(a) If a municipality or district is required to accept bids on a contract and receives two or more bids from responsible bidders that are identical, in nature and amount, as the lowest and best bids, the governing body of the municipality or district shall enter into a contract with only one of those bidders and must reject all other bids.

(b) If only one of the bidders submitting identical bids is a resident of the municipality or district, the municipality or district must select that bidder. If two or more of the bidders submitting identical bids are residents of the municipality or district, the municipality or district must select one of those bidders by the casting of lots. In all other cases, the

municipality or district must select from the identical bids by the casting of lots.

(c) The casting of lots must be in a manner prescribed by the mayor of the municipality or the governing body of the district and must be conducted in the presence of the governing body of the municipality or district. All qualified bidders or their legal representatives may be present at the casting of lots.

(d) This section does not prohibit a municipality or district from rejecting all bids.

(e) This section applies to all municipalities and districts required by general or special law or by municipal ordinance or charter to accept bids and award contracts on the basis of the lowest and best bid, but does not apply to bidding for contracts to act as a depository for public funds or as a depository for school funds under Subchapter G, Chapter 45, Education Code.

(b) In this section, "local government" means a municipality, county, school district, special purpose district or authority, or other political subdivision of this state.

### **Sec. 271.904. Engineering Or Architectural Services Contracts: Indemnification Limitations; Duties Of Engineer Or Architect**

(a) A covenant or promise in, in connection with, or collateral to a contract for engineering or architectural services to which a governmental agency is a party is void and unenforceable if the covenant or promise provides that a licensed engineer or registered architect whose work product is the subject of the contract must indemnify or hold harmless the governmental agency against liability for damage, other than liability for damage to the extent that the damage is caused by or results from an act of negligence, intentional tort, intellectual property infringement, or failure to pay a subcontractor or supplier committed by the indemnitor or the indemnitor's agent, consultant under contract, or another entity over which the indemnitor exercises control.

(b) Except as provided by Subsection (c), a covenant or promise in, in connection with, or collateral to a contract for engineering or architectural services to which a governmental agency is a party is void and unenforceable if the covenant or promise provides that a licensed engineer or registered architect whose work product is the subject of the contract must defend a party, including a third party, against a claim based wholly or partly on the negligence of, fault of, or breach of contract by the governmental agency, the agency's agent, the agency's employee, or other entity, excluding the engineer or architect or that person's agent, employee, or subconsultant, over which the governmental agency exercises control. A covenant or promise may provide for the reimbursement of a governmental agency's reasonable attorney's fees in proportion to the engineer's or architect's liability.

(c) Notwithstanding Subsection (b), a governmental agency may require in a contract for engineering or architectural services to which the governmental agency is a party that the engineer or architect name the governmental agency as an additional insured under the engineer's or architect's general liability insurance policy and provide any defense provided by the policy.

(d) A contract for engineering or architectural services to which a governmental agency is a party must require a licensed engineer or registered architect to perform services:

272.001. Notice Of Sale Or Exchange Of Land By Political Subdivision; Exceptions

**Sec. 272.001. Notice Of Sale Or Exchange Of Land By Political Subdivision; Exceptions**

(a) Except for the types of land and interests covered by Subsection (b), (g), (h), (i), (j), or (l), and except as provided by Section 253.008, before land owned by a political subdivision of the state may be sold or exchanged for other land, notice to the general public of the offer of the land for sale or exchange must be published in a newspaper of general circulation in either the county in which the land is located or, if there is no such newspaper, in an adjoining county. The notice must include a description of the land, including its location, and the procedure by which sealed bids to purchase the land or offers to exchange the land may be submitted. The notice must be published on two separate dates and the sale or exchange may not be made until after the 14th day after the date of the second publication.

(b) The notice and bidding requirements of Subsection (a) do not apply to the types of land and real property interests described by this subsection and owned by a political subdivision. The land and those interests described by this subsection may not be conveyed, sold, or exchanged for less than the fair market value of the land or interest unless the conveyance, sale, or exchange is with one or more abutting property owners who own the underlying fee simple. The fair market value is determined by an appraisal obtained by the political subdivision that owns the land or interest or, in the case of land or an interest owned by a home-rule

municipality, the fair market value may be determined by the price obtained by the municipality at a public auction for which notice to the general public is published in the manner described by Subsection (a). The notice of the auction must include, instead of the content required by Subsection (a), a description of the land, including its location, the date, time, and location of the auction, and the procedures to be followed at the auction. The appraisal or public auction price is conclusive of the fair market value of the land or interest, regardless of any contrary provision of a home-rule charter. This subsection applies to:

(1) narrow strips of land, or land that because of its shape, lack of access to public roads, or small area cannot be used independently under its current zoning or under applicable subdivision or other development control ordinances;

(2) streets or alleys, owned in fee or used by easement;

(3) land or a real property interest originally acquired for streets, rights-of-way, or easements that the political subdivision chooses to exchange for other land to be used for streets, rights-of-way, easements, or other public purposes, including transactions partly for cash;

(4) land that the political subdivision wants to have developed by contract with an independent foundation;

(5) a real property interest conveyed to a governmental entity that has the power of eminent domain;

(6) a municipality's land that is located in a reinvestment zone designated as provided by law and that the municipality desires to have developed under a project plan adopted by the municipality for the zone; or

(7) a property interest owned by a defense base development authority established under Chapter 378, Local Government Code, as added by Chapter 1221, Acts of the 76th Legislature, Regular Session, 1999.

(c) The land or interests described by Subsections (b)(1) and (2) may be sold to:

(1) abutting property owners in the same subdivision if the land has been subdivided; or

(2) abutting property owners in proportion to their abutting ownership, and the division between owners must be made in an equitable manner.

(d) This section does not require the governing body of a political subdivision to accept any bid or offer or to complete a sale or exchange.

(e) This section does not apply to land in the permanent school fund that is authorized by legislation to be exchanged for other land of at least equal value.

(f) The fair market value of land, an easement, or other real property interest in exchange for land, an easement, or other real property interest as authorized by Subsection (b)(3) is conclusively determined by an appraisal obtained by the political subdivision. The cost of any streets, utilities, or other improvements constructed on the affected land or to be constructed by an entity other than the political subdivision on the affected land may be considered in determining that fair market value.

(g) A political subdivision may acquire or assemble land or real property interest, except by condemnation, and sell, exchange, or otherwise convey the land or interests to an entity for the development of low-income or moderate-income housing. The political subdivision shall determine the terms and conditions of the transactions so as to effectuate and maintain the public purpose. If conveyance of land under this subsection serves a public purpose, the land may be conveyed for less than its fair market value. In this subsection, "entity" means an individual, corporation, partnership, or other legal entity.

(h) A municipality, other than a municipality with a population of more than one million that is located primarily in a county with a population of two million or more, owning land within 5,000 feet of where the shoreline of a lake would be if the lake were filled to its storage capacity may, without notice or the solicitation of bids, sell the land to the person leasing the land for the fair market value of the land as determined by a certified appraiser. While land described by this subsection is under lease, the municipality owning the land may not sell the land to any person other than the person leasing the land. To protect the public health, safety, or welfare and to ensure an adequate municipal water supply, property sold by the municipality under this subsection is not eligible for and the owner is not entitled to the exemption provided by Section 11.142(a), Water Code. The instrument conveying property under this subsection must include a provision stating that the exemption does not apply to the conveyance. In this subsection, "lake" means an inland body of standing water, including a reservoir formed by impounding the water of a river or creek but not including an impoundment of salt water or brackish water, that has a storage capacity of more than 10,000 acre-feet.

(i) A political subdivision that acquires land or a real property interest with funds received for economic development purposes from the community development block grant nonentitlement program authorized by Title I of the Housing and Community Development Act of 1974 (42 U.S.C. Section 5301 et seq.) may lease or convey the land or interest, without the solicitation of bids, to a private, for-profit entity or a nonprofit entity that is a party to a contract

with the political subdivision if the land or interest will be used by the private, for-profit entity or the nonprofit entity in carrying out the purpose of the entity's grant or contract. The land or interest may be leased or conveyed without the solicitation of bids if the political subdivision adopts a resolution stating the conditions and circumstances for the lease or conveyance and the public purpose that will be achieved by the lease or conveyance.

(j) A political subdivision may donate, exchange, convey, sell, or lease land, improvements, or any other interest in real property to an institution of higher education, as that term is defined by Section 61.003, Education Code, to promote a public purpose related to higher education. The political subdivision shall determine the terms and conditions of the transaction so as to effectuate and maintain the public purpose. A political subdivision may donate, exchange, convey, sell, or lease the real property interest for less than its fair market value and without complying with the notice and bidding requirements of Subsection (a).

(k) This section does not apply to sales or exchanges of land owned by a municipality operating a municipally owned electric or gas utility if the land is held or managed by the municipally owned utility, or by a division of the municipally owned electric or gas utility that constitutes the unbundled electric or gas operations of the utility, provided that the governing body of the municipally owned utility shall adopt a resolution stating the conditions and circumstances for the sale or exchange and the public purpose that will be achieved by the sale or exchange. For purposes of this subsection, "municipally owned utility" includes a river authority engaged in the generation, transmission, or distribution of electric energy to the public, and "unbundled" operations are those operations of the utility that have, in the discretion of the utility's governing body, been functionally separated.

(1) The notice and bidding requirements provided by Subsection (a) do not apply to a donation or sale made under this subsection. A political subdivision may donate or sell for less than fair market value a designated parcel of land or an interest in real property to another political subdivision if:

(1) the land or interest will be used by the political subdivision to which it is donated or sold in carrying out a purpose that benefits the public interest of the donating or selling political subdivision;

(2) the donation or sale of the land or interest is made under terms that effect and maintain the public purpose for which the donation or sale is made; and

(3) the title and right to possession of the land or interest revert to the donating or selling political subdivision if the acquiring political subdivision ceases to use the land or interest in carrying out the public purpose.

**PROVISIONS GENERALLY APPLICABLE TO THE MANAGEMENT OF PUBLIC SCHOOL AND ASYLUM LAND**

Section 51.011.	Management Of Public School Land
51.017.	Furnishing Data To Board Of Education. [Effective until December 31, 2022]

**Sec. 51.011. Management Of Public School Land.**

Text of subsection effective until December 31, 2022

(a) Any land, mineral or royalty interest, real estate investment, or other interest, including revenue received from those sources, that is set apart to the permanent school fund under the constitution and laws of this state together with the mineral estate in riverbeds, channels, and the tidelands, including islands, shall be subject to the sole and exclusive management and control of the school land board and the commissioner under the provisions of this chapter and other applicable law.

Text of subsection effective on December 31, 2022

(a) Any land, mineral or royalty interest, or real property holding, and revenue received from any land or real property holding, that is set apart to the permanent school fund under the constitution and laws of this state together with the mineral estate in riverbeds, channels, and the tidelands, including islands, shall be subject to the sole and exclusive management and control of the School Land Board and the commissioner under the provisions of this chapter and other applicable law.

Text of subsection effective until December 31, 2022

(a-1) The board may acquire, sell, lease, trade, improve, maintain, protect, or otherwise manage, control, or use land, mineral and royalty interests, real estate investments, or other interests, including revenue received from those sources, that are set apart to the permanent school fund in any manner, at such prices, and under such terms and conditions as the board finds to be in the best interest of the fund.

Text of subsection effective on December 31, 2022

(a-1) The board may acquire, sell, lease, trade, improve, maintain, protect, or otherwise manage, control, or use land, mineral and royalty interests, or real property holdings, and revenue received from land or real property holdings, that are set apart to the permanent school fund in any manner,

at such prices, and under such terms and conditions as the board finds to be in the best interest of the fund.

(a-2) Not later than October 15 of each year, the board shall report to the Legislative Budget Board the sale of any land that is set apart to the permanent school fund for less than appraised value or the purchase of any land that is set apart to the permanent school fund for more than appraised value during the preceding state fiscal year.

Text of subsection effective on December 31, 2022

(a-3) All revenue received from mineral or royalty interests described by Subsection (a), including bonus payments, mineral lease rental revenues, royalties, and any other type of revenue received from those interests, less any amount specified by appropriation to be retained by the board under this subsection, shall be transferred each month to the Texas Permanent School Fund Corporation for investment in the permanent school fund.

(b) Notwithstanding any other provision of this chapter, land within 2,500 feet of a military base may not be sold or leased and an easement over the land may not be granted unless the commissioner or the commissioner's designee, after consultation with appropriate military authorities, determines that the grant will not adversely affect the mission of the military base.

(c) Any public land may be sold or leased, or an easement over the property may be granted, to the United States for the use and benefit of the United States armed forces if the commissioner or the commissioner's designee, after consultation with appropriate military authorities, determines that the sale, lease, or easement would materially assist the military in accomplishing its mission. A sale, lease, or easement under this subsection must be at market value. The state shall retain all minerals it owns with respect to the land, but it may relinquish the right to use the surface to extract them.

(d) The commissioner shall determine whether a conveyance under this section takes priority over any preference otherwise granted by law, including the preferential right of a surrounding landowner. In making the determination, the commissioner must only consider the interests of preference holders who assert their preferences in writing after notice of the proposed conveyance is published in a newspaper of general circulation in the area. The commissioner shall, in the commissioner's discretion, balance the competing interests of the preference holders and the military. The commissioner's determination is final. After land is conveyed to the military, all competing preferences terminate.

### ***SUBCHAPTER C***

## ***SALE OF PUBLIC SCHOOL AND ASYLUM LAND***

Section

51.052. Conditions For Sale Of Land

#### **Sec. 51.052. Conditions For Sale Of Land**

(a) Repealed by Acts 2009, 81st Leg., R.S., Ch. 1175, Sec. 33(2), eff. June 19, 2009.

(b) A purchaser of land under this subchapter may make a down payment of an amount determined by the board and the board may set the terms and conditions of the sale, including the interest rate. On full payment and satisfaction of other conditions, the purchaser is entitled to a patent for the land. This subsection does not prevent the board from requiring a tract of land to be purchased for cash.

(c) Repealed by Acts 1987, 70th Leg., ch. 208, Sec. 14, eff. Aug. 31, 1987.

(d) Before the land under this chapter is sold, the appraiser must appraise the land at its market value and file a copy of the appraisal with the commissioner.

(e) The owner of land that surrounds a tract of land approved for sale by the board shall have a preference right to purchase the tract before the land is

made available for sale to any other person, provided the person having the preference right pays not less than the market value for the land as determined by the board and the board finds use of the preference to be in the best interest of the state. The board shall adopt rules to implement this preference right.

(f) If the surrounding land is owned by more than one person, the owners of land with a common boundary with a tract of land approved for sale by the board shall have a preference right to purchase the tract before it is made available to any other person, provided the person with the preference right pays not less than the market value of the land as determined by the board and the board finds use of the preference to be in the best interest of the state. The board shall adopt rules to implement this preference right.

(g) If land is located within the boundaries of or adjacent to any state park, refuge, natural area, or historical site subject to the management and control of the Parks and Wildlife Department, the department has a preference right to purchase the land before it is made available to any other person. A sale to the department under this section may not be for less than the market value of the land, as determined by the board.

(h) The board may sell or exchange any interest in the surface estate of public school land directly to any state agency, board, commission, or political subdivision or other governmental entity of this state without the necessity of a sealed bid sale. All sales or exchanges made pursuant to this subsection shall be for not less than market value as determined by the board and under such other terms and conditions the board determines to be in the best interest of the state.

(i) If no bid meeting minimum requirements is received for a tract of land offered at a sealed bid sale under Subchapter D of Chapter 32, or if the transaction involves commercial real estate and the board determines that it is in the best interest of the permanent school fund, the asset management division of the land office may solicit proposals or negotiate a sale, exchange, or lease of the land to any person. The board must approve any negotiated sale, exchange, or lease of any land under this section.

(i-1) The land office shall post information related to the process for purchasing commercial real estate under Subsection (i) on the land office's Internet website.

(j) The board, in its sole discretion and in the best interests of the permanent school fund as determined by the board and without regard to requirements of local governments as to the necessity of any such dedication, may dedicate permanent school fund land to any governmental

unit for the benefit and use of the public in exchange for nonmonetary consideration with a value reasonably equivalent to or greater than the market value of the dedicated land, if the board determines that such an exchange would benefit the permanent school fund. The asset management division of the land office shall determine the value of the nonmonetary consideration and shall file a copy of its determination with the commissioner. Examples of public purposes for which permanent school fund land may be dedicated under this subsection include but are not limited to: (1) rights-of-way for public roads, utilities, or other infrastructure; (2) public schools; (3) public parks; (4) government offices or facilities; (5) public recreation facilities; and (6) residential neighborhood public amenities.

(k) The asset management division of the land office may contract for the services of a real estate broker or of a private brokerage or real estate firm to assist in any sale, lease, or exchange of land under this subchapter.

(l) If the board leases land under this subchapter and the lease includes the right to produce groundwater from the land, the lessee shall comply with the statutory provisions governing and the rules adopted by the groundwater conservation district, if any, in which the land is located, including the statutory provisions and rules governing the production and use of groundwater and the transfer of groundwater out of the district.

(1) to add to a tract of public school land to form a tract of sufficient size to be manageable;

**Sec. 53.021. Authority To Revoke, Suspend, Or Deny License**

(a) Subject to Section 53.0231, a licensing authority may suspend or revoke a license, disqualify a person from receiving a license, or deny to a person the opportunity to take a licensing examination on the grounds that the person has been convicted of:

- (1) an offense that directly relates to the duties and responsibilities of the licensed occupation;
- (2) an offense listed in Article 42A.054, Code of Criminal Procedure; or
- (3) a sexually violent offense, as defined by Article 62.001, Code of Criminal Procedure.

- (2) the offense for which the person was convicted is a misdemeanor crime of domestic violence as that term is defined by 18 U.S.C. Section 921.

(b) A license holder's license shall be revoked on the license holder's imprisonment following a felony conviction, felony community supervision revocation, revocation of parole, or revocation of mandatory supervision.

(c) Except as provided by Subsections (d) and (e), notwithstanding any other law, a licensing authority may not consider a person to have been convicted of an offense for purposes of this section if, regardless of the statutory authorization:

- (1) the person was charged with:
  - (A) any offense described by Article 62.001(5), Code of Criminal Procedure; or

(ii) a conviction for the offense would make the person ineligible for the license by operation of law; and

(2) after consideration of the factors described by Sections 53.022 and 53.023(a), the licensing authority determines that:

- (A) the person may pose a continued threat to public safety; or
- (B) employment of the person in the licensed occupation would create a situation in which the person has an opportunity to repeat the prohibited conduct.

(e) Subsection (c) does not apply if the person is an applicant for or the holder of a license that authorizes the person to provide:

#### Sec. 37.10. Tampering With Governmental Record

(a) A person commits an offense if he:

- (1) knowingly makes a false entry in, or false alteration of, a governmental record;
- (2) makes, presents, or uses any record, document, or thing with knowledge of its falsity and with intent that it be taken as a genuine governmental record;
- (3) intentionally destroys, conceals, removes, or otherwise impairs the verity, legibility, or availability of a governmental record;

- (5) makes, presents, or uses a governmental record with knowledge of its falsity; or
- (6) possesses, sells, or offers to sell a governmental record or a blank governmental record form with knowledge that it was obtained unlawfully.

(b) It is an exception to the application of Subsection (a)(3) that the governmental record is destroyed pursuant to legal authorization or transferred under Section 441.204, Government Code. With regard to the destruction of a local government record, legal authorization includes compliance with the provisions of Subtitle C, Title 6, Local Government Code.

(c) (1) Except as provided by Subdivisions (2), (3), (4), and (5), and by Subsection (d), an offense under this section is a Class A misdemeanor unless the actor's intent is to defraud or harm another, in which event the offense is a state jail felony.

(2) An offense under this section is a felony of the third degree if it is shown on the trial of the offense that the governmental record was:

(A) a public school record, report, or assessment instrument required under Chapter 39, Education Code, data reported for a school district or open-enrollment charter school to the Texas Education Agency through the Public Education Information Management System (PEIMS) described by Sections 48.008 and 48.009, Education Code, under a law or rule requiring that reporting, or a license, certificate, permit, seal, title, letter of patent, or similar document issued by government, by another state, or by the United States, unless the actor's intent is to defraud or harm another, in which event the offense is a felony of the second degree;

the connection or relevance of the evidence to a criminal action;

(C) a written report of the certification, inspection, or maintenance record of an instrument, apparatus, implement, machine, or other similar device used in the course of an examination or test performed on physical evidence for the purpose of determining the connection or relevance of the evidence to a criminal action; or

(D) a search warrant issued by a magistrate.

(3) An offense under this section is a Class C misdemeanor if it is shown on the trial of the offense that the governmental record is a governmental record that is required for enrollment of a student in a school district and was used by the actor to establish the residency of the student.

(4) An offense under this section is a Class B misdemeanor if it is shown on the trial of the offense that the governmental record is a written appraisal filed with an appraisal review board under Section 41.43(a-1), Tax Code, that was performed by a person who had a contingency interest in the outcome of the appraisal review board hearing.

(5) An offense under this section is a Class B misdemeanor if the governmental record is an application for a place on the ballot under Section 141.031, Election Code, and the actor knowingly provides false information under Subsection (a)(4)(G) of that section.

(d) An offense under this section, if it is shown on the trial of the offense that the governmental record is described by Section 37.01(2)(D), is:

(1) a Class B misdemeanor if the offense is committed under Subsection (a)(2) or Subsection (a)(5) and the defendant is convicted of presenting or using the record;

(2) a felony of the third degree if the offense is committed under:

(A) Subsection (a)(1), (3), (4), or (6); or

(B) Subsection (a)(2) or (5) and the defendant is convicted of making the record; and

(3) a felony of the second degree, notwithstanding Subdivisions (1) and (2), if the actor's intent in committing the offense was to defraud or harm another.

(f) It is a defense to prosecution under Subsection (a)(1), (a)(2), or (a)(5) that the false entry or

false information could have no effect on the government's purpose for requiring the governmental record.

(g) A person is presumed to intend to defraud or harm another if the person acts with respect to two or more of the same type of governmental records or blank governmental record forms and if each governmental record or blank governmental record form is a license, certificate, permit, seal, title, or similar document issued by government.

(h) If conduct that constitutes an offense under this section also constitutes an offense under Section 32.48 or 37.13, the actor may be prosecuted under any of those sections.

(i) With the consent of the appropriate local county or district attorney, the attorney general has concurrent jurisdiction with that consenting local prosecutor to prosecute an offense under this section that involves the state Medicaid program.

(j) It is not a defense to prosecution under Subsection (a)(2) that the record, document, or thing made, presented, or used displays or contains the statement "NOT A GOVERNMENT DOCUMENT" or another substantially similar statement intended to alert a person to the falsity of the record, document, or thing, unless the record, document, or thing displays the statement diagonally printed clearly and indelibly on both the front and back of the record, document, or thing in solid red capital letters at least one-fourth inch in height.

(19) any offense classified as a felony under the Tax Code.

(b) Except as provided in Subsections (c) and (d), an offense under this section is one category higher than the most serious offense listed in Subsection (a) that was committed, and if the most serious offense is a Class A misdemeanor, the offense is a state jail felony, except that the offense is a felony of the first degree punishable by imprisonment in the Texas Department of Criminal Justice for:

Section  
11.13. Residence Homestead\*  
11.26. Limitation Of School Tax On Homesteads Of  
Elderly Or Disabled

#### **Sec. 11.13. Residence Homestead\***

(a) A family or single adult is entitled to an exemption from taxation for the county purposes authorized in Article VIII, Section 1-a, of the Texas Constitution of \$3,000 of the assessed value of his residence homestead.

[Effective until the start of the 2022 tax year] (b) An adult is entitled to exemption from taxation by a school district of \$25,000 of the appraised value of the adult's residence homestead, except that only \$5,000 of the exemption applies to an entity operating under former Chapter 17, 18, 25, 26, 27, or 28, Education Code, as those chapters existed on May 1, 1995, as permitted by Section 11.301, Education Code.

