\*Data submitted during the 2024-25 PEIMS Extended Year Submission in August / September 2025 will be used for 2026 accountability reporting in August 2026.

\*\*For 2025 annual graduates – completed in the 11<sup>th</sup> or 12<sup>th</sup> grade. Grade level will be based on data in the TSDS PEIMS Summer submission. A student must be in the required grade level at any time during the school year when the course credit is received. For more information, see the [2026 Accountability Manual](#), specifically [Chapter 2 Student Achievement Domain](#) and [Appendix H Data Sources](#).

\*\*\*Due to ongoing improvements to TSDS, there may be occasional issues with the links to PEIMS references. Please see the steps below to directly access the referenced material even when a link is not operative.

## Steps for Direct Access to PEIMS References

1. Go to [Texas Student Data System \(TSDS\) homepage](#)
2. Hover over TEDS Data Standards tab and select [TWEDS Upgrade](#) (TWEDS = TSDS Web-Enabled Data Standards) To access information for PEIMS references prior to the 2024-25 school year, select Legacy TWEDS XML.
3. Select the Texas Education Data Standards via TWEDS for the appropriate school year. (Note: It is very important to access the **applicable** school year as PEIMS information may vary by school year.)

The screenshot shows the TSDS Upgrade Project page. At the top, there's a navigation bar with tabs: About, IODS, Education Data Warehouse, TPEIR Public Reports, TEDS Data Standards, Technical Resources, and Feedback. A search bar is located on the right. The main heading is "Upgrade Texas Education Data Standards". Below this, a message states: "Through the 2023-2024 school year, the XML-based TEDS can be found on the [Legacy Texas Education Data Standards webpage](#)."

There are two tables of released standards:
