with curriculum content modifications through the student’s individualized education program (IEP).
04	Completion of IEP and full-time employment with sufficient self-help skills to maintain employment without public school services - TAC §89.1070(c)(1), revised August 1, 2002. [26 Tex. Reg. 1837]
05	Completion of IEP and demonstrated mastery of specific employability and self-help skills - TAC §89.1070(c)(2), revised August 1, 2002. [26 Tex. Reg. 1837]
06	Completion of IEP and access to services, employment, or education outside of public education - TAC §89.1070(c)(3), revised August 1, 2002. [26 Tex. Reg. 1837]
07	Completion of IEP and reached age 22 - TAC §89.1070(d), revised August 1, 2002. [26 Tex. Reg. 1837]
	The following codes will apply only to students entering grade 9 in 1998-1999, 1999-2000, and 2000-2001. These students will graduate under TAC Chapter 74.
13	Minimum High School Program - TAC Chapter 74, revised May 1998; for all students who entered grade 9 in 1998-99, 1999-00, and 2000-01 (including TAC §89.1070(b)(1) for students receiving special education services, revised August 1, 2002. [26 Tex. Reg. 1837])
15	Recommended High School Program - TAC Chapter 74, revised May 1998; for students who entered grade 9 in 1998-99, 1999-00, and 2000-01 (including TAC §89.1070(b)(1) for students receiving special education services, revised August 1, 2002. [26 Tex. Reg. 1837])
17	Distinguished Achievement Program - TAC Chapter 74, revised May 1998; for students who entered grade 9 in 1998-99, 1999-00, and 2000-01 (including TAC §89.1070(b)(1) for students receiving special education services, revised August 1, 2002. [26 Tex. Reg. 1837])
	The following codes will apply only to students receiving special education and related services.
18	Completion of minimum curriculum and credit requirements for graduation applicable to students in general education and exempted from the exit-level assessment - Minimum High School Program - TAC §89.1070(b)(2), revised August 1, 2002. [26 Tex. Reg. 1837] (for students who entered grade 9 in 1998-99 and thereafter)
19	Completion of minimum curriculum and credit requirements for graduation applicable to students in general education and exempted from the exit-level assessment - Recommended High School Program - TAC §89.1070(b)(2), revised August 1, 2002. [26 Tex. Reg. 1837](for students who entered grade 9 in 1998-99 and thereafter)

20	Completion of minimum curriculum and credit requirements for graduation applicable to students in general education and exempted from the exit-level assessment - Distinguished Achievement Program - TAC §89.1070(b)(2), revised August 1, 2002. [26 Tex. Reg. 1837] (for students who entered grade 9 in 1998-99 and thereafter)
	The following codes will apply only to students entering grade 9 in 2001-2002, 2002-2003, and 2003-2004. These students will graduate under TAC Chapter 74.
21	Minimum High School Program - TAC Chapter 74, revised June 2000; for students who entered grade 9 in 2001-2002, 2002-2003, and 2003-2004 (including TAC §89.1070(b)(1) for students receiving special education services, revised August 1, 2002. [26 Tex. Reg. 1837])
22	Recommended High School Program - TAC Chapter 74, revised June 2000; for students who entered grade 9 in 2001-2002, 2002-2003, and 2003-2004 (including TAC §89.1070(b)(1) for students receiving special education services, revised August 1, 2002. [26 Tex. Reg. 1837])
23	Distinguished Achievement Program - TAC Chapter 74, revised June 2000; for students who entered grade 9 in 2001-2002, 2002-2003, and 2003-2004 (including TAC §89.1070(b)(1) for students receiving special education services, revised August 1, 2002. [26 Tex. Reg. 1837])
	The following codes will apply only to students entering grade 9 in 2004-2005 and thereafter. These students will graduate under TAC Chapter 74.
24	Minimum High School Program - TAC Chapter 74, revised November 2003; for students who entered grade 9 in 2004-2005 and thereafter (including TAC §89.1070(b)(1) for students receiving special education services, revised August 1, 2002.)
25	Recommended High School Program - TAC Chapter 74, revised November 2003; for students who entered grade 9 in 2004-2005 and thereafter (including TAC §89.1070(b)(1) for students receiving special education services, revised August 1, 2002.)
26	Distinguished Achievement Program - TAC Chapter 74, revised November 2003; for students who entered grade 9 in 2004-2005 and thereafter (including TAC §89.1070(b)(1) for students receiving special education services, revised August 1, 2002.)
	The following codes will apply only to students entering grade 9 in 2007-2008, 2008-2009, 2009-2010, 2010-2011 and 2011-2012. These students will graduate under TAC Chapter 74.
27	Minimum High School Program TAC Chapter 74.62, revised September 1, 2005; including TAC §89.1070(b)(2) for students receiving special education services, revised August 1, 2002. (for students who entered grade 9 in 2007-2008, 2008-2009, 2009-2010, 2010-2011, and 2011-2012)

