Zoom Meeting Norms and Information

- **Mute your microphone when necessary.**
 - Zoom has a “Mute Microphone” option that cuts down on ambient feedback for the audience. When there is a lot of back-and-forth discussion you will turn this off, but you should mute yourself when listening to a presenter.

- **Use Zoom’s chat function.**
 - You can send a question or statement to everyone or privately to a participant.

- **Feel free to come and go as needed.**

- **Please remember your role as an APAC or ATAC member.**
 - Provide accountability recommendations and feedback to the commissioner.
 - Keep discussions on topic.

- **Meeting notes will be provided** for your review before being posted on [2022 Accountability Development Materials](#).

A young boy with short dark hair, wearing a blue and white plaid shirt, is sitting at a desk and looking at a silver laptop. He has his left hand on his chin and is smiling slightly. The background is a bright, out-of-focus room with a window. To the right of the laptop, there is a white coffee cup on a saucer and a stack of books. The overall scene is bright and positive, suggesting a focus on learning and technology.

School Improvement

School Improvement Approach 2022

State Accountability

- **No new D or F campuses/districts will be identified in 2022**
 - Campuses/districts will either receive an A-C, or NR
 - NR indicates that the campus/district would have received an accountability rating of D or F
 - On the next 2 slides we will share our current thinking for School Improvement processes in 2022, and ask for your feedback

State Accountability

■ Option 1 – More oversight and support

- School Improvement Interventions and Submissions will resume (to a limited extent) for NR campuses and districts; allowing for support and oversight for our NR campuses
- NR campuses and districts will be required to submit an Initial TIP submission to TEA (1 submission) and receive feedback on the development of the TIP
- NR campuses and districts would be required to attend ESF Overview training (revised ESF) and web-based TIP development training at their local ESC
- NR campuses would use the web-based platform to develop their TIP; helps prepare for the transition in 2023
- NR districts will use a TEA provided template
- NR campus/district TIPs will require Board Approval

State Accountability

- **Option 2 – No TEA support; local TIPs**
 - School Improvement Interventions and submissions will not be required for campuses or districts with a NR accountability rating; similar to this year
 - NR campuses and districts will be required to develop Targeted Improvement Plans and retain them locally
 - TEA will provide an excel-based template to be used by NR campuses and districts
 - Locally maintained TIPs will not be required to be Board Approved

Please provide your feedback regarding Option 1 and Option 2

Federal Accountability

- **Federal Accountability Ratings will resume in 2022**
 - School Improvement Interventions will resume for campuses identified as Comprehensive Support and Improvement, Additional Targeted Support, and Targeted Support
 - Comprehensive Support and Improvement (CSI) campuses will be required to engage with the TEA Division of School Improvement
 - The Title I, 1003 School Improvement Grant provide funding support to eligible Comprehensive Support and Improvement campuses required to engage in interventions, support and trainings.
 - CSI campuses will be required to attend ESF Overview training, and TIP development training at the ESC
 - CSI campuses will be required to develop an ESF-aligned TIP using the web-based platform
 - CSI campuses will be required to submit the TIP to TEA and engage in progress monitoring conferences throughout the year
 - CSI campus TIPs will need to be board approved
 - TS and ATS campuses will be required to develop a TIP and retain it locally (no required template), unless they are recipients of the ESF-Focused Support Grant

- **ESF-Focused Support Grant**

- 2- year competitive grant (21-22 and 22-23)
- Campus awards of \$169,787 across the two years
- Offered to all Federally Identified campuses (Comprehensive Support and Improvement, Targeted Support, Additional Targeted Support)
- All campuses (231) who received the ESF-FS grant, will continue to engage and meet the grant requirements during 2022-2023

2021-2023 ESF Focused Support Grant

2021-2023 ESF Focused Support Grant (ESFFSG)
231 awarded campuses

Questions we have yet to answer

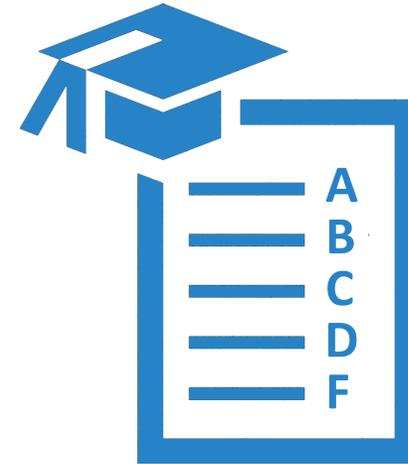

- Will D and F Districts have access to the web-based TIP platform in 2022 or 2023?
- Will Comprehensive Support and Improvement campuses we required to partner with a VIP as part of interventions requirements moving forward?
- Will we continue to offer a competitive grant (ESF-FS) allowing campuses the option to opt-in to school improvement interventions?

