US.2**Prerequisite Skills Linked to Assessed Curriculum***Concepts of Time and Chronology*

- create and interpret timelines (3)
- apply vocabulary related to chronology, including past, present, and future (2)
- describe the order of events by using designations of time periods such as historical and present times (2)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- organize and interpret information from outlines, reports, databases, and visuals, including graphs, charts, timelines, and maps (6–8)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- identify the historical context of an event (5)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- organize and interpret information in outlines, reports, databases, and visuals, including graphs, charts, timelines, and maps (4–5)
- interpret and create visuals, including graphs, charts, tables, timelines, illustrations, and maps (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 1 – History: The student will demonstrate an understanding of issues and events in U.S. history.	
TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(3) History. The student understands the political, economic, and social changes in the United States from 1877 to 1898. The student is expected to</p> <p>(A) analyze political issues such as Indian policies, the growth of political machines, and civil service reform; Readiness Standard</p> <p>(B) analyze economic issues such as industrialization, the growth of railroads, the growth of labor unions, farm issues, the cattle industry boom, the growth of entrepreneurship, and the pros and cons of big business; Readiness Standard</p> <p>(C) analyze social issues affecting women, minorities, children, immigrants, and urbanization. Readiness Standard</p>	<p>Recognizes important political, economic, and social issues in the United States from 1877 to 1898.</p>
US.3 Prerequisite Skills Linked to Assessed Curriculum	
<p><i>Individuals and Groups Shaping History</i></p> <ul style="list-style-type: none"> describe the social, political, economic, and cultural contributions of individuals and groups from various societies, past and present (6) describe how individuals, events, and ideas have changed communities, past and present (3) describe how people and events have influenced local community history (2) <p><i>Issues and Events Shaping History</i></p> <ul style="list-style-type: none"> explain the impact of various events on life in Texas such as the Great Depression, the Dust Bowl, and World War II and notable individuals such as Audie Murphy, Cleto Rodríguez, Bessie Coleman and other local individuals (4) <p><i>Historical Points of Reference</i></p> <ul style="list-style-type: none"> identify the major eras in Texas history, describe their defining characteristics, and explain the purpose of dividing the past into eras, including Natural Texas and its People; Age of Contact; Spanish Colonial; Mexican National; Revolution and Republic; Early Statehood; Texas in the Civil War and Reconstruction; Cotton, Cattle, and Railroads; Age of Oil; Texas in the Great Depression and World War II; Civil Rights; and Contemporary Texas (7) <p><i>Economic Influences</i></p> <ul style="list-style-type: none"> identify and explain how changes resulting from the Industrial Revolution led to conflict among sections of the United States (5) explain the effects of the railroad industry on life in Texas, including changes to cities and major industries (4) explain the growth, development, and impact of the cattle industry such as contributions made by Charles Goodnight, Richard King, and Lizzie Johnson (4) 	

Continued

US.3**Prerequisite Skills Linked to Assessed Curriculum***Social Influences*

- identify the challenges, opportunities, and contributions of people from various American Indian and immigrant groups such as the settlement of the frontier and building of the Transcontinental Railroad (5)
- explain the effects on American Indian life brought about by the Red River War, building of U.S. forts and railroads, and loss of buffalo (4)

Concepts of Time and Chronology

- create and interpret timelines (3)
- apply vocabulary related to chronology, including past, present, and future (2)
- describe the order of events by using designations of time periods such as historical and present times (2)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- identify different points of view about an issue or current topic (6)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- identify the historical context of an event (5)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- identify different points of view about an issue, topic, historical event, or current event (4–5)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 1 – History: The student will demonstrate an understanding of issues and events in U.S. history.

<p>TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations</p>	<p>STAAR Alternate 2 Essence Statement</p>
<p>(4) History. The student understands the emergence of the United States as a world power between 1898 and 1920. The student is expected to</p> <p>(A) explain why significant events, policies, and individuals, including the Spanish-American War, U.S. expansionism, Alfred Thayer Mahan, Theodore Roosevelt, Sanford B. Dole moved the United States into the position of a world power; Readiness Standard</p> <p>(B) evaluate American expansionism, including acquisitions such as Guam, Hawaii, the Philippines, and Puerto Rico; Supporting Standard</p> <p>(C) identify the causes of World War I and reasons for U.S. entry; Readiness Standard</p> <p>(D) understand the contributions of the American Expeditionary Forces (AEF) led by General John J. Pershing, including the Battle of Argonne Forest; Supporting Standard</p> <p>(E) analyze the impact of machine guns, airplanes, tanks, poison gas, and trench warfare as significant technological innovations in World War I on the Western Front; Supporting Standard</p> <p>(F) analyze major issues raised by U.S. involvement in World War I, including isolationism, neutrality, Woodrow Wilson’s Fourteen Points, and the Treaty of Versailles. Readiness Standard</p>	<p>Recognizes important factors that contributed to the United States becoming a world power.</p>

