* STAAR Alternate 2 test questions are scored according to the level of independence with which a student responds to an item as follows:
 - If a student responds correctly to the first presentation of an item, the test administrator marks "A" on the scoring document, and the student receives a score point of 2. If the student does not respond or responds incorrectly, the item is presented again with allowable teacher assists.
 - If the student responds correctly to the second presentation of the item, the test administrator marks "B" on the scoring document, and the student receives a score point of 1.
 - If the student does not respond or responds incorrectly to the second presentation, the test administrator marks "C" on the scoring document, and the student receives a score point of 0.
 ** = Percent of responses not submitted.
