

Classroom Teacher: 150 CPE hours required

CPE requirements for a teacher shall be related to the certificate(s) being renewed and focus on the standards required for issuance of the certificate(s), including:

- content area knowledge and skills; and
- professional ethics and standards of conduct.

All educators must receive CPE training regarding educating students with disabilities. This training must include information particular to educating students with dyslexia.

The required CPE training regarding educating students with dyslexia must include training regarding new research and practices in educator students with dyslexia. The training may be satisfied through an online course.

Completion of each CPE activity shall be maintained by each educator and should be evidenced by documentation (e.g., transcripts, certificates of completion, attendance logs).

A classroom teacher must complete 25 percent or 37.5 hours of CPE training hours related to each of the following topics, which may include two or more listed topics combined:

- collecting and analyzing information that will improve effectiveness in the classroom;
- recognizing early warning indicators that a student may be at risk of dropping out of school;
- digital learning, digital teaching, and integrating technology into classroom instruction;
- educating diverse student populations, including:
 - students who are educationally disadvantaged; and
 - students at risk of dropping out of school; and
- understanding appropriate relationships, boundaries, and communication between educators and students.

Training in a topic of instruction described above obtained by a classroom teacher in excess of 37.5 CPE hours, shall be counted toward the teacher's overall training requirements.

Professional development activities may include:

- an evidence-based mental health first aid training program or an evidence-based grief-informed and trauma-informed care program that is offered through a classroom instruction format that requires in person attendance. A person receiving this training will receive twice the number of hours of instruction provided under that program, not to exceed 16 hours;
- suicide prevention training;
- an instructional course on the use of an automated external defibrillator (AED) that meets guidelines for AED training approved under Texas Health and Safety Code; and
- education courses that:
 - use technology to increase the educator's digital literacy; and
 - assist the educator in the use of digital technology in learning activities that improve teaching, assessment, and instructional practices.

Types of acceptable CPE activities:

- Participating in institutes, workshops, seminars, conferences, interactive distance learning, video conferencing, online activities, and in-service or staff development activities given by an approved provider or sponsor. Staff development activities completed through accredited public and private schools in other states, United States territories, and countries other than the United States may be accepted;
- Completing undergraduate courses, graduate courses, or training programs that are taken through an accredited institution of higher education that at the time was accredited or otherwise approved by an accrediting organization recognized by the Texas Higher Education Coordinating Board. 1 semester credit hour equals 15 CPE hours.
- Participating in an independent study in content area knowledge and skills related to the certificate(s) being renewed, not to exceed 20% or 30 CPE hours, which may include:
 - Self-study of relevant professional materials (e.g., books, journals, periodicals, video and audio tapes, computer software, interactive distance learning, video conferencing, or online activities);
 - Developing curriculum; or
 - Authoring a published work;
- Developing, teaching, or presenting a CPE activity to other educators, not to exceed 10% or 15 CPE hours.
- Providing professional guidance as a mentor to another educator, not to exceed 30% or 45 CPE hours.
