

## Background and Purpose:

A campus that receives consecutive unacceptable ratings must develop a Turnaround Plan (TAP). The [Texas Education Code \(TEC\), Chapter 39A, subchapter C](#) outlines requirements for a campus Turnaround Plan.

Under TEC §39A.110(c), the commissioner may authorize modification of an approved campus turnaround plan if the commissioner determines that due to a change in circumstances occurring after the plan's approval under TEC § 39A.107, a modification of the plan is necessary to achieve the plan's objectives.

- A campus that opted to implement the approved turnaround plan and did not receive an acceptable rating for the 2021-2022 or 2022-2023 school years are strongly encouraged to request a modification to the turnaround plan that includes a more effective strategy for improving student outcomes.
- A campus that has not begun implementation of the approved turnaround plan is similarly encouraged to evaluate the appropriateness of the approved plan and submit a modification request if needed.

## Modifying a Commissioner Approved TAP

A campus can find the approved TAP in the ISAM application using your [TEAL](#) login. Use the search bar to locate the campus in question and use the toggle to locate the school year in which the TAP was submitted. If you have any issue, please reach out to [SIDivision@tea.texas.gov](mailto:SIDivision@tea.texas.gov).

**All modifications to the TAP must meet the [success criteria](#) and be approved once again by the Commissioner.**

A campus requesting modification of the approved campus turnaround plan are **encouraged to submit the request to the agency no later than June 30, 2025**, to ensure the modified plan is approved prior to the start of the 2025-2026 school year.

There are two options for submitting modifications for your approved TAP; please see more information on these options below.

### Option 1: Modifying a Turnaround Plan (TAP) that the Commissioner previously approved using the new Qualtrics format:

**Recommended for:** a campus that is making significant changes to the TAP and/or isn't currently using the prior TAP format for tracking implementation.

Completing the [Qualtrics](#) survey and clicking the submit button will function as your request for TAP modification.

For planning purposes, you may use the [TAP Drafting and Success Criteria Document](#).

### Option 2: Modifying a Turnaround Plan (TAP) that the Commissioner previously approved using the original plan format:

**Recommended for:** a campus making minor changes and/or those using the prior template to track implementation.

If a campus wishes to revise a TAP in the original format in which it was approved, they may do so by uploading the modified TAP on the submission table in the ISAM application using their [TEAL](#) login. Use the search bar to locate the campus in question and use the toggle to locate the school year 2023-2024. Locate the upload feature on the submission table for “Turnaround Plan” and upload your document. This function will be available in ISAM on June 16, 2025. If you have any issue, please reach out to [SIDivision@tea.texas.gov](mailto:SIDivision@tea.texas.gov).