US.4 Prerequisite Skills Linked to Assessed Curriculum

<p><i>Individuals and Groups Shaping History</i></p> <ul style="list-style-type: none"> • describe the social, political, economic, and cultural contributions of individuals and groups from various societies, past and present (6) • identify and describe the historical influence of individuals or groups on various contemporary societies (6) • describe how individuals, events, and ideas have changed communities, past and present (3) • describe how people and events have influenced local community history (2) • identify contributions of historical figures, including Thurgood Marshall, Irma Rangel, and Theodore Roosevelt, who have influenced the state and nation (2)

Continued

US.4**Prerequisite Skills Linked to Assessed Curriculum**

- identify contributions of historical figures, including Sam Houston, George Washington, Abraham Lincoln, and Martin Luther King Jr., who have influenced the state and nation (1)
- identify contributions of historical figures, including Stephen F. Austin, George Washington, Christopher Columbus, and José Antonio Navarro, who helped to shape the state and nation (K)

Issues and Events Shaping History

- analyze the political, economic, and social impact of World War I, the Great Depression, World War II, and significant issues in the latter half of the 20th and early 21st centuries such as political and economic controversies, immigration, and migration on the history of Texas (7)

Concepts of Time and Chronology

- create and interpret timelines (3)
- apply vocabulary related to chronology, including past, present, and future (2)
- describe the order of events by using designations of time periods such as historical and present times (2)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- organize and interpret information from outlines, reports, databases, and visuals, including graphs, charts, timelines, and maps (6–8)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- identify the historical context of an event (5)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- organize and interpret information in outlines, reports, databases, and visuals, including graphs, charts, timelines, and maps (4–5)
- interpret and create visuals, including graphs, charts, tables, timelines, illustrations, and maps (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 1 – History: The student will demonstrate an understanding of issues and events in U.S. history.

TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(5) History. The student understands the effects of reform and third-party movements in the early 20th century. The student is expected to</p> <p>(A) analyze the impact of Progressive Era reforms, including initiative, referendum, recall, and the passage of the 16th, 17th, 18th, and 19th amendments; Readiness Standard</p> <p>(B) evaluate the impact of muckrakers and reform leaders such as Upton Sinclair, Susan B. Anthony, Jane Addams, Ida B. Wells, and W. E. B. DuBois, on American society; Supporting Standard</p> <p>(C) analyze the impact of third parties, including the Populist and Progressive parties. Supporting Standard</p>	<p>Recognizes the impact of reform and third-party movements in the United States.</p>