[Effective at the start of the 2022 tax year] (b) An adult is entitled to exemption from taxation by a school district of \$40,000 of the appraised value of the adult's residence homestead, except that only \$5,000 of the exemption applies to an entity operating under

former Chapter 17, 18, 25, 26, 27, or 28, Education Code, as those chapters existed on May 1, 1995, as permitted by Section 11.301, Education Code.

(c) In addition to the exemption provided by Subsection (b) of this section, an adult who is disabled or is 65 or older is entitled to an exemption from taxation by a school district of \$10,000 of the appraised value of his residence homestead.

(d) In addition to the exemptions provided by Subsections (b) and (c) of this section, an individual who is disabled or is 65 or older is entitled to an exemption from taxation by a taxing unit of a portion (the amount of which is fixed as provided by Subsection (e) of this section) of the appraised value of his residence homestead if the exemption is adopted either:

(1) by the governing body of the taxing unit; or

(2) by a favorable vote of a majority of the qualified voters of the taxing unit at an election called by the governing body of a taxing unit, and the governing body shall call the election on the petition of at least 20 percent of the number of qualified voters who voted in the preceding election of the taxing unit.

(e) The amount of an exemption adopted as provided by Subsection (d) of this section is \$3,000 of the appraised value of the residence homestead unless a larger amount is specified by:

(1) the governing body authorizing the exemption if the exemption is authorized as provided by Subdivision (1) of Subsection (d) of this section; or

(2) the petition for the election if the exemption is authorized as provided by Subdivision (2) of Subsection (d) of this section.

(f) Once authorized, an exemption adopted as provided by Subsection (d) of this section may be repealed or decreased or increased in amount by the governing body of the taxing unit or by the procedure authorized by Subdivision (2) of Subsection (d) of this section. In the case of a decrease, the amount of the exemption may not be reduced to less than \$3,000 of the market value.

(g) If the residence homestead exemption provided by Subsection (d) of this section is adopted by a county that levies a tax for the county purposes authorized by Article VIII, Section 1-a, of the Texas

Constitution, the residence homestead exemptions provided by Subsections (a) and (d) of this section may not be aggregated for the county tax purposes. An individual who is eligible for both exemptions is entitled to take only the exemption authorized as provided by Subsection (d) of this section for purposes of that county tax.

(h) Joint, community, or successive owners may not each receive the same exemption provided by or pursuant to this section for the same residence homestead in the same year. An eligible disabled person who is 65 or older may not receive both a disabled and an elderly residence homestead exemption from the same taxing unit in the same year but may choose either if a taxing unit has adopted both. An eligible disabled person who is 65 or older may receive both a disabled and an elderly residence homestead exemption in the same year if the person receives the exemptions with respect to taxes levied by different taxing units. A person may not receive an exemption under this section for more than one residence homestead in the same year. An heir property owner who qualifies heir property as the owner's residence homestead under this chapter is considered the sole recipient of any exemption granted to the owner for the residence homestead by or pursuant to this section.

(i) The assessor and collector for a taxing unit may disregard the exemptions authorized by Subsection (b), (c), (d), or (n) of this section and assess and collect a tax pledged for payment of debt without deducting the amount of the exemption if:

(1) prior to adoption of the exemption, the unit pledged the taxes for the payment of a debt; and

(2) granting the exemption would impair the obligation of the contract creating the debt.

(j) For purposes of this section:

(1) "Residence homestead" means a structure (including a mobile home) or a separately secured and occupied portion of a structure (together with the land, not to exceed 20 acres, and improvements used in the residential occupancy of the structure, if the structure and the land and improvements have identical ownership) that:

(A) is owned by one or more individuals, either directly or through a beneficial interest in a qualifying trust;

(B) is designed or adapted for human residence;

(C) is used as a residence; and

(D) is occupied as the individual's principal residence by an owner, by an owner's surviving spouse who has a life estate in the property, or, for property owned through a beneficial interest in a qualifying trust, by a trustor or beneficiary of the trust who qualifies for the exemption.

(2) "Trustor" means a person who transfers an interest in real or personal property to a qualifying trust, whether during the person's lifetime or at death, or the person's spouse.

(3) "Qualifying trust" means a trust:

(A) in which the agreement, will, or court order creating the trust, an instrument transferring property to the trust, or any other agreement that is binding on the trustee provides that the trustor of the trust or a beneficiary of the trust has the right to use and occupy as the trustor's or beneficiary's principal residence residential property rent free and without charge except for taxes and other costs and expenses specified in the instrument or court order:

(i) for life;

(ii) for the lesser of life or a term of years; or

(iii) until the date the trust is revoked or terminated by an instrument or court order that describes the property with sufficient certainty to identify it and is recorded in the real property records of the county in which the property is located; and

(B) that acquires the property in an instrument of title or under a court order that:

(i) describes the property with sufficient certainty to identify it and the interest acquired; and

(ii) is recorded in the real property records of the county in which the property is located.

(k) A qualified residential structure does not lose its character as a residence homestead if a portion of the structure is rented to another or is used primarily for other purposes that are incompatible with the owner's residential use of the structure. However, the amount of any residence homestead exemption does not apply to the value of that portion of the structure that is used primarily for purposes that are incompatible with the owner's residential use.

(l) A qualified residential structure does not lose its character as a residence homestead when the owner who qualifies for the exemption temporarily stops occupying it as a principal residence if that owner does not establish a different principal residence and the absence is:

(1) for a period of less than two years and the owner intends to return and occupy the structure as the owner's principal residence; or

(2) caused by the owner's:

(A) military service outside of the United States as a member of the armed forces of the United States or of this state; or

(B) residency in a facility that provides services related to health, infirmity, or aging.

(m) In this section:

(1) "Disabled" means under a disability for purposes of payment of disability insurance benefits under Federal Old-Age, Survivors, and Disability Insurance.

(2) "School district" means a political subdivision organized to provide general elementary and secondary public education. "School district" does not include a junior college district or a political subdivision organized to provide special education services.

(n) In addition to any other exemptions provided by this section, an individual is entitled to an exemption from taxation by a taxing unit of a percentage of the appraised value of his residence homestead if the exemption is adopted by the governing body of the taxing unit before July 1 in the manner provided by law for official action by the body. If the percentage set by the taxing unit produces an exemption in a tax year of less than \$5,000 when applied to a particular residence homestead, the individual is entitled to an exemption of \$5,000 of the appraised value. The percentage adopted by the taxing unit may not exceed 20 percent.

(n-1) The governing body of a school district, municipality, or county that adopted an exemption under Subsection (n) for the 2014 tax year may not reduce the amount of or repeal the exemption. This subsection expires December 31, 2019.

(o) For purposes of this section, a residence homestead also may consist of an interest in real property created through ownership of stock in a corporation incorporated under the Cooperative Association Act (Article 1396-50.01, Vernon's Texas Civil Statutes) to provide dwelling places to its stockholders if:

(1) the interests of the stockholders of the corporation are appraised separately as provided by Section 23.19 of this code in the tax year to which the exemption applies;

(2) ownership of the stock entitles the owner to occupy a dwelling place owned by the corporation;

(3) the dwelling place is a structure or a separately secured and occupied portion of a structure; and

(4) the dwelling place is occupied as his principal residence by a stockholder who qualifies for the exemption.

(p) Exemption under this section for a homestead described by Subsection (o) of this section extends only to the dwelling place occupied as a residence homestead and to a portion of the total common area used in the residential occupancy

that is equal to the percentage of the total amount of the stock issued by the corporation that is owned by the homestead claimant. The size of a residence homestead under Subsection (o) of this section, including any relevant portion of common area, may not exceed 20 acres.

(q) The surviving spouse of an individual who qualifies for an exemption under Subsection (d) for the residence homestead of a person 65 or older is entitled to an exemption for the same property from the same taxing unit in an amount equal to that of the exemption for which the deceased spouse qualified if:

(1) the deceased spouse died in a year in which the deceased spouse qualified for the exemption;

(2) the surviving spouse was 55 or older when the deceased spouse died; and

(3) the property was the residence homestead of the surviving spouse when the deceased spouse died and remains the residence homestead of the surviving spouse.

(r) An individual who receives an exemption under Subsection (d) is not entitled to an exemption under Subsection (q).

(s) Expired.

#### Sec. 11.26. Limitation Of School Tax On Homesteads Of Elderly Or Disabled

(a) The tax officials shall appraise the property to which this section applies and calculate taxes as on

other property, but if the tax so calculated exceeds the limitation imposed by this section, the tax imposed is the amount of the tax as limited by this section, except as otherwise provided by this section. A school district may not increase the total annual amount of ad valorem tax it imposes on the residence homestead of an individual 65 years of age or older or on the residence homestead of an individual who is disabled, as defined by Section 11.13, above the amount of the tax it imposed in the first tax year in which the individual qualified that residence homestead for the applicable exemption provided by Section 11.13(c) for an individual who is 65 years of age or older or is disabled. If the individual qualified that residence homestead for the exemption after the beginning of that first year and the residence homestead remains eligible for the same exemption for the next year, and if the school district taxes imposed on the residence homestead in the next year are less than the amount of taxes imposed in that first year, a school district may not subsequently increase the total annual amount of ad valorem taxes it imposes on the residence homestead above the amount it imposed in the year immediately following the first year for which the individual qualified that residence homestead for the same exemption, except as provided by Subsection (b). If the first tax year the individual qualified the residence homestead for the exemption provided by Section 11.13(c) for individuals 65 years of age or older or disabled was a tax year before the 2015 tax year, the amount of the limitation provided by this section is the amount of tax the school district imposed for the 2014 tax year less an amount equal to the amount determined by multiplying \$10,000 times the tax rate of the school district for the 2015 tax year, plus any 2015 tax attributable to improvements made in 2014, other than improvements made to comply with governmental regulations or repairs.

(a-1) Notwithstanding the other provisions of this section, if in the 2007 tax year an individual qualifies for a limitation on tax increases provided by this section on the individual's residence homestead and the first tax year the individual or the individual's spouse qualified for an exemption under Section 11.13(c) for the same homestead was the 2006 tax year, the amount of the limitation provided by this section on the homestead in the 2007 tax year is equal to the amount computed by:

(1) multiplying the amount of tax the school district imposed on the homestead in the 2006 tax year by a fraction the numerator of which is the tax rate of the district for the 2007 tax year and the denominator of which is the tax rate of the district for the 2006 tax year; and

(2) adding any tax imposed in the 2007 tax year attributable to improvements made in

the 2006 tax year as provided by Subsection (b) to the lesser of the amount computed under Subdivision (1) or the amount of tax the district imposed on the homestead in the 2006 tax year.

(a-2) Notwithstanding the other provisions of this section, if in the 2007 tax year an individual qualifies for a limitation on tax increases provided by this section on the individual's residence homestead and the first tax year the individual or the individual's spouse qualified for an exemption under Section 11.13(c) for the same homestead was a tax year before the 2006 tax year, the amount of the limitation provided by this section on the homestead in the 2007 tax year is equal to the amount computed by:

(1) multiplying the amount of tax the school district imposed on the homestead in the 2005 tax year by a fraction the numerator of which is the tax rate of the district for the 2006 tax year and the denominator of which is the tax rate of the district for the 2005 tax year;

(2) adding any tax imposed in the 2006 tax year attributable to improvements made in the 2005 tax year as provided by Subsection (b) to the lesser of the amount computed under Subdivision (1) or the amount of tax the district imposed on the homestead in the 2005 tax year;

(3) multiplying the amount computed under Subdivision (2) by a fraction the numerator of which is the tax rate of the district for the 2007 tax year and the denominator of which is the tax rate of the district for the 2006 tax year; and

(4) adding to the lesser of the amount computed under Subdivision (2) or (3) any tax imposed in the 2007 tax year attributable to improvements made in the 2006 tax year, as provided by Subsection (b).

(a-3) Except as provided by Subsection (b), a limitation on tax increases provided by this section on a residence homestead computed under Subsection (a-1) or (a-2) continues to apply to the homestead in subsequent tax years until the limitation expires.

Text of subsections (a-4) to (a-10) effective on January 1, 2023.

(a-4) In this section, "maximum compressed rate" means the maximum compressed rate of a school district as calculated under Section 48.2551, Education Code.

(a-5) Notwithstanding the other provisions of this section, if in the 2023 tax year an individual qualifies for a limitation on tax increases provided by this section on the individual's residence homestead and the first tax year the individual or the individual's spouse qualified for an exemption under Section 11.13(c) for the same homestead was a tax year before the 2019 tax year, the amount of the limitation provided by

this section on the homestead in the 2023 tax year is equal to the amount computed by:

(1) multiplying the taxable value of the homestead in the 2018 tax year by a tax rate equal to the difference between the school district's tier one maintenance and operations rate for the 2018 tax year and the district's maximum compressed rate for the 2019 tax year;

(2) subtracting the greater of zero or the amount computed under Subdivision (1) from the amount of tax the district imposed on the homestead in the 2018 tax year;

(3) adding any tax imposed in the 2019 tax year attributable to improvements made in the 2018 tax year as provided by Subsection (b) to the amount computed under Subdivision (2);

(4) multiplying the taxable value of the homestead in the 2019 tax year by a tax rate equal to the difference between the district's maximum compressed rate for the 2019 tax year and the district's maximum compressed rate for the 2020 tax year;

(5) subtracting the amount computed under Subdivision (4) from the amount computed under Subdivision (3);

(6) adding any tax imposed in the 2020 tax year attributable to improvements made in the 2019 tax year as provided by Subsection (b) to the amount computed under Subdivision (5);

(7) multiplying the taxable value of the homestead in the 2020 tax year by a tax rate equal to the difference between the district's maximum compressed rate for the 2020 tax year and the district's maximum compressed rate for the 2021 tax year;

(8) subtracting the amount computed under Subdivision (7) from the amount computed under Subdivision (6);

(9) adding any tax imposed in the 2021 tax year attributable to improvements made in the 2020 tax year as provided by Subsection (b) to the amount computed under Subdivision (8);

(10) multiplying the taxable value of the homestead in the 2021 tax year by a tax rate equal to the difference between the district's maximum compressed rate for the 2021 tax year and the district's maximum compressed rate for the 2022 tax year;

(11) subtracting the amount computed under Subdivision (10) from the amount computed under Subdivision (9);

(12) adding any tax imposed in the 2022 tax year attributable to improvements made in the 2021 tax year as provided by Subsection (b) to the amount computed under Subdivision (11);

(13) multiplying the taxable value of the homestead in the 2022 tax year by a tax rate

equal to the difference between the district's maximum compressed rate for the 2022 tax year and the district's maximum compressed rate for the 2023 tax year;

(14) subtracting the amount computed under Subdivision (13) from the amount computed under Subdivision (12); and

(15) adding any tax imposed in the 2023 tax year attributable to improvements made in the 2022 tax year as provided by Subsection (b) to the amount computed under Subdivision (14).

(a-6) Notwithstanding the other provisions of this section, if in the 2023 tax year an individual qualifies for a limitation on tax increases provided by this section on the individual's residence homestead and the first tax year the individual or the individual's spouse qualified for an exemption under Section 11.13(c) for the same homestead was the 2019 tax year, the amount of the limitation provided by this section on the homestead in the 2023 tax year is equal to the amount computed by:

(1) multiplying the taxable value of the homestead in the 2019 tax year by a tax rate equal to the difference between the school district's maximum compressed rate for the 2019 tax year and the district's maximum compressed rate for the 2020 tax year;

(2) subtracting the amount computed under Subdivision (1) from the amount of tax the district imposed on the homestead in the 2019 tax year;

(3) adding any tax imposed in the 2020 tax year attributable to improvements made in the 2019 tax year as provided by Subsection (b) to the amount computed under Subdivision (2);

(4) multiplying the taxable value of the homestead in the 2020 tax year by a tax rate equal to the difference between the district's maximum compressed rate for the 2020 tax year and the district's maximum compressed rate for the 2021 tax year;

(5) subtracting the amount computed under Subdivision (4) from the amount computed under Subdivision (3);

(6) adding any tax imposed in the 2021 tax year attributable to improvements made in the 2020 tax year as provided by Subsection (b) to the amount computed under Subdivision (5);

(7) multiplying the taxable value of the homestead in the 2021 tax year by a tax rate equal to the difference between the district's maximum compressed rate for the 2021 tax year and the district's maximum compressed rate for the 2022 tax year;

(8) subtracting the amount computed under Subdivision (7) from the amount computed under Subdivision (6);

(9) adding any tax imposed in the 2022 tax year attributable to improvements made in the 2021 tax year as provided by Subsection (b) to the amount computed under Subdivision (8);

(10) multiplying the taxable value of the homestead in the 2022 tax year by a tax rate equal to the difference between the district's maximum compressed rate for the 2022 tax year and the district's maximum compressed rate for the 2023 tax year;

(11) subtracting the amount computed under Subdivision (10) from the amount computed under Subdivision (9); and

(12) adding any tax imposed in the 2023 tax year attributable to improvements made in the 2022 tax year as provided by Subsection (b) to the amount computed under Subdivision (11).

(a-7) Notwithstanding the other provisions of this section, if in the 2023 tax year an individual qualifies for a limitation on tax increases provided by this section on the individual's residence homestead and the first tax year the individual or the individual's spouse qualified for an exemption under Section 11.13(c) for the same homestead was the 2020 tax year, the amount of the limitation provided by this section on the homestead in the 2023 tax year is equal to the amount computed by:

(1) multiplying the taxable value of the homestead in the 2020 tax year by a tax rate equal to the difference between the school district's maximum compressed rate for the 2020 tax year and the district's maximum compressed rate for the 2021 tax year;

(2) subtracting the amount computed under Subdivision (1) from the amount of tax the district imposed on the homestead in the 2020 tax year;

(3) adding any tax imposed in the 2021 tax year attributable to improvements made in the 2020 tax year as provided by Subsection (b) to the amount computed under Subdivision (2);

(4) multiplying the taxable value of the homestead in the 2021 tax year by a tax rate equal to the difference between the district's maximum compressed rate for the 2021 tax year and the district's maximum compressed rate for the 2022 tax year;

(5) subtracting the amount computed under Subdivision (4) from the amount computed under Subdivision (3);

(6) adding any tax imposed in the 2022 tax year attributable to improvements made in the 2021 tax year as provided by Subsection (b) to the amount computed under Subdivision (5);

(7) multiplying the taxable value of the homestead in the 2022 tax year by a tax rate equal to the difference between the district's

maximum compressed rate for the 2022 tax year and the district's maximum compressed rate for the 2023 tax year;

(8) subtracting the amount computed under Subdivision (7) from the amount computed under Subdivision (6); and

(9) adding any tax imposed in the 2023 tax year attributable to improvements made in the 2022 tax year as provided by Subsection (b) to the amount computed under Subdivision (8).

(a-8) Notwithstanding the other provisions of this section, if in the 2023 tax year an individual qualifies for a limitation on tax increases provided by this section on the individual's residence homestead and the first tax year the individual or the individual's spouse qualified for an exemption under Section 11.13(c) for the same homestead was the 2021 tax year, the amount of the limitation provided by this section on the homestead in the 2023 tax year is equal to the amount computed by:

(1) multiplying the taxable value of the homestead in the 2021 tax year by a tax rate equal to the difference between the school district's maximum compressed rate for the 2021 tax year and the district's maximum compressed rate for the 2022 tax year;

(2) subtracting the amount computed under Subdivision (1) from the amount of tax the district imposed on the homestead in the 2021 tax year;

(3) adding any tax imposed in the 2022 tax year attributable to improvements made in the 2021 tax year as provided by Subsection (b) to the amount computed under Subdivision (2);

(4) multiplying the taxable value of the homestead in the 2022 tax year by a tax rate equal to the difference between the school district's maximum compressed rate for the 2022 tax year and the district's maximum compressed rate for the 2023 tax year;

(5) subtracting the amount computed under Subdivision (4) from the amount computed under Subdivision (3); and

(6) adding any tax imposed in the 2023 tax year attributable to improvements made in the 2022 tax year as provided by Subsection (b) to the amount computed under Subdivision (5).

(a-9) Notwithstanding the other provisions of this section, if in the 2023 tax year an individual qualifies for a limitation on tax increases provided by this section on the individual's residence homestead and the first tax year the individual or the individual's spouse qualified for an exemption under Section 11.13(c) for the same homestead was the 2022 tax year, the amount of the limitation provided by this section on the homestead in the 2023 tax year is equal to the amount computed by:

(1) multiplying the taxable value of the homestead in the 2022 tax year by a tax rate equal to the difference between the school district's maximum compressed rate for the 2022 tax year and the district's maximum compressed rate for the 2023 tax year;

(2) subtracting the amount computed under Subdivision (1) from the amount of tax the district imposed on the homestead in the 2022 tax year; and

(3) adding any tax imposed in the 2023 tax year attributable to improvements made in the 2022 tax year as provided by Subsection (b) to the amount computed under Subdivision (2).

(a-10) Notwithstanding the other provisions of this section, if in the 2024 or a subsequent tax year an individual qualifies for a limitation on tax increases provided by this section on the individual's residence homestead, the amount of the limitation provided by this section on the homestead is equal to the amount computed by:

(1) multiplying the taxable value of the homestead in the preceding tax year by a tax rate equal to the difference between the school district's maximum compressed rate for the preceding tax year and the district's maximum compressed rate for the current tax year;

(2) subtracting the amount computed under Subdivision (1) from the amount of tax the district imposed on the homestead in the preceding tax year; and

(3) adding any tax imposed in the current tax year attributable to improvements made in the preceding tax year as provided by Subsection (b) to the amount computed under Subdivision (2).

(b) If an individual makes improvements to the individual's residence homestead, other than improvements required to comply with governmental requirements or repairs, the school district may increase the tax on the homestead in the first year the value of the homestead is increased on the appraisal roll because of the enhancement of value by the improvements. The amount of the tax increase is determined by applying the current tax rate to the difference in the assessed value of the homestead with the improvements and the assessed value it would have had without the improvements. A limitation imposed by this section then applies to the increased amount of tax until more improvements, if any, are made.

(c) The limitation on tax increases required by this section expires if on January 1:

(1) none of the owners of the structure who qualify for the exemption and who owned the structure when the limitation first took effect is using the structure as a residence homestead; or

(2) none of the owners of the structure qualifies for the exemption.

(d) If the appraisal roll provides for taxation of appraised value for a prior year because a residence homestead exemption for individuals 65 years of age or older or for disabled individuals was erroneously allowed, the tax assessor shall add, as back taxes due as provided by Section 26.09(d), the positive difference if any between the tax that should have been imposed for that year and the tax that was imposed because of the provisions of this section.

(e) For each school district in an appraisal district, the chief appraiser shall determine the portion of the appraised value of residence homesteads of individuals on which school district taxes are not imposed in a tax year because of the limitation on tax increases imposed by this section. That portion is calculated by determining the taxable value that, if multiplied by the tax rate adopted by the school district for the tax year, would produce an amount equal to the amount of tax that would have been imposed by the school district on those residence homesteads if the limitation on tax increases imposed by this section were not in effect, but that was not imposed because of that limitation. The chief appraiser shall determine that taxable value and certify it to the comptroller as soon as practicable for each tax year.

(f) The limitation on tax increases required by this section does not expire because the owner of an interest in the structure conveys the interest to a qualifying trust as defined by Section 11.13(j) if the owner or the owner's spouse is a trustor of the trust and is entitled to occupy the structure.

(g) Except as provided by Subsection (b), if an individual who receives a limitation on tax increases imposed by this section, including a surviving spouse who receives a limitation under Subsection (i), subsequently qualifies a different residence homestead for the same exemption under Section 11.13, a school district may not impose ad valorem taxes on the subsequently qualified homestead in a year in an amount that exceeds the amount of taxes the school district would have imposed on the subsequently qualified homestead in the first year in which the individual receives that same exemption for the subsequently qualified homestead had the limitation on tax increases imposed by this section not been in effect, multiplied by a fraction the numerator of which is the total amount of school district taxes imposed on the former homestead in the last year in which the individual received that same exemption for the former homestead and the denominator of which is the total amount of school district taxes that would have been imposed on the former homestead in

the last year in which the individual received that same exemption for the former homestead had the limitation on tax increases imposed by this section not been in effect.

