Implementation Quality

1. Intentional Instructional Design

Materials support educators in effective implementation through intentional course, unit, and lesson-level design.

1.1 Course-Level Design*

1.1a	Materials include a scope and sequence outlining the TEKS, ELPS, and concepts, and knowledge taught in the course.	1.1a	Materials include a scope and sequence outlining the TEKS, ELPS, and concepts taught in the course.	The consensus for this guidance is the word “knowledge” is redundant since it is the “K” in TEKS.
1.1b	Materials include suggested pacing (pacing guide/calendar) to support effective implementation for various instructional calendars (e.g., varying numbers of instructional days – 165, 180, 210)	1.1b	Materials include suggested pacing (pacing guide/calendar) to support effective implementation for various instructional calendars (e.g., varying numbers of instructional days – 165, 180, 210)	No changes proposed.
1.1c	Materials include an explanation for the rationale of unit order as well as how concepts to be learned connect throughout the course.	1.1c	Materials include an explanation for the rationale of unit order as well as how concepts to be learned connect throughout the course.	No changes proposed.
1.1d	Materials include <u>guidance, protocols,</u> and/or templates with <u>corresponding guidance</u> for unit and lesson internalization.	1.1d	Materials include protocols with corresponding guidance for unit and lesson internalization.	Edit to reduce redundancy in wording and clarify the requirement for a protocol with guidance, ensuring a more streamlined, cohesive approach to unit and lesson internalization.
1.1e	Materials include resources and guidance for to support instructional leaders administrators and instructional coaches to support teachers with implementing the materials as designed.	1.1e	Materials include resources and guidance for instructional leaders to support teachers with implementing the materials as designed	Discussion resulted in the recommendation that instructional leaders encompassed a variety of individuals that support implementation. The inclusion of “to support teachers” was intended to underline the supportive role for classroom implementation since report evidence from the IMRA 2024 review sometimes included solely administrative or technical support for implementation.

Indicators marked with an asterisk (*) will be evaluated in phonics reviews. All indicators will be evaluated in ELAR reviews.

1.2 Unit-Level Design*

1.2a	Materials include comprehensive unit overviews that provide the background content knowledge and academic vocabulary necessary to effectively teach the concepts in the unit.	1.2a	Materials include comprehensive unit overviews that provide the background content knowledge and academic vocabulary necessary to effectively teach the concepts in the unit.	No changes proposed.
1.2b	Materials contain supports for families in both Spanish and English for each unit with suggestions on supporting the progress of their student.	1.2b	Materials contain supports for families in both Spanish and English for each unit with suggestions on supporting the progress of their student.	No changes proposed.

1.3 Lesson-Level Design*

1.3a	Materials include comprehensive, structured, detailed lesson plans that include daily objectives, questions, tasks, materials, and instructional assessments required to meet the content and language standards of the lesson (aligned with the TEKS and the ELPS).	1.3a	Materials include comprehensive, structured, detailed lesson plans that include daily objectives, questions, tasks, materials, and instructional assessments required to meet the content and language standards of the lesson (aligned with the TEKS and the ELPS).	Feedback indicated the ELAR rubric content standards should be aligned with the TEKS and language standards should be aligned with the ELPS.
1.3b	Materials include a lesson overview listing the teacher and student materials necessary to effectively deliver the lesson , and outlining the suggested timing for each lesson component.	1.3b	Materials include a lesson overview listing the teacher and student materials necessary to effectively deliver the lesson, and the suggested timing for each lesson component.	This edit is streamlining 1.3b and 1.3c. The working group members agreed these items are usually located in the same place in the materials.
1.3c	Materials include a lesson overview listing the teacher and student materials necessary to effectively deliver the lesson		Guidance Removed	Merged with 1.3b (see above).
1.3	Materials include guidance on the effective use of lesson materials for extended practice (e.g., homework, extension, enrichment).	1.3c	Materials include guidance on the effective use of lesson materials for extended practice (e.g., homework, extension, enrichment).	The only change is to the numbering. This guidance would be 1.3c after the combination of the two preceding guidance bullets.