General 2022 Updates

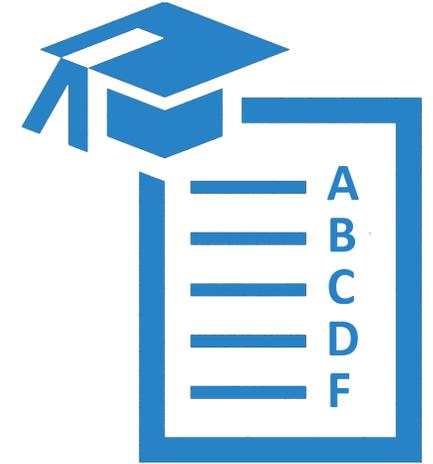

General 2022 Updates

- Senate Bill (SB) 1365 requires a *Not Rated* label for 2022 unless the district or campus earns an *A*, *B*, or *C*.
 - Scaled scores will be displayed even if an overall *Not Rated* label is applied.
 - Overall scaled scores will be used to determine Public Education Grant campuses.
 - Scaled scores will be used to determine special provisions. e.g., District is limited to a *B* if a campus receives an overall or domain rating less than 70.
- Scaling and student group targets will remain the same for 2022 and will be adjusted in 2023 with the reset.
- As prescribed by House Bill (HB) 4545, retest opportunities for grades 5 and 8 have been eliminated.