(h) An individual who receives a limitation on tax increases under this section, including a surviving spouse who receives a limitation under Subsection (i), and who subsequently qualifies a different residence homestead for an exemption under Section 11.13, or an agent of the individual, is entitled to receive from the chief appraiser of the appraisal district in which the former homestead was located a written certificate providing the information necessary to determine whether the individual may qualify for that same limitation on the subsequently qualified homestead under Subsection (g) and to calculate the amount of taxes the school district may impose on the subsequently qualified homestead.

(i) If an individual who qualifies for the exemption provided by Section 11.13(c) dies, the surviving spouse of the individual is entitled to the limitation applicable to the residence homestead of the individual if:

(1) the surviving spouse is 55 years of age or older when the individual dies; and

(2) the residence homestead of the individual:

(A) is the residence homestead of the surviving spouse on the date that the individual dies; and

(B) remains the residence homestead of the surviving spouse.

(i-1) A limitation under Subsection (i) applicable to the residence homestead of the surviving spouse of an individual who was disabled and who died before January 1, 2020, is calculated as if the surviving spouse was entitled to the limitation when the individual died.

(j) If an individual who qualifies for an exemption provided by Section 11.13(c) for an individual 65 years of age or older dies in the first year in which the individual qualified for the exemption and the individual first qualified for the exemption after the beginning of that year, except as provided by Subsection (k), the amount to which the surviving spouse's school district taxes are limited under Subsection (i) is the amount of school district taxes imposed on the residence homestead in that year determined as if the individual qualifying for the exemption had lived for the entire year.

(k) If in the first tax year after the year in which an individual dies in the circumstances described by Subsection (j) the amount of school district taxes imposed on the residence homestead of the surviving spouse is less than the amount of school district

taxes imposed in the preceding year as limited by Subsection (j), in a subsequent tax year the surviving spouse's school district taxes on that residence homestead are limited to the amount of taxes imposed by the district in that first tax year after the year in which the individual dies.

(l) For the purpose of calculating a limitation on ad valorem tax increases by a school district under this section, an individual who qualified a residence homestead before January 1, 2003, for an exemption under Section 11.13(c) for a disabled individual is considered to have first qualified the homestead for that exemption on January 1, 2003.

(m) For the purpose of qualifying under Subsection (g) for the limitation on ad valorem taxes on a subsequently qualified homestead imposed by a school district, the residence homestead of a disabled individual may be considered to be a subsequently qualified homestead only if the disabled individual qualified the former homestead for an exemption under Section 11.13(c) for a disabled individual for a tax year beginning on or after January 1, 2003.

(n) Notwithstanding Subsection (c), the limitation on tax increases required by this section does not expire if the owner of the structure qualifies for an exemption under Section 11.13 under the circumstances described by Section 11.135(a).

(o) Notwithstanding Subsections (a), (a-3), and (b), an improvement to property that would otherwise constitute an improvement under Subsection (b) is not treated as an improvement under that subsection if the improvement is a replacement structure for a structure that was rendered uninhabitable or unusable by a casualty or by wind or water damage. For purposes of appraising the property in the tax year in which the structure would have constituted an improvement under Subsection (b), the replacement structure is considered to be an improvement under that subsection only if:

(1) the square footage of the replacement structure exceeds that of the replaced structure as that structure existed before the casualty or damage occurred; or

(2) the exterior of the replacement structure is of higher quality construction and composition than that of the replaced structure.

(p) An heir property owner who qualifies heir property as the owner's residence homestead under this chapter is considered the sole owner of the property for the purposes of this section.

25.23. Supplemental Appraisal Records

25.25. Correction Of Appraisal Roll

#### **Sec. 25.23. Supplemental Appraisal Records**

(a) After submission of appraisal records, the chief appraiser shall prepare supplemental appraisal records listing:

(1) each taxable property the chief appraiser discovers that is not included in the records already submitted, including property that was omitted from an appraisal roll in a prior tax year;

(2) property on which the appraisal review board has not determined a protest at the time of its approval of the appraisal records; and

(3) property that qualifies for an exemption under Section 11.13(n) that was adopted by the governing body of a taxing unit after the date the appraisal records were submitted.

(a-1) This subsection applies only to the appraisal records for the 2015 tax year. If the appraisal records submitted to the appraisal review board include the taxable value of residence homesteads or show the amount of the exemption under Section 11.13(b) applicable to residence homesteads, the chief appraiser shall prepare supplemental appraisal records that reflect an exemption amount under that subsection of \$25,000. This subsection expires December 31, 2016.

(b) Supplemental appraisal records shall be in the form prescribed by the comptroller and shall include the items required by Section 25.02 of this code.

(c) As soon as practicable after determining the appraised value of a property listed in supplemental appraisal records, the chief appraiser shall deliver the notice required by Section 25.19, if applicable, and submit the records for review and determination of protest as provided by Section 25.22.

(d) Supplemental appraisal records are subject to review, protest, and appeal as provided by Chapters 41 and 42 of this code. However, a property owner must file a notice of protest within 30 days after the date notice is delivered as required by Section 25.19. If a property owner files a notice of protest, the appraisal review board shall hear and determine the protest within 30 days after the filing of the protest or as soon thereafter as practicable. If a property owner does not file a protest within the protest deadline, the appraisal review board shall complete its review of the supplemental appraisal records within 30 days after the protest deadline or as soon thereafter as practicable.

(e) The chief appraiser shall add supplemental appraisal records, as changed by the appraisal review board and approved by that board, to the appraisal roll for the district and certify the addition to the taxing units.

#### **Sec. 25.25. Correction Of Appraisal Roll**

(a) Except as provided by Chapters 41 and 42 of this code and by this section, the appraisal roll may not be changed.

(b) The chief appraiser may change the appraisal roll at any time to correct a name or address, a determination of ownership, a description of property, multiple appraisals of a property, an erroneous denial or cancellation of any exemption authorized by Section 11.13 if the applicant or recipient is disabled or is 65 or older or an exemption authorized by Section 11.13(q), 11.131, or 11.22, or a clerical error or other inaccuracy as prescribed by board rule that does not increase the amount of tax liability. Before the 10th day after the end of each calendar quarter, the chief appraiser shall submit to the appraisal review board and to the board of directors of the appraisal district a written report

of each change made under this subsection that decreases the tax liability of the owner of the property. The report must include:

- (1) a description of each property; and
- (2) the name of the owner of that property.

(c) The appraisal review board, on motion of the chief appraiser or of a property owner, may direct by written order changes in the appraisal roll for any of the five preceding years to correct:

- (1) clerical errors that affect a property owner's liability for a tax imposed in that tax year;
- (2) multiple appraisals of a property in that tax year;
- (3) the inclusion of property that does not exist in the form or at the location described in the appraisal roll; or
- (4) an error in which property is shown as owned by a person who did not own the property on January 1 of that tax year.

(c-1) The appraisal review board, on motion of the chief appraiser or of a property owner, may direct by written order changes in the appraisal roll or related appraisal records for the current tax year and for either of the two preceding tax years to correct an inaccuracy in the appraised value of the owner's tangible personal property that is the result of an error or omission in a rendition statement or property report filed under Chapter 22 for the applicable tax year. The roll may not be changed under this subsection for any tax year in which:

(1) the property owner failed to timely file the rendition statement or property report in accordance with Section 22.23 and was assessed a penalty under Section 22.28;

(2) the property was the subject of a protest brought by the property owner under Chapter 41, a hearing on the protest was conducted in which the owner offered evidence or argument, and the appraisal review board made a determination of the protest on the merits;

(3) the property was the subject of a previous motion filed by the property owner under this section and the chief appraiser and the owner agreed to the correction, the appraisal review board determined the motion, or the appraisal review board determined that the owner forfeited the right to a final determination of the motion for failing to comply with the prepayment requirements of Section 25.26; or

(4) the appraised value of the property was established as a result of a written agreement between the property owner or the owner's agent and the appraisal district.

(d) At any time prior to the date the taxes become delinquent, a property owner or the chief appraiser may file a motion with the appraisal review board to change the appraisal roll to correct an

error that resulted in an incorrect appraised value for the owner's property. However, the error may not be corrected unless it resulted in an appraised value that exceeds by more than:

(1) one-fourth the correct appraised value, in the case of property that qualifies as the owner's residence homestead under Section 11.13; or

(2) one-third the correct appraised value, in the case of property that does not qualify as the owner's residence homestead under Section 11.13.

(d-1) If the appraisal roll is changed under Subsection (d), the property owner must pay to each affected taxing unit a late-correction penalty equal to 10 percent of the amount of taxes as calculated on the basis of the corrected appraised value. Payment of the late-correction penalty is secured by the lien that attaches to the property under Section 32.01 and is subject to enforced collection under Chapter 33. The roll may not be changed under Subsection (d) if:

(1) the property was the subject of a protest brought by the property owner under Chapter 41, a hearing on the protest was conducted in which the property owner offered evidence or argument, and the appraisal review board made a determination of the protest on the merits; or

(2) the appraised value of the property was established as a result of a written agreement between the property owner or the owner's agent and the appraisal district.

(e) If the chief appraiser and the property owner do not agree to the correction before the 15th day after the date the motion is filed, a party bringing a motion under Subsection (c), (c-1), or (d) is entitled on request to a hearing on and a determination of the motion by the appraisal review board. A party bringing a motion under this section must describe the error or errors that the motion is seeking to correct. If a request for hearing is made on or after January 1 but before September 1, the appraisal review board shall schedule the hearing to be held as soon as practicable but not later than the 90th day after the date the board approves the appraisal records as provided by Section 41.12. If a request for hearing is made on or after September 1 but before January 1 of the following tax year, the appraisal review board shall schedule the hearing to be held as soon as practicable but not later than the 90th day after the date the request for the hearing is made. Not later than 15 days before the date of the hearing, the board shall deliver written notice of the date, time, and place of the hearing to the chief appraiser, the property owner, and the presiding officer of the governing body of

each taxing unit in which the property is located. The chief appraiser, the property owner, and each taxing unit are entitled to present evidence and argument at the hearing and to receive written notice of the board's determination of the motion. The property owner is entitled to elect to present the owner's evidence and argument before, after, or between the cases presented by the chief appraiser and each taxing unit. A property owner who files the motion must comply with the payment requirements of Section 25.26 or forfeit the right to a final determination of the motion.

(e) If the chief appraiser and the property owner do not agree to the correction before the 15th day after the date the motion is filed, a party bringing a motion under Subsection (c), (c-1), or (d) is entitled on request to a hearing on and a determination of the motion by the appraisal review board. A party bringing a motion under this section must describe the error or errors that the motion is seeking to correct. Not later than 15 days before the date of the hearing, the board shall deliver written notice of the date, time, and place of the hearing to the chief appraiser, the property owner, and the presiding officer of the governing body of each taxing unit in which the property is located. The chief appraiser, the property owner, and each taxing unit are entitled to present evidence and argument at the hearing and to receive written notice of the board's determination of the motion. The property owner is entitled to elect to present the owner's evidence and argument before, after, or between the cases presented by the chief appraiser and each taxing unit. A property owner who files the motion must comply with the payment requirements of Section 25.26 or forfeit the right to a final determination of the motion.

(f) The chief appraiser shall certify each change made as provided by this section to the assessor for each unit affected by the change within five days after the date the change is entered.

(g) Within 60 days after receiving notice of the appraisal review board's determination of a motion under this section or of a determination of the appraisal review board that the property owner has forfeited the right to a final determination of a motion under this section for failing to comply with the prepayment requirements of Section 25.26, the property owner or the chief appraiser may file suit to compel the board to order a change in the appraisal roll as required by this section. A taxing unit may not be made a party to a suit filed by a property owner or chief appraiser under this subsection.

(g-1) In a suit filed under Subsection (g), if a hearing to review and determine compliance with Section 25.26 is requested, the movant must mail

notice of the hearing by certified mail, return receipt requested, to the collector for each taxing unit that imposes taxes on the property not later than the 45th day before the date of the hearing.

(g-2) Regardless of whether the collector for the taxing unit receives a notice under Subsection (g-1), a taxing unit that imposes taxes on the property may intervene in a suit filed under Subsection (g) and participate in the proceedings for the limited purpose of determining whether the property owner has complied with Section 25.26. The taxing unit is entitled to process for witnesses and evidence and to be heard by the court.

(h) The appraisal review board, on the joint motion of the property owner and the chief appraiser filed at any time prior to the date the taxes become delinquent, shall by written order correct an error that resulted in an incorrect appraised value for the owner's property.

(i) A person who acquires property after January 1 of the tax year at issue is entitled to file any motion that this section authorizes the person who owned the property on January 1 of that year to file, if the deadline for filing the motion has not passed.

(j) If during the pendency of a motion under this section the ownership of property subject to the motion changes, the new owner of the property is entitled to proceed with the motion in the same manner as the property owner who filed the motion.

(k) The chief appraiser shall change the appraisal records and school district appraisal rolls promptly to reflect the detachment and annexation of property among school districts under Subchapter C or G, Chapter 49, Education Code.

(l) A motion may be filed under Subsection (c) regardless of whether, for a tax year to which the motion relates, the owner of the property protested under Chapter 41 an action relating to the value of the property that is the subject of the motion.

(m) The hearing on a motion under Subsection (c), (c-1), or (d) shall be conducted in the manner provided by Subchapter C, Chapter 41.

(n) After a chief appraiser certifies a change under Subsection (b) that corrects multiple appraisals of a property, the liability of a taxing unit for a refund of taxes under Section 26.15(f), and any penalty or interest on those taxes, is limited to taxes paid for the tax year in which the appraisal roll is changed and the four tax years preceding that year.

(o) The failure or refusal of a chief appraiser to change an appraisal roll under Subsection (b) is not:

- (1) an action that the appraisal review board is authorized to determine under this section;
- (2) an action that may be the subject of a suit to compel filed under Subsection (g);

(3) an action that a property owner is entitled to protest under Section 41.41; or

(4) an action that may be appealed under Chapter 42.

(p) Not later than the 45th day after the date a dispute or error described by Section 72.010(c), Local Government Code, is resolved by an agreement between the taxing units under Section 31.112(c) of this code or by a final order of the supreme court entered under Section 72.010, Local Government Code, the chief appraiser of each applicable appraisal district shall correct the appraisal roll and other appropriate records as necessary to reflect the agreement or order.

### Sec. 26.01. Submission Of Rolls To Taxing Units

(a) By July 25, the chief appraiser shall prepare and certify to the assessor for each taxing unit participating in the district that part of the appraisal roll for the district that lists the property taxable by the unit. The part certified to the assessor is the appraisal roll for the unit. The chief appraiser shall consult with the assessor for each taxing unit and notify each unit in writing by April 1 of the form in which the roll will be provided to each unit.

(a-1) If by July 20 the appraisal review board for an appraisal district has not approved the appraisal records for the district as required under Section 41.12, the chief appraiser shall not later than July 25 prepare and certify to the assessor for each taxing unit participating in the district an estimate of the taxable value of property in that taxing unit.

(b) When a chief appraiser submits an appraisal roll for county taxes to a county assessor-collector, the chief appraiser also shall certify the appraisal district appraisal roll to the comptroller. However, the comptroller by rule may provide for submission of only a summary of the appraisal roll. The chief appraiser shall certify the district appraisal roll or the summary of that roll in the form and manner prescribed by the comptroller's rule.

(c) The chief appraiser shall prepare and certify to the assessor for each taxing unit a listing of those properties which are taxable by that unit but which are under protest and therefore not included on the appraisal roll approved by the appraisal review board and certified by the chief appraiser. This listing shall include the appraised market value, productivity value (if applicable), and taxable value as determined by the appraisal district and shall also include the market value, taxable value, and productivity value (if applicable) as claimed by the property owner filing the protest if available. If the property owner does not claim a value and the appraised value of the property in the current year is equal to or less than its value in the preceding year, the listing shall include a reasonable estimate of the market value, taxable value, and productivity value (if applicable) that would be assigned to the property if the taxpayer's claim is upheld. If the property owner does not claim a value and the

appraised value of the property is higher than its appraised value in the preceding year, the listing shall include the appraised market value, productivity value (if applicable) and taxable value of the property in the preceding year, except that if there is a reasonable likelihood that the appraisal review board will approve a lower appraised value for the property than its appraised value in the preceding year, the chief appraiser shall make a reasonable estimate of the taxable value that would be assigned to the property if the property owner's claim is upheld. The taxing unit shall use the lower value for calculations as prescribed in Sections 26.04 and 26.041 of this code.

(d) The chief appraiser shall prepare and certify to the assessor for each taxing unit a list of those properties of which the chief appraiser has knowledge that are reasonably likely to be taxable by that unit but that are not included on the appraisal roll certified to the assessor under Subsection (a) or included on the listing certified to the assessor under Subsection (c). The chief appraiser shall include on the list for each property the market value, appraised value, and kind and amount of any partial exemptions as determined by the appraisal district for the preceding year and a reasonable estimate of the market value, appraised value, and kind and amount of any partial exemptions for the current year. Until the property is added to the appraisal roll, the assessor for the taxing unit shall include each property on the list in the calculations prescribed by Sections 26.04 and 26.041, and for that purpose shall use the lower market value, appraised value, or taxable value, as appropriate, included on or computed using the information included on the list for the property.

He shall also determine, using information provided by the appraisal office, the appraised, assessed, and taxable value of new property.

(a-1) On receipt of the appraisal roll for the 2015 tax year, the assessor for a school district shall determine the total taxable value of property taxable by the school district and the taxable value of new property based on a residence homestead exemption under Section 11.13(b) of \$25,000. This subsection expires December 31, 2016.

(b) The assessor shall submit the appraisal roll for the taxing unit showing the total appraised, assessed, and taxable values of all property and the total taxable value of new property to the governing body of the taxing unit by August 1 or as soon thereafter as practicable. If the collector certified an anticipated collection rate in the preceding year and the actual collection rate in that year exceeded the anticipated rate, the collector shall also certify the amount of debt taxes collected in excess of the anticipated amount in the preceding year.

(c) After the assessor for the taxing unit submits the appraisal roll for the taxing unit to the governing body of the taxing unit as required by Subsection (b), an officer or employee designated by the governing body shall calculate the no-new-revenue

; and

(2) "Voter-approval tax rate" means a rate expressed in dollars per \$100 of taxable value calculated according to the following applicable formula:

(B) for a taxing unit other than a special taxing unit:

$$\text{VOTER-APPROVAL TAX RATE} = (\text{NO-NEW-REVENUE MAINTENANCE AND OPERATIONS RATE} \times 1.035) + (\text{CURRENT DEBT RATE} + \text{UNUSED INCREMENT RATE})$$

(c-1) Notwithstanding any other provision of this section, the governing body of a taxing unit other than a special taxing unit may direct the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit if any part of the taxing unit is located in an area declared a disaster area during the current tax year by the governor or by the president of the United States. The designated officer or employee shall continue calculating the voter-approval tax rate in the manner provided by this subsection until the earlier of:

body of the taxing unit shall calculate the no-new-revenue tax rate and voter-approval tax rate using the certified estimate of taxable value.

(d) The no-new-revenue tax rate for a county is the sum of the no-new-revenue tax rates calculated for each type of tax the county levies and the voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies.

(d-1) [Effective 1/1/2021] The designated officer or employee shall use the tax rate calculation forms prescribed by the comptroller under Section 5.07 in calculating the no-new-revenue tax rate and the voter-approval tax rate.

(d-2) [Effective 1/1/2021] The designated officer or employee may not submit the no-new-revenue tax rate and the voter-approval tax rate to the governing body of the taxing unit and the taxing unit may not adopt a tax rate until the designated officer or employee certifies on the tax rate calculation forms that the designated officer or employee has accurately calculated the tax rates and has used values that are the same as the values shown in the taxing unit's certified appraisal roll in performing the calculations.

(d-3) [Effective 1/1/2021] As soon as practicable after the designated officer or employee calculates the no-new-revenue tax rate and the voter-approval tax rate of the taxing unit, the designated officer or employee shall submit the tax rate calculation forms used in calculating the rates to the county assessor-collector for each county in which all or part of the territory of the taxing unit is located.

(e) By August 7 or as soon thereafter as practicable, the designated officer or employee shall submit the rates to the governing body. The designated officer or employee shall post prominently on the home page of the taxing unit's Internet website in the form prescribed by the comptroller:

other evidences of indebtedness issued on behalf of the taxing unit by another political subdivision and, if the taxing unit is created under Section 52, Article III, or Section 59, Article XVI, Texas Constitution, payments on debts that the taxing unit anticipates to incur in the next calendar year;

(B) the amount by which taxes imposed for debt are to be increased because of the taxing unit's anticipated collection rate; and

(C) the total of the amounts listed in Paragraphs (A)-(B), less any amount collected in excess of the previous year's anticipated collections certified as provided in Subsection (b).

(e-1) **[Effective Until 1/1/2021]** The notice requirements imposed by Subsections (e)(1)-(6) do not apply to a school district.

(e-1) **[Effective 1/1/2021]** The tax rate certification requirements imposed by Subsection (d-2) and the notice requirements imposed by Subsections (e) (1)-(3) do not apply to a school district.

county in which the property is located or, if the county assessor-collector does not assess taxes for the county, the person who assesses taxes for the county under Section 6.24(b).

(e-3) The statement described by Subsection (e-2) (1) must include a heading that is in bold, capital letters in type larger than that used in the other provisions of the notice.

(e-4) The comptroller:

(1) with the advice of the property tax administration advisory board, shall adopt rules prescribing the form of the notice required by Subsection (e-2); and

(2) may adopt rules regarding the format and delivery of the notice.

(e-5) **[Effective 1/1/2021]** The governing body of a taxing unit shall include as an appendix to the taxing unit's budget for a fiscal year the tax rate calculation forms used by the designated officer or employee of the taxing unit to calculate the non-revenue tax rate and the voter-approval tax rate of the taxing unit for the tax year in which the fiscal year begins.

(f) If as a result of consolidation of taxing units a taxing unit includes territory that was in two or more taxing units in the preceding year, the amount of taxes imposed in each in the preceding year is combined for purposes of calculating the non-revenue and voter-approval tax rates under this section.

(g) **[Effective Until 1/1/2021]** A person who owns taxable property is entitled to an injunction prohibiting the taxing unit in which the property is taxable from adopting a tax rate if the assessor or designated officer or employee of the unit, as applicable, has not complied with the computation or publication requirements of this section and the failure to comply was not in good faith.

(g) **[Effective 1/1/2021]** A person who owns taxable property is entitled to an injunction prohibiting the taxing unit in which the property is taxable from adopting a tax rate if the assessor or designated officer or employee of the taxing unit, the chief appraiser of the applicable appraisal district, or the taxing unit, as applicable, has not complied with the computation, publication, or posting requirements of this section or Section 26.16, 26.17, or 26.18. It is a defense in an action for an injunction under this subsection that the failure to comply was in good faith.

(h) For purposes of this section, the anticipated collection rate of a taxing unit is the percentage relationship that the total amount of estimated tax collections for the current year bears to the total amount of taxes imposed for the current year. The total amount of estimated tax collections for the current year is the sum of the collector's estimate of:

(1) the total amount of property taxes imposed in the current year that will be collected before July 1 of the following year, including any penalties and interest on those taxes that will be collected during that period; and

(2) the total amount of delinquent property taxes imposed in previous years that will be collected on or after July 1 of the current year and before July 1 of the following year, including any penalties and interest on those taxes that will be collected during that period.

(h-1) Notwithstanding Subsection (h), if the anticipated collection rate of a taxing unit as calculated under that subsection is lower than the lowest actual collection rate of the taxing unit for any of the preceding three years, the anticipated collection rate of the taxing unit for purposes of this section is equal to the lowest actual collection rate of the taxing unit for any of the preceding three years.

(h-2) The anticipated collection rate of a taxing unit for purposes of this section is the rate calculated under Subsection (h) as modified by Subsection (h-1), if applicable, regardless of whether that rate exceeds 100 percent.