Indicators marked with an asterisk (*) will be evaluated in phonics reviews. All indicators will be evaluated in ELAR reviews.

2. Progress Monitoring

Materials support educators in effective implementation through frequent, strategic opportunities to monitor and respond to student progress.

2.1 Instructional Assessments*

2.1a	Materials include a variety of instructional assessments at the unit and lesson level (including diagnostic, formative, and summative) that vary in types of tasks and questions.	2.1a	Materials include a variety of instructional assessments at the unit and lesson level (including diagnostic, formative, and summative) that vary in types of tasks and questions.	No changes proposed.
2.1b	Materials include the definition and intended purpose for the types of instructional assessments included.	2.1b	Materials include the definition and intended purpose for the types of instructional assessments included.	No changes proposed.
2.1c	Materials include teacher guidance to ensure consistent and accurate administration of instructional assessments.	2.1c	Materials include teacher guidance to ensure consistent and accurate administration of instructional assessments.	No changes proposed.
2.1d	Diagnostic, formative, and summative assessments are aligned to the TEKS and objectives of the course, unit, or lesson.	2.1d	Diagnostic, formative, and summative assessments are aligned to the TEKS and objectives of the course, unit, or lesson.	No changes proposed.
2.1e	Instructional assessments include <u>TEKS standards</u> -aligned items at varying levels of complexity	2.1e	Instructional assessments include TEKS -aligned items at varying levels of complexity	The feedback indicated that the word “standards” should be replaced with TEKS anywhere in the rubrics to achieve consistency but also clarity.

2.2 Data Analysis and Progress Monitoring*

2.2a	Instructional assessments and scoring information provide guidance for interpreting and responding to student performance.	2.2a	Instructional assessments and scoring information provide guidance for interpreting student performance.	The consensus was that 2.2a should focus on interpreting student performance and 2.2b should focus on responding to student performance.
2.2b	Materials provide guidance for the use of included tasks and activities to respond to student trends in performance on assessments.	2.2b	Materials provide guidance for the use of included tasks and activities to respond to student trends in performance on assessments.	No changes proposed.

Indicators marked with an asterisk (*) will be evaluated in phonics reviews. All indicators will be evaluated in ELAR reviews.

2.2c	Materials include tools for teachers to track student progress and growth, and tools for students to track their own progress and growth.	2.2c	Materials include tools for teachers to track student progress and growth, and tools for students to track their own progress and growth.	Feedback indicated publishers often responded in their appeals that they had a tracking chart, but it was only a teacher-facing material and included publisher rationales that it could be used for students. Delineating tools for teachers and tools for students would help clarify.

3. Supports for All Learners

Materials support educators in reaching all learners through design focused on engagement, representation, and action/expression for learner variability.

3.1 Differentiation and Scaffolds*

3.1a	Materials include teacher guidance for differentiated instruction, activities, and or paired (scaffolded) lessons for students who have not yet reached proficiency on grade-level content and skills.	3.1a	Materials include teacher guidance for differentiated instruction, activities, and paired (scaffolded) lessons for students who have not yet reached proficiency on grade-level content and skills.	The consensus was that it should be “and,” not “and/or” because all three should be required.
3.1b	Materials include pre-teaching or embedded supports for unfamiliar vocabulary and references in text (e.g., figurative language, idioms, academic language). (T/S)	3.1b	Materials include pre-teaching or embedded supports for unfamiliar vocabulary and references in text (e.g., figurative language, idioms, academic language). (T/S)	No changes proposed.
3.1c	Materials include teacher guidance for differentiated instruction, enrichment, and extension activities for students who have demonstrated proficiency in grade-level content and skills.	3.1c	Materials include teacher guidance for differentiated instruction, enrichment, and extension activities for students who have demonstrated proficiency in grade-level content and skills.	No changes proposed.