28	Recommended High School Program TAC Chapter 74.63, revised September 1, 2005; including TAC §89.1070(b) (1) for students receiving special education services, revised August 1, 2002. (for students who entered grade 9 in 2007-2008, 2008-2009, 2009-2010, 2010-2011, and 2011-2012)
29	Distinguished Achievement Program TAC Chapter 74.64, revised September 1, 2005; including TAC §89.1070(b) (1) for students receiving special education services, revised August 1, 2002. (for students who entered grade 9 in 2007-2008, 2008-2009, 2009-2010, 2010-2011, and 2011-2012)
	The following codes will apply only to students entering grade 9 in 2012-2013 and 2013-2014. These students will graduate under TAC Chapter 74.
30	Minimum High School Program TAC Chapter 74.72, revised May 30, 2012; including TAC §89.1070(b)(2) for students receiving special education services, revised August 1, 2002. (for students who entered grade 9 in 2012-2013 and 2013-2014)
31	Recommended High School Program TAC Chapter 74.73, revised May 30, 2012; including TAC §89.1070(b) (1) for students receiving special education services, revised August 1, 2002. (for students who entered grade 9 in 2012-2013 and 2013-2014)
32	Distinguished Achievement Program TAC Chapter 74.74, revised May 30, 2012; including TAC §89.1070(b) (1) for students receiving special education services, revised August 1, 2002. (for students who entered grade 9 in 2012-2013 and 2013-2014)
	The following code will apply only to students who are completing the fourth/final year of high school during the 2013-2014 school year and chose to earn a Foundation High School Program diploma. These students will graduate under TAC Chapter 74.
33	Foundation High School Program (Transitioning Students) TAC Chapter 74.1022, revised December 16, 2013; including TAC §89.1070(b)(2) for students receiving special education services, revised August 1, 2002. (for students who are completing the fourth/final year of high school during the 2013-2014 school year)
	The following code applies to all students entering grade 9 in 2014-2015 and thereafter, or who entered grade 9 prior to the 2014-2015 school year and opted to graduate under the Foundation High School Program. These students will graduate under TAC Chapter 74.

34	<p>Foundation High School Program TAC Chapter 74.1021, revised December 16, 2013, TAC 74.12; including TAC §89.1070(b)(1) for students receiving special education services, revised August 1, 2002. (for students who entered grade 9 in 2014-2015 and thereafter or entered grade 9 prior to the 2014-2015 school year and opted to graduate under the Foundation High School Program)</p>

PERFORMANCE ACKNOWLEDGMENT: CERTIFICATONS / LICENSURES indicates the student has earned a nationally or internationally recognized business or industry certification or license.		
Special Instructions		

For student's on the Minimum, Recommended, Distinguished or Foundation High School graduation plan;

- (1) A student may earn the Certifications / Licensures performance acknowledgment with:
 - (A) performance on an examination or series of examinations sufficient to obtain a nationally or internationally recognized business or industry certification; or
 - (B) performance on an examination sufficient to obtain a government-required credential to practice a profession.
- (2) Nationally or internationally recognized business or industry certification shall be defined as an industry validated credential that complies with knowledge and skills standards promulgated by a nationally or internationally recognized business, industry, professional, or government entity representing a particular profession or occupation that is issued by or endorsed by:
 - (A) a national or international business, industry, or professional organization;
 - (B) a state agency or other government entity; or
 - (C) a state-based industry association.
- (3) Certifications or licensures for performance acknowledgments shall:
 - (A) be age appropriate for high school students;
 - (B) represent a student's substantial course of study and/or end-of-program knowledge and skills;
 - (C) include an industry recognized examination or series of examinations, an industry validated skill test, or demonstrated proficiency through documented, supervised field experience; and
 - (D) represent substantial knowledge and multiple skills needed for successful entry into a high-skill occupation.

This data element may be repeated, as necessary.

Common Name		XML Name	Complex Type
SESSION-TYPE		SessionType	AcademicSessionType CurrentCourseworkType
Definition			
SESSION-TYPE indicates the number of academic terms within a school year. Ex: Semester, Trimester, Quarter			
Special Instructions			
If no type is selected Session Type will default to Semester.			
Data Specifications			
Element ID	Code Table ID	Required?	Domain of Values
TE087		No	Semester, Trimester, Quarter
Applicable Record	Length	Type	Pattern
Student Record AAR-Transcript	9	CODED	*...

Common Name		XML Name	Complex Type
SPECIAL-ED-INDICATOR		SpecialEd	SpecialProgramsType
Definition			
SPECIAL-ED-INDICATOR indicates whether the student is participating in a special education instructional and related services program or a general education program using special education support services, supplementary aids, or other special arrangements. (See 34 CFR §300.13 and 19 TAC §§89.1060 and 89.1090.)			
Special Instructions			
Any Special Education or ARD-related attachments sent with the TReX student record require a specific naming convention. Please reference “File Requirements” in Section 1, Responsibilities-School Districts and Campuses for more information.

