Texas Title I Priority Schools Grant

Schedule #4—Program Summary and Application Requirements

Part 1: Grant Program Information;

Summary of Program: Purpose and Goals

School Improvement Grants, authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA) as amended by ARRA, are grants, through the Texas Education Agency, to local educational agencies (LEAs) for use in Title I schools identified for improvement, corrective action, or restructuring and other eligible campuses that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of their students so as to enable the schools to make adequate yearly progress and exit improvement status. Under the final requirements, as amended through the interim final requirements published in the Federal Register in January 2010 school improvement funds are to be focused on each State's "Tier I" and "Tier II" schools.

Tier I schools are a State's persistently lowest-achieving Title I schools in improvement, corrective action, or restructuring and certain Title I eligible elementary schools that are as low achieving as the State's other Tier I schools. Tier II schools are a State's persistently-lowest achieving secondary schools that are eligible for, but do not receive, Title I, Part A funds and certain additional Title I eligible secondary schools that are as low achieving as the State's other Tier II schools or that have had a graduation rate below 60 percent over a number of years. An LEA may also use school improvement funds in Title I schools in improvement, corrective action, or restructuring that are not identified as persistently lowest-achieving schools and certain additional Title I eligible schools ("Tier III schools").

In the Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.

Allowable Activities

- Grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.

Tier III Grantees

- Tier III grantees may select one of the four intervention models in the federal regulations or the state's Tier III Transformation Model.
- If selecting one of the four models in the federal regulations, grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations. Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.

In addition, a Tier I, Tier II, Tier III grantee campus that has implemented, in whole or in part, either the Turnaround, Restart, or Transformation models within the last two years may continue or complete the implementation of the intervention model with the TTIPS grant funds. For example, if a grantee campus has replaced its principal within the last two years, the LEA/campus will not be required to hire another new principal. An LEA/campus that receives TTIPS SIG funds in accordance with this flexibility must fully implement the selected model as required by the final federal requirements. In other words, if the school had been implementing the model only in part, it must use the funds it receives to expand its implementation so that it fully complies with the federal regulatory requirements.

The detailed required and permissible activities for each intervention model, as defined in the final federal regulations are listed on Schedule #4—Program Requirements and are incorporated by reference herein.

The plan that we will put into place will focus on the achievement gaps of LEP, economically disadvantaged, and at risk students. School improvement should emphasize effective teaching methods and data-driven decisions including parental input to align the curriculum with instruction, assessment, and community needs. After learning outcomes are identified by educators, community members, parents, and students, data analysis is needed to determine where students are excelling as well as where they have needs. From the data, a flexible action plan that incorporates lifelong learning skills and relevance can be formulated and implemented. These are the steps that will be utilized to increase achievement gaps:							
 Overarching Goal 1: Improve academic achievement by ensuring data-driven instructional decisions through the alignment of curriculum, instruction, and assessment at the district, campus, and classroom level. 1. Systematically record walk-through data to discover trends in student engagement, instructional effectiveness, and assessment practices on each campus and across the district, 2. Evaluate results of campus self-studies and data collected from out-of-district campus visits. Reflect areas in greatest need of improvement in district and campus improvement plans. Overarching Goal 2: Align staff development for district, campus, and classroom leadership to enhance differentiated and innovative instructional delivery options. 1. Schedule #4B—Program Description

Part 1: Comprehensive Needs Assessment Cont.

of TEA.

Section C: Process Responses are limited to the space provided, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Describe, in detail, the process the LEA and campus followed/will follow to identify the needs of the campus.

Waxahachie High School will rely on the Campus Advisory Team, or CAT, to identify areas that need to be addressed with the transformation model. The process will be divided into three parts: data/needs analysis, personnel assessment, and allocation of funds. The CAT will identify the needs of the campus by examining the AEIS report provided to the team. In the fall of 2010, the CAT will have the most recent information available showing the most current test scores and survey data. The learning outcomes will be identified by educators, community members, business representatives, parents, and students and connected to the Campus Improvement Plan, or CIP.

Waxahachie High School is committed to involving all stakeholders in the improvement process and for that reason want to make sure they are involved in this important process. The committee will then analyze areas of strengths and weaknesses to determine what goals should be addressed by the intervention model. These outcomes will be identified by analyzing the campus AEIS report to determine where the achievement gaps need to be addressed. The team will then identify which student populations are in the greatest need and in what academic area. The team will then determine which intervention methods will best address the needs of the student body. At that point it will be important for the team to determine what personnel will be needed to meet the goals set forth by the team. If more math teachers, science teachers, or literacy coaches will be needed in order to incorporate the new plan, this would be the time for the CAT to discuss how many new personnel would be needed and in what capacity and for how long. The team would discuss how it would be possible to continue to employ extra staff members after three years. While on the subject of faculty and staff the team will then discuss incentives that could be offered to teachers who showed measurable improvement during the transformation process. The CAT will then decide what resources will be necessary to make sure Waxahachie High School meets the goals determined by the team and how funds should be allocated. The CAT will determine how funds from the grant will best benefit and aid the goals determined by the team.

At the district level, the District Improvement Team, or DIT, will hear a presentation on the Texas Title I Priority Schools Grant application guidelines in September, 2010. At this meeting, a representative of the Waxahachie High School CAT will present an overview of the High School's Needs Assessment data and program implementation plan. The DIT will also review the Waxahachie High School CIP.

Texas Title I Priority Schools Grant Schedule #4B—Program Description

Part 2: Project Management

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Capacity -- Describe the LEA's capacity to use grant funds to provide adequate resources and related services/support to the campus to implement, fully and effectively, the required activities of the school intervention model. The Waxahachie Independent School District will ensure the grant funds are used to provide adequate resources and related services/support by working hand-in-hand with the Waxahachie High School Campus Advisory Team, or CAT. Mr. David Truitt, Deputy Superintendent, will serve on the CAT as a district-level representative. He will help oversee the implementation of the program goals as established by the CAT via the campus Needs Assessment.

The CAT will meet each month and documentation of these meetings will be provided via sign-in sheets, agendas, and meeting notes. The Campus Improvement Plan will also be reviewed, including a review of each goal and action step as pertaining to the school improvement activities. Benchmarks will be established and monitored at the initial, interim, and final stages of the plan. Mr. Truitt will ensure the Federal Programs Coordinator, Mrs. Melissa Sulak, and the Federal Programs Grant Agent, Mrs. Julie Hastings, attends the CAT meetings. A financial report will be presented at each meeting, and an update of all resources purchased and/or services rendered will be discussed. These CAT meetings will be open to the public, and a time for questions will be provided on each meeting agenda.

Value added documentation will be reviewed during each meeting. Evidence of how each resource is selected and implemented, and how support is structured and reviewed will be discussed as well. A Report of Grant Expenditures will be presented, and all resources will be purchased following the WISD Procedures for Federal Program Funding guidelines. These guidelines center on the (1). Need of the Resource, (2). Request, Ordering, and Approval, (3). Payment, (4). Monitoring of Use of the Resource in the Program, and (5). Record in Fixed Asset Inventory for the campus (if applicable).

The CAT will ensure the completion date of each action step is being followed. The effectiveness and impact of the resources and services/support will be evaluated by the CAT. The evidence of implementation will be discussed to ensure each action step is completed. Qualitative and/or quantitative evidence will indicate whether the action step had any effect on moving forward in the campus transformation process.

staff, parents, community) regardin	g this application and proposed implementation o	f a school intervention model.				
Waxahachie High School created a committee made up of teachers, campus and district administrators, parents, and community members. The stakeholders were notified one week in advance that Waxahachie High School was eligible for a Title I grant, and that input on the process was needed. They were asked to attend a meeting where teachers, parents, and administrators would be present to discuss the details of the grant.						

Once the committee was formed, the stakeholders met before school in order for the grant writers to propose the four intervention models. The individuals in charge of writing the grant explained the details of the grant and why Waxahachie High School was eligible for this grant. The participants were given a brief presentation that explained that Waxahachie High School qualified as a Title I school, and, therefore, was eligible for the Title I Texas Priority Schools Grant. Through this grant, the writers explained that WHS would be eligible for a \$6 million dollar grant, receiving \$2 million a year for three years.

The grant writers then explained to the committee that in order to apply for the grant, WHS had to choose one of four intervention models that would best suit the needs and improvement needed at the campus level. The four models were explained in detail. The turnaround, restart, closure, and transformation models were all presented to the committee and then discussed amongst the group. The committee was given ample time to ask any questions they had about the process or the grant. They discussed amongst themselves their concerns about the four different models and their concerns were addressed to campus administrators.

After further discussion, the committee felt it was ready to take a vote on which improvement model everyone felt was appropriate for WHS. Once again, before taking a vote on the appropriate model for WHS, team members were able to ask any and all questions they had about the four intervention models. After all questions were answered, the team was able to vote on which model they felt was appropriate for Waxahachie High School. The model chosen by the committee was the transformation model. After the committee reached this conclusion they discussed further the type and time line for implications that would come along with receiving the grant. One parent that sat in on the committee expressed that she felt an intervention plan such as the transformation model would allow all students, not just the lower achieving students, to reap the benefits from an intervention plan such as the one chosen. The teachers on the committee expressed their concerns about how the faculty and staff might feel if they were approached as if this was another mandate being added to their plate. The teachers wanted to make sure that if Waxahachie High School was awarded this grant that the administrators at WHS should approach the faculty from the perspective of the large amount of benefits that WHS would be able to experience with the implementation of the transformation model. WHS administrators expressed their excitement about the unlimited amount of advantages that would come from this grant.

After all discussion and concerns were addressed, the committee adjourned and left on a positive note and excited about the possibilities that Waxahachie High School could experience in the future.

Part 2: Project Management Cont.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Management of Grant Activities – Describe how the LEA and campus will modify its practices and/or policies, as necessary, to ensure its implementation of the intervention(s) fully and effectively.

The LEA and campus will modify its practices and policies, as necessary, to ensure its implementation of the intervention fully and effectively. Waxahachie High School is fully committed to seeing the grant funds used to its fullest extent. As a community, WHS is aware that if we should receive this grant, there would be major changes and additions to what WHS is currently doing instructionally and academically in order to seek the improvement that is needed as determined by the Campus Advisory Team, or CAT. There are necessary steps that will include all stakeholders and their participation in the intervention process.

In order to ensure successful use of grant funds, the grant and the details of the intervention model will be presented to the faculty and staff at the beginning of the year. There will be an opportunity for comments and questions in order to analyze any concerns that may stem from faculty concerns. The intervention model will be presented at a separate faculty meeting in the next few weeks following the initial meeting in order to not overload faculty members all at once with the details and intervention plan timeline. At the second meeting, the details of the intervention plan and its impact on the student body and faculty will be explained in the form of a timeline created by the Campus Advisory Team. After the second meeting where the details of the grant were explained to the faculty at WHS, the Campus Advisory Team will then begin its process of modifying practices that take place at WHS to meet the needs and requirements of the grant. After the initial meeting with the CAT team, the campus administrators will then again meet with the faculty members to explain what the CAT team discussed as far as implication to the practices and procedures normally followed at WHS. Campus administrators would end the meeting with a question and answer session to address the concerns that may come from faculty members.