3.2 Instructional Methods*

3.2a	Materials include explicit (direct) prompts and guidance to support the teacher in modeling and- explaining, and communicating the concept(s) to be learned explicitly (directly) .	3.2a	Materials include explicit (direct) prompts and guidance to support the teacher in modeling and explaining the concept(s) to be learned.	The working group members’ feedback indicated explicit should be moved to the forefront of the guidance to reflect its placement in other guidance later in the rubric, and that modeling and explaining are both forms of communicating, so remove the general term, “communicating.”
3.2b	Materials include teacher guidance and recommendations for effective lesson delivery and facilitation using a variety of instructional approaches.	3.2b	Materials include teacher guidance and recommendations for effective lesson delivery and facilitation using a variety of instructional approaches.	No changes proposed.

Indicators marked with an asterisk (*) will be evaluated in phonics reviews. All indicators will be evaluated in ELAR reviews.

3.2c	Materials support multiple types of practice (e.g., guided, independent, collaborative) and include guidance for teachers and recommended structures (e.g., whole group, small group, individual) to support effective implementation.	3.2c	Materials support multiple types of practice (e.g., guided, independent, collaborative) and include guidance for teachers and recommended structures (e.g., whole group, small group, individual) to support effective implementation.	No changes proposed.

3.3 Support for Emergent Bilingual Students*

3.3a	Materials include teacher guidance on providing linguistic accommodations for various levels of language proficiency [as defined by the English Language Proficiency Standards (ELPS)], which are designed to engage students in using increasingly more academic language.	3.3a	Materials include teacher guidance on providing linguistic accommodations for various levels of language proficiency [as defined by the English Language Proficiency Standards (ELPS)], which are designed to engage students in using increasingly more academic language.	No changes proposed.
3.3b	Materials include implementation guidance to support teachers in effectively using the materials in state-approved bilingual/ESL programs.	3.3b	Materials include implementation guidance to support teachers in effectively using the materials in state-approved bilingual/ESL programs.	No changes proposed.
3.3c	Materials include embedded guidance for teachers to support emergent bilingual students in developing academic vocabulary, increasing comprehension, building background knowledge, and making cross-linguistic connections through oral and written discourse.	3.3c	Materials include embedded guidance for teachers to support emergent bilingual students in developing academic vocabulary, increasing comprehension, building background knowledge, and making cross-linguistic connections through oral and written discourse.	No changes proposed.
3.3d	If designed for dual language immersion (DLI) programs, materials include resources that outline opportunities to address metalinguistic transfer from English to the partner language.	3.3d	If designed for dual language immersion (DLI) programs, materials include resources that outline opportunities to address metalinguistic transfer from English to the partner language.	No changes proposed.

Indicators marked with an asterisk (*) will be evaluated in phonics reviews. All indicators will be evaluated in ELAR reviews.

Learning Quality

4. Phonics Rule Compliance

Materials comply with state requirements for explicit (direct) and systematic phonics instruction.

4.1 Explicit (Direct) and Systematic Phonics Instruction*

19 TAC §74.2001(b)(1)(C) / Texas Reading Academies: Module 2E – The Science of Reading

4.1a	Materials include systematic and sequenced instruction of phonics (sound-symbol correspondence) and foundational skills.	4.1a	Materials include systematic and sequenced instruction of phonics (sound-symbol correspondence) skills.	Reviewers concluded that foundational skills are addressed in Section 5: Foundational Skills and this section should focus on phonics skills.
4.1b	Materials include explicit (direct) and intentional daily ongoing practice opportunities for phonics (sound-symbol correspondence) skills, both in isolation and through decodable texts .	4.1b	Materials include explicit (direct) and intentional ongoing practice opportunities for phonics (sound-symbol correspondence) skills, both in isolation and through decodable texts.	Feedback indicated that 4.1b and 4.1c gathered redundant evidence. Consensus led to adding “both in isolation and through decodable texts” to 4.1b to merge. Additionally, the word daily was switched to ongoing to align with phonics rule in 19 TAC §74.2001(b)(1)(E) . 4.2 focuses on daily instruction.
4.1c	Materials include practice of phonics skills both in isolation and through decodable texts.		Guidance Removed	Feedback indicated that 4.1b and 4.1c gathered redundant evidence. Consensus led to adding “both in isolation and through decodable texts” to 4.1b to merge.
4.1d	Materials include opportunities for cumulative review of previously taught skills.		Guidance Removed	The removal of this guidance is suggested. Discussion revealed that cumulative review exists in 4.3, so this often resulted in redundant evidence collected by review teams.