(i) This subsection applies to a taxing unit that has agreed by written contract to transfer a distinct department, function, or activity to another taxing unit and discontinues operating that distinct department, function, or activity if the operation of that department, function, or activity in all or a majority of the territory of the taxing unit is continued by another existing taxing unit or by a new taxing unit. The voter-approval tax rate of a taxing unit to which this subsection applies in the first tax year in which a budget is adopted that does not allocate revenue to the discontinued department, function, or activity is calculated as otherwise provided by this section, except that last year's levy used to calculate the no-new-revenue maintenance and operations rate of the taxing unit is reduced by the amount of maintenance and operations tax revenue spent by the taxing unit to operate the department, function, or activity for the 12 months preceding the month in which the calculations required by this chapter are made and in which the taxing unit operated the discontinued department, function, or activity. If the taxing unit did not operate that department, function, or activity for the full 12 months preceding the month in which the calculations required by this chapter are made, the taxing unit shall reduce last year's levy used for calculating the no-new-revenue maintenance and operations rate of the taxing unit by the amount of the revenue spent in the last full fiscal year in which the taxing unit operated the discontinued department, function, or activity.

(j) This subsection applies to a taxing unit that had agreed by written contract to accept the transfer of a distinct department, function, or activity from another taxing unit and operates a distinct department, function, or activity if the operation of a substantially similar department, function, or activity in all or a majority of the territory of the taxing unit has been discontinued by another taxing unit, including a dissolved taxing unit. The voter-approval tax rate of a taxing unit to which this subsection applies in the first tax year after the other taxing unit discontinued the substantially similar department, function, or activity in which a budget is adopted that allocates revenue to the department, function, or activity is calculated as otherwise provided by this section, except that last year's levy used to calculate the no-new-revenue maintenance and operations rate of the taxing unit is increased by the amount of maintenance and operations tax revenue spent by the taxing unit that discontinued operating the substantially similar department, function, or activity for the 12 months preceding the month in which the calculations required by this chapter are made and in which the taxing unit operated the discontinued department, function, or activity. If the taxing unit did not operate the discontinued department, function, or activity for the full 12 months preceding the month in which the calculations required by this chapter are made, the taxing unit may increase last year's levy used to calculate the no-new-revenue maintenance and operations rate by an amount not to exceed the amount of property tax revenue spent by the discontinuing taxing unit to operate the discontinued department, function, or activity in the last full fiscal year in which the discontinuing taxing unit operated the department, function, or activity.

### Sec. 26.041. Tax Rate Of Unit Imposing Additional Sales And Use Tax

(a) In the first year in which an additional sales and use tax is required to be collected, the no-new-revenue tax rate and voter-approval tax rate for the taxing unit are calculated according to the following formulas:

NO-NEW-REVENUE TAX RATE = [(LAST YEAR'S LEVY - LOST PROPERTY LEVY) / (CURRENT TOTAL VALUE - NEW PROPERTY VALUE)] - SALES TAX GAIN RATE

and

VOTER-APPROVAL TAX RATE FOR SPECIAL TAXING UNIT = (NO-NEW-REVENUE MAINTENANCE AND OPERATIONS RATE x 1.08) + (CURRENT DEBT RATE - SALES TAX GAIN RATE)

or

VOTER-APPROVAL TAX RATE FOR TAXING UNIT OTHER THAN SPECIAL TAXING UNIT = (NO-NEW-REVENUE MAINTENANCE AND OPERATIONS RATE x 1.035) + (CURRENT DEBT RATE + UNUSED INCREMENT RATE - SALES TAX GAIN RATE)

where "sales tax gain rate" means a number expressed in dollars per \$100 of taxable value, calculated by dividing the revenue that will be generated by the additional sales and use tax in the following year as calculated under Subsection (d) by the current total value.

(b) Except as provided by Subsections (a) and (c), in a year in which a taxing unit imposes an additional sales and use tax, the voter-approval tax rate for the taxing unit is calculated according to the following formula, regardless of whether the taxing unit levied a property tax in the preceding year:

VOTER-APPROVAL TAX RATE FOR SPECIAL TAXING UNIT = [(LAST YEAR'S MAINTENANCE AND OPERATIONS EXPENSE x 1.08) / (CURRENT TOTAL VALUE - NEW PROPERTY VALUE)] + (CURRENT DEBT RATE - SALES TAX

REVENUE RATE)

or

VOTER-APPROVAL TAX RATE FOR TAXING UNIT OTHER THAN SPECIAL TAXING UNIT = [(LAST YEAR'S MAINTENANCE

AND OPERATIONS EXPENSE x 1.035) / (CURRENT TOTAL VALUE - NEW PROPERTY VALUE)] + (CURRENT DEBT RATE + UNUSED INCREMENT RATE - SALES TAX REVENUE RATE)

where "last year's maintenance and operations expense" means the amount spent for maintenance and operations from property tax and additional sales and use tax revenues in the preceding year, and "sales tax revenue rate" means a number expressed in dollars per \$100 of taxable value, calculated by dividing the revenue that will be generated by the additional sales and use tax in the current year as calculated under Subsection (d) by the current total value.

(c) In a year in which a taxing unit that has been imposing an additional sales and use tax ceases to impose an additional sales and use tax, the no-new-revenue tax rate and voter-approval tax rate for the taxing unit are calculated according to the following formulas:

NO-NEW-REVENUE TAX RATE = [(LAST YEAR'S

LEVY - LOST PROPERTY LEVY) / (CURRENT TOTAL VALUE - NEW

PROPERTY VALUE)] + SALES TAX LOSS RATE

and

VOTER-APPROVAL TAX RATE FOR SPECIAL TAXING UNIT = [(LAST YEAR'S MAINTENANCE AND OPERATIONS EXPENSE x 1.08) / (CURRENT TOTAL VALUE - NEW

PROPERTY VALUE)] + CURRENT DEBT RATE

or

VOTER-APPROVAL TAX RATE FOR TAXING UNIT OTHER THAN SPECIAL TAXING UNIT = [(LAST YEAR'S MAINTENANCE AND OPERATIONS EXPENSE x 1.035) / (CURRENT TOTAL VALUE - NEW PROPERTY VALUE)] + (CURRENT DEBT RATE + UNUSED INCREMENT RATE)

where "sales tax loss rate" means a number expressed in dollars per \$100 of taxable value, calculated by dividing the amount of sales and use tax revenue generated in the last four quarters for which the information is available by the current total value and "last year's maintenance and operations expense" means the amount spent for maintenance and operations from property tax and additional sales and use tax revenues in the preceding year.

(c-1) Notwithstanding any other provision of this section, the governing body of a taxing unit other

than a special taxing unit may direct the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit if any part of the taxing unit is located in an area declared a disaster area during the current tax year by the governor or by the president of the United States. The designated officer or employee shall continue calculating the voter-approval tax rate in the manner provided by this subsection until the earlier of:

(1) the second tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred; or

(2) the third tax year after the tax year in which the disaster occurred.

(d) In order to determine the amount of additional sales and use tax revenue for purposes of this section, the designated officer or employee shall use the sales and use tax revenue for the last preceding four quarters for which the information is available as the basis for projecting the additional sales and use tax revenue for the current tax year. If the rate of the additional sales and use tax is increased or reduced, the projection to be used for the first tax year after the effective date of the sales and use tax change shall be adjusted to exclude any revenue gained or lost because of the sales and use tax rate change. If the unit did not impose an additional sales and use tax for the last preceding four quarters, the designated officer or employee shall request the comptroller of public accounts to provide to the officer or employee a report showing the estimated amount of taxable sales and uses within the unit for the previous four quarters as compiled by the comptroller, and the comptroller shall comply with the request. The officer or employee shall prepare the estimate of the additional sales and use tax revenue for the first year of the imposition of the tax by multiplying the amount reported by the comptroller by the appropriate additional sales and use tax rate and by multiplying that product by .95.

(e) If a city that imposes an additional sales and use tax receives payments under the terms of a contract executed before January 1, 1986, in which the city agrees not to annex certain property or a certain area and the owners or lessees of the property or of property in the area agree to pay at least annually to the city an amount determined by reference to all or a percentage of the property tax rate of the city and all or a part of the value of the property subject to the agreement or included

in the area subject to the agreement, the governing body, by order adopted by a majority vote of the governing body, may direct the designated officer or employee to add to the no-new-revenue and voter-approval tax rates the amount that, when applied to the total taxable value submitted to the governing body, would produce an amount of taxes equal to the difference between the total amount of payments for the tax year under contracts described by this subsection under the voter-approval tax rate calculated under this section and the total amount of payments for the tax year that would have been obligated to the city if the city had not adopted an additional sales and use tax.

(f) An estimate made by the comptroller under Subsection (d) of this section need not be adjusted to take into account any projection of additional revenue attributable to increases in the total value of items taxable under the state sales and use tax because of amendments of Chapter 151, Tax Code.

(g) If the rate of the additional sales and use tax is increased, the designated officer or employee shall make two projections, in the manner provided by Subsection (d), of the revenue generated by the additional sales and use tax in the following year. The first projection must take into account the increase and the second projection must not take into account the increase. The designated officer or employee shall then subtract the amount of the result of the second projection from the amount of the result of the first projection to determine the revenue generated as a result of the increase in the additional sales and use tax. In the first year in which an additional sales and use tax is increased, the no-new-revenue tax rate for the taxing unit is the no-new-revenue tax rate before the increase minus a number the numerator of which is the revenue generated as a result of the increase in the additional sales and use tax, as determined under this subsection, and the denominator of which is the current total value minus the new property value.

(h) If the rate of the additional sales and use tax is decreased, the designated officer or employee shall make two projections, in the manner provided by Subsection (d), of the revenue generated by the additional sales and use tax in the following year. The first projection must take into account the decrease and the second projection must not take into account the decrease. The designated officer or employee shall then subtract the amount of the result of the first projection from the amount of the result of the second projection to determine the revenue lost as a result of the decrease in the additional sales and use tax. In the first year in which an additional sales and use tax is decreased, the no-new-revenue tax rate for the taxing unit is the no-new-revenue tax rate before the decrease plus a

number the numerator of which is the revenue lost as a result of the decrease in the additional sales and use tax, as determined under this subsection, and the denominator of which is the current total value minus the new property value.

(i) Any amount derived from the sales and use tax that is or will be distributed by a county to the recipient of an economic development grant made under Chapter 381, Local Government Code, is not considered to be sales and use tax revenue for purposes of this section.

(j) Any amount derived from the sales and use tax that is retained by the comptroller under Chapters 476 or 477, Government Code, is not considered to be sales and use tax revenue for purposes of this section.

#### Sec. 26.042. Calculation and Adoption of Certain Tax Rates in Disaster Area.

(a) Notwithstanding Sections 26.04 and 26.041, the governing body of a taxing unit other than a school district or a special taxing unit may direct the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit if any part of the taxing unit is located in an area declared a disaster area during the current tax year by the governor or by the president of the United States and at least one person is granted an exemption under Section 11.35 for property located in the taxing unit. The designated officer or employee shall continue calculating the voter-approval tax rate in the manner provided by this subsection until the earlier of:

(1) the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred; or

(2) the third tax year after the tax year in which the disaster occurred.

(b) In the first tax year following the last tax year for which the designated officer or employee

calculates a taxing unit's voter-approval tax rate in the manner provided by Subsection (a), the taxing unit's voter-approval tax rate is reduced by the taxing unit's emergency revenue rate. For purposes of this subsection, a taxing unit's emergency revenue rate means a rate expressed in dollars per \$100 of taxable value calculated according to the following formula:

$$\text{EMERGENCY REVENUE RATE} = [(\text{LAST YEAR'S ADOPTED TAX RATE} - \text{ADJUSTED VOTER-APPROVAL TAX RATE}) \times \text{LAST YEAR'S TOTAL VALUE}] / (\text{CURRENT TOTAL VALUE} - \text{NEW PROPERTY VALUE})$$

(c) For purposes of Subsection (b), "adjusted voter-approval tax rate" means the voter-approval tax rate a taxing unit would have calculated in the last year for which Subsection (a) applied to the taxing unit if in each tax year Subsection (a) applied to the taxing unit the taxing unit adopted a tax rate equal to the greater of:

(1) the tax rate actually adopted by the taxing unit for that tax year, if that tax rate was approved by the voters at an election held under Section 26.07; or

(2) the taxing unit's voter-approval tax rate for that tax year, calculated in the manner provided for a taxing unit other than a special taxing unit.

(d) When increased expenditure of money by a taxing unit other than a school district is necessary to respond to a disaster, including a tornado, hurricane, flood, wildfire, or other calamity, but not including a drought, epidemic, or pandemic, that has impacted the taxing unit and the governor has declared any part of the area in which the taxing unit is located as a disaster area, an election is not required under Section 26.07 to approve the tax rate adopted by the governing body for the year following the year in which the disaster occurs.

(e) When increased expenditure of money by a school district is necessary to respond to a disaster, including a tornado, hurricane, flood, wildfire, or other calamity, but not including a drought, epidemic, or pandemic, that has impacted the school district and the governor has requested federal disaster assistance for the area in which the school district is located, an election is not required under Section 26.08 to approve the tax rate adopted by the governing body of the school district for the year following the year in which the disaster occurs. A tax rate adopted under this subsection applies only in the year for which the rate is adopted.

(f) If a taxing unit adopts a tax rate under Subsection (d) or (e), the amount by which that rate exceeds the taxing unit's voter-approval tax rate for that tax year may not be considered when

calculating the taxing unit's voter-approval tax rate for the tax year following the year in which the taxing unit adopts the rate.

(g) A taxing unit that in a tax year elects to calculate the taxing unit's voter-approval tax rate under Subsection (a) or adopt a tax rate that exceeds the taxing unit's voter-approval tax rate for that tax year without holding an election under Subsection (d) or (e) must specify the disaster declaration that provides the basis for authorizing the taxing unit to calculate or adopt a tax rate under the applicable subsection. A taxing unit that in a tax year specifies a disaster declaration as providing the basis for authorizing the taxing unit to calculate or adopt a tax rate under Subsection (a), (d), or (e) may not in a subsequent tax year specify the same disaster declaration as providing the basis for authorizing the taxing unit to calculate or adopt a tax rate under one of those subsections if in an intervening tax year the taxing unit specifies a different disaster declaration as the basis for authorizing the taxing unit to calculate or adopt a tax rate under one of those subsections.

### Sec. 26.043. Voter-Approval And No-New-Revenue Tax Rates In City Imposing Mass Transit Sales And Use Tax

(a) In the tax year in which a city has set an election on the question of whether to impose a local sales and use tax under Subchapter H, Chapter 453, Transportation Code, the officer or employee designated to make the calculations provided by Section 26.04 may not make those calculations until the outcome of the election is determined. If the election is determined in favor of the imposition of the tax, the designated officer or employee shall subtract from the city's voter-approval and no-new-revenue tax rates the amount that, if applied to the city's current total value, would impose an amount equal to the amount of property taxes budgeted in the current tax year to pay for expenses related to mass transit services.

(b) In a tax year to which this section applies, a reference in this chapter to the city's no-new-revenue or voter-approval tax rate refers to that rate as adjusted under this section.

(c) For the purposes of this section, "mass transit services" does not include the construction, reconstruction, or general maintenance of municipal streets.

### Sec. 26.044. No-New-Revenue Tax Rate To Pay For State Criminal Justice Mandate

(a) The first time that a county adopts a tax rate after September 1, 1991, in which the state criminal justice mandate applies to the county, the no-new-revenue maintenance and operation rate for the county is increased by the rate calculated according to the following formula:

$$\text{(State Criminal Justice Mandate)} / \text{(Current Total Value - New Property Value)}$$

(b) In the second and subsequent years that a county adopts a tax rate, if the amount spent by the county for the state criminal justice mandate increased over the previous year, the no-new-revenue maintenance and operation rate for the county is increased by the rate calculated according to the following formula:

$$\frac{\text{(This Year's State Criminal Justice Mandate - Previous Year's State Criminal Justice Mandate)}}{\text{(Current Total Value - New Property Value)}}$$

(c) The county shall include a notice of the increase in the no-new-revenue maintenance and operation rate provided by this section, including a description and amount of the state criminal justice mandate, in the information published under Section 26.04(e) and, as applicable, in the notice prescribed by Section 26.06 or 26.061.

(d) In this section, "state criminal justice mandate" means the amount spent by the county in the previous 12 months providing for the maintenance and operation cost of keeping inmates in county-paid facilities after they have been sentenced to the Texas Department of Criminal Justice as certified by the county auditor based on information provided by the county sheriff, minus the amount received from state revenue for reimbursement of such costs.

### Sec. 26.0441. Tax Rate Adjustment For Indigent Health Care

(a) In the first tax year in which a taxing unit adopts a tax rate after January 1, 2000, and in which the enhanced minimum eligibility standards for indigent health care established under Section 61.006, Health and Safety Code, apply to the taxing unit, the no-new-revenue maintenance and

operations rate for the taxing unit is increased by the rate computed according to the following formula:

$$\text{Amount of Increase} = \frac{\text{Enhanced Indigent Health Care Expenditures}}{\text{(Current Total Value - New Property Value)}}$$

(b) In each subsequent tax year, if the taxing unit's enhanced indigent health care expenses exceed the amount of those expenses for the preceding year, the no-new-revenue maintenance and operations rate for the taxing unit is increased by the rate computed according to the following formula:

$$\text{Amount of Increase} = \frac{\text{(Current Tax Year's Enhanced Indigent Health Care Expenditures - Preceding Tax Year's Indigent Health Care Expenditures)}}{\text{(Current Total Value - New Property Value)}}$$

(c) The taxing unit shall include a notice of the increase in its no-new-revenue maintenance and operations rate provided by this section, including a brief description and the amount of the enhanced indigent health care expenditures, in the information published under Section 26.04(e) and, as applicable, in the notice prescribed by Section 26.06 or 26.061.

(d) In this section, "enhanced indigent health care expenditures" for a tax year means the amount spent by the taxing unit for the maintenance and operation costs of providing indigent health care at the increased minimum eligibility standards established under Section 61.006, Health and Safety Code, effective on or after January 1, 2000, in the period beginning on July 1 of the year preceding the tax year for which the tax is adopted and ending on June 30 of the tax year for which the tax is adopted, less the amount of state assistance received by the taxing unit in accordance with Chapter 61, Health and Safety Code, that is attributable to those costs.

$$\frac{\text{(Current Tax Year's Indigent Defense Compensation Expenditures - Preceding Tax Year's Indigent Defense Compensation Expenditures)}}{\text{(Current Total Value - New Property Value)}}$$

or

$$\frac{\text{(Preceding Tax Year's Indigent Defense Compensation Expenditures} \times 0.05)}{\text{(Current Total Value - New Property Value)}}$$

(c) The county shall include a notice of the increase in the no-new-revenue maintenance and operations rate provided by this section, including a description and the amount of indigent defense compensation expenditures, in the information published under Section 26.04(e) and, as applicable, in the notice prescribed by Section 26.06 or 26.061.

(Current Tax Year's Eligible County Hospital Expenditures - Preceding Tax Year's Eligible County Hospital Expenditures) / (Current Total Value - New Property Value)

or

(Preceding Tax Year's Eligible County Hospital Expenditures x 0.08) / (Current Total Value - New Property Value)

### Sec. 26.045. Voter-Approval Tax Rate Relief For Pollution Control Requirements

(a) The voter-approval tax rate for a political subdivision of this state is increased by the rate that, if applied to the current total value, would impose an amount of taxes equal to the amount the political subdivision will spend out of its maintenance and operation funds under Section 26.012(16) to pay for a facility, device, or method for the control of air, water, or land pollution that is necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality.

(b) In this section, "facility, device, or method for control of air, water, or land pollution" means any land, structure, building, installation, excavation, machinery, equipment, or device, and any attachment or addition to or reconstruction, replacement, or improvement of that property, that is used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States or this state for the prevention, monitoring, control, or reduction of air, water, or land pollution.

(c) To receive an adjustment to the voter-approval tax rate under this section, a political subdivision shall present information to the executive director of the Texas Commission on Environmental Quality in a permit application or in a request for any exemption from a permit that would otherwise be required detailing:

(1) the anticipated environmental benefits from the installation of the facility, device, or method for the control of air, water, or land pollution;

(2) the estimated cost of the pollution control facility, device, or method; and

(3) the purpose of the installation of the facility, device, or method, and the proportion of the installation that is pollution control property.

(d) Following submission of the information required by Subsection (c), the executive director of the Texas Commission on Environmental Quality shall determine whether the facility, device, or method is used wholly or partly as a facility, device, or method for the control of air, water, or land pollution. If the executive director determines that the facility, device, or method is used wholly or partly to control pollution, the director shall issue a letter to the political subdivision stating that determination and the portion of the cost of the installation that is pollution control property.

(e) The Texas Commission on Environmental Quality may charge a political subdivision seeking a determination that property is pollution control property an additional fee not to exceed its administrative costs for processing the information, making the determination, and issuing the letter required by this section. The commission may adopt rules to implement this section.

(f) The Texas Commission on Environmental Quality shall adopt rules establishing a nonexclusive list of facilities, devices, or methods for the control of air, water, or land pollution, which must include:

- (1) coal cleaning or refining facilities;
- (2) atmospheric or pressurized and bubbling or circulating fluidized bed combustion systems and gasification fluidized bed combustion combined cycle systems;
- (3) ultra-supercritical pulverized coal boilers;
- (4) flue gas recirculation components;
- (5) syngas purification systems and gas-cleanup units;
- (6) enhanced heat recovery systems;
- (7) exhaust heat recovery boilers;
- (8) heat recovery steam generators;
- (9) superheaters and evaporators;
- (10) enhanced steam turbine systems;
- (11) methanation;
- (12) coal combustion or gasification byproduct and coproduct handling, storage, or treatment facilities;
- (13) biomass cofiring storage, distribution, and firing systems;
- (14) coal cleaning or drying processes such as coal drying/moisture reduction, air jigging, precombustion decarbonization, and coal flow balancing technology;
- (15) oxy-fuel combustion technology, amine or chilled ammonia scrubbing, fuel or emission conversion through the use of catalysts, enhanced scrubbing technology, modified

combustion technology such as chemical looping, and cryogenic technology;

(16) if the United States Environmental Protection Agency adopts a final rule or regulation regulating carbon dioxide as a pollutant, property that is used, constructed, acquired, or installed wholly or partly to capture carbon dioxide from an anthropogenic source in this state that is geologically sequestered in this state;

(17) fuel cells generating electricity using hydrogen derived from coal, biomass, petroleum coke, or solid waste; and

(18) any other equipment designed to prevent, capture, abate, or monitor nitrogen oxides, volatile organic compounds, particulate matter, mercury, carbon monoxide, or any criteria pollutant.

(g) The Texas Commission on Environmental Quality by rule shall update the list adopted under Subsection (f) at least once every three years. An item may be removed from the list if the commission finds compelling evidence to support the conclusion that the item does not render pollution control benefits.

(h) Notwithstanding the other provisions of this section, if the facility, device, or method for the control of air, water, or land pollution described in a permit application or in a request for any exemption from a permit that would otherwise be required is a facility, device, or method included on the list adopted under Subsection (f), the executive director of the Texas Commission on Environmental Quality, not later than the 30th day after the date of receipt of the information required by Subsections (c)(2) and (3) and without regard to whether the information required by Subsection (c) (1) has been submitted, shall determine that the facility, device, or method described in the permit application or in the request for an exemption from a permit that would otherwise be required is used wholly or partly as a facility, device, or method for the control of air, water, or land pollution and shall take the action that is required by Subsection (d) in the event such a determination is made.

(i) A political subdivision of the state seeking an adjustment in its voter-approval tax rate under this section shall provide to its tax assessor a copy of the letter issued by the executive director of the Texas Commission on Environmental Quality under Subsection (d). The tax assessor shall accept the copy of the letter from the executive director as conclusive evidence that the facility, device, or method is used wholly or partly as pollution control property and shall adjust the voter-approval tax rate for the political subdivision as provided for by Subsection (a).

**HISTORY**

Added by Acts 1993, 73rd Leg., ch. 285, Sec. 4, eff. Aug. 30, 1993.)

