			<b>Science Item Level Information</b>	
2001	2020	20	Item Reporting Category Number - Science	The number in each position indicates the reporting category measured by the corresponding Science item. For example, the value in the first position (2001) indicates the reporting category measured by item 1. The second position (2002) indicates the reporting category measured by item 2, and so on.  1 = Reporting Category 1 2 = Reporting Category 2 3 = Reporting Category 3 4 = Reporting Category 4  NOTE: The reporting category numbers will be populated for all released test forms.
2021	2054	34	Blank	
2055	2074	20	Item Student Response – Science	The character in each position indicates the student’s response to the corresponding Science item. The student’s response to item 1 is in the first position (2055), the student’s response to item 2 is in the second position (2056), and so on.  If a student responds correctly to the first presentation of an item, an "A" will be present (the student receives a score point of 2). If the student responds correctly to the second presentation of the item, a "B" will be present (the student receives a score point of 1). If the student does not respond or responds incorrectly to the second presentation, a "C" will be present (the student receives a score point of 0). An asterisk (*) indicates that the response was left blank.  NOTE: The student responses will be populated for all released test forms.