4.2 Daily Instructional Sequence and Routines*

19 TAC §74.2001(b)(1)(D) / Texas Reading Academies: Module 2E – The Science of Reading

4.2a	Daily lessons include explicit (direct) phonics instruction with teacher modeling.	4.2a	Daily lessons include explicit (direct) phonics instruction with teacher modeling.	Feedback led to consensus that “phonics” should be added to specify the instruction, so that it is front-of-mind for review teams.
4.2b	Daily lessons include opportunities for explicit (direct) guided instruction with guidance for and immediate and corrective feedback.	4.2b	Daily lessons include opportunities for explicit (direct) guided instruction with guidance for immediate and corrective feedback.	Recommended to add “with guidance for” because discussion revealed opportunities for feedback may exist but often publishers didn’t provide teachers guidance for providing the feedback.

Indicators marked with an asterisk (*) will be evaluated in phonics reviews. All indicators will be evaluated in ELAR reviews.

4.2c	Daily lessons include a variety of opportunities for students to practice phonics skills through collaborative learning and independent practice.	4.2c	Daily lessons include a variety of opportunities for students to practice phonics skills through collaborative learning and independent practice.	Feedback led to consensus that phonics skills should be added to specify what skills are being practiced, so that it is front-of-mind for review teams.
------	---	------	---	---

4.3 Ongoing Practice Opportunities*

19 TAC §74.2001(b)(1)(E) / Texas Reading Academies: Module 2E – The Science of Reading

4.3a	Materials include intentional cumulative phonics review and practice activities throughout the curriculum.	4.3a	Materials include intentional cumulative phonics review and practice activities throughout the curriculum.	Recommended to add the term phonics to specify the type of review and practice opportunities.
4.3b	Practice opportunities include only phonics skills that have been explicitly taught.	4.3b	Practice opportunities include only phonics skills that have been explicitly taught.	No changes proposed.
4.3c	Decodable texts incorporate cumulative practice of taught phonics skills.	4.3c	Decodable texts incorporate cumulative practice of taught phonics skills.	No changes proposed.
4.3d	Lessons include an instructional focus with opportunities for practice in isolation and decodable , connected text.	4.3d	Lessons include an instructional focus with opportunities for practice in isolation and decodable, connected text.	The consensus was to add the term “decodable” to be consistent with 4.1b.

4.4 Assessment*

19 TAC §74.2001(b)(1)(F) / Texas Reading Academies: Module 2E – The Science of Reading

4.4a	Materials include a variety of assessment tools that are developmentally appropriate.	4.4a	Materials include a variety of assessment tools that are developmentally appropriate.	No changes proposed.
4.4b	Materials include clear, consistent directions for accurate administration of assessments.		Guidance Removed	The recommendation is to remove this guidance since “clear, consistent directions for accurate administration” already exists in 2.1c for assessments, of which the phonics assessments would have already been included.
4.4be	Materials include progress monitoring tools that systematically and accurately measure students’ acquisition of grade-level phonics skills.	4.4b	Materials include progress monitoring tools that systematically and accurately measure students’ acquisition of grade-level phonics skills.	Change numbering due to the deletion of 4.4b.
4.4cd	Materials include assessment opportunities across the span of the school year aligned to progress monitoring tools.	4.4c	Materials include assessment opportunities across the span of the school year aligned to progress monitoring tools.	Change numbering due to the deletion of 4.4b.