WHS is dedicated to seeing that the goals put in place by the CAT team are met and the resources made available are utilized to the fullest extent. However, in order for this process to work the faculty has to be on board, and, therefore, their needs and concerns must be addressed at faculty meetings on a regular basis. Many times some of the best suggestions and ideas come from collaborative meetings, not just with the CAT, but with the faculty as a whole. The Campus Advisory Team will meet once every month to identify areas of weaknesses and strengths of the intervention model being implemented, and then meet with the faculty every six weeks to update them on the progress of the campus as a whole. The team will rely on feedback from teachers, paraprofessionals, students, parents, and community members to identify areas of improvement and weakness with the chosen intervention model through the regularly scheduled meetings.

The committee will then use all stakeholders to brainstorm effective manners in which to improve implementation techniques during these meetings to ensure success of the opportunity that has been given to Waxahachie High School. It will be the requirement of the project manager to take the details of these meetings and put them into a document for the committee to analyze at the next meeting in order to ensure the proper implementation of the criteria included in the grant.

Resource Management – Describe how the LEA/campus will align other resources (federal, state, local, and community) with the school improvement intervention.

At the campus level, Waxahachie High School will be able to align resources to aid in making sure the implementation model is done effectively. WHS will use funds from the Title I grant, campus funds, and other resources to ensure the success of the grant. To what benefit these funds will be allocated will depend on the extent and detail of the goals that are developed by the Campus Advisory Team, or CAT. Community resources will be used, such as community volunteers, community sponsorships for family nights, and community members, to sit in on CAT meetings. Local resources will be utilized to help the LEA reach its goals identified in the campus goals by providing any parent volunteers that might be needed to help in community wide events hosted at the school. Parents would also be utilized to serve as a member of the CAT and help keep WHS focused on the goals set by the team, and provide a parents perspective on the improvements and weaknesses of the intervention plan.

A resource management report and fund allocation page will be included in the Campus Improvement Plan, or CIP. These reports will be reviewed and discussed at each CAT meeting.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Grant Project Manager Qualifications – Describe the qualifications of the person selected to be the project manager for this grant on the campus.

The project manager will anticipate and prepare for the challenges associated with the transformation model implementation plan. In doing so, he will reflect and respond appropriately as the real work of the transformation model reform takes shape and form. The action of the project manager is key to the campus' success and will determine the tone and pace of the campus's improvement efforts and the interpretation of progress toward goals. The project manager for the Waxahachie High School plan is the campus principal, Mr. David Nix.

Mr. Nix has been in the position of campus principal for the last five years and has impacted the climate and culture at Waxahachie High School with his positive outlook on education. Previously, Mr. Nix has served as the Director of Support Services in numerous administrative positions in both the Waxahachie and Garland ISDs.

WHS has experienced its own highs and lows over the last five years. The leadership that Mr. Nix has provided has been outstanding and a key factor in keeping the turnover rate for teachers at a low percentage. He has provided instructional leadership to the campus' faculty in such a way that is motivating and inspiring. He has done an excellent job of creating leadership teams that can be constructive and influential in implementing the intervention model selected by the campus committee.

He has attended numerous Title I meetings and understands the qualifications of a Title I school. He has orchestrated numerous campus improvement meetings and plans over the last five years that have lead WHS out of low ratings to recognized status. He is a qualified and capable project manager that will be willing to do whatever it takes to achieve positive and measurable success with the funds given to WHS for the purpose of this grant. Therefore, should WHS be awarded this grant the faculty, staff, community members, parents, and students here in Waxahachie have full confidence that the campus principal will be able to create, plan, and implement the transformation model so that WHS can receive the greatest amount of help possible during this time of improvement.

Mr. Nix will also be mentored by Mr. David Truitt, Deputy Superintendent. Their current working relationship lends itself to ensuring the successful implementation of this grant. Mr. Nix knows he can trust and call upon Mr. Truitt whenever he has a question or concern.

LEA Support – Describe how the LEA will structure and implement an individual or office with responsibility for supporting the campus' school improvement efforts.

The Waxahachie Independent School District recently requested and received Board approval of a new district-level position, Director of Student and Campus Support. This new position will be used to assist Mr. David Nix, Waxahachie High School principal, in the implementation of the transformation model school improvement plan. The duties of this new position were distinctly outlined with this grant and implementation plan and needs in mind.

After reviewing many applications and interviewing many qualified candidates, Mr. Glen Tolar, current Waxahachie High School Assistant Principal for Instruction, was asked to serve in this new role. Mr. Tolar's recent work and current relationship with Mr. Nix helped make him the perfect candidate for the position. Mr. Tolar has worked with Mr. Nix for many years at the High School. They each hold the other in high regard and are excited about the possibilities of working together on this grant and new improvement model for the High School.

Mr. Tolar's office will be located at the Waxahachie ISD Administration Building. Here, he can work hand-in-hand with Mr. David Truitt, Deputy Superintendent, Mrs. Melissa Sulak, Federal Programs Coordinator, and Mrs. Teresa Thomas, Assistant Superintendent for Finance, on all things relating to the grant. Mr. Tolar will be available on a daily basis to meet with Mr. Nix to discuss any and all grant-related inquiries.

Mr. Tolar will serve on the High School Campus Advisory Team and will also be a part of the grant planning team. Again, Mr. Tolar's main focus will be supporting Mr. Nix and the High School in any and all school improvement efforts.

Program Continuation and Sustainability – Describe how the LEA will sustain the campus reforms after the funding period ends.

Via a systematic process to evaluate the impact of the grant funding on school improvement, the Campus Advisory Team, or CAT, will make a recommendation to Mr. David Truitt, Deputy Superintendent, to continue or discontinue the different campus reforms put in place due to the transformation model action plan.

The CAT will compare the identified needs to the established performance objectives in the Campus Improvement Plan, or CIP. The CAT will ask the following questions:

- What change occurred?
- Did the program/activity (resource, training, etc.) accomplish what was expected?
- Is the program/activity worth continuing using federal and/or local funds?

Based on the recommendation of the CAT, Mr. Truitt will take the proposal for continuing the grant programs/activities to the Board of Trustees for review. The proposal will include rationale for continuing the program/activity, costs associated with continuing the program/activity, data to support the need to continue the program/activity, and which fund (local or federal) will be used to continue the program/activity.

Based on available funds, the Board will vote to accept one or more of the recommended proposals. If local or federal funds are not available, WISD would seek via other grant opportunities ways to continue the most successful grant programs/activities.

External Providers -- Describe how the LEA will recruit, screen, and select external providers to ensure their quality. Due to past Title I, Part A, School Improvement, Stage I plans, Waxahachie High School has contracted with the School Improvement Resource Center, or SIRC, in securing campus liaisons or mentors. Region X assisted in recommending candidates for the positions, along with phone numbers to call regarding work history, experience, and recommendations from past supervisors. WHS has worked with two campus liaisons in the past who would be welcomed back to the campus to assist with the transformation model implementation plan.

The committee that completed the Comprehensive Needs Assessment will reconvene to review and screen candidates. Interview questions will be discussed and approved as well. After the completion of the interviews, the final candidate will meet with Mr. Nix and Mr. Thomas Collins, Superintendent, to discuss expectations and implementation plans.

All resources and trainings will be discussed and approved via the Campus Advisory Team and the SIRC liaison. Region X will also assist in screening and selecting the best providers (research-based, data-driven, etc.) for these services.

Site Visits – If the intervention program includes site visits to other campuses successfully implementing the intervention model, describe the process for selecting the locations and the expected outcomes of the site visit.

Should the transformation model include site visits to other campuses, the project manager would use the campus advisory team to identify and select campuses to visit that are successfully implementing the intervention model. The campus advisory team would be made aware that the campus selection is crucial to Waxahachie High School and the success of our intervention model. The team would very thoughtfully be presented with a variety of campuses that met the criteria needed to help and aid WHS in the successful implementation of the model.

These campuses should be of similar size and demographics as Waxahachie High School as to observe the best environment and culture to implement this model on our campus. Then, campuses not similar to the demographics of WHS could be chosen should the committee feel other particular campuses met the criteria and would be useful in serving as an example for WHS. The committee would be expected to collaboratively agree on which campuses should be included in the committee site visits. The project manager would emphasize the importance of the campus visits and its impact on the success of the model that Waxahachie High School implements. The expected outcome of the visits would hopefully result in a number of strategies and tools that would be useful for Waxahachie High School in implementing the transformation model. The team that would attend these site visits would look for: program implementation techniques, strengths and weaknesses that were observable during the visit, suggestions from visiting schools on how to evaluate program success, input from the faculty members on their views of the intervention model, and get a feel for the climate of the school presently undertaking this transformation model. Program implementation techniques would be important to note when visiting other campuses so that WHS would not make the same mistakes made by other campuses already in the process with the intervention model. Questions to be asked on the site visit might include: (1). what were some initial missteps that were taken when first implementing the model, (2). what hesitations did your faculty have when you first began to undertake the transition, (3). what are some clear signs of improvement you have seen just in the short time since you began to undertake this intervention model, (4). what were important steps that we should follow in order to make sure we utilize the intervention model we chose effectively? It would be the objective of the visiting team to take all of these aspects into consideration during the campus visits.

When the team returns to the campus it is imperative that they share their finding with the CAT team and discuss options for implementation at WHS. The CAT team should openly discuss issues that the visiting team found crucial in their implementation of the intervention plan.

Part 3: Intervention Model

Section B: Model Selection Process - Describe in detail:

1. The process the LEA and campus followed/will follow to select a school intervention model that aligns to the identified needs of the campus.

2. The timeline delineating the steps the campus will take to implement the selected intervention.

Responses are limited to *five pages*, front side only, with a font size no smaller than 9 point (Arial or Verdana).

The process Waxahachie High School followed to select a school intervention model was based on the fact that WHS is, according to TEA, a Tier III campus. The description of the transformation model stated that this model is based on three principles: (1). improving student achievement and increasing college and career readiness by building the capacity of campus leaders and teachers; (2). improving campus climate through social and emotional supports; and (3). utilizing district support to transform systems. The individuals in charge of program selection felt that these three categories will best address student needs here at WHS.

In this section, the transformation model will be delineated according to short-term, intermediate, and long-range action steps necessary to achieve the overarching goals identified in the Needs Analysis. Short-term goals are those action steps which can be reasonably accomplished within one year of implementation of the transformation model. Intermediate goals may require two to three years to be fully achieved, while long-range goals can be expected to take from three to five years to be realized. The transformation model timeline is organized within the framework of the overarching goals identified in the needs analysis done by the Campus Advisory Team.

SHORT-TERM GOALS: FALL

<u>Overarching Goal 1</u>: Improve academic achievement by ensuring data-driven instructional decisions through the alignment of curriculum, instruction, and assessment at the classroom level.

Action Steps:

- 1. Check for alignment of curriculum, instruction, and assessment at the district level.
- 2. Check standards between grades for gaps and repetitions.
- 3. Identify philosophy of district and campus leaders and adjust to a learner-centered model.
- 4. Conduct a self-study on each campus to identify instructional strategies being used whether they are effective.
- 5. Send teams of district, campus, school board, and community leaders to visit schools which have been successful with similar student populations; observe evidence of alignment between curriculum, instruction, and assessment.
- 6. Identify specific problem areas in curriculum, instruction, and assessment, and form groups to address problems.
- 7. Establish a clearly defined set of district initiatives based upon student data and areas of misaligned curriculum, instruction, and assessment.
- 8. Establish an expectation that every campus administrator will monitor instruction daily
- 9. Set aside time for collaborative planning across the district and within each department.
- 10. Hold frequent campus celebrations to recognize and reward progress toward goals.