Common Name		XML Name	Complex Type
SPECIAL-EXPLANATION-CODE		Explanation	CourseType
Definition			
<p>SPECIAL-EXPLANATION-CODE is a description authorized by TEA as a means to document on the transcript (AAR) specific information regarding the course to which the code is associated. Examples include explanation codes for course credit earned in middle school or at a college-level.</p>			
Special Instructions			
<p>More than one SPECIAL EXPLANATION CODE may be included with a Course Type. For example, if a student earns credit for Algebra I in middle school as an honors course, codes H and J may be included as special explanations for that course.</p> <p>Note: The Special Explanation Codes will be expanded to allow a length of two characters starting with the 2010 – 2011 school year.</p>

Code	Translation		
A	A high school course for which college credit will be awarded by a college under the conditions of a local articulation agreement or the statewide Advanced Technical Credit Program agreement. Colleges agreeing to award credit under the conditions of a local agreement or under a Tech Prep program agreement must be named.		
C	A course taken by correspondence from an approved institution of higher education (19 TAC §74.23).		

D	A college course taken for which high school and college credit is awarded (19 TAC §74.25).
E	A course for which credit is awarded by examination in an academic subject in which the student has had no prior instruction (Credit by Exam) (TAC §74.24(c)(1))
G	A gifted/talented course.
H	An honors course. (Note: This refers to locally approved honors courses.)
I	An International Baccalaureate course.
J	A high school course satisfactorily completed prior to grade 9 (19 TAC §74.26).
K	A pre-International Baccalaureate course.
L	A local-credit course taken for local credit only. (Note: Local credit is not counted toward state graduation requirements unless the course is required by an ARD Committee for students receiving special education services who entered grade nine prior to the 2011-2012 school year.)
M	A magnet school or course.
P	A College Board Advanced Placement (AP) course.
Q	A pre-Advanced Placement course.
R	A course completed in summer school, night school, or other instructional arrangement outside the regular school year and/or day.
T	A course for which credit is awarded by examination in an academic subject in which the student has had some prior formal instruction (TAC §74.24(c)(3)).
V	A state-approved course in which content as described by the TEKS has been modified because of an ARD Committee decision. This code is used only for students receiving special education services to indicate modifications in TEKS course content. (Additional information is provided in the Minimum Standards for the Academic Achievement Record.) Note: Code V will not be printed on the AAR but will print on the student record. XML files containing a V will upload successfully.
X	An innovative course approved for state graduation credit by the State Board of Education or the Commissioner of Education (19 TAC §74.27).
Z	A course taken by distance learning including but not limited to the Texas Virtual School Network (TXVSN) television instruction, electronic transmission, or satellite broadcast (19 TAC §74.23)
1	A course for which a physical education credit or waiver is awarded through a substitution allowed by 19 TAC §74
2	A course that is part of a coherent sequence of career and technical education (CTE) courses. (19 TAC §74.3(b)(2)(G))
3	A course for which credit is awarded based on the district's evaluation of the student's records from any school that operates outside of the Texas public or charter school system (i.e., home school, private school, out-of-state school, etc.) (TAC §74.26(a)(2))
4	A CTE course that satisfies a specific graduation requirement as allowed by 19 TAC §74
5	Course Grade Average or Final Grade Average includes STAAR® EOC results.

7	A TEKS-based course that includes 100 minutes of moderate to vigorous physical activity per five-day school week taken to satisfy the physical education requirement on the Foundation High School Program (19 TAC §74.12(b)(6)(B)).
8	A course other than a Languages other than English (LOTE) course taken to satisfy the LOTE requirement on the Foundation High School Program (19 TAC §74.12(b)(5)(B) or (D)).
9	A course taken by a student with written permission from the student's parent/guardian to satisfy the fourth science requirement for the arts and humanities endorsement on the Foundation High School Program (19 TAC §74.13(e)(5)(EE)).
10	A course taken as a part of a Foundation High School Program endorsement.

Common Name		XML Name	Complex Type
SPEECH-REQUIREMENT-MET-DATE		SpeechMetDate	AcademicStatusType
Definition			
<p>SPEECH-REQUIREMENT-MET-DATE is the date (month and year) the student met the speech requirement for the Foundation High School Program.</p> <p>To receive a high school diploma, a student must demonstrate proficiency, as determined by the school district in which the student is enrolled, in delivering clear verbal messages; choosing effective nonverbal behaviors; listening for desired results; applying valid critical thinking and problem-solving processes; and identifying, analyzing, developing, and evaluating communication skills needed for professional and social success in interpersonal situations, group interactions, and personal and professional presentations (TAC §74.11(a)(3)).</p>			
Special Instructions			
SPEECH-REQUIREMENT-MET-DATE must be present if GRADUATION-DATE is present, and GRADUATION-PROGRAM-TYPE is 34 or greater.