Indicators marked with an asterisk (*) will be evaluated in phonics reviews. All indicators will be evaluated in ELAR reviews.

4.5 Progress Monitoring and Student Support*

19 TAC §74.2001(b)(1)(G) / Texas Reading Academies: Module 2E – The Science of Reading

4.5a	Materials include data-management tools for tracking individual student progress to make appropriate instructional decisions to accelerate instruction.	4.5a	Materials include data-management tools for tracking individual student progress to make appropriate instructional decisions to accelerate instruction.	No changes proposed.
4.5b	Materials include data-management tools for tracking whole-class student progress to analyze patterns and needs of students.	4.5b	Materials include data-management tools for tracking whole-class student progress to analyze patterns and needs of students.	No changes proposed.
4.5c	Materials include specific guidance on determining frequency of progress monitoring based on students’ strengths and needs.	4.5c	Materials include specific guidance on determining frequency of progress monitoring based on students’ strengths and needs.	No changes proposed.
4.5d	Materials include guidance on how to accelerate learning based on the progress monitoring data to reach mastery of specific concepts.	4.5d	Materials include guidance on how to accelerate learning based on the progress monitoring data to reach mastery of specific concepts.	No changes proposed.

5. Foundational Skills

Materials include guidance for explicit (direct) and systematic instruction in foundational skills, instructional routines, student practice, and cumulative review.

5.A Print Awareness

5.A.1 Print Awareness K-1

TEKS Correlation: Strand 1 / Texas Reading Academies: Module 7E – Pre-Reading Skills

5.A.1 a	Materials include guidance for the teacher <u>teacher guidance</u> to provide explicit (direct) and systematic instruction in print awareness and <u>for</u> regular review of print concepts, including how print has different purposes (K-1) (T)	5.A.1 a	Materials include teacher guidance to provide explicit (direct) and systematic instruction in print awareness and for regular review of print concepts, including how print has different purposes (K-1) (T)	The recommendation is to add “for” before “regular review” to clarify that “explicit (direct) instruction” doesn’t apply to “regular review” since that would not be part of the process of review. Change to teacher guidance to streamline wording.
5.A.1 b	Materials include frequent opportunities for students to apply print awareness knowledge while engaging with a variety of texts in a variety of formats. (K-1) (S) .	5.A.1 b	Materials include frequent opportunities for students to apply print awareness knowledge while engaging with a variety of texts in a variety of formats. (K-1) (S) .	No changes proposed.

5.B Oral Language

5.B.1 Oral Language Development*

TEKS Correlation: Strand 1 / Texas Reading Academies: Module 5E – Oral Language

Indicators marked with an asterisk (*) will be evaluated in phonics reviews. All indicators will be evaluated in ELAR reviews.

5.B.1a	Materials include explicit (direct) and systematic instructional guidance on developing oral language and oracy through a variety of methods (e.g., modeling, guided practice, coaching, feedback, and independent practice). (T)	5.B.1a	Materials include explicit (direct) and systematic instructional guidance on developing oral language and oracy through a variety of methods (e.g., modeling, guided practice, coaching, feedback, and independent practice). (T)	No changes proposed.
5.B.1b	Materials include opportunities for students to engage in social and academic communication for different purposes and audiences. (S)	5.B.1b	Materials include opportunities for students to engage in social and academic communication for different purposes and audiences. (S)	No changes proposed.
5.B.1c	Materials include authentic opportunities for students to listen actively, ask questions, engage in discussion to understand information, and share information and ideas. (S)	5.B.1c	Materials include authentic opportunities for students to listen actively, ask questions, engage in discussion to understand information, and share information and ideas. (S)	No changes proposed.

Indicators marked with an asterisk (*) will be evaluated in phonics reviews. All indicators will be evaluated in ELAR reviews.