**Sec. 26.05. Tax Rate**

(a) The governing body of each taxing unit shall adopt a tax rate for the current tax year and shall notify the assessor for the taxing unit of the rate adopted. The governing body must adopt a tax rate before the later of September 30 or the 60th day after the date the certified appraisal roll is received by the taxing unit, except that the governing body must adopt a tax rate that exceeds the voter-approval tax rate not later than the 71st day before the next uniform election date prescribed by Section 41.001, Election Code, that occurs in November of that year. The tax rate consists of two components, each of which must be approved separately. The components are:

(1) for a taxing unit other than a school district, the rate that, if applied to the total taxable value, will impose the total amount described by Section 26.04(e)(3)(C), less any amount of additional sales and use tax revenue that will be used to pay debt service, or, for a school district, the rate calculated under Section 44.004(c)(5)(A)(ii)(b), Education Code; and

(2) the rate that, if applied to the total taxable value, will impose the amount of taxes needed to fund maintenance and operation expenditures of the taxing unit for the next year.

(b) A taxing unit may not impose property taxes in any year until the governing body has adopted a tax rate for that year, and the annual tax rate must be set by ordinance, resolution, or order, depending on the method prescribed by law for adoption of a law by the governing body. The vote on the ordinance, resolution, or order setting the tax rate must be separate from the vote adopting the budget. For a taxing unit other than a school district, the vote on the ordinance, resolution, or order setting a tax rate that exceeds the no-new-revenue tax rate must be a record vote, and at least 60 percent of the members of the governing body must vote in favor of the ordinance, resolution, or order. For a school district, the vote on the ordinance, resolution, or order setting a tax rate that exceeds the sum of the no-new-revenue maintenance and operations tax rate of the district as determined under Section 26.08(i) and the district's current debt rate must be a record vote, and at least 60 percent of the members of the governing body must vote in favor of the ordinance, resolution, or order. A motion to adopt an ordinance, resolution, or order setting a tax rate that exceeds the no-new-revenue tax rate must be made in the following form: "I move that

the property tax rate be increased by the adoption of a tax rate of (specify tax rate), which is effectively a (insert percentage by which the proposed tax rate exceeds the no-new-revenue tax rate) percent increase in the tax rate." If the ordinance, resolution, or order sets a tax rate that, if applied to the total taxable value, will impose an amount of taxes to fund maintenance and operation expenditures of the taxing unit that exceeds the amount of taxes imposed for that purpose in the preceding year, the taxing unit must:

(1) include in the ordinance, resolution, or order in type larger than the type used in any other portion of the document:

(A) the following statement: "THIS TAX RATE WILL

RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE."; and

(B) if the tax rate exceeds the no-new-revenue maintenance and operations rate, the following statement: "THE TAX RATE WILL EFFECTIVELY BE RAISED BY (INSERT

PERCENTAGE BY WHICH THE TAX RATE EXCEEDS THE NO-NEW-REVENUE MAINTENANCE AND OPERATIONS RATE) PERCENT AND WILL RAISE

TAXES FOR MAINTENANCE AND OPERATIONS ON A \$100,000 HOME BY APPROXIMATELY \$(Insert amount)."; and

(2) include on the home page of the Internet website of the taxing unit:

(A) the following statement: "(Insert name of taxing unit) ADOPTED A TAX RATE THAT WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE"; and

(B) if the tax rate exceeds the no-new-revenue maintenance and operations rate, the following statement: "THE TAX RATE WILL EFFECTIVELY BE RAISED BY (INSERT

PERCENTAGE BY WHICH THE TAX RATE EXCEEDS THE NO-NEW-REVENUE MAINTENANCE AND OPERATIONS RATE) PERCENT AND WILL RAISE

TAXES FOR MAINTENANCE AND OPERATIONS ON A \$100,000 HOME BY APPROXIMATELY \$(Insert amount)."

(c) If the governing body of a taxing unit does not adopt a tax rate before the date required by Subsection (a), the tax rate for the taxing unit for that tax year is the lower of the no-new-revenue tax rate

calculated for that tax year or the tax rate adopted by the taxing unit for the preceding tax year. A tax rate established by this subsection is treated as an adopted tax rate. Before the fifth day after the establishment of a tax rate by this subsection, the governing body of the taxing unit must ratify the applicable tax rate in the manner required by Subsection (b).

(d) The governing body of a taxing unit other than a school district may not adopt a tax rate that exceeds the lower of the voter-approval tax rate or the no-new-revenue tax rate calculated as provided by this chapter until the governing body has held a public hearing on the proposed tax rate and has otherwise complied with Section 26.06 and Section 26.065. The governing body of a taxing unit shall reduce a tax rate set by law or by vote of the electorate to the lower of the voter-approval tax rate or the no-new-revenue tax rate and may not adopt a higher rate unless it first complies with Section 26.06.

(d-1) The governing body of a taxing unit other than a school district may not hold a public hearing on a proposed tax rate or a public meeting to adopt a tax rate until the fifth day after the date the chief appraiser of each appraisal district in which the taxing unit participates has:

- (1) delivered the notice required by Section 26.04(e-2); and
- (2) complied with Section 26.17(f).

(d-2) Notwithstanding Subsection (a), the governing body of a taxing unit other than a school district may not adopt a tax rate until the chief appraiser of each appraisal district in which the taxing unit participates has complied with Subsection (d-1).

(e) **[Effective until 1/1/2021]** A person who owns taxable property is entitled to an injunction restraining the collection of taxes by a taxing unit in which the property is taxable if the taxing unit has not complied with the requirements of this section and the failure to comply was not in good faith. An action to enjoin the collection of taxes must be filed prior to the date a taxing unit delivers substantially all of its tax bills.

(e) **[Effective 1/1/2021]** A person who owns taxable property is entitled to an injunction restraining the collection of taxes by a taxing unit in which the property is taxable if the taxing unit has not complied with the requirements of this section or Section 26.04. It is a defense in an action for an injunction under this subsection that the failure to comply was in good faith. An action to enjoin the collection of taxes must be filed not later than the 15th day after the date the taxing unit adopts a tax rate. A property owner is not required to pay the taxes imposed by a taxing unit on the owner's property while an action filed by the property owner to enjoin the collection of taxes imposed by the taxing unit on the owner's property is pending. If the

property owner pays the taxes and subsequently prevails in the action, the property owner is entitled to a refund of the taxes paid, together with reasonable attorney's fees and court costs. The property owner is not required to apply to the collector for the taxing unit to receive the refund.

(e-1) The governing body of a taxing unit that imposes an additional sales and use tax may not adopt the component of the tax rate of the taxing unit described by Subsection (a)(1) of this section until the chief financial officer or the auditor for the taxing unit submits to the governing body of the taxing unit a written certification that the amount of additional sales and use tax revenue that will be used to pay debt service has been deducted from the total amount described by Section 26.04(e)(3) (C) as required by Subsection (a)(1) of this section. The comptroller shall prescribe the form of the certification required by this subsection and the manner in which it is required to be submitted.

(f) Except as required by the law under which an obligation was created, the governing body may not apply any tax revenues generated by the rate described in Subsection (a)(1) of this section for any purpose other than the retirement of debt.

(g) Notwithstanding Subsection (a), the governing body of a school district that elects to adopt a tax rate before the adoption of a budget for the fiscal year that begins in the current tax year may adopt a tax rate for the current tax year before receipt of the certified appraisal roll for the school district if the chief appraiser of the appraisal district in which the school district participates has certified to the assessor for the school district an estimate of the taxable value of property in the school district as provided by Section 26.01(e). If a school district adopts a tax rate under this subsection, the no-new-revenue tax rate and the voter-approval tax rate of the district shall be calculated based on the certified estimate of taxable value.

### **Sec. 26.0501. Limitation On Tax Rate Of Defunding Municipality**

(a) In this section, "defunding municipality" means a municipality that is considered to be a defunding municipality for the current tax year under Chapter 109, Local Government Code.

(b) Notwithstanding any other provision of this chapter or other law, the governing body of a defunding municipality may not adopt a tax rate for the current tax year that exceeds the lesser of the defunding municipality's no-new-revenue tax rate or voter-approval tax rate for that tax year.

(b-1) Notwithstanding Subsection (b), if a municipality is determined to be a defunding municipality according to the budget adopted by the municipality for the first fiscal year beginning on or after September 1, 2021, the governing body of the defunding municipality may not adopt a tax rate for the current year that exceeds the least of the defunding municipality's no-new-revenue tax rate or voter-approval tax rate for that tax year, the preceding tax year, or the second preceding tax year. This subsection expires September 1, 2023.

(c) For purposes of making the calculation required under Section 26.013, in a tax year in which a municipality is a defunding municipality, the difference between the municipality's actual tax rate and voter-approval tax rate is considered to be zero.

#### **HISTORY**

(Added by Acts 2021, Texas Acts of the 87th Leg. - Regular Session, ch. 199, Sec. 3.01, eff. 9/1/2021, op. beginning with the 2021 tax year.)

### **Sec. 26.051. Evidence Of Unrecorded Tax Rate Adoption**

(a) If a taxing unit does not make a proper record of the adoption of a tax rate for a year but the tax rate can be determined by examining the tax rolls for that year, the governing body of the taxing unit may take testimony or make other inquiry to determine whether a tax rate was properly adopted for that year. If the governing body determines that a tax rate was properly adopted, it may order that its official records for that year be amended nunc pro tunc to reflect the adoption of the rate.

(b) An amendment of the official records made under Subsection (a) of this section is prima facie evidence that the tax rate entered into the records was properly and regularly adopted for that year.

#### **HISTORY**

(1) is 50 cents or less per \$100 of taxable value; and

(2) would impose taxes of \$500,000 or less when applied to the current total value for the taxing unit.

(b) A taxing unit to which this section applies is exempt from the notice and publication requirements of Section 26.04(e) and is not subject to an injunction under Section 26.04(g) for failure to comply with those requirements.

(c) A taxing unit to which this section applies may provide public notice of its proposed tax rate in either of the following methods not later than the seventh day before the date on which the tax rate is adopted:

(1) mailing a notice of the proposed tax rate to each owner of taxable property in the taxing unit; or

(2) publishing notice of the proposed tax rate in the legal notices section of a newspaper having general circulation in the taxing unit.

(d) A taxing unit that provides public notice of a proposed tax rate under Subsection (c) is exempt from Sections 26.05(d) and 26.06 and is not subject to an injunction under Section 26.05(e) for failure to comply with Section 26.05(d). A taxing unit that provides public notice of a proposed tax rate under Subsection (c) may not adopt a tax rate that exceeds the rate set out in the notice unless the taxing unit provides additional public notice under Subsection (c) of the higher rate or complies with Sections 26.05(d) and 26.06, as applicable, in adopting the higher rate.

(e) Public notice provided under Subsection (c) must specify:

(1) the tax rate that the governing body proposes to adopt;

(2) the date, time, and location of the meeting of the governing body of the taxing unit at which the governing body will consider adopting the proposed tax rate; and

(3) if the proposed tax rate for the taxing unit exceeds the taxing unit's no-new-revenue tax rate calculated as provided by Section 26.04, a statement substantially identical to the following: "The proposed tax rate would increase total taxes in (name of taxing unit) by (percentage by which the proposed tax rate exceeds the no-new-revenue tax rate)."

(e-1) Public notice provided under Subsection (c) must include the following statement: "Visit [Texas.gov/PropertyTaxes](https://www.texas.gov/PropertyTaxes) to find a link to your local

**Sec. 26.06. Notice, Hearing, And Vote On Tax Increase**

(a) A public hearing required by Section 26.05 may not be held before the fifth day after the date the notice of the public hearing is given. The hearing must be on a weekday that is not a public holiday. The hearing must be held inside the boundaries of the unit in a publicly owned building or, if a suitable publicly owned building is not available, in a suitable building to which the public normally has access. At the hearing, the governing body must afford adequate opportunity for proponents and opponents of the tax increase to present their views.

(b) The notice of a public hearing may not be smaller than one-quarter page of a standard-size or a tabloid-size newspaper, and the headline on the notice must be in 24-point or larger type.

(b-1) If the proposed tax rate exceeds the no-new-revenue tax rate and the voter-approval tax rate of the taxing unit, the notice must contain a statement in the following form:

**NOTICE OF PUBLIC HEARING ON TAX INCREASE**

"PROPOSED TAX RATE                    \$\_\_\_\_\_ per \$100  
"NO-NEW-REVENUE TAX RATE                    \$\_\_\_\_\_ per \$100  
"VOTER-APPROVAL TAX RATE                    \$\_\_\_\_\_ per \$100

The no-new-revenue tax rate is the tax rate for the (current tax year) tax year that will raise the same amount of property tax revenue for (name of taxing unit) from the same properties in both the (preceding tax year) tax year and the (current tax year) tax year.

The voter-approval tax rate is the highest tax rate that (name of taxing unit) may adopt without holding an election to seek voter approval of the rate.

A public hearing on the proposed tax rate will be held on (date and time) at (meeting place).

The proposed tax rate is also greater than the voter-approval tax rate. If (name of taxing unit) adopts the proposed tax rate, (name of taxing unit) is required to hold an election so that the voters may accept or reject the proposed tax rate. If a majority of the voters reject the proposed tax rate, the tax rate of the (name of taxing unit) will be the voter-approval tax rate. The election will be held on (date of election). You may contact the (name of office responsible for administering the election) for information about voting locations. The hours of voting on election day are (voting hours).

Your taxes owed under any of the tax rates mentioned above can be calculated as follows:

The proposed tax rate is also not greater than the voter-approval tax rate. As a result, (name of taxing unit) is not required to hold an election to seek voter approval of the rate. However, you may express your support for or opposition to the proposed tax rate by contacting the members of the (name of governing body) of (name of taxing unit) at their offices or by attending the public meeting mentioned above.

### **Sec. 26.063. Alternate Provisions For Tax Rate Notice When De Minimis Rate Exceeds Voter-Approval Tax Rate**

(a) This section applies only to a taxing unit:

(1) that is:

(A) a taxing unit other than a special taxing unit; or

(B) a municipality with a population of less than 30,000, regardless of whether it is a special taxing unit;

(3) for which the de minimis rate exceeds the voter-approval tax rate.

(b) This subsection applies only to a taxing unit that is required to hold an election under Section 26.07. In the notice required to be provided by the taxing unit under Section 26.06(b-1) or (b-3), as applicable, the taxing unit shall:

(3) add the following definition of "de minimis rate": "The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate for (name of taxing unit), the rate that will raise \$500,000, and the current debt rate for (name of taxing unit)."; and

(4) substitute the following for the provision that provides notice that an election is required: "The proposed tax rate is greater than the voter-approval tax rate and the de minimis rate. If (name of taxing unit) adopts the proposed tax rate, (name of taxing unit) is required to hold an election so that the voters may accept or reject the proposed tax rate. If a majority of the voters reject the proposed tax rate, the tax rate of the (name of taxing unit) will be the voter-approval tax rate of the (name of taxing unit). The election will be held on (date of election). You may contact the (name of office responsible for administering the election) for information about voting locations. The hours of voting on election day are (voting hours)."

(c) This subsection applies only to a taxing unit for which the qualified voters of the taxing unit may petition to hold an election under Section 26.075. In the notice required to be provided by the taxing unit under Section 26.06(b-1) or (b-3), as applicable, the taxing unit shall:

However, the proposed tax rate exceeds the rate that allows voters to petition for an election under Section 26.075, Tax Code. If (name of taxing unit) adopts the proposed tax rate, the qualified voters of the (name of taxing unit) may petition the (name of taxing unit) to require an election to be held to determine whether to reduce the proposed tax rate. If a majority of the voters reject the proposed tax rate, the tax rate of the (name of taxing unit) will be the voter-approval tax rate of the (name of taxing unit)."

(d) This subsection applies only to a taxing unit that is not required to hold an election under Section 26.07 and for which the qualified voters of the taxing unit may not petition to hold an election under Section 26.075. In the notice required to be provided by the taxing unit under Section 26.06(b-1) or (b-3), as applicable, the taxing unit shall:

(3) add the following definition of "de minimis rate": "The de minimis rate is the rate equal to the sum of the no-new-revenue

maintenance and operations rate for (name of taxing unit), the rate that will raise \$500,000, and the current debt rate for (name of taxing unit)."; and

(4) substitute the following for the provision that provides notice that an election is required: "The proposed tax rate is greater than the voter-approval tax rate but not greater than the de minimis rate and does not exceed the rate that allows voters to petition for an election under Section 26.075, Tax Code. If (name of taxing unit) adopts the proposed tax rate, (name of taxing unit) is not required to hold an election so that the voters may accept or reject the proposed tax rate and the qualified voters of the (name of taxing unit) may not petition the (name of taxing unit) to require an election to be held to determine whether to reduce the proposed tax rate."

(f) If, after tax bills for the taxing unit have been mailed, a proposition to approve the taxing unit's adopted tax rate is not approved by the voters of the taxing unit at an election held under this section, the assessor for the taxing unit shall prepare and mail corrected tax bills. The assessor shall include with the bill a brief explanation of the reason for and effect of the corrected bill.

(g) If a property owner pays taxes calculated using the originally adopted tax rate of the taxing unit and the proposition to approve the adopted tax rate is not approved by voters, the taxing unit shall refund the difference between the amount of taxes paid and the amount due under the voter-approval tax rate if the difference between the amount of taxes paid and the amount due under the voter-approval tax rate is \$1 or more. If the difference between the amount of taxes paid and the amount due under the voter-approval tax rate is less than \$1, the taxing unit shall refund the difference on request of the taxpayer. An application for a refund of less than \$1 must be made within 90 days after the date the refund becomes due or the taxpayer forfeits the right to the refund.

### Sec. 26.075. Petition Election To Reduce Tax Rate Of Taxing Unit Other Than School District

(a) This section applies only to a taxing unit other than:

- (1) a special taxing unit;
- (2) a school district; or
- (3) a municipality with a population of 30,000 or more.

(b) This section applies to a taxing unit only in a tax year in which the taxing unit's:

- (1) de minimis rate exceeds the taxing unit's voter-approval tax rate; and
- (2) adopted tax rate is:

(A) equal to or lower than the taxing unit's de minimis rate; and

(B) greater than the greater of the taxing unit's:

(i) voter-approval tax rate calculated as if the taxing unit were a special taxing unit; or

(ii) voter-approval tax rate.

(c) The qualified voters of a taxing unit by petition may require that an election be held to determine whether to reduce the tax rate adopted by the governing body of the taxing unit for the current tax year to the voter-approval tax rate.

(d) A petition is valid only if the petition:

(1) states that it is intended to require an election in the taxing unit on the question of reducing the taxing unit's adopted tax rate for the current tax year;

(2) is signed by a number of registered voters of the taxing unit equal to at least three percent of the registered voters of the taxing unit determined according to the most recent list of those voters; and

(3) is submitted to the governing body of the taxing unit not later than the 90th day after the date on which the governing body adopts the tax rate for the current tax year.

(e) Not later than the 20th day after the date on which a petition is submitted, the governing body shall determine whether the petition is valid and must by resolution state the governing body's determination. If the governing body fails to make the determination in the time and manner required by this subsection, the petition is considered to be valid for the purposes of this section.

(f) If the governing body determines that the petition is valid or fails to make the determination in the time and manner required by Subsection (e), the governing body shall order that an election be held in the taxing unit on the next uniform election date that allows sufficient time to comply with the requirements of other law.

(g) At the election, the ballots shall be prepared to permit voting for or against the proposition: "Reducing the tax rate in (name of taxing unit) for the current year from (insert tax rate adopted for current year) to (insert voter-approval tax rate)."

(h) If a majority of the votes cast in the election favor the proposition, the tax rate for the current tax year is the voter-approval tax rate.

(i) If the proposition is not approved as provided by Subsection (h), the tax rate for the taxing unit for the current tax year is the tax rate adopted by the governing body of the taxing unit for the current tax year.

(j) If the tax rate is reduced by an election held under this section after tax bills for the taxing unit have been mailed, the assessor for the taxing unit shall prepare and mail corrected tax bills. The assessor shall include with the bill a brief explanation

of the reason for and effect of the corrected bill. The date on which the taxes become delinquent for the tax year is extended by a number of days equal to the number of days between the date the first tax bills were sent and the date the corrected tax bills were sent.

(k) If a property owner pays taxes calculated using the higher tax rate when the tax rate is reduced by an election held under this section, the taxing unit shall refund the difference between the amount of taxes paid and the amount due under the reduced tax rate if the difference between the amount of taxes paid and the amount due under the reduced tax rate is \$1 or more. If the difference between the amount of taxes paid and the amount due under the reduced rate is less than \$1, the taxing unit shall refund the difference on request of the taxpayer. An application for a refund of less than \$1 must be made within 90 days after the date the refund becomes due or the taxpayer forfeits the right to the refund.

(l) Except as otherwise expressly provided by law, this section does not apply to a tax imposed by a taxing unit if a provision of an uncodified local or special law enacted by the 86th Legislature, Regular Session, 2019, or by an earlier legislature provides that Section 26.07 does not apply to a tax imposed by the taxing unit.

### Sec. 26.08. Automatic Election To Approve Tax Rate Of School District

(a) If the governing body of a school district adopts a tax rate that exceeds the district's voter-approval tax rate, the registered voters of the district at an election held for that purpose must determine whether to approve the adopted tax rate.

(a-1) When increased expenditure of money by a school district is necessary to respond to a disaster, including a tornado, hurricane, flood, wildfire, or other calamity, but not including a drought, that has impacted a school district and the governor has requested federal disaster assistance for the area in which the school district is located, an election is not required under this section to approve the tax rate adopted by the governing body for the year following the year in which the disaster occurs. A tax rate adopted under this subsection applies only in the year for which the rate is adopted. If a district adopts a tax rate under this subsection, the amount by which that rate exceeds the district's voter-approval tax rate for that tax year may not be considered when calculating the district's voter-approval tax rate for the tax year following the year in which the district adopts the rate.

(b) The governing body shall order that the election be held in the school district on the next uniform election date prescribed by Section 41.001, Election Code, that occurs after the date of the election order and that allows sufficient time to comply with the requirements of other law. At the election, the ballots shall be prepared to permit voting for or against the proposition: "Ratifying the ad valorem tax rate of \_\_\_ (insert adopted tax rate) in (name of school district) for the current year, a rate that will result in an increase of \_\_\_\_ (insert percentage increase in maintenance and operations tax revenue under the adopted tax rate as compared to maintenance and operations tax revenue in the preceding tax year) percent in maintenance and operations tax revenue for the district for the current year as compared to the preceding year, which is an additional \$\_\_\_ (insert dollar amount of increase in maintenance and operations tax revenue under the adopted tax rate as compared to maintenance and operations tax revenue in the preceding tax year)."

(c) If a majority of the votes cast in the election favor the proposition, the tax rate for the current year is the rate that was adopted by the governing body.

(d) If the proposition is not approved as provided by Subsection (c), the governing body may not adopt a tax rate for the school district for the current year that exceeds the school district's voter-approval tax rate.

(d-1) If, after tax bills for the school district have been mailed, a proposition to approve the school district's adopted tax rate is not approved by the voters of the district at an election held under this section, on subsequent adoption of a new tax rate by the governing body of the district, the assessor for the school shall prepare and mail corrected tax bills. The assessor shall include with each bill a brief explanation of the reason for and effect of the corrected bill. The date on which the taxes become delinquent for the year is extended by a number of days equal to the number of days between the date the first tax bills were sent and the date the corrected tax bills were sent.

(d-2) If a property owner pays taxes calculated using the originally adopted tax rate of the school district and the proposition to approve the adopted tax rate is not approved by voters, the school district shall refund the difference between the amount of taxes paid and the amount due under the subsequently adopted rate if the difference between the amount of taxes paid and the amount due under the subsequent rate is \$1 or more. If the difference between the amount of taxes paid and the amount due under the subsequent rate is less than \$1, the school district shall refund the difference on request of the taxpayer. An application for

a refund of less than \$1 must be made within 90 days after the date the refund becomes due or the taxpayer forfeits the right to the refund.