TEXAS-GRANT-INDICATOR		TexasGrant	AcademicStatusType
Definition			
The TEXAS-GRANT-INDICATOR code is used to show that a student on the Minimum/Recommended/ Distinguished/ High School Program (RHSP) is on track to graduate by completing the requirements of the State Board of Education-approved Minimum/Recommended/ Distinguished/ High School Program.			
Special Instructions			
The TEXAS-GRANT-INDICATOR will not be reported for the Foundation High School Program.. This designation is made before the end of the student’s junior year (Grade 11). The Texas Legislature established the TEXAS (Towards Excellence, Access, and Success) Grant to make sure that well-prepared high school graduates with financial need could go to college.

SECTION 4: XML

Section

4

4.1 TReX XML Standards Overview

XML schemas function as models for describing the structure of the records being extracted and transmitted through TReX. This includes:

- the sequence in which elements appear;
- the interrelationship between different elements, including parent and child relationships and nesting levels; and
- the types of data that are contained in elements or attributes.

The *TReX Data Standards* manual provides information on the data elements, coded variables, and schema for use by the districts and vendors of local student information systems for the development and maintenance of the extract file process.

Note: *Similar to the TReX Data Standards, the TReX XSD will be updated and republished by TEA annually. Student Information System (SIS) vendors should support updates to the TReX XSD.*

4.2 Edits and Validations

The TReX XML schema ensures that student data files from school districts adhere to a common structure and consist of valid elements and attributes. An XML extract file must be syntactically perfect, or it is rendered as unacceptable by an XML parser.

Restrictions control acceptable values for XML data elements. Restrictions on XML elements are called facets. In combination with an element's declared data type, restrictions enable the XSD validation process not only to validate the structure of the XML file but also to validate the data values contained within the file against its XML schema definition.

An example of a restriction to validate data commonly used in TReX is for a range of years. To define a rule for the ACADEMIC-YEAR data element so that the values fall within the range of 1957-2020, the TReX schema declares the restriction as:

```
<xs:element name="SchoolYear">
  <xs:simpleType>
    <xs:restriction base="xs:integer">
      <xs:minInclusive value="1957"/>
      <xs:maxInclusive value="2020"/>
    </xs:restriction>
  </xs:simpleType>
</xs:element>
```

The XML schema also enforces length restrictions for a given element by either an exact length, minimum length, or maximum length. Patterns represent another restriction on data elements if so defined.

4.3 TReX Field Edit Overview

Although the districts/campuses are provided with a manual capability to create a student record or transcript in TReX, most districts/campuses submit data in an XML-based extract file. The file is referred to as an extract file because it is created through a vendor-supported process that extracts data from a district's student information system. The extracted data must be consistent with the TReX XML Schema Definition (XSD).

Prior to transmitting the extract file, TReX verifies the structure of the file against the XSD. In addition, the system verifies the contents of the file against the declared data types and restrictions defined for each element in the TReX XSD for each simple type element. The data types and restrictions defined with the TReX XSD constitute the TReX field edits.

4.4 TReX Field Edit Restrictions

As previously described in this section, restrictions control acceptable values for XML data elements. Restrictions on XML elements are called facets. In combination with an element's declared data type, restrictions enable the TReX XSD validation process not only to validate the structure of the XML file but also to validate the data values contained within the file against its XML schema definition. Many simple type elements within the TReX XSD have a restriction that limits the domain of acceptable values.

TReX does not transmit extract files improperly structured or containing unacceptable values.

4.5 Available TReX XSD Restrictions

Restriction	Description
enumeration	Specifies a list of acceptable values.
minInclusive	Specifies the lower bounds for numeric values. The value must be greater than or equal to this value.
maxInclusive	Specifies the upper bounds for numeric values. The value must be less than this value.
minLength	Specifies the minimum number of characters or list items allowed. Must be equal to or greater than zero.
maxLength	Specifies the maximum number of characters or list items allowed. Must be equal to or greater than zero.
minOccurs	Specifies minimum number of occurrences allowed.
maxOccurs	Specifies maximum number of occurrences allowed.

Restriction	Description
pattern	Defines the exact sequence of characters that are acceptable.
restriction	Defines the type of data element (e.g. string, integer, etc.).
totalDigits	Specifies the exact number of digits permitted. (Value must be greater than zero.)
whiteSpace	Specifies the use of white space. Denotes line feeds, tabs, spaces, and carriage returns.

4.6 Context Edit Overview

TREx uses context edits to verify data elements against the rules set out in the XSD. Each context edit is traced to its associated Edit Number, a description of which follows.

4.7 Context Edit Descriptions

Following is a list of TREx Context Edits.