US.5 Prerequisite Skills Linked to Assessed Curriculum

- describe and compare the impact of reform movements in Texas in the 19th and 20th centuries such as progressivism, populism, women's suffrage, agrarianism, labor reform, and the conservative movement of the late 20th century (7)
- analyze various issues and events of the 21st century such as the War on Terror and the 2008 presidential election (5)
- explain the significance of issues and events of the 20th century such as industrialization, urbanization, the Great Depression, the world wars, the civil rights movement, and military actions (5)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- identify different points of view about an issue or current topic (6)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- identify the historical context of an event (5)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- identify different points of view about an issue, topic, historical event, or current event (4–5)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 2 – Geography and Culture: The student will demonstrate an understanding of geographic and cultural influences on U.S. history.	
TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(12) Geography. The student understands the impact of geographic factors on major events. The student is expected to</p> <p>(A) analyze the impact of physical and human geographic factors on the Klondike Gold Rush, the Panama Canal, the Dust Bowl, and the levee failure in New Orleans after Hurricane Katrina. Readiness Standard</p>	<p>Recognizes the impact of geographic factors on major events.</p>
US.12 Prerequisite Skills Linked to Assessed Curriculum	
<p><i>Relationship between People and Physical Environment</i></p> <ul style="list-style-type: none"> • describe the positive and negative consequences of human modification of the physical environment of the United States (8) • analyze how physical characteristics of the environment influenced population distribution, settlement patterns, and economic activities in the United States (8) • explain ways in which geographic factors such as the Galveston Hurricane of 1900, the Dust Bowl, limited water resources, and alternative energy sources have affected the political, economic, and social development of Texas (7) • identify ways in which Texans have adapted to and modified the environment and explain the positive and negative consequences of the modifications (7) • identify and analyze ways people have adapted to the physical environment in various places and regions (6) • describe ways people have been impacted by physical processes such as earthquakes and climate (6) • analyze the positive and negative consequences of human modification of the environment in the United States (5) • describe how and why people have adapted to and modified their environment in the United States such as the use of human resources to meet basic needs (5) • compare the positive and negative consequences of human modification of the environment in Texas, past and present (4) • explain reasons why people have adapted to and modified their environment in Texas, past and present, such as the use of natural resources to meet basic needs, facilitate transportation, and enhance recreational activities (4) • describe ways people have adapted to and modified their environment in Texas, past and present, such as timber clearing, agricultural production, wetlands drainage, energy production, and construction of dams (4) • describe the effects of human processes such as building new homes, conservation, and pollution in shaping the landscape (3) • identify and compare how people in different communities adapt to or modify the physical environment in which they live such as deserts, mountains, wetlands, and plains (3) 	

Continued

US.12**Prerequisite Skills Linked to Assessed Curriculum**

- identify consequences of human modification of the physical environment (2)

Geographic Influence on History

- explain the geographic factors responsible for the location of economic activities in places and regions (6)

Population and Settlement Patterns

- analyze the geographic factors that influence the location of the five largest urban areas in the United States and explain their distribution (5)
- explain the geographic factors that influence patterns of settlement and the distribution of population in the United States (5)
- explain the geographic factors such as landforms and climate that influence patterns of settlement and the distribution of population in Texas, past and present (4)

Characteristics of Places and Regions

- analyze the effects of physical and human factors such as climate, weather, landforms, irrigation, transportation, and communication on major events in Texas (7)
- describe regions in the United States based on physical characteristics such as landform, climate, and vegetation (5)
- describe political and economic regions in the United States that result from patterns of human activity (5)
- identify and describe how geographic location influences the human characteristics of place such as shelter, clothing, food, and activities (1)
- identify how geographic location influences human characteristics of place such as shelter, clothing, food, and activities (K)

Acquisition of Information Through a Variety of Sources

- pose and answer questions about geographic distributions and patterns shown on maps, graphs, and charts (8)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- organize and interpret information from outlines, reports, databases, and visuals, including graphs, charts, timelines, and maps (6–8)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- organize and interpret information in outlines, reports, databases, and visuals, including graphs, charts, timelines, and maps (4–5)

Continued

US.12**Prerequisite Skills Linked to Assessed Curriculum**

- interpret and create visuals, including graphs, charts, tables, timelines, illustrations, and maps (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 2 – Geography and Culture: The student will demonstrate an understanding of geographic and cultural influences on U.S. history.	
TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(13) Geography. The student understands the causes and effects of migration and immigration on American society. The student is expected to</p> <p>(A) analyze the causes and effects of changing demographic patterns resulting from migration within the United States, including western expansion, rural to urban, the Great Migration, and the Rust Belt to the Sun Belt; Readiness Standard</p> <p>(B) analyze the causes and effects of changing demographic patterns resulting from immigration to the United States. Readiness Standard</p>	<p>Recognizes the causes and effects of migration and immigration on American society.</p>
US.13 Prerequisite Skills Linked to Assessed Curriculum	
<p><i>Relationship between People and Physical Environment</i></p> <ul style="list-style-type: none"> • describe the positive and negative consequences of human modification of the physical environment of the United States (8) • analyze how physical characteristics of the environment influenced population distribution, settlement patterns, and economic activities in the United States (8) • explain ways in which geographic factors such as the Galveston Hurricane of 1900, the Dust Bowl, limited water resources, and alternative energy sources have affected the political, economic, and social development of Texas (7) • identify ways in which Texans have adapted to and modified the environment and explain the positive and negative consequences of the modifications (7) • identify and analyze ways people have modified the physical environment such as mining, irrigation, and transportation infrastructure (6) • identify and analyze ways people have adapted to the physical environment in various places and regions (6) • describe ways people have been impacted by physical processes such as earthquakes and climate (6) • analyze the positive and negative consequences of human modification of the environment in the United States (5) • compare the positive and negative consequences of human modification of the environment in Texas, past and present (4) • explain reasons why people have adapted to and modified their environment in Texas, past and present, such as the use of natural resources to meet basic needs, facilitate transportation, and enhance recreational activities (4) 	

