## Public Comments

### Public Comment ID 9527186

**Comment:** The 165-day curriculum does not take into account STAAR testing dates and has students learning new TEKS after STAAR has already been given. This does not allow for student to master all of the TEKS before the test.

The instructional materials also include a 150-day scope and sequence option.

#### Public Comment ID 9642016

**Comment:** With senate bill 2124, and having students automatically enrolled into 6th grade advanced math class, with the intent to have them prepared for Algebra I by 8th grade, taking 150 days to get through only the 6th grade curriculum would not leave any time for compacting in 7th grade standards into 6th grade.

**Publisher Response:** Reject

The Grade 6 materials cover 100% of Grade 6 TEKS through the 165-day or 150-day scope and sequence options.