Edit #	Element XML Name	Edit Rule
T001	StudentID	The first character of StudentID must be “S” or “0”-“8”.
T002	StudentID	Each character of StudentID must not be the same number.
T003	StudentID	The first three characters of StudentID must not be “000”.
T004	StudentID	If first character of StudentID is not an “S”, the fourth and fifth characters must not be “00”.
T005	StudentID	If first character of StudentID is not an “S”, the last four characters must not be “0000”.
T006	FirstName, MiddleName, LastName	The FirstName, MiddleName, and/or LastName must only contain the following characters: <ul style="list-style-type: none"> • a-z or A-Z • 0-9 • Apostrophe • Hyphen • Space character
T007	FirstName, MiddleName, LastName	Name must not contain only apostrophes.
T008	FirstName, MiddleName, LastName	Name must not contain only hyphens.
T009	FirstName, LastName	Name must not contain only spaces.

Edit #	Element XML Name	Edit Rule
T010	FirstName, MiddleName, LastName	Data elements cannot be repeated as PersonType (student).
T011	FirstName, MiddleName, LastName	Data elements can be repeated as ParentType (parent) up to nine times.
T012	DistrictID	The DistrictID contained within the CampusID must match an entry registered with the TEA.
T013	CampusID	The CampusID must match an entity registered with TEA.
T014	EntryDate	The EntryDate must not be greater than the file submission date.
T015	WithdrawDate	WithdrawDate must not be greater than the current date.
T016	WithdrawDate	WithdrawDate must be greater than ExitDate by at least one day.
T017	ExitDate	ExitDate must be one day less than (earlier) than WithdrawDate.
T018	WithdrawDate, WithdrawReason	If a student in grades 7-12 has withdrawn from school, both fields are required. For grades up to and including grade 6, Withdraw Reason is not required for students who have withdrawn from school, but Withdraw Date is required and entered.
T019	DisciplineActionDate	Must be greater than date of extract file creation.
T020	DisciplineActionDate, DisciplineActionCode, DisciplineActionReason	If data are present for any single element, all other elements must include data.
T021	DisciplineActionDate, DisciplineActionCode, DisciplineActionReason	Elements can be repeated on student record if at least one element contains different data from other set.
T022	TestScore, TestDate, TestCode	If TestDate (Assessment Date) is present, data are required in TestScore (Assessment Score) and/or TestCode (Assessment Score Code).
T023	GradeRetained	Must be less than Grade 9.
T024	CertificateDate	Must be blank if date exists in GraduationDate element.
T025	GraduationDate	Must be blank if date exists in CertificateDate element.

Edit #	Element XML Name	Edit Rule
T027	ImmunizationDate	If present, data are required for ImmunizationCode.
T028	CreditCampus	CreditCampus must match an entity registered with TEA.

DATA AND FILE REQUIREMENTS

The TReX extracted data are stored in an XML-based file consistent with the TReX XML Schema Definition (XSD) and must follow the XSD standards to be transmitted by TReX.

4.8 Rules for XML Schema

While school districts and campuses are responsible for the accuracy of the data transmitted through TReX, TReX verifies the contents of the file against the declared data types and restrictions defined for each element in the TReX XSD. The following business rules apply to XML schemas and the XSD validation process:

- The XML Schema supports several built-in data types (e.g., date). When an XML element has a defined data type, a restriction is placed on the element content.
- The XML Schema supports restrictions (edits). In conjunction with the element's declared data type, restrictions are used to control acceptable values for XML elements.
- Declared data types and restrictions enable the XSD validation process.
- The client-side XSD validation process is used to validate the XML file structure and data values against the schema definition.
- If the client-side validation fails, TReX does not transfer the extract file.

Note: For graphical representations of the TReX XSD, reference Appendix C.

TREX XSD DATA TYPES AND RESTRICTIONS

Following are the TReX data types and restrictions. Restrictions control acceptable values for XML elements. Restrictions used in the XSD validation process validate both the structure of the XML file and the data values against the XML Schema Definition.

Element Name	XML Name	Data Type	Restriction
Student Identification Type			
Student ID	StudentID	String	<ul style="list-style-type: none"> • Required element. Public Schools: <ul style="list-style-type: none"> • The only acceptable value for the first position is an “S” or a character in the range of 0 to 8. • For positions two through nine, the only acceptable value is eight characters in a sequence with each character in a range from 0 to 9. Private Schools: <ul style="list-style-type: none"> • The minimum length is one and the maximum length is 64 characters.
TX Student Unique ID	StudentUniqueID	String	<ul style="list-style-type: none"> • Required if available. • 10-digit numeric value.

