

# Texas Education Agency Update

## **A–F Estimator Tool is Now Available**

*Texas Education Agency sent this bulletin on 06/09/2023*

To the Superintendent Addressed:

The A–F Estimator Tool is now available.

An updated A–F Estimator has been developed to reflect 2023 accountability methodology and is now available within the [TEA Login \(TEAL\)](#) Accountability application. The A–F Estimator prepopulates domain and component values with 2022 What If results. Users can enter predicted 2023 component values to estimate the corresponding 2023 domain and overall results. The accuracy and validity of the estimation is based solely on the data input by the user, and their understanding of the accountability system methodology.

Domain and overall rating estimations in the tool are based on the Preliminary 2023 accountability system methodology and are intended as a planning resource for districts and charter schools.

Please direct questions about the A–F Estimator to Performance Reporting at [performance.reporting@tea.texas.gov](mailto:performance.reporting@tea.texas.gov).

Thank you.