Continued

US.13**Prerequisite Skills Linked to Assessed Curriculum**

- describe ways people have adapted to and modified their environment in Texas, past and present, such as timber clearing, agricultural production, wetlands drainage, energy production, and construction of dams (4)
- identify and compare how people in different communities adapt to or modify the physical environment in which they live such as deserts, mountains, wetlands, and plains (3)
- identify consequences of human modification of the physical environment (2)
- identify ways in which people have modified the physical environment such as clearing land, building roads, using land for agriculture, and drilling for oil (2)

Geographic Influence on History

- explain the geographic factors responsible for the location of economic activities in places and regions (6)

Population and Settlement Patterns

- describe how immigration and migration to Texas have influenced Texas (7)
- identify why immigrant groups came to Texas and where they settled (7)
- analyze the geographic factors that influence the location of the five largest urban areas in the United States and explain their distribution (5)
- explain the geographic factors that influence patterns of settlement and the distribution of population in the United States (5)
- identify and explain patterns of settlement such as the location of towns and cities in Texas at different time periods (4)
- explain the geographic factors such as landforms and climate that influence patterns of settlement and the distribution of population in Texas, past and present (4)

Characteristics of Places and Regions

- analyze the effects of physical and human factors such as climate, weather, landforms, irrigation, transportation, and communication on major events in Texas (7)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- identify different points of view about an issue or current topic (6)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- identify the historical context of an event (5)

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- identify different points of view about an issue, topic, historical event, or current event (4–5)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 2 – Geography and Culture: The student will demonstrate an understanding of geographic and cultural influences on U.S. history.	
TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(25) Culture. The student understands how people from various groups contribute to our national identity. The student is expected to</p> <ul style="list-style-type: none"> (A) explain actions taken by people to expand economic opportunities and political rights for racial, ethnic, gender, and religious groups in American society; Readiness Standard (B) describe the Americanization movement to assimilate immigrants and American Indians into American culture; Supporting Standard (C) explain how the contributions of people of various racial, ethnic, gender, and religious groups shape American culture; Readiness Standard (D) identify the contributions of women such as Rosa Parks, Eleanor Roosevelt, and Sonia Sotomayor to American society. Supporting Standard 	<p>Recognizes how diverse groups of people contribute to American identity.</p>
US.25 Prerequisite Skills Linked to Assessed Curriculum	
US.25	<p><i>Impact of Diversity</i></p> <ul style="list-style-type: none"> • identify contributions to the arts by Texans such as Roy Bedichek, Diane Gonzales Bertrand, J. Frank Dobie, Scott Joplin, Elisabet Ney, Amado Peña Jr., Walter Prescott Webb, and Horton Foote (7) • describe how people from various racial, ethnic, and religious groups attempt to maintain their cultural heritage while adapting to the larger Texas culture (7) • identify and explain examples of conflict and cooperation between and among cultures (6) • analyze the experiences and contributions of diverse groups to multicultural societies (6) • summarize the contributions of people of various racial, ethnic, and religious groups to our national identity (5) • summarize the contributions of artists of various racial, ethnic, and religious groups in the development of Texas culture such as Lydia Mendoza, Chelo Silva, and Julius Lorenzo Cobb Bledsoe (4) <p><i>Cultural Diffusion</i></p> <ul style="list-style-type: none"> • analyze the contributions of people of various racial, ethnic, and religious groups to our national identity (8) • identify ways conflicts between people from various racial, ethnic, and religious groups were addressed (8)

Continued

US.25**Prerequisite Skills Linked to Assessed Curriculum***Cultural Effects on Institutions*

- analyze the efforts and activities institutions use to sustain themselves over time (6)

