

Texas Student Assessment Program

2015-2016

Consolidated Accountability Data File Format

Overview

The Consolidated Accountability File (CAF) combines all STAAR, STAAR Spanish, STAAR L, STAAR A, STAAR Alternate 2, and TELPAS data within the current accountability year into one record for a student. The record also includes data for the student for any assessments within the previous accountability year. Records for which a student cannot be assigned a Portal Access Code are not combined with data from another reporting administration, and conflicting data for a grades 3-8 subject or End of Course (EOC) within a reporting administration are not combined with other testing data for a student.

English III and Algebra II EOC data are not included in the CAF.

For significant changes implemented in TELPAS and STAAR grades 3-8 and EOC reporting, refer to individual data file formats for those assessments. Following is a list of the most significant changes to the 2015-2016 CAF data file format.

1. **Student Performance Standards and Performance Level Results:** Fields have been updated to reflect the adoption of a standard progression approach for STAAR, STAAR Spanish, STAAR L, and STAAR A Level II passing standards. The single EOC passing standard for a student (position 1461) allows eight (8) values that correspond to each progression standard year. For each administration during the current accountability year, performance level results are included for the student's Level II standard, the 2016-17, 2017-18, and final recommended Level II standards, and the Level III standard. For each administration during the previous accountability year, performance level results are included for the student's Level II standard, the final recommended Level II standard, and the Level III standard.
2. **STAAR Progress Measure:** For grades 3-8 mathematics, performance result fields for the STAAR Progress Measure have been added for each administration in the current accountability year.
3. **New to Texas:** A new field has been added in position 99 to indicate whether a student was identified as new to Texas in any STAAR, STAAR Spanish, STAAR L, STAAR A, or STAAR Alternate 2 administration in spring 2016. This field is not used for accountability or monitoring purposes.
4. **TELPAS and ELL Progress Measure Qualification Plan:** TELPAS data for the previous accountability year and ELL Progress Measure Qualification Plan data are included only for students with TELPAS data for the current accountability year.
5. **Test Administration Indicator:** An indicator has been added for each EOC and grades 3-8 subject administration within the current accountability year. This field is available to indicate, as needed, any testing circumstance that may affect accountability or monitoring.

NOTE: The data will be provided in a fixed-length text file format with the layout defined below. The file extension will be .txt.