Element Name	XML Name	Data Type	Restriction
(Student) First Name	FirstName	String	<ul style="list-style-type: none"> • Required element. • Limited to a single occurrence. • The minimum length is one and the maximum length is 30 characters. • White space is preserved. • The only acceptable value is a sequence of at least 1 to 30 characters with each character either a lower-case a through z, upper-case A through Z, an apostrophe, a hyphen, a 0 through 9, or a space.
(Student) Middle Name	MiddleName	String	<ul style="list-style-type: none"> • Optional element. • Limited to a single occurrence. • The minimum length is one and the maximum length is 30 characters. • White space is preserved. • The only acceptable value is a sequence of at least 1 to 30 characters with each character either a lower-case a through z, upper-case A through Z, an apostrophe, a hyphen, a 0 through 9, or a space.

Element Name	XML Name	Data Type	Restriction
(Student) Last Name	LastName	String	<ul style="list-style-type: none"> • Required element. • Limited to a single occurrence. • The minimum length is one and the maximum length is 40 characters. • White space is preserved. • The only acceptable value is a sequence of at least 1 to 40 characters with each character either a lower-case a through z, upper-case A through Z, an apostrophe, a hyphen, a 0 through 9, or a space.
(Student) Generation Code	Suffix	String	<ul style="list-style-type: none"> • Optional element. • Maximum length of a single character. • If provided, the only acceptable value is a single character in a rank from 1-9, A- C.
Prior ID	PriorID	String	<ul style="list-style-type: none"> • Optional element. • If provided, minimum length of one and a maximum length of 9. • Any of the following characters, including the space character, are valid: ABCDEFGHIJKLMNOPQRSTUVWXYZ Zabcdefghijklmnopqrstuvwxyz0123 456789 ~! @ # \$ % ^ & * () - _ + = : ; " ' , . / < > ?

Element Name	XML Name	Data Type	Restriction
Local Student ID	LocalID	String	<ul style="list-style-type: none"> Optional element. If provided, minimum length of one and a maximum length of 9. Any of the following characters, including the space character, are valid: ABCDEFGHIJKLMNOPQRSTUVWXYZ YZabcdefghijklmnopqrstuvwxyz01 23456789 ~! @ # \$ % ^ & * () _ + = : ; " ' , . / < > ?
(Student) Address	Address	String	<ul style="list-style-type: none"> Optional element. Maximum length of fifty characters. White space is preserved. Any of the following characters, including the space character, are valid: ABCDEFGHIJKLMNOPQRSTUVWXYZa bcdefghijklmnopqrstuvwxyz0123456 789 ~! @ # \$ % ^ & * () - _ + = : ; " ' , . / < > ?
(Student) City	City	String	<ul style="list-style-type: none"> Optional element. Maximum length of thirty characters. White space is preserved. Any of the following characters, including the space character, are valid: ABCDEFGHIJKLMNOPQRSTUVWXYZa bcdefghijklmnopqrstuvwxyz0123456 789 ~! @ # \$ % ^ & * () - _ + = : ; " ' , . / < > ?

Element Name	XML Name	Data Type	Restriction
(Student) State	StateProvince	String	<ul style="list-style-type: none"> • Optional element. • Maximum length of two characters. • The only acceptable values are listed in Code Table TC20.
(Student) Country	Country	String	<ul style="list-style-type: none"> • Optional element. • Maximum length of two characters. • The only acceptable values are listed in Code Table TC04. • Should default to US.
(Student) Zip	PostalCode	String	<ul style="list-style-type: none"> • Optional element. • Minimum length of five and a maximum length of ten characters. • If ten characters provided, must include a hyphen in position six.
Parent			
(Parent) First Name	FirstName	String	<ul style="list-style-type: none"> • Required element. • The minimum length is one and the maximum length is 30 characters. • White space is preserved. • Limited to nine occurrences. • The only acceptable value is a sequence of at least 1 to 30 characters with each character either a lower-case a through z, upper-case A through Z, an apostrophe, a hyphen, a 0 through 9, or a space.

Element Name	XML Name	Data Type	Restriction
(Parent) Middle Name	MiddleName	String	<ul style="list-style-type: none"> • Optional element. • Maximum length is thirty characters. • White space is preserved. • The only acceptable value is a sequence of at least 0 to 30 characters with each character either a lower-case a through z, upper-case A through Z, an apostrophe, a hyphen, a 0 through 9, or a space.
(Parent) Last Name	LastName	String	<ul style="list-style-type: none"> • Required element. • The minimum length is one and the maximum length is 40 characters. • White space is preserved. • Limited to nine occurrences. • The only acceptable value is a sequence of at least 1 to 40 characters with each character either a lower-case a through z, upper-case A through Z, an apostrophe, a hyphen, a 0 through 9, or a space.
(Parent) Generation Code	Suffix	String	<ul style="list-style-type: none"> • Optional element. • Maximum length of a single character. • If provided, the only acceptable value is a single character in a rank from 1-9, A-C.
Student Demographic			