Individuals and Groups Who Have Affected Culture

- describe and evaluate the historical development of the abolitionist movement, including activities that focused attention on the moral ills of slavery (8)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- identify different points of view about an issue or current topic (6)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- identify the historical context of an event (5)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- identify different points of view about an issue, topic, historical event, or current event (4–5)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 3 – Government and Citizenship: The student will demonstrate an understanding of the role of government and the civic process in U.S. history.	
TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(18) Government. The student understands changes over time in the role of government. The student is expected to</p> <ul style="list-style-type: none"> (A) evaluate the impact of New Deal legislation on the historical roles of state and federal government; Readiness Standard (B) explain constitutional issues raised by federal government policy changes during times of significant events, including World War I, the Great Depression, World War II, the 1960s, and September 11, 2001; Readiness Standard (C) describe the effects of political scandals, including Teapot Dome, Watergate, and Bill Clinton’s impeachment, on the views of U.S. citizens concerning trust in the federal government and its leaders; Supporting Standard (D) describe the role of contemporary government legislation in the private and public sectors such as the Community Reinvestment Act of 1977, USA PATRIOT Act 2001, and the American Recovery and Reinvestment Act of 2009. Supporting Standard 	<p>Recognizes the impact of changes over time in the role of government.</p>
US.18 Prerequisite Skills Linked to Assessed Curriculum	
<p><i>Structure and Functions of Government</i></p> <ul style="list-style-type: none"> • describe the structure and functions of government at municipal, county, and state levels (7) • identify services commonly provided by local, state, and national governments (3) • compare the roles of public officials, including mayor, governor, and president (2) • identify functions of governments such as establishing order, providing security, and managing conflict (2) • identify and describe the roles of public officials in the community, state, and nation (1) • identify the responsibilities of authority figures in the home, school, and community (1) • explain how authority figures enforce rules (K) <p><i>Political and Legal Systems</i></p> <ul style="list-style-type: none"> • distinguish between national and state governments and compare their responsibilities in the U.S. federal system (5) • identify and explain the basic functions of the three branches of government (5) 	

Continued

US.18**Prerequisite Skills Linked to Assessed Curriculum***Concepts of Time and Chronology*

- create and interpret timelines (3)
- apply vocabulary related to chronology, including past, present, and future (2)
- describe the order of events by using designations of time periods such as historical and present times (2)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- identify different points of view about an issue or current topic (6)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- identify the historical context of an event (5)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- identify different points of view about an issue, topic, historical event, or current event (4–5)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 3 – Government and Citizenship: The student will demonstrate an understanding of the role of government and the civic process in U.S. history.	
TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(19) Government. The student understands the changing relationships among the three branches of the federal government. The student is expected to</p> <p>(A) describe the impact of events such as the Gulf of Tonkin Resolution and the War Powers Act on the relationship between the legislative and executive branches of government; Supporting Standard</p> <p>(B) evaluate the impact of relationships among the legislative, executive, and judicial branches of government, including Franklin D. Roosevelt’s attempt to increase the number of U.S. Supreme Court justices and the presidential election of 2000. Readiness Standard</p>	<p>Recognizes the changing relationships among the legislative, executive, and judicial branches of the federal government.</p>
US.19 Prerequisite Skills Linked to Assessed Curriculum	
	<p><i>Structure and Functions of Government</i></p> <ul style="list-style-type: none"> • compare the roles of public officials, including mayor, governor, and president (2) • identify and describe the roles of public officials in the community, state, and nation (1) <p><i>Political and Legal Systems</i></p> <ul style="list-style-type: none"> • identify the reasons for and describe the system of checks and balances outlined in the U.S. Constitution (5) • identify and explain the basic functions of the three branches of government (5) <p><i>Historical Documents</i></p> <ul style="list-style-type: none"> • evaluate the impact of landmark Supreme Court decision <i>Dred Scott v. Sandford</i> on life in the United States (8) • summarize the issues, decisions, and significance of landmark Supreme Court cases, including <i>Marbury v. Madison</i>, <i>McCulloch v. Maryland</i>, and <i>Gibbons v. Ogden</i> (8) • identify the origin of judicial review (8) • analyze how the U.S. Constitution reflects the principles of limited government, republicanism, checks and balances, federalism, separation of powers, popular sovereignty, and individual rights (8)