<u>Overarching Goal 2</u>: Align staff development to enhance differentiated and innovative instructional delivery options. <u>Action Steps</u>:

- 1. Survey staff and administrators to determine areas of frustration caused by poorly aligned curriculum, assessment, instruction, and professional development. Provide relevant training to meet individual and group needs.
- 2. Ensure alignment between staff development and district goals.
- 3. Create short and long term staff development goals and plans for campus and classroom leaders. Within the plan, specify follow-up activities which will provide context and application for practicing new skills and concepts.
- 4. Investigate ways to attract and retain highly qualified teachers.
- 5. Subscribe to professional research databases and start a professional development library on each campus.
- 6. Start reading circles of teachers who meet to study current research.
- 7. Investigate creative scheduling to allow staff development to occur during regular school hours.

Part 3: Intervention Model

Section B: Model Selection Process Cont. Responses are limited to *five pages*, front side only, with a font size no smaller than 9 point (Arial or Verdana).

- 8. Hold regular brainstorming and problem solving meetings led by administrative team leaders department heads.
- 9. Train principals to lead teachers in creating campus-specific staff development. This staff development time should be used to address campus-specific issues.
- 10. Begin to build a partnership with the Southern Assemblies of God University or other colleges of education. Lay the groundwork for a professional development campus by looking at options, visiting schools in other districts, and monitoring local campus improvement efforts.

Overarching Goal 3: Create smaller learning communities within schools and lower the number of students per teacher to allow for more learner-centered instruction.

Action Steps:

- 1. Investigate options in reducing the size of learning communities within the school in a way that makes each learning community feel special and empowered. Encourage participants to study the practice of organizing large campuses into smaller units such as multi-grade or cross-departmental "families" or "houses."
- 2. Train campus leadership to recognize what learner-centered instruction looks like and how to evaluate it.
- 3. Train teachers in creating/using learner-centered lessons & small group instruction to increase student engagement.
- 4. Educate parents about learner-centered practices & how it affects class assignments, lessons, homework, & grades.
- 5. Reduce number of students per teacher and reduce class size averages by bringing in additional teachers, teaching assistants, pre-service teachers, and volunteers.
- 6. Hire literacy coaches to work with students who are below grade level in reading on a weekly basis.
- 7. Partner with area businesses to bring in more mentors and real-life problem solving opportunities.
- 8. Work with Southern Assemblies of God University and other colleges of education to increase the number of contact hours that pre-service teachers spend in WHS classrooms and to improve pre-service teacher preparation in the area of learner-centered practices.
- 9. Study highly effective schools research to find ways to make students feel less anonymous in classes.
- 10. Begin gathering hard and soft data to gauge whether student engagement and achievement is affected by introducing smaller learning communities and reduced student-teacher ratios.

<u>Overarching Goal 4</u>: Learner-centered practices will decrease the dropout rate through increased relevancy of instruction and engagement of students.

Action Steps:

- 1. Survey students who are dropping out and parents of dropouts; identify reasons for their decisions.
- 2. Keep learner-centered practices as a focus of staff development.
- 3. Survey students to identify reasons for attendance problems; cross reference with grades & feedback from teachers.
- 4. Survey high school completers to see what motivates them to complete school.
- 5. Survey teachers of dropouts for their perspective and compare to instructional monitoring. Compare results from surveys to identify common elements across the district.
- 6. Conduct on each campus a study of dropout research and best practices/highly effective schools research.
- 7. Identify areas where highly effective schools research can be implemented to improve school culture and climate.
- 8. Invite WHS classroom and campus leaders to staff development sessions to share ways for elementary and junior high teachers to prepare students to be successful in high school.
- 9. Assess and monitor communication with parents. Utilize a variety of communication options including conferences, notes, newsletters, phone calls, email, and web pages.
- 10. Recognize outstanding WHS students at each school board meeting.
- 11. Partner with local business community to create an incentive program for perfect attendance and honor roll.
- 12. Hold academic pep rallies on each campus several times per year. Vary themes, games, and prizes.

Overarching Goal 5: Build an inclusive learning community across the district to provide a continuum of resources which will meet the needs of diverse students and families.

Action Steps:

1. Evaluate the campus mission statement to ensure inclusiveness.

Action Steps:						

- 1. Conduct regular walk-through evaluations to observe evidence of new staff development training in use.
- 2. Publish staff development news in school district newsletters, on the district website, and in the local newspaper.
- 3. Bestow monthly awards for innovative lessons.
- 4. Set aside money in the district budget to send teams of teachers to out of town, overnight training; in the process, continue building feeling of teamwork and collaboration.
- 5. Budget for each teacher to join a professional organization and attend at least one professional conference per year.
- 6. Offer staff development to support effort to create smaller learning communities.

- 7. Address staff development needs of paraprofessionals and manual trades employees.
- 8. Create incentives for paraprofessionals to continue their education.
- 9. Start a "grow your own" program to help teachers who wish to become school counselors, diagnosticians,
- administrators, or other professions requiring advanced degrees or certifications.
- 10. Draft a plan for the creation of a professional development school in partnership with Southern Assemblies of God University or another college of education. Identify a historically unsuccessful campus as a home for this program.

<u>Overarching Goal 3</u>: Create smaller learning communities within schools and lower the number of students per teacher to allow for more learner-centered instruction.

Action Steps:

- 1. As smaller learning communities are formed, arrange regular cycles of visits to each campus from professionals at other campuses so that principals and teachers have opportunities to see what is being done at their own level and at levels above or below them.
- 2. Establish a formal process to encourage parents to volunteer in the classroom to further reduce the number of students per adult.
- 3. Train principals and teachers in the effective use of volunteers and paraprofessionals.
- 4. Ask principals to assign each student a faculty adviser to monitor & encourage academic progress/attendance.
- 5. Add distance learning opportunities (such as video conferencing and virtual field trips) to enrich local instruction.
- 6. Start a local online community where teachers can post questions about learner-centered lesson planning.

<u>Overarching Goal 4</u>: Learner-centered practices will decrease the dropout rate through increased relevancy of instruction and engagement of students.

Action Steps:

- 1. Install large bulletin boards in areas frequented by staff (workrooms, lounges, office area); use the space to display evidence of learner-centered lessons (photos, notes from parents and students, work samples).
- Provide a digital camera for every ECISD employee, including custodians; take photos of students engaged in relevant, learner-centered school work both in and out of the classroom. Display copies of photos on large bulletin boards in the cafeterias and libraries to build students' sense of ownership of their work and pride in the school.
- 3. Require students to make contact with their faculty advisors at least once a week.
- 4. Faculty advisors will contact parents if student is absent more than one day per six weeks.
- 5. Survey students to determine appropriate incentives for perfect/improved attendance; reward students generously.
- 6. Train support personnel, custodians, and cafeteria workers in the importance of building rapport and showing personal interest in individual students, especially At-Risk, disruptive, and extremely shy students.

<u>Overarching Goal 5</u>: Build an inclusive learning community across the district to provide a continuum of resources which will meet the needs of diverse students and families.

Action Steps:

- 1. Host an open house prior to start of school; send personal invitations and attempt to contact each parent and student by phone.
- 2. Hold monthly family nights with varying academic themes.
- 3. Hold a Fine Arts night on campuses to display student talent in art, music, dance, creative writing, and technology.
- 4. Increase the number of field trips to expose students to a wide variety of cultural experiences.
- 5. Contract with translators from outside the school district so that parents will be more trusting of the translators. Have these translators available for parent conferences, ARD meetings, etc.
- 6. Equip all classrooms with smart boards, laptop computers, and other technology.

LONG-RANGE GOALS: SUMMER

<u>Overarching Goal 1</u>: Improve academic achievement by ensuring data-driven instructional decisions through the alignment of curriculum, instruction, and assessment at the campus and classroom level.

Part 3: Intervention Model

Section B: Model Selection Process Cont. Responses are limited to *five pages*, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Action Steps:

- 1. Invest in software program to manage lesson plan bank of learner-centered lessons created by WHS teachers; create easily-accessed links to additional lesson plan banks currently available.
- Assemble campus and district teams to chart data gathered from walk-through observations of classrooms. Compare walk-through data to assessment data to discover and correct misalignment of curriculum, instruction, and assessment.
- 3. Evaluate data from late start/late release school days and other creative campus initiatives to allow for more planning time. Make adjustments as needed.
- 4. Create a committee to evaluate the need for remodeling to eliminate physical barriers to collaboration and learnercentered lessons (i.e. classrooms that are too small or dark, outdated technology, under-equipped laboratories, isolated classrooms, classrooms too close to sources of excessive noise or distraction, etc.).

Overarching Goal 2: Align staff development to enhance differentiated and innovative instructional delivery options. Action Steps:

- 1. Establish "road show" teams of teachers who present staff development sessions at professional conferences.
- 2. Offer local "best of the best" mini-conferences where WHS teachers share their very best work with each other in breakout sessions.
- 3. Partner with Southern Assemblies of God University, or other universities to offer night and weekend college classes on campuses.
- 4. Broaden the scope of staff development as student performance in core areas improves; train teachers in the use of multidisciplinary studies.

Overarching Goal 3: Create smaller learning communities within schools and lower the number of students per teacher to allow for more learner-centered instruction.

Action Steps:

- 1. Analyze cohort group data to determine if smaller classes are effective.
- 2. Encourage cohort group students to adopt a cause (charity work, civic affairs, global concerns, etc.) in order to promote service-learning.
- 3. Encourage students, teachers, and parents apply core studies in their volunteer work in order to extend learning beyond normal classroom bounds.
- 4. Guide students in publicizing research projects and other work.

<u>Overarching Goal 4</u>: Learner-centered practices will decrease the dropout rate through increased relevancy of instruction and engagement of students.

Action Steps:

- 1. Train campuses to track progress of their students as they move to the next level of education. Collect stories of success and even failure in order to better prepare current students for the next level and beyond.
- 2. Compile a roster of community and parent volunteers who possess specialized talents and training that might be of assistance to individual students in their studies; allow students to access roster to invite volunteers as needed.
- 3. Build attractive display cases to house student projects in hallways and the library of each campus. Bring in a rotation of amazing student work to the central administration building lobby.

<u>Overarching Goal 5</u>: Build an inclusive learning community to provide a continuum of resources which will meet the needs of diverse students and families.

Action Steps:

- 1. Start a Cultural Ambassador program that pairs newly immigrated families with WHS families
- 2. Start a Parent Center where parents can learn how to help their children at home, earn a GED, learn to speak English, etc.; align parent training with campus staff development goals and with needs identified by surveys.
- 3. Involve parents in establishing a standard number of contact hours for parents to volunteer at school; enlist teachers to create opportunities for them to volunteer in meaningful ways and at non-standard school hours.

Section A: Ongoing Monitoring/Continuous Improvement - Describe the LEA/campus' process for providing ongoing monitoring of grant activities to ensure continuous improvement

The Waxahachie Independent School District will provide on-going monitoring of all grant activities by working hand-inhand with the Waxahachie High School Campus Advisory Team, or CAT. Mr. David Truitt, Deputy Superintendent, will serve on the CAT as a district-level representative. He will help oversee the implementation of the program goals as established by the CAT via the campus Needs Assessment.

The CAT will meet each month and documentation of these meetings will be provided via sign-in sheets, agendas, and meeting notes. The Campus Improvement Plan will also be reviewed, including a review of each goal and action step as pertaining to the school improvement activities. Benchmarks will be established and monitored at the initial, interim, and final stages of the plan. Mr. Truitt will ensure the Federal Programs Coordinator, Mrs. Melissa Sulak, and the Federal Programs Grant Agent, Mrs. Julie Hastings, attends the CAT meetings. A financial report will be presented at each meeting, and an update of all resources purchased and/or services rendered will be discussed. These CAT meetings will be open to the public, and a time for questions will be provided on each meeting agenda.

