

Learn More About Your Child's School.

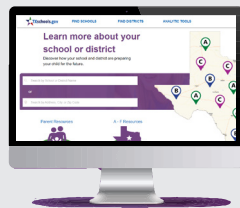

Visit **TXschools.gov** and discover how your child's school is preparing your child for the next grade level and success after high school.

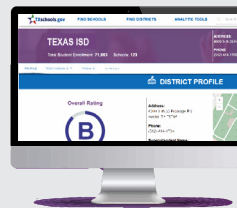

Here are 4 easy ways you can use TXschools.gov:

1 Visit **TXschools.gov**

2 Find your child's school by entering the school's name and your address.

3 View detailed school rating and profile information.

4 Dive deeper by using the compare tool, parent resources, and school finder.

Parents and families are critical to academic success.

School ratings are one of many ways to measure academic performance and to see how well your child's school is serving students. Schools use their ratings and data to improve the learning experience in the coming school year and beyond.