<p>(23) Citizenship. The student understands the importance of effective leadership in a constitutional republic. The student is expected to</p> <p>(A) evaluate the contributions of significant political and social leaders in the United States such as Andrew Carnegie, Thurgood Marshall, Billy Graham, Sandra Day O’Connor, and Hillary Clinton; Supporting Standard</p> <p>(B) explain the importance of Congressional Medal of Honor recipients such as Army First Lieutenant Vernon J. Baker, Army Corporal Alvin York, and Army Master Sergeant Raul “Roy” Perez Benavidez. Supporting Standard</p>	<p>Recognizes the importance of effective leadership in the United States.</p>
US.23 Prerequisite Skills Linked to Assessed Curriculum	
<p><i>Roles, Responsibilities and Rights of Citizens</i></p> <ul style="list-style-type: none"> • identify the importance of historical figures and important individuals who modeled active participation in the democratic process such as Sam Houston, Barbara Jordan, Lorenzo de Zavala, Ann Richards, Henry B. González, Wallace Jefferson, and other local individuals (4) • identify important individuals who have participated voluntarily in civic affairs at state and local levels such as Adina de Zavala and Clara Driscoll (4) • identify figures such as Helen Keller, Clara Barton, and Ruby Bridges who exemplify good citizenship (3) • identify historical figures and other individuals who have exemplified good citizenship such as Paul Revere, Abigail Adams, World War II Women Airforce Service Pilots (WASPs), Navajo Code Talkers, and Sojourner Truth (2) • identify historical figures and other individuals who have exemplified good citizenship such as Benjamin Franklin and Eleanor Roosevelt (1) <p><i>Leadership</i></p> <ul style="list-style-type: none"> • analyze the leadership qualities of elected and appointed leaders of the United States such as George Washington, John Marshall, and Abraham Lincoln (8) 	

Continued

US.23**Prerequisite Skills Linked to Assessed Curriculum**

- identify the contributions of Texas leaders such as Lawrence Sullivan “Sul” Ross, John Nance Garner (“Cactus Jack”), James A. Baker III, Henry B. González, Kay Bailey Hutchison, Barbara Jordan, Raymond L. Telles, Sam Rayburn, and Raul A. Gonzalez Jr. (7)
- identify the leadership qualities of elected and appointed leaders of Texas, past and present, including Texans who have been president of the United States (7)
- identify leadership qualities of national leaders, past and present (5)
- identify leadership qualities of state and local leaders, past and present (4)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 4 – Economics, Science, Technology, and Society: The student will demonstrate an understanding of economic and technological influences on U.S. history.	
TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(15) Economics. The student understands domestic and foreign issues related to U.S. economic growth from the 1870s to 1920. The student is expected to</p> <p>(A) describe how the economic impact of the Transcontinental Railroad and the Homestead Act contributed to the close of the frontier in the late 19th century; Supporting Standard</p> <p>(B) describe the changing relationship between the federal government and private business, including the growth of free enterprise, costs and benefits of laissez-faire, Sherman Antitrust Act, Interstate Commerce Act, and Pure Food and Drug Act; Readiness Standard</p> <p>(C) explain how foreign policies affected economic issues such as the Chinese Exclusion Act of 1882, the Open Door Policy, Dollar Diplomacy, and immigration quotas; Supporting Standard</p> <p>(D) describe the economic effects of international military conflicts, including the Spanish-American War and World War I, on the United States. Readiness Standard</p>	<p>Recognizes issues related to U.S economic growth from the 1870s to 1920.</p>
US.15 Prerequisite Skills Linked to Assessed Curriculum	
	<p><i>Evolution of Economic Systems Based on Human Need</i></p> <ul style="list-style-type: none"> • compare and contrast free enterprise, socialist, and communist economies in various contemporary societies, including the benefits of the U.S. free enterprise system (6) • compare ways in which various societies organize the production and distribution of goods and services (6) • explain how the cost of production and selling price affect profits (3) • explain how supply and demand affect the price of a good or service (3) • explain the choices people can make about earning, spending, and saving money (2) • identify the role of markets in the exchange of goods and services (1) • identify ways people exchange goods and services (1) • explain how basic human needs and wants can be met (K)

Continued

US.15**Prerequisite Skills Linked to Assessed Curriculum**

- demonstrate an understanding that all people need food, clothing, and shelter (PK4.VII.B.1)

Factors Influencing Economies

- explain the impact of the distribution of resources on international trade and economic interdependence among and within societies (6)

Development and Operation of Economic Systems

- evaluate the effects of supply and demand on industry and agriculture, including the plantation system, in the United States (5)
- explain how supply and demand affects consumers in the United States (5)
- give examples of the benefits of the free enterprise system in the United States (5)
- describe how the free enterprise system works in the United States (5)
- explain how developments in transportation and communication have influenced economic activities in Texas (4)
- describe the development of the free enterprise system in Texas such as the growth of cash crops by early colonists and the railroad boom (4)
- identify examples of the benefits of the free enterprise system such as choice and opportunity (4)
- describe how the free enterprise system works, including supply and demand (4)