Value added documentation will be reviewed during each meeting. Evidence of how each resource is selected and implemented, and how support is structured and reviewed will be discussed as well. A Report of Grant Expenditures will be presented, and all resources will be purchased following the WISD Procedures for Federal Program Funding guidelines. These guidelines center on the (1). Need of the Resource, (2). Request, Ordering, and Approval, (3). Payment, (4). Monitoring of Use of the Resource in the Program, and (5). Record in Fixed Asset Inventory for the campus (if applicable).

The CAT will ensure the completion date of each action step is being followed. The effectiveness and impact of the resources and services/support will be evaluated by the CAT. The evidence of implementation will be discussed to ensure each action step is completed. Qualitative and/or quantitative evidence will indicate whether the action step had any effect on moving forward in the campus transformation process.

Schedule #4C—Performance Assessment and Evaluation

Part 1: Component Description. By submitting this application, the applicant agrees to comply with any reporting and evaluation requirements that TEA may establish and to submit the reports in the format TEA requests. (Response limited to one page each, font size no smaller than 9 pt, Arial or Verdana)

Section B: Formative Evaluation- Describe the LEA/campus' process for formative evaluation, including how the results of the evaluation will be used to improve the grant program

Waxahachie High School is dedicated to seeing the full implementation of the intervention model and its success for WHS students. In order to ensure improvement on the campus, the results of the evaluation will be used to improve the grant program. The Campus Advisory Team will create a process for formative evaluation that allows all stakeholders to see measurable improvements in the areas that are addressed through the intervention model.

The purpose of formative evaluation is to validate or ensure that the implementation plan goals are being achieved, and if necessary, by means of identification and subsequent remediation of problematic aspects formulate a corrective action plan. There are many evaluation tools that WHS will use – observation, in-depth interviews, surveys, focus groups, data analysis, and reports.

In order for this process to work the faculty has to be on board and therefore their needs and concerns must be addressed at faculty meetings on a regular basis. Many times some of the best suggestions and ideas come from collaborative meetings, not just with the Campus Advisory Team, but with the faculty as a whole. The Campus Advisory Team will meet once a month to identify areas of weaknesses and strengths of the intervention model being implemented then meet with the faculty every six weeks to update them on the progress of the campus as a whole. The team will rely on feedback from teachers, paraprofessionals, students, parents, and community members to identify areas of improvement and weakness with the chosen intervention model through the regularly scheduled meetings. The committee will then use all stakeholders to brainstorm effective manners in which to improve implementation techniques during these meetings to ensure success of the opportunity that has been given to Waxahachie High School. It will be the requirement of the project manager to take the details of these meetings and put them into a document for the committee to analyze at the next meeting in order to ensure the proper implementation of the criteria included in the grant.

Part 1: Component Description. By submitting this application, the applicant agrees to comply with any reporting and evaluation requirements that TEA may establish and to submit the reports in the format TEA requests. (Response limited to one page each, font size no smaller than 9 pt, Arial or Verdana)

Section C: Qualitative and Quantitative Data Collection Methods- Describe the LEA/campus' process for data collection methods to be implemented and 1) how the data will be disaggregated; 2) used to improve instruction; and 3) obtain continuous improvement results

Many educators believe that focusing on state-mandated test scores as a sole indicator of school improvement results in shallow, unproductive instructional practices. Rather, school improvement should emphasize effective teaching methods and data-driven decisions including parental input to align the curriculum with instruction, assessment, and community needs. After learning outcomes are identified by educators, community members, parents, and students, data analysis is needed to determine where students are excelling as well as where they have needs. From the data, a flexible action plan that incorporates lifelong learning skills and relevance can be formulated and implemented.

In the last three years Waxahachie High School has gone from academically unacceptable to a TEA recognized school. WHS as a whole is committed to staying away from future pitfalls, academically and instructionally. The faculty members at WHS are weary of returning to the status of a low performing campus and are eager for an improvement plan that they support and can be on board with. Therefore, the data collected through the disaggregation process will be used to improve instruction in the areas identified by the Campus Advisory Team. All faculty members and staff members will be full participants in using our data to measurably improve academic performance. Strategies for getting WHS where we would like to be would be discussed with the faculty members as a whole. The CAT committee will be responsible for a large amount of decisions regarding the transformation model, but it will be imperative to have the campus as a whole be a willing participant in the long journey to improvement.

Questions to be answered by the campus:

- Where are we now?
- Questions and concerns about where we are now.
- Questions Related to Theoretical Basis of How We Can Change,
- Strategies for Getting WHS to Where We Want to Be

Part 2: Process for Development of Performance Goals

Describe the process to be implemented to develop the campus' performance goals. Include the groups participating in the development of the goals.

Responses are limited to *two* pages, front side only, with a font size no smaller than 9 point (Arial or Verdana).

In order to reach the goals that emerged from the needs analysis, Waxahachie High School needs a carefully orchestrated plan of action. This plan must adhere to the tenets of the theoretical foundation that WHS believes in while remaining grounded in reality. Further, successful implementation of the plan of aaction demands strategic, incremental action steps rather than sudden and drastic transformation.

In this section, the plan of action will be delineated according to short-term, intermediate, and long-range action steps necessary to achieve the five overarching goals identified in the needs analysis. Short-term goals are those action steps which can be reasonably accomplished within one year of implementation of the Plan of Action. Intermediate goals may require two to three years to be fully achieved, while long-range goals can be expected to take from three to five years to be realized.

The plan of action is organized within the framework of the overarching goals identified in the needs analysis. Steps to achieve each goal follow a logical progression of action through short-term, intermediate, and long-range goals. Action steps also take specific recommendations of theorists and order them chronologically. However, introducing the use of multidisciplinary instruction before aligning the curriculum could be confusing at the least and disastrous at the most.

SUMMARY OF THEORETICAL FOUNDATION

by

- 1. Depth of instruction is more effective than breadth of information.
- 2. Shallow instruction results in superficial knowledge for learners.
- 3. Learner-centered instruction is superior to teacher-centered instruction.
- 4. Instructional changes must be accompanied by curricular changes.
- 5. The goal of instructional and curricular change is to create rich learning environments applicable to real life.
- 6. In order to sustain school improvement, educators, community members, parents, and students must identify the needs and desired outcomes, assess current practices, and then design a plan of action to move forward.
- 7. Creation and implementation of creative, problem-based learning with learner-centered curriculum, effective instruction, flexible curriculum, and feedback including assessment leads to improved standardized test results.

Statement of provisions and assurances for the program(s) in this application:

A. Terms defined: As used in these Provisions and Assurances,

- Contract means the entire document, and all of TEA's attachments, appendices, schedules (including but not limited to the General Provisions and the Special Provisions), amendments and extensions of or to the Standard Contract;
- Agency or TEA means the Texas Education Agency;
- Contractor means the party or parties to this contract other than Agency; including its or their officers, directors, employees, agents, representatives, consultants and subcontractors, and subcontractors' officers, directors, employees, agents, representatives and consultants;
- Project Administrator means the person representing Agency or Contractor, as indicated by the contract, for the purposes of administering the contract project;
- Contract Project means the purpose intended to be achieved through the contract of which these Provisions and Assurances are a part;
- Applicant means the same as Contractor;
- SAS means the Standard Application System of which the application document is a part;
- "Application" means the entire package submitted by the Applicant including the schedules contained in the application and so indicated on the General Information page of the application package;
- Amendment means an application that is revised in budget categories and/or in program activities. It includes both the
 original application and any subsequent amendments; or extensions thereto;
- Works means all tangible or intangible material, products, ideas, documents or works of authorship prepared or created by Contractor for or on behalf of TEA at any time after the beginning date of the Contract (Works includes but is not limited to computer software, data, information, images, illustrations, designs, graphics, drawings, educational materials, assessment forms, testing materials, logos, trademarks, patentable materials, etc.); and,
- Intellectual Property Rights means the worldwide intangible legal rights or interests evidenced by or embodied in: (a) any idea, design, concept, method, process, technique, apparatus, invention, discovery, or improvement, including any patents, trade secrets, and know-how; (b) any work of authorship, including any copyrights, moral rights or neighboring rights; (c) any trademark, service mark, trade dress, trade name, or other indicia of source or origin; (d) domain name registrations; and (e) any other similar rights. The Intellectual Property Rights of a party include all worldwide intangible legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.
- Grant means the same as Contract;
- Grantee means the same as Contractor;
- Grantor means the same as Agency; and
- DCC means the Document Control Center of Agency.
- **B. Contingency:** This contract is executed by Agency subject to the availability of funds appropriated by legislative act for the purposes stated. All amendments and/or extensions or subsequent contracts entered into for the same or continued purposes are executed contingent upon the availability of appropriated funds. Notwithstanding any other provision in this contract or any other document, this contract is void upon appropriated funds becoming unavailable. In addition, this contract may be terminated by Agency at any time for any reason upon notice to Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency. This contract may be extended or otherwise amended only by formal written amendment properly executed by both Agency and Contractor. No other agreement, written or oral, purporting to alter or amend this contract shall be valid.
- **C. Contractor's Application:** Furnished to Agency in response to a request for application, is incorporated in this contract by reference for all necessary purposes. It is specifically provided, however, that the provisions of this contract shall prevail in all cases of conflict arising from the terms of Contractor's application whether such application is a written part of this contract or is attached as a separate document.
- **D. Requirements, Terms, Conditions, and Assurances:** Which are stated in the Request for Application, in response to which Applicant is submitting this application, are incorporated herein by reference for all purposes although the current General Provisions shall prevail in the event of conflict. The instructions to the Standard Application System, as well as the General and Fiscal Guidelines and Program Guidelines, are incorporated herein by reference.

- **E.** Signature Authority; Final Expression; Superseding Document: Applicant certifies that the person signing this application has been properly delegated this authority. The Contract represents the final and complete expression of the terms of agreement between the parties. The Contract supersedes any previous understandings or negotiations between the parties. Any representations, oral statements, promises or warranties that differ from the Contract shall have no force or effect. The Contract may be modified, amended or extended only by formal written amendment properly executed by both TEA and Contractor.
- **F. State of Texas Laws:** In the conduct of the contract project, Contractor shall be subject to Texas State Board of Education and Commissioner rules pertaining to this contract and the contract project and to the laws of the State of Texas governing this contract and the contract project. This contract constitutes the entire agreement between Agency and Contractor for the accomplishment of the contract project. This contract shall be interpreted according to the laws of the State of Texas except as may be otherwise provided for in this contract.
- **G.** Monitoring: Desk reviews or on-site monitoring reviews may be conducted by Agency to determine compliance with the approved application and the applicable statute(s), law(s), regulations, and guidelines.
- H. Sanctions for Failure to Perform or for Noncompliance: If Contractor, in Agency's sole determination, fails or refuses for any reason to comply with or perform any of its obligations under this contract, Agency may impose such sanctions as it may deem appropriate. This includes but is not limited to the withholding of payments to Contractor until Contractor complies; the cancellation, termination, or suspension of this contract in whole or in part; and the seeking of other remedies as may be provided by this contract or by law. Any cancellation, termination, or suspension of this contract, if imposed, shall become effective at the close of business on the day of Contractor's receipt of written notice thereof from Agency.
- I. Contract Cancellation, etc.: If this contract is canceled, terminated, or suspended by Agency prior to its expiration date, the reasonable monetary value of services properly performed by Contractor pursuant to this contract prior to such cancellation, termination or suspension shall be determined by Agency and paid to Contractor as soon as reasonably possible.