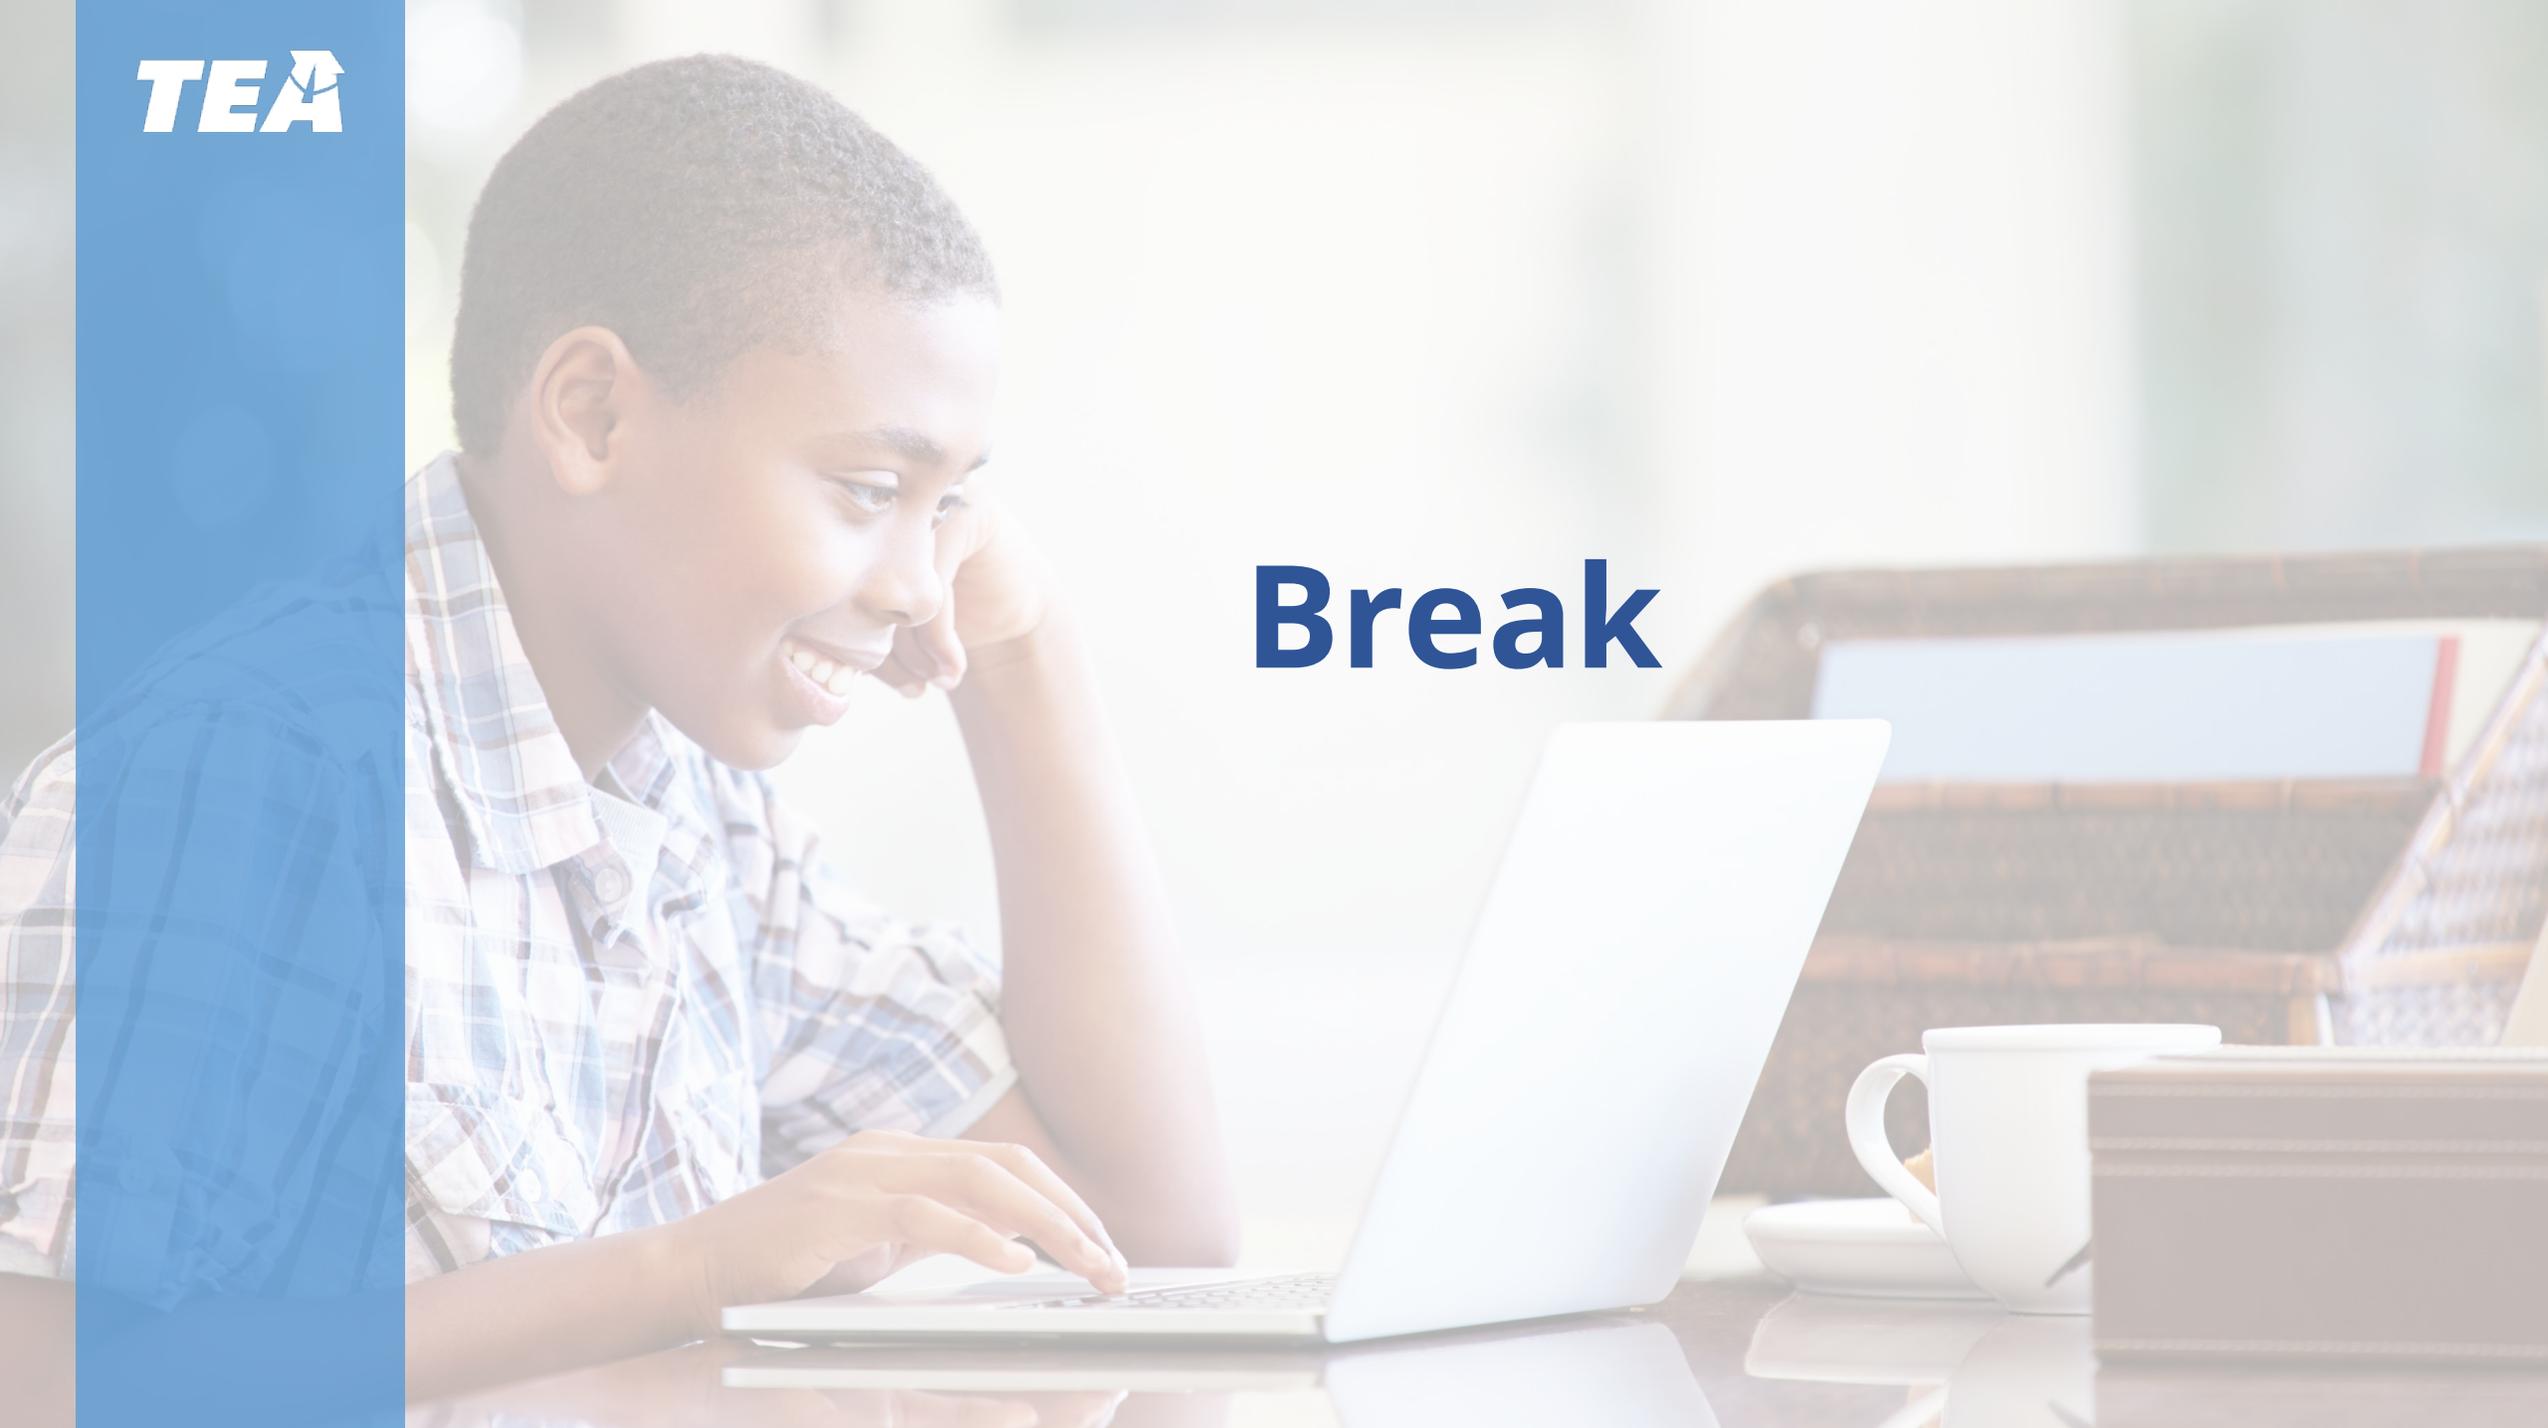

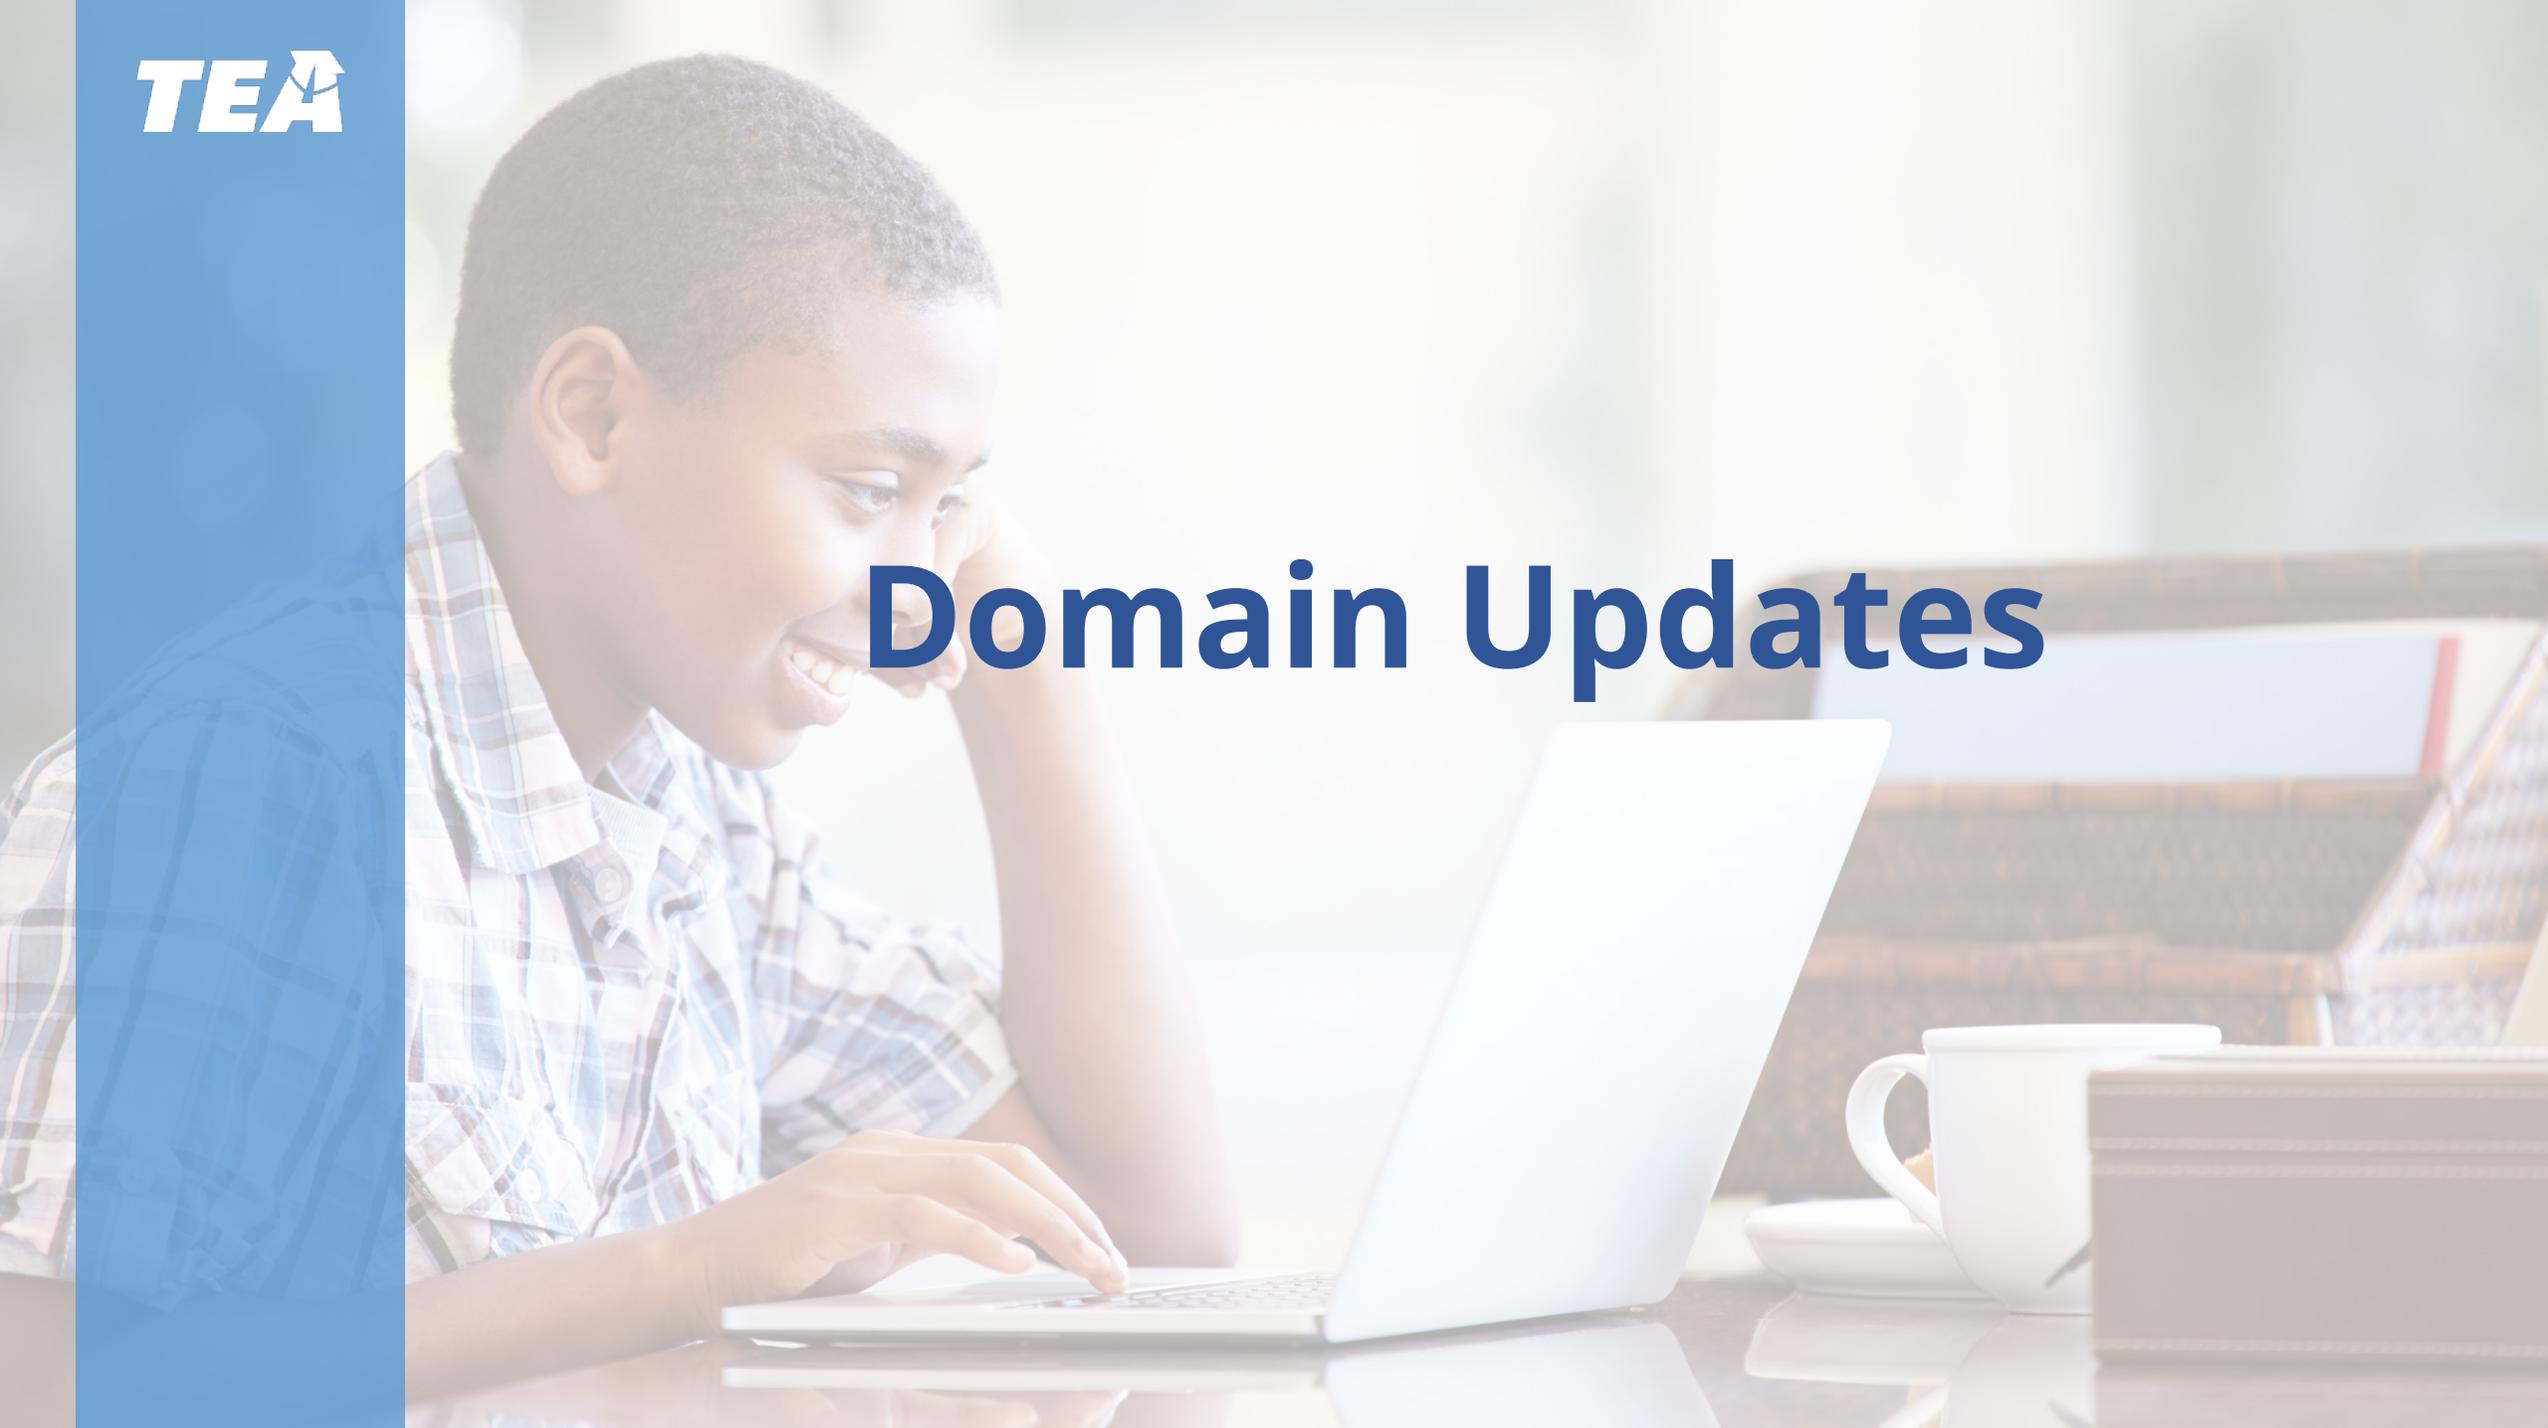

General 2022 Updates

- SB 15 provides funding and guidelines for districts/charters who offer virtual instruction to students during the 2021–22 school year. The act expires September 1, 2023, so these guidelines extend into the 2022–23 school year.
- SB 15 requires virtual learners be included in the accountability calculations for the sending district if districts enter co-ops.
- August 2022 accountability ratings will include outcomes for both in-person and virtual learners.
- In the fall of 2022, virtual program ratings will be issued which will evaluate the outcomes of students who were instructed at least 50% of the time virtually.
- In the virtual program ratings, students will be attributed to their enrolled district.
- These virtual program ratings do not result in interventions or sanctions.