Global Trade and Economic Interdependence

- explain the impact of economic concepts within the free enterprise system such as supply and demand, profit, and world competition on the economy of Texas (7)
- explain the impact of national and international markets on the production of goods and services in Texas, including agriculture and oil and gas (7)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 4 – Economics, Science, Technology, and Society: The student will demonstrate an understanding of economic and technological influences on U.S. history.	
TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(16) Economics. The student understands significant economic developments between World War I and World War II. The student is expected to</p> <p>(A) analyze causes of economic growth and prosperity in the 1920s, including Warren Harding’s Return to Normalcy, reduced taxes, and increased production efficiencies; Supporting Standard</p> <p>(B) identify the causes of the Great Depression, including the impact of tariffs on world trade, stock market speculation, bank failures, and the monetary policy of the Federal Reserve System; Readiness Standard</p> <p>(C) analyze the effects of the Great Depression on the U.S. economy and society such as widespread unemployment and deportation and repatriation of people of Mexican heritage; Readiness Standard</p> <p>(D) compare the New Deal policies and its opponents’ approaches to resolving the economic effects of the Great Depression; Supporting Standard</p> <p>(E) describe how various New Deal agencies and programs, including the Federal Deposit Insurance Corporation, the Securities and Exchange Commission, and the Social Security Administration, continue to affect the lives of U.S. citizens. Supporting Standard</p>	<p>Recognizes important economic developments between World War I and World War II.</p>
US.16 Prerequisite Skills Linked to Assessed Curriculum	
	<p><i>Evolution of Economic Systems Based on Human Need</i></p> <ul style="list-style-type: none"> • explain how the cost of production and selling price affect profits (3) • define and identify examples of scarcity (3) • explain how supply and demand affect the price of a good or service (3) • identify the role of markets in the exchange of goods and services (1) • explain how basic human needs and wants can be met (K) • demonstrate an understanding that all people need food, clothing, and shelter (PK4.VII.B.1)

Continued

US.16**Prerequisite Skills Linked to Assessed Curriculum***Factors Influencing Economies*

- identify problems that may arise when one or more of the factors of production is in relatively short supply (6)
- describe ways in which the factors of production (natural resources, labor, capital, and entrepreneurs) influence the economies of various contemporary societies (6)
- describe the impact of mass production, specialization, and division of labor on the economic growth of the United States (5)

Development and Operation of Economic Systems

- explain economic factors and the development of major industries that led to the urbanization of Texas such as transportation, oil and gas, and manufacturing (7)
- evaluate the effects of supply and demand on industry and agriculture, including the plantation system, in the United States (5)
- explain how supply and demand affects consumers in the United States (5)
- describe how the free enterprise system works in the United States (5)
- explain how developments in transportation and communication have influenced economic activities in Texas (4)
- describe how the free enterprise system works, including supply and demand (4)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 4 – Economics, Science, Technology, and Society: The student will demonstrate an understanding of economic and technological influences on U.S. history.	
TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(17) Economics. The student understands the economic effects of government policies from World War II through the present. The student is expected to</p> <p>(A) describe the economic effects of World War II on the home front such as mobilization, the end of the Great Depression, rationing, and increased opportunity for women and minority employment; Readiness Standard</p> <p>(B) identify the causes of prosperity in the 1950s, including the Baby Boom and the impact of the GI Bill (Servicemen’s Readjustment Act of 1944), and the effects of prosperity in the 1950s such as increased consumption and the growth of agriculture and business; Readiness Standard</p> <p>(C) describe the economic impact of defense spending on the business cycle and education priorities from 1945 to the 1990s; Supporting Standard</p> <p>(D) identify the actions and outcomes of government policies intended to create economic opportunities for citizens such as the Great Society, affirmative action, and Title IX; Supporting Standard</p> <p>(E) describe the dynamic relationship between U.S. international trade policies and the U.S. free enterprise system such as the Organization of Petroleum Exporting Countries (OPEC) oil embargo, the General Agreement of Tariffs and Trade (GATT), and the North American Free Trade Agreement (NAFTA). Readiness Standard</p>	<p>Recognizes the economic effects of government policies from World War II through the present.</p>
US.17 Prerequisite Skills Linked to Assessed Curriculum	
US.17	<p><i>Evolution of Economic Systems Based on Human Need</i></p> <ul style="list-style-type: none"> • identify ways in which people are both producers and consumers (2) • distinguish between producing and consuming (2)