(e) For purposes of this section, local tax funds dedicated to a junior college district under Section 45.105(e), Education Code, shall be eliminated from the calculation of the tax rate adopted by the governing body of the school district. However, the funds dedicated to the junior college district are subject to Section 26.085.

(f) Repealed by Acts 1999, 76th Leg., ch. 396, Sec. 3.01(c), eff. Sept. 1, 1999.

(g) In a school district that received distributions from an equalization tax imposed under former Chapter 18, Education Code, the no-new-revenue rate of that tax as of the date of the county unit system's abolition is added to the district's voter-approval tax rate.

(h) For purposes of this section, increases in taxable values and tax levies occurring within a reinvestment zone under Chapter 311 (Tax Increment Financing Act), in which the district is a participant, shall be eliminated from the calculation of the tax rate adopted by the governing body of the school district.

(i) For purposes of this section, "enrichment tax rate" has the meaning assigned by Section 45.0032, Education Code.

(n) For purposes of this section, the voter-approval tax rate of a school district is the sum of the following:

(1) the rate per \$100 of taxable value that is equal to the district's maximum compressed tax rate, as determined under Section 48.2551, Education Code, for the current year;

(2) the greater of:

(A) the district's enrichment tax rate for the preceding tax year, less any amount by which the district is required to reduce the district's enrichment tax rate under Section 48.202(f), Education Code, in the current tax year; or

(B) the rate of \$0.05 per \$100 of taxable value; and

### Sec. 26.081. Petition Signatures

(a) A voter's signature on a petition filed in connection with an election under this chapter is not required to appear exactly as the voter's name appears on the most recent official list of registered voters for the signature to be valid.

(b) If the governing body reviewing the petition is unable to verify the validity of a particular voter's signature, and the petition does not contain any reasonable means by which they might otherwise do so, such as the voter's registration number, home address, or telephone number, the governing body may then require the organizer of the petition to provide such information for that particular voter if the organizer wishes for the signature to be counted.

### Sec. 26.085. Election To Limit Dedication Of School Funds To Junior College

(a) If the percentage of the total tax levy of a school district dedicated by the governing body of the school district to a junior college district under Section 45.105(e), Education Code, exceeds the percentage of the total tax levy of the school district

for the preceding year dedicated to the junior college district under that section, the qualified voters of the school district by petition may require that an election be held to determine whether to limit the percentage of the total tax levy dedicated to the junior college district to the same percentage as the percentage of the preceding year's total tax levy dedicated to the junior college district.

(b) A petition is valid only if:

(1) it states that it is intended to require an election on the question of limiting the amount of school district tax funds to be dedicated to the junior college district for the current year;

(2) it is signed by a number of registered voters of the school district equal to at least 10 percent of the number of registered voters of the school district according to the most recent official list of registered voters; and

(3) it is submitted to the governing body on or before the 90th day after the date on which the governing body made the dedication to the junior college district.

(c) Not later than the 20th day after the day a petition is submitted, the governing body shall determine whether the petition is valid and pass a resolution stating its finding. If the governing body fails to act within the time allowed, the petition is treated as if it had been found valid.

(d) If the governing body finds that the petition is valid (or fails to act within the time allowed), it shall order that an election be held in the school district on a date not less than 30 or more than 90 days after the last day on which it could have acted to approve or disapprove the petition. A state law requiring local elections to be held on a specified date does not apply to the election unless a specified date falls within the time permitted by this section. At the election, the ballots shall be prepared to permit voting for or against the proposition: "Limiting the portion of the (name of school district) tax levy dedicated to the (name of junior college district) for the current year to the same portion that was dedicated last year."

(e) If a majority of the qualified voters voting on the question in the election favor the proposition, the percentage of the total tax levy of the school district for the year to which the election applies dedicated to the junior college district is reduced to the same percentage of the total tax levy that was dedicated to the junior college district by the school district in the preceding year. If the proposition is approved by a majority of the qualified voters voting in an election to limit the dedication to the junior college district in a year following a year in which there was no dedication of local tax funds to the junior college district under Section 45.105(e), Education Code, the school district

may not dedicate any local tax funds to the junior college district in the year to which the election applies. If the proposition is not approved by a majority of the qualified voters voting in the election, the percentage of the total tax levy dedicated to the junior college district is the percentage adopted by the governing body.

#### **Sec. 26.09. Calculation Of Tax**

(a) On receipt of notice of the tax rate for the current tax year, the assessor for a taxing unit other than a county shall calculate the tax imposed on each property included on the appraisal roll for the unit.

(b) The county assessor-collector shall add the properties and their values certified to him as provided by Chapter 24 of this code to the appraisal roll for county tax purposes. The county assessor-collector shall use the appraisal roll certified to him as provided by Section 26.01 with the added properties and values to calculate county taxes.

(c) The tax is calculated by:

(1) subtracting from the appraised value of a property as shown on the appraisal roll for the unit the amount of any partial exemption allowed the property owner that applies to appraised value to determine net appraised value;

(2) multiplying the net appraised value by the assessment ratio to determine assessed value;

(3) subtracting from the assessed value the amount of any partial exemption allowed the property owner to determine taxable value; and

(4) multiplying the taxable value by the tax rate.

(c-1) The assessor for a school district shall calculate the amount of tax imposed by the school district on a residence homestead for the 2015 tax year based on an exemption under Section 11.13(b) of \$15,000 and separately based on an exemption under that subsection of \$25,000. This subsection expires December 31, 2016.

(d) If a property is subject to taxation for a prior year in which it escaped taxation, the assessor shall calculate the tax for each year separately. In calculating the tax, the assessor shall use the assessment ratio and tax rate in effect in the unit for the year for which back taxes are being imposed. Except as provided by Subsection (d-1), the amount of back taxes due incurs interest calculated at the rate provided by Section 33.01(c) from the date the tax would have

become delinquent had the tax been imposed in the proper tax year.

(d-1) For purposes of this subsection, an appraisal district has constructive notice of the presence of an improvement if a building permit for the improvement has been issued by an appropriate governmental entity. Back taxes assessed under Subsection (d) on an improvement to real property do not incur interest if:

(1) the land on which the improvement is located did not escape taxation in the year in which the improvement escaped taxation;

(2) the appraisal district had actual or constructive notice of the presence of the improvement in the year in which the improvement escaped taxation; and

(3) the property owner pays all back taxes due on the improvement not later than the 120th day after the date the tax bill for the back taxes on the improvement is sent.

(d-2) For purposes of Subsection (d-1)(3), if an appeal under Chapter 41A or 42 relating to the taxes imposed on the omitted improvement is pending on the date prescribed by that subdivision, the property owner is considered to have paid the back taxes due by that date if the property owner pays the amount of taxes required by Section 41A.10 or 42.08, as applicable.

(e) The assessor shall enter the amount of tax determined as provided by this section in the appraisal roll and submit it to the governing body of the unit for approval. The appraisal roll with amounts of tax entered as approved by the governing body constitutes the unit's tax roll.

#### **Sec. 26.10. Prorating Taxes--Loss Of Exemption**

(a) If the appraisal roll shows that a property is eligible for taxation for only part of a year because an exemption, other than a residence homestead exemption or an exemption described by Subsection (d), applicable on January 1 of that year terminated during the year, the tax due against the property is calculated by multiplying the tax due for the entire year as determined as provided by Section 26.09 by a fraction, the denominator of which is 365 and the numerator of which is the number of days the exemption is not applicable.

(b) If the appraisal roll shows that a residence homestead exemption under Section 11.13(c) or (d), 11.132, 11.133, or 11.134 applicable to a property

on January 1 of a year terminated during the year and if the owner of the property qualifies a different property for one of those residence homestead exemptions during the same year, the tax due against the former residence homestead is calculated by:

(1) subtracting:

(A) the amount of the taxes that otherwise would be imposed on the former residence homestead for the entire year had the owner qualified for the residence homestead exemption for the entire year; from

(B) the amount of the taxes that otherwise would be imposed on the former residence homestead for the entire year had the owner not qualified for the residence homestead exemption during the year;

(2) multiplying the remainder determined under Subdivision (1) by a fraction, the denominator of which is 365 and the numerator of which is the number of days that elapsed after the date the exemption terminated; and

(3) adding the product determined under Subdivision (2) and the amount described by Subdivision (1)(A).

(c) If the appraisal roll shows that a residence homestead exemption under Section 11.131 applicable to a property on January 1 of a year terminated during the year, the tax due against the residence homestead is calculated by multiplying the amount of the taxes that otherwise would be imposed on the residence homestead for the entire year had the individual not qualified for the exemption under Section 11.131 during the year by a fraction, the denominator of which is 365 and the numerator of which is the number of days that elapsed after the date the exemption terminated.

(d) Subsection (a) does not apply to an exemption for land received by an organization under Section 11.181, 11.182, or 11.1825 that terminated during the year because of the sale by the organization of a housing unit located on the land if:

(1) the housing unit is sold to a family meeting the income-eligibility standards established by Section 373B.006, Local Government Code;

(2) the organization retains title to the land on which the housing unit is located; and

(3) before the date on which the housing unit is sold, the organization is designated a community land trust by the governing body of a municipality or county as provided by Section 373B.002, Local Government Code.

#### Sec. 26.11. Prorating Taxes--Acquisition By Government

(a) If the federal government, the state, or a political subdivision of the state acquires the right to possession of taxable property under a court order issued in condemnation proceedings, takes possession of taxable property under a possession and use agreement or under Section 21.021, Property Code, or acquires title to taxable property, the amount of the tax due on the property is calculated by multiplying the amount of taxes imposed on the property for the entire year as determined as provided by Section 26.09 of this code by a fraction, the denominator of which is 365 and the numerator of which is the number of days that elapsed prior to the date of the conveyance, the effective date of the possession and use agreement, the date the entity took possession under Section 21.021, Property Code, or the date of the order granting the right of possession, as applicable.

(b) If the amount of taxes to be imposed on the property for the year of transfer has not been determined at the time of transfer, the assessor for each taxing unit in which the property is taxable may use the taxes imposed on the property for the preceding tax year as the basis for determining the amount of taxes to be imposed for the current tax year.

(c) If the amount of prorated taxes determined to be due as provided by this section is tendered to the collector for the unit, the collector shall accept the tender. The payment absolves:

(1) the transferor of liability for taxes by the unit on the property for the year of the transfer; and

(2) the taxing unit of liability for a refund in connection with taxes on the property for the year of the transfer.

**Sec. 26.111. Prorating Taxes--Acquisition By Charitable Organization**

(a) If an organization acquires taxable property that qualifies for and is granted an exemption under Section 11.181(a) or 11.182(a) for the year in which the property was acquired, the amount of tax due on the property for that year is calculated by multiplying the amount of taxes imposed on the property for the entire year as provided by Section 26.09 by a fraction, the denominator of which is 365 and the numerator of which is the number of days in that year before the date the charitable organization acquired the property.

(b) If the exemption terminates during the year of acquisition, the tax due is calculated by multiplying the taxes imposed for the entire year as provided by Section 26.09 by a fraction, the denominator of which is 365 and the numerator of which is the number of days the property does not qualify for the exemption.

**HISTORY**

(Amended by Acts 1997, 75th Leg., ch. 715, Sec. 4, eff. Jan. 1, 1998. Acts 1993, 73rd Leg., ch. 345, Sec. 4, eff. Jan. 1, 1994.)

**Sec. 26.1115. Calculation of Taxes on Residence Homestead Generally.**

(a) If an individual receives one or more exemptions under Section 11.13 for a portion of a tax year as provided by Section 11.42(f), except as provided by Subsection (b) of this section, the amount of tax due on the property for that year is calculated by:

(1) subtracting:

(A) the amount of the taxes that otherwise would be imposed on the property for the entire year had the individual qualified for the exemptions for the entire year; from

(B) the amount of the taxes that otherwise would be imposed on the property for the entire year had the individual not qualified for the exemptions during the year;

(2) multiplying the remainder determined under Subdivision (1) by a fraction, the denominator of which is 365 and the numerator of which is the number of days in that year that elapsed before the date the individual first qualified the property for the exemptions; and

(3) adding the product determined under Subdivision (2) and the amount described by Subdivision (1)(A).

(b) If an individual receives one or more exemptions to which Subsection (a) of this section applies for a portion of a tax year as provided by

Section 11.42(f) and the exemptions terminate during the year in which the individual acquired the property, the amount of tax due on the property for that year is calculated by:

(1) subtracting:

(A) the amount of the taxes that otherwise would be imposed on the property for the entire year had the individual qualified for the exemptions for the entire year; from

(B) the amount of the taxes that otherwise would be imposed on the property for the entire year had the individual not qualified for the exemptions during the year;

(2) multiplying the remainder determined under Subdivision (1) by a fraction, the denominator of which is 365 and the numerator of which is the sum of:

(A) the number of days in that year that elapsed before the date the individual first qualified the property for the exemptions; and

(B) the number of days in that year that elapsed after the date the exemptions terminated; and

(3) adding the product determined under Subdivision (2) and the amount described by Subdivision (1)(A).

(c) If an individual qualifies to receive an exemption as described by Subsection (a) with respect to a property after the amount of tax due on the property is calculated and if the effect of the qualification is to reduce the amount of tax due on the property, the assessor for each taxing unit shall recalculate the amount of the tax due on the property and correct the tax roll. If the tax bill has been mailed and the tax on the property has not been paid, the assessor shall mail a corrected tax bill to the individual in whose name the property is listed on the tax roll or to the individual's authorized agent. If the tax on the property has been paid, the collector for the taxing unit shall refund to the individual who paid the tax the amount by which the payment exceeded the tax due.

calculated as if the individual qualified for the exemption on January 1 and continued to qualify for the exemption for the remainder of the tax year.

(b) If an individual qualifies for an exemption under Section 11.13(c) or (d), 11.133, or 11.134 with respect to the property after the amount of the tax due on the property is calculated and the effect of the qualification is to reduce the amount of the tax due on the property, the assessor for each taxing unit shall recalculate the amount of the tax due on the property and correct the tax roll. If the tax bill has been mailed and the tax on the property has not been paid, the assessor shall mail a corrected tax bill to the person in whose name the property is listed on the tax roll or to the person's authorized agent. If the tax on the property has been paid, the tax collector for the taxing unit shall refund to the person who was the owner of the property on the date the tax was paid the amount by which the payment exceeded the tax due.

(2) the maintenance and operations rate;

(3) the debt rate;

(4) the no-new-revenue tax rate;

(5) the no-new-revenue maintenance and operations rate; and

(6) the voter-approval tax rate.

(a-1) For purposes of Subsection (a), a reference to the no-new-revenue tax rate or the no-new-revenue maintenance and operations rate includes the equivalent effective tax rate or effective maintenance and operations rate for a preceding year. This subsection expires January 1, 2026.

(b) Each taxing unit all or part of the territory of which is located in the county shall provide the information described by Subsection (a) pertaining to the taxing unit to the county assessor-collector annually following the adoption of a tax rate by the taxing unit for the current tax year. The chief appraiser of the appraisal district established in the county may assist the county assessor-collector in identifying the taxing units required to provide information to the assessor-collector.

(c) The information described by Subsection (a) must be presented in the form of a table under the heading "Truth in Taxation Summary."

The adopted tax rate is the tax rate adopted by the governing body of a taxing unit.

The maintenance and operations rate is the component of the adopted tax rate of a taxing unit that will impose the amount of taxes needed to fund maintenance and operation expenditures of the taxing unit for the following year.

The debt rate is the component of the adopted tax rate of a taxing unit that will impose the amount of taxes needed to fund the taxing unit's debt service for the following year.

The no-new-revenue tax rate is the tax rate that would generate the same amount of revenue in the current tax year as was generated by a taxing unit's adopted tax rate in the preceding tax year from property that is taxable in both the current tax year and the preceding tax year.

The no-new-revenue maintenance and operations rate is the tax rate that would generate the same amount of revenue for maintenance and operations in the current tax year as was generated by a taxing unit's maintenance and operations rate in the preceding tax year from property that is taxable in both the current tax year and the preceding tax year.

"The voter-approval tax rate is the highest tax rate a taxing unit may adopt before requiring voter approval at an election. An election will automatically be held if a taxing unit wishes to adopt a tax rate in excess of the taxing unit's voter-approval tax rate."

(d-1) In addition to posting the information described by Subsection (a), the county assessor-collector shall post on the Internet website of the county for each taxing unit all or part of the territory of which is located in the county:

(1) the tax rate calculation forms used by the designated officer or employee of each taxing unit to calculate the no-new-revenue and voter-approval tax rates of the taxing unit for the most recent five tax years beginning with the 2020 tax year, as certified by the designated officer or employee under Section 26.04(d-2); and

(2) the name and official contact information for each member of the governing body of the taxing unit.

(a) Except as provided by Subsections (f), (i-1), and (k), the assessor for each taxing unit shall prepare and mail a tax bill to each person in whose name the property is listed on the tax roll and to the person's authorized agent. The assessor shall mail tax bills by October 1 or as soon thereafter as practicable. The assessor shall mail to the state agency or institution the tax bill for any taxable property owned by the agency or institution. The agency or institution shall pay the taxes from funds appropriated for payment of the taxes or, if there are none, from funds appropriated for the administration of the agency or institution. The exterior of the tax bill must show the return address of the taxing unit. If the assessor wants the United States Postal Service to return the tax bill

if it is not deliverable as addressed, the exterior of the tax bill may contain, in all capital letters, the words "RETURN SERVICE REQUESTED," or another appropriate statement directing the United States Postal Service to return the tax bill if it is not deliverable as addressed.

(b) The county assessor-collector shall mail the tax bill for Permanent University Fund land to the comptroller. The comptroller shall pay all county tax bills on Permanent University Fund land with warrants drawn on the General Revenue Fund and mailed to the county assessors-collectors before February 1.

(c) The tax bill or a separate statement accompanying the tax bill shall:

- (1) identify the property subject to the tax;
- (2) state the appraised value, assessed value, and taxable value of the property;
- (3) if the property is land appraised as provided by Subchapter C, D, E, or H, Chapter 23, state the market value and the taxable value for purposes of deferred or additional taxation as provided by Section 23.46, 23.55, 23.76, or 23.9807, as applicable;
- (4) state the assessment ratio for the unit;
- (5) state the type and amount of any partial exemption applicable to the property, indicating whether it applies to appraised or assessed value;
- (6) state the total tax rate for the unit;
- (7) state the amount of tax due, the due date, and the delinquency date;
- (8) explain the payment option and discounts provided by Sections 31.03 and 31.05, if available to the unit's taxpayers, and state the date on which each of the discount periods provided by Section 31.05 concludes, if the discounts are available;
- (9) state the rates of penalty and interest imposed for delinquent payment of the tax;
- (10) include the name and telephone number of the assessor for the unit and, if different, of the collector for the unit;
- (11) for real property, state for the current tax year and each of the preceding five tax years:
  - (A) the appraised value and taxable value of the property;
  - (B) the total tax rate for the unit;
  - (C) the amount of taxes imposed on the property by the unit; and
  - (D) the difference, expressed as a percent increase or decrease, as applicable, in the amount of taxes imposed on the property by the unit compared to the amount imposed for the preceding tax year; and
- (12) for real property, state the differences, expressed as a percent increase or decrease, as

applicable, in the following for the current tax year as compared to the fifth tax year before that tax year:

- (A) the appraised value and taxable value of the property;
- (B) the total tax rate for the unit; and
- (C) the amount of taxes imposed on the property by the unit.

(c-1) If for any of the preceding six tax years any information required by Subsection (c)(11) or (12) to be included in a tax bill or separate statement is unavailable, the tax bill or statement must state that the information is not available for that year.

(c-2) For a tax bill that includes back taxes on an improvement that escaped taxation in a prior year, the tax bill or separate statement described by Subsection (c) must state that no interest is due on the back taxes if those back taxes are paid not later than the 120th day after the date the tax bill is sent.

(d) Each tax bill shall also state the amount of penalty, if any, imposed pursuant to Sections 23.431, 23.54, 23.541, 23.75, 23.751, 23.87, 23.97, and 23.9804.

(d-1) This subsection applies only to a school district. In addition to stating the total tax rate for the school district, the tax bill or the separate statement shall separately state:

- (1) the maintenance and operations rate of the school district;
- (2) if the school district has outstanding debt, as defined by Section 26.012, the debt rate of the district;
- (3) the maintenance and operations rate of the school district for the preceding tax year;
- (4) if for the current tax year the school district imposed taxes for debt, as defined by Section 26.012, the debt rate of the district for the current tax year;
- (5) if for the preceding tax year the school district imposed taxes for debt, as defined by Section 26.012, the debt rate of the district for that year; and
- (6) the total tax rate of the district for the preceding tax year.

(d-2) This subsection and Subsections (d-3) and (d-4) apply only to taxes imposed by a school district on a residence homestead for the 2015 tax year. The assessor for the school district shall compute the amount of taxes imposed and the other information required by this section based on a residence homestead exemption under Section 11.13(b) of \$25,000. The tax bill or the separate statement must indicate that the bill is a provisional tax bill and include a statement in substantially the following form:

"If the amount of the exemption from ad valorem taxation by a school district of a residence homestead had not been increased by the Texas Legislature, your tax bill would have been \$\_\_\_\_ (insert amount equal to the sum of the amount calculated under Section 26.09(c-1) based on an exemption under Section 11.13(b) of \$15,000 and the total amount of taxes imposed by the other taxing units whose taxes are included in the bill). Because of action by the Texas Legislature increasing the amount of the residence homestead exemption, your tax bill has been lowered by \$\_\_\_\_ (insert difference between amount calculated under Section 26.09(c-1) based on an exemption under Section 11.13(b) of \$15,000 and amount calculated under Section 26.09(c-1) based on an exemption under Section 11.13(b) of \$25,000), resulting in a lower tax bill of \$\_\_\_\_ (insert amount equal to the sum of the amount calculated under Section 26.09(c-1) based on an exemption under Section 11.13(b) of \$25,000 and the total amount of taxes imposed by the other taxing units whose taxes are included in the bill), contingent on the approval by the voters at an election to be held November 3, 2015, of a constitutional amendment authorizing the residence homestead exemption increase. If the constitutional amendment is not approved by the voters at the election, a supplemental school district tax bill in the amount of \$\_\_\_\_ (insert difference between amount calculated under Section 26.09(c-1) based on an exemption under Section 11.13(b) of \$15,000 and amount calculated under Section 26.09(c-1) based on an exemption under Section 11.13(b) of \$25,000) will be mailed to you."

(d-3) A tax bill prepared by the assessor for a school district as provided by Subsection (d-2) and mailed to a person in whose name property subject to an exemption under Section 11.13(b) is listed on the tax roll and to the person's authorized agent as provided by Subsection (a) of this section is considered to be a provisional tax bill until the canvass of the votes on the constitutional amendment proposed by S.J.R. 1, 84th Legislature, Regular Session, 2015. If the constitutional amendment is approved by the voters, the tax bill is considered to be a final tax bill for the taxes imposed on the property for the 2015 tax year, and no additional tax bill is required to be mailed to the person and to the person's authorized agent, unless another provision of this title requires the mailing of a corrected tax bill. If the constitutional amendment is not approved by the voters:

(1) a tax bill prepared by the assessor for a school district as provided by Subsection (d-2)

and mailed to a person in whose name property subject to an exemption under Section 11.13(b) is listed on the tax roll and to the person's authorized agent as provided by Subsection (a) of this section is considered to be a final tax bill but only as to the portion of the taxes imposed on the property for the 2015 tax year that are included in the bill;

(2) the amount of taxes imposed by each school district on a residence homestead for the 2015 tax year is calculated based on an exemption under Section 11.13(b) of \$15,000; and

(3) except as provided by Subsections (f), (i-1), and (k), the assessor for each school district shall prepare and mail a supplemental tax bill, by December 1 or as soon thereafter as practicable, to each person in whose name property subject to an exemption under Section 11.13(b) is listed on the tax roll and to the person's authorized agent in an amount equal to the difference between the amount calculated under Section 26.09(c-1) based on an exemption under Section 11.13(b) of \$15,000 and the amount calculated under Section 26.09(c-1) based on an exemption under Section 11.13(b) of \$25,000.