Element Name	XML Name	Data Type	Restriction
Gender Code	Gender	String	<ul style="list-style-type: none"> • Required element. • Limited to a single occurrence. • Maximum length of a single character. • The only acceptable value is one of the following letters: "M" or "F".
Ethnicity Code	Race	String	<ul style="list-style-type: none"> • Required for Students prior to 2010-2011 School Year. • Limited to a single occurrence. • Maximum length of a single character. • The only acceptable value is a single character in a range from 1 to 5.
American Indian-Alaska Native	AmericanIndianAlaskaNativeCode	String	<ul style="list-style-type: none"> • The only acceptable values are listed in Code Table TC16 (0/1) • Maximum length of one character. • Optional element.
Asian	AsianCode	String	<ul style="list-style-type: none"> • The only acceptable values are listed in Code Table TC16 (0/1) • Maximum length of one character. • Optional element.
Black-African American	BlackAfricanAmericanCode	String	<ul style="list-style-type: none"> • The only acceptable values are listed in Code Table TC16 (0/1) • Maximum length of one character. • Optional element.

Element Name	XML Name	Data Type	Restriction
Native Hawaiian-Pacific Islander	NativeHawaiianPacificIslanderCode	String	<ul style="list-style-type: none"> The only acceptable values are listed in Code Table TC16 (0/1) Maximum length of one character. Optional element.
White	WhiteCode	String	<ul style="list-style-type: none"> The only acceptable values are listed in Code Table TC16 (0/1) Maximum length of one character. Optional element.
Hispanic-Latino	HispanicLatinoCode	String	<ul style="list-style-type: none"> The only acceptable values are listed in Code Table TC16 (0/1) Maximum length of one character. Optional element.
Date of Birth	BirthDate	Date	<ul style="list-style-type: none"> Required element. Limited to a single occurrence. The date type implements an ISO data type in the form of YYYY-MM-DD. The only acceptable value is a valid date with a minimum value greater than or equal to 1957-01-01 and less than 2040-01-01.
Home Language	Language	String	<ul style="list-style-type: none"> Optional element. Maximum length of two characters. The only acceptable values are listed in Code Table TC14.
Migrant Indicator	Migrant	String	<ul style="list-style-type: none"> Optional element. Maximum length of one character. The only acceptable value is a single character of 0 or 1.

Element Name	XML Name	Data Type	Restriction
Foster Care Indicator Code	FosterCare	String	<ul style="list-style-type: none"> • Optional element. • Maximum length of one character. • The only acceptable values are listed in Code Table TC33
Military Connected	MilitaryConnected	String	<ul style="list-style-type: none"> • Optional element. • Maximum length of one character. • The only acceptable values are listed in Code Table TC34

APPENDIX A – ELEMENT LIST

Appendix

A1: Overview

TREx uses a single XML extract file schema for both student record and high school transcript data elements. Not all data elements are used for both record types. There are twelve data elements that must be included in every extract file; otherwise the file will not load. These twelve data elements are

A

Data Element Common Name	XML Name
Student ID	StudentID
First Name	FirstName
Last Name	LastName
Gender Code	Gender
Hispanic/Latino and one or more of the Race codes; American Indian – Alaska Native Asian Black – African American Native Hawaiian – Pacific Islander White	HispanicLatinoCode AmericanIndianAlaskaNativeCode AsianCode BlackAfricanAmericanCode NativeHawaiianPacificIslanderCode WhiteCode
Date of Birth	BirthDate
District ID	DistrictID
Campus ID	SchoolID
Campus Name	SchoolName
Campus Phone	PhoneNumber
Academic Year	SchoolYear
Grade Level (Current)	GradeLevel

The Student Attendance Accounting Handbook, Part 3 Section 3-8, “Withdrawal Procedures” describes the minimum information that must be transmitted when a student transfers from one Texas public school district to another.

- Student ID (Social Security Number or State-Approved Alternate ID);
- Prior ID (Social Security Number or State-Approved Alternate ID, if different from above);
- Local Student ID Number, if used;
- County-District-Campus Number;
- Campus Name and Phone Number;
- First, Middle, and Last Name and Suffix of the student;
- Gender, Ethnicity, and Date of Birth of the student;
- Current Grade Level for the student; and

- Immunization records. Texas Education Code (TEC) §25.002(a)(3).

Home Language Survey

The U.S. Department of Education, Office of Civil Rights and Texas state law require school districts to collect information about a student’s language background at the time of enrollment/registration to determine whether the student is a potential English learner. When a student enrolls in a Texas school for the very first time, a home language survey is completed. If a language other than English is identified, the student shall be tested to determine the student’s language classification and eligibility for placement into a bilingual education or English as a second language program. This original home language survey is retained in the student’s permanent record for the duration of the student’s education.

- Original Home Language Survey
- Initial/end-of-year Language Proficiency Assessment Committee (LPAC) documentation
- Parent permission/denial forms

In addition, TEC 7.010 requires the following information to be included with the student records sent through TREx. Note that the IEP may be scanned and sent as an attached file.