Continued

US.17**Prerequisite Skills Linked to Assessed Curriculum**

- identify the role of markets in the exchange of goods and services (1)
- identify ways people exchange goods and services (1)
- explain how basic human needs and wants can be met (K)
- demonstrate an understanding of what it means to be a consumer (PK4.VII.B.2)

Factors Influencing Economies

- explain the impact of the distribution of resources on international trade and economic interdependence among and within societies (6)

Development and Operation of Economic Systems

- explain economic factors and the development of major industries that led to the urbanization of Texas such as transportation, oil and gas, and manufacturing (7)
- evaluate the effects of supply and demand on industry and agriculture, including the plantation system, in the United States (5)
- explain how supply and demand affects consumers in the United States (5)
- give examples of the benefits of the free enterprise system in the United States (5)
- describe how the free enterprise system works in the United States (5)
- describe the development of the free enterprise system in Texas such as the growth of cash crops by early colonists and the railroad boom (4)
- identify examples of the benefits of the free enterprise system such as choice and opportunity (4)
- describe how the free enterprise system works, including supply and demand (4)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, distinguishing between fact and opinion, identifying cause and effect, comparing, and contrasting (3)
- interpret oral, visual, and print material by sequencing, categorizing, identifying the main idea, predicting, comparing, and contrasting (2)
- sequence and categorize information (K–1)

STAAR Reporting Category 4 – Economics, Science, Technology, and Society: The student will demonstrate an understanding of economic and technological influences on U.S. history.	
TEKS Knowledge and Skills Statement/ STAAR-Tested Student Expectations	STAAR Alternate 2 Essence Statement
<p>(26) Science, technology, and society. The student understands the impact of science, technology, and the free enterprise system on the economic development of the United States. The student is expected to</p> <p>(A) explain the effects of scientific discoveries and technological innovations such as electric power, telephone and satellite communications, petroleum-based products, steel production, and computers on the economic development of the United States; Readiness Standard</p> <p>(B) explain how specific needs result in scientific discoveries and technological innovations in agriculture, the military, and medicine; Supporting Standard</p> <p>(C) describe the effect of technological innovations in the workplace such as assembly line manufacturing and robotics. Supporting Standard</p>	<p>Recognizes the impact of scientific discoveries, technological innovations, and the free enterprise system on U.S. economic development.</p>
US.26 Prerequisite Skills Linked to Assessed Curriculum	
US.26	<p><i>Impact of Science and Technology on Society</i></p> <ul style="list-style-type: none"> • analyze how scientific discoveries and technological innovations have resulted in an interdependence among Texas, the United States, and the world (7) • evaluate the effects of scientific discoveries and technological innovations on the use of resources such as fossil fuels, water, and land (7) • analyze the effects of various scientific discoveries and technological innovations on the development of Texas such as advancements in the agricultural, energy, medical, computer, and aerospace industries (7) • make predictions about future social, political, economic, cultural, and environmental impacts that may result from future scientific discoveries and technological innovations (6) • explain how resources, economic factors, and political decisions affect the use of technology (6) • identify examples of scientific discoveries, technological innovations, and scientists and inventors that have shaped the world (6)

Continued

US.26**Prerequisite Skills Linked to Assessed Curriculum**

- identify how scientific discoveries, technological innovations, and the rapid growth of technology industries have advanced the economic development of the United States, including the transcontinental railroad and the space program (5)
- describe how scientific discoveries and innovations such as in aerospace, agriculture, energy, and technology have benefited individuals, businesses, and society in Texas (4)
- describe how science and technology have affected communication, transportation, and recreation (2)
- describe how technology has affected communication, transportation, and recreation (1)
- describe how technology helps accomplish specific tasks and meet people’s needs (K)

Acquisition of Information Through a Variety of Sources

- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (7–8)
- analyze information by sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (6)
- analyze information by applying absolute and relative chronology through sequencing, categorizing, identifying cause-and-effect relationships, comparing, contrasting, finding the main idea, summarizing, making generalizations and predictions, and drawing inferences and conclusions (4–5)