5.C Alphabet

5.C.1 Alphabet Knowledge (K only)*

TEKS Correlation: Strand 1 / Texas Reading Academies: Module 7E – Pre-Reading Skills

5.C.1a	Materials include a systematic sequence for introducing letter names and their corresponding sounds. (PR 2.A.1)	5.C.1a	Materials include a systematic sequence for introducing letter names and their corresponding sounds. (PR 2.A.1)	No changes proposed.
5.C.1b	Materials include guidance for the teacher teacher guidance to provide explicit (direct) instruction for teaching and developing student automaticity in the identification of the 26 letters of the alphabet (upper and lowercase) and their corresponding sounds. (PR 2.A.1) (T)	5.C.1b	Materials include teacher guidance to provide explicit (direct) instruction for teaching and developing student automaticity in the identification of the 26 letters of the alphabet (upper and lowercase) and their corresponding sounds. (PR 2.A.1) (T)	Change to teacher guidance to streamline wording.
5.C.1c	Materials include guidance for the teacher teacher guidance to provide explicit (direct) and systematic instruction for letter formation for the 26 letters of the alphabet (upper and lowercase). (PR 2.A & 2.A.3) (T)	5.C.1c	Materials include teacher guidance to provide explicit (direct) and systematic instruction for letter formation for the 26 letters of the alphabet (upper and lowercase). (PR 2.A & 2.A.3) (T)	Change to teacher guidance to streamline wording.
5.C.1d	Materials include a variety of activities and/or resources (including the use of memory-building strategies) for students to develop, practice, and reinforce (through cumulative review) alphabet knowledge both in isolation and in the context of meaningful print. (PR 2.A & 2.A.3) (S).	5.C.1d	Materials include a variety of activities and/or resources (including the use of memory-building strategies) for students to develop, practice, and reinforce (through cumulative review) alphabet knowledge both in isolation and in the context of meaningful print. (PR 2.A & 2.A.3) (S)	Recommended to change to and/or since review teams found resources that included activities and activities that included resources.

5.C.2 Letter-Sound Correspondence*

TEKS Correlation: Strand 1 / Texas Reading Academies: Module 8E- Decoding, Encoding, and Word Study

5.C.2 a	Materials explicitly (directly), and systematically introduce letter-sound relationships in an order that allows for application to basic decoding and encoding (PR 2.A.1)	5.C.2 a	Materials explicitly (directly), and systematically introduce letter-sound relationships in an order that allows for application to basic decoding and encoding (PR 2.A.1)	No changes proposed.
5.C.2 b	Materials include guidance for the teacher teacher guidance to provide explicit (direct) instruction focused on connecting phonemes to letters within words with recommended explanatory feedback for students based on common errors and misconceptions. (PR 2.A & 2.A.2) (T)	5.C.2 b	Materials include teacher guidance to provide explicit (direct) instruction focused on connecting phonemes to letters within words with recommended explanatory feedback for students based on common errors and misconceptions. 5.D Phonological Awareness

5.D.1 Phonological Awareness (K-2)*

TEKS Correlation: Strand 1 / Texas Reading Academies: Module 6E – Phonological Awareness

<p>5.D.1 a</p>	<p>Materials include a systematic sequence for introducing phonological awareness activities in accordance with grade-level TEKS that begins with simple skills and larger units of sound (e.g., identifying and producing rhyming words, recognizing spoken alliteration, identifying the individual words in spoken sentences) and gradually transitions to more complex skills and smaller units of sound (e.g., adding, deleting, and substituting syllables). 7. Text Quality and Complexity

Materials ensure students spend a majority of their time interacting with increasingly complex grade-level text.

7.1 High-Quality Grade-Level Texts

TEKS Correlation: Strand 2 / Texas Reading Academies: Module 10E – Reading Comprehension

7.1a	Materials reflect the inclusion of text types and genres required by the grade-level TEKS.		Guidance Removed	After deliberation and comparison to TEKS language, it was determined that this guidance is redundant. The presence of these would be captured in citations during the IMRA Standards Alignment review and in the remaining guidance for this indicator.