J. Indemnification:

For local educational agencies (LEAs), regional education service centers (ESCs), and institutions of higher education (IHEs) and state agencies: Contractor, to the extent permitted by law, shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.

For all other grantees, subgrantees, contractors, and subcontractors, including nonprofit organizations and forprofit businesses: Contractor shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.

K. Encumbrances/Obligations: All encumbrances/obligations shall occur on or between the beginning and ending dates of the contract. All goods must be received and all services rendered and subsequently liquidated (recorded as an expenditure or accounts payable) within the contract dates. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures, and an encumbrance cannot be considered an expenditure or accounts payable until the goods have been received and the services have been rendered. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. This applies to all grant programs, including state and federal, discretionary and formula.

Texas Title I Priority Schools Grant

- L. Financial Management and Accounting: Grantee assures it will maintain a financial management system that complies with federal standards established in 34 CFR 80.20 and 74.21 and that provides for accurate, current, and complete disclosure of the financial results of each grant project. The financial management system records will identify adequately the source and application of funds and will contain information pertaining to grant awards, authorizations, obligations, unobligated balances, assets, outlays (i.e., expenditures), income, and interest. Fiscal control and accounting procedures will permit the tracing of funds to a level of expenditure adequate to establish that funds have been used in accordance with the approved grant application. The applicant agrees to maintain effective control over and accountability for all funds, property, and other assets. Public school districts, open enrollment charter schools, and regional education service centers in Texas must comply with the accounting requirements in the Financial Accounting and Reporting (FAR) module of the *Financial Accountability System Resource Guide*, Texas Education Agency (34 CFR 74.21; 34 CFR 80.20; TEA *Financial Accountability System Resource Guide*).
- **M. Expenditure Reports:** Contractor shall submit expenditure reports in the time and manner requested by Agency as specified in the instructions to the Standard Application System (SAS) which are incorporated by reference. Unless otherwise specified, interim reports are due to TEA within 15 days after the end of each reporting period. Unless otherwise specified, the final expenditure report is due within 30 days after the ending date of the grant. Revised expenditure reports, where the grantee is claiming additional expenditures beyond that originally requested, must be submitted within 60 days after the ending date of the grant, or as specified in the applicable Program Guidelines.
- N. Refunds Due to TEA: If Agency determines that Agency is due a refund of money paid to Contractor pursuant to this contract, Contractor shall pay the money due to Agency within 30 days of Contractor's receipt of written notice that such money is due to Agency. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset, counterclaim, cancellation, termination, suspension, total withholding, and/or disapproval of all or any subsequent applications for said funds.
- **O. Records Retention:** Contractor shall maintain its records and accounts in a manner which shall assure a full accounting for all funds received and expended by Contractor in connection with the contract project. These records and accounts shall be retained by Contractor and made available for programmatic or financial audit by Agency and by others authorized by law or regulation to make such an audit for a period of not less than five years from the date of completion of the contract project or the date of the receipt by Agency of Contractor's final claim for payment or final expenditure report in connection with this contract, whichever is later. If an audit has been announced, the records shall be retained until such audit has been completed.

Contractor understands that acceptance of funds under this contract acts as acceptance of the authority of the State Auditor's office, or any successor agency, to conduct an audit or investigation in connection with those funds. Contractor further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. Contractor will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Contractor and the requirements to cooperate is included in any subcontract it awards.

- P. Time and Effort Recordkeeping: For those personnel whose salaries are prorated between or among different funding sources, time and effort records will be maintained by Applicant that will confirm the services provided within each funding source. Applicant must adjust payroll records and expenditures based on this documentation. This requirement applies to all projects, regardless of funding source, unless otherwise specified. For federally funded projects, time and effort records must be in accordance with the requirements in the applicable OMB cost principles.
- **Q.** Forms, Assurances, and Reports: Contractor shall timely make and file with the proper authorities all forms, assurances and reports required by federal laws and regulations. Agency shall be responsible for reporting to the proper authorities any failure by Contractor to comply with the foregoing laws and regulations coming to Agency's attention, and may deny payment or recover payments made by Agency to Contractor in the event of Contractor's failure so to comply.
- **R. Intellectual Property Ownership**: Contractor agrees that all Works are, upon creation, works made for hire and the sole property of TEA. If the Works are, under applicable law, not considered works made for hire, Contractor hereby assigns to TEA all worldwide ownership of all rights, including the Intellectual Property Rights, in the Works, without the necessity of any further consideration, and TEA can obtain and hold in its own name all such rights to the Works. Contractor agrees to maintain written agreements with all officers, directors, employees, agents, representatives and subcontractors engaged by Contractor for the Contract Project, granting Contractor rights sufficient to support the performance and grant of rights to TEA by Contractor. Copies of such agreements shall be provided to TEA promptly upon request.

Contractor warrants that (i) it has the authority to grant the rights herein granted, (ii) it has not assigned or transferred any right, title, or interest to the Works or Intellectual Property Rights that would conflict with its obligations under the Contract, and Contractor will not enter into any such agreements, and (iii) the Works will be original and will not infringe any intellectual property rights of any other person or entity. These warranties will survive the termination of the Contract. If any preexisting rights are embodied in the Works, Contractor grants to TEA the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such preexisting rights and any derivative works thereof and (ii) authorize others to do any or all of the foregoing. Contractor agrees to notify TEA on delivery of the Works if they include any such preexisting rights. On request, Contractor will provide TEA with documentation indicating a third party's written approval for Contractor to use any preexisting rights that may be embodied or reflected in the Works.

For School Districts and Nonprofit Organizations: The foregoing Intellectual Property Ownership provisions apply to any school districts, nonprofit organizations, and their employees, agents, representatives, consultants and subcontractors. If a school district or nonprofit organization or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Education Service Centers (ESCs): The foregoing Intellectual Property Ownership provisions apply to an Education Service Center (ESC) and its employees, agents, representatives, consultants, and subcontractors. If an ESC or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Colleges and Universities: The foregoing Intellectual Property Ownership provisions apply to any colleges and universities and their employees, agents, representatives, consultants, and subcontractors; provided, that for all Works and derivative works created or conceived by colleges or universities under the Contract, they are granted a non-exclusive, nontransferable, royalty-free license to use the Works for their own academic and educational purposes only. The license for academic and educational purposes specifically excludes advertising, offering for sale, selling, distributing, publicly displaying, publicly performing, or reproducing the Works, or making derivative works from the Works that are created or conceived under this Contract and colleges and universities and their employees, agents, representatives, consultants, and subcontractors are prohibited from engaging in these uses and activities with regard to the Works unless the prior express written permission of the TEA Copyright Office is obtained.

S. Unfair Business Practices: Unfair Business Practices: By signing this Contract, Contractor, if other than a state agency, certifies that Contractor, within the preceding 12 months, has not been found guilty, in a judicial or state agency administrative proceeding, of unfair business practices. Contractor, if other than a state agency, also certifies that no officer of its company has, within the preceding 12 months, served as an officer in another company which has been found, in a judicial or state agency administrative proceeding, to be guilty of unfair business practices.

Contractor, whether a state agency or not a state agency, certifies that no funds provided under this Contract shall be used to purchase supplies, equipment, or services from any companies found to be quilty of unfair business practices within 12 months from the determination of guilt.

- T. Subcontracting: Contractor shall not assign or subcontract any of its rights or responsibilities under this contract, except as may be otherwise provided for in this application, without prior formal written amendment to this contract properly executed by both Agency and Contractor.
- U. Use of Consultants: Notwithstanding any other provision of this application, Applicant shall not use or pay any consultant in the conduct of this application if the services to be rendered by any such consultant can be provided by Applicant's employees.
- V. Capital Outlay: If Contractor purchases capital outlay (furniture and/or equipment) to accomplish the objective(s) of the project, title will remain with Contractor for the period of the contract. Agency reserves the right to transfer capital outlay items for contract noncompliance during the contract period or as needed after the ending date of the contract. This provision applies to any and all furniture and/or equipment regardless of unit price and how the item is classified in Contractor's accounting record.

- **W. Agency Property (terms):** In the event of loss, damage or destruction of any property owned by or loaned by Agency while in the custody or control of Contractor, its employees, agents, consultants or subcontractors, Contractor shall indemnify Agency and pay to Agency the full value of or the full cost of repair or replacement of such property, whichever is the greater, within 30 days of Contractor's receipt of written notice of Agency's determination of the amount due. This applies whether the property is developed or purchased by Contractor pursuant to this contract or is provided by Agency to Contractor for use in the contract project. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset or counterclaim against any money otherwise due to Contractor by Agency.
- X. Travel Costs: Amounts authorized for maximum recovery for travel and per diem costs against any state or federal funding source are restricted to those amounts which are approved in the State of Texas Appropriations Bill in effect for the particular funding period. Any amount over this limit must come from local funding sources. Applicant must recover funds at a lesser rate if local policy amounts are less than the maximum allowed by the state. Out-of-state travel may not exceed the federal government rate for the locale. Travel allowances are not allowable costs.
- Y. Funds for Religious Worship, Instruction: No funds will be used to pay for religious worship, instruction, or proselytization, or for any equipment or supplies for such, or for any construction, remodeling, repair, operation, or maintenance of any facility or part of a facility to be used for religious worship, instruction, or proselytization (34 CFR 76.532 and P. L. 107-110, section 9505).
- **Z. Disclosure of Gifts and Campaign Contributions:** The grantee shall file disclosures of gifts and campaign contributions as required by State Board of Education Operating Rule 4.3, which is incorporated as if set out in full. The grantee has a continuing obligation to make disclosures through the term of the contract. Failure to comply with State Board of Education Operating Rule 4.3 is grounds for canceling the grant.
- AA. Submission of Audit Reports to TEA: Grantees which are public school districts and open enrollment charter schools agree to submit the required annual audit report, including the reporting package required under OMB Circular A-133, if an audit is required to be conducted in accordance with OMB Circular A-133, to the TEA Division of School Financial Audits in the time and manner requested by the Agency.

Grantees which are **nonprofit organizations (other than charter schools) and universities/colleges** that expend \$500,000 or more total in federal awards in any fiscal year and are thus required to conduct a Single Audit or programspecific audit in accordance with the requirements in OMB Circular A-133, agree to submit a copy of such audit to TEA when the schedule of findings and questioned costs disclosed audit findings relating to any federal awards provided by TEA. A copy of such audit shall also be submitted to TEA if the summary schedule of prior audit findings reported the status of any audit findings relating to any federal awards provided by TEA.

A **nonprofit organization or university/college** grantee shall provide written notification to TEA that an audit was conducted in accordance with OMB Circular A-133 when the schedule of findings and questioned costs disclosed no audit findings related to any federal awards provided by TEA or when the summary schedule of prior audit findings did not report on the status of any prior audit findings related to any federal awards provided by TEA or when the summary schedule of Discretionary Grants. Audit charter schools) and universities/colleges shall submit the audit report to the TEA Division of Discretionary Grants. Audit reports must be submitted to TEA within 30 days of receipt of the report from the auditor. Failure to submit a copy of the audit to TEA could result in a reduction of funds paid to the grantee, a refund to TEA, termination of the grant, and/or ineligibility to receive additional grant awards from TEA.