- Student Course or Grade Completion
- Teachers of Record
- Student Assessment Results
- Receipt of special education services, including placement in a special education program and individualized education program developed (IEP).
- Students Personal Graduation Plan

If you have copies of documents used for student identification purposes during enrollment, those documents should be scanned and attached to the TREx record transaction for use by the receiving campus. In addition, any document that would be useful to the receiving district should also be attached, for example, the student’s Home Language Survey.

Note that attachments may not be send through SPEEDE to colleges and universities.

Please be aware if you are sending a transcript to a college or university on behalf of a student who is applying for college admission, most Texas public colleges require the following information as part of their admission process.

- Class Size
- Class Rank
- Date of Class Rank
- Date of Graduation
- Graduation Program Type
- Exit Level TAKS score by Subject

The following section is a list of the TREx data elements arranged by the record type (as they would appear in a record; not within a complex type). The table indicates a data element as required in the following manner:

- ✓ Mandatory: Required within the file extract by the TREx schema, otherwise, the

- file will not load.
- ✓ Required by TEC: Required by state law and/or Texas Education Code. These data elements may be required for the Transcript for instance, but not for the Student Record, therefore the Schema cannot enforce their inclusion.
 - ✓ Required by TEC if applicable: Required by state law and/or Texas Education Code if the data element pertains to the student. Because some data elements may not apply to every student, Homeless Indicator for instance, the Schema cannot enforce their inclusion.
 - ✓ Recommended if available: Recommended by TEA, institutions of higher education, and user focus groups. If the data is available to the sending school district, it should be included in the extract file.

Note to Student Information Systems Vendors:

All Data extract programs must be able to populate all TReX data elements defined in the XML Schema, whether they are designated "Mandatory", "Required by TEC", "Required by TEC, if applicable", or "Recommended if available".

If a data element is shown as not required for the file extract but data are available and relevant to the accuracy and completeness of the student record or transcript, it is the responsibility of the campus/district to include these data.

A2: Element List by Record Type

The following is a list of the TREx data elements arranged by the record type.

STUDENT RECORD

STUDENT IDENTIFICATION DATA	XML Name	PEIMS Element	Element Requirements
Tx Student Unique ID	StudentUniqueID	Yes	Required if Available
First Name	FirstName	Yes	Mandatory Required by TEC
Middle Name	MiddleName	Yes	Required by TEC if applicable
Last Name	LastName	Yes	Mandatory Required by TEC
Generation Code	Suffix	Yes	Required by TEC if applicable
Prior ID	PriorID	Yes	Required by TEC if applicable
Student ID	StudentID	Yes	Mandatory Required by TEC
Local Student ID	LocalID	Yes	Required by TEC if applicable
(Parent) First Name	FirstName	No	Recommended if available
(Parent) Middle Name	MiddleName	No	Recommended if available
(Parent) Last Name	LastName	No	Recommended if available
(Student) Address	Address	No	Recommended if available
(Student) City	City	No	Recommended if available
(Student) State	StateProvince	No	Recommended if available
(Student) Zip Code	PostalCode	No	Recommended if available

¹ Attachment acceptable

² Required by end of student's junior year.

³ At Least one of the 5 Race Codes is required.

STUDENT DEMOGRAPHICS DATA	XML Name	PEIMS Element	Element Requirements
Gender Code	Gender	Yes	Mandatory Required by TEC
Ethnicity Code	Race	No	Required by TEC for Students prior to 2010- 2011 School Year
American Indian- Alaska Native	AmericanIndianAlaskaNative Code	Yes	Required by TEC if applicable ³
Asian	AsianCode	Yes	Required by TEC if applicable ³
Black- African American	BlackAfricanAmericanCode	Yes	Required by TEC if applicable ³
Hispanic-Latino	HispanicLatinoCode	Yes	Required by TEC
Native Hawaiian-Pacific Islander	NativeHawaiianPacificIslanderCode	Yes	Required by TEC if applicable ³
White	WhiteCode	Yes	Required by TEC if applicable ³
Date of Birth	BirthDate	Yes	Mandatory Required by TEC

element **TRExStudentRecords**

diagram	 The diagram shows the structure of the TRExStudentRecords element. It is a container element (rectangle with a small square on the left) containing a sequence container (circle with three dots) which in turn contains a TRExStudentRecord element (rectangle with a small square on the right). The TRExStudentRecord element has a cardinality of 1..∞. The entire structure is enclosed in a dashed yellow box labeled 'trex:StudentRecordsType'.
namespace	urn:us:tx:state:tea:TREx:v1.27

group **PhoneNumberGroup**

diagram	 The diagram shows the structure of the PhoneNumberGroup group. It is a container element (rectangle with a small square on the left) containing a sequence container (circle with three dots) which in turn contains two elements: a PhoneNumber element (rectangle with a small square on the right) and a Fax element (dashed rectangle with a small square on the right).
