

2019-20 TX PACT Test List

Some Texas-approved educator preparation programs require that candidates seeking admission take a Pre-Admission Content Test (PACT). A new series of exams will be used for PACT candidates beginning in January 2020. The content of these new exams will be different from the TExES exams that are required to receive certification. Registration for the new PACT exams will open January 21, 2020, for testing appointments available beginning January 27, 2020. [Pearson](#) administers the TX PACT exams.