- **BB. Federal Rules, Laws, and Regulations That Apply to all Federal Programs:** Contractor shall be subject to and shall abide by all federal laws, rules and regulations pertaining to the contract project, including but not limited to:
 - 1. Americans With Disabilities Act, P. L. 101-336, 42 U.S.C. sec. 12101, and the regulations effectuating its provisions contained in 28 CFR Parts 35 and 36, 29 CFR Part 1630, and 47 CFR Parts 0 and 64;
 - 2. **Title VI of the Civil Rights Act of 1964**, as amended (prohibition of discrimination by race, color, or national origin), and the regulations effectuating its provisions contained in 34 CFR Part 100;
 - Title IX of the Education Amendments of 1972, as amended (prohibition of sex discrimination in educational institutions) and the regulations effectuating its provisions contained in 34 CFR Part 106, if Contractor is an educational institution;
 - 4. Section 504 of the Rehabilitation Act of 1973, as amended (nondiscrimination on the basis of handicapping condition), and the regulations effectuating its provisions contained in 34 CFR Part 104 and 105;

	Texas Title I Priority Schools Grant	

LL. High-Risk Status, Special Conditions, and Enforcement Actions: Pursuant to the provisions in 34 CFR 80.12 and 74.14, a grantee may be identified by TEA as high-risk if the grantee has a history of unsatisfactory performance; is not financially stable; has a financial management system that does not meet federal financial management standards or the requirements in TEA's Financial Accounting and Reporting (FAR) module; has not conformed to terms and conditions of previous awards; or is otherwise not responsible. TEA may impose one or more special conditions or restrictions on a high-risk grantee, including payment on a reimbursement basis; withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period; requiring additional, more detailed financial reports; additional project monitoring; requiring the grantee to obtain technical or management assistance; establishing additional prior approvals; or other conditions that may be legally available. A grantee identified as high-risk status and special conditions.

Pursuant to the provisions in 34 CFR 80.43 and 74.62, if a grantee materially fails to comply with any term of an award, whether stated in a federal statute or regulation, an assurance, in a grant application, or elsewhere, TEA may take one or more of the following enforcement actions as appropriate in the circumstances: temporarily withhold cash payments pending correction of the deficiency or more severe enforcement action; disallow all or part of the cost of an activity or action not in compliance; wholly or partly suspend or terminate the current award; withhold further awards for the program; or take other remedies that may be legally available. If an enforcement action is imposed, the grantee will be notified in writing by TEA of the actions imposed and the process for remedying the noncompliance or removing the enforcement actions.

TEA reserves the right to not award a discretionary grant to a high-risk grantee or to a grantee that is materially noncompliant with the terms and conditions of another award.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions

School Years 2010-2013

County-District No.

Texas Title I Priority Schools Grant

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.11.

Terms defined: As used in these Provisions and Assurances

- "Covered Transaction"— A transaction under Federal non-procurement programs, which can be either a primary covered transaction or a lower tier covered transaction.
- "Lower Tier Covered Transaction"— (1) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction; (2) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold of \$25,000; (3) Any procurement contract for goods or services between a participant and a person, regardless of amount.
- "Participant"- Any person who submits a proposal for, enters into, or reasonably may be expected to enter into a covered transaction, including an agent or representative of another participant.
- "Principal"— An officer, director, owner, partner, principal investigator, or other person within a participant with
 management or supervisory responsibilities related to a covered transaction; or a consultant or other person, whether or
 not employed by the participant or paid with Federal funds, who (1) is in a position to handle Federal funds; (2) is in a
 position to influence or control the use of those funds; or (3) occupies a technical or professional position capable of
 substantially influencing the development or outcome of an activity required to perform the covered transaction.
- "Excluded Parties List System (EPLS)" The list maintained and disseminated by the General Services Administration (GSA) containing names and other information about persons who are ineligible.
- "Debarment"— Action taken by a debarring official (Federal agency) to exclude a person (recipient) from participating in covered transactions.
- "Suspension"— An action taken that immediately prohibits a person from participating in covered transactions for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue.
- "Ineligible" generally refers to a person who is either excluded or disqualified.
- "Person"— Any individual, corporation, partnership, association, unit of government or legal entity, however organized, except: foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities.
- "Proposal"—A solicited or unsolicited bid, application, request, invitation to consider or similar communication by or on behalf of a person seeking to participate or to receive a benefit, directly or indirectly, in or under a covered transaction.
- "Voluntarily Excluded"—A status of nonparticipation or limited participation in covered transactions assumed by a person pursuant to the terms of a settlement.
- 1. By signing SAS Schedule #1 and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
- 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4. The terms "covered transaction", "debarred", "suspended", "ineligible", "lower tier covered transaction", "participant", " person", "primary covered transaction", " principal", "proposal", and "voluntarily excluded", as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
- 5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

- 6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled *Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion-Lower Tier Covered Transactions*, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may but is not required to, check the Non-procurement List.
- 8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

- (1) The prospective lower tier participant certifies, by signature on SAS Schedule #1 and by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

County-District No.

Texas Title I Priority Schools Grant

Submission of this certification covers all federal programs in this application, is required by the U. S. Department of Education and Section 1352, Title 31, of the United States Code, and is a prerequisite for making or entering into a subgrant or subcontract over \$100,000 with any organization. (Read instructions for this schedule for further information.)

The applicant certifies by signature on Schedule #1 - General Information, to the best of his or her knowledge and belief, that:

- (1) No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making of any federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement.
- (2) If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form - LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. (See Schedule #6D - Disclosure of Lobbying Activities.)
- (3) The applicant shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subgrants, contracts under grants and cooperative agreements, and subcontracts) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact on which the U. S. Department of Education and the Texas Education Agency relied when they made or entered into this grant or contract. Any organization that fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

- **C.** The public agency, nonprofit private agency, institution, or organization, or Indian tribe will administer such funds and property to the extent required by the authorizing statutes.
- D. The applicant will adopt and use proper methods of administering each such program, including the enforcement of any obligations imposed by law on agencies, institutions, organizations, and other recipients responsible for carrying out each program and the correction of deficiencies in program operations that are identified through audits, monitoring, or evaluation.
- **E.** The applicant will cooperate in carrying out any evaluation of each such program conducted by or for the Texas Education Agency, the Secretary of Education or other federal officials.
- **F.** The applicant will use such fiscal control and fund accounting procedures as will ensure proper disbursement of, and accounting for, federal funds paid to such applicant under each such program.
- **G**. The applicant will submit such reports to the Texas Education Agency (which shall make the reports available to the Governor) and the Secretary of Education, as the Texas Education Agency and the Secretary of Education may require to enable the Texas Education Agency and the Secretary of Education to perform their duties under each such program.
- **H.** The applicant will maintain such records, provide such information, and afford access to the records as the Agency (after consultation with the Governor) or the Secretary may find necessary to carry out the Agency's or the Secretary's duties.
- I. Before the application was submitted, the applicant afforded a reasonable opportunity for public comment on the application and has considered such comment.
- J. Gun-Free Schools Act: The local education agency assures that it is in compliance with Section 37.007(e) of the Texas Education Code, which requires expulsion of a student who brings to school or possesses at school a firearm as defined by 18 U.S.C. Section 2891 [pursuant to the requirements in P. L. 107-110, Section 4141(d)(1)]. In addition, the local educational agency certifies that it has a policy requiring referral to the criminal justice or juvenile delinquency system of any student who brings a firearm or weapon to school [P. L. 107-110, Section 4141(h)(1)].
- K. Student Records Transfer: The local educational agency shall ensure that a student's records and, if applicable, a student's individualized education program as defined in section 602(11) of the Individuals with Disabilities Education Act, are transferred to a charter school upon the transfer of the student to the charter school, and to another public school upon the transfer of the student from a charter school to another public school, in accordance with applicable state law (P. L. 107-110, section 5208).
- L. Consolidation of Administrative Funds: A local educational agency, with the approval of TEA, may consolidate and use for the administration of one or more programs under the No Child Left Behind Act not more than the percentage, established in each program, of the total available for the local educational agency under those programs. A local educational agency that consolidates administrative funds shall not use any other funds under the programs included in the consolidation for administration for that fiscal year. Consolidated administrative funds shall be used for the administration of the programs covered and may be used for coordination of these programs with other federal and non-federal programs and for dissemination of information regarding model programs and practices.
- M. Privacy of Assessment Results: Any results from an individual assessment referred to in the No Child Left Behind Act of a student that become part of the education records of the student shall have the protections provided in section 444 of the General Education Provisions Act [P. - N. School Prayer: The local educational agency certifies that it is in compliance with Section 25.901 of the Texas Education Code. In addition, as a condition of receiving funds under the No Child Left Behind Act, the local educational agency certifies that no policy of the local educational agency prevents, or otherwise denies participation in, constitutionally protected prayer in public elementary schools and secondary schools, as detailed in the guidance provided by the U. S. Secretary of Education pertaining to such. The state educational agency shall report to the Secretary of Education each year a list of those local educational agencies that have not filed this assurance or against which complaints have been made to the State educational agency that the local educational agencies are not in compliance with this requirement (P. L. 107-110, section 9524(b).
- O. Equal Access to Public Schools Facilities Boy Scouts of America Equal Access Act: No public elementary school, public secondary school or local educational agency that has a designated open forum or a limited public forum and that receives funds made available from the U. S. Department of Education shall deny equal access or a fair opportunity to meet, or to discriminate against, any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society), that wishes to conduct a meeting within that designated open forum or limited public forum, including denying such access or opportunity or discriminating for reasons based on the membership or leadership criteria or oath of allegiance to God and country of the Boy Scouts of America or of the youth group listed in Title 36 of the United States Code (as a patriotic society). For the purposes of this section, an elementary school or secondary school has a limited public forum whenever the school involved grants an offering to, or opportunity for, one or more outside youth or community groups to meet on school premises or in school facilities before or after the hours during which attendance at the school is compulsory. Nothing in this section shall be construed to require any school, agency, or a school served by an agency to sponsor any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society). Compliance with this provision will be enforced through rules and orders issued by the Office for Civil Rights. If the public school or agency does not comply with the rules or orders, no funds made available through the Department of Education shall be provided by a school that fails to comply with such rules or orders or to any agency or school served by an agency that fails to comply with such rules or orders (P. L. 107-110, section 9525).
- P. General Prohibitions: None of the funds authorized under the No Child Left Behind Act shall be used to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; to provide sex education or HIV-prevention education in schools that instruction is age appropriate and includes the health benefits of abstinence; or to operate a program of contraceptive distribution in schools (P. L. 107-110, section 9526).
- **Q.** Armed Forces Recruiter Access to Students and Student Recruiting Information: In accordance with guidance issued by the U. S. Department of Education, each local educational agency receiving assistance under the No Child Left Behind Act shall provide, on a request made by military recruiters or an institution of higher education, access to secondary school students names, address, and telephone listings, upon prior written consent of a student or the parent of a student. A secondary school student or the parent of the student may request that the student's name, address, and telephone listing not be released without prior written parental consent, and the local educational or private nonprofit school shall notify parents of the option to make a request and shall comply with any request. Each local educational agency receiving assistance under the No Child Left Behind Act shall provide military recruiters the same access to secondary school students as is provided generally to post secondary educational institutions or to prospective employers of those students (P. L. 107-110, section 9528).
- **R. Unsafe School Choice Option**: The local educational agency certifies that it shall establish and implement a policy requiring that a student attending a persistently dangerous public elementary school or secondary school, as determined by the Texas Education Agency, or who becomes a victim of a violent criminal offense, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school (P. L. 107-110, section 9532).
- S. Civil Rights: Nothing in the No Child Left Behind Act shall be construed to permit discrimination on the basis of race, color, religion, sex (except as otherwise permitted under Title IX of the Education Amendments of 1972), national origin, or disability in any program funded under the No Child Left Behind Act (P. L. 107-110, section 9534).