(d-4) Except as otherwise provided by Subsection (d-3), the provisions of this section other than Subsection (d-2) apply to a supplemental tax bill mailed under Subsection (d-3).

(d-5) This subsection and Subsections (d-2), (d-3), and (d-4) expire December 31, 2016.

(e) An assessor may include taxes for more than one taxing unit in the same tax bill, but he shall include the information required by Subsection (c) of this section for the tax imposed by each unit included in the bill.

(f) A collector may provide that a tax bill not be sent until the total amount of unpaid taxes the collector collects on the property for all taxing units the collector serves is \$15 or more. A collector may not send a tax bill for an amount of taxes less than \$15 if before the tax bill is prepared the property owner files a written request with the collector that a tax bill not be sent until the total amount of unpaid taxes the collector collects on the property is \$15 or more. The request applies to all subsequent taxes the collector collects on the property until the property owner in writing revokes the request or the person no longer owns the property.

(g) Except as provided by Subsection (f), failure to send or receive the tax bill required by this section, including a tax bill that has been requested to be sent by electronic means under Subsection (k), does not affect the validity of the tax, penalty, or interest, the due date, the existence of a tax lien, or any procedure instituted to collect a tax.

(h) An assessor who assesses taxes for more than one taxing unit may prepare and deliver separate bills for the taxes of a taxing unit that does not adopt a tax rate for the year before the 60th day after the date the chief appraiser certifies the appraisal roll for the unit under Section 26.01 of this code or, if the taxing unit participates in more than one appraisal district, before the 60th day after the date it receives a certified appraisal roll from any of the appraisal districts in which it participates. If separate tax bills are prepared and delivered under this subsection, the taxing unit or taxing units that failed to adopt the tax rate before the prescribed deadline must pay the additional costs incurred in preparing and mailing the separate bills in addition to any other compensation required or agreed to be paid for the appraisal services rendered.

(i) For a city or town that imposes an additional sales and use tax under Section 321.101(b) of this code, or a county that imposes a sales and use tax under Chapter 323 of this code, the tax bill shall indicate the amount of additional ad valorem taxes, if any, that would have been imposed on the property if additional ad valorem taxes had been imposed in an amount equal to the amount of revenue estimated to be collected from the additional city sales and use tax or from the county sales and use tax, as applicable, for the year determined as provided by Section 26.041 of this code.

(i-1) If an assessor mails a tax bill under Subsection (a) or delivers a tax bill by electronic means under Subsection (k) to a mortgagee of a property, the assessor is not required to mail or deliver by electronic means a copy of the bill to any mortgagor under the mortgage or to the mortgagor's authorized agent.

(j) If a tax bill is mailed under Subsection (a) or delivered by electronic means under Subsection (k) to a mortgagee of a property, the mortgagee shall mail a copy of the bill to the owner of the property not more than 30 days following the mortgagee's receipt of the bill.

(k) The assessor for a taxing unit shall deliver a tax bill as required by this section by electronic means if on or before September 15 the individual or entity entitled to receive a tax bill under this section and the assessor enter into an agreement for delivery of a tax bill by electronic means. An assessor who delivers a tax bill electronically under this subsection is not required to mail the same bill under Subsection (a). An agreement entered into under this subsection:

(1) must:

(A) be in writing or in an electronic format;

(B) be signed by the assessor and the individual or entity entitled to receive the tax bill under this section;

(C) be in a format acceptable to the assessor;

(D) specify the electronic means by which the tax bill is to be delivered; and

(E) specify the e-mail address to which the tax bill is to be delivered; and

(2) remains in effect for all subsequent tax bills until revoked by an authorized individual in a written revocation filed with the assessor.

(l) The comptroller may:

(1) prescribe acceptable media, formats, content, and methods for the delivery of tax bills by electronic means under Subsection (k); and

(2) provide a model form agreement.

#### Sec. 31.02. Delinquency Date

(a) Except as provided by Subsection (b) of this section and by Sections 31.03 and 31.04 of this code, taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

(a-1) Except as provided by Subsection (b) of this section and Sections 31.03 and 31.04, taxes for which a supplemental tax bill is mailed under Section 31.01(d-3) are due on receipt of the tax bill and are delinquent if not paid before March 1 of the year following the year in which imposed. This subsection expires December 31, 2016.

(b) An eligible person serving on active duty in any branch of the United States armed forces may pay delinquent property taxes on property in which

the person owns any interest without penalty or interest no later than the 60th day after the date on which the earliest of the following occurs:

- (1) the person is discharged from active military service;
- (2) the person returns to the state for more than 10 days; or
- (3) the person returns to non-active duty status in the reserves.

(c) "Eligible person" means a person on active military duty in this state who was transferred out of this state or a person in the reserve forces who was placed on active military duty and transferred out of this state.

(d) A person eligible under Subsection (b) or any co-owner of property that is owned by an eligible person may notify the county tax assessor or collector or central appraisal district for the county in which the property is located of the person's eligibility for exemption under Subsection (b). The county tax assessor or collector or central appraisal district shall provide the forms necessary for those individuals giving notice under this subsection. If the notice is timely given, a taxing unit in the county may not bring suit for delinquent taxes for the tax year in which the notice is given. Failure to file a notice does not affect eligibility for the waiver of penalties and interest.

(e) On verification that notice was properly filed under Subsection (d), a suit for delinquent taxes must be abated without cost to the defendant. The exemptions provided for under this section shall immediately stop all actions against eligible persons until the person's eligibility expires as provided in Subsection (b).

(f) This section applies only to property in which the person eligible for the exemption owned an interest on the date the person was transferred out of this state as described by Subsection (c) or in which the person acquired the interest by gift, devise, or inheritance after that date.

(g) For the purposes of this section, a person is considered to be on active military duty if the person is covered by the Soldiers' and Sailors' Civil Relief Act of 1940 (50 App. U.S.C. (b) This section applies only to taxing units described by Section 72.010(b), Local Government Code.

(c) Like taxing units to which a property owner has made tax payments under protest as a result of a dispute or error described by Section 72.010(c), Local Government Code, may enter into an agreement to resolve the dispute or error. An agreement under this subsection:

(e) If a dispute or error described by Section 72.010(c), Local Government Code, is not resolved by the agreement of the taxing units and the supreme court enters a final order in a suit under Section 72.010, Local Government Code, determining the amount of taxes owed on the property and the taxing unit or units to which the taxes are owed, a refund required as a result of the order must be made not later than the 180th day after the date the order is entered.

(f) A refund under this section shall be accompanied by:

(1) a description sufficient to identify the property on which the taxes were imposed; and

(2) the tax account number, if applicable.

### Sec. 313.001. Short Title

This chapter may be cited as the Texas Economic Development Act.

#### HISTORY

(Added by Acts 2001, 77th Leg., ch. 1505, Sec. 1, eff. Jan. 1, 2002.)

### Sec. 313.002. Findings

The legislature finds that:

(1) many states have enacted aggressive economic development laws designed to attract large employers, create jobs, and strengthen their economies;

(2) given Texas' relatively high ad valorem taxes, it is difficult for the state to compete for new capital projects without temporarily limiting ad valorem taxes imposed on new capital investments;

(3) a significant portion of the Texas economy continues to be based in manufacturing and other capital-intensive industries, and their continued growth and overall health serve the Texas economy well;

(4) without a vibrant, strong manufacturing sector, other sectors of the economy, especially the state's service sector, will also suffer adverse consequences; and

(5) the current ad valorem tax system of this state does not favor capital-intensive businesses such as manufacturers.

#### HISTORY

(Amended by Acts 2013, 83rd Leg. - Regular Session, ch. 1304, Sec. 1, eff. 1/1/2014. Added by Acts 2001, 77th Leg., ch. 1505, Sec. 1, eff. Jan. 1, 2002.)

### Sec. 313.003. Purposes

The purposes of this chapter are to:

(1) encourage large-scale capital investments in this state;

(2) create new, high-paying jobs in this state;

(3) attract to this state large-scale businesses that are exploring opportunities to locate in other states or other countries;

(4) enable state and local government officials and economic development professionals to compete with other states by authorizing economic development incentives that are comparable to incentives being offered to prospective employers by other states and to

provide state and local officials with an effective means to attract large-scale investment;

(5) strengthen and improve the overall performance of the economy of this state;

(6) expand and enlarge the ad valorem tax base of this state; and

(7) enhance this state's economic development efforts by providing state and local officials with an effective economic development tool.

#### HISTORY

(Amended by Acts 2013, 83rd Leg. - Regular Session, ch. 1304, Sec. 1, eff. 1/1/2014. Added by Acts 2001, 77th Leg., ch. 1505, Sec. 1, eff. Jan. 1, 2002.)

### Sec. 313.004. Legislative Intent

It is the intent of the legislature in enacting this chapter that:

(1) economic development decisions involving school district taxes should occur at the local level with oversight by the state and should be consistent with identifiable state-wide economic development goals;

(2) this chapter should not be construed or interpreted to allow:

(A) property owners to pool investments to create sufficiently large investments to qualify for an ad valorem tax benefit provided by this chapter;

(B) an applicant for an ad valorem tax benefit provided by this chapter to assert that jobs will be eliminated if certain investments are not made if the assertion is not true; or

(C) an entity not subject to the tax imposed by Chapter 171 to receive an ad valorem tax benefit provided by this chapter;

(3) in implementing this chapter, school districts should:

(A) strictly interpret the criteria and selection guidelines provided by this chapter; and

(B) approve only those applications for an ad valorem tax benefit provided by this chapter that:

(i) enhance the local community;

(ii) improve the local public education system;

(iii) create high-paying jobs; and

(iv) advance the economic development goals of this state; and

(4) in implementing this chapter, the comptroller should:

(A) strictly interpret the criteria and selection guidelines provided by this chapter; and

(B) issue certificates for limitations on appraised value only for those applications

for an ad valorem tax benefit provided by this chapter that:

- (i) create high-paying jobs;
- (ii) provide a net benefit to the state over the long term; and
- (iii) advance the economic development goals of this state.

#### Sec. 313.025. Application; Action On Application

(a) The owner or lessee of, or the holder of another possessory interest in, any qualified property described by Section 313.021(2)(A), (B), or (C) may apply to the governing body of the school district in which the property is located for a limitation on the appraised value for school district maintenance and operations ad valorem tax purposes of the person's qualified property. An application must be made on the form prescribed by the comptroller and include the information required by the comptroller, and it must be accompanied by:

(1) the application fee established by the governing body of the school district;

(2) information sufficient to show that the real and personal property identified in the application as qualified property meets the applicable criteria established by Section 313.021(2); and

(3) any information required by the comptroller for the purposes of Section 313.026.

(a-1) Within seven days of the receipt of each document, the school district shall submit to the comptroller a copy of the application and the proposed agreement between the applicant and the school district. If the applicant submits an economic analysis of the proposed project to the school district, the district shall submit a copy of the analysis to the comptroller. In addition, the school district shall submit to the comptroller any subsequent revision of or amendment to any of those documents within seven days of its receipt. The comptroller shall publish each document received from the school district under this subsection on the comptroller's Internet website. If the school district maintains a generally

accessible Internet website, the district shall provide on its website a link to the location of those documents posted on the comptroller's website in compliance with this subsection. This subsection does not require the comptroller to post information that is confidential under Section 313.028.

(b) The governing body of a school district is not required to consider an application for a limitation on appraised value. If the governing body of the school district elects to consider an application, the governing body shall deliver a copy of the application to the comptroller and request that the comptroller conduct an economic impact evaluation of the investment proposed by the application. The comptroller shall conduct or contract with a third person to conduct the economic impact evaluation, which shall be completed and provided to the governing body of the school district, along with the comptroller's certificate or written explanation under Subsection (d), as soon as practicable but not later than the 90th day after the date the comptroller receives the application. The governing body shall provide to the comptroller or to a third person contracted by the comptroller to conduct the economic impact evaluation any requested information. A methodology to allow comparisons of economic impact for different schedules of the addition of qualified investment or qualified property may be developed as part of the economic impact evaluation. The governing body shall provide a copy of the economic impact evaluation to the applicant on request. The comptroller may charge the applicant a fee sufficient to cover the costs of providing the economic impact evaluation. The governing body of a school district shall approve or disapprove an application not later than the 150th day after the date the application is filed, unless the economic impact evaluation has not been received or an extension is agreed to by the governing body and the applicant.

(b-1) The comptroller shall promptly deliver a copy of the application to the Texas Education Agency. The Texas Education Agency shall determine the effect that the applicant's proposal will have on the number or size of the school district's instructional facilities and submit a written report containing the agency's determination to the school district. The governing body of the school district shall provide any requested information to the Texas Education Agency. Not later than the 45th day after the date the Texas Education Agency receives the application, the Texas Education Agency shall make the required determination and submit the agency's written report to the governing body of the school district.

(c) In determining whether to approve an application, the governing body of the school district is entitled to request and receive assistance from:

- (1) the comptroller;
- (2) the Texas Economic Development and Tourism Office;
- (3) the Texas Workforce Investment Council; and
- (4) the Texas Workforce Commission.

(d) Not later than the 90th day after the date the comptroller receives the copy of the application, the comptroller shall issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the comptroller's decision not to issue a certificate.

(d-1) The governing body of a school district may not approve an application unless the comptroller submits to the governing body a certificate for a limitation on appraised value of the property.

(e) Before approving or disapproving an application under this subchapter that the governing body of the school district elects to consider, the governing body must make a written finding as to any criteria considered by the comptroller in conducting the economic impact evaluation under Section 313.026. The governing body shall deliver a copy of those findings to the applicant.

(f) The governing body may approve an application only if the governing body finds that the information in the application is true and correct, finds that the applicant is eligible for the limitation on the appraised value of the person's qualified property, and determines that granting the application is in the best interest of the school district and this state.

(f-1) Notwithstanding any other provision of this chapter to the contrary, including Section 313.003(2) or 313.004(3)(A) or (B)(iii), the governing body of a school district may waive the new jobs creation requirement in Section 313.021(2)(A)(iv)(b) or 313.051(b) and approve an application if the governing body makes a finding that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility of the property owner that is described in the application.

(g) The Texas Economic Development and Tourism Office or its successor may recommend that a school district approve an application under this chapter. In determining whether to approve an application, the governing body of the school district shall consider any recommendation made by the Texas Economic Development and Tourism Office or its successor.

(h) After receiving a copy of the application, the comptroller shall determine whether the property meets the requirements of Section 313.024 for

eligibility for a limitation on appraised value under this subchapter. The comptroller shall notify the governing body of the school district of the comptroller's determination and provide the applicant an opportunity for a hearing before the determination becomes final. A hearing under this subsection is a contested case hearing and shall be conducted by the State Office of Administrative Hearings in the manner provided by Section 2003.101, Government Code. The applicant has the burden of proof on each issue in the hearing. The applicant may seek judicial review of the comptroller's determination in a Travis County district court under the substantial evidence rule as provided by Subchapter G, Chapter 2001, Government Code.

(i) If the comptroller's determination under Subsection (h) that the property does not meet the requirements of Section 313.024 for eligibility for a limitation on appraised value under this subchapter becomes final, the comptroller is not required to provide an economic impact evaluation of the application or to submit a certificate for a limitation on appraised value of the property or a written explanation of the decision not to issue a certificate, and the governing body of the school district may not grant the application.

#### **Sec. 313.026. Economic Impact Evaluation**

(a) The economic impact evaluation of the application must include any information the comptroller determines is necessary or helpful to:

(1) the governing body of the school district in determining whether to approve the application under Section 313.025; or

(2) the comptroller in determining whether to issue a certificate for a limitation on appraised value of the property under Section 313.025.

(b) Except as provided by Subsections (c) and (d), the comptroller's determination whether to issue a certificate for a limitation on appraised value under this chapter for property described in the application shall be based on the economic impact evaluation described by Subsection (a) and on any other information available to the comptroller, including information provided by the governing body of the school district.

(c) The comptroller may not issue a certificate for a limitation on appraised value under this chapter

for property described in an application unless the comptroller determines that:

(1) the project proposed by the applicant is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue, including state tax revenue, school district maintenance and operations ad valorem tax revenue attributable to the project, and any other tax revenue attributable to the effect of the project on the economy of the state, in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement; and

(2) the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.

(d) The comptroller shall state in writing the basis for the determinations made under Subsections (c)(1) and (2).

(e) The applicant may submit information to the comptroller that would provide a basis for an affirmative determination under Subsection (c)(2).

(f) Notwithstanding Subsections (c) and (d), if the comptroller makes a qualitative determination that other considerations associated with the project result in a net positive benefit to the state, the comptroller may issue the certificate.

#### **Sec. 313.0265. Disclosure Of Appraised Value Limitation Information**

(a) The comptroller shall post on the comptroller's Internet website each document or item of information the comptroller designates as substantive before the 15th day after the date the document or item of information was received or created. Each document or item of information must continue to be posted until the appraised value limitation expires.

(b) The comptroller shall designate the following as substantive:

(1) each application requesting a limitation on appraised value; and

(2) the economic impact evaluation made in connection with the application.

(c) If a school district maintains a generally accessible Internet website, the district shall maintain a link on its Internet website to the area of the comptroller's Internet website where information on each of the district's agreements to limit appraised value is maintained.

**Sec. 313.027. Limitation On Appraised Value; Agreement**

(a) If the person's application is approved by the governing body of the school district, the appraised value for school district maintenance and operations ad valorem tax purposes of the person's qualified property as described in the agreement between the person and the district entered into under this section in the school district may not exceed the lesser of:

- (1) the market value of the property; or
- (2) subject to Subsection (b), the amount agreed to by the governing body of the school district.

(a-1) The agreement must:

- (1) provide that the limitation under Subsection (a) applies for a period of 10 years; and
- (2) specify the beginning date of the limitation, which must be January 1 of the first tax year that begins after:
  - (A) the application date;
  - (B) the qualifying time period; or
  - (C) the date commercial operations begin at the site of the project.

(b) The amount agreed to by the governing body of a school district under Subsection (a)(2) must be an amount in accordance with the following, according to the category established by Section 313.022 to which the school district belongs:

CATEGORY	MINIMUM AMOUNT OF LIMITATION
I	\$100 million
II	\$80 million
III	\$60 million
IV	\$40 million
V	\$20 million

(c) The limitation amounts listed in Subsection (b) are minimum amounts. A school district, regardless of category, may agree to a greater amount than those amounts.

(d) The governing body of the school district and the property owner shall enter into a written agreement for the implementation of the limitation on appraised value under this subchapter on the owner's qualified property.

(e) The agreement must describe with specificity the qualified investment that the person will make on or in connection with the person's qualified property that is subject to the limitation on appraised value under this subchapter. Other property of the person that is not specifically described in the agreement is not subject to the limitation

unless the governing body of the school district, by official action, provides that the other property is subject to the limitation.

(f) In addition, the agreement:

(1) must incorporate each relevant provision of this subchapter and, to the extent necessary, include provisions for the protection of future school district revenues through the adjustment of the minimum valuations, the payment of revenue offsets, and other mechanisms agreed to by the property owner and the school district;

(2) may provide that the property owner will protect the school district in the event the district incurs extraordinary education-related expenses related to the project that are not directly funded in state aid formulas, including expenses for the purchase of portable classrooms and the hiring of additional personnel to accommodate a temporary increase in student enrollment attributable to the project;

(3) must require the property owner to maintain a viable presence in the school district for at least five years after the date the limitation on appraised value of the owner's property expires;

(4) must provide for the termination of the agreement, the recapture of ad valorem tax revenue lost as a result of the agreement if the owner of the property fails to comply with the terms of the agreement, and payment of a penalty or interest, or both, on that recaptured ad valorem tax revenue;

(5) may specify any conditions the occurrence of which will require the district and the property owner to renegotiate all or any part of the agreement;

(6) must specify the ad valorem tax years covered by the agreement; and

(7) must be in a form approved by the comptroller.

(g) When appraising a person's qualified property subject to a limitation on appraised value under this section, the chief appraiser shall determine the market value of the property and include both the market value and the appropriate value under Subsection (a) in the appraisal records.

(h) The agreement between the governing body of the school district and the applicant may provide for a deferral of the date on which the qualifying time period for the project is to commence or, subsequent to the date the agreement is entered into, be amended to provide for such a deferral. The agreement may not provide for the deferral of the date on which the qualifying time period is to commence to a date later than January 1 of the fourth tax year that begins after the date the application

is approved except that if the agreement is one of a series of agreements related to the same project, the agreement may provide for the deferral of the date on which the qualifying time period is to commence to a date not later than January 1 of the sixth tax year that begins after the date the application is approved. This subsection may not be construed to permit a qualifying time period that has commenced to continue for more than the number of years applicable to the project under Section 313.021(4).

(i) A person and the school district may not enter into an agreement under which the person agrees to provide supplemental payments to a school district or any other entity on behalf of a school district in an amount that exceeds an amount equal to the greater of \$100 per student per year in average daily attendance, as defined by Section 48.005, Education Code, or \$50,000 per year, or for a period that exceeds the period beginning with the period described by Section 313.021(4) and ending December 31 of the third tax year after the date the person's eligibility for a limitation under this chapter expires. This limit does not apply to amounts described by Subsection (f)(1) or (2).

(j) An agreement under this chapter must disclose any consideration promised in conjunction with the application and the limitation.

### **Sec. 313.0275. Recapture Of Ad Valorem Tax Revenue Lost**

(a) Notwithstanding any other provision of this chapter to the contrary, a person with whom a school district enters into an agreement under this subchapter must make the minimum amount of qualified investment during the qualifying time period.

(b) If in any tax year a property owner fails to comply with Subsection (a), the property owner is liable to this state for a penalty equal to the amount computed by subtracting from the market value of the property for that tax year the value of the property as limited by the agreement and multiplying the difference by the maintenance and operations tax rate of the school district for that tax year.

(c) A penalty imposed under Subsection (b) becomes delinquent if not paid on or before February 1 of the following tax year. Section 33.01 applies to the delinquent penalty in the manner that section applies to delinquent taxes.

(d) In the event of a casualty loss that prevents a person from complying with Subsection (a),

the person may request and the comptroller may grant a waiver of the penalty imposed under Subsection (b).

### **Sec. 313.0276. Penalty For Failure To Comply With Job-Creation Requirements**

(a) The comptroller shall conduct an annual review and issue a determination as to whether a person with whom a school district has entered into an agreement under this chapter satisfied in the preceding year the requirements of this chapter regarding the creation of the required number of qualifying jobs. If the comptroller makes an adverse determination in the review, the comptroller shall notify the person of the cause of the adverse determination and the corrective measures necessary to remedy the determination.

(b) If a person who receives an adverse determination fails to remedy the determination following notification of the determination and the comptroller makes an adverse determination with respect to the person's compliance in the following year, the person must submit to the comptroller a plan for remedying the determination and certify the person's intent to fully implement the plan not later than December 31 of the year in which the determination is made.

(c) If a person who receives an adverse determination under Subsection (b) fails to comply with that subsection following notification of the determination and receives an adverse determination in the following year, the comptroller shall impose a penalty on the person. The penalty is in an amount equal to the amount computed by:

(1) subtracting from the number of qualifying jobs required to be created the number of qualifying jobs actually created; and

(2) multiplying the amount computed under Subdivision (1) by the average annual wage for all jobs in the county during the most recent four quarters for which data is available.

(d) Notwithstanding Subsection (c), if a person receives an adverse determination and the comptroller has previously imposed a penalty on the person under this section one or more times, the comptroller shall impose a penalty on the person in an amount equal to the amount computed by multiplying the amount computed under Subsection (c) (1) by an amount equal to twice the amount computed under Subsection (c)(2).

(e) Notwithstanding Subsections (c) and (d), a penalty imposed under this section may not exceed an amount equal to the difference between

the amount of the ad valorem tax benefit received by the person under the agreement in the preceding year and the amount of any supplemental payments made to the school district in that year.

(f) A job created by a person that is not a qualifying job because the job does not meet a numerical requirement of Section 313.021(3)(A), (D), or (E) is considered for purposes of this section to be a nonqualifying job only if the job fails to meet the numerical requirement by at least 10 percent.

(g) An adverse determination under this section is a deficiency determination under Section 111.008. A penalty imposed under this section is an amount the comptroller is required to collect, receive, administer, or enforce, and the determination is subject to the payment and redetermination requirements of Sections 111.0081 and 111.009.

(h) A redetermination under Section 111.009 of an adverse determination under this section is a contested case as defined by Section 2001.003, Government Code.

(i) If a person on whom a penalty is imposed under this section contends that the amount of the penalty is unlawful or that the comptroller may not legally demand or collect the penalty, the person may challenge the determination of the comptroller under Subchapters A and B, Chapter 112.

(j) If the comptroller imposes a penalty on a person under this section three times, the comptroller may rescind the agreement between the person and the school district under this chapter.

(k) A person may contest a determination by the comptroller to rescind an agreement between the person and a school district under this chapter pursuant to Subsection (j) by filing suit against the comptroller and the attorney general. The district courts of Travis County have exclusive, original jurisdiction of a suit brought under this subsection. This subsection prevails over a provision of Chapter 25, Government Code, to the extent of any conflict.

(l) If a person files suit under Subsection (k) and the comptroller's determination to rescind the agreement is upheld on appeal, the person shall pay to the comptroller any tax that would have been due and payable to the school district during the pendency of the appeal, including statutory interest and penalties imposed on delinquent taxes under Sections 111.060 and 111.061.

(m) The comptroller shall deposit a penalty collected under this section, including any interest and penalty applicable to the penalty, to the credit of the foundation school fund.

Information provided to a school district in connection with an application for a limitation on appraised value under this subchapter that describes the specific processes or business activities to be conducted or the specific tangible personal property to be located on real property covered by the application shall be segregated in the application from other information in the application and is confidential and not subject to public disclosure unless the governing body of the school district approves the application. Other information in the custody of a school district or the comptroller in connection with the application, including information related to the economic impact of a project or the essential elements of eligibility under this chapter, such as the nature and amount of the projected investment, employment, wages, and benefits, may not be considered confidential business information if the governing body of the school district agrees to consider the application. An amount owed by the state to the permanent school fund under this section shall be a general obligation of the state

until paid. The amount of bonds authorized hereunder shall not exceed \$750 million or a higher amount authorized by a two-thirds record vote of both houses of the legislature. If the proceeds of bonds issued by the state are used to provide a loan to a school district and the district becomes delinquent on the loan payments, the amount of the delinquent payments shall be offset against state aid to which the district is otherwise entitled.

(e) The legislature may appropriate part of the available school fund for administration of a bond guarantee program established under this section.

(g) Notwithstanding any other provision of this constitution or of a statute, the State Board of Education, the General Land Office, or another entity that has responsibility for the management of revenues derived from permanent school fund land or other properties may, in its sole discretion and in addition to other distributions authorized under this constitution or a statute, distribute to the available school fund each year revenue derived during that year from the land or properties, not to exceed \$600 million by each entity each year.

### **Sec. 1-b. Residence Homestead Tax Exemptions and Limitations.**

(a) Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads of married or unmarried adults, male or female, including those living alone, shall be exempt from all taxation for all State purposes.

(b) The governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars (\$3,000) of the market value of residence homesteads of persons, married or unmarried, including those living alone, who are under a disability for purposes of payment of disability insurance benefits under Federal Old-Age, Survivors, and Disability Insurance or its successor or of married or unmarried persons sixty-five (65) years of age or older, including those living alone, from all ad valorem taxes thereafter levied by the political subdivision. As an alternative, upon receipt of a petition signed by twenty percent (20%) of the voters who voted in the last preceding election held by the political subdivision, the governing body of the subdivision shall call an election to determine by majority vote whether an amount not less than Three Thousand Dollars (\$3,000) as provided in the petition, of the market value of residence homesteads of disabled persons or of persons sixty-five (65) years of age or over shall be exempt from ad valorem taxes thereafter levied by the political subdivision. An eligible disabled person who is sixty-five (65) years of age or older may not receive both exemptions from the same political subdivision in the same year but may choose either if the subdivision has adopted both. Where any ad valorem tax has theretofore been pledged for the payment of any debt, the taxing officers of the political subdivision shall have authority to continue to levy and collect the tax against the homestead property at the same rate as the tax so pledged until the debt is discharged, if the cessation of the levy would impair the obligation of the contract by which the debt was created.

(c) The amount of \$25,000 of the market value of the residence homestead of a married or unmarried adult, including one living alone, is exempt from ad valorem taxation for general elementary and secondary public school purposes. The legislature by general law may provide that all or part of

the exemption does not apply to a district or political subdivision that imposes ad valorem taxes for public education purposes but is not the principal school district providing general elementary and secondary public education throughout its territory. In addition to this exemption, the legislature by general law may exempt an amount not to exceed \$10,000 of the market value of the residence homestead of a person who is disabled as defined in Subsection (b) of this section and of a person 65 years of age or older from ad valorem taxation for general elementary and secondary public school purposes. The legislature by general law may base the amount of and condition eligibility for the additional exemption authorized by this subsection for disabled persons and for persons 65 years of age or older on economic need. An eligible disabled person who is 65 years of age or older may not receive both exemptions from a school district but may choose either. An eligible person is entitled to receive both the exemption required by this subsection for all residence homesteads and any exemption adopted pursuant to Subsection (b) of this section, but the legislature shall provide by general law whether an eligible disabled or elderly person may receive both the additional exemption for the elderly and disabled authorized by this subsection and any exemption for the elderly or disabled adopted pursuant to Subsection (b) of this section. Where ad valorem tax has previously been pledged for the payment of debt, the taxing officers of a school district may continue to levy and collect the tax against the value of homesteads exempted under this subsection until the debt is discharged if the cessation of the levy would impair the obligation of the contract by which the debt was created. The legislature shall provide for formulas to protect school districts against all or part of the revenue loss incurred by the implementation of this subsection, Subsection (d) of this section, and Section 1-d-1 of this article. The legislature by general law may define residence homestead for purposes of this section.

(d) Except as otherwise provided by this subsection, if a person receives a residence homestead exemption prescribed by Subsection (c) of this section for homesteads of persons who are 65 years of age or older or who are disabled, the total amount of ad valorem taxes imposed on that homestead for general elementary and secondary public school purposes may not be increased while it remains the residence homestead of that person or that person's spouse who receives the exemption. If a person 65 years of age or older dies in a year in which the person received the exemption, the total amount of ad valorem taxes imposed on the homestead for general elementary and secondary

public school purposes may not be increased while it remains the residence homestead of that person's surviving spouse if the spouse is 55 years of age or older at the time of the person's death, subject to any exceptions provided by general law. The legislature, by general law, may provide for the transfer of all or a proportionate amount of a limitation provided by this subsection for a person who qualifies for the limitation and establishes a different residence homestead. However, taxes otherwise limited by this subsection may be increased to the extent the value of the homestead is increased by improvements other than repairs or improvements made to comply with governmental requirements and except as may be consistent with the transfer of a limitation under this subsection. For a residence homestead subject to the limitation provided by this subsection in the 1996 tax year or an earlier tax year, the legislature shall provide for a reduction in the amount of the limitation for the 1997 tax year and subsequent tax years in an amount equal to \$10,000 multiplied by the 1997 tax rate for general elementary and secondary public school purposes applicable to the residence homestead. For a residence homestead subject to the limitation provided by this subsection in the 2014 tax year or an earlier tax year, the legislature shall provide for a reduction in the amount of the limitation for the 2015 tax year and subsequent tax years in an amount equal to \$10,000 multiplied by the 2015 tax rate for general elementary and secondary public school purposes applicable to the residence homestead.

(d-1) Notwithstanding Subsection (d) of this section, the legislature by general law may provide for the reduction of the amount of a limitation provided by that subsection and applicable to a residence homestead for the 2007 tax year to reflect any reduction from the 2006 tax year in the tax rate for general elementary and secondary public school purposes applicable to the homestead. A general law enacted under this subsection may also take into account any reduction in the tax rate for those purposes from the 2005 tax year to the 2006 tax year if the homestead was subject to the limitation in the 2006 tax year. A general law enacted under this subsection may provide that, except as otherwise provided by Subsection (d) of this section, a limitation provided by that subsection that is reduced under the general law continues to apply to the residence homestead in subsequent tax years until the limitation expires.

(e) The governing body of a political subdivision, other than a county education district, may exempt from ad valorem taxation a percentage of the market value of the residence homestead of a married or unmarried adult, including one living alone. In

the manner provided by law, the voters of a county education district at an election held for that purpose may exempt from ad valorem taxation a percentage of the market value of the residence homestead of a married or unmarried adult, including one living alone. The percentage may not exceed twenty percent. However, the amount of an exemption authorized pursuant to this subsection may not be less than \$5,000 unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. The legislature by general law may prohibit the governing body of a political subdivision that adopts an exemption under this subsection from reducing the amount of or repealing the exemption. An eligible adult is entitled to receive other applicable exemptions provided by law. Where ad valorem tax has previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect the tax against the value of the homesteads exempted under this subsection until the debt is discharged if the cessation of the levy would impair the obligation of the contract by which the debt was created. The legislature by general law may prescribe procedures for the administration of residence homestead exemptions.

(e-1) Expired pursuant to Acts 1981, 67th Leg., H.J.R. No. 81, § 1, effective January 2, 1982.

(f) The surviving spouse of a person who received an exemption under Subsection (b) of this section for the residence homestead of a person sixty-five (65) years of age or older is entitled to an exemption for the same property from the same political subdivision in an amount equal to that of the exemption received by the deceased spouse if the deceased spouse died in a year in which the deceased spouse received the exemption, the surviving spouse was fifty-five (55) years of age or older when the deceased spouse died, and the property was the residence homestead of the surviving spouse when the deceased spouse died and remains the residence homestead of the surviving spouse. A person who receives an exemption under Subsection (b) of this section is not entitled to an exemption under this subsection. The legislature by general law may prescribe procedures for the administration of this subsection.

(g) If the legislature provides for the transfer of all or a proportionate amount of a tax limitation provided by Subsection (d) of this section for a person who qualifies for the limitation and subsequently establishes a different residence homestead, the legislature by general law may authorize the governing body of a school district to elect to apply the law providing for the transfer of the tax limitation to a change of a person's residence homestead that occurred before that law took effect,

subject to any restrictions provided by general law. The transfer of the limitation may apply only to taxes imposed in a tax year that begins after the tax year in which the election is made.

(h) The governing body of a county, a city or town, or a junior college district by official action may provide that if a person who is disabled or is sixty-five (65) years of age or older receives a residence homestead exemption prescribed or authorized by this section, the total amount of ad valorem taxes imposed on that homestead by the county, the city or town, or the junior college district may not be increased while it remains the residence homestead of that person or that person's spouse who is disabled or sixty-five (65) years of age or older and receives a residence homestead exemption on the homestead. As an alternative, on receipt of a petition signed by five percent (5%) of the registered voters of the county, the city or town, or the junior college district, the governing body of the county, the city or town, or the junior college district shall call an election to determine by majority vote whether to establish a tax limitation provided by this subsection. If a county, a city or town, or a junior college district establishes a tax limitation provided by this subsection and a disabled person or a person sixty-five (65) years of age or older dies in a year in which the person received a residence homestead exemption, the total amount of ad valorem taxes imposed on the homestead by the county, the city or town, or the junior college district may not be increased while it remains the residence homestead of that person's surviving spouse if the spouse is fifty-five (55) years of age or older at the time of the person's death, subject to any exceptions provided by general law. The legislature, by general law, may provide for the transfer of all or a proportionate amount of a tax limitation provided by this subsection for a person who qualifies for the limitation and establishes a different residence homestead within the same county, within the same city or town, or within the same junior college district. A county, a city or town, or a junior college district that establishes a tax limitation under this subsection must comply with a law providing for the transfer of the limitation, even if the legislature enacts the law subsequent to the county's, the city's or town's, or the junior college district's establishment of the limitation. Taxes otherwise limited by a county, a city or town, or a junior college district under this subsection may be increased to the extent the value of the homestead is increased by improvements other than repairs and other than improvements made to comply with governmental requirements and except as may be consistent with the transfer of a tax limitation under a law authorized by this subsection. The governing body of a

county, a city or town, or a junior college district may not repeal or rescind a tax limitation established under this subsection.

(i) The legislature by general law may exempt from ad valorem taxation all or part of the market value of the residence homestead of a disabled veteran who is certified as having a service-connected disability with a disability rating of 100 percent or totally disabled and may provide additional eligibility requirements for the exemption. For purposes of this subsection, "disabled veteran" means a disabled veteran as described by Section 2(b) of this article.

(j) The legislature by general law may provide that the surviving spouse of a disabled veteran who qualified for an exemption in accordance with Subsection (i) or (l) of this section from ad valorem taxation of all or part of the market value of the disabled veteran's residence homestead when the disabled veteran died is entitled to an exemption from ad valorem taxation of the same portion of the market value of the same property to which the disabled veteran's exemption applied if:

(1) the surviving spouse has not remarried since the death of the disabled veteran; and

(2) the property:

(A) was the residence homestead of the surviving spouse when the disabled veteran died; and

(B) remains the residence homestead of the surviving spouse.

(j-1) The legislature by general law may provide that the surviving spouse of a disabled veteran who would have qualified for an exemption from ad valorem taxation of all or part of the market value of the disabled veteran's residence homestead under Subsection (i) of this section if that subsection had been in effect on the date the disabled veteran died is entitled to an exemption from ad valorem taxation of the same portion of the market value of the same property to which the disabled veteran's exemption would have applied if the surviving spouse otherwise meets the requirements of Subsection (j) of this section.

(k) The legislature by general law may provide that if a surviving spouse who qualifies for an exemption in accordance with Subsection (j) or (j-1) of this section subsequently qualifies a different property as the surviving spouse's residence homestead, the surviving spouse is entitled to an exemption from ad valorem taxation of the subsequently qualified homestead in an amount equal to the dollar amount of the exemption from ad valorem taxation of the former homestead in accordance with Subsection (j) or (j-1) of this section in the last year in which the surviving spouse received an exemption in accordance with the applicable subsection for that homestead if the surviving spouse has not remarried since the death of the disabled veteran.

(l) The legislature by general law may provide that a partially disabled veteran is entitled to an exemption from ad valorem taxation of a percentage of the market value of the disabled veteran's residence homestead that is equal to the percentage of disability of the disabled veteran if the residence homestead was donated to the disabled veteran by a charitable organization for less than the market value of the residence homestead, including at no cost to the disabled veteran. The legislature by general law may provide additional eligibility requirements for the exemption. For purposes of this subsection, "partially disabled veteran" means a disabled veteran as described by Section 2(b) of this article who is certified as having a disability rating of less than 100 percent. A limitation or restriction on a disabled veteran's entitlement to an exemption under Section 2(b) of this article, or on the amount of an exemption under Section 2(b), does not apply to an exemption under this subsection.

(m) The legislature by general law may provide that the surviving spouse of a member of the armed services of the United States who is killed in action is entitled to an exemption from ad valorem taxation of all or part of the market value of the surviving spouse's residence homestead if the surviving spouse has not remarried since the death of the member of the armed services.

(n) The legislature by general law may provide that a surviving spouse who qualifies for and receives an exemption in accordance with Subsection (l) of this section and who subsequently qualifies a different property as the surviving spouse's residence homestead is entitled to an exemption from ad valorem taxation of the subsequently qualified homestead in an amount equal to the dollar amount of the exemption from ad valorem taxation of the first homestead for which the exemption was received in accordance with Subsection (l) of this section in the last year in which the surviving spouse received the exemption in accordance with that subsection for that homestead if the surviving spouse has not remarried since the death of the member of the armed services.

(o) The legislature by general law may provide that the surviving spouse of a first responder who is killed or fatally injured in the line of duty is entitled to an exemption from ad valorem taxation of all or part of the market value of the surviving spouse's residence homestead if the surviving spouse has not remarried since the death of the first responder. The legislature by general law may define "first responder" for purposes of this subsection and may prescribe additional eligibility requirements for the exemption authorized by this subsection.

(p) The legislature by general law may provide that a surviving spouse who qualifies for and receives an exemption in accordance with Subsection (o) of this section and who subsequently qualifies a different property as the surviving spouse's residence homestead is entitled to an exemption from ad valorem taxation of the subsequently qualified homestead in an amount equal to the dollar amount of the exemption from ad valorem taxation of the first homestead for which the exemption was received in accordance with Subsection (o) of this section in the last year in which the surviving spouse received the exemption in accordance with that subsection for that homestead if the surviving spouse has not remarried since the death of the first responder.

### **Sec. 1-d. Assessment for Tax Purpose of Lands Designated for Agricultural Use.**

(a) All land owned by natural persons which is designated for agricultural use in accordance with the provisions of this Section shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use. "Agricultural use" means the raising of livestock or growing of crops, fruit, flowers, and other products of the soil under natural conditions as a business venture for profit, which business is the primary occupation and source of income of the owner.

(b) For each assessment year the owner wishes to qualify his land under provisions of this Section as designated for agricultural use he shall file with the local tax assessor a sworn statement in writing describing the use to which the land is devoted.

(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.

(d) Such local tax assessor may inspect the land and require such evidence of use and source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.

(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional tax. The additional tax shall equal the difference between taxes paid or payable, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

(g) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this Section.

(b) If a property owner qualifies his land for designation for agricultural use under Section 1-d of this article, the land is subject to the provisions of Section 1-d for the year in which the designation is effective and is not subject to a law enacted under this Section 1-d-1 in that year.

**Sec. 2. Equality and Uniformity of Occupation Taxes; Additional Exemptions from Ad Valorem Taxation.**

(a) All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; any property owned by a church or by a strictly religious society that owns an actual place of religious worship if the property is owned for the purpose of expansion of the place of religious worship or construction of a new place of religious worship and the property yields no revenue whatever to the church or religious society, provided that the legislature by general law may provide eligibility limitations for the exemption and may impose sanctions related to the exemption in furtherance of the taxation policy of this subsection; any property that is owned by a church or by a strictly religious society and is leased by that church or strictly religious society to a person for use as a school, as defined by Section 11.21, Tax Code, or a successor statute, for educational purposes; places of burial not held for private or corporate profit; solar or wind-powered energy devices; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions engaged primarily in public charitable functions, which may conduct auxiliary activities to support those charitable functions; and all laws exempting property from

taxation other than the property mentioned in this Section shall be null and void.

(b) The Legislature may, by general law, exempt property owned by a disabled veteran or by the surviving spouse and surviving minor children of a disabled veteran. A disabled veteran is a veteran of the armed services of the United States who is classified as disabled by the Veterans' Administration or by a successor to that agency or by the military service in which the veteran served. A veteran who is certified as having a disability of less than 10 percent is not entitled to an exemption. A veteran having a disability rating of not less than 10 percent but less than 30 percent may be granted an exemption from taxation for property valued at up to \$5,000. A veteran having a disability rating of not less than 30 percent but less than 50 percent may be granted an exemption from taxation for property valued at up to \$7,500. A veteran having a disability rating of not less than 50 percent but less than 70 percent may be granted an exemption from taxation for property valued at up to \$10,000. A veteran who has a disability rating of 70 percent or more, or a veteran who has a disability rating of not less than 10 percent and has attained the age of 65, or a disabled veteran whose disability consists of the loss or loss of use of one or more limbs, total blindness in one or both eyes, or paraplegia, may be granted an exemption from taxation for property valued at up to \$12,000. The spouse and children of any member of the United States Armed Forces who dies while on active duty may be granted an exemption from taxation for property valued at up to \$5,000. A deceased disabled veteran's surviving spouse and children may be granted an exemption which in the aggregate is equal to the exemption to which the veteran was entitled when the veteran died.

(c) The Legislature by general law may exempt from ad valorem taxation property that is owned by a nonprofit organization composed primarily of members or former members of the armed forces of the United States or its allies and chartered or incorporated by the United States Congress.

(d) Unless otherwise provided by general law enacted after January 1, 1995, the amounts of the exemptions from ad valorem taxation to which a person is entitled under Section 11.22, Tax Code, for a tax year that begins on or after the date this subsection takes effect are the maximum amounts permitted under Subsection (b) of this section instead of the amounts specified by Section 11.22, Tax Code. This subsection may be repealed by the Legislature by general law.

(e) The Legislature by general law may provide that a person who owns property located in an area declared by the governor to be a disaster

area following a disaster is entitled to a temporary exemption from ad valorem taxation by a political subdivision of a portion of the appraised value of that property. The general law may provide that if the governor first declares territory in the political subdivision to be a disaster area as a result of a disaster on or after the date the political subdivision adopts a tax rate for the tax year in which the declaration is issued, a person is entitled to the exemption authorized by this subsection for that tax year only if the exemption is adopted by the governing body of the political subdivision. The Legislature by general law may prescribe the method of determining the amount of the exemption authorized by this subsection and the duration of the exemption and may provide additional eligibility requirements for the exemption.

### **Sec. 9. Maximum County, City, and Town Tax Rates; County Funds; Local Road Laws.**

(a) No county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes.

(b) At the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year.

(c) The Legislature may authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified voters of the county voting at an election to be held for that purpose shall approve the tax, not to exceed

Fifteen Cents (15) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county.

(d) Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax.

### **Sec. 10. Release from Payment of Taxes Restricted.**

The Legislature shall have no power to release the inhabitants of, or property in, any county, city or town from the payment of taxes levied for State or county purposes, unless in case of great public calamity in any such county, city or town, when such release may be made by a vote of two-thirds of each House of the Legislature.

### **Sec. 18. Equalization of Property Valuations for Taxation; Single Appraisal and Single Board of Equalization.**

(2) a teacher who chooses to discuss a topic described by Subdivision (1) shall explore that topic objectively and in a manner free from political bias;

(3) a school district, open-enrollment charter school, or teacher may not require, make part of a course, or award a grade or course credit, including extra credit, for a student's:

(A) work for, affiliation with, or service learning in association with any organization engaged in:

(ii) social policy advocacy or public policy advocacy;

(B) political activism, lobbying, or efforts to persuade members of the legislative or executive branch at the federal, state, or local level to take specific actions by direct communication; or

(4) a teacher, administrator, or other employee of a state agency, school district, or open-enrollment charter school may not:

(A) require or make part of a course inculcation in the concept that:

(i) one race or sex is inherently superior to another race or sex;

(ii) an individual, by virtue of the individual's race or sex, is inherently racist, sexist, or oppressive, whether consciously or unconsciously;

(iii) an individual should be discriminated against or receive adverse treatment solely or partly because of the individual's race or sex;

(iv) an individual's moral character, standing, or worth is necessarily

(v) an individual, by virtue of the individual's race or sex, bears responsibility, blame, or guilt for actions committed by other members of the same race or sex;

(vi) meritocracy or traits such as a hard work ethic are racist or sexist or were created by members of a particular race to oppress members of another race;

(vii) the advent of slavery in the territory that is now the United States constituted the true founding of the United States; or

(B) teach, instruct, or train any administrator, teacher, or staff member of a state agency, school district, or open-enrollment charter school to adopt a concept listed under Paragraph (A); or

(c) A state agency, school district, or open-enrollment charter school may not accept private funding for the purpose of developing a curriculum, purchasing or selecting curriculum materials, or

providing teacher training or professional development related to a concept listed in Subsection (a)(4)(A).

(d) A school district or open-enrollment charter school may not implement, interpret, or enforce any rule in a manner that would result in the punishment of a student for reasonably discussing the concepts described by Subsection (a)(4) in school or during a school-sponsored activity or have a chilling effect on reasonable student discussions involving those concepts in school or during a school-sponsored activity.

(e) Nothing in this section may be construed as limiting the teaching of or instruction in the essential knowledge and skills adopted under this subchapter.

(f) This section does not create a private cause of action against a teacher, administrator, or other

employee of a school district or open-enrollment charter school. A school district or open-enrollment charter school may take appropriate action involving the employment of any teacher, administrator, or other employee based on the individual's compliance with state and federal laws and district policies.