T. Student Privacy, Parental Access to Information, and Administration of Certain Physical Examinations to Minors: The local educational agency assures that it is in compliance with Chapter 26 of the Texas Education Code concerning parental rights and responsibilities. In addition, the local educational agency receiving funds under the No Child Left Behind Act certifies that it shall develop and adopt policies, in consultation with parents, regarding certain rights of a parent to access and inspect information; student privacy; the administration of physical examinations or screenings (except for examinations or screenings required by state law); and the collection, disclosure, or use of personal information collected from students for the purpose of marketing or selling that information. The local educational agency also assures that it is in compliance with the requirements for annually notifying parents of such policies and specific events (P. L. 107-110, Title X, Part F, section 1061).

U. Assurances related to the **education of homeless children and youths**:

- (1) The LEA assures that each child of a homeless individual and each homeless youth shall have equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youth.
- (2) The LEA assures that homeless children and youth are afforded the same free, appropriate public education as provided to other children and youth.
- (3) The LEA assures that it will review and undertake steps to revise any laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth.
- (4) The LEA assures that it will not separate students from the mainstream school environment on the basis of homelessness alone.
- (5) The LEA assures that homeless children and youth have access to the education and other services that they need to in order to meet the same challenging State student academic achievement standards to which all students are held.
- V. **Definitions**: The following terms shall be defined as follows for programs authorized and carried out under the No Child Left Behind Act of 2001:
 - 1. Charter School: An open enrollment charter school receiving federal funds of any type must meet the federal definition of a charter school as provided in P. L. 107-110, Section 5210(1). The term "charter school" means a school that:
 - (A) is created by a developer as a public school, or is adapted by a developer from an existing public school, and is **operated under public supervision and control**;
 - (B) operates in pursuit of a specific set of educational objectives determined by the school's developer and agreed to by the authorized public chartering agency [i.e., the State Board of Education (SBOE)];
 - (C) provides a program of elementary or secondary education, or both;
 - (D) is nonsectarian in its programs, admissions policies, employment practices, and all other operations, and is not affiliated with a sectarian school or religious instruction;
 - (E) does not charge tuition;
 - (F) complies with the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, and Part B of the Individuals with Disabilities Education Act;
 - (G) is a school to which parents choose to send their children, and that **admits students on the basis of a lottery, if more students apply for admission than can be accommodated;**
 - (H) **agrees to comply with the same Federal and State audit requirements** as do other elementary schools and secondary schools in the State, unless such requirements are specifically waived for the purpose of this program;
 - (I) meets all applicable Federal, State, and local health and safety requirements;
 - (J) operates in accordance with State law; and
 - (K) has a written performance contract with the authorized public chartering agency in the State (i.e., SBOE) that includes a description of how student performance will be measured pursuant to State assessments that are required of other schools and pursuant to any other assessments mutually agreeable to the SBOE.
 - 2. Community-Based Organization: A public or private nonprofit organization of demonstrated effectiveness that is representative of a community or significant segment of a community and that provides educational or related services to individuals in the community.
 - 3. Core Academic Subjects: English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, art, history, and geography.

- W. ESEA Performance Goals, Indicators, and Performance Reporting: The LEA assures it has adopted the five performance goals and the related performance indicators established by the U. S. Department of Education and as submitted in the Texas Consolidated State Application for Funds Under the No Child Left Behind Act. The LEA also assures that it will develop and implement procedures for collecting data related to the performance indicators where such data is not already collected through the Academic Excellence Indicator System (AEIS) or PEIMS and that it will report such data to the Agency in the time and manner requested.
- X. Transfer of School Disciplinary Records: The LEA assures it has a procedure in place to transfer disciplinary records, with respect to a suspension or expulsion, to any private or public elementary school or secondary school for any student who is enrolled or seeks, intends, or is instructed to enroll, on a full- or part-time basis, in the school. This requirement shall not apply to any disciplinary records with respect to a suspension or expulsion that are transferred from a private, parochial or other nonpublic school, person, institution, or other entity, that provides education below the college level (P. L. 107-110, section 4155).

PROGRAM-SPECIFIC PROVISIONS & ASSURANCES

School Year 2010-2013

Texas Title I Priority Schools Grant

Federal Statutory Requirements

- 1) The LEA must demonstrate that the LEA has analyzed the needs of each school and selected an intervention for each school.
- 2) The LEA must demonstrate that it has the capacity to use these grant funds to provide adequate resources and related support to each Tier campus identified in the LEA's application in order to implement, fully and effectively, the required activities of the school intervention model it has selected.
- 3) If the LEA is not applying to serve each Tier I school (through a separate application for each campus), the LEA must explain why it lacks capacity to serve each Tier I school.
- 4) The LEA must describe actions it has taken, or will take, to design and implement interventions consistent with the final federal requirements, including the services the campus will receive or the activities the campus will implement.
- 5) The LEA must describe actions it has taken, or will take, to recruit, screen, and select external providers, if applicable, to ensure their quality.
- 6) The LEA must describe actions it has taken, or will take, to align other resources with the interventions.
- 7) The LEA must describe actions it has taken, or will take, to modify its practices or policies, if necessary, to enable its schools to implement the interventions fully and effectively.
- 8) The LEA must describe actions it has taken, or will take, to sustain the reforms after the funding period ends.
- 9) The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each campus.
- The LEA must describe the annual goals for student achievement on the State's assessments in both reading/language 10) arts and mathematics that it has established in order to monitor its Tier I and Tier II schools that receive school improvement funds.
- As appropriate, the LEA must consult with relevant stakeholders regarding the LEA's application and implementation of 11) school improvement models on its campus.
- Applicant provides assurance that financial assistance provided under the grant program will supplement, and not 12) supplant, the amount of state and local funds allocated to the campus.
- 13) Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal requirements.
- Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in 14) both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive grant funds.
- Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its 15) contract or agreement terms and provisions to hold the charter operator, charter management organization (CMO), or education management organization (EMO) accountable for complying with the final federal requirements.
- Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final 16) federal requirements.
- 17) If the LEA/campus selects to implement the turnaround model, the campus must implement the following federal requirements.
 - Replace the principal and grant the principal sufficient operational flexibility (including in staffing, a. calendars/time, and budgeting) to implement fully a comprehensive approach in order to substantially improve student achievement outcomes and increase high school graduation rates;
 - Using locally adopted competencies to measure the effectiveness of staff who can work within the turnaround b. environment to meet the needs of students;
 - 1. Screen all existing staff and rehire no more than 50 percent; and
 - 2. Select new staff.
 - Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and с. more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school;
 - Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's d. comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies;
 - Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a e.

- 12) An LEA may also implement comprehensive instructional reform strategies, such as--
 - A. Conduct periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if ineffective;
 - B. Implement a school wide "response-to-intervention" model;
 - C. Provide additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that limited English proficient students acquire language skills to master academic content;
 - D. Use and integrate technology-based supports and interventions as part of the instructional program; and
 - E. In secondary schools--
 - Increase rigor by offering opportunities for students to enroll in advanced coursework (such as advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), early-college high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework;
 - 2) Improve student transition from middle to high school through summer transition programs or freshman academies;
 - Increase graduation rates through, for example, credit-recovery programs, re-engagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills; or
 - 4) Establish early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.
- 13) An LEA **may** also implement other strategies that extend learning time and create community-oriented schools, such as--
 - A. Partner with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs;
 - B. Extend or restructure the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff;
 - C. Implement approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment; or
 - D. Expand the school program to offer full-day kindergarten or pre-kindergarten.
- 14) The LEA may also implement other strategies for providing operational flexibility and intensive support, such as-
 - A. Allow the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or
 - B. Implement a per-pupil school-based budget formula that is weighted based on student needs.
- 15) The LEA/campus assures TEA that data to meet the following federal requirements will be available and reported as requested.
 - a. Number of minutes within the school year.
 - b. Average scale scores on State assessments in reading/language arts and in mathematics, by grade, for the "all students" group, for each achievement quartile, and for each subgroup.
 - c. Number and percentage of students completing advanced coursework (e.g., AP/IB), early-college high schools, or dual enrollment classes. (High Schools Only)
 - d. College enrollment rates. (High Schools Only)
 - e. Teacher Attendance Rate
 - f. Student Completion Rate
 - g. Student Drop-Out Rate

PROGRAM-SPECIFIC PROVISIONS & ASSURANCES	,	070912		
	School Year 2010-2013	County-District No.		
Texas Title I Priority Schools Grant				

By submitting the application for American Recovery and Reinvestment Act (ARRA) funds (P.L. 111-5), the applicant agrees to comply with the following provisions and assurances for all programs authorized in Division A of the ARRA, Title I School Improvement Grant (SIG). The applicant understands that failure to comply with one or more of these provisions and assurances may result in the Texas Education Agency (TEA) taking one or more enforcement actions authorized in Title 34 of the Code of Federal Regulations (CFR) §§ 74.62 and 80.43.

In addition to the standard terms of award, all funding provided under the Recovery Act will be subject to the provisions, assurances and conditions for American Recovery and Reinvestment Act of 2009 (ARRA or Recovery Act).

Terms defined:

RECIPIENT - The term "recipient" means a State and includes the Texas Education Agency (TEA). It also includes any entity that applies for and receives a grant directly from the federal government.

RECOVERY FUNDS — The term "recovery funds" means any funds that are made available from appropriations made under the Recovery Act.

RECOVERY ACT - the American Recovery and Reinvestment Act (ARRA) of 2009 (P.L. 111-5)

STIMULUS FUNDS - The term "stimulus funds" means any funds that are made available from appropriations under the Recovery Act; the term may be used interchangeably with "recovery funds."

GRANTEE - the subrecipient of TEA and applicant of funds.

A. One-Time Funding: Unless otherwise specified, ARRA funding is considered one-time funding that is expected to be temporary. Grantees should expend funds in ways that do not result in unsustainable continuing commitments after the funding expires. Grantees must move rapidly, while using prudent grant management practices, to develop plans for using funds, consistent with the ARRA's reporting and accountability requirements, and promptly begin spending funds to help drive the nation's economic recovery. All ARRA funds must be separately accounted for and tracked in their obligation, expenditure, and reporting.

B. Period of Availability and Encumbrances/Obligations: Unless otherwise specified in the Notice of Grant Award (NOGA), all funds are effective from the beginning date specified on the Notice of Grant Award (NOGA) through June 30, 2013. Carryover of funds will not be available beyond that date. Unobligated/unexpended funds will be returned to the Department of Treasury. The paragraph in the General Provisions pertaining to Encumbrances and Obligations applies as follows:

All encumbrances shall occur on or between the beginning and ending dates of the contract. All goods must be received and services rendered and subsequently liquidated (recorded as an expenditure or accounts payable) within the contract dates. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. When an obligation is made is defined in 34 CFR 76.707.

C. Compliance with Other Provisions and Assurances: All provisions and assurances stated in the General Provisions, Certification Regarding Debarment and Suspension, Lobbying Certification and Disclosure of Lobbying, No Child Left Behind Act (NCLB) Special Provisions and Assurances, and all other program-specific provisions and assurances apply unless they conflict or are superseded by the following terms and conditions implementing the American Recovery and Reinvestment Act of 2009 (ARRA) requirements below. This includes compliance with Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; and all other nondiscrimination provisions. It also includes Title VII of the Civil Rights Act of 1964 (prohibiting race, color, national origin, religion, and sex discrimination in employment; the Americans with Disabilities Act (prohibiting disability discrimination in employment and in services provided by entities receiving federal funds); as well as any other applicable civil rights laws. **By submitting this application, the applicant agrees to comply with all such provisions and assurances**.

D. Compliance with Other Program Statutes: The applicant agrees to comply with the authorizing program statutes, regulations, non-regulatory guidelines, and other guidance in the implementation of the programs receiving funding under ARRA. This includes compliance with comparability; supplement, not supplant; maintenance of effort (MOE); equitable participation for private nonprofit school students and teachers; and all other program-specific provisions and requirements. All such are hereby incorporated by reference.

E. DUNS Number: All entities receiving any federal funds, including ARRA funds, are required to have a DUNS (Dunn & Bradstreet) number. The DUNS number serves as the grantee organization's unique identifier for reporting federal funds received and expended. TEA must use this same DUNS number to report grant awards and expenditures for subrecipients under ARRA to the website specifically provided for in ARRA – <u>http://www.FederalReporting.gov/</u>. The assignment of a DUNS number is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds. (Section 1512[c][4] of ARRA and the federal Office of Management and Budget (OMB) to comply with the Federal Funding Accountability and Transparency Act [FFATA], P.L. 109-282. OMB adopted the DUNS number as the "unique identifier" required for reporting under FFATA).

F. Central Contractor Registration (CCR): All grantees receiving ARRA funds, as well as any other federal funds, are required to register and maintain current registration with the Central Contractor Registration (CCR) database at <u>http://www.ccr.gov</u>. Registration in CCR is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds.

G. ARRA Reporting Requirements: The federal Office of Management and Budget (OMB) has issued guidance related to reporting the use of ARRA funds to the various websites. The definition of terms and data elements, as well as any specific instructions for reporting, including required formats, are provided in separate guidance issued by the TEA.

The Texas Education Agency as a direct recipient of funds is required to report certain information at certain intervals throughout the grant period as required in Section 1512 of ARRA. In order to meet the reporting requirements, grantees will be required to provide certain information to TEA. By submitting this application, the grantee agrees to provide information in the form, time, and manner requested so that TEA can meet its reporting requirements and deadlines.

1. **Separate Tracking and Monitoring of ARRA Funds**: ARRA funds must be separately tracked and monitored independently of any non-Recovery Act funding. Grantees must submit certain information to TEA in order for TEA to comply with quarterly reporting requirements established in Section 1512 of the Recovery Act. Recovery Act-related reporting requirements are incorporated as a special condition of this award.

- 3. Quarterly Reporting for ARRA: Not later than 10 calendar days after the end of each calendar quarter, TEA and any other direct recipient of ARRA funds must report to the U.S. Department of Education with regard to recovery funds received in accordance with number 4 below (Section 1512[c]). (A "direct recipient" is a state agency or any entity that applies for and receives funds directly from a federal government agency.) TEA must obtain certain information from grantees in order to comply with this reporting requirement. By submitting this application, the grantee agrees to submit information to TEA in the time, form, and manner requested.
- 4. Data Elements for Quarterly Reporting for ARRA: In accordance with Section 1512(c) of ARRA and the <u>Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282)</u>, TEA is required to provide quarterly reports to the U.S. Department of Education or through a central government-wide portal (<u>http://www.FederalReporting.gov</u>). The information adopted by OMB contains the following data elements: submitting this application, the grantee agrees to submit the information to TEA in the time, form, and manner requested. The information may change pending final adoption by OMB.

For each grant that equals or exceeds \$25,000 in total grant award amount:

- a. The grantee organization's DUNS number (TEA will need to collect this information from grantees)
- b. The grant award number (i.e., NOGA ID number) assigned by TEA (TEA will have this information on file)
- c. The legal name of the grantee organization (as registered in the Central Contractor Registration (CCR), if registered) (TEA will have this information on file provided it is the same legal name on file with TEA)
- d. The physical location (street address) (as listed in the CCR, if registered) (TEA will have this information on file provided it is the same street address on file with TEA)
- e. The (federal) Congressional district number
- f. The grantee organization type (i.e., independent school district, nonprofit organization, etc) (TEA will have this information on file)
- g. The total amount of the grant award (TEA will have this information on file)
- h. The total amount paid to the grantee as of date of report (TEA will have this information on file)
- i. The physical location (street address) of the primary place of performance of the grant (TEA will have this information on file provided it is the same address on file with TEA.)
- j. An evaluation (i.e., status report) of the completion status of the project or activity (for example, Not Started; Less than 50% Completed; Completed 50% or More; Fully Completed) (It is not clear at this time whether this information will need to be collected from the grantees. TEA will notify the grantee in the event status information needs to be collected.)
- k. An estimate of the number of jobs created and the number of jobs retained by the project or activity and a brief description of the types of those jobs (i.e., job titles) (TEA will need to collect this information from grantees.)
- I. The names and total compensation of the five most highly compensated officers of the grantee organization if the organization in its preceding year received 80% or more of its annual gross revenues in Federal awards and \$25,000,000 or more in annual gross revenues from Federal awards and the public does not have access to information about the compensation of senior executives. (It is not known at this time whether this data element will be required once the data elements are finalized by OMB. If it is required in the final data elements, TEA will need to collect this information from the grantees.)

For grants that equal less than \$25,000 in total grant award amount or for grantees that in the previous tax year had gross income under \$300,000, amounts will be reported in the aggregate according to the following:

- a. The total number of grants awarded less than \$25,000 (TEA will have this information file)
- b. The total award (aggregate) amount for all grants less than \$25,000 (TEA will have this information on file)
- c. The total (aggregate) amount paid to grantees for all grants less than \$25,000 as of date of report (TEA will have this information on file)

5. Posting the Information on Public Website: Not later than 30 days after the end of each calendar quarter, each federal agency, including the U.S. Department of Education, shall make the information in those reports publicly available by posting the information on the designated public website (Section 1512[d]). Grantees will not be required to post information on the public website unless they apply for and receive other ARRA grants directly from a federal government agency.

Once OMB adopts the final data reporting elements and TEA receives specific instructions for reporting, TEA will provide subsequent guidance to grantees related to required reporting information.

H. Electronic Drawdown of ARRA Funds from TEA and Use of FAR Fund Codes: Recipients will draw down ARRA funds on an award-specific basis. **Pooling of ARRA award funds with other funds for drawdown or other purposes is not permitted.** Recipients must account for each ARRA award separately by referencing the assigned FAR (Financial Accounting and Resource) fund code for each award.

I. Availability of Records: The applicant agrees to make all financial and programmatic records available in detail for inspection by TEA auditors, local independent auditors, and the offices described below.

- 1. **Examination of Records:** The Comptroller General of the United States and any of its employees, contractors, agents, representatives, or designees, may examine any records related to obligations and use by any state or local government of funds made available under ARRA. (Section 901[b]).
- 2. Access of Government Accountability Office (GAO): Each contract and each subcontract awarded using funds made available under ARRA shall provide that the Comptroller General of the United States and his representatives are authorized to examine any records of the contractor or any of its subcontractors, or any State or local agency administering such contract, that directly pertain to, and involve transactions relating to, the contract or subcontract and to interview any officer or employee of the contractor or any of its subcontractors, or of any State or local government agency administering the contract, regarding such transactions (Section 902).
- 3. Reviews by Inspector General: The inspector general of the U.S. Department of Education shall review, as appropriate, any concerns raised by the public about specific investments using funds made available in this Act. Any findings of such reviews shall be relayed immediately to the Secretary of Education. In addition, the findings of such reviews, along with any audits conducted by any inspector general of ARRA funds, shall be posted on the inspector general's website and linked to the recovery.gov website, except that portions of reports may be redacted to the extent the portions would disclose information that is protected from public disclosure under sections 552 and 552a of Title 5, United States Code (Section 1514).
- 4. Access of Offices of Inspector General to Certain Records and Employees: With respect to each contract or grant awarded using ARRA funds, any representative of an Inspector General of the U.S. Department of Education or other appropriate federal agency is authorized to examine any records of the contractor or grantee, any of its subcontractors or subgrantees, or any State or local agency administering such contract, that pertain to, and involve transactions relating to, the contract, subcontract, grant, or subgrant, and to interview any officer or employee of the contractor, grantee, subgrantee, or agency regarding such transactions (Section 1515).
- 5. Recovery Accountability and Transparency Board: Section 1521 of the ARRA establishes the Recovery Accountability and Transparency Board to coordinate and conduct oversight of ARRA funds to prevent fraud, waste, and abuse. The Board shall submit "flash reports" on potential management and funding problems that require immediate attention; quarterly reports; and annual reports to the President and Congress, including the Committees on Appropriations of the Senate and House of Representatives, summarizing the findings on the use of ARRA funds. The Board may conduct its own independent audits and reviews of ARRA funds. All reports shall be made publicly available on the <u>www.recovery.gov</u> website established by the Board. take to prevent fraud, waste, and abuse relating to ARRA funds.

J. Disclosure of Fraud or Misconduct: Each grantee awarded funds made available under the ARRA shall promptly refer to the USDE Office of Inspector General any credible evidence that a principal, employee, agent, contractor, subrecipient, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.

K. Protection for Whistleblowers: Section 1553 of the ARRA provides protection for State and local government and contractor whistleblowers. Any employee of any employer receiving ARRA funds may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing, including a disclosure made in the ordinary course of an employee's duties, to the Recovery Accountability and Transparency Board, an inspector general, the U. S. Comptroller General, a member of Congress, a State or federal regulatory or law enforcement agency, a person with supervisory authority over the employee (or such other person working for the employer who has the authority to investigate, discover, or terminate misconduct), a court or grand jury, the head of a federal agency, or their representatives, information that the employee reasonably believes is evidence of (1) gross mismanagement of an agency contract or grant relating to ARRA funds; (2) a gross waste of ARRA funds; (3) a substantial and specific danger to public health or safety related to the implementation or use of ARRA funds; (4) an abuse of authority related to the implementation or use of ARRA funds; (4) an abuse of authority related to the implementation or use of ARRA funds; (4) an abuse of authority related to the implementation or safety related to a reprisal may submit a complaint regarding the reprisal to the inspector general for the appropriate federal agency (in most cases, the U.S. Department of Education).

L. Use of Funds: The grantee agrees to comply with the applicable federal cost principles in the obligation and expenditure of ARRA funds as identified in the General Provisions and Assurances as well as other limitations or restrictions and expenditures identified therein. The grantee also agrees to the following:

- 1. Consolidation of ARRA Administrative Funds: Due to the significant reporting requirements under ARRA, it is not known at this time whether grantees may consolidate ARRA administrative funds with other NCLB consolidated administrative funds. TEA will issue further guidance with regard to this provision once guidance is provided by the U.S. Department of Education. If ARRA funds are permitted to be consolidated with other NCLB consolidated administrative funds, grantees must still be able to report the types and number of jobs that were created or saved with ARRA funds.
- 2. **Combining ARRA funds on a Schoolwide Program.** ARRA funds are permitted to be used on a Title I Part A schoolwide Campus/Program, funds may be combined with other funding sources, but grantees still must be able to identify precisely the items of obligation and expenditure for ARRA reporting. You must also be able to report the types and number of jobs that were created or saved with ARRA funds.
- 3. **Special Contracting Provisions**: To the maximum extent possible, contracts funded under the ARRA shall be awarded as fixed-price contracts through the use of competitive procedures. A summary of any new contract awarded with ARRA funds that is not fixed-price and not awarded using competitive procedures shall be posted in a special section of the <u>www.recovery.gov</u> website established by the Recovery Accountability and Transparency Board (Section 1554).
